**The Department contributes to outcome 4, 7 and 12 through the following:**

- Construction of libraries infrastructure;
- Promoting social cohesion and nation building;
- Access to information and improved culture of reading; and
- Maintaining a healthy nation through sport and recreation.

### **Review of the current financial year (2013/14)**

The year under review has been marked by a successful hosting of two significant events, which are Freedom Day and Heritage Day in the first and second quarters. In ensuring that sport and recreational programmes are promoted, the Department has hosted Golden Games through the Siyadlala programme and the Farm Sport festivals in all the five districts through sport development programmes.

In accelerating the school sport programme, the department has launched the school league programme in Waterberg District wherein thirty thousand, five hundred and fifty four (30 554) learners are targeted to participate massively in this programme. The department purchased sport equipment and aims to support one hundred and fifty (150) schools. The identification of focus schools to be supported in sporting activities will be implemented during the period under review in thirty six (36) schools.

In Library and Archives Services, the Provincial Archives Building in Polokwane has been completed and handed over to the department. In improving access to library information services six new libraries have been completed (Vlakfontein Library in Elias Motsoaledi Municipality, Musina-Nancefield Library in Musina Municipality, Saselamani Library in Thulamela Municipality, Shongoane Library in Lephalale Municipality, Mulati Library in the Greater Tzaneen Municipality and Molepo Library in Polokwane Municipality). The Department will ensure that the mentioned libraries are fully functional by purchasing library furniture, library materials and books, networking and cabling, provision of security and periodicals.

The construction of two libraries, i.e, Nzhelele and Phokoane that are planned for this financial year with an allocation of R16 million have not yet started. These libraries are in the design stage and it is anticipated that the construction will start in the fourth quarter of the financial year as procurement processes are underway. The repairs and maintenance of the following libraries will be implemented in the year under review, i.e. Rixile, Polokwane, Lebone, All-days, Tzaneen, Groblersdal and Mukondeleni. The following libraries (Marble Hall, Letsitele, Lebowakgomo, Vaal Water, Westernberg, Giyani and Phalaborwa) will be upgraded.

### **3. Outlook for the coming financial year (2014/15)**

In ensuring that the communities have access to community libraries as per the conditional grant framework, two libraries, Eldorado Library in Capricorn District and Rooiberg Library in

Waterberg district will be constructed. The Department will be constructing Phokwane and Nzhelele libraries that were planned for the financial year 2013/2014. Eleven libraries will be upgraded whilst ten libraries will be maintained at a cost of R8.7 million.

To ensure proper records management in the province, fourteen (14) records classification systems will be approved, sixty (60) institutions inspected, fifty (50) record Managers will be trained, one (1) awareness and promotional project will be rolled to communities and two (2) oral history projects will be conducted.

The Department intends to host the, senior citizens programmes, farm programmes, women programmes and youth programmes to ensure maximum sport development and participation.

All schools are expected to participate in five (5) compulsory codes and two (2) electives in the Circuit, Cluster, District and Provincial leagues between April and September 2014. Sport development is supported by federations, school sport codes committees and Indigenous games structures for the smooth coordination and professionalism it desires.

Skills development is the key to sustainability of sport development. Thus, particular codes are prioritized every year and coaches, technical officials and administrators are trained so there could be increased capacity to development of prioritized sport codes. The Department will train coaches, administrators, technical officials and volunteers.

The Department aims to benefit sixty (60) communities through the hubs in the Siyatlala Mass Participation Programme which is funded through the conditional grant. These hubs are linked to the wards in the Province and benefit through capacity building, provisioning of equipments and sport attire. The Department has plans in place to ensure that all schools in the province participate in the School League.

## Receipts and financing

### Summary of receipts

Table 13.1 below provide summary of equitable share, conditional grants and own receipts over the seven year period.

The budget for the Vote has increased from R266.1 million in 2013 /14 to R302.3 million in 2014/15 which is marked by a 14 per cent increase. This 14 per cent increase of the overall budget is as a result of the increase in both the equitable share funding and conditional grants allocation. The equitable share increased from R152.5 million to R159.8 million, which is represented by 5 per cent increase. The conditional grants allocation increased from R113, 6 to R142, 6 which is represented by a significant increase 25 per cent.

The major setback is that the Department is unable to fund the unauthorized expenditure of R7, 1 million in 2014/15 financial year which was approved without funding by the Legislature. The

Provincial Archives building has been completed but there is a need for funding of the following items: cabling and networking, shelving, office equipment and furniture for staff, security services etc.

The main source of own revenue is entrance fees generated from Mapungubwe Arts Festival. The festival aims to create social cohesion and awareness within the Province and SADC region as hub for cultural activities and destination of tourism respectively. The revenue budget of the department is growing by minimal 1.2 per cent in 2014/15 as result of conservative budgeting on entrance fees. The revenue budget estimates growth of 3.7 per cent over MTEF is due to inflationary related factors.

## Payment Summary

### Key Assumptions

The following key broad assumptions have been used to determine the budget:

- Compensation of employees growth of 6.5 per cent in 2014/15, 5.4 per cent in 2015/16 and 5.4 per cent in 2016/17.
- Pay progression of approximately 1.5 per cent of the wage bill
- Goods and services increases are based on the projected CPIX over the MTEF as published in the 2013 Medium Term Budget Policy Statement

## Programme Summary

The Department has four programmes: *Programme 1: Administration; Programme 2 Cultural Affairs; Programme 3: Library and Information Services and Programme 4: Sport and Recreation*, which largely conforms to the generic programme structure for the sector. In Programme 1, which is Administration, includes Corporate Services, Office of the MEC and

Office of the Chief Financial Officer. The programme focuses on promoting good governance and in ensuring that the Department achieves clean audit.

Programme 2, which is Cultural Affairs, assists the arts and cultural organisations to promote, develop and preserve the cultures of the people in the province. This programme is funded by equitable share and a conditional grant amount received from the Environment and Culture sector aimed for the Extended Public Works Programme (EPWP)

Programme 3, is Library Services and Archives which aims to promote public libraries and archives in the province. The priorities set for this programme is to improve access to library facilities and promotion of a sustainable reading culture. This programme is funded by both the conditional grant and the equitable share.

Programme 4, is sport and Recreation which its purpose is to promote, develop, administer and fund sport programmes in the province. It also ensures advancement of participation in sport and recreation, talent identification and the promotion of performance excellence. This programme is funded by both the conditional grant and the equitable share.

Consistent with its core function responsibilities, the bulk of the budget is allocated to Programme 3 and 4 because of the conditional grant aspect which is housed in the two programmes.

The overall budget has increased from R 266,1 million in 2013/14 to R302, 4 million in 2014/15. This is due to an increase in the budget for both Community Services Library and Sport Mass Participation conditional grants.

The Compensation of Employees has increased from R129, 1 million to R135, 1 million which is represented by 5 per cent increase. The increase is as a result of recruitment plans in filling in of positions in both the Library community Services conditional grant and Mass Sport Conditional Grant. There are no new positions identified in 2014/15 in equitable share. This is as a result of the implementation of the resolution for reducing the compensation of employee by 2 per cent.

In Goods and services , there is a significant increase from an allocation of R113,7 million in the previous year to R 136,0 million in the next financial year ,which is represented by 20 per cent. This is as a result of an increase in the conditional grants, which has increased by 25 per cent. The increase will provide for the service delivery programmes such as , purchase of 25 000 library books , provision of 6 libraries with ICT infrastructure , repairs and maintenance of 12 libraries , the purchase of sport equipment to support identified schools and clubs and the hosting of school sport programme , indigenous games , golden games, farm sport festivals and EPWP.

The Transfers and Subsidies has increased from R0, 560 million to R5, 9 million, which is represented by an increase of 971 per cent . The main reason for the increase is that the budget set aside for the Limpopo Academy of Sport and Sport Council, in Programme 4: Sport and Recreation has been re-classified as Transfers and Subsidies

The Payment of Capital Assets is mainly funded through the conditional grant of Library Services. The department has only budgeted R0,200 million in equitable share to fund Payment of Capital Assets. The allocation of the equitable share is directed towards Compensation of Employees and fixed costs under goods and services. The allocation of payments of capital assets in 2014/15 increased from R22, 8 million to R25, 2 million which is a 10 per cent increase. The allocation of R25,0 million is directed towards the construction of two libraries in Eldorado in Capricorn District and Rooiberg in Waterberg District, the upgrading of 11 libraries and the purchase of equipment and furniture for the practically completed libraries.

The increase in the budget for Administration from R99, 3 million to R107, 4 million for the financial year 2014/15 is as result of a slight increase in the budget for equitable share. The increase of the budget in the programme will fund the increase in fixed costs due to inflation rates. The budget will also cater for service level agreements with SITA and the payment of Microsoft licences.

The increase of the budget in Cultural Affairs from R22, 1 million to R27, 4 million is as a result of EPWP grant which has been allocated in this programme for the Environment and Culture sector. This increase is represented by a 24 per cent of the allocation which will cater for compensation of employees.

The budgets for Library and Archives has increased significantly from R 73,5 million to R 93,7 million which is represented by a 28 per cent increase. The budget includes the conditional grant funding. The budget increase will be directed towards the construction of two libraries, maintenance of twelve libraries and upgrading of eleven libraries. Furthermore, the increase in the said allocation will cater for the buying of 25 000 library books, provision of ICT infrastructure to six libraries and the appointment of twenty librarians.

In Sport and Recreation the allocation increased from R71, 3 million to R73, 8 which is marked by a 4 per cent increase. The allocation includes a conditional grant funding of R59,4 million. The increase in the conditional grant funding will be directed towards ensuring that sixty two sport hubs are functional in all districts and are capacitated adequately to promote sport participation in communities. Furthermore the increase in the allocation will ensure that 33 609 learners participate in school sport programmes.

### **Infrastructure payments**

The table below represents a summary of infrastructure expenditure and estimates by category for the period 2010/11 to 2016/17. Detailed information on infrastructure is reflected in the Annexures.

Library projects are financed through the allocated conditional grants from the National Department of Arts and Culture over the MTEF.

*Additions:* The Department has practically completed the six libraries which were started in 2011/12, namely, Mulati, Vlakfontein, Musina/Nancefield, Saselamani, Shongwane and Molepo in 2013/14. The libraries could not be fully completed during 2012/13 due to the late appointment of the contractors for additional scope of work. The Department has made a provision of R18, 0 million in 2014/15 to build two new libraries, namely, Eldorado in Capricorn District and Rooiberg in Waterberg District.

*Upgrades:* The Department has allocated R 5,0 million for the upgrading of eleven libraries in 2014/15 financial year, namely: Babirwa, Tzaneen, Modjadjiskloof, Henertzburg, Modimolle, Roedtan, Leboneng, Giyane, Mukondeni, Musina and Orighstad.

*Maintenance and repairs:* An amount of R3,0 million has been provided in 2014/15 for the maintenance of twelve libraries, namely: Roosenkaal, Seleteng, Mankweng, Moletji, Gravelotte, Xihlovo, Metz, Sekhukhune, Tubatse, Phatantswane, Jane Furse and Babirwa.

The Budget allocation for the MTEF amounts to R26, 000 million for 2014/15, R27, 000 million for 2015/16 and R28, 5 million for 2016/17 respectively.

## Programme Description

The services rendered by the department are categorized into four programmes: Administration, Cultural Affairs, Library and Archives as well as Sport and Recreation. The expenditure and budgeted estimates for each programme are summarized in terms of economic classification, details of which are presented in the Annexure to Vote 13.

### Programme 1: Administration

Tables 13.4(a) and 13.4(b) below provide expenditure and budgeted estimates per sub-programme and economic classification for a seven year period.

The reason for a decline in personnel numbers from 2013/14 and over the MTEF is as a result of the contract which ended in July 2013 for hub and activity coordinators.
