1. Overview

Vision

A prosperous Free State through facilitation of sustainable built infrastructure.

Mission

Coordination, provision, promotion of built infrastructure and sound management of assets.

Core functions and responsibilities of the Department

- Public Works maintenance and construction as well as property management including the provision of office accommodation, payment of municipal services and provisioning of security services;
- Coordination and monitoring of the implementation of Expanded Public Works Programmes.

Departmental Structure

The Departmental structure is continuously revised to reduce unfunded vacant posts.

Strategic Policy Directions

The Free State Provincial Growth and Development Strategy is still used as the key guide to achieve growth and development through further enhancement of National Youth Service Programme, Contractor Development Strategy, Broad Based Black Economic Empowerment and development of Small, Medium and Micro Enterprises.

Legislation

Amongst the generic provincial and national Acts and policies, the following legislation and directives are key to the functioning of the Department:

- Constitution of the Republic of South Africa (Act 108 of 1996)
- Public Finance Management Act, 1999 (Act No. 1 of 1999) as amended by Public Finance Management Amendment Act, 1999 (Act No. 29 of 1999) and the related Treasury Regulations

- The Expropriation Act, 1975 (Act No. 63 of 1975)
- The Mineral Act, 1991 (Act No. 50 of 1991)
- The National Veld and Forest Fire Act, 1998 (Act No. of 1998)
- Policy document on the Statutory Regulation of the Built Environment Professionals, 1999
- White Paper: Public Works towards the 21st Century, 1997
- Control of Access to Public Premises and Vehicles Act, 1985 (Act No. 53 of 1985)
- Government Immovable Asset Management Act, 2007 (Act No. 19 of 2007)

Public Works as an agent for other provincial Departments

The Department of Public Works remains the implementing agent of the other provincial Departments with regard to construction and maintenance of provincial infrastructure. The infrastructure budgets of all client Departments are shown at the relevant Departmental votes and therefore their budgets and projects are not included in the further discussion of this Department's budget.

Aligning Departmental budgets to achieve government's prescribed outcomes

Public Works budget has been aligned to enhance linkage with 12 outcomes derived by National Government as well as provincial priorities. To this end, Departmental allocations have been aligned with outcomes 1, 4, 5, 6 and 11 respectively, furthermore aligned with provincial priorities 1, 5 and 9.

2. Review of the current financial year (2013/14)

2.1 Implemented Policy priorities

Maintenance

The funds available for unplanned day to day maintenance of Provincial buildings are limited as the budget increased with less than inflation. For the current year, only Revolving Restaurant (PGB) and Psychiatric Complex houses were funded through Revenue Enhancement Allocation and the Department was left with no option, but to fund the completion of Bethlehem houses, Welkom SASSA office and Roth Avenue (all were previously funded through Revenue Enhancement Allocation) with own maintenance budget meant for unplanned day to day maintenance.

Property services, rentals, water & electricity

Payments towards property rentals for client Departments are centralized with the Department as from the beginning of the 2010/11 financial year. The budget addresses current lease contracts and does not make provision for new needs of client Departments. The escalation of the operating lease budget is lower than the norm of 10 percent growth in rental leases. The Department projects a shortage of R0.460 million for

rentals paid on the current 114 lease contracts. The increase implemented by municipalities on municipal services, especially electricity, is also much higher than the growth of the Department's budget. The Department is in the process of verifying ownership of 4 657 properties on the asset register that was identified as possible properties of the Department. The Department project a shortfall of R111.857 million on services based on the devolved list of properties. The general escalation for lease contracts are +/- 10 percent and approved electricity tariff increase was up to 67 percent based on time consumed. The Department therefore foresee a shortfall on services and lease payments in the current financial year.

• Inflation and other related costs

The Department is contractually bound to pay escalation in rental contracts and increases claimed by municipalities. However with the high increases in electricity and 10 percent in rental amounts, the Department cannot afford the full basket of services and will therefore not be able to meet its future financial and contracted obligations. The inflation on building materials e.g. steel & cement are also much higher than the growth of the annual allocation.

3. Outlook for the coming financial year (2014/15)

3.1 New policy priorities

The Department of Public Works will continue to focus on the following national, provincial and Departmental priorities:

- Promoting economic growth and development through national youth services and contractor development programmes as well as infrastructure programmes;
- Accelerating delivery of infrastructure through fast tracking projects in an attempt to save on the total cost of delivery;
- Coordination and massification of EPWP in the province amongst all Departments and spheres;
- Support and active utilization of National Youth Services programme.

3.2 Challenges

- Funding for increasing fees for services;
- Deterioration in conditions of buildings which will eventually pass the point where it will not be viable or safe to repair these buildings. An amount of R20 million is needed for planned maintenance;
- Funding of planned maintenance activities and the large backlogs in maintenance of buildings due to shortfall in condition assessment budget – R20million need but R1.1 million allocated in 2014/2015;
- Refurbishment and tilling of the Thaba Nchu Regional Office need R19 million;
- Recruitment and retention of certain critical skills in the Department remains a concern;
- Expansion on employment opportunities to all sectors through implementation of EPWP projects and National Youth Service, emerging contractor development;
- This Department will continue to design and deliver infrastructure projects for all client Departments (projects decreasing as client departments implement projects below R10 million resulting in diminishing numbers in projects allocated to the Department of Public Works).
- The Department project a shortfall of R200 million on services based on the devolved list of properties and tariff increases higher than CPIX.

3.3 Personnel

Personnel development is still a priority. Accredited external training as well as in service training, new bursaries to deserving students and development through the National Youth Services programme will be used.

3.4 Property services, rentals, water and electricity

The Department estimates to pay R298.861 million on rates & taxes and R233.381 million on municipal services. The budget for these services is centralized with the Department of Public Works.

3.5 Information and Communication Technology

Information Technology

The Department is in the process of upgrading the Information and Communication Technology networks in the regional offices, upgrade old hardware, implement software solutions to support the mandate of the Department and establish a Disaster Recovery Site.

Communication and Media Liaison

Effective government communication requires excellent coordination and integration of messages, campaigns and programmes. It also requires the effective implementation of the Department's Communication Strategy. Therefore, priority is placed on crafting and implementing a development-communication approach that is responsive, relies on feedback, is creative and innovative and is about continuity and sustainability. A key outcome of this is consistent facilitation of and participation in Citizen Fora.

3.6 Grant and earmarked allocations

The EPWP Integrated Grant to Provinces of R5.955 million will be utilized in line with EPWP principles. The Department did receive Infrastructure Enhancement Allocation (Equitable Share earmarked for Infrastructure) of R188.230 million that will be utilized for infrastructure upgrading. Property Rates Enhancement Allocation of R298.861 million will be utilized for the payment of rates and taxes. The Department also receive R1.200 million for the upgrade of properties to increase the revenue on rented out properties.

5. Payment summary

5.1 Key assumptions

The following key assumptions underlay the current proposals for the budget of 2014/15:

- An anticipated inflation rate of 5.5 percent;
- Salary adjustments of 6.5 percent, inclusive of 1.5 percent pay progression; and
- Emphasis is placed on the rehabilitation of infrastructure, which has deteriorated to the extent that it became unserviceable. The day to day maintenance is still done by Departmental staff.

6. Programme description

6.1 Programme 1: Administration

Description and Objectives

The aim of this programme is to provide the Department with administrative, strategic, financial and corporate support services in order to ensure that it delivers on its mandate in an integrated, efficient, effective and sustainable manner. This includes publicly funded goods and services utilized for governance, management, research and administration, as well as general office services. Included in Administration are services such as Human Resource management, information technology, organizational development, communication, internal audit, legal services and research development.

6.3 Programme 3: Expanded Public Works Programme

Description and Objective

The Expanded Public Works Programme (EPWP) is a nationwide initiative by government, which aims to promote and create decent work opportunities through the provision of accredited training and implementation of community development initiatives.

The Expanded Public Works Programme has been identified as a strategic intervention designed to make a significant contribution in providing income support to poor people and communities through participatory public employment approaches by creating assets and services that can have transformative impact on socio economic development and increase livelihoods for the poor, women, youth and people with disabilities in the Free State Province. The EPWP involves interventions in four sectors, namely: Infrastructure, Economic, Social and Environmental sectors.

The EPWP Chief Directorate has been established and it consists of the three main Directorates, namely: EPWP Community Development, EPWP Sector Coordination and the EPWP Innovation and Empowerment.
