### 7.6.3. Transfers to local governments

None

## 8. Receipts and Retentions.

Not applicable

## 9. Programme description

The Department is made up of the following five programmes:

- Administration
- Integrated Economic Development Services
- Trade and Sector Development
- Business Regulation and Governance
- Economic Planning

## Programme 1: Administration

### Description and objectives

The programme provides political and administrative leadership in accordance with the relevant legislation, regulations and policies and ensures appropriate support service to all other programmes. The Programme renders its service through the following subprogrammes:

**Office of the MEC:** To effectively and efficiently manage and direct the activities of the MEC.

**Office of the HOD:** To manage and direct the Departmental transversal administrative programmes that gives leadership to the Department. To also effectively maintain an oversight function of the whole Department's mandate and function.

**Financial Management:** To provide an effective financial management, ensure implementation of the PFMA and related financial regulations and policies and to provide budgeting support as well as to ensure risk management prescripts are maintained.

**Corporate Services:** To provide sound corporate management for strategic support of the Department, to promote sound human resource management and development. Within this sub programme is located communications and IT as well as Legal Services whose roles are to maintain effective communication relations with internal and external stakeholders as well as to provide legal support to the Department.

| <b>Total economic classification</b>                | <b>51 762</b> | <b>59 653</b> | <b>72 977</b> | <b>74 680</b>      | <b>99 955</b>                     | <b>102 835</b>   | <b>77 228</b>         | <b>90 631</b> | <b>96 563</b> |

The total administration budget declines at an annual average rate of 2.1 per cent over the MTEF. This projected decrease is mainly due to the over spending that is projected in the December IYM, however when comparing the 2015/16 budget with the adjusted appropriation there is an increase of 8.9 per cent.

**Compensation of employees** has increased from R26.5 million in 2011/12 to the revised estimate of R48 million in 2014. The increase is mainly due to the increase in personnel numbers and the inflationary adjustments. Over the MTEF, compensation is expected to increase to R53.1 million in 2017/18 which is an annual average rate of 9 per cent. The growth caters for the annual salary adjustments and the appointment of additional staff.

**Goods and services** is expected to decrease at an annual average rate of 7.8 per cent due to the growth of 60 per cent in 2014/15 mainly on property payments. **Transfers** over the MTEF are also projected to increase at an annual average rate of 10.4 per cent. **Payments for capital assets** is projected to decrease at an annual average rate of 10.1 per cent mainly under other machinery and equipment.

## Programme 2: Integrated Economic Development Services

### Description and objective

To sustain economic development through shared partnerships. The following are the sub-programmes under this programme:

**Enterprise Development:** To facilitate the establishment and maintenance of an effective small business support institutions to ensure effective service delivery to SMMEs.

**Regional and Local Economic Development:** To provide guidance, support and capacity building to the municipality to align their Local Economic Development processes with the Provincial Growth and Development Strategy and other spatial development plans.

**Economic Empowerment:** To address economic imbalances of the past through deliberate empowerment of designated groups as part of ensuring redistribution of opportunities and benefits out of the economy.

| <b>Total economic classification</b>                | 33 852  | 24 151  | 32 441  | 39 418             | 49 695                            | 49 695           | 56 203                | 49 541  | 52 019  |

Over the medium term the budget increases at a year-on-year growth rate of 13.1 per cent in 2015/16, declines to 11.9 per cent in 2016/17 and regain its positive growth of 7.4 per cent in 2017/18. The increase in 2015 is mainly on Public corporations and Private enterprises which grows by 38.5 per cent due to the development of business cases and implementation of projects as well as SMME development through the Tsoga Lo itirele fund.

### Programme 3: Trade and Sector Development

#### Description and objectives

The purpose of the programme is to stimulate economic growth through industry development, trade and investment promotion. The following are the sub-programmes under this programme:

**Trade and Investment Promotion:** The sub-programme is responsible for facilitation and monitoring of the activities related to attraction of investment into the Province and retention thereof.

**Strategic Initiatives:** The sub-programme's mandate is to facilitate implementation of strategies for the positioning of the Industrial Sector as a key contributor to economic development

The programme decreased its main appropriation from R76.1 million to R36.8 million in the current financial year to augment pressure in current payments in administration. The total budget over the medium term is projected to increase from the 2014/15 revised estimate of R36.8 million to R52.8 million in 2017/18 at an annual average rate of 12.8 per cent. The increase is mainly on transfers and subsidies. The bulk of the budget (97.7 per cent) under this programme is allocated to transfers to Public corporations and private enterprises.

Compensation of employees budget is projected to increase to R716 000 in 2017/18 at an annual average growth of 7.6 per cent increased which is within the inflationary rate. The programme has only one person at the deputy director level hence the total compensation budget accounts for the smaller portion of the total budget. Good and service is growing significantly over the MTEF due to the increase on contractors

#### Trade and Sector Development

| Performance measures   | Estimated Annual Targets |         |         |

## Programme 4: Business Regulation and Governance

### Description and objectives

To ensure an equitable, socially responsible business environment that allows for predictability. This programme is made up of the following sub programmes:

**The Regulatory Services:** It's role is to identify and address barriers in the broader business environment which inhibit business development through a process of scanning applicable legislations.

**Consumer Protection:** It aims to develop and implement measures that seek to ensure that the rights and interests of consumers are promoted and protected.

**Liquor Regulation:** It is responsible for promotion and maintenance of an effective regulatory system for the liquor industry.

**Gambling and Betting:** The sub programme is charged with maintenance of an effective and efficient regulatory system for the gambling and betting industry.

Over the past year expenditure increased from R42.6 million in 2011/12 to R67.9 million at annual average growth of 16.8 per cent. The growth was mainly due to an increase in transfers to the Gambling Board in support of the entity's endeavors to eradicate illegal gambling in the province. Over the medium term the budget increases to R79.4 million at an annual average growth of 5.3 per cent in line with the inflationary projections.

71 per cent of the total budget is allocated under transfers and subsidies for transfers to Gambling Board. Over the medium term the transfers budget grows at an annual average growth of 7.1 per cent in line with the inflationary projection.

Compensation of employees budget increases at an annual average rate of 9.6 per cent from 2011/12 to 2014/15 due to the salary adjustments and new appointments. Over the medium term the budget is expected to increase at an annual average rate of 5 per cent in line with the inflationary rate. Goods and services is also expected to increase at an inflationary rate over the medium term.

### Programme 5: Economic Planning

#### Description and objectives

The purpose of the programme is to develop provincial economic policies and strategies to achieve and measure sustainable economic development. It is made up of the following four sub programmes:

**Policy and Planning:** It's role is to coordinate and review existing economic policies and spearhead development of provincial development policies, with the view of strengthening the institutional environment for improved service delivery through regular review sessions and workshops on an ongoing basis.

**Research and Development:** It is charged with facilitation and coordination of relevant economic research related to economic development.

**Knowledge Management:** This sub-programme manages provincial knowledge economy to enhance service delivery through a sound knowledge management system that will enhance the organization activities of the Department.

**Monitoring and Evaluation:** It's role is to monitor and evaluate the impact of the departmental economic projects, programmes and initiatives.

The total budget for this programme is under current payments with compensation of employee being the largest. Over the past years the expenditure increased at an annual average growth of 12.6 per cent, this growth is mainly on compensation of employee which grows by 10.2 per cent due the inflationary growth and the appointment of additional staff.

Over the same period the expenditure on goods and services increase at an annual average growth of 24 per cent due to deliberate effort to render the department more effective by allowing officials to undertake necessary trips to confirm portfolios of evidence presented with quarterly and annual reports. Over the medium term the budget is expected to increase from the revised estimate of R5.4 million in 2014/15 to R5.4 million at annual average growth of 0.3 per cent.

1. A permanent employee is someone who is employed for an indefinite period. This period may be full time or part time.
3. A temporary employee is someone who is employed for a fixed time period for a specific task only.
4. A contract employee is appropriate where certain specialist skills are needed on a temporary basis; the contractor is required to provide a result, act independently and invoice the client.
5. A part time employee is someone who is employed for a set number of hours each week that are less than the full-time hours for the same position.
6. A full time contract worker is someone employed for a fixed term excluding a casual worker or an employee to whom a retirement age applies.
7. An Intern is a person employed in the public service in an internship programme, for unemployed graduates who do not have any work experience in the field for which they have studied.
8. A learnership agreement is a contract for a specific time period between a learner; an employer and a training provider.

1. A permanent employee is someone who is employed for an indefinite period. This period may be full time or part time.

3. A temporary employee is someone who is employed for a fixed time period for a specific task only.

4. A contract employee is appropriate where certain specialist skills are needed on a temporary basis; the contractor is required to provide a result, act independently and invoice the client.

5. A part time employee is someone who is employed for a set number of hours each week that are less than the full-time hours for the same position.

6. A full time contract worker is someone employed for a fixed term excluding a casual worker or an employee to whom a retirement age applies.

7. An Intern is a person employed in the public service in an internship programme, for unemployed graduates who do not have any work experience in the field for which they have studied.

8. A learnership agreement is a contract for a specific time period between a learner; an employer and a training provider.

**VOTE 07**

**DEPARTMENT OF FINANCE**

## **Finance**

## **Vote 07**

To be appropriated by Vote in 2015/16

R 486 002 000

Responsible MEC

MEC for Finance, Economy and Enterprise  
Development

Administering Department

Department of Finance

Accounting Officer

Head of Finance

## **1. Overview**

### **Vision**

We will be the ultimate financial management authority and adviser on fiscal matters to the *Bokone Bophirima* Provincial and Local Administration in pursuit of transparency, good financial management and accountability to all our stakeholders.

### **Mission**

To provide leadership in the management of public resources for efficient, effective and economic service delivery through a well-coordinated support to Provincial Departments, Public Entities and Municipalities.

### **Strategic Objectives**

**Strategic policy direction:** Department of Finance will ensure a credible distribution of available funds between departments and public entities, taking cognizance of the demands for social services and the need to stimulate economic development and growth.

The Department has set the following strategic objectives and goals in order to achieve the above:

- To sustain favourable audit opinion for the next five years;
- To advise and support departments and public entities on budget planning and fiscal matters;
- To provide support to municipalities in order to improve audit outcomes for municipalities in the Bokone Bophirima;
- To support departments and public entities in asset management in order to decrease the number of asset qualifications audit opinions in the next five years;
- To provide capacity building programme and monitor compliance to supply chain management prescripts by departments and public entities which will lead to decreased irregular expenditures incurred by departments and public entities in the next five years; and
- Improved audit outcomes in the Provincial Departments and Public Entities.

### **Core Functions**

The core functions of the department include the following:

- Preparation of Annual MTEF and adjustment budgets;
- Province-wide cash management;
- Provide oversight and support on provincial departments and public entities Risk management;
- Providing a management structure for implementation of Infrastructure Delivery Improvement Plans by provincial departments;
- Monitoring of infrastructure spending for provincial departments;

- Provincial financial management through:
  - Financial Management capacity building;
  - Budget monitoring and reporting;
  - Internal Audit;
  - Financial accounting;
  - Management of liabilities;
  - Financial systems support and maintenance;
  - Asset management;
  - Provision of advice on procurement policies and procedures in provincial departments;
  - Provide oversight on implementation of the MFMA in the province.

### **Legislative mandate**

The department is governed by the following legislation and policy directives:

- Public Finance Management Act, 1999 (Act No. 29 as amended);
- Municipal Financial Management Act 56 of 2003;
- Treasury Regulations;
- Division of Revenue Act;
- Supply Chain Management Regulations ( Post -Tender Board environment);
- The Constitution of South Africa, 1996;
- The Public Service Act of 1994;
- The Public Service Regulations of 2001;
- The White Paper on the Transformation of the Public Service Delivery, (Batho Pele) 1997;
- The E-Government: A Public Service IT Policy Framework;
- The Promotion of Access to Information Act 2 of 2000;
- The National Minimum Information Security Standard Policy of 1996;
- The Skills Development Act of 1999;
- The Basic Condition Of Employment Act of 1997;
- The Labour Relations Act of 1995; and
- The Health and Safety Act of 1993.

#### **1.1. Aligning departmental budgets to achieve government's prescribed outcomes**

In contribution towards the attainment of the North West priorities the Department of Finance has identified the following priorities for the next five years to ensure that the North West Provincial Government achieve their goals:

#### **MTSF OUTCOME 9: Responsive, accountable, effective and efficient Local Government**

- Priority: Sound financial and administration management;
- Monitoring, assessing and guiding municipalities to comply with all legislative requirements relating to municipal revenue, financial management and sustainability;
- Supporting measures that address the financial management and governance of municipalities; and
- Institutionalizing capacity building for local government so that officials meet the prescribed minimum competency requirements and councillors are able to fulfil their governance obligations.

## **MTSF OUTCOME 12: An efficient, effective and development oriented public service**

- Priority: Efficient and effective management and operations systems;
- Improving financial management in the North West Province;
- Priority: Procurement systems that deliver value for money;
- Department will identify areas where transversal contracts can help to reduce the procurement demands on individual departments or entities and deliver economies of scale;
- Ensuring capacity building and professionalising supply chain management in the Province;
- Department of finance will ensure that regulations and other guidelines differentiate adequately between different forms of procurement; and
- Providing real-time operational support to supply chain management matters.

Each outcome has a limited number of measurable outputs with targets and it is linked to a set of activities that will help achieve the targets and contribute to the outcome.

## **2. Review of the 2014/15 financial year**

This section provides a review of 2014/15, outlining the main achievements and progress made by the department, as well as providing a brief discussion on challenges and new developments.

The Department managed to train 1000 non-financial managers across provincial departments in Financial Management Training Phase 3 in order to improve financial management capacity. The Department continues to pay its creditors within 30 days and has not registered any late payment to date.

The audit outcome reported by the Auditor-General during July 2014 is a clean audit for the 2013/14 financial year. That means the Annual Financial Statements are free from material misstatements and there are no material findings in relation to reporting on performance objectives or non-compliance with legislation.

Department of Finance has a continuing support programme of clean audit which is aimed at turning the state of affairs in provincial departments and public entities to a positive one. The support to these provincial departments and public entities aims to reduce audit exceptions and ultimately seeing positive audit opinions in the mentioned stakeholders.

Despite the improvement in the audit outcomes on the Provincial departments, Public entities and municipalities, the Department of Finance still needs to address many challenges facing the province regarding poor financial management. Department of Finance will continue with the Clean audit support programme in place that will assist in improving the challenge mentioned above.

Emerging trends are National Development Plan (NDP), Medium Term Strategic Framework (MTSF), Provincial Development Plan and provincial priorities. The department has aligned its APP to these above-mentioned strategic documents.

## **Sustainable Resource Management**

**Economic Analysis:** The macro-economic analysis unit produced three monthly reports from May 2014 covering demographics, development indicators and the provincial Socio-economic Review Outlook (SERO). Weekly economic news updates have also been distributed to other

provincial departments covering economic news in South Africa, Africa, Europe, Asia and North America.

**Budget Management:** Due to 2014 year being the election year, the Provincial Departments could not pass the annual budget as stipulated in the PFMA; therefore the department implemented Section 29 (1) and (2) which deals with withdrawal of funds from the provincial revenue fund as well as restrictions on utilization of the funds, prior to approval of the budget.

**Infrastructure Co-ordination:** The unit monitored and supported the departments in the delivery of infrastructure through the implementation of various initiatives such as; assisting the Provincial Departments charged with infrastructure delivery to effectively implement the Infrastructure Delivery Management System (IDMS), this model describes the processes that make up public sector delivery and procurement management as it applies to the construction industry. It outlines the core processes associated with the model for delivery and procurement management where the project delivery processes relate to the provision of infrastructure works. The Department has set up a Joint Infrastructure Committee in line with IDMS requirements headed by the MEC for Finance. In terms of IDMS the committee has to meet once in six months but because of challenges faced by the province the committee meet once a quarter.

**Municipal Finance Management:** The Municipal Finance Management operates in an environment of continuous Municipal Financial Management Act (MFMA) reforms that municipalities should comply with. In most cases, the implementation of such reforms requires some changes to the existing financial systems that cause delays in the municipal reporting regime.

The Unit introduced MFMA monitoring indicators to measure the financial management performance of municipalities and their compliance with the MFMA with respect to all 12 strategic areas in the tool. The 30 Monitoring Indicators tool is a questionnaire based model that assesses municipalities and municipal entities in various areas of financial management including Revenue Management, Expenditure Management, Planning and Budgeting, Liability Management, Accounting and Reporting, Internal audit and risk Management, Asset Management and Supply Chain Management. Other areas monitored are Transparency, Municipal Capacity, Financial Misconduct and Compliance with Annual Reporting requirements. The 30 MFMA monitoring indicators tool measures municipal compliance level with the provisions and requirements of the MFMA. The tool has been developed to provide complementary information on municipal financial management, based on international best practices.

### **Assets and Liability Management**

**Asset Management:** The 2014 reconfiguration of departments resulted in the transfer of assets between departments. This had to be done without adversely affecting the audit outcomes of the department. The process took longer than anticipated, however we are confident that the transfer of assets was done properly. In essence to the success of the process, a provincial movable asset management policy was developed and approved in the year under review.

Notwithstanding the achievements, challenges were encountered. These included the non-existence of integrated asset management software for verification of movable assets; inherent errors on the manual work resulting in unnecessary audit findings for the Departments; infrequent disposal of redundant and obsolete assets by departments. The latter increases the cost of security for storage space and increases the risk of theft, losses of assets and revenue and further damages to the assets.

**Provincial Supply Chain Management:** The programme has successfully conducted 35 outreach programmes, where current and prospective vendors are educated on registration process including all applicable forms and also payment processes.

One workshop with National Intelligence Agency regarding the vetting of officials was conducted in the departments mainly targeting senior managers and Supply Chain Practitioners.

### **Financial Governance**

**Accounting Services and Norms & Standards:** In preparation for 2014 Clean Audit, the programme successfully managed to execute the following:

- Prepared the 2013/14 PRF-AFS by 30 May 2014 and consolidated the Provincial Department AFS and PRF-AFS for the 2013/14 financial year and further conducted a review on the 2013/14 AFS.
- Continued the Roll-out of the 2014 Clean Audit Technical Support Project, Phase 2 being Financial Technical Support provided by consultants to Provincial Departments & Public Entities for the 2013/14 & 2014/15 financial years.
- Provided support to Provincial Departments with preparation of 2014/15 Monthly Control Account Reconciliations supporting the preparation of the Monthly Compliance Certificates.
- Provided support to Provincial Departments with preparation of 2014/15 Quarterly Interim Financial Statements prepared in terms of PFMA - Practice Note 3 and Compliance Certificates in terms of Office of the Accountant General - Instruction 1.
- Administered the Non-governmental Tribal & Trust Accounts and Tribal Authority Cashbooks were captured for the three months April to June 2014 in Quarter 1: 2014/15 financial year.
- Conducted Cash Management of the Tribal & Trust Fund Investments upon maturity on every 90-Day Cycle by requesting quotations from major banks and awarding the tender of re-investment to the bank with the highest Re-investment Interest Rate Quotation.
- Development and rollout of reconciliation templates to departments.
- Training workshops conducted for departmental CFO units in use of template to prepare 2014/15 monthly reconciliations of control accounts - the reconciliations are supporting documents accompanying the compliance certificate prepared on a monthly basis in terms of National Treasury Instruction Note 1.

Interest for the three months April to June 2014 in Quarter 1: 2014/15 financial year was captured, posted and allocated to all the Tribal & Trust Accounts pro-rata the capital balances. The interest is allocated upon maturity of the investment after every 90-Day Cycle. Statements of Receipts and Payments for the three months April to June 2014 in Quarter 1: 2014/15 financial year were generated, printed and filed after posting of the cashbooks captured.

**Risk Management:** The unit managed to launch the Public Entities forum for peer to peer learning and information sharing.

**Provincial Internal Audit:** During the quarter under review the Internal Audit issued various advisories and assurance reports to departments prior to and during the compilation of the annual financial statements and reports on pre-determined objectives by departments, including the drafting of a comprehensive audit file guideline that would ensure combined assurance and substantiation if correctly used.

All AFS (all 11 departments) and pre-determined objective (where submitted) were reviewed timely and feedback reports provided to departments despite enormous time and workload pressure.

The Cluster Audit Committees met with departments (11 meetings) prior to the submission of the annual financial statements and annual reports and reviewed documentation submitted and subsequently issued reports to HoD's as well as certificates of review to the Auditor General. Internal Audit also advised the Audit Committee appropriately in this regard.

### **3. Outlook for the 2015/16 financial year**

This section provides an outlook of the department's activities for the coming year, focuses on new policy priorities, significant events and challenges.

#### **Sustainable Resource Management**

The functions of the unit are largely driven and governed by various legislative requirements e.g. PFMA and Treasury Regulations. As such, the work of the unit often remains largely unchanged from the previous year in terms of the processes that need to be followed and undertaken.

Accordingly the unit plans to continue monitoring the spending of provincial departments through the various reporting mechanisms, including the monthly IYM (In Year Monitoring), and it will strive to ensure that provincial spending remains within the budget. Executive Committee will continue to be kept informed of the province's budget performance. The unit will continue to coordinate the preparation of the Estimates of Provincial Revenue and Expenditure for 2016/17 and the Adjustment Estimates of Provincial Revenue and Expenditure for 2015/16. This will be done after consulting with, and receiving approval from the Medium Term Expenditure Committee (MTEC), Ministers' Committee on the Budget (Mincom Bud) and Cabinet. The unit plans to continue exploring possible new sources of revenue to enhance the current revenue base.

The unit will provide information to National Treasury to inform discussions on the Division of Revenue and Provincial Equitable Share (PES), where both the structure and/or the components of the formula as well as the data informing PES updates, are being debated. The unit will also play a more active oversight role and monitor the performance of public entities to ensure that, among others, entities are capable of delivering on expectations, they operate within their mandate in an effective, efficient and economical manner, and also that there is governance and regulatory compliance.

Furthermore, Treasury will continue to earmark funds on programmes embedded with provincial priorities such as:

- Enhancing the quality of basic education and skills development;
- Improving the quality of health care and infrastructure;
- Investing in infrastructure and proper maintenance of economic infrastructure and roads network;
- Accelerating the creation of jobs;
- Poverty alleviation;
- Water and sanitation; and
- Rural development.

**Provincial Revenue Maximization:** The Revenue Enhancement Strategy will be rolled out with the view to maximize the Provincial Revenue Envelope and this process has started in the second quarter of 2013/14. The focus will be on establishing motor vehicle licensing offices in Moretele and Haartebeestpoort Dam, furthermore, the Department of Community Safety and Transport Management has entered into agreement with SA Post offices for issuing of motor vehicle renewal licenses.

The illegal gambling problem mainly in areas around Rustenburg and Klerksdorp still poses a challenge and efforts/resources will be put in place by North West Gambling Board (NWGB) to combat it with funding that has been given to NWGB in 2013/14, and more compliance initiatives will be performed. These initiatives will have positive financial bearing on the casino license fees.

**Infrastructure Co-ordination:** National Treasury has initiated Infrastructure Development Improvement Programme (IDIP) Phase IV which will require TA in Treasuries and Public Works to commence in the 3<sup>rd</sup> quarter of 2014/15, and this programme will run for three years. The goal of IDIP Phase IV is to “support Government’s strategy to improve socio-economic growth and development through improved infrastructure delivery”. The programme’s purpose is to “support the national and provincial partners to sustainably implement the Infrastructure Delivery Management System (IDMS).

Over the next three years IDIP will focus on the achievements of the following outputs:

- Output 1: The IDMS is embedded in a supportive and sustainable institutional environment;
- Output 2: The IDMS business systems and processes are operational and are being used by departments to plan and manage infrastructure delivery;
- Output 3: Capacity is established within the participating departments to implement, manage and maintain the IDMS;
- Output 4: IDMS monitoring and reporting systems are implemented and are functional; and
- Output 5: IDIP is effectively managed and provides agreed technical support to the programme and partners to implement the IDMS.

**Asset Management:** The directorate is awaiting National Treasury’s permission to procure asset verification software pending the intended implementation of (IFMS) Integrated Financial Management system. The intention by the Province is to procure a software that integrates with WALKER for enhanced asset verification reconciliation processes.

During the 2015/16 financial year, impetus will be put on the regular disposal of redundant and obsolete provincial assets, the review of loss control committees and development of loss management guides. A training guide will be developed in order to address challenges that affect the province and the nature of transactions as opposed to using the National Treasury training manual that often focus at high level techniques or procedures. Workshops and training will be held on the recently approved Provincial Asset Management Policy.

**Provincial Supply Chain Management:** The Price Reference Search Engine will be launched on the 10 March 2015, ready to be populated and implemented. The department is looking at the feasibility of implementing a price index/catalogue that will assist in the assessment of the fairness of prices offered by bidders for certain commodities and services. To improve the efficiency and effectiveness of our Supply Chain Management through technology, the department is in the

process of upgrading the current quotation/tendering and supplier database system. Amongst others, this initiative will assist in the prevention of fraud and corruption by making it possible to verify and validate supplier information with the Companies and Intellectual Property Commission (CIPC) system, and the PERSAL system.

**Municipal Financial Management:** The department will embark together with National Treasury on implementation of new standard chart of accounts (SCOA) in municipalities in the province. This is a new initiative. Focus also will be given to strengthening the organizational structure in the unit in order to support municipalities with highly skilled staff to address the many financial management challenges faced by municipalities. Plans are also in place to recruit retired experts and unemployed graduates in order to deploy them to municipalities for providing financial management support inclusive of skills transfer.

**Financial Governance:** The department will prioritize Public Entities for audit improvement, whilst also assisting Provincial Departments to achieving clean audits. Through Provincial Internal Audit, support mechanisms are in place to continue to provide monitoring and oversight over sound controls over financial information, performance information and compliance with laws and regulations.

A Forum will be established to develop an accounting framework for the non-governmental Tribal & Trust accounts to provide guidelines for the traditional authorities in preparation of annual financial statements. Support will also be provided to traditional authorities in the preparation of annual financial statements for submission to the Auditor General.

#### **4. Reprioritisation**

Reprioritisation was mainly between programmes to address budget pressures. R7.5 million was shifted from Sustainable Resource Management of which R2.9 million is to fund Operating Lease for 30 days and Training and development of Provincial SCM Practitioners under Assets and Liabilities; as well as R4.6 million under Financial Governance to fund Provincial Non-financial managers Training, Venues and Facilities for preparation of Annual Financial Statements (AFS) and Compensation of employees for Provincial Risk Management that was under budgeted for.

#### **5. Procurement**

The major procurement plans relate to the following:

- PFMA clean audit support to provincial departments and public entities;
- Municipal Financial Management Reforms at an amount of R20 million in 2015/16;
- Appointment of Forensic Audit services at an amount of R26 million in 2015/16.
- Further information can be found in the departmental procurement plan.

#### **6. Receipts and financing**

##### **6.1. Summary of receipts**

Table 7.1 below shows the sources of funding for Vote 7 over the seven-year period 2011/12 to 2017/18.

Table 7.1 : Summary of receipts

| R thousand                          | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| <b>Total receipts</b>               | <b>210 662</b> | <b>261 235</b> | <b>391 185</b> | <b>432 896</b>     | <b>433 051</b>                    | <b>433 051</b>   | <b>486 002</b>        | <b>478 418</b> | <b>506 652</b> |

The main sources of funding for the department is equitable share and own revenue. The equitable share allocation for 2015/16 is 74 per cent or R358 million of the total departmental allocation, while own revenue amounts to 23 per cent of the total allocation or R112 million. The departmental equitable share grows by 15 per cent from 2014/15 revised estimates to R358 million in 2015/16, then increased by R2.5 million 2016/17 to R361 million, and then increased by R22 million in 2017/18 to R383 million.

## 6.2. Departmental receipts collection

Table 7.2 below provides details of the revenue collection by this department from 2011/12 to 2017/18.

Table 7.2 : Summary of departmental receipts collection

On aggregate the significant revenue collection was registered in 2012/13. The department has factored in the 5 per cent increase on anticipated revenue collection over the MTEF. The sources of revenue for the department are the following:

**Sale of goods and services other than capital assets:** the revenue is mainly raised through fees charged by the department for tender documents issued. The projected collection shows a steady increase over the MTEF.

**Interest, dividends and rent on land:** the revenue collected from this source was as a result of the substantial cash surpluses on the Pay Master General account (PMG) resulting from under spending in the previous financial years. The 40 per cent decline in 2014/15 is attributable to a decline on interest receivable as a result of improved spending levels by provincial departments. The uncertainty element inherent to this item makes it difficult to forecast future collections.

**Sales of capital assets:** the significant collection in 2012/13 is attributed to sales of redundant assets which were auctioned during the year. No further disposal of assets is anticipated over the medium term.

## 7. Payment summary

### 7.1 Key Assumptions

The budget for the 2015/16 MTEF is based on the departments Strategic Plan and APP which are reflective of the service delivery requirements and improvements of the department. Some of the main assumptions underpinning the MTEF budget are as follows:

- Inflation projections (CPI) as published in the 2014 Medium Term Budget Policy Statement are 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 in 2017/18;
- Provision for improvement in conditions of service (ICS) is 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 2017/18 respectively;
- A 1.5 per cent pay progression is excluded in the budget provision for personnel costs; and
- Re-grading of clerks in line with DPSA circular dated 12 December 2012.

Funds are allocated to support all 4 programmes in the Department of Finance to achieve their goals as stipulated in the Strategic Plan and 2015-2016 Annual Performance Plan.

### 7.2 Programme summary

Tables 7.3 and 7.4 below contain information by programme and economic classification for the department over the seven-year period from 2011/12 to 2017/18.

The department is comprised of four programmes, namely, Administration, Sustainable Resource Management, Assets and Liabilities Management, and Financial Governance. The department does not conform to the generic sub-programme structure for the sector, due to the inclusion of Municipal Finance in programme 2.

The department spending over the past three financial years was R211 million in 2011/12, R261 million in 2012/13 and R391 million in 2013/14.

**Compensation of employees:** On aggregate, compensation of employees registered a significant growth from 2012/13 to 2015/16 due to filling of posts in line with the new organizational structure and thereafter a gradual increase to compensation of employees is anticipated in line with annual salary adjustments.

**Goods and Services:** An increase of 19 per cent from 2014/15 revised estimates to 2015/16 includes an amount of R30 million for MFMA Phase 2 as well as an allocation of R30 million for GRAP 17 implementation. In 2016/17, the former and the latter are allocated R12 million and R32 million respectively.

The allocation further makes provision for the Provincial Telephone Account at an amount of R16 million in 2015/16 and R17 million in 2016/17. The Provincial Turn-Around Clean Audit is allocated R46 million. While an amount of R1.7 million is allocated for Departmental Learnership Programme in 2015/16 and R1.7 million in 2016/17.

**Transfers and Subsidies:** On aggregate there is a significant growth of 25 per cent registered in 2014/15 as a result of the decentralization of the bursaries budget from the Office of the Premier to departments. The growth is steady over the MTEF whereby R1 million, R1.1 million and R1.2 million is allocated for 2015/16, 2016/17 and 2017/18 respectively.

In the main, the department makes provisions for payment of social benefits to employees who have exited the system, however budget estimates are very difficult to forecast.

**Capital Assets:** The 2015/16 projects a decline of 32 per cent as a result of major capital acquisition done in 2014/15. This decline is then followed by a budget growth of 22 per cent in 2016/17, and 6 per cent in 2017/18.

**Programme 1 Administration:** The programme registered a significant growth in 2012/13 due to the additional funding of R7.9 million for MFMA Capacity Building as well as R1.8 million for Councilors Induction Projects. The decrease in 2013/14 is due to the virement that was made to other programmes to address their budget pressures. The growth in 2014/15 is attributable to the bursary funding which was decentralized from the office of the Premier amounting to R1 million; Learnership Programme amounting to R1.5 million; an allocation of R1.8 million for legal costs; R1 million for audit fees as well as the R2.5 million for procurement of motor vehicles.

**Programme 2 Sustainable Resource Management:** A significant budget growth is evident in MFMA support where compensation of employees grows by 32 per cent and consultants by 46 per cent. The increase in consultants is due to MFMIIP phase 3 continuing in second year.

**Programme 3 Assets and Liabilities:** The growth in programme 03 is a net effect of an increase on compensation of employees for 30 Days Creditors Payments Section and a decrease in payments for capital assets for Call Centre software.

**Programme 4 Financial Governance:** In overall the programme has a decline of 9 per cent, despite an increase on compensation of employees by 14 per cent. The growth of 6 per cent under goods and services is resultant to the utilization of consultants for Provincial Turn-Around Clean Audit for Departments and Public Entities.

## **7.4 Infrastructure payments**

*7.4.1 Departmental infrastructure payments - Nil*

*7.4.2 Maintenance – Nil*

## **7.5 Departmental Public – Private Partnership (PPP) projects - Nil**

## **7.6 Transfers**

*7.6.1 Transfers to public entities - Nil*

*7.6.2 Transfers to other entities - Nil*

## **8. Receipts and retentions –**

Not applicable to this department.

## 9. Programme description

The expenditure and budgeted estimates for each programme are summarized in terms of sub-programmes and economic classification. Details are given in the Annexure tables for *Vote 7: Department of Finance*.

### Programme 1: Administration

#### Description and objectives

The main aim of this programme is to provide Human Resource support services to the entire Department. Communication focuses on projecting the corporate image of the Department to internal and external stakeholders. The Minimum Security Information Services (MISS) focuses on issues of departmental security as defined in the Provincial Security Strategy. Special programmes focus mainly on youth, women, disability and gender related matters. Departmental financial management services support the entire department by focusing on budgeting, financial accounting, asset management, transport and logistics, salary administration and supply chain management related activities.

Administration consists of the following Sub-programmes:

- Office of the MEC;
- Management services (HOD), Communication, Minimum Information Security Standards (MISS);
- Corporate services incorporating Human Resource Services and Training; and
- Departmental Financial Management (CFO).

Tables 7.5 and 7.6 below provide a summary of payments and budget estimates pertaining to the programme over the seven-year period from 2011/12 to 2017/18.

## Budget Growth Trends

The programme spending over seven year period ending in 2017/18 started peaking up in 2013/14 and its anticipated to grow by 23 per cent, 22 per cent including a once-off allocation of R26 million for the appointment of Forensic Auditors in 2015/16 financial year, and a drop of 10 per cent in 2016/17 and 7 per cent respectively in the outer year.

The sub-programmes which show a fluctuating trend over the seven year period are:

**Office of the MEC:** The peak in 2012/13 was as a result of legal fees for disciplinary cases of senior managers in the Department; followed by a decline of R7 million in 2013/14 and an increase of R1 million in 2014/15. The MTEF period grows steady from R8 million to R9.8 million in outer year.

**Management Services:** There is a sharp increase from R5 million in 2013/14 to R10 million in 2014/15, and this is due to the filling of key positions and a provision of associated operational costs for the sub-programme. The vacancies included the post for Head of Department. Over the MTEF, the sub-programme grows to R12 million, R14 million and R15 million respectively.

**Corporate Services:** The increase of R25 million in 2013/14 was for compensation of employees, the decentralization of the bursaries from the office of the Premier and the Departmental Learnership Programme. The consistent increase over the MTEF is driven by continued recruitment plus an additional once off allocation of R26 million in 2015/16 financial year for the appointment of Forensic Auditors.

**Financial Management (CFO's office):** The budget outcome for this sub-programme has been constant from 2011/12 to 2013/14 with the exception of the marginal increase in 2011/12 due to the payment of the external audit costs, legal costs for ongoing suspension cases and fleet services.

The substantial increase in 2014/15 is informed by the planned procurement of pool vehicles for the department, payment for external audit fees as well as filling of vacant posts. The increase over the MTEF amounts to R7 million, R5 million and R6 million respectively.

**Compensation of Employees:** In 2013/14 the sub-programme: Management services operated with a skeletal structure, thus most posts were anticipated to be filled in 2014/15 hence the significant increase. The CoE grows to R85 million in 2015/16, R91 million in 2016/17, and R96 million in 2017/18, which translates to 23 per cent, 8 per cent, and 5 per cent respectively.

**Goods and Services:** The growth in 2014/15 in the allocation for Goods and services is due to the additional funding for Legal costs which were allocated R1.8 million, and Audit fees R1 million. On aggregate the budget growth fluctuates over the MTEF, in 2015/16 it grows by 31 per cent to R71 million, in 2016/17 it declines to R50 million, and in 2017/18 it grows to R55 million.

**Transfers and Subsidies:** There growth of 9 per cent in 2015/16 is due to an upward adjustment on Bursary costs.

**Capital Assets:** The significant growth in 2014/15 is due to the planned purchase of pool vehicles, and an amount of R2.5 million has been committed. A Call Centre system is also budgeted for R2.3 million. The item declines by R4 million in 2015/16 followed by an average growth of 5 per cent in the two outer years of the MTEF.

## **Programme 2: Sustainable Resource Management**

### **Description and objectives**

The main aim of this programme is to provide guidance in budget planning, expenditure management, monitoring of infrastructure spending, implementation of the PFMA and all National Treasury requirements to the entire Province.

Fiscal Policy focuses on provincial revenue collection and maximization of existing revenue resources. It is also responsible for the provincial cash management and assist with the running of the departmental fraud, corruption and wasteful practices awareness campaign.

Economic Analysis sub-unit ensures the evaluation of the provincial economic and social imperatives within the provincial macro-economic context.

The Sustainable Resource Programme consists of the following sub-programmes:

- Programme support - Deputy Director General (SRM);
- Budget management incorporating the Budget Office, Resource Management and Public Finance which focuses on monitoring of infrastructure;
- Economic analysis; and
- Fiscal policy.

Tables 7.7 and 7.8 below provide a summary of payments and budget estimates pertaining to the programme over the seven-year period from 2011/12 to 2017/18.

## Budget Growth Trend

Noticeably, 2013/14 outcome reflects the highest growth as a result of MFMA support's phase 2 which seeks to assist municipalities with asset registers. The decline in 2014/15 is a reflection of the completion of phase 2 and finalization of GRAP 17 implementation. The growth in 2015/16 is driven by an increase in the scope for municipal support which now encompasses new and standardized SCOA training; skills audit and training for CFOs' units as well as revenue management initiatives.

The projections for all sub-programmes except municipal finance increase at a rate below 8 per cent from 2014/15. Municipal Finance decline by R16 million in 2015/16, increases by R6 million in 2016/17, and increases again by R4 million in 2017/18.

**Compensation of employees:** The under spending of R1.5 million in 2012/13 is attributable to non-filling of vacant funded posts. The adjusted budget for 2013/14 has also resulted in a decrease on the allocation due to the delays in filling vacant funded posts, thus the funds were utilized to augment the budget pressures for provincial telephone costs and MFMA capacity building projects. The minimal budget growth over the MTEF makes provision for cost of living adjustments as well as filling of vacant funded posts.

**Goods and Services:** The 2012/13 budget outcome exceeds that of 2011/12 as a result of R10 million additional funds received plus a rollover of R9.7 million for Municipal Financial Management Improvement Programme (MFMIIP). The 2013/14 allocation was augmented through virements and additional funding of R22.2 million to address budgetary pressures relating to the MFMIIP capacity building. In 2015/16 there is an increase of R42 million rating to the extended scope in MFMIIP and Programme Support.

**Transfers and Subsidies:** The budget outcome for 2012/13 was R82 thousand, however, spending was very low as a result of minimal termination of appointments. The R511 thousand allocated in 2013/14 was redirected during the adjustment budget as it was not utilized. Forecasting for this item remains a challenge owing to its uncertainty.

**Capital Assets:** The budget outcome for this item has been constantly under spent from 2011/12 to 2013/14, due to the delays in procurement of office furniture and equipment. The increase of R1 million in 2016/17 is associated with filling of posts for the programme.

## 9.2 Service Delivery Measures

| Performance measures   | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|
|  | 2015/16                  | 2016/17 | 2017/18 |
| Number of reports compiled on the economic impact of the 2015/16 provincial budget (PERO)                    | 2                        | 2       | 2       |

### Programme 3: Asset and Liabilities Management

#### Description and objectives

The programme aims to provide strategic policy direction and guidelines on all supply chain management activities in the Province. It also focuses on the aspects of physical asset management in terms of the PFMA.

The programme is entrusted with the development and monitoring of the SCM instructions and guidelines to ensure effective supply chain management in the Province as well as facilitation of the formation and linkages with PPP projects. A key priority of this programme is to ensure roll out of the electronic tendering and quotation system to all Provincial Departments in order to improve the overall quality of SCM processes. In essence to the latter, the programme should create an enabling environment for HDI, black, SMME businesses in the province to have equitable access to government's procurement system.

Asset and Liabilities Management programme consists of the following sub-programmes:

- Programme Support: Senior Manager - Provincial Supply Chain;
- Asset management; and
- Supporting and interlinked financial systems.

Tables 7.9 and 7.10 below provide a summary of payments and budget estimates pertaining to the programme over the seven-year period from 2011/12 to 2017/18.

## Budget Growth Trend

In the main, the program's budget trend is informed by the phased in implementation of the revised organizational structure that was introduced in 2011/12. Another contributing factor to the budget growth is the payment of legal costs for appeals on tenders as well as a provisions for provincial telephone cost of R2 million.

The revised estimates for 2013/14 reflect a substantial increase which is driven by operational costs related to 30 days payment unit. The MTEF projections reflect an average steady growth from the 2014/15 baseline of R44 million to R47 million, R47 million and R49 million for 2015/16, 2016/17 and 2017/18 respectively.

Despite the overall growth, there is a sharp decline of R5 million under compensation of employees for sub – programme Asset Management. The subsequent steady increase under the latter is due to termination of contracts for employees working on the 30 days initiative.

**Compensation of employees:** The spending over the seven year period reflects a steady increase from 2011/12 to 2012/13, with a substantial increase of R9 million and R11 million in 2013/14 and 2014/15 respectively. This trend is mainly driven by implementation of the revised structure which brought the 30 days payment unit into existence.

**Goods and Services:** The significant increase in 2011/12 results from the payments for legal costs for appeals on tenders which amounted to R465 thousand and R639 thousand respectively as well as the provisions for provincial telephone cost of R2 million. The revised estimates for 2013/14 show an increase emanating from the fund shifts amounting to R3.7 million to augment the allocation for provincial telephone costs and R739 thousand for procurement of software licenses. In 2014/15 the budget decreased by R2 million to R11 million, decreased to R9 million in 2015/16, increased to R11 million in 2016/17, and increased further to R12 million in 2017/18.

**Capital Assets:** The substantial budget outcome registered in 2013/14 relates to the purchase of desktops and laptops including the systems for the programme. The revised estimates for 2013/14 relates to the purchase of Call Centre equipment of R2.3 million for 30 days creditors payment unit which was carried forward to 2014/15. The budget is reduced to R570 thousands in 2015/16 from R3 million in 2014/15, and remains steady over the remainder of the MTEF period.

### Service Delivery Measures

| Performance measures   | Estimated Annual Targets |         |         |

| Number of consolidated quarterly 30 day payments deviation reports produced              | 4                        | 4       | 4       |

### Programme 4: Financial Governance

#### Description and objectives

To facilitate the implementation of financial management in Provincial Departments and Public Entities to ensure improved audit outcomes and manage the transition from modified cash to GRAP accounting in line with PFMA.

The Internal Audit focuses on provision of transversal internal audit services to provincial departments except the Department of Education. Norms and Standards focuses on development of financial policies, building financial management capacity, support departments on transversal Risk Management, Asset management, administration of Walker and Telephone Management Systems, and management of face-value documentation for the entire Province.

The financial governance programme consists of the following sub-programmes:

- Programme Support – Accountant General;
- Provincial Internal Audit;
- Accounting services incorporating Provincial Accounting and 30 Days Accounts Unit; and
- Norms and Standards.

Tables 7.11 and 7.12 below provide a summary of payments and budget estimates pertaining to the programme over the seven-year period from 2011/12 to 2017/18.

Table 7.11 : Summary of payments and estimates by sub-programme: Financial Governance

| R thousand                          | Outcome       |               |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

## Budget Growth Trend

The programme registered a substantial growth in the 2011/12 budget outcome due to an increase in compensation of employees and associated goods and services items due to appointment of staff. MTEF indicates a drop in 2015/16 from R159 million in 2014/15 to R146 million in the baseline due to a reduction in the earmarked funds for PFMA support to departments, and then have a steady increase over the remaining MTEF period due to the provisions made, being R4.7 million for the training and development of provincial entities and chief financial officers, and the anticipated filling of vacant funded posts especially for provincial internal audit.

**Provincial internal Audit:** The increase in the budget relates mainly to filling of vacancies in Internal Audit in line with their plans for increased audit coverage.

**Norms and Standards:** This sub-programme is not yet fully established and it's the intention of the Department to capacitate it through filling of vacant positions, in order to service the provincial departments, and hence an increase in 2014/15 budget. In the MTEF the Sub-programme budgeted R1.495 million, R1.642 million, and R1.733 million for the three years respectively.

**Provincial Risk Management:** Currently the sub-programme is filled by the Director, Secretary, DD and an AD and it is envisaged that it is anticipated to operate at its optimal capacity from 2015/16 to assist departments in areas of risk management as well as to coordinate risk committees of the departments.

**Compensation of employees:** The budget grows substantially in 2014/15 by 27 per cent to R77.4 million due to anticipated filling of vacant funded posts; there is a steady growth over MTEF period for the normal improvement of conditions of service.

**Goods and Services:** The budget outcome for the programme registered a substantial growth in 2012/13, due to the payment for the Financial Management Training Phase 3, audit fees and telephone costs. The substantial growth in 2013/14 is due to the rollover of R10 million for the training programme and provision for telephone costs. The registered budget growth of R5 million for the 2014/15 is due to the provisions for Provincial Turn around to clean audit. The budget goes down by R19 million in 2015/16 due to a reduction in consultant's fees and grows steadily over remaining two outer years of MTEF.

**Capital Assets:** The substantial budget outcome registered in 2013/14 relates to the purchase of desktops and laptops including the systems for the programme. In 2014/15 provision is made for the office equipment and furniture for the 30 Days Creditors Payment unit, which was not acquired in 2013/14.

### Service Delivery Measures

| Performance measures   | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|
|  | 2015/16                  | 2016/17 | 2017/18 |
| Number of workshops on preparation Guide & AFS Template-Departments & active Public Entities Conducted                     | 2                        | 2       | 2       |
| Number of capacity building interventions for Departmental CFO's by conducting workshops on Accounting updates and reforms | 2                        | 2       | 2       |
| Number of monitoring reports on irregular, fruitless and wasteful expenditure compiled                                     | 1                        | 1       | 1       |
| Number of monitoring reports on the progress on Clean Audit action plans for Departments and Public Entities compiled      | 6                        | 6       | 6       |

## 9.3 Other programme information

### 9.3.1 Personnel numbers and costs

Tables 7.13 and 7.14 illustrate the personnel numbers and estimates pertaining to the department.

The Department has been on a major recruitment drive since 2012/13 and continued this trend in 2013/14 and anticipated that this exercise will be completed in 2014/15; hence the department will be operating at full strength from 2014/15. For programme 3: Assets and Liabilities there will be a

decrease in personnel in 2016/17 due to termination of contract workers by the end of 2015/16. The increases in the MTEF period on expenditure relate mainly to annual increases in improvement in condition of services (ICS) and pay progressions.

### 9.3.2 Training

Tables 7.15 and 7.16 illustrate the training costs and estimates pertaining to the department.

Table 7.15 : Payments on training by programme

Training needs of the Department are in line with Workplace Skills Programme, which has been developed from targeted learning programmes for level 1 to 14 that has been submitted to Department of Labour for approval to be implemented from 1<sup>st</sup> April 2014. There is an upward trend in the number of employees sent for training in line with the filling of vacancies. There is no movement in the number of interns and learnerships anticipated in the MTEF period, due to increased permanent staff members which has a bearing on logistical and budget constraints in the Department i.e. office accommodation, furniture and tools of trade.

### 9.3.3 Reconciliation of structural changes

There are no structural changes in the department.

## **Annexure to the Estimates of Provincial Revenue and Expenditure**

## **1. Overview**

### **Vision**

Towards Excellence in Education and Sport Development

### **Mission**

We provide quality basic education for high learner achievement through educator excellence, as well as sport development, nation building and social cohesion.

### **Strategic goals**

The strategic goals and objectives of the department have been aligned to the Presidential Outcome 1 which is “Improved Quality of Basic Education” and Outcome 5, “A skilled and capable workforce to support an inclusive growth path”.

The strategic goals of the department are as follows:

- Effective and efficient governance and management support systems
- Improved learner attainment in Grades (R to 12) 3, 6, 9 and 12.
- Create, promote and develop sustainable Sport, Arts and Culture programmes.

### **Core functions and responsibilities**

The core responsibility of the department is to provide quality education and training for all learners of school going age from Grade R to Grade 12, assisting them through proper guidance to achieve their full potential so that they can play a meaningful role in building the economy of the North West Province and the country at large.

The main core functions of the department are summarised below:

- To provide education in public ordinary schools. This is the core function of the department which ensures that all children of school going age from ages of 7 to 17 have access to basic education and attain the highest possible educational outcomes. Learners and educators are provided with basic Learning and Teaching Support Materials (LTSM) in accordance with the curriculum needs.
- The function also provides professional support to all educators in schools, and basic physical infrastructure in public ordinary schools, which includes the school building programme, sanitation and effective maintenance of existing structures. Learners are also provided with nutrition through the implementation of the School Nutrition Programme at all no-fee schools.
- To support independent schools. This programme provides subsidies to learners in Independent schools in accordance with their needs as stipulated in the South African Schools Act.
- To provide education in public special schools. The aim of this function is to provide public education in special schools in accordance with the South African Schools Act and White Paper 6 on Inclusive Education.

- To provide early childhood education (ECD) in Grade R. This programme caters for pre-school education, for pre-Grade R and for Grade R in community Early Childhood Development centers. To improve the quality of education provided to all Grade R learners by gradually placing them in primary schools where they can be thoroughly prepared for the physical and academic demands of learning.
- To provide human resource development for educators and non-educators. The purpose is to ensure well-managed and monitored continuous assessment (CASS) at school level to enhance teaching and learning.
- Impact on social problems by extending HIV/AIDS awareness; and promoting a safe school environment. To implement life skills and HIV and AIDS programs and structures in schools in order to deal with the impact of HIV and AIDS in the school system.
- Ensuring that Sport is accessible to all communities and to promote talent in the province.
- Render Sport services to all citizens of the North West Province.
- Ensure the existence of proper infrastructure and programmes for the development of talent and skills in Sport activities.
- Promote social cohesion, moral regeneration and nation building.

### **Main services intended to be delivered**

Key service delivery priorities of the department for 2015/16 have been informed by national education policies mainly from the departments of Basic Education and Sport Development respectively as well as provincial policies as pronounced by the Executive Council of the North West Provincial Administration.

The following policy imperatives were considered in the determination of the strategic focus areas for the North West Department of Education and Sport Development for financial year 2015/16:- The National Development Plan (Planning Commission: 2012), Provincial Development Plan 2015, Action Plan to 2015: Towards the realisation of Schooling 2025 (DBE: 2011) and the Delivery Agreement for North West.

In summary the main focus for services that are going to be delivered by the department in 2015/16 will be amongst others on the following areas:

#### **Early childhood development**

To improve the quality of early childhood development to all Grade R learners, the department will gradually continue to place Grade R learners in primary schools where they can be thoroughly prepared for the physical and academic demands of formal schooling by ensuring that educators in the programme are thoroughly trained to offer quality service.

#### **Improve quality of teaching**

The department is planning to continue with the implementation of Teacher Development programmes in the 2015/16 financial year and beyond in order to strengthen capacity on content and professionalism in the classroom. Of critical importance, is the training of Mathematics and Science educators as areas that have not been performing well across all grades, including grade 12.

Through the Workplace Skills Plan, school management teams and support staff will be given opportunities to attend accredited courses as part of development and support to improve capacity at the implementation level of service delivery.

### **Improving results in maths and science**

The overall performance of Grade 12 learners in mathematics since 2008 to 2012 period has been a negative one. In 2012, the number of mathematics passes recorded 22 per cent below the Action Plan targets. However, between 2011 and 2012 there was an improvement that reduced the gap between the target and actual values, from 25 per cent to 22 per cent. The number of Grade 12 learners passing physical science in the 2008 to 2012 trend has been far less negative than the mathematics one. In 2012, however, the actual value was 26 per cent below the target value. As in the case of mathematics, the 2011 to 2012 improvement is roughly compatible with the trajectory of targets beyond 2012.

During 2013 there was an increase of learners enrolled in Mathematics and that met the 30 per cent and 40 per cent criteria. There was a slight decrease of enrollments in Physical Sciences with an increase in learners that met the 30 per cent and 40 per cent criteria. The implementation of our educator training programmes in this area is bearing positive results as our learners achieved gold, silver and bronze awards at the National Expo for Young Scientists.

### **School management and governance**

Although school management and governance in the North West has not been formally measured by the Department of Basic Education to determine the achievement against Goal 21 of the Action Plan for 2015 that aims to ensure that the basic annual management processes take place across all schools in the country in a way that contributes towards a functional school environment. The department realises that this goal is one of five priority goals for the period to 2015 reflecting the emphasis in the Minister's Delivery Agreement.

### **Infrastructure and the elimination of backlogs**

For 2015/16 financial year the department is planning to fast track the implementation of school infrastructure with the main focus being in the following areas:

- Improve sanitation at schools by building toilets that provide learners with acceptable levels of hygiene especially those that attend rural schools. Provision of clean and safe water will also receive attention in the new financial year through drilling and equipping of boreholes to ensure that learners do not travel long distances to access clean water during their time at school.
- Additional offices will also be required from April 2015 for the implementation of National District Development Norms which necessitates the creation or establishment new district and circuit offices.

### **E-education**

The 2004 draft White Paper on e-Education refers to the potential role of digital information and communication technologies (ICTs) in education. Evidence from around the world points towards the ability of ICT is to enrich teaching and learning and to take educational outcomes to a new level. Not only is e-Education considered a means towards improving teaching and learning, it is also viewed as a tool that can improve education management in a variety of ways.

The North West Department of Education and Sport Development identified SA-SAMS as a major focus area and component of an e-education strategy. The focus area in the next year will be on the implementation of an integrated approach to ensure that SA-SAMS is fully functional and produces reliable and accurate data. This plan consists of three major components namely SA-SAMS training, the development of an integrated dashboard and learner data quality reviews.

## **The Acts, Rules and Regulations applicable to the Department.**

- The Constitution of South Africa, 1996 (Act No. 108 of 1996);
- Public Finance Management Act, 1999 (Act No. 1 of 1999);
- The Annual Division of Revenue Acts;
- Employment Equity Act, 1998;
- Skills Development Act, 1998;
- Employment of Educators Act, 1998 (Act No. 76 of 1998);
- Public Service Act, 1994 as amended [Proclamation No. 103 of 1994];
- South African Schools Act, (SASA), 1996 (Act No. 84 of 1996) as amended;
- Regulations on National Norms and Standards for School Funding, 1998;
- Revised National Curriculum Statements, 2004;
- Whole School Evaluation Policy of 2001;
- National Norms and Standards for School Funding Circular 15 of 2000;
- Further Education and Training Act. Act No. 16 of 2006;
- South African Qualifications Authority Act, 1995 (Act No. 58 of 1995);
- Adult Basic Education and Training Act, 2000 (Act No. 52 of 2000);
- White Paper 6 on Inclusive Education, 2001;
- Education White Paper 5, 2001; Systemic Evaluation Policy Framework, 2001;
- The Provincial Sports Council of North West, 1986 (as amended); and
- North West Sport and Educational Aid Trust Act, 1986 (as amended)

### **1.1 Aligning departmental budgets to achieve government's prescribed outcomes.**

The department has aligned its strategic goals and objectives to the 14 identified Presidential Outcomes and it is mainly responsible for Outcome 1 which is "Improved Quality of Basic Education" and Outcome 5, "A skilled and capable workforce to support an inclusive growth path".

The Department has further aligned its strategies with the Education Action Plan 2014 Goals. This is an attempt to make sure resources are targeted at processes that will give impetus to the attainment of the set targets.

## **2. Review of the 2014/2015 financial year**

Review of the 2014/15 financial year summarises progress made by the department in respect of deliverables on key focus areas of service delivery as outlined in the 2014/15 Annual Performance Plan. The budget for the financial year 2014/15 was been allocated through ten programmes which were aligned to two Presidential Outcomes assigned to the education sector.

### **Financial Management**

Given the important role that supply chain management is playing to support core function programmes in implementing programmes and projects that are critical for the department to achieve its strategic objectives and mandate, operational business processes of the unit have been reviewed. The objective of this intervention is to improve the turn-around-time for payment of service providers, efficiency levels and compliance with PFMA related laws and regulations. The department has also started with plans to strengthen internal controls and risk management in order to improve audit outcomes.

Spending on Compensation of Employees has been under a lot of pressure from the beginning of the financial year. However the department has implemented corrective measures that are intended to deal with some of the systemic inefficiencies. These measures include among others, timeous capturing of leave, finalization of cases for employees on long-sick leave, etc. It is envisaged that efficiency gains that will be realized from

implementation of these measures will have a positive impact on the personnel budget and allow the department to utilise savings to fill critical vacancies, prioritising key service delivery focus areas.

### **Improve the quality of teaching**

One of the main objectives for the financial was to improve learner performance from the previous financial year. Although the province has registered good progress in respect of the Grade 12 outcomes, the challenge remains in lower Grades as evidenced by the Annual National Assessment results for Grades 3, 6 and 9. Measures that the department implemented to support Grade 12 were extended to assist Grade 9's with preparations for examination during the past school year.

Roll-out of the School rationalization process which started in the 2013/14 financial year continued in 2014/15. The objective of this process is to improve the quality of teaching and learning, where learners from middle schools and schools with very low learner enrolments were relocated to other nearer schools in order to optimize utilization of resources.

Teacher development continued to be a key priority for the department in order to improve the quality of teaching with special attention given to the gateway subjects such as mathematics, science, accounting, technology etc. Training sessions took place during school holidays to ensure protection of teaching time. The main focus of our training intervention has been on assisting educators with content. Training programmes targeted areas where subject knowledge of educators is weakest in order to improve knowledge of the subject they teach. These programmes are also intended to empower educators with better ways of delivering the curriculum using textbooks and learner workbooks that have been provided to learners.

### **Improve literacy, numeracy/mathematics and science outcomes**

Given the outcomes of the 2014 Annual National Assessments, the department continued to prioritise and implement strategies that are aimed at increasing the number of learners in grades 3, 6 and 9 who have mastered the minimum competencies in language and numeracy to 90 per cent by the end of each year. Additional resources in the form of Maths kits are provided to Grade 12 learners who are doing mathematics and science.

### **Inclusive Education**

A substantial amount of work was done in mainstream schools which were converted to Full Service Schools. For the year 2014/15 a total number of 20 new mainstream schools were identified and converted to Full Service Schools. Also a number of activities were embarked upon as part of the conversion, including provisioning of assistive devices and training of educators and officials. Training initiatives included Screening, Identification, Assessment and Support (SIAS), Human Resource Development (HRD), Braille and Mobility and South African Sign Language (SASL).

To address barriers to learning, a specialist professional support service was rendered to learners through Therapeutic and Psychological support. This professional support service was enhanced by provisioning of transport for both Professional staff and learners.

### **Special Schools**

32 Special schools were strengthened through provisioning of assistive devices, transport subsidy, LTSM, vehicles, training of educators and officials, and appointment of professional support staff (Therapists and Class Assistants). The South African Sign Language (SASL) CAPS Curriculum was implemented in the schools for the Deaf in Foundation Phase and Gr 9. Schools for the Deaf were supplied with various ICT and Texts for Deaf learners to enable

them to implement the new SASL CAPS Curriculum, as well as the appointment of Deaf Teacher Assistants. Learners with Visual impairment were supplied with Braille Books for all grades.

### **Early childhood development (ECD)**

The process of universal implementation of Grade R in all public primary schools in the province continued in 2014/15 by providing affected schools with resources such as adequate infrastructure and learner support material which includes in-door and out-doors playing equipment.

Grade R practitioners received training through the FET colleges in order to improve their teaching skills and subject knowledge to ensure that all Grade R learners in public schools receive quality education. One thousand, one hundred and seventy seven ECD practitioners received training on NCF Level 4 and 5, and Ninety four foundation phase specialists were trained on national curriculum framework for birth to four years. The programme managed to appoint child minders on contract basis as part of the department's initiative towards job creation and poverty alleviation.

### **School support and governance**

School learner representative councils, governing bodies and management teams will receive support from the department through training and other capacity building interventions. Officials from both District and circuit offices also visited schools on a regular basis to ensure that interventions implemented by the department are sustainable.

Senior and middle managers also visited under-performing schools in the province to provide coaching and mentoring.

### **Inclusive education**

Provisioning of Assistive Devices to public ordinary schools in the current year will give learners with barriers to learning and the learners with other disabilities great opportunity to access the curriculum optimally without necessarily having to go to public special schools, saving such learners time and resources to travel long distances to attend school.

### **Sport Development**

The cabinet adopted the Sports plan as a key policy and strategy. During the last financial year, the focus remained on the implementation of Joint School Sport Programme as the centre of talent identification and development. The responsibility of the Joint school Sport Programme was originally shared by the two Departments, i.e. Sport, Arts and Culture as well as the Department of Education and Sport Development as guided by the Memorandum of Agreement signed by Ministers of both Departments.

The National School Sport Championships at the end of the financial year remain a national focus of all Provinces with more codes being played. This event demands and necessitates a great amount of funding to support team in accommodation, transport, catering, team playing attire as well as team preparation. For the Province, the Disability sport codes are also included in the Joint Programme thus forcing financial implications beyond the ring-fenced allocation. The Games starts at Service Point, proceeds to District and then to Provincial for team selection. All levels demands proper financial support.

### **3. Outlook for the 2015/2016 financial year**

#### **Financial Management**

For 2015/16 the department will continue with efforts to review and re-engineer the financial management business processes, particularly in supply chain in order to improve performance and address weaknesses that have been identified by the Auditor General. These interventions will among others, include development of new workflows and job description that are aligned to the revised business processes indicated above. These new business processes seek to enhance compliance with laws and regulations, payment of businesses that provide goods and services to the department within the prescribed timeframe, internal controls and risk management. It is envisaged that the implementation of these intervention will have a positive impact on performance of all support functions within Financial Management Services and achievement of better audit outcomes.

#### **Resource consideration for Compensation of employees**

Considering the current pressure on the compensation of employees' budget, the department will continue with the implementation of measures to eliminate all human resources management related inefficiencies. These measures will be implemented in a constrained funding environment because of the current economic pressures. The focus will be on areas such as absenteeism, leave management and efficient processes. The efficiency gains that are going to be realised will allow the department to reprioritise the baseline allocation to key focus areas of service delivery.

#### **Training and educator development**

In line with the National Development Plan, the department will use gaps on performance and other related information which was sourced from the Performance Management and Development System (PMDS) outcomes to focus training on areas that have been identified as critical to improve the overall performance of the department. Part of the training budget allocated under Programme 1 will also be utilized to provide training for senior managers on management and leadership programmes to enhance their management skills. Learnerships and internships for the youth and bursaries for office-based employees are also catered for in programme 1. Part of the budget is also allocated to improve the quality of monitoring and support services provided to schools by corporate and district offices.

Performance management for educators will be conducted as per policy to ensure that accountability is heightened so as to enable training and development interventions to be provided based on Personal Development Plans and Integrated Quality Management System. The Department intends to train educators, mainly on content. Principals will also be trained in leadership and management.

Of critical significance is to continually upgrade educator content knowledge in all learning areas/subjects and support mathematics and science educators on content knowledge and methodology with special attention mathematics, ICT, languages and sciences. Special focus will also be given to multi-grade teaching to assist teachers who are teaching in multi-grade classes.

#### **Teaching and learning**

The spending focus over the MTEF period will be on improving curriculum delivery, particularly through ensuring that special attention is also given to learners in the lower grades given the outcomes of the Annual National Assessments in Grades 3, 6 and 9. The department will roll-out intervention to address low pass rates in these Grades. Concerted effort and special interventions to support Grade 12 learners, particularly those in underperforming schools will also continue in 2015/16 through the implementation of the

Learner Attainment Improvement Plan (LAIP). These special interventions will also be extended to progressed learners.

Basic mathematics and science kits will be provided in all schools and additional mathematics and science classes will be conducted during weekends and holidays. Increasing the rate of girl-learner participation in mathematics and science subjects is a priority. Support and Monitoring through the District office is intended to ensure quality delivery of curriculum in public schools and attainment of learner performance as captured in the Action Plan to 2014: Towards the realisation of schooling 2025.

Provision of high quality learner and teacher support materials as well as workbooks for grades R to 9 has been catered for and will be supported by additional funding from the conditional grants.

School safety unit will facilitate “Adopt a Cop” in schools, train and implement various crime and violence prevention strategies including providing schools with safety guideline materials. The focus of Quality assurance will be to train SGBs, RCLs and SMTs on governance, leadership and management including provision of resources to primary schools in poorly performing Area Offices. Upgrading of public ordinary schools into Full service schools remains a priority and therefore, improvement of infrastructure in public ordinary schools which are being converted to Full Service schools is key. Other additional deliverables include:

- Provision of assistive devices and other relevant equipment to Full Service and Special Schools;
- Enrolment of learners with barriers in Full Service and mainstream schools;
- Appointing of educators and other professional staff, as well as support staff;
- Implementing the SIAS strategy;
- Resource provisioning to selected schools;
- Establishing and developing Resource centres.

Through the provisioning of resources such as assistive devices, transport for learners, computers, personnel and physical infrastructure, learners with barriers to learning get the necessary support to participate in the curriculum optimally. Relevant support such as therapeutic, remedial and learning support is offered to benefit such learners. In this fashion, not only does the department take care of able-bodied learners, but also those with barriers to learning so that they can have access to some level of quality education, which gives them hope of a better life.

### **Public Special School Education**

Increasing access to Special schools is a priority. Assistive devices including transport for learners who attend Special schools will be provided. Expanding opportunities for skills development in special schools to enable learners and youth with disabilities to participate in the economy is a drive uncompromised by the Department. Professional support by specialists e.g. Psychologists, Social Workers, occupational therapists, etc. will be provided. Through the provisioning of resources such as assistive devices, transport, computers, personnel and physical infrastructure, learners with barriers to learning get the necessary support to participate in the curriculum optimally, and relevant support such as therapeutic, remedial and learning support is offered.

### **Early Childhood Development (ECD)**

ECD is one of the priority areas in the National Development Plan. Fortunately for the department, this programme has already been identified as a priority for quite some time now, and the impetus on grade R is further necessitated by the drive to improve the quality for

education in schools. The training of practitioners and the incorporation of Grade R in primary schools works towards improving the education foundation given to children at that young age if they are to succeed at higher grades. Additional funding has been made available to appoint Grade R educators.

### **School Infrastructure**

The focus for 2015/16 is to implement all school and sport infrastructure projects as captured in the 2015/16 Infrastructure Implementation Plan, including on-going projects from the 2014/15. All school infrastructure projects will be designed in line with minimum physical infrastructure standards. This will require effective implementation of the Infrastructure and Maintenance Plans to accelerate service delivery and eliminate school infrastructure backlogs. The focus for the MTEF will be on sanitation to ensure that all public schools in the province have sufficient number of sanitation facilities, which are easily accessible to learners and educators, provide privacy and security, promote health and hygiene and are maintained in good working order. Other areas that will receive special attention in 2015/16 include water supply for drinking, personal hygiene and food preparation.

### **Examination and Education Related Services**

The greater portion of the budget allocated under this programme caters for Annual Provincial Assessments in grades 3, 6 and 9 as well as the National Senior Certificate (Grade 12). Funds from the HIV and AIDS Life Skills conditional grant will be utilized to provide Learner and Teacher Support Material on the HIV and AIDS programme, training of educators on HIV and AIDS related programmes, training of learners on Peer Education, etc.

### **Sport Development**

The department will continue to promote and advance the Resolutions of the National Sport Plan through the Annual Performance Plan, which includes implementation of a refined approach to talent identification and development.

The department through the conditional grant Mass participation plans to resuscitate the school leagues through School Sport Programme. The leagues will be played where school sport is active and will encourage sustainability of events.

## **4. Reprioritisation**

The department has re-aligned the budget allocation in the medium term to accelerate implementation of programs in key focus areas of service delivery.

The 2015/16 budget process focuses on the compilation of reprioritised budgets and service delivery that is aligned with the 14 national outcomes and the NDP. As in the previous MTEF cycle, the department has continued to implement cost-cutting measures to redirect savings into service delivery focus areas.

For 2015/16 financial year, an amount of R89 million from the equitable share on Programme 6, i.e, infrastructure development, has been redirected to Compensation of Employees on Programme 2, in order to reduce pressure on personnel budget.

## **5. Procurement**

The department has developed a departmental procurement plan to facilitate procurement of goods and services for implementation of planned activities.

## 6. Receipts and financing

The greater part of the department's budget comes mainly from the equitable share allocation which is R11.9 billion in the 2015/16 financial year. A substantial amount of R1.4 billion is also allocated through conditional grants as outlined in the Division of Revenue Act (DORA).

Own revenue generated by the department accounts for a very insignificant contribution to the overall budget due to the nature of services that the department provides in terms of its mandate.

### 6.1 Summary of receipts

Table 8.1 below shows a summary of expenditure incurred during the three year period of 2011/12 to 2013/14 as well as estimates for the medium term 2015/16 to 2017/18 measured against the 2014/15 revise estimates.

Table 8.1 : Summary of receipts

| R thousand  | Outcome          |                   |                   | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate  | Medium-term estimates |                   |                   |

Total allocation for the department is increasing from R12.6 billion in the 2014/15 revised estimates to R14.9 billion for the outer year of the medium term. It should be noted that part of the increase in the budget is due to carry-through effect of the annual cost of living adjustments emanating from the public-sector salary negotiations.

### Equitable Share Allocation

The equitable share represents 90 per cent of the total budget of the department. The largest portion of the equitable share budget is allocated towards payment of educator salaries which is the main cost driver in the public education sector. As indicated above the overall budget increases substantially over the seven year period.

The overall equitable share allocation is increasing by 7.8 per cent from 2014/15, which is above the projected CPI growth in the medium term.

### Conditional Grants

- **HIV and Aids (Life Skills Education) Grant:**

To support South Africa's HIV prevention strategy by increasing sexual and reproductive knowledge, skills and appropriate decision making among learners and educators; to mitigate the impact of HIV by providing a caring, supportive and enabling environment for learners and educators; and to ensure the provision of a safe, rights-based environment in schools that is free of discrimination, stigma and any form of sexual harassment. The expenditure for this grant experience steady growth over the 2015/16 MTEF and it is anticipated that the full amount allocated in 2014/15 will be spent.

- **National School Nutrition Programme Grant:**

To enhance learning capacity and to improve access to education by providing nutritious meals to targeted learners. The coverage of the grant has been expanded to include Quintile 3 secondary schools. This grant has seen significant growth from R311 million in 2011/12 to R421.9 million in 2017/18.

- **OSD for Therapist:**

Occupational Specific Dispensation (OSD) for education sector therapists has been allocated an amount of R1.4 million in 2014/15 and R446 thousand in 2015/16 to assist the department to supplement the budget for compensation of employees for therapists. From 2016/17, this is added to the provincial equitable share.

- **Education Infrastructure Grant:**

To help accelerate construction, maintenance, upgrading and rehabilitation of new and existing infrastructure in education; and to enhance capacity to deliver infrastructure in education. The grant has grown from R522 million in 2011/12 to R842.2 million in 2017/18.

- **Mathematics, Science and Technology Grant**

The grant will support schools across the province, which is based on the previous allocation of the then Dinaledi and Technical Schools grants plus an additional list of primary schools. The grant allocation is R105.7 million over the MTEF R33.4 million in 2015/16, R34.7 million and R37.6 million in 2016/17 and 2017/18 .

- **Expanded Public Works Grant to Provinces for Social Sector:**

To incentivize provincial social sector departments identified in the 2011 Social Sector EPWP Log-frame to increase job creation by focusing on the strengthening and expansion of social service programmes that have employment potential. The social sector incentives grant amounts to R2.5 million in 2014/15 and R 9.6 million in 2015/16.

- **Expanded Public Works Programme Integrated Grant:**

Allocations in respect of the Expanded Public Works Programme (EPWP) Integrated Grant for Provinces are made available upfront, based on meeting job targets in the preceding financial year, rather than using in-year performance measures. The EPWP integrated grant amounts to R4.6 million for 2014/15 and R2 million 2015/16.

In 2014/15 the Provincial Executive allocated an amount of R19.6 million as a once-off budget to create employment opportunities to the youth and other unemployed people in the province. No provincial funding for the labour intensive programme has been allocated in the 2015 MTEF.

- **Mass Sport and Recreation Participation Programme:**

The department through the Mass Sport and Recreation Participation conditional grant plans to resuscitate the school leagues through School Sport Programme. The leagues will be played where school sport is active and will encourage sustainability of events. Amongst other things the grant will also be utilised for the appointment of permanent staff and contract workers who will coordinate all the three programmes under the grant, the grant will also be utilised to purchase equipment and playing attire, to support structures and clubs. The grant allocation for 2014/15 is R43.5 million, R40.7 million is allocated in 2015/16 and R46 million in 2016/17 and R48.8 million in 2017/18.

## 6.2 Departmental receipts collection

Table 8.2 below provides summary of revenue collection projected for the medium term.

The major source of own revenue for the department falls under Sale of goods and services other than capital goods which includes commission earned on payroll deductions such as insurance and garnishees, examination and remarking fees, as well as fees for the viewing of scripts. Sales of matric certificate duplicates, receipt books and registers account for a significant proportion of own revenue generated by the department.

Revenue collected increased by 35 per cent from 2011/12 to 2012/13 and by 5 per cent from 2012/13 to 2013/14. Revenue collection increases over the MTEF due to annual adjustments on examination related receipts, which are implemented annually by National Department of Education.

## 7. Payment summary

### 7.1. Key assumptions

The following key assumptions were applied by the department in formulating the 2015/16 MTEF budget:

- Provision is made for improvement in conditions of service (ICS) of 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 2016/17 respectively.
- Provision for pay-progression in respect of support staff who is employed in terms of the Public Service Act is 2 per cent of the salary bill whilst provision for pay-progression in respect of educators has been estimated at 1 per cent of the salary wage bill.
- The overall budget for Goods and Services grows steadily by 2.6 per cent in 2015/16 as a result of provincial budget reduction due to downwards revision of the equitable share of the province.
- Management has adopted Cost containment measures to contain operational expenditure.

Additional main assumptions underpinning the department's budget in the medium term are as follows:

- The greater portion of the budget goes to Compensation of employees as the main cost driver for services rendered by the department.
- Funding of schools is in line with National Norms and Standards for School Funding and the equalization of no-fee schools.
- Adequate supply to top-up Learner and Teacher Support Material.
- School infrastructure development including sanitation and upgrade of buildings.
- Initiatives for inclusive education to continue in 2015/16.
- Universalization of Grade R in public ordinary schools.
- Promote Mass Participation in Sport.

## 7.2 Programme Summary

The budget structure for the department has changed to seven programmes with effect from 2015/16, with Programme 05 (Further Education and Training) and Programme 06 (Adult Education and Training) have been removed in line with Government policy decision to move the function to Higher Education. Programme 8 being added to become Sport Development as result of reconfiguration of departments in the province. Comparative figures have been amended accordingly for prior years.

The table 8.3 below provides a summary of payments and estimates of expenditure according to eight programmes over the seven year period from 2011/12 to 2017/18.

Table 8.3 : Summary of payments and estimates by programme: Education and Sports Development

| <b>Total payments and estimates</b>           | <b>9 882 315</b> | <b>10 421 283</b> | <b>11 665 538</b> | <b>12 241 618</b>  | <b>12 300 407</b>                 | <b>12 592 470</b> | <b>13 432 321</b>     | <b>14 080 829</b> | <b>14 881 647</b> |

It indicates that from 2011/12 to 2013/14 total payments grew from R9.8 billion to R11.6 billion. From 2011/12 to 2012/13 total payment increased by 5.5 per cent and from 2012/13 to 2013/14 increase substantial by 12.2 per cent, higher increase is attributed to infrastructure development programme. The Infrastructure Development programme has fluctuated significantly over the years. The programme decreased from R602.3 million in 2011/12 to R341.1 million in 2012/13 and then increased to R737.8 million in 2013/14.

The 2014/15 revised estimate budget is comparatively higher than the main appropriation due to existing pressure on compensation of employees' budget.

Over the 2015 MTEF, the budget is projected to grow from R13.432 billion to R14.8 billion. The allocation grows by 6.7 per cent in 2015/16 and 4.8 per cent and 5.7 per cent in 2016/17 and 2017/18 respectively.

It is important to note that, the 2014/15 indicative budget baseline of the department was reduced by R68.2 million as a result of provincial budget cut. Also in the 2015 MTEF, the department received reduced allocations as a result of the reduced equitable share of the Province, which amounted to R44 million in 2015/16 and R75.1 million in 2016/17.

All programmes show a reasonable budget growth over the medium term of 2015/16 MTEF, albeit at different rates.

## 7.3 Summary of economic classification

The table 8.4 below provides a summary of payments and estimates of expenditure according to economic classification over the seven year period from 2011/12 to 2017/18.

Table 8.4 : Summary of provincial payments and estimates by economic classification: Education and Sports Development

| R thousand  | Outcome          |                   |                   | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate  | Medium-term estimates |                   |                   |
|---|------------------|-------------------|-------------------|--------------------|-----------------------------------|-------------------|-----------------------|-------------------|-------------------|
|   | 2011/12          | 2012/13           | 2013/14           |                    |                                   |                   | 2015/16               | 2016/17           | 2017/18           |

**Compensation of employees:** Actual expenditure for compensation of employees has increased at an average rate of 14.7 per cent from 2011/12 to 2013/14 primarily due to implementation of personnel related sector priorities such as Occupation Specific Dispensation and rural incentives for educators. Since the introduction of the agreements, the department's ability to fully meet its personnel needs has been placed under extreme pressure as a result of the actual cost of the wage bill and OSD agreements not being fully funded. The high annual cost of living adjustments (ICS) during the same period has also contributed to this increase.

Expenditure incurred by the department on compensation of employees grew by R652 million from R7.6 billion in 2011/12 to R8.2 billion in 2012/13 representing an increase of 8.5 per cent and by R705.9 million from R8.2 billion in 2012/13 to R9 billion in 2013/14 which represents an increase of 8.5 per cent. However, when comparing the 2013/14 actual expenditure of R9 billion to the 2014/15 adjusted appropriation of R9.4 billion, compensation of employees' budget increases by only 4.7 per cent.

It must be noted that for 2013/14 financial year the department overspent its compensation of employee budget by R171 million due to personnel budget allocation not growing to the extent of the inflationary adjustments, meaning the budget baseline growth of 4.8 per cent against 6.3 per cent actual salary increment. However, since then, the allocation has not been sufficient to cover the costs associated with Compensation of employees.

The 2014/15 revised estimate reflects higher spending than the 2014/15 adjusted appropriation due to the pressures that exist on Compensation of employees. In the 2014/15 revised estimate, the department is projecting to over-spend its Compensation of employees budget by R252 million. The influencing factors have been largely due to the higher than anticipated wage agreements, and no additional allocation have been made available for the 2014/15 general salary increase which came at 7.4 per cent, which is 0.9 per cent more than the projected 6.4 per cent in the budget.

Allocations over the 2015 MTEF provide carry-through costs of all key priorities in the social sector such as funding for the re-grading of clerical positions to level 5, appointment of assistant administrative offices at school, employment of Grade R educators. In 2015/16, personnel costs increases by 6.2 per cent on average from the revised estimate of R9.6 billion in 2014/15 to the 2015/16 budget of R10.2 billion.

**Goods and services:** increased from 2011/12 onward. The increase is as a result of the allocation for various priorities such as teacher development, learner attainment improvement strategy, as well as the increased allocation for LTSM. Over the MTEF period, payments for

goods and services are estimated to increase by 2.3 per cent on average as a result of provincial budget cuts.

**Transfers and subsidies:** Departmental agencies and accounts cater for transfers made to the Education Training and Development Practices Sector Education and Training Authority (ETDP SETA) in respect of the skills development levy.

**Transfers and subsidies:** Non-profit institution caters mainly for Section 21 funding of Public Ordinary Schools, Independent Schools, ECD centres in terms of the norms and standards for funding of schools and NSNP. Section 21 transfer payments to Public Ordinary Schools and Grade R facilities will continue to increase substantially to the equalization of funding for No-fee schools in Quintiles 1 to 3. This will ensure that all No-fee schools in the province will receive the same per learner allocation.

**Transfers and subsidies:** Households caters for exit costs including payment of leave gratuity. From 2011/12 to 2013/14 leave gratuity expenditure increase by 53 per cent. The major fluctuations can be ascribed to inadequate funding due to increased number of employees exiting the system. Although the 2015/16 budget is increasing by a considerable 56.1 per cent or R20.6 million from 2014/15, this growth is still not adequate based on the 2013/14 expenditure outcome.

**Payments for capital assets:** Total budget for buildings and fixed structures mainly focuses on the upgrading and rehabilitation of existing school infrastructure, including construction of additional classrooms to ensure that all school facilities provide a conducive environment for effective teaching and learning to take place.

**Building and other fixed structures** increases from R519.3 million in 2011/12 to R925.7 million in 2015/16; this is mainly attributable to the increase in the Education Infrastructure grant.

Increase on **machinery and equipment** between 2011/12 and 2014/15 is mainly on the Maths, Science and Technology grant to ensure that technical secondary schools are provided with the necessary equipment to enhance curriculum delivery. The other main contributing factor to the marked increase of the economic classification is funds allocated to purchase pool vehicles.

## Summary of earmarked funds

Table 8.5 below provides a summary of payments and estimates of expenditure for earmarked funds over the seven year period from 2011/12 to 2017/18.

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

The department's budget for infrastructure development is funded mainly from the Education Infrastructure Grant. Funding has increased substantially over the past few years due to substantial allocations on infrastructure grant. Total infrastructure budget increases from R710.4 million in 2014/15 to R940.7 million in 2017/18.

### 7.5 Departmental Public-Private (PPP) projects

There are no projects funded through Private Public Partnership in the department for the MTEF period.

## 7.6 Transfer payments

### 7.6.1 Transfers to public entities- Nil

### 7.6.2 Transfers to other Entities (for example NGO's/ Institutions)

The table below provides a summary of transfer payments and estimates to section 21 schools over the seven year period from 2011/12 to 2017/18.

Table 8.7 : Summary of departmental transfers to other entities

### 7.6.3 Transfers to local government- Nil

## 8. Receipts and retentions: Provincial Legislature

Not applicable to the department.

## 9. Programme Description

### Programme 1: Administration

#### Programme description and objectives:

The programme deals with functions that are supportive to the management of the education system such as human resource functions, financial management and procurement functions, information systems and quality assurance functions. The objective of the programme is to provide overall management of the education system in accordance with the National Education Policy Act, the Public Finance Management Act, and other policies. The programme has six sub-programmes with the following objectives:

- Office of the MEC: To provide for the functioning of the office of the Member of the Executive Council (MEC) for Education and Sport Development.
- Corporate services: To provide management services that are not education specific for the education system.
- Education management: To provide education management services for the education system.
- Human Resource development: To provide human resource development for office-based staff. Human Resources Development's budget is inclusive of the employees' bursary budget, as well as the funds for skills development.
- Conditional Grants: To provide for projects under Administration specified by the department of Basic Education and funded by conditional grants.
- Education Management Information System: To provide an Education Management information System (EMIS) in accordance with the National Education Information Policy.

Tables 8.8 and 8.9 below provide allocations per sub-programme as well as economic classification for programme 1.

The spending focus for the Administration programme over the medium term will be on provision of administrative support to districts and circuit offices across the entire province.

The budget of the Office of the MEC receives an allocation for administrative costs only. The budget increased from an allocation of R9 million in 2014/15 to R9.1 million in 2015/16, indicating an increase of 1.7 per cent. The budget is largely influenced by the increase in administration costs and salary increases.

The budget for Corporate Services is inclusive of the entire department's support services financial requirements. Included under this sub programme are financial management, legal services, provisioning, logistics, cleaning or security, ICT for office management and communication. The budget increased from R339.6 million in 2014/15 to R348.7 million in 2015/16, a rand value increase of R9.1 million and the budget remained stable over the MTEF largely influenced by salary increases.

Education Management budget is inclusive of all costs related to education delivery requirements and forms the bulk of the budget in this programme. The sub-programme functions include education planning, Quality Assurance, Information Management, subject advisors, payments for circuit and district managers. The overall budget of the Education Management sub-programme increased with R21.4 million, which translates to a 7.1 per cent increase from 2014/15 to 2015/16 and the budget increase steadily over the two outer years of the MTEF, largely influenced by salary increases.

Human Resources Development budget is inclusive of the employees' bursary budget, as well as the funds for skills development. Human Resources Development budget decreased in the 2015/16 financial year by 3.2 per cent due to the implementation provincial budget cut for 2015/16 MTEF .

Education Management Information System (EMIS) grows significantly from the 2014/15 onward in order to ensure the speedy roll-out of the South African Schools Administration and Management System (SA-SAMS).

In the main, the overall allocation for the programme grows modestly over the MTEF mainly due to the fact that the department is planning to reduce spending on operations and in favor of other key priorities been adopted by management. These measures will ensure that the greater parts of the department's resources are directed to the key focus areas of service delivery. Consequently the operational budget for the programme is expected to be under a lot of pressure given the fact that cost drivers such as municipality services and security services are expected to increase considerably in the medium term.

However, implementation of the programme's key deliverables will be prioritized despite challenges of the envisaged cost- containment measures to be effected from 01 April 2015. Among the prioritized activities for 2015/16 is the training of office based staff and newly elected School Governing Bodies, aligned with the roll out of the South African School Administration Management System (SA-SAMS). Adequate funding has been allocated to continue with initiatives that are intended to strengthen financial and human resources management and accountability in the department.

Compensation of employees grows consistently between 2011/12 to 2013/14 and over the 2015/16 MTEF. The substantial increase on compensation of employees is due to improvement in condition of service associated with the spending pressures on personnel.

Goods and services expenditure fluctuates, with 2012/13 being higher than 2013/14, due to vigorous cost-cutting being implemented in the latter financial year. For 2015/16, the budget decrease by 2.1 per cent from the 2014/15 revised estimate due to cost-cutting and over the 2016/17 and 2017/18 it grows by 5.8 per cent respectively.

The main cost drivers of the programme include training of office based employees as well as fixed costs such as municipality and security services. Provision for fleet services for government motor transport travelling log sheet was centralised in programme 1 with the aim of controlling and monitoring the usage costs.

### **Service delivery measures**

| Programme Performance Measures   | 2015/16  | 2016/17  | 2017/18  |
|--|----------|----------|----------|
|  | Estimate | Estimate | Estimate |
| Number of public schools that use the schools administration and management systems to electronically provide data to the national learner tracking system | 1 443    | 1 400    | 1 400    |
| Number of public schools that can be contacted electronically (e-mail)   | 1 494    | 1 480    | 1 470    |
| Percentage of education current expenditure going towards non-personnel items  | 10%      | 10%      | 10%      |
| Number of schools visited by district officials for monitoring and support purposes  | 1 512    | 1 512    | 1 512    |

### **Programme 2: Public Ordinary School Education**

#### **Programme description and objectives:**

To support and monitor the implementation of the Curriculum Assessment Policy Statement in all schools from Grade 1 to Grade 12 and to improve learner performance in literacy and numeracy through quality curriculum implementation. The programme deals with public ordinary schools which largely comprise of no-fee public ordinary schools.

The Public Ordinary School Education programme represents the core function of the department and its aim is to provide public ordinary education from Grades 1 to 12 in accordance with the South African Schools Act. The programme has six sub-programmes with the following objectives:

- Public primary schools: To provide specific public ordinary primary schools with resources required for grades 1 to 7;
- Public secondary schools: To provide specific public ordinary secondary schools with resources required for grades 8 to 12;
- Human Resource Development: To provide departmental services for the professional and other development of educators and non-educators in public ordinary schools;
- In-school Sport and Culture: To provide additional and departmentally managed sporting and cultural activities in public ordinary schools;
- Conditional Grant - School Nutrition Programme: To provide nutrition in public primary schools as specified by the Department of Education and Sport Development;
- Conditional Grant - Maths, Science and Technology Grant: To provide support and resources to schools, teachers and learners for the improvement of math, science and technology teaching and learning at selected public schools.

Tables 8.10 and 8.11 below provide allocations per sub-programme as well as economic classification for programme 2.

Programme 2 is the largest budget programme in the department with 70 per cent of the total budget allocated to this programme in the 2015/16 financial year. The budget grows consistently over the 2015/16 MTEF in line with inflationary adjustments and the allocation for various priorities. The overall budget grows by 5 per cent in 2015/16, 6 per cent and 5.7 per cent in 2016/17 and 2017/18 respectively.

The expenditure increased by R1.2 billion from R7.6 billion in 2011/12 to R8.8 billion in 2013/14 with the increase influenced inter alia by higher expenditure on compensation of employees, increased spending on LTSM and the allocations to the no-fee school policy as well as the expansion of the national school nutrition programme in the education sector. Over the 2015 medium term the budget has been allocated for the same objectives as mentioned above to make provision for carry through costs.

The significant increase in the sub-programmes Public Primary Schools and Public Secondary Schools from 2011/12 onward can mainly be ascribed to the carry-through of the higher than anticipated wage agreements. A large portion of the additional allocation in respect of the OSD for educators and the higher than anticipated 2013 wage agreement was allocated to the Public Primary Schools and Public Secondary Schools sub-programmes, as they bear the largest weight of the shortfall, leaving other sub-programmes within Programme 2 as well as other programmes without sufficient funds to cater for the carry-through costs of the higher than anticipated wage agreement

The Human Resource Development sub-programme expenditure in 2011/12 and 2013/14 fluctuated evidently over the period under review, with very low spending in 2013/14 due to cost-cutting. The 2014/15 Main Appropriation reflects a substantially higher allocation as the department allocated the full skills development budget to this programme, as there is an acknowledgement of the importance of improving its employee skills base. The allocation over the 2015/16 MTEF is based on a similar premise.

The In-school Sport and Culture sub-programme reflects a steady increase over the seven-year period from 2011/12 to 2017/18 to enable the department to deliver on its social cohesion goal.

The National School Nutrition Programme grant shows a marked increase over the medium term due to the progressive implementation of the programme to all deserving learners across the province. The programme benefits the greater number of learners in our public schools. The budget allocation of this grant is R381.5 million and R401.7 million for 2015/16 and 2016/17 respectively.

Mathematics, Science and Technology Grant will support schools across the provinces, which are based on the previous allocation of the then Dinaledi and Technical Schools grants plus an additional list of primary schools. The grant allocation is R105.7 million over the MTEF R33.3 million in 2015/16, R34.7 million and R37.6 million in 2016/17 and 2017/18

Compensation of employees' allocation for 2015/16 reflects a 6.1 per cent growth from the 2014/15 revised estimate, largely due to the internal reprioritisation that was undertaken by the department. Infrastructure projects voted funds have been redirected to reduce pressure on Compensation of employees budget. However, such reprioritisations are not sufficient to cover the carry-through effects of the under-funding of prior years. The last year of the MTEF is inclusive of an allocation for the appointment of assistant administration officers at school and regarding of clerks and appointment of Grade R educators.

The lower budget for Goods and Services for 2015/16 MTEF compared to the 2014/15 main appropriation relates to reallocation of the learner and teacher support material budget between programme 2 and 7. Provision for learner and teacher support material budget for Grade R which was previously allocated under programme 2 is now being reallocated to programme 7 in line with the budget structure. The 2015/16 MTEF reflects a substantial higher allocation towards main programme cost drivers such as teacher development and provision of learner and teacher support material.

Transfers and subsidies to: Non-profit institutions allocation grows consistently over the 2015/16 MTEF in line with inflationary adjustments. The budget caters for various priorities such as no fee schools including all section 21 public ordinary schools and NSNP grant.

Transfers and subsidies to: Households relates to staff exit costs; expenditure reflects a significant increase of 30 per cent between 2011/12 to 2013/14. This added to the pressures which the department experienced due to budgetary constraints caused by Compensation of employees.

Increase on machinery and equipment between 2011/12 and 2014/15 is mainly on the Maths, Science and Technology grant to ensure that technical secondary schools are provided with the necessary equipment to enhance curriculum delivery. The other main contributor to the marked increase of the economic classification is additional funds allocated to purchase pool vehicles.

### Service delivery measures

| Programme Performance Measures   | 2015/16  | 2016/17  | 2017/18  |
|--|----------|----------|----------|
|  | Estimate | Estimate | Estimate |

| Number of learners in public ordinary school benefiting from the no-fee school policy  | 702 802  | 723 886  | 745 602  |
| Number of educators trained on Literacy/Language content and methodology   | 2 700    | 2 700    | 2 700    |
| Number of educators trained on Numeracy/Mathematics content and methodology  | 3 000    | 3 000    | 3 000    |

### Programme 3: Independent School Subsidies

#### Programme description and objectives:

The programme provides financial support to learners in independent schools that meet the set criteria in line with the South African Schools Act. The programme has two sub-programmes with the following objectives:

- Primary phase: To support independent schools in the Grades 1 to 7 phase; . The budget for this sub-programme increases by 5 per cent, 4.8 per cent and 5 per cent over the MTEF.
- Secondary phase: To support independent schools in the Grades 8 to 12 phase. The budget for this sub-programme increases by 5 per cent, 6.7 per cent and 5 per cent over the MTEF.

Tables 8.12 and 8.13 below provide allocations per sub-programme as well as economic classification for programme 3.

The larger portion of the subsidy allocation goes to the Primary Phase as a proportion of the number of learners in primary schools than in secondary schools increases. The subsidy allocation shows a marked increase over the medium term due to the progressive implementation of the programme to all learners across independent schools the province.

However, the number of independent schools which may be eligible to receive state subsidy is expected to increase in future given the trend of the new independent schools that are established throughout the nine provinces.

### Service delivery measures

|---|------------------|------------------|------------------|
|   | Estimated        | Estimated        | Estimated        |
| Number of subsidised learners in independent schools                            | 8 400            | 8 400            | 8 400            |
| Percentage of registered independent schools receiving subsidies                | 39%<br>(36 (23)) | 39%<br>(37 (24)) | 39%<br>(37 (24)) |
| Percentage of registered independent schools visited for monitoring and support | 100%             | 100%             | 100%             |

### Programme 4: Public Special School Education

#### Programme description and objectives:

Special schools are required to cater for learners who are experiencing severe barriers to learning and who require high levels of support. The role of special schools as articulated in White Paper 6, suggests a radical transformation.

The objective of the programme is to provide compulsory public education in special schools in accordance with the South African Schools Act and White paper 6 on Inclusive Education. The programme has five sub-programmes with the following objectives:

- Schools: To provide specific public special schools with resources.
- Human Resource Development: To provide departmental services for the professional and other development of educators and non-educators in public special schools.
- Conditional Grants: To provide for projects under programme 4 by the Department of education and funded by conditional.

Tables 8.14 and 8.15 below provide allocations per sub-programme as well as economic classification for programme 4.

The spending on special schools has increased from R240.9 million in 2011/12 to R331.3 million in 2013/14; as a result of the department's responsibility of ensuring that all learners with special educational needs are suitably accommodated in institutions that are appropriately resourced. The allocation reaches a steady growth of R365.6 million in 2014/15 and R390.3 million in 2015/16 to R436.8 million in 2017/18 financial year. The increase in expenditure is mainly due to the cost-of-living adjustments, occupational specific dispensation, growth in learner numbers, inflation as well as for expanding inclusive education.

Compensation of employees' expenditure grows from R186.5 million in 2011/12 to R267.7 million in 2013/14 and a further R275.3 million in 2014/15. Over the MTEF it grows from R293.2 million in 2015/16 to R329.2 million in 2016/17 due to cost of living adjustments and the OSD allocated for therapists amounting to a total of R446 thousand.

The Goods and services budget baseline increases from R3.9 million in 2014/15 to R6 million in 2015/16. The increase is the result of added allocation of the learner and teacher support material under this programme.

The budget for transfer payments increased from R85.3 million in 2014/15 to R89.9 million in 2015/16; indicating a percentage growth of 5.5 per cent. These transfers show an increase from R89.9 million in the 2015/16 to an estimated R99.8 million in the 2017/18 financial year. The increase is attributed mainly to growth in learner numbers and inflationary adjustments.

Capital Payments shows a consistent growth over 2014/15 MTEF, these funds are earmarked for procurement of vehicles for public special schools.

The significant increase from 2014/15 onward against the Schools sub-programme is due to the additional allocation that was received to support inclusive education, and this continues over the 2015/16 MTEF as evident by the healthy growth.

Human Resource Development sub-programme reflects steady growth of 5 per cent over the 2015/16 MTEF. The allocation for teacher development is meant to improve the performance of educators in the special schools in the province.

The department received additional funds for Occupation Specific Dispensation (OSD) for therapists in the form of a conditional grant for 2014/15 and 2015/16, hence the above-average increase in the Compensation of Employees budget. From 2016/17, this is added to the provincial equitable share.

### Service delivery measures

| Programme Performance Measures   | 2015/16   | 2016/17   | 2017/18   |
|--|-----------|-----------|-----------|
|  | Estimated | Estimated | Estimated |
| Percentage of learners with special needs in special schools retained in school until age 16 | 3%        | 3%        | 3%        |
| Percentage of special schools serving as Resource Centres                                    | 13%       | 13%       | 13%       |

### Programme 5: Early Childhood Development

#### Programme description:

This programme caters for pre-school education, i.e. for pre-Grade R and for Grade R in Early Childhood Development centers and in primary schools. The objective of the programme is to provide Early Childhood Education (ECD) at Grade R and earlier levels in accordance with White Paper 5. The programme has six sub-programmes with the following objectives:

- Grade R in Public schools: To provide specific public ordinary schools with resources required for Grade R.
- Grade R in community centres: To support particular community centres at the Grade R level
- Pre-Grade R (0 – 4): To provide particular sites with resources required for pre-grade R.
- Professional Services: To provide educators and learners in ECD sites with departmentally managed support services.
- Human Resource Development: To provide departmental services for the professional and other development of educators and non-educators in ECD sites.
- EPWP Grants: To provide for projects under programme 7 specified by the department of education and funded by conditional grants.

Tables 8.16 and 8.17 below provide allocations per sub-programme as well as economic classification for programme 5.

The Early Childhood Development programme expenditure has increase from R223.2 million in 2011/12 to R336.3 million in 2013/14; indicating a percentage growth of 14.2. This increase can be attributed to the expansion of Grade R by providing remuneration and training to Grade R Educators and providing resources required to run an ECD centre.

The budget increases by 14.4 per cent from R409.7 million in 2014/15 to R468.5 million in the 2015/16, then increase by 4.4 per cent and 6.4 per cent in 2016/17 and 2017/18 respectively. The substantial increase in the medium term represents additional funds allocated to accelerate the universalization of Grade R which is a national sector priority. With the substantial increase in the allocation for Early Childhood Development, the department will be able to achieve its targets as set out in the Strategic Plan of the department.

The largest portion of the programme budget is allocated to the sub-programmes Grade R in Public Schools, which has increased by 18.9 per cent from 2011/12 to 2013/14. The expenditure for this programme increases significantly between 2014/15 and 2015/16, mainly due to additional allocations for Grade R educators and funds prioritised for the procurement of LTSM for new Grade R primary schools. The carry-through costs of this additional funding is provided for in the outer years of the 2015 medium term.

Grade R in Community Centres reflects an increasing trend over the period under review. The responsibility for the department, as far as Pre-Grade R is concerned, is to offer training ECD practitioners. The budget has a steady growth over the 2015/16 MTEF.

Pre-Grade R (0-4yrs) provides training and payment of stipends of Pre-Grade R Practitioners. The increase in expenditure is mainly due to an increase in the training of ECD Learnerships.

The Human Resource Development sub-programme's budget is allocated on ECD, and thus counters the shortage of qualified educators in this area. Expenditure increases by 5.3 per cent and 5 per cent over the 2015/16 MTEF.

EPWP Grants: The social sector incentives grant amounts to R2.5 million in 2014/15 and increase to R9.6 million in 2015/16, attributed to the increase in the Conditional Grant funding for the Social Sector Expanded Public Works Programme Incentive Grant for Provinces. This is allocated for the payment of stipends to volunteers in order to enhance and expand services within the social sector whilst concurrently creating work opportunities.

Compensation of Employees allocation has increased significantly over the 2014/15 main appropriation and over 2015/16 MTEF to increase the number of Grade R educators.

Goods and Services grow significantly over the 2015/16 MTEF compared to 2014/15 mainly due to the reallocation of LTSM fund for Grade R primary schools previous allocated in programme 2.

Transfer Payments included under this programme involved subsidy for Grade R in public primary schools and Grade R in Community Centres and also funding for training of ECD practitioners. The increase is attributed mainly to growth in learner numbers and inflation. In 2016/17, Transfers & Subsidies decrease by 4.9 per cent due to the once off allocation of R9.6 million to Social Sector EPWP incentive grant.

Machinery and equipment relates to funding for the resourcing of Grade R primary schools. The budget grows consistently over a seven year period from 2011/12 to 2017/18.

### Service delivery measures

| Programme Performance Measures  | 2015/16   | 2016/17   | 2017/18   |
|---|-----------|-----------|-----------|
|   | Estimated | Estimated | Estimated |
| Number of public schools that offer Grade R                               | 915       | 930       | 940       |
| Percentage of Grade 1 learners who have received formal Grade R education | 100%      | 100%      | 100%      |
| Percentage of employed ECD practitioners with NQF level 4 and above       | 0         | 0         | 0         |

### Programme 6: Infrastructure Development

#### Programme description:

To provide and maintain infrastructure facilities for the administration and schools. This programme consists of four sub-programmes:

- Administration: To provide office infrastructure development and maintenance for the administration.
- Public Ordinary Schools: To provide infrastructure development and maintenance in public ordinary schools (main stream and full service schools).
- Special Schools: To provide infrastructure development and maintenance in special schools.
- Early Childhood Development: To provide Infrastructure development and maintenance for early childhood development.

Tables 8.18 and 8.19 below provide allocations per sub-programme as well as economic classification for programme 6.

| <b>Total economic classification</b>                | <b>602 399</b> | <b>341 122</b> | <b>737 860</b> | <b>710 462</b>     | <b>782 647</b>                 | <b>782 647</b>   | <b>997 107</b>        | <b>947 414</b> | <b>940 782</b> |

The expenditure for this programme fluctuated from R602.3 million in 2011/12 and decreased to R341.1 million in 2012/13 only to increase again to R737.8 million in 2013/14 financial year. The decreases in expenditure for this programme in 2012/13 is mainly due to funds amounting to R145.7 million which were originally transferred to the Independent Development Trust for implementation of school infrastructure projects on behalf of the department, but was only spent in 2013/14 .

In the 2014/15 main appropriation funding for the programme was R710.4 million, which is made up of constitutes R623.6 million from the infrastructure grant; R2 million EPWP integrated grant and R82.8 million from equitable share allocation. An amount of R63.2 million was earmarked for school maintenance projects and R21.6 million was set aside full service schools in respect of the equitable share allocation.

Infrastructure development budget increased from R710.4 in the 2014/15 main appropriation, to R940.7 million in 2017/18, in line with the increased funding allocated to Education Infrastructure Grant.

For 2015/16, the infrastructure programme budget is R954.1 million, which constitutes R952.247 million from infrastructure grant and R2 million EPWP integrated grant. In addition for the 2015/16 financial year, due to the pressures that exist in Compensation of employees, funding of R89 million from the equitable share allocation under this programme has been redirected to programme 2: Public Ordinary Schools reduce pressure on personnel budget. The allocation of R947.4 million for 2016/17 include R853.6 million from the infrastructure grant and earmarked allocation amounting to R68.2 million and R25.4 million for maintenance and full services schools. R940.7 million in 2017/18 include R842.3 million from the infrastructure grant and R68.2 million and R25.4 million for maintenance and full services schools.

Sub-programme: Public Ordinary Schools receives the largest portion of the infrastructure budget, with an allocation of R906.9 million in the 2015/16 financial year. The increase in the budget is an indication of the effort the Department is putting in, to ensure that every learner has access to education in the province.

Public Special Schools Education sub-programme reflects an increasing trend between 2011/12 and 2013/14, and with a significant increase in 2014/15 due to the construction of schools for learners with special needs. Early Childhood Development sub-programme allocation increase consistently between 2014/15 and 2017/18. The budget allocated for Goods and services is to cater for the maintenance and repairs allocation.

Transfers and subsidies: Non-profit institutions includes portion of maintenance of school budget which was implemented through the Itireleng School Maintenance project and other similar initiatives. Under this project funds were transferred to schools to deal with infrastructure challenges that cannot be accommodated in the school budget provided by the department through Section 21 School Funding Norms allocations.

Due to significant reprioritisation in 2014/15 the department changed the delivery model, the programme will implement a centralized procurement approach, which has resulted in the re-allocation of related funds from Transfers and Subsidies to Goods and Services.

Included under transfer for 2014/15 and 2015/16 is an allocation of R2 million for EPWP integrated grant. Allocations in respect of the Expanded Public Works Programme (EPWP) Integrated Grant for Provinces are made available upfront, based on meeting job targets in the preceding financial year, rather than using in-year performance measures.

The budget for payment for capital assets, which includes the line item buildings and other fixed assets, increased by 32 per cent, which translates to an amount of R212.1 million. This increase can be attributed to the focus of the refurbishment of fixed structures as well as well as provision of mobile classrooms, maintenance and repairs, upgrading and refurbishment of infrastructure.

### **Programme 7 – Examination and Education Related services**

#### **Programme description and objectives:**

To provide the education institutions as a whole with examination and education related services. The programme has four sub-programmes with the following objectives:

- Payments to SETA: To provide employee human resource development (HRD) in accordance with the Skills Development Act.;
- Professional Services: To provide in schools with departmentally managed support services;
- Special Projects: To provide for special departmentally managed intervention projects in the education system as a whole;
- External Examinations: To provide for departmentally managed examination services.;
- Conditional Grant projects: To provide HIV/AIDS (Life skills) training and support to all learning institutions across the curriculum and projects specified by the National Department of Basic Education and applicable to more than one programme and funded with conditional grants.

Tables 8.20 and 8.21 below provide allocations per sub-programme as well as economic classification for programme 7.

| <b>Total economic classification</b>                | <b>521 309</b> | <b>564 110</b> | <b>570 980</b> | <b>673 383</b>     | <b>654 535</b>                    | <b>654 535</b>   | <b>688 685</b>        | <b>695 097</b> | <b>776 554</b> |

Expenditure for the programme increased by R49.6 million from R521.3 million for 2011/12 to R570.9 million for the 2013/14 financial year. For 2015/16 MTEF the programme received an allocated budget of R688.6 million showing an increase of 5.2 per cent.

Compensation for employees shows a decline in 2015/16 due to the once off additional funding of R19.6 million received in 2014/15 for Labour intensive programme. No provincial funding for the labour intensive programme has been allocated in the 2015 MTEF. The budget increases steadily in 2016/17 to 2017/18.

The goods and services budget for the programme increased from R271.5 million for 2014/15 to R291.7 million in 2015/16, an increase of 5.2 per cent and decline by 5 per cent in 2016/17 as result of budget cut. A significant portion of the department's budget is devoted to the intervention strategies to improve the quality of learning in the province.

Bursaries to the amount of R1million over the 2015/16 MTEF were decentralized from the Office of the Premier.

Sub-programme Payments to SETA reflects a steady increase over the seven-year period, as its budget allocation is linked to the department's wage bill. Professional Services sub-programme increases by 5 per cent and 5.3 per cent over the MTEF.

Special Projects' budget reflect a decline in 2015/16 compared to 2014/15 main appropriation as a result of provincial budget cut and also due to the once off additional funding of R19.6 million for Labour intensive programme in 2014/15;

External Examinations sub-programme experience budget decline due to Adult Education and Training (AET) function shifts. The portion of exam operational budget in respect of this function will be shifted to the national department of Higher Education and Training from 1 April 2015.

Conditional Grant projects sub-programme decrease from an allocation of R17.5 million in 2015/16 to R16.5 and R17.8 million in 2016/17 and 2017/18 respectively.

### Service delivery measures

| Programme Performance Measures  | 2015/16   | 2016/17   | 2017/18   |
|---|-----------|-----------|-----------|
|   | Estimated | Estimated | Estimated |
| Percentage of learners who passed National Senior Certificate (NSC)                                       | 88.50%    | 89%       | 89.50%    |
| Percentage of Grade 12 learners passing at Bachelor level   | 36.50%    | 37%       | 37.50%    |
| Percentage of Grade 12 learners achieving 50% or more in Mathematics                                      | 32.50%    | 34%       | 36.50%    |
| Percentage of Grade 12 learners achieving 50% and above in Physical Science                               | 32.50%    | 33%       | 34.50%    |
| Percentage of Grade 3 learners achieving 50% and above in Home Language in the Annual National Assessment | 60%       | 60%       | 65%       |
| Percentage of Grade 3 learners achieving 50% and above in Mathematics in the Annual National Assessment   | 53%       | 56%       | 60%       |
| Percentage of Grade 6 learners achieving 50% and above in Home Language in the Annual National Assessment | 75%       | 63%       | 67%       |
| Percentage of Grade 6 learners achieving 50% and above in Mathematics in the Annual National Assessment   | 30%       | 53%       | 63%       |
| Percentage of Grade 9 learners achieving 50% and above in Home Language in the Annual National Assessment | 60%       | 57%       | 64%       |
| Percentage of Grade 9 learners achieving 50% and above in Mathematics in the Annual National Assessment   | 5%        | 55%       | 65%       |

### Programme 8: Sport Development

#### Programme description:

Provision of sustainable mass participation opportunities across the age spectrum to promote physically active lifestyle, whilst providing support to institutions and infrastructure that increase participation and excellence in sports. Promotion and implementation of Sport programmes through related policies and strategies co-ordinated:

- Sports: To ensure mass participation in sport programmes.
- School Sport: Increase participation of schools in sports and mass participation programmes

Tables 8.22 and 8.23 below provide allocations per sub-programme as well as economic classification for programme 8.

Programme 8 includes Mass Sports Participation Conditional grant of which an amount of R43.5 million was allocated in 2014/15 and over the 2015/16 MTEF, R40.7 million and R48.8 million was allocated. The department through the conditional grant Mass Sports Participation plans to resuscitate the school leagues through School Sport Programme. The leagues will be played where school sport is active and will encourage sustainability of events.

Amongst other things, the grant will also be utilised for the appointment of permanent staff and contract workers who will coordinate all three programmes under the grant, which will also be utilised to purchase equipment and playing attire, to support structures and clubs.

## Service delivery measures

| Programme Performance Measures   | 2015/16   | 2016/17   | 2017/18   |
|--|-----------|-----------|-----------|
|  | Estimated | Estimated | Estimated |
| Number of people actively participating in organised sport and active recreation events                              | 7 000     | 7 000     | 7 500     |
| Number of learners participating in school sport tournaments at a district level                                     | 7 000     | 7 500     | 8 000     |
| Number of schools, hubs and clubs provided with equipment and / or attire as per the established norms and standards | 240       | 350       | 400       |
| Number of athletes supported by the sports academies.  | 360       | 380       | 380       |
| Number of sport academies supported.   | 5         | 5         | 5         |

## 9.3 Other program information

### 9.3.1 Personnel numbers and costs

### 9.3.2 Training

A substantial amount of the departmental budget goes towards training of staff, both office-based and school based personnel as required by the skills Development Act. The greater portion of the Human Resource Development funds is allocated under Programme2: Public Ordinary School Education. These funds include amongst others, travelling and accommodations costs during training sessions.

Table 8.26 : Payments on training by programme

### 9.3.3 Reconciliation of structural changes

#### Function Shifts

The Adult Education and Training (AET) and Further Education and Training (FET) college's functions will be shifted to the national department of Higher Education and Training from 1 April 2015. An amount of R214.2 million in 2015/16, R225.8 million in 2016/17 and R237.2 million in 2017/18 have been shifted from the department to the National department of Higher Education and Training for this purpose. Table 8.28 below provides a reconciliation of structural changes.

**Table 8.28 : Reconciliation of structural changes: Education and Sports Development**

**VOTE 09**

**DEPARTMENT OF LOCAL  
GOVERNMENT AND HUMAN  
SETTLEMENTS**

**Department of Local Government and Human Settlements**

**Vote 09**

To be appropriated by Vote in 2015/16

R 2 516 024 000

Responsible MEC

MEC for Local Government and Human Settlements

Administering Department

Department of Local Government and Human Settlements

Accounting Officer

Deputy Director General of the Department of Local Government and Human Settlements

---

## **1. Overview**

### **Vision**

A transformed developmental local governance and integrated sustainable human settlements in safe and dignified communities.

### **Mission Statement**

To plan and promote integrated and sustainable human settlements and ensure quality service delivery through cooperation and good governance with municipalities.

### **Strategic Objectives**

The department has developed Strategic objectives stipulated in the strategic documents. These strategic objectives are linked to the broader strategic goals of the department. Below are key strategic objectives pursued by the department:

- To ensure provision of effective and efficient administrative support and direction to the department.
- To facilitate the identification of policy gaps and provide intervention measures.
- To ensure housing delivery is done in an integrated and sustainable manner.
- To ensure the delivery of quality housing through implementation of housing projects
- To provide rental and social housing.
- To ensure effective management of human settlements subsidy claims.
- To ensure effective and efficient research, policy development, planning, monitoring and evaluation.

### **Strategic Policy Direction**

In sync with the National Development Plan (NDP) 2030, as developed by the National Planning Commission, particularly Chapter eight (8) on transforming Human Settlements, the department will be practicing a trend of integrated forward planning, effective project monitoring and management. Thus far the department has managed to align its planning documents to other policy imperatives such as Medium Term Strategic Framework (MTSF).

### **Values and Principles**

- Accountability and Transparency
- Value for money
- Redress
- Responsiveness
- Public Participation

## **Main services to be delivered by the department**

The department intends providing the following main services to communities through local government and Human Settlement, which are its contribution towards provincial priorities:

- Guidance to municipalities for development and implementation of Auditor-General Audit Action Plans.
- Support municipalities with the establishment and functionality of good governance and administration structures such as performance audit committees, internal audit units, municipal public accounts committees, ward committees, project management units, policies and by-laws, support plans in respect of skills and organizational development and local labour forums and public participation plans.
- Guidance and support in the establishment and functionality of reporting structures in municipalities, MUNIMEC, technical district IGR and preparation of financial statements.
- Financial assistance to municipalities for infrastructure development and planning (e.g. water, sanitation, electricity and refuse removal) through the Municipal Infrastructure Grant (MIG) and Provincial Infrastructure Grant (PIG).
- Report on progress registered in the implementation of MIG and PIG to relevant structures of authority.
- Promoting local economic development by contributing to the PDP.
- Employment creation and skills development through infrastructure development and delivery of services.
- Facilitating provision of sustainable services to communities.
- Promoting integrated development planning and sustainable human settlements.
- Promoting democratic and accountable local government.
- Mainstreaming cross cutting issues such as poverty, youth, gender and disabilities.
- Enhancing the department's capacity to deliver on strategic priorities determined by both Provincial and National Government.
- Implementation of outcome 8 and its outputs as entailed in the Delivery Agreement over the MTEF period.

## **Department's Priorities:**

- To eradicate all slums in the NW Province
- To strengthen governance and service delivery
- To ensure job creation by housing programmes
- To accelerate development of houses in rural areas within NW
- To upgrade public-sector hostels
- To create rental housing opportunities
- To facilitate municipal capacity-building
- To promote home ownership
- To provide housing for vulnerable groups
- To support and monitor municipal service delivery

## **Legislative Mandates**

The Department derives its mandate from the Constitution of the Republic of South Africa, Act no 108 of 1996. Section 26(1) of the Constitution enshrines access to adequate housing as a basic right for people. The department is compelled to take reasonable measures within its available resources towards ensuring that all citizens enjoy this right (Section 26(2)). The following are Acts and Regulations that are also applicable in the department:

- Constitution of the Republic of South Africa, Act no 108 of 1996.
- The Housing Act, 1997 (Act No. 107 of 1997) in conjunction with the North West Housing Development Act, Act 11 of 1998 (as amended);
- The Housing Consumers Protection Measure Act, 1998 (Act No. 19 of 1998);
- The Rental Housing Act, 1999 (Act No. 50 of 1999);
- Public Service Act 1994;
- Public Finance Management Act No1 of 1999;
- Labour Relations Act 1995;
- Employment Equity Act, 1999;
- Development Facilitation Act, 1995 ;
- Breaking New Ground;
- Accelerated and Shared Growth Initiative of South Africa (ASGISA);
- Provincial Growth and Development Strategy (PGDS);
- Construction Industry Development Board Act 2000;
- Disaster Management Act, 67 of 1995;
- Intergovernmental Relations Framework Act, 13 of 2005;
- Local Government: Municipal Demarcation Act, 20 of 1998;
- Local Government: Municipal Systems Act, 32 of 2000;
- Local Government: Municipal Structures Act, 117 of 1998;
- Organised Local Government Act, 52 of 1997;
- Fire Brigade Services Act, 99 of 1987;
- Local Government: Municipal Property Rates Act, 6 of 2004;
- Local Government: Cross-boundary Municipalities Act, 29 of 2000;
- The Pension Benefits for Councillors of Local Authorities Act, 105 of 1987;
- Employment Equity Act;
- Labour Relations Act;
- Skills Development Act;
- Public Service Collective Bargaining Chamber (PSCBC) Resolutions;
- Occupational Health and Safety Act;
- RDP White Paper;
- THE Public Service Act of 1994;
- The Public Service Regulation 2001;
- The E-Government: A Public Service IT Policy Framework and the Internet and Electronic-mail Use Policy of the NW Provincial Government;
- The NW Provincial Integrated Disability Strategy Mandates the Department to provide Life Skills Training for people with disabilities;
- Promotion of Access to Information ACT 2 of 2000;
- National Minimum Information Security Standard Policy of 1996 and the Protection of Information Act;
- Division of Revenue Act, 7 of 2003;
- Municipal Finance Management Act, 56 of 2003;
- Municipal Fiscal Powers and functions Act, 12 of 2007;
- Public Service Act, 103 of 1994; and
- Public Finance Management Act, 56 of 2003.

### **External activities and events relevant to the budget decision**

The core/main function of the department is to support municipalities in a proactive, responsive and accountable manner. The provision of basic services in terms of the constitution is a long term objective of the Department. These services include amongst others, the eradication of informal settlements and building descent human settlements. All these require services and amenities in line with policy directives issued by the National Department.

### **1.1. Alignment of departmental budgets to achieve government prescribed outcomes**

The department has aligned its strategic goals and objectives to the 14 identified Medium Term Strategic Framework Outcomes and it is mainly responsible for Outcome 8: Sustainable Human Settlements and Improved Quality of Household Life and Outcome 9: Responsive, accountable, effective and efficient developmental local government system.

The Department has further aligned its strategies with other departmental Plans. This is an attempt to make sure resources are targeted at processes that will give impetus to the attainment of the set targets. Details of the alignment with the Strategic Goals and Strategic Objectives are reflected in the Five Strategic Plan and Annual Performance Plan of the Department.

### **2. Review of the current financial year (2014/15)**

The section provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

The Department has from year to year ensured that it empowers communities around the province to deal with disasters. About 120 unemployed women from disadvantaged communities of Greater Taung Local Municipality recently benefited from training on disaster management services. They graduated in Fire Fighting and First Aid training which is meant to introduce disaster risk reduction at ward level, to enhance the survival skills of vulnerable communities especially women and children who bear the brunt of disaster.

At Sannieshof, the MEC switched on 2 new water engine pumps that will distribute water to both Agisanang township and to Sannieshof town and alleviate water shortage problem in the area. Furthermore, 2 old engine pumps were refurbished, and boreholes which were not functional have been repaired. To augment the current water supply, 4 new water boreholes are being drilled to make a total of 13 boreholes in Sannieshof. Sewer reticulation has been inspected in Delareyville extension 8 which is to cater for another 1000 housing units.

Through the Setsokotsane Programme initiated by honourable Premier, the North West government is implementing priority based services and improving the role of local government in economic development. Setsokotsane is a high-level, focused and dedicated intervention strategy anchored on the Rebranding, Repositioning and Renewal Plan, to which the Department contributes by:

- Consolidating government resources in a coordinated manner to effectively respond to urgent service delivery challenges;
- Mobilising public and private sector to get involved and to act in partnership with government;
- Uplifting the public's morale and restoring their confidence in government and leadership in the province; and
- Creating a responsive and accountable government in Bokone-Bophirima.

The Implementation Phase of the programme dedicates 10 days per month in each district focusing on service delivery. The focus areas are amongst others: water, potholes, accessibility of leadership, housing, crime, lighting in streets and villages. To date the Implementation Phase has been kicked-off in the Mahikeng Priority Wards, Ditsobotla Priority Wards, Tswaing Priority Wards, Ratlou Priority Wards and Ramotshere Moiloa Wards.

### **Provision of rental stock**

Of all the households in the province, a total of 20 per cent is occupied rent free. At 20 per cent, the province has the third highest percentage of households that occupy rent free dwellings in the country. Rapid urbanization has resulted in a demand that is exceeding supply and the challenge is to rapidly accelerate the provision of sustainable and affordable rental housing supply. The Affordable Rental Housing Programme is one of the initiatives to eradicate housing backlogs through the provision of rental housing for low income persons who cannot be accommodated in the formal private rental market. Although the scale has been limited, two rental housing programmes have been introduced in the country for Community Residential Units and Social Housing.

### **Delivery of houses**

In 2011/12, 2012/13, and 2013/14 financial years, the department delivered 16 333, 14 424 and 9 363 respectively. For the current financial year (2014/15), the department plan is to deliver 15 037 houses with an allocation amount of R1.5 billion and as at the end of December 2014, 7 489 houses were delivered. Also, the department planned to create 10 164, these are temporary and cannot be ascertained as sustainable as they are limited to the extent and duration of the project.

The Department took the initiative to revive the construction of 2400 social housing unit's project in Unit 3, Mahikeng. This follows after the project came to a halt following challenges experienced by Social Housing Regulatory Authority (SHRA) on the incomplete structure. The Department recently conducted assessment of the work already done in order to determine capacity needed to complete the project. The project is meant to provide accommodation mainly to North West University students in Mahikeng campus.

In its efforts to deliver integrated services, North West Department of Local Government and Human Settlement in collaboration with Department of Rural, Environment and Agricultural Development are delivering houses which will have food security project at the Marikana area in Rustenburg Local Municipality. Progress registered on first phase of the 2658 housing units is satisfactory.

Setsokotsane Programme brought hope and restored confidence in government to Tswaing Local Government residents. Reasonable progress was achieved for a project of 1000 Houses Unit Project at Delareyville Extension 8. The project will alleviate housing backlog in the area, restore the dignity of shack dwellers and reduce the number of informal settlements.

### **3. Outlook for the coming financial year (2015/16)**

This section looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

In the upcoming financial year, the department will continue with Setsokotsane Programme which is a high-level, focused and dedicated intervention strategy anchored on the Rebranding, Repositioning and Renewal Plan of the North West Province.

#### **The key deliverables of the Setsokotsane programme include:**

- Deliver on Back to Basics objectives;
- Align Integrated Development Plans (IDPs) with Annual Performance Plans (APPs);
- Position municipalities as service delivery officers;
- Establish ward based government offices and appoint ward based service delivery officers;
- Launch a service delivery Walk-in/Call Centre.

## **Department to intensify drive towards total good governance in Municipalities**

The department will support Municipalities to realise clean audit objectives in compliance with section 131 of the Municipal Finance Management Act (MFMA). Also the intention is to resuscitate the Provincial Operation Clean Audit Committee as well as foster the implementation of proper records and information management systems in Municipalities. Furthermore, Department will continue to support and strengthen the Municipal Public Accounts Committee (MPAC) in all Municipalities.

Skills audit will be conducted in Municipalities in order to establish skills gaps at senior and strategic positions. Action will be taken on cases where councils have appointed senior managers in contravention with the Municipal Systems Amendment Act and Regulations. Enforcement of policies, by-laws and forensic investigations are to be conducted in Ngaka Modiri Molema District Municipality as well as Matlosana, Tswaing, Maquassi Hills, Mahikeng and Ditsobotla local Municipalities. The Department plans to visit every local municipality to verify if ward committee meetings and community meetings do take place and to assess the quality of the meetings.

## **Construction of Disaster Management Centre**

An allocation of R15 million will be used for completion the Provincial Disaster Management centre in Mahikeng. The unit will be used to facilitate and coordinate planning for and responding to Disaster. The Department continues to support and capacitate municipalities by providing them with much needed tools of trade to correctly respond when disaster strikes. R2.2 million has been allocated to Moses Kotane, Ratlou, Moretele, and Ramotshere Moilwa Local Municipalities for procurement of fire engines. Kgetleng Local Municipality will be covered by an allocation of R1.3 million.

In the similar vein, Vision 2030 envisaged that, the system of Local Government required a major structural overhaul to move from a system designed to serve the interests of a minority to one that serves all South Africans. It further commands that three spheres of government must work together and cooperate with each other; hence going forward the department is going to intervene decisively in ensuring that it strengthens administration of our municipalities and intergovernmental relations to share common vision with our external stakeholders.

A developmental local government and integrated human settlement is therefore premised on the broad interventions of the plan (NDP). The department also took a conscious decision to seek ways and methods to change service delivery culture from one which is rigid, unresponsive and bureaucratic to one which is more modern and sufficient. This will be achieved through equally innovative ways like rebranding, repositioning and renew the image of our province. The State is the vehicle of change and transformation and therefore building a developmental and capable state is not an option, but a strategic move as envisaged by this new administration under the leadership of the Premier. *Together we move North West Forward!*

## **Acquisition of Land**

North West is the sixth largest province in South Africa, occupying 8.7 per cent of the country's total area of 1 048 822 km<sup>2</sup> of the total 1 220 813 km<sup>2</sup>. New settlements are often located on the periphery of an urban area and provide poor access to social amenities and job opportunities. This practice results in substantial cost implications for local government in providing for basic services to the new settlements. State owned entities are known to own several pieces of land that are close to urban centres and unutilized, which would be ideal for new settlements, but are currently not being considered. According to Outcome 8 the National department plans to purchase 10 000 hectares of well-located land rezoned and released for new developments targeting poor and lower middle income households. The department entered into Implementation Protocol with the Housing Development Agency (HDA) to investigate the acquisition of suitably well located portions of land. This will make it easier for the department to acquire land in the upcoming financial year.

### **Finance Linked Individual Subsidy Programme**

The Finance Linked Individual Subsidy Programme (FLISP) is a subsidy mechanism that caters for persons earning between R3.5 thousand and R15 thousand. The above subsidy allows beneficiaries to access housing in the bonded market to which they were previously denied. The target is to facilitate with the private sector, related Development Finance Institution and other spheres of government the improvement of the financing of opportunities within this gap market. In line with Outcome 8, the National department plans to achieve 110 000 loans (70 000 FLISP and 40 000 DFI). The Department targets to deliver 300 units in 2015/16 financial year.

### **Sustainable and reliable access to basic services**

Out of a total of 4 District Municipalities, the greatest numbers of households without water and sanitation that meet minimum standards reside in Ngaka Moridi Molema and Dr Ruth Segomotsi Mompati districts and mining towns. Focus will be here in the period ahead.

### **Promotion of Social and Economic Development**

Several reports on the state of municipalities including the Auditor General reflect a dented image on the state of governance in municipalities generally in the country. This situation puts massive pressure on the department to strengthen and re-evaluate its capacity building intervention in municipalities as envisaged in section 154(1) of the Constitution. The reality however is that the department needs the requisite capacity and monitoring and evaluation capability to close the gaps associated with the challenges identified. To this end we need to strengthen our partnership with the Department of Cooperative Governance through the Municipal Infrastructure Support Agency initiative and this must find a practical expression in our strategic focus areas for 2015/16.

Since 2014/15, the biggest challenge was to prepare municipalities for improved audit outcomes. Challenges associated with this are huge and complex and demands adequate resources to deal with financial, systemic and human capital constraints. The overall assessment of the five year audit for indicates that (20.7 per cent) of all municipalities in the country have an overall score ranging of 0-5 (very good). This is a measure of consistency in improving their audit outcome. The province has only one (1) municipality with very good consistency score and 7 very poor consistency score.

Despite the large investment in infrastructure to alleviate service delivery backlogs, there is still a growing need for substantial funding to eradicate such backlogs throughout the province. A number of service delivery challenges confronting the department and municipalities add to the above and they are as follows:

- Infrastructure backlogs and demands particularly in informal settlements.
- Lack of capacity within municipalities to utilise Municipal Infrastructure Grant (MIG) and Provincial Infrastructure Grant (PIG).
- Adequate personnel capacity and skills development for scarce and critical fields is still a challenge.
- Internal control systems and Governance matters.
- Technical capacity both within the department and the municipalities.

The department overall approach and the strategies/programmes designed will to a large extent attempt to respond to these issues notwithstanding challenges of resources and external environment.

The fast approaching 2016 Local Government Elections brings greater impetus for local government politicians and administrators to approach their work with more commitment, decisive leadership and significantly, integrated and sustainable manner. To that extent the department will

strive to improve support and monitoring of municipalities to ensure that basic services are rendered to our communities. This includes the basket of basic services that must be done daily such as provision of water, collection of refuse, functional street lights, patching of potholes with acceptable norms and standards.

### **Strengthening Human Capital**

Both the merging departments had a history of acute staff and skills shortages for some time. That consequently led to major impediments to quality service delivery and effective support to municipalities. It is the intention of the department to systematically address this challenge. Through funding for correction in the baseline as well as reprioritization effected the Department intends to ensure that all posts critically involved in the service delivery are filled.

### **Contract Reviews and infrastructure implementation**

An area that still hinders the department's intention to deliver quality houses and infrastructure implementation remain poor workmanship and lack of project management skills. In order to redress these unacceptable levels of performance the newly reconfigured department will ensure that the capacity functions are enhanced. The department will have to prioritize these issues with a view of balancing the transition with critical service delivery imperatives.

### **Target of housing delivery**

In 2015/16 financial year, the department is planning to deliver 13 234 houses with an allocation amount of R2 billion. The job creation plan of the department is to a greater degree influenced by the Human Settlements Development Grant and the department is targeting to create 11 152 jobs.

### **Resuscitation of Housing Development Corporation**

EXCO has approved the Department's proposal of bringing this institution back to life. The Provincial Treasury has availed an amount of R74 million over the MTEF period to commence with the processes involved

## **4. Reprioritisation**

Housing Development programme reprioritization is done between HSDG sub programmes and reallocation is done as per the business plan. Incremental Intervention is increased by an amount of R232.2 million to intensify Informal settlement upgrade. Also an amount of R69.2 million is reprioritised from Rural Intervention sub programme to both Provincial Intervention and Incremental Intervention sub programmes.

## **5. Procurement**

Information can be found in the procurement plan.

## 6. Receipts and financing

### 6.1 Summary of receipts

Table 9.1: Summary of receipts

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |                  |                  |
|---|------------------|------------------|------------------|--------------------|--------------------------------|------------------|-----------------------|------------------|------------------|
|   | 2011/12          | 2012/13          | 2013/14          |                    |                                |                  | 2015/16               | 2016/17          | 2017/18          |
| Equitable share   | 377 402          | 439 098          | 562 932          | 659 262            | 672 394                        | 672 394          | 447 499               | 480 663          | 517 646          |
| Conditional grants  | 1 151 077        | 1 064 317        | 1 344 505        | 1 519 136          | 1 519 136                      | 1 519 136        | 2 067 131             | 2 297 286        | 2 435 403        |
| Housing Disaster Relief Grant                                 | 2 368            | 13 461           | -                | -                  | -                              | -                | -                     | -                | -                |
| Human Settlements Development Grant                           | 1 148 709        | 1 050 856        | 1 341 523        | 1 517 136          | 1 517 136                      | 1 517 136        | 2 063 131             | 2 297 286        | 2 435 403        |
| Expanded Public Works Programme Incentive Grant for Provinces | -                | -                | 2 982            | 2 000              | 2 000                          | 2 000            | 4 000                 | -                | -                |

| <i>Financing (Rollovers and Additional)</i>                   |                  |                  |                  | 234 403            | 234 403                        | 234 403          |                       |                  |                  |
| <b>Total receipts</b>   | <b>1 531 346</b> | <b>1 504 451</b> | <b>1 910 695</b> | <b>2 179 548</b>   | <b>2 192 680</b>               | <b>2 192 680</b> | <b>2 516 024</b>      | <b>2 779 385</b> | <b>2 954 734</b> |

Table 9.1 above shows the sources of funding for the department. Mainly the departmental spending is financed through the conditional grant (HSDG and EPWP) followed by the equitable share. The departmental own receipts contribute an insignificant portion of revenue which is mainly due to the nature of services that the department renders e.g. sale of tender documents, selling of goods other than capital assets (e.g. cellphones), commission received from third party stop order deductions.

#### Equitable Share

Equitable Share decreases from R672 million in 2014/15 to R447 million in 2015/16, which is a decrease of R225 million. This is followed by an increase of R33 million and R37 million in the two outer years respectively. The Department has been granted R30 million, R32 million and R35 million over the MTEF years for correct the baseline.

#### Conditional Grants

The Department has been allocated conditional grant of Human Settlement Development Grant (HSDG) of R2.1 billion, R2.3 billion and R2.4 billion over the MTEF period. Expanded Public Works Programme is allocated an amount of R4 million in the 2015/16 financial year i.e. R2 million for Local Government Projects and R2 million for Human Settlements Projects. The Conditional Grant increases from R1.5 billion in 2014/15 to R2.1 billion in 2015/16, which is an increase of R548 million. This is followed by an increase of R230 million and R138 million in the outer years.

HSDG allocation for 2015/16 is inclusive of R38.5 million of Disaster Relief Grant allocated for the repair of houses affected by the earthquake that took place in August 2014. Also within the grant allocation, an amount of R485.6 million in 2015/16, R585.7 million in 2016/17 and R615 million in 2017/18 million are earmarked for mining towns. The Integrated Human Settlement Development Grant focuses on funding the following key elements:

- Housing for qualifying beneficiaries through the consolidation subsidy or existing housing.
- Institutional subsidies, including funding for setting up housing support centers, Community development associations (for People's Housing Programme Projects).
- Land acquisitions to accommodate well located housing development is also funded from the grant in cases where provinces and municipalities do not have land available.

Meanwhile the Expanded Public Works Programme is intended to enhance job creation by appointing young people in the Departmental Projects contracted for service delivery.

## 6.2. Departmental receipts collection

Table 9.2 : Summary of departmental receipts collection

| R thousand                             | Outcome      |              |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |              |              |
|--|--------------|--------------|--------------|--------------------|-----------------------------------|------------------|-----------------------|--------------|--------------|

| Fines, penalties and forfeits          | 1 519        | 409          | 904          | 50                 | 50                                | 50               | 270                   | 280          | 350          |
| Interest, dividends and rent on land   | -            | -            | 729          | -                  | -                                 | -                | -                     | -            | -            |
| Sales of capital assets                | -            | -            | -            | -                  | -                                 | -                | -                     | -            | -            |
| Transactions in financial assets and   | -            | -            | 410          | 420                | 420                               | 420              | 428                   | 450          | 508          |
| <b>Total departmental receipts</b>     | <b>2 867</b> | <b>1 036</b> | <b>3 258</b> | <b>1 150</b>       | <b>1 150</b>                      | <b>1 150</b>     | <b>1 394</b>          | <b>1 436</b> | <b>1 685</b> |

The Department's sources of income is limited to commission received from third party stop order deductions, sale of used paper for recycling and sale of tender documents; a minor portion comes from selling of goods other than capital assets (e.g. cell phones, printers). The receipts estimates increase from R1.150 million in 2014/15 to R1.394 in 2015/16 which is an increase of R244 thousands. This is followed by an increase of R42 thousands and R249 thousands in the two outer years respectively.

Previously departmental receipts mainly came from selling of tender documents, services rendered commission insurance and garnishee, furthermore included in the income was rentals received from petrol filling stations and this source has since ceased, the other source of revenue was received from Vodacom network reception tower which has since been transferred to the Provincial Department of Public Works. A minor portion came from selling of goods other than capital assets (e.g. Cell phones, empty cartridges). Since the 2011/12 financial year, domestic fines have made revenue to increase far much beyond projections made.

During 2013/14 financial year the Special Investigating Unit (SIU) managed to recover an amount R 904 thousand from the housing beneficiaries who have either leased or sold their RDP houses to the other community members. This has helped to caution communities that this is an unlawful act, as these houses are not for sale; hence the fines were levied against transgressors. The recovery of this revenue is determined and controlled at national level, thus it is challenging to come up with credible revenue estimates. The receipt estimates increase by 21 per cent from 2014/15 then 3 per cent from 2015/16 and 17.3 per cent from 2016/17 financial year.

## 7. Payment summary

### 7.1. Key Assumptions

The following general assumptions were made by the department in formulating the 2015 MTEF:

- Provision for improvement in Condition of service (ICS) is 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent in 2017/18.
- Pay progression 1.5 per cent and 1.5 per cent performance bonus has been included in the budget provision for compensation of employees

## 7.2. Programme summary

Table 9.3 : Summary of payments and estimates by programme: Local Government And Human Settlements

| R thousand                              | Outcome          |                  |                  | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                  |                  |

MEC's Remuneration Package is R1.9 million in 2015/16, R2.1 million in 2016/17 and R2.4 million in 2017/18 respectively.

### Budget Trends

#### Administration Programme

Programme 1 increases by R47.4 million from the 2014/15 to the 2015/16 financial years. Administration baseline has been corrected with an allocation of R30 million following the reconfiguration of departments. An additional funding of R20 million has been allocated for the purpose of resuscitation of North West Housing Corporation and the project is also allocated funding of R24 million and R30 million in the two outer years.

#### Local Governance Programme

Programme 2 increases by R5.1 million from 2014/15 to 2015/16, R6.3 million in 2016/17 and R6 million in 2017/18. Public Participation sub-programme was transferred to Office of the Premier during reconfiguration process in this financial year (2014/15). Thus, the overall Programme increase is substantially small from 2014/15 to 2015/16.

#### Development and Planning Programme

The programme is decreasing by R239 million from 2014/15 to 2015/16, increases R429 thousand in 2016/17 and R4.2 million in 2017/18 financial year. An amount of R15 million has been allocated within the programme for building of Disaster Management Centre. Water, Sanitation and Mahikeng revitalisation (Premier's strategic intervention projects) have been allocated R40 million in 2015/16, R53 million in 2016/17 and R69.3 million in 2017/18. This allocation is also not a direct transfer to municipalities but a transfer to households for rain water harvesting as well as water and sanitation projects in various municipalities.

#### Housing Planning and Research

The allocation for the programme decreases by R39.5 million from 2014/15 to 2015/16. An amount of R40 million which was earmarked for the purchase of land in 2014/15 financial year greatly contributes towards a drastic decrease of the budget. Putting aside the earmarked funds, the programme would then yield an increase of R538 thousand in 2015/16, R1.4 million in 2016/17 and R2.5 million in 2017/18 financial year.

#### Housing Development

Programme 5 increases by R549 million from the Main appropriation budget of 2014/15 to 2015/16. The increase is influenced by the ability of the province to implement projects effectively and also the need to accelerate the delivery of informal settlement upgrading in the selected mining towns and restore houses affected by natural disaster. Conditional grant has been increased over the MTEF financial years by R234.2 million and R138.1 million in 2016/17 and 2017/18 respectively.

### 7.3. Summary of economic classification

Table 9.4 : Summary of provincial payments and estimates by economic classification: Local Government And Human Settlements

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate<br>2014/15 | Medium-term estimates |                  |                  |

#### Current Payments

The budget increases by R66.4 million from the 2014/15 to 2015/16 financial year, R29.1 million in 2016/17 and R37.3 million in 2017/18 respectively. An allocation amount of R15 million for the winding up of North West Housing Corporation which forms part of goods and services is in the 2014/15 budget. The amount increases to R20 million, R24 million and R30 million over the 2015 MTEF years. Growth is as a result of increase in the allocation for bursaries and learnerships and translation of ranks for certain lower levels.

Decentralization of the function for bursary administration from Office of the Premier has resulted in an increase in allocation for corporate services. A lot of cases are still to be finalized by state attorney and a provision has been made under legal fees for payment of legal services to be received through the MTEF. Allocation for fleet services has increased rapidly over the MTEF years to reflect the correction of the under-provision that has been made in previous years. All these increased allocation in Corporate Services are centralized expenditure items for the department as a whole.

#### Transfer Payments

Transfer payments increased by R260 million from 2014/15 to 2015/16, R249.3 million in 2016/17 and R158.4 million in 2017/18. The bulk of the funds budgeted are for the Human Settlements Development Grant which has increased enormously over the outer years. The increase was influenced by the ability of the province to implement projects effectively and also the need to accelerate the delivery of informal settlement upgrading in the selected mining towns.

#### Capital Payments

Capital Payments decreases by R2 million from 2014/15 to 2015/16, R16.5 million in 2016/17 and increases by R189 thousands in 2017/18. The slight increase is mainly because most of the assets have a life span of more than a year.

## 7.4 Infrastructure payments

The Affordable Rental Housing Programme in the department is one of the initiatives towards eradication of housing backlogs, through provision of rental housing for low income persons who cannot be accommodated in the formal private rental market. Although the scale has been limited, two rental housing programmes have been introduced in the form of Community Residential Units and Social Housing.

A budget of R412 million with a delivery target of 400 units in 2015/16 has been allocated in the Province for rental stock units. The delivery targets include all typologies within the rental programme. Feasibility studies are being conducted in Madibeng and Moses Kotane Local Municipalities. Feasibility studies have been completed for Greater Taung Local Municipality with 144 community residential units earmarked in this area.

Finance Linked Individual Subsidy Programme (FLISP) is another initiative towards the eradication of housing backlogs as it is a subsidy mechanism that caters for persons earning between R3 500.01 and R15 000.00. The above subsidy allows beneficiaries to access housing in the Bonded Market to which they were previously denied. The target is to facilitate with the private sector, related DFIs and spheres of government, the improvement of financing of 600 000 housing opportunities within the gap market for people earning between R3.5 thousand and R15 thousand. Department has enlisted the assistance of the National Housing Finance Corporation (NHFC) to assist the province to implement this programme. An implementation Protocol has been signed with the National Housing Finance Corporation (NHFC) to support beneficiaries linked to this programme. A total of 300 units will be delivered through the 2015/16 financial year.

Marang Estate project in Ngaka Modiri Molema District municipality with about 12 000 units at a total cost of R350 million has already started. The first phase of the project will be completed by the end of 2014/15 financial year, while the entire development is estimated to last for seven years. The project will see different housing typologies, ranging from low cost houses, students residential units to 2 000 bonded houses in the same area.

Infrastructure is also inclusive of Disaster Management Centre allocation which is placed under Development Planning programme as follows:

- Disaster Management Centre is allocated R15 million in each of the two years, i.e., 2014/15 and 2015/16.
- Funding for Disaster Management support has been kept within the baseline. The amount involved is R12 million in 2014/15, R13 million in 2015/16 and R14 million in 2016/17.

Over the 2014 MTEF, Water, sanitation and Mahikeng revitalisation is allocated R40 million, R53 million and R69.3 million. This is in pursuit of government priority to alleviate draught and scarcity of clean drinking water in the province.

The department assists Municipalities to upgrade their disaster management and fire emergency capacity. On that note, an allocation of R12 million in respect of disaster and fire management has been allocated for 2014/15, R13 million for 2015/16 and R14 million for 2016/17. Some of the transfers are indirect transfers to municipalities aimed at accelerating service delivery in various communities.

The budget increases by R47.4 million from the main appropriation of the 2014/15 financial year to 2015/16, R21.7 million in 2016/17 and R19.5 million in 2017/18 financial years.

**The following are Sub- programmes are included within Administration Programme**

**Office of the MEC**

Purpose – To provide overall political direction and leadership to the Department through the implementation of national and provincial mandates. This sub-programme increases by R3.9 million in 2015/16 from the main appropriation of the 2014/15 financial year, then R3.3 million and R730 thousands in 2016/17 and 2017/18 financial years respectively. The allocation baseline has been corrected since the 2014/15 the sub programme has previously been under budgeted for. The increase is mainly on Compensation of employees and travel and subsistence. Travel and subsistence increase in order to cater for the Premier’s Setsokotsane program whereby MEC and staff have to respond and meet with communities as deemed necessary.

**Corporate Services**

Purpose – To provide administration support to the core-functions programmes. This sub-programme increase by R43.4 million in 2015/16, R18.4 million in 2016/17 and R18.8 million in 2017/18 financial years. The drastic increase is due to correction of baseline for compensation of employees, operating lease, audit fees, and the centralisation of items such as minor assets. The Corporate sub-program includes Office of the Head of Department, Financial Management, Supply Chain Management, Communications, Human Resource Management, Legal Services, and Support Services.

## Programme 2: Local Governance

### Description and objectives

The purpose of the programme is to promote and facilitate viable and sustainable local governance. The sub programme has four sub programme

Table 9.9 : Summary of payments and estimates by sub-programme: Local Governance

| <b>Total economic classification</b>                | <b>80 915</b> | <b>90 274</b> | <b>52 105</b> | <b>48 308</b>      | <b>44 308</b>                     | <b>44 308</b>    | <b>49 363</b>         | <b>55 614</b> | <b>61 573</b> |

The budget increases by R5.1 million from the adjusted appropriation of the 2014/15 financial year to 2015/16, R6.3 million in 2016/17 and R6 million in the 2017/18 financial years. This programme consists of the following sub- programmes:

### Municipal Administration

Strategic Objectives - Monitor compliance to applicable legislation and support municipal finance planning and management, monitor and analyze municipal financial performance, strengthen municipal governance and administrative capacity and monitor and support municipalities with implementation of MPRA. The allocation increases by R630 thousands in 2015/16, by R818 thousands in 2016/17 and R2.5 million in 2017/18 financial year.

## Municipal Finance

Strategic Objectives - Monitor and support financial and performance of municipalities monitor and support municipalities with the implementation of the MPRA. The budget increases by R3.8 million in 2015/16, R3.1 million and R2.7 million in the two outer years. The increase is mainly due to compensation of employees and the allocation for consultants in instances where municipalities require monitoring or administration.

Constitutional obligation in terms of Section 154 of the Municipal Systems Act requires the Department to provide support, capacitate, monitor the performance of municipalities and intervene where there are serious problems and under-performance. Section 106 of the Municipal Systems Act gives the MEC for Local Government the authority to investigate in a municipality where there is reason to believe that there is maladministration or non-fulfillment of a statutory obligation.

## Municipal Performance, Evaluation and Monitoring

Strategic Objectives: To effectively and efficiently monitor reporting and evaluate municipal performance through an integrated monitoring, reporting and evaluation system for enhanced service delivery. To promote good governance in municipalities, through strengthening governance structures and monitoring compliance. Sub-programme increases by R544 thousands in 2015/16, R2.3 million and R436 thousand in the two outer years.

## Service Delivery Measures

| Performance Indicator  | Medium-term targets |         |         |
|--|---------------------|---------|---------|
|  | 2015/16             | 2016/17 | 2017/18 |
| Number of monitoring reports on municipal finance planning processes ( MFMA Sec 24-26) submitted                                   | 4                   | 4       | 4       |
| Number of monitoring reports on municipalities supported to improve Revenue Management   | 4                   | 4       | 4       |
| Number of monitoring reports on municipal budget expenditure trends submitted ( MFMA 32,64-74 and 167) ,( MSA Sec 96-100)          | 4                   | 4       | 4       |
| Number of monitoring reports on implementation of Municipal Audit Action Plan submitted MFMA Sec131-132 ( Operational Clean Audit) | 4                   | 4       | 4       |
| Number of reports on municipalities supported with the functionality of municipal public account committees ( MPAC).               | 4                   | 4       | 4       |
| Number of reports on municipalities supported with implementation of the Municipal Property Rates Act ( MPRA ) submitted           | 4                   | 4       | 4       |
| Number of municipalities supported to strengthen good governance   | 8                   | 8       | 8       |
| Number of municipalities supported to strengthen administrative capacity   | 8                   | 8       | 8       |
| Number of assessment reports on functionality of ward committees submitted   | 2                   | 2       | 2       |
| Number of municipalities supported with the development of ward-based plans  | 19                  | 19      | 19      |
| Number of projects/ initiatives implemented to strengthen public participation in municipalities                                   | 4                   | 4       | 4       |
| Number of assessment reports- on municipalities complaints handling System   | 2                   | 2       | 2       |
| Number of municipalities supported with ICT Governance   | 4                   | 4       | 4       |
| Number of municipal performance reports compiled as per the requirements of Section 47 of the MSA                                  | 1                   | 1       | 1       |
| Number of municipalities supported with fraud and Anti-corruption strategy   | 8                   | 12      | 12      |
| Number of municipal support intervention programmes coordinated  | 1                   | 2       | 2       |
| Number of IGR Structures strengthened  | 2                   | 2       | 2       |

## Programme 3: Development & Planning

### Description and objectives

The purpose of the programme is to promote Integrated Development Planning (IDP) and facilitate the development of credible and simplified IDPs. The program has six sub programme

**Table 9.11 : Summary of payments and estimates by sub-programme: Development And Planning**

| R thousand                          | Outcome       |               |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| <b>Total economic classification</b>                | <b>96 457</b> | <b>91 306</b> | <b>148 011</b> | <b>239 340</b>     | <b>413 743</b>                    | <b>413 743</b>   | <b>174 761</b>        | <b>175 190</b> | <b>179 415</b> |

The overall budget decreases by R239 million from the main appropriation of the 2014/15 financial year to 2015/16, then increases by R429 thousand 2016/17 and R4.2 million in the 2017/18 financial years. This programme consists of the following sub- programmes:

**Spatial Planning:** To monitor and support municipalities with Spatial Development Frameworks and Land use Schemes. Sub programme increases by R441 thousands in 2015/16, R981 thousand and R267 thousands in 2016/17 and 2017/18 respectively.

**Local Economic Development:** To support municipalities with the development of Local Economic Development strategies. Sub programme: Local Economic Development increases by R427 thousands from the 2014/15 financial year to 2015/16, by R2.1 million in 2016/17 and R516 thousands in 2017/18.

**Municipal Infrastructure:** To support, monitor and capacitate municipalities in increasing the development and provision of infrastructure for basic services. Sub-programme decreases by R239.5 million in 2015/16, increases by R10.4 million in the mid-year and R14.8 million in the outer year. The decline is contributed by a roll-over of R150 million for water and sanitation (Premier’s Strategic Intervention Projects) and R20.7 million of transfers to municipalities added during the adjustment budget period in the current financial year (2014/15).

**Disaster Management:** Facilitate the development and implementation of disaster risk management, fire and rescue services in the province. The sub-programme decreases by R883 thousands in 2015/16, R14.2 million in 2016/17 and R13.5 million in 2017/18 respectively. The decline in 2016/17 is mainly due to once off allocation for Ngaka Modiri Molema Disaster Management Centre in 2015/16 MTEF.

**Integrated Development and Planning:** To support municipalities with processes for the development, adoption and review of IDPs. Sub-programme decreases by R571 thousands in 2015/16, increases by R1.1 million in the mid-year and 2 million in the outer year.

**Service Delivery Measures**

| Performance Indicator   | Medium-term targets |         |         |
|---|---------------------|---------|---------|
|   | 2015/16             | 2016/17 | 2017/18 |
| Number of municipalities supported with the implementation of the Spatial Planning and Land Use Management Act ( SPLUMA )                     | 23                  | 23      | 23      |
| Number of municipalities supported with legally compliant IDP   | 23                  | 23      | 23      |
| Number of municipalities supported to Implement Local Economic Development projects in line with Municipal LED strategies                     | 23                  | 23      | 23      |
| Number of municipalities supported through the CWP  | 15                  | 15      | 15      |
| Number of DORA reports produced   | 12                  | 12      | 12      |
| Number of reports produced on households with access to basic services (water sanitation, refuse removal and electricity) from municipalities | 4                   | 4       | 4       |
| Number of provincial departments supported with the development of disaster management plans  | 10                  | 10      | 10      |
| Number of functional Municipal Disaster Management Centres  | 4                   | 4       | 4       |
| Number of municipalities supported with Fire brigade services   | 19                  | 19      | 19      |

**Programme 4: Housing Planning and Research**

**Description and objectives**

The purpose of the programme is to facilitate and undertake housing delivery planning.

Table 4.13 : Summary of payments and estimates by sub-programme: Housing Needs,Planning And Research

The budget decreases by R40 million from the main appropriation of the 2014/15 financial year to 2015/16, increases by R1.4 million in 2016/17 and by R2.5 million in the 2017/18 financial years. The decrease is mainly due to an amount R40 million which is earmarked for land purchase in the 2014/15 financial year.

The Program uses part of Human Settlement Development Grant under Housing Development programme to perform as required, e.g. Research, accreditation of municipalities, housing consumer education and development of housing sector plans.

### Service Delivery Measures

| Number of DORA performance reports submitted                                     | 4                   | 4       | -       |
| Number of Housing Consumer Education awareness campaigns held                    | 4                   | 4       | -       |

### Programme 5: Housing Development

#### Description and objectives

Purpose of the programme is to provide individual subsidies and housing opportunities to beneficiaries in accordance with the housing policy. The programme consist of five sub programme

The Housing Development Programme seeks to address priorities of restructuring South African society in order to speak to structural, economic, social and spatial dysfunctions, thereby contributing to Government's vision of economically empowered, non-racial and integrated society living in sustainable human settlements. It also improves and contributes to the overall functioning of the housing sector and in particular the rental component to the poor community.

The budget increases by R549.4 million from the main appropriation of the 2014/15 financial year to 2015/16, R233.5 million in 2016/17 and R143.1 million in 2017/18. The increase is mainly contributed by the conditional grant. This programme consists of the following sub-programmes:

**Administration:** To provide administration support to the key sub-programmes. This sub-programme registers an increase of by R3.3 million, then a decrease by R611 thousands in 2016/17 and increase by R5 million in 2017/18 financial year. The fluctuation is due to R2 million EPWP funding allocated for 2015/16 financial year only.

**Provincial Intervention:** To ensure the development of sustainable human settlement and promotion of homeownership. This sub-programme registers an increase of R228.6 million from the 2014/15 financial year to 2015/16, R6 million and R66.3 million in the two outer years respectively.

**Incremental Intervention:** To ensure the development of sustainable human settlement and promotion of home-ownership. This sub-programme registers an increase of by R96.8 million from the 2014/15 financial year to 2015/16 which is also attributable to reprioritization of funds from other programmes; the outer years are each allocated R810.7 million.

Social and Rental Intervention: Provision of rental units to beneficiaries earning below R3 500 per month, through the Community Residential and social housing programme. This sub-programme increases by R143.3 million in 2015/16 and is allocated R434.2 million in each of the two outer years.

Rural Intervention: To ensure the development of sustainable human settlement and promotion of homeownership. This sub-programme increases by R77.3 million in 2015/16, by R187.8 million and R71.8 million in the two outer years respectively.

As a lead department in the realisation of sustainable human settlements and improved quality of household life we remain steadfast to this commitment and our plans whether from an individual perspective to a collective perspective, serve as catalysts towards the achievement of these goals, noting of course, that there is a need for a paradigm shift that compels us to do things differently with a view to move from the provision of houses to provision of sustainable human settlements. The department continues to be committed to mainstream the use of resources in order to attain optimum efficiency; that is to do more with less.

### Service Delivery Measures

| Performance Indicator  | Medium-term targets |         |         |
|--|---------------------|---------|---------|
|  | 2015/16             | 2016/17 | 2017/18 |
| Number of Sites Serviced   | 2392                | -       | -       |
| Number of housing opportunities provided across all housing programmes   | 13234               | -       | -       |
| Number of military veterans houses constructed   | 187                 | -       | -       |
| Number of units completed under 1956 Programme   | 1956                | 1956    | 1956    |
| Number of houses constructed around mining towns<br>( <i>Madibeng, Rustenburg, Kgetleng rivier, Moses Kotane and Matlosana</i> ) | 3600                | -       | -       |
| Number of title deeds transferred to new home owners   | 6 850               | -       | -       |
| Percentage HSDG allocation made to youth, women & people with disabilities.  | 30%                 | -       | -       |
| Number of dwellings upgraded in informal settlements<br>( <i>Excluding mining towns and rural settlements</i> )                  | 4402                | -       | -       |
| Number of projects unblocked   | 28                  | -       | -       |
| Number of rural housing units completed excluding mining towns   | 1313                | -       | -       |
| Number of Community Residential Family Units (CRU) completed   | 622                 | -       | -       |
| Number of Social Housing Units completed   | 278                 | -       | -       |
| Number of Finance Linked Individual Subsidy Programme beneficiaries approved   | 40                  | -       | -       |

### 9.3.2 Training

The department has established a capacity building component, which analyses the employees' training needs in order to be more relevant in developing a plan to equip employees with skills that contribute to the core mandate of the department as continuous skills development is a necessity for existing staff in various functional areas and also periodic update in specialized fields is a requirement for excellence in service delivery. The need to endow scarce skills within the construction and inspectorate section is given a priority. The department is also providing financial assistance to qualifying officials towards tertiary education through bursary administration.

## **1. Overview**

### **Vision**

Leading a dynamic, sustainable, diversified and vibrant tourism industry for the North West Province

### **Mission**

To lead and grow a dynamic, sustainable, diversified and vibrant tourism sector for the North-West Province through:

- Promoting partnerships and collaboration with all key stakeholders, in particular the private sector.
- Promoting cultural and heritage tourism in the North West province.
- Strengthening institutional capacity.
- Promote good cooperative governance.
- Branding and marketing of North West province as a tourism destination; and creativity and innovation.

### **Main services to be rendered by the Department**

The main services to be rendered by the Department includes the following:

- Development, implementation and update of tourism policies, strategies, programmes and plans.
- Provide research and knowledge management services to inform policy and decision-making by tourism stakeholders.
- Facilitation of integrated tourism planning among tourism stakeholders through capacity building programmes.
- Facilitation of the provision of tourism supporting infrastructure.
- Create employment opportunities by implementing tourism projects targeted at the unemployed through the Expanded Public Works Programme (EPWP).
- Implementation of tourism sector transformation programmes.
- Facilitate the development and implementation of integrated support packages to enhance destination competitiveness.

### **Legislative and other mandates**

The legislative mandate of the department largely stems from the following Acts and Regulations:

- Constitution of the Republic of South Africa (Act No. 108 of 1996)
- The National Tourism Act No 3 of 2014
- The North West Tourism Board Bill of 2014
- Public Service Act 1994 (Act No. 103 of 1994)
- Public Service Regulations, 2001
- Public Finance Management Act 1999 (Act No. 1 of 1999), as amended, and Treasury Regulations
- Labour Relations Act 1995 (Act No. 66 of 1995)

- Promotion of Access to Information Act 2000 (Act No. 2 of 2000)
- Employment Equity Act 1998 (Act No. 55 of 1998)
- Basic Conditions of Employment Act 1997 (Act No. 75 of 1997)

### **Policy directions**

The following are the policy directions for department of Tourism in the North West Province:

- The National Development Plan – Vision 2030
- The National Spatial Development Perspective (NSDP), 2006
- Rural Development Strategy including Integrated Tourism Master Plan, 2006
- National Integrated Small Business Development Strategy
- The North West Tourism Master Plan
- The North West Provincial Development Plan

### **The demands for and expected changes in the services rendered by the Department**

The Tourism industry has in recent years, taken the center stage of the developmental agenda of Government. It is strongly believed that the tourism sector can play a major role in the growth and development of the economy, hence the deliberate decision to identify it as one of the priority sectors that can contribute positively to the growth and development of the economy. Over and above its identification, the North West Provincial Government has pronounced it as one of the key pillars to drive the growth of the economy besides Agriculture and Culture.

It is therefore critical that in endeavoring to diversify the economy of the Province, the Department of Tourism should play a pivotal role in changing the landscape of the tourism economy in North West through:

- Rebranding and repositioning of the Province as a destination of choice for tourists.
- Capacitating stakeholders to deliver on the concurrent mandate of tourism.
- Support of tourism small businesses to play a meaningful role in the mainstream tourism economy.
- Facilitating the provision of tourism supporting infrastructure to enhance the competitiveness of the destination.
- Create a capable and skilled workforce to develop a sustainable tourism industry.
- Create job and entrepreneurial opportunities to grow the economy.

The Department of Tourism is committed to ensuring that through tourism, the economic landscape of the Province is changed through efforts of diversification and repositioning of the Province to be competitive.

#### **1.1 Aligning Departmental budget to achieve Government's prescribed outcomes**

The Tourism sector, by its nature and characteristics, will focus on the objectives of the following outcomes:

- Outcome 3: All people in South Africa are and feel safe.
- Outcome 4: Decent employment through inclusive economic growth.
- Outcome 5: A skilled and capable workforce to support an inclusive growth path.
- Outcome 11: Create a better South Africa; contribute to a better and safer Africa in a better world.

Structural changes as adopted are intended to properly align departmental budgets to achieve government's prescribed outcomes as indicated in the preceding paragraph. Details of the alignment may be followed in the Annual Performance Plan of the Department.

## **2. Review of the current financial year (2014/15)**

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

The Department, since its inception in 2014/15, has been embarking mainly on trying to interface its stakeholders and developing systems particularly internally. Parallel to this, there have been a series of consultations with key stakeholders culminating into District Makgotla. The main purpose of these consultations is for sharing the departmental objectives/purposes and programmes and projects with the key stakeholders at the same time soliciting inputs from key role players into the tourism strategies of the province.

The following strategic and key policy developments have been registered in the current financial year:

- The draft North West Tourism Bill has been developed and circulated for public comment and consultation.
- Bids have been invited for the development of three strategies; Provincial Tourism Sector Strategy, Tourism Events Strategy and the Heritage and Culture Strategy.
- The Department has prioritised the registration and the accreditation of the hotel school as institutions of higher learning; and also the reclassification of the Dirapeng (Pty) Ltd.

The following progress has been registered in relation to projects for which additional funding of R36 million was received during the adjustment budget:

- Hosted all provincial road shows and tourism makgotla.
- Advertisement of bids for development of all three strategies is closed and adjudication is in progress.
- Tourism growth and promotion initiatives done through sponsoring of events in Taung and Mahikeng.
- Collaborative and partnership agreements have been initiated between other states such as Botswana government.

The interim structure was approved and the following issues have impacted negatively on the Department's service delivery:

- Position for Director Supply Chain Management is in the process of being filled.
- Deputy Director MISS has been seconded to Office of the Premier. Department has recommended that the appointment to Office of the Premier be made permanent so as to allow the Department to advertise the post.
- Provision for office accommodation by the Department of Public Works and Roads not yet finalized.

## **3. Outlook for the 2015/16 financial year**

Section 3 looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

The fifth (5<sup>th</sup>) North West Provincial Administration has identified ten (10) key priorities that will drive and contribute to the Radical Socio-Economic Transformation Agenda for 2015/16 financial year and the following are priorities for the Department towards the agenda:

- **Tourism product development in nineteen (19) townships and fifty six (56) villages:** A project will be undertaken aimed at conducting an audit of products and services to determine supply and demand for tourism growth. The cost for the project is estimated at R1.5 million in the 2015/16 financial year.
- **Provide intervention in the village, township and small dorpiés economies:** This priority will be achieved through the development of a village, township and small dorpiés with Tourism Strategy to the tune of R1 million in 2015/16 financial year.
- **Increase the Economic Profile of tourism:** The priority requirement is that annually the Department should produce the provincial state of tourism report. Estimated cost for this project is R3 million over the MTEF.
- **Bokone Bophirima Tourism Growth and Development Agency:** The Department is expected to produce a concept document for the Bokone Bophirima Tourism Growth and Development Agency in 2015/16 to the total cost of R200 thousand.
- **Provincial bed capacity audit:** In partnership with the Department of Finance, Enterprise and Economic Development, the Department of Tourism will perform an audit of bed capacity in the province and provide projections for the next five years.

In 2015/16, the department aims to, among others:

- Implementation of key strategies; Provincial Tourism Sector Strategy, Provincial Heritage and Culture Tourism Strategy and the Provincial Tourism Events Strategy will be the focus area for 2015/16.
- A number of research projects will also be undertaken in an attempt to improve tourism in the province.

#### 4. Reprioritisation

In 2015/16, an amount of R21.3 million and R786 000 has been reprioritised from Administration and Tourism Planning respectively to Tourism Growth, Development and Transformation. In 2016/17 an amount of R18 million has been reprioritised from Administration to Tourism Planning and Tourism Growth, Development and Transformation.

The above reprioritisation was mainly to make provision for Tourism Growth, Development and Transformation which is a new programme that came with the revision of the budget programme structure. Included in the above reprioritisation is an amount of R3.8 million reprioritised to transfers to Parks and Tourism Board to cater for support of infrastructure improvements at Taung Hotel School and Dr Kenneth Kaunda. An amount of R7.096 million in 2015/16, R8 million in 2016/17, was reprioritised to property payments for office accommodation.

#### 5. Procurement

Major procurement will mainly be on acquisition of capital assets for provision of working tools for new appointees. To improve on the procurement process, the department has committed to facilitate training to bid committee members, procurement and finance staff for payment processing activities. Provincial Treasury is providing most of the intervention necessary for effective and efficient supply chain management and good governance practices. For more details on procurement refer to procurement plan.

## 6. Receipts and financing

### 6.1 Summary of Receipts

Table 10.1 shows the sources of funding for the department over the seven-year period from 2011/12 to 2017/18.

Table 10.1 : Summary of receipts

| R thousand                           | Outcome      |              |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |
|--------------------------------------|--------------|--------------|--------------|--------------------|-----------------------------------|------------------|-----------------------|----------------|----------------|

| Equitable share                      | 6 013        | 6 619        | 7 170        | 78 919             | 78 919                            | 78 919           | 144 846               | 156 566        | 176 544        |
| Conditional grants                   | -            | -            | -            | -                  | -                                 | -                | -                     | -              | -              |
| Departmental receipts                | -            | -            | -            | -                  | -                                 | -                | 204                   | 114            | 42             |
| Financing (Rollovers and Additional) |              |              |              |                    | 36 000                            | 36 000           |                       |                |                |
| <b>Total receipts</b>                | <b>6 013</b> | <b>6 619</b> | <b>7 170</b> | <b>78 919</b>      | <b>114 919</b>                    | <b>114 919</b>   | <b>145 050</b>        | <b>156 680</b> | <b>176 586</b> |

The main sources of funding for Department of Tourism is equitable share and own receipts with equitable share being the main contributor to the total budget at 99.9 per cent, while own receipt contribute only 0.1 per cent in the current financial year.

The Department does not receive any conditional grant allocation. The department receives its own receipts purely from the registration fees of tour guides.

The total receipts increased from R6 million in 2011/12 to R114.9 million in 2014/15 at an annual average growth of 167.4 per cent. This increase is recorded mainly in 2014/15 due to the elevation of Tourism programme to form a stand-alone department following the reconfiguration of the provincial departments. Over the medium term the total receipts are projected to increase to R176.6 million at an annual average growth of 15.4 per cent in 2017/18.

The projected increase is mainly on equitable share due to the additional allocation of R26.3 million in 2015/16, R44.5 million in 2016/17 and R58.9 million in 2017/18 to correct the baseline allocation over the MTEF.

### 6.2 Departmental receipts collection

Table 10.2 below gives a summary of the receipts collected by the department.

Table 10.2 : Summary of departmental receipts collection

| R thousand  | Outcome  |          |          | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |            |           |

The own revenue collection is projected to decline from R204 000 in 2015/16 to R114 000 in 2016/17 and R42 000 in 2017/18. The decline is mainly due the registration process of tourist guides which occurs only once in three years. The registration is expected to take place in 2015/16 hence the increase in the first year of registration.

The following strategy to increase own revenue has been adopted by the Department:

The Department has determined that the province can accommodate 1500 Tourist Guides. This number, however, depends on the willingness of private game reserve owners to give access to these guides, which has not been the case to date. There is currently 648 tourist guides in the books of the department although only 212 have renewed their registration for the current cycle of three years. There are also 150 Tourist Guides that are operating illegally in this province. The rate of R240.00 per annum is determined nationally and review date can at this stage not be anticipated.

It is the intention of the Department to continue with the stakeholder engagements in the 2015/16 financial year in an effort to improve interrelations and compliance to regulations. To encourage tour guides registration, the Department will also promote participation in the provincial tourism awards.

## 7. Payment summary

### 7.1 Key assumptions

- The allocation took cognizance of the Provincial Treasury's guidelines by ensuring that the consumer price index (CPI) inflation projections inform budget provisions of the department to make for price increases over the 2015 MTEF period for non-personnel expenditure items; 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent in 2017/18 financial years.
- Personnel budget growth is limited to 6.2 per cent in 2015/16, 5.8 per cent in both 2016/17 and 2017/18. Adequate provision has also been made for personnel related costs such as pay progression, performance award and other related allowances.
- Ward based budgeting was also considered in drafting the budget. Establishment of tourism and hotel schools is planned to take place in all four district municipalities in the province. Funding required should incorporate construction of hostels and lecture halls for the institutions in all the districts.

### 7.2. Programme summary

The services rendered by the Department are categorised under three programmes namely: Administration, Tourism Planning; and Tourism Growth, Development and Transformation.

Table 10.3 : Summary of payments and estimates by programme: Tourism

| R thousand  | Outcome      |              |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |
|---|--------------|--------------|--------------|--------------------|-----------------------------------|------------------|-----------------------|----------------|----------------|

| <b>Total economic classification</b>                | 6 013   | 6 619   | 7 170   | 78 919             | 114 919                           | 114 919          | 145 050               | 156 680 | 176 586 |

The **Administration** expenditure over the past three years is not recorded due to the fact that the department was previously a programme under the former Department of Economic Development, Environment, Conversation and Tourism (DEDECT) before it was elevated to become a department. The support function for Tourism as a programme was performed by the former DEDECT. Over the medium term the budget is expected to increase from a revised estimate of R70.4 million in 2014/15 to R90.9 million in 2017/18 at an annual average rate of 8.9 per cent which is in line with the inflationary projections and the additional funding for the correction baseline.

The expenditure for **Tourism Planning** increases from R6 million in 2011/12 to the revised estimate of R12 million in 2014/15 at an annual average growth of 25.8 per cent. The significant growth is mainly in 2014/15 growing by 67.1 per cent due to an additional funding of R3.5 million which was allocated for tourism planning activities. Over the medium term the expenditure is projected to increase to R12.8 million in 2017/18 at an annual average rate of 2.1 per cent.

**Tourism Growth, Development and Transformation** is a new programme following the review of the budget programme structure which will take effect from 2015/16. The functions of this programme were performed under Tourism Planning in 2014/15. The function of this programme received an additional allocation of R32.5 million in 2014/15 during the adjustment budget. The additional funding was allocation as follow:

- R1.5 million for Provincial road shows & Tourism Lekgotla;
- R10 million for Tourism Growth and Promotion initiatives;
- R4 million for Establishment a convention Bureau;
- R5 million to Enter into Joint Marketing Agreements; and
- R12 million for Infrastructure upgrade of the Taung Hotel School.

Over the medium term the expenditure is projected to increase from R32.5 million in 2014/15 to R72.928 million in 2017/18 at a year on year growth of 25.9 per cent in 2015/16, 45.2 per cent in 2016/17 and 22.7 per cent 2017/18. This significant growth is mainly due to transfers to North West Parks and Tourism Board which is intended to assist in administration and infrastructure improvements in hotel schools.

**Economic Classification:** Compensation of employees account for 46 per cent of the total adjusted appropriation for 2014/15. Compensation expenditure has increased from R5.628 million in 2011/12 to the revised estimate of R53.5 million in 2014/15 at annual average rate of 111.8 per cent. The increase is also in line with the increased on personnel number from 17 to 105 in the same period. Over the medium term the expenditure is expected to increase to R75.2 million at an annual average rate of 12 per cent. The increase is due to the inflationary projections as well as the expected increase on personnel number from 105 to 179 during the same period.

Goods and services account for 36 per cent of the overall budget for 2015/16, Expenditure movement over the medium term is expected to increase from the revised estimate of R28.4 million in 2014/15 to R50.2 million in 2017/18 at an annual average rate of 20.9 per cent. This increase is mainly recorded on almost all items with the main contributor being property payments due to payment of the office accommodation that is expected to take effect in the next financial year.

Transfers and subsidies accounts for 23 per cent of the total adjusted appropriation. The department transfers funds to North West Parks and Tourism Board for the administration and assistance in improvements of infrastructure of the Hotel schools. Over the medium term the transfers is expected to increase to R49.2 million in 2017/18 at an annual average rate of 14.7 per cent.

The transfer is intended to support the North West Parks and Tourism Boards to establish Hotel Schools in three districts over the MTEF, in Dr Ruth Segomotsi Mompati (Taung), Dr Kenneth Kaunda (Stilfontein) and Bojanala (Old George Stegman Hospital), particularly for improvements to building infrastructure.

Payments of capital assets allocation is mainly on machinery and equipment. Expenditure is expected to increase from the revised estimate of R350 000 in 2014/15 to R2 million in 2017/18 at an annual average rate of 79.5 per cent due to increase of number of personnel as a result of new appointments taking place mainly in 2015/16 to ensure full capacity for the Department.

## **7.4 Infrastructure payments**

### *7.4.1 Departmental infrastructure payments*

None

### *7.4.2 Maintenance*

## **9. Programme description**

The Department was established following re-configuration of departments in June 2014. Its responsibility is to transform the tourism sector in the province to become viable, contributing directly or indirectly towards economic growth and job creation. In 2014/15 the Department had only two programmes namely: Administration and Tourism Planning. In 2015/16 the department revised its budget programmes structure which resulted in addition of the third programme (Tourism Growth, Development and Transformation).

**Programme 1: Administration** - The main purpose of the programme is to provide corporate support to the entire department as well as strategic administrative and political direction through the office of the Head of Department and Executive Authority respectively. This programme consists of four sub-programmes, namely Office of the MEC, Office of the HOD, Financial Management Services and Corporate Management Services.

- **Office of the MEC:** To provide a political leadership as relating to the mandate of the department.
- **Office of the HOD:** To provide administrative leadership to the Department.
- **Financial Management Services:** To provide effective and efficient Financial Management services within the Department.
- **Corporate Management Services:** To provide corporate support services to the Department.

Table 10.6 and 10.7 below illustrate the payments and estimates of this programme over the seven year for 2011/12 to 2017/18.

**Programme 2: Tourism Planning:** The main purpose of Programme 2 is to facilitate the development and growth of the tourism sector in the North West Province. This programme has only two sub-programmes namely Research and Policy Development and Planning Sector Performance.

**Research and Policy Development:** To create an enabling environment for tourism growth through planning, research, legislation, policy and strategy development. The sub-programme allocation is projected to decline from the revised estimate of R12 million in 2014/15 to R6.4 million in 2017/18. The decline is due to the creation of sub-programme Planning and Sector Performance, which is expected to take effect from 2015/16.

Through the allocated budget, the sub-programme is expected to achieve the following strategic objective over the MTEF:

- Review 5 Tourism Growth and Development Strategies.
- Produce 2 research studies conducted to support Tourism Growth and development.
- Develop Tourism Knowledge Management tools in 2015/16.
- Hold 2 Tourism capacity building workshops.
- Create 2 Strategic partnerships.

**Planning and Sector Performance:** To plan, monitor and evaluate Tourism sector performance. These subprogrammes will resume its functions from 2015/16 to 2017/18; the budget allocation over the same period is expected to decrease from R11.5 million in 2015/16

to R6.4 million in 2017/18 due to once off allocation of R7.5 million for radical priorities in 2015/16.

Over the MTEF the sub-programmes is expected to achieve the following strategic objectives:

- Develop a Provincial Tourism Infrastructure Development Plan in 2015/16.
- Develop a Provincial Tourism Spatial Plan in 2016/17.
- Produce 4 reports on Monitoring and Evaluation of Tourism sector performance.

Table 10.8 and 10.9 below illustrate the payments and estimates of this programme over the seven year for 2011/12 to 2017/18 for Tourism Planning.

Table 10.8 : Summary of payments and estimates by sub-programme: Tourism Planning

Overall budget for the programme accounts for 10 per cent in the current financial year, over the medium term the programme accounts for 11 per cent, 8 per cent and 7 per cent in 2015/16, 2016/17 and 2017/18 respectively of the total budget allocated for department. The reduction recorded over the MTEF is mainly to the reclassification of both budget and the functions of the programme 3 (Tourism Growth and Development) which was placed under tourism planning before the structure was reviewed.

This reduction mostly affected transfers and subsidies due to the transfers to Parks and Tourism Board. The bulk of the budget is allocated under compensation of employees which is expected to increase from the revised estimate of R6.6 million in 2014/15 to R6.6 million in

2017/18 at an annual average rate of 0.1 per cent. The insignificant growth over the MTEF is due to the accelerated expenditure on compensation in the current financial year.

*Goods and services* expenditure is expected to increase from the revised estimate of R5.2 million in 2014/15 to R6.1 million in 2017/18 at an annual average growth of 5.8 per cent due the inflationary projections.

The budget allocation over the medium term is intended to achieve the following basic outcomes of the programme:

- Establish tourism as a provincial priority sector.
- Entrench a culture of tourism amongst citizens of the province.
- Promote responsible tourism practices that seek to maximize economic and social benefits and minimize cost to destination South Africa and the North West.
- Improve on the interface between Government and the private sector in the management and development of tourism in South Africa.

### Service delivery measures for Tourism Planning

| Tourism Planning   | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|
|  | 2015/16                  | 2016/17 | 2017/18 |
| <b>Performance measures</b>  |                          |         |         |
| Number of Tourism growth and development strategies reviewed                   | 5                        | 5       | 5       |

**Programme 3: Tourism Growth, Development and Transformation** - The main purpose for Programme 3 is to manage Tourism growth and development. This programme has three sub-programmes namely, Tourist Guiding and Regulatory Services; Tourism Sector and Transformation and Tourism Growth and Development.

**Tourist Guiding and Regulatory Services:** To ensure the registration of Tourist guides and Tourism enterprises are in compliance with existing legislation and regulations. The following are the expected strategic objective to be achieved over the MTEF with the allocated budget: Produce 4 reports each year on the following:

- Tourist guides registered for compliance each year.
- Illegal tourist guiding inspections conducted.
- Tourism businesses registered.
- Tourists' complaints managed.
- Implementation of BBBEE Tourism Codes.
- Produce 2 reports on skills development initiatives implemented.

**Tourism Sector and Transformation:** To create awareness about the total value chain of Tourism Sector and resultant opportunities amongst the communities of the North West Province. With the allocated budget over the MTEF the subprogram aims at achieving the following strategic objective:

- Support and facilitate 2 community tourism projects each year.
- Implement 4 awareness and education programmes each year.
- Implement 4 service excellence initiatives each year.
- Hold and support 1 Tourism Month Activities in a year.
- Hold and Celebrate 1 World Tourist Guide Day.

**Tourism Growth and Development:** To create and promote an enabling environment for Tourism investment, infrastructure development, hospitality training, capacity building and destination marketing in the North West Province. The following are the expected strategic objectives to be achieved over the MTEF with the allocated budget:

- Support 30 Tourism enterprises (SMMEs) in 2015/16, 50 in 2016/17 and 80 in 2017/18.
- Support 2 tourism infrastructure and amenities projects each year.
- Undertake 1 tourism investment initiatives a year.
- Establish 1 hotel and Tourism management schools a year.

Table 10.10 and 10.11 below illustrate the payments and estimates of this programme over the seven year for 2011/12 to 2017/18 for Tourism Planning.

| <b>Total economic classification</b>                | -       | -       | -       | -                  | <b>32 500</b>                     | <b>32 500</b>    | <b>40 921</b>         | <b>59 414</b> | <b>72 928</b> |

Tourism Growth, Development and Transformation programme accounts for 28.3 per cent in the current financial year and 28.3 per cent in 2015/16, 37.9 per cent in 2016/17 and 41.3 per cent in 2017/18. The programme started operating in the current financial year with only budget allocated to transfers and subsidies.

The budget is projected to increase from the revised estimate of R32.5 million in 2014/15 to R72.9 million in 2017/18 at annual average rate of 30.9 per cent. This significant increase is mainly due to the provision of current payment (compensation of employees and goods and services) in 2015/16 to 2017/18.

Transfers and subsidies is the main cost driver of this programme accounting for 100 per cent of the total programme allocation in 2014/15, 54.5 per cent in 2015/16, 58.9 per cent in 2016/17 and 67 per cent in 2017/18. Over the medium term the expenditure is expected to increase from the revised estimate of R32.5 million in 2014/15 to R49 million in 2017/18 at an annual average rate of 14.5 per cent.

The increase is mainly due to allocation for transfers to North West Parks and Tourism Board intended to support the entity in improving infrastructural assets and assisting in provision of administrative support in hotel schools.

Compensation of employees is the second cost driver following transfers and subsidies. The expenditure is only expected to be recorded from 2015/16 given that in the current financial year the programme was responsible for transfer function only which was performed under programme 2. The Expenditure is projected to increase at a year on year growth of 6.8 per cent in 2016/17 and 4.9 per cent in 2017/18. The number of personnel is expected to remain constant from 2015/16 to 2017/18.

## Service delivery measures for Tourism Growth, Development and Transformation

### Tourism Growth, Development and Transformation

| Performance measures  | Estimated Annual Targets |         |         |
|---|--------------------------|---------|---------|
|   | 2015/16                  | 2016/17 | 2017/18 |
| Reports on number of tourist guides registered for compliance   | 4                        | 4       | 4       |
| Number of reports on skills development initiatives implemented | 2                        | 2       | 2       |
| Number of awareness and education programmes implemented        | 4                        | 4       | 4       |
| Number of service excellence initiatives implemented            | 2                        | 4       | 4       |
| Number of hotel and tourism management schools established      | 1                        | 1       | 1       |
| Number of Tourism investment initiatives undertaken             | 1                        | 1       | 1       |

The Department has also factored in the increase anticipated for filling all vacant positions by end of March 2016 taking into consideration that the interim structure takes care of only the basic human resources required for minimal but not adequate service delivery attainment and that funding for capacitating the department was provided in 2014/15 financial year.

All general salary adjustments for pay progression, overtime, medical aid, homeowners allowance and all other allowances that may apply have also been considered. A once off headcount growth is considered in the 2015/16 financial year based on the approved interim structure of the Department.

### 9.3.2 Training

An allocation equivalent to 0.5 per cent of personnel budget has been reserved for staff training in line with the Exco. Resolution of 2011. Training will be predominantly provided through the Public Services Education and Training Authority (PSETA) and generic or transversal training will be managed by Public Administration Leadership and Management Academy (PALAMA). The allocation will cover training for both permanent, part-time staff as well as for internship and will be in the form of bursaries, workshops, seminars and other practical consultative sessions. The Department does not have information relating to prior financial years as it was promulgated in the 2014/15 financial year. A total of R499 612 was incurred for training in the 2014/15 financial year as at end of January.

### 9.3.3 Reconciliation of structural changes

In 2014/15, the department delivered its service through two programmes namely Administration and Tourism Planning. Programme 2: (Tourism Planning) was re-structured to establish the third, Programme 3: (Tourism Growth, Development and Transformation). The table below shows the structural changes as adopted by the Department.

Table 10.16 : Reconciliation of structural changes: Tourism

## 1. Overview

### Vision

Delivery and maintenance of quality infrastructure for sustainable growth and development.

### Mission

To provide quality provincial infrastructure and ensure better service delivery.

### Values

The vision and mission statements of the Department are underpinned by the following values:

- Client focus;
- Professionalism;
- Integrity;
- Commitment;
- Valuing of staff and mutual respect at all levels of the organization;
- Accountability; and
- Compliance and adherence to the Code of Conduct for Civil Servants.

### Core functions

- To plan and implement maintenance activities, routine, schedule, conditions assessment of all buildings and other fixed structures;
- To manage the property portfolio of the province including the establishment and management of the provincial strategic infrastructure plan;
- To manage the operations of buildings and facilities through cleaning, greening, beautification, interior decoration and designs and to also conduct day to day preventative maintenance of electronic, electrical and mechanical equipment;
- To promote accessibility support for a safe and affordable movement of people, goods and services through the delivery and maintenance of transport infrastructure that is sustainable, integrated and environmentally sensitive, and which supports and facilitates social empowerment and economic growth;
- To develop new, re-construct, upgrade, rehabilitate and maintain road and transport infrastructure; and
- Contribute to the national goals of job creation and poverty alleviation through Expanded Public Works Programme.

### The Acts, rules and regulations applicable to the department

- Constitution, Act 108 of 1996;
- Road Transportation Act 74 of 1997;
- Western Cape Land Administration Act, 1998 (Act 6 of 1998);

- The Preferential Procurement Policy Framework Act (2000) and relevant circulars in this regard;
- National Forest and Fire Laws Amendment Act, Act 12 of 2001;
- National Water Act 36 of 1998;
- National Veld and Forest Fire Act 101 of 1998;
- The North West Land Administrative Act of 2001(no.4 of 2001);
- Broad Based Black Economic Empowerment Act (BBBEE) of 2004;
- Government Immovable Asset Management Act (Act NO 19 of 2007);
- The North West Provincial Land Transport Regulations on Operating Licenses Act of 2003;
- National Public Works Council for the Built Environment Act 43 of 2000;
- National Public Works Quantity Surveying Profession Act 49 of 2000;
- Property Valuers Profession Act 47 of 2000;
- National Public Works Project and Construction Management Profession Act 48 of 2000;
- National Public Works Engineering Profession of South Africa Act 46 of 2000;
- Public Works Landscape Architectural Profession Act 45 of 2000; and
- Architectural Profession Act 44 of 2000.

The department is also guided by national policies aimed at transforming the public service, such as Batho-Pele and the White Paper on transformation of the Public Service. In addition, the department is bound to work within the prevailing regulatory framework, including (inter alia) the Public Service Act and the new Public Service Regulations, Public Finance Management Act, Division of Revenue Act, Treasury Regulations and Provincial Tender Board Regulations. The department is also bound by centrally negotiated agreements regarding conditions of service for its employees.

### **1.1 Aligning departmental budgets to achieve government`s prescribed outcomes**

The Department's contribution to the National Policy Outcomes is mainly in respect of Policy Outcomes 4, 5, 6 and 7, as targets that have been included in the Service Delivery Performance Agreement entered into between MEC for the Department and the Premier. The following are outcomes that the Department contributes to:

- **Decent employment through inclusive Economic Growth (Outcome4):**

23 976 non-permanent personnel EPWP beneficiaries employed and work opportunities created. The department will also contribute to the 7 407 job opportunities that will be created through infrastructure development, green economy and social economy.

- **A skilled & capable workforce to support an inclusive growth path (Outcome 5):**

The Department's focus will be on recruiting qualified technical personnel such as electrical, structural and civil engineers registered with engineering council of South Africa (ECSA). In order to realize the latter, the department has set aside R11.1 million from equitable share for capacitation of Public Works sector in 2015/16 with a carry through effect. The department in collaboration with the Provincial Treasury, National Treasury and DPSA are working hard to fast track the process for recruitment of Chief candidate engineers to professional engineer's stream, which will ensure that government, has an adequate pool of registered engineers and built environment professionals for improved planning and implementation of infrastructure and thus limiting dependencies on private sector.

- **An efficient, competitive and responsive infrastructure network (Outcome 6),**

Twenty eight (28) roads projects are currently on construction of which sixteen (16) are under maintenance and repairs. The department has completed five roads which are:

- P25/1 - Maubane to Carousel ; 8 km
- D533 from Mopanyane/ GaRamosidi to Mononono : 5 km
- Z554 Mokgalwaneng to Matlametlong : 3.75 km
- D842 Afrikaner Mine Road 26km.
- P47/2 Swartruggens to Koster 30km.

The department has updated the Roads Asset Management System (RAMS) which is funded throughout the MTEF period from Provincial Roads Maintenance Grant (PRMG).

The Department has nine projects designed and ten (10) projects that are under construction stages which includes amongst others Data Towers at Moretele office park, old parliament fencing, information technology throughout the districts and data towers at Garona office park.

- **Vibrant, equitable & sustainable rural communities & food security for all (Outcome 7);**

The contribution of the department to the development of rural communities is through the construction and maintenance of rural access roads in order to ensure accessibility for commuters and farmers to mainstream economy through the intake of women, youth and physically challenged (disabled) persons. The Department has adopted the Itirele and Vuk'uphile programmes to ensure sustainability of rural communities and the contribution to food security. The department will continue to accelerate the implementation of War-on-Poverty projects. The brick making projects in Mafikeng, Bloemhof, Moretele and Ventersdorp will be established as part of community development. The department will also be establishing cooperatives, as part of job creation in the province in the 2015/16 financial year.

## **2. Review of the current financial year (2014/15)**

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

### **Transport Infrastructure:**

- Twenty four (24) road projects are still under construction, 3 km of access road under upgrading, 25 lane km of surface road rehabilitated and 490 000 square meters of road resealed.
- The rehabilitation of road P23/1 (R504) from N12 at Wolmaranstad to P21/1 at Schweizer-Reneke is at the practical completion, retention still out standingThe 3.7 kilometers upgrading of road D533 from Mopanyane/Ga-Ramosidi to D531 Mononono was recently opened for traffic.
- Draft Road User-Asset Management Plan document has been completed on the 30th June 2014 and submitted to Provincial Treasury and National Department of Transport.
- Seven (7) projects under design were completed in the first quarter.

### **Buildings Infrastructure**

- Designing of eight(8) projects has been completed, of which are Legislature Chambers, Manthe internal roadward 14, Manthe internal road ward 4, bridge between Manthe and Taung, Manthe, Maganeng, Pudumoe and Dryharts clinics and Dryharts Multi-Purpose Center;

- Seven projects are completed, which are Data Tower at Moretele Office Park; Information Technology Infrastructure throughout district (DKK); Old Parliament Fencing; Data Tower at Garona Office park; Ditsobotla sub district office- Fencing; Information Technology Infrastructure Programme Throughout District (NMM) ; Information Technology Infrastructure throughout district (DRSM);The department has completed 3 maintenance projects, which are Moshana High Mast light, Rietsdraai High Mast lights and House number 13 Phola section;
- Hundred and seventeen (117) applications of properties ( surveyed land) were submitted for vesting;
- A number of immovable assets was managed and administered in line with the life cycle of an immovable asset ( verifications, acquisitions and disposals) namely 4228 land parcels, 11483 building (non-residential) and 2247 residential;
- 100 per cent of erf data which translate to 4228 land parcels were checked for completeness and concluded for desktop verifications;
- Mmabatho stadium is still at the design stage; and
- Refurbishment and extension of convention center is at the planning stage. The design of Lowe complex to convert it into government offices is complete.

#### **Expanded Public Works Programme:**

- 33 EPWP projects and 9 National Youth Service were implemented;
- 21 180 EPWP job opportunities created by the department, which is 3 180 above the target;
- 5 245 full time equivalents created by DPW&R;
- The department has finalized the social sector plan, drafted the environment and culture infrastructure sector plan;
- Contractor development is in place, and to date 65 contractors are registered on the programme; and
- 344 EPWP beneficiaries trained on related on related skills programme, learnerships and apprenticeships.

## **2. Outlook for the coming financial year (2015/16)**

Section 3 looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

- Continuous planning and implementation of buildings and roads infrastructure in line with the approved North West Infrastructure Delivery Management System (IDMS) to address backlog in the Province;
- Continue to capacitate the department with relevant engineering and built environment professionals;
- Continue to upscale the creation of job opportunities(EPWP beneficiaries) thorough infrastructure projects and programmes;
- Enhance the construction industry capabilities of the North West Province through the use of Contractor Development Programme;
- Facilitate integrated planning and implementation of Strategic Infrastructure Projects and Programmes in line with National and Provincial priorities;
- Continue to update the Roads Asset Management System(RAMS) and the Immoveable Asset Registers;
- Continue to monitor and support implementation of the Government Immoveable Asset Management Act (GIAMA) of 2007 (as amended) throughout the North West Provincial Government;

- To continue in providing strategic management and integrated planning for transport network planning and the integration of transport and development planning;
- Upgrade, construction and maintenance of infrastructure to boost the growth of the villages, townships and small “dorpies” ;
- Mafikeng and Pilanesberg Airports Project - To improve management of the Provincial Airports and Aviation related infrastructure and Activities; as well as to position the province strategically to meet the Aviation challenges in the North West Province;
- Provides technical and administrative services pertaining to built and property related matters in the province;
- Full Implementation of consultants’ database in line with the supply chain management prescripts;
- Implementation and monitoring of cooperatives as part of the EPWP exit strategy;
- Establishment of brick making plants in Moretele, Mahikeng, Ventersdorp and Bloemhof;
- Redesign and extension of convention centre in 2015/16, into an international convention centre; and
- The establishment of a Road Agency to help the department deal with the challenges and massive backlogs of the road network that is facing the department.

### 3. Reprioritization

The amount of R89.7 million in 2015/16 and R107,2 million in 2016/17 was reprioritized to address the imbalances on various economic classification and ensuring normalization on growth trends.

### 4. Procurement

The following new major/key projects will be implemented;

- New sub district office (Madikwe) is budgeted R12 million;
- Extension of Legislature is budgeted R15 million;
- Mahikeng airport is budgeted R30 million;
- Pilanesburg airport is budgeted R15 million;
- Internal Roads (Moretele) is budgeted R15 million;
- Maintenance of office buildings and prestige accommodation is budgeted R19.7 million;
- Upgrade of bridge between Taung and Manthe is budgeted R43 million; and
- Upgrading of sewerage and internal roads in Moretele is budgeted R15 million.

### 6. Receipts and financing

#### 6.1 Summary of receipts

The table 11.1 below reflects the sources of funding for the period 2011/12 to 2017/18. The table also illustrates the comparative figures for actual and budgeted receipts against actual and budgeted payments.

Table 11.1 : Summary of receipts: Roads And Public Works

| R thousand   | Outcome          |                  |                  | Main appropriation | Adjusted appropriation | Revised estimate | Medium-term estimates |                  |                  |

## Equitable Share

The equitable share includes the following earmarked funds:

- An additional amount of R50 million, R53 million and R56 million throughout the 2015/16 MTEF to address the backlogs on property rates and taxes;
- R100 million accruals relating to Transport Infrastructure; and
- R 131 million, R171 million and R161 million was effected to reduce the provincial equitable share throughout the MTEF.

## Conditional Grants

In addition to the equitable share, the Department also receives a proportion of their transfers from National Departments of Transport and Public Works in a form of conditional grants. These conditional grants have shown growth over MTEF period mainly due to the high increased levels of infrastructure services demand.

### • Expanded Public Works Programme Integrated Grant for Provinces

The purpose of this grant is to incentivize provincial department to expand work creation efforts through the use of labour intensive delivery methods in identified focus areas, this should be in compliance with Expanded Public Works Programme (EPWP) guidelines. The department will continue to expand the labour intensive projects through road and building construction and maintenance programmes aligned with the objective of the EPWP principles.

EPWP allocation is based on performance in the past 18 months; number of FTEs created and the duration of the created work opportunities, hence not allocated in the two outer years. The incentive grant has increased to R16.9 million in 2015/16 compared to R5.6 million of 2014/15.

### • Provincial Roads Maintenance Grant

The purpose of this grant is to supplement the provincial road investments and support preventative, routine and emergency maintenance on provincial road networks; to ensure provinces implement and maintain road asset management systems and promote the use of labor-intensive methods in road maintenance. The grant carries an allocation of R788 million in 2015/16, R834 million in 2016/17 and R894 million in 2017/18.

## 6.2 Departmental receipts collection

The main source of departmental revenue collection is on sale of goods and services excluding capital assets, which is mainly comprised of auctions.

Over the MTEF the department intends to maximise revenue through the following:

- Continue with the disposal of redundant state houses and other obsolete items through auctions using internal capacity;
- Market related tariffs will be fully implemented to the commercial properties' occupants after approval of the revised rates by the Legislature through Department of Finance;
- The Department has already engaged its legal team to take legal action against all government properties rental defaulters in order to recover outstanding debts; and
- There are other plans such as parking fees sales of printer cartridges as well as used papers that the Department is working on in order to introduce as additional sources of revenue.

## 7. Payment summary

### 7.1 Key assumptions

The department applied the following broad assumptions when compiling the budget:

- Revised inflation projection (CPI) published in the 2014 Medium Term Budget Policy Statement, 6.2 per cent in 2015/16, 5.8 per cent 2016/17 and 5.5 per cent in 2017/18;
- A provision for personnel costs such as cost of living adjustment, housing allowances, qualification bonuses and long service recognition cash rewards has been made; and
- The built in pay progression of 1.5 per cent is sufficiently provided. Compensation of employees is inclusive of a provision for ICS at 6.2 per cent in 2015/16 and 5.8 per cent 2016/17 and 2017/18 financial years.

### 7.2 Programme Summary

The services rendered by the department are categorized under four programmes namely, Administration, Public Works Infrastructure, Transport Infrastructure and Community Based Programme, which are aligned to the revised uniform budget and programme structure of the combined Public Works and Transport sector.

Table 11.3 below provides summary of payments and budgeted estimates by programme for the period 2011/12 to 2017/18.

Programmes registered budget volatility from 2011/12 to 2017/18; the average increase is within 7 per cent. The 2015/16 budget was reduced by R7 million as a result of the Provincial Equitable Share reduction. Public Works Infrastructure budget was increases by R50 million, R53 million and R56 million for the three years MTEF budget cycle, to address the arrears payments for property rates and taxes.

### 7.3 Summary by economic classifications

Table 2.2 below provides a summary of payments and budgeted estimates by economic classification for the period 2011/12 to 2017/18.

Table 11.4 : Summary of provincial payments and estimates by economic classification: Roads And Public Works

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                  |                  |

#### Compensation of employees:

The department re-advertised key technical positions, particularly of civil, structural, mechanical and electrical engineering, most of the applicants did not meet the set requirements. In essence to the latter challenge, the department has been unable to attract qualified professionals due to the disparity of remuneration packages between the public and the private sector, with the private sector being more lucrative. Despite these challenges, the department has embarked on a collaborative effort with the Provincial Treasury and DPWSA to seek suitable incumbents in the engineering profession through head hunting. With the new structure anticipated to be implemented in 2015/16, spending is expected to increase from the revised estimate of R723.6 million in 2014/15 to R814.4 million in 2017/18 at an annual average growth of 6.4 per cent. Included in this allocation, is an amount of R11.1 million in 2015/16 and R11.8 million which is earmarked for the purpose of Public Works Technical Capacity building. The department has ensured revised that the personnel budget growth of programme is at least more than 7.5 per cent.

#### Goods and services:

The 50 per cent decrease is as a result of discontinued funding of EPWP for 2015/16 MTEF period. The department got funds through the adjustment budget and reprioritization in order to fund the increased number of EPWP beneficiaries and also to establish cooperatives. The department invests bulk of its budget in terms of maintenance and repairs for buildings, roads and government.

## Transfer and subsidies:

Transfers to Provinces and municipalities largely consist of payment of property rates and taxes, which were devolved to provinces through the Devolution of Rates and Taxes Grant from National Department of Public Works in 2008/09. An amount of R80 million as an additional was received in 2014/15 to pay arrears as a result of inaccurate billing systems of municipalities. The growth continues to stabilise over the MTEF period taking into consideration the effects of improved municipality billing system.

The sharp increase in 2013/14 was due to the roll over received and the additional funding was received from Provincial Treasury for the rehabilitation of Potchefstroom airport runway in Tlokwe municipality. The fluctuating trends on transfers to households are particularly the payment for officials in respect of leave gratuities and injury on duty.

## Machinery and Equipment: Payment for capital assets

The departmental budget on capital assets grows by 30 per cent in 2015/6 due to planned infrastructure improvement. The capital projects such as redesign and extension of Mmabatho Convention Centre accounts for such growth and also sees the growth of 2.3 per cent and 8 per cent in the two outer years. The department budget on machinery (this is mainly for the procurement of yellow fleet), has gone down from R22 million to R23.4 million in 15/16 financial year due to the cut in the overall equitable share allocation.

## 7.4 Infrastructure payments

Table 11.5 : Summary of provincial infrastructure payments and estimates by category

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

## 7.5 Departmental Public-Private Partnership (PPP) projects

None

## 7.6 Transfers

7.6.1 Transfers to Public Entities – Nil

7.6.2 Transfer to other entities – Nil

7.6.3 Transfer to local government - Nil

## 8. Receipts and retentions

Not Applicable

## 9. Programme description

### Programme 1: Administration

Tables 11.5 below provide a summary of payments and budgeted estimates pertaining to the programme over the MTEF period.

#### Description and objectives

Administration is a strategic support programme to the core functions. It provides the department with administrative, strategic, financial, and corporate support services in order to ensure that it delivers on its mandate in an integrated, efficient, effective and sustainable manner therefore it is mainly internally focused.

Table 11.5 : Summary of payments and estimates by sub-programme: Administration

The programme will continue as mandated to budget for the procurement of office furniture and domestic equipment for provincial department and members of the provincial legislature. The payments for regularity audit and appointment of consultants increases steadily for the past financial year resulting in an increase in *goods and services*.

The MTEF allocation of R2.1 million and R4 million for period of 2015/16 and 2016/17 respectively has been earmarked for learner-ship programme. The department is also paying kilometre log sheet to Department of Public Safety and Transport Management for the maintenance and repairs of vehicles.

Although transfer payments is depended on the leave gratuity and workmen's compensation claims, the programme has made the analysis of officials who will be going on retirements and also analyzed age in order to accurately forecast the budget for *transfer payments*. The department made available R3.5 million to sustain the bursary function for 2017/18 financial year.

## Programme 02: Public Works Infrastructure.

### Programme Description:

The main purpose of the Programme is to provide a balanced and equitable provincial government building infrastructure by promoting accessibility that is sustainable, integrated and environmentally sensitive which supports economic development and social empowerment. The main objectives under this programme among others include the following:

- To provide Department-specific infrastructure and advise on the built environment's technical and contractual norms & standards in line with the alignment model and IDIP;
- To provide provincial public building infrastructure and advise client Departments on the built environment's technical and contractual norms & standards in line with the alignment model and IDIP, and to ensure implementation in line with client Department's IPMPs;
- To ensure that all Government-owned properties are properly maintained;
- To facilitate the development of emerging contractors through maintenance projects;
- To ensure efficient, appropriate and economic management of provincial immovable assets; and
- To coordinate the securing of office space for Provincial Departments, allocate habitable residential accommodation to political office bearers & officials and to ensure that payments of utilities and rates & taxes are made for all provincial properties.

The overall spending of this programme is expected to increase from R 975 million in 2014/15 to R1.0 billion in 2017/18, which is an increase of just above 6 per cent. The increase is driven by the following are the sub-programmes:

**Planning:** To provide management of the demand for infrastructure development, monitoring and enforcement of built sector and property management norms and standards. Expenditure is expected to increase from R7.1 million in 2014/15 to R7.8 million in 2017/18 and the further growth declines to R6.7 million and peaks to R7.1 million in 201/18.

**Design:** Design of a new and upgrading building infrastructure in line with applicable norms and standards: Over the MTEF the expenditure is expected to decrease to R11 million in 2015/16 then registered a minimal growth and R11.6 million and R12.2 million in the two outer years.

**Construction:** To construct new buildings, upgrading and rehabilitation of fixed infrastructure within reasonable cost, quality and time. Expenditure on this sub-programme increases on an annual average rate of 6 per cent over the MTEF. Included in the allocation of this sub-programme is an amount of R11.1 million and R11.8 million in 2015/16 and 2016/17 respectively which is earmarked for the purpose of Public Works Technical Capacity building.

The sub-programme sees an increased budget of 54.8 per cent in 2015/16, the growth emanates from the budget of capital project implementation in the building sector such as the cost of R30 million for sloping earthworks, turning pads and replacements in the Mafikeng airport building. Furthermore, the department had set aside R12 million for the construction of new offices for Madikwe sub-district. The sub-programme sees a decline of 5 per cent in 2016/17 as these projects will be in the last stages of construction.

**Maintenance:** Entails the implementation of routine, schedule, condition based maintenance activities as well as minor alterations to buildings infrastructure to ensure optimum performance throughout their life cycle. Expenditure for managing and maintaining the provincial government-owned properties is decreasing by 7.8 per cent in 2015/16 and sees a growth of 0.3 per cent and 5 per cent in 2016/17 and 2017/18 respectively.

**Immovable Asset Management:** Management of the property portfolio of government as well as to establish and manage infrastructure plans. Expenditure reflects the significant decline at an annual average rate of 2.9 per cent, 5.3 per cent and 17.3 per cent over the MTEF period. The growth supports efforts to including all state owned immovable assets in the asset register and also to ensure that the accurate costing is done for payment of property rates and taxes.

**Facility Management:** Provision of operations and facility management services including but not limited to cleaning, landscaping, security and day to day maintenance etc. Expenditure is expected to increase significantly at a growth of 21 per cent in 2015/16. Included in the allocation is the earmarked allocation fund of R153.4 million in 2015/16, R164.5 million in 2016/17 and R172.8 million in 2017/18 for Devolution of Property Rates and Taxes. The increase in the allocation for rates and taxes is aimed at dealing with the arrears owed to municipalities in rates and taxes. This sub-programme sees a decline of 20 per cent in 2015/16 financial year as a result of a R80 million funding that was received during adjustment period to relief pressure emanating from arrears as established through the updated municipality billing system.

### Service delivery measures

Table below illustrates some of the main service delivery measures. In order to enhance delivery on its mandate, the department through this programme has put in place, service delivery agreements with client department, below listed performance indicators comply fully with the customised measures of the public works sector. It should also be noted that some of the previous years' performance indicators were reviewed and new ones are factored into the APP.

#### Programme2: Public Works Infrastructure

| Performance Indicators  | Medium Term Targets   |                       |                       |
|---|-----------------------|-----------------------|-----------------------|
|   | 2015/16               | 2016/17               | 2017/18               |
| Number of projects completed within the contract period(DPWRT Projexcts)  | 17                    | 12                    | 1                     |
| Number of properties receiving facilities management services   | 37                    | 37                    | 37                    |
| Number of immovable assets managed and administered in line with the life cycle of an immovable assets(verification,acquisition and acquisitions and disposals) | 4 263<br>Land parcels | 4 263<br>Land parcels | 4 263<br>Land parcels |
| Number of projects in design stage  | 5                     | 5                     | 1                     |

#### Programme 3: Transport Infrastructure

##### Programme Description:

The main objective of this programme is to promote accessibility, safe and affordable movement of people, goods and services through the delivery and maintenance of transport infrastructure that is sustainable, integrated and environmentally sensitive which supports and facilitates social empowerment and economic growth which includes the following:

- To maintain an effective road management system;
- To develop and maintain the provincial roads infrastructure; and
- Effective planning and design of road construction and maintenance of the provincial road network.

2015/16 Estimates of Provincial Revenue and Expenditure

Transport Infrastructure budget increased substantially over the seven year review period at an annual average rate of 4.5 per cent due to the need to improve the status of provincial road network. Over the MTEF the budget is expected to increase at a year on year growth of 2.4 per cent in 2015/16, 4.1 per cent in 2016/17, and 7.3 per cent in 2017/18.

**Programme Support - Roads:** Provides overall operational support to the programme, that is programme managers and support staff and all related costs including financial matters, provisioning, administrative support and proclamations. Expenditure is projected to increase to 83.2 per cent 2015/16 the increase is attributed to by the expected appointment of key engineering positions. Furthermore, in order to have clear lines of reporting and management of funds, personnel and machinery and equipment budget of sub-programme Infrastructure planning has been added to this sub-programme.

**Infrastructure Planning - Roads:** Provides planning for all modes of transport including movement of passengers and goods , integrate transport and spatial planning, planning and coordination of policies and statutory plans , promote and improve road safety as well as data collection , management and research.. The sub programme is decreasing with 79.2 per cent in 2015/16 and peaks up with 21.3 per cent in 2016/17 and only 5 per cent in 2017/18. The decline in 2015/16 relates to personnel and machinery that has been moved to programme support.

**Infrastructure Design - Roads:** To provide a design of road infrastructure including support functions like Environmental Impact Assessment (EIA), Traffic Impact Assessment (TIA), surveys, expropriations, material investigations and testing. The budget for this programme is declining by

47.7 per cent in 2015/16 per cent and peaks to 37.2 per cent and 5 per cent in 2016/17 and 2017/18 respectively. The decline of 47.7 per cent in 2015/16 is a result of implementation of projects that were designed in the current year 2014/15.

**Construction - Roads:** To develop new, re-construct, upgrade and rehabilitate transport infrastructure including cost related to the traffic control centres. The sub program is growing to R743 million in 2015/16 to R787.2 million and R843 million in 2017/18. The growth of this sub-programme is mainly driven by Provincial Roads Maintenance Grant from National Department of Transport. Over the MTEF PRMG are allocated R788 million in 2015/16 and R834 million in 2016/17 and R894 million in 2017/18 to ensure efficient investment in provincial roads to implement the Road Infrastructure Strategic Framework of South Africa (RISFSA) in line with the S'hamba Sonke Road Programme and other related road infrastructure asset management programmes

**Maintenance: Roads:** The budget on the function decreases from R566.5 million in 2014/15 to R431.7 million in 2015/16, R435.7 million and R457.6 million in 2016/17 and 2017/18 financial years

### Service delivery measures

The table below reflects some of the main service delivery measures of programme three. The performance indicators provided comply fully with the customised for the Transport sector. The budget for this programme is continuously rising due to the new service delivery mandate.

Programme 3: Transport Infrastructure

| Performance Indicators   | Medium Term Targets   |                       |                        |
|--|-----------------------|-----------------------|------------------------|
|  | 2015/16               | 2016/17               | 2017/18                |
| Number of square metres of surfaced roads rehabilitated                                | 137 000               | 137 000               | 140 000                |
| Number of kilometres of road markings renewed/remarked                                 | 44 396                | 43 396                | 43 607                 |
| Number of km gravel roads bladed   | 60 623                | 55 649                | 105 600                |
| Number of km of surfaced roads assessed (VCI's completed per TMH 12)                   | 3 049                 | 3 049                 | 3 049                  |
| Number of km of surfaced road roads visually assessed as per the applicable TMH annual | 5083                  | 5083                  | 5083                   |
| Number of square metres surfaced roads resealed  | 2100000m <sup>2</sup> | 2100000m <sup>2</sup> | 1500 000m <sup>2</sup> |

### Programme 4: Community Based Programme

#### Programme Description:

The main objectives under this programme among others include the following:

- To ensure that there is a 5-year plan for the management, implementation, support and monitoring of the Provincial EPWP Plan in order to meet the target set by National government;
- To ensure that a programme is in place to support Local Municipalities and Provincial Government Departments in implementing EPWP;
- To ensure that there is a dedicated technical support programme for the Infrastructure Sector so as to maximize the potential use of labour intensive construction methods;
- To ensure capacity building through training of beneficiaries on critical and scarce skills (e.g. artisans), entrepreneurship and contractor development; and
- To ensure that new programmes are identified, funded and included in the EPWP Programme

Tables 11.11 and 11.12 below provide a summary of payments per sub-programme and summary of estimates by economic classification pertaining to the programme over the seven years period.

| <b>Total economic classification</b>                | <b>88 858</b> | <b>44 792</b> | <b>175 590</b> | <b>415 095</b>     | <b>569 895</b>                    | <b>611 146</b>   | <b>123 633</b>        | <b>110 508</b> | <b>118 141</b> |

The programme is reducing by 79.9 per cent in 2015/16, then 10.6 per cent in 2016/17 and the programme peaks up to 6.9 per cent in 2017/18. Over the MTEF period the programme spending is projected to decrease by 106.6 per cent in 2015/16 and continue to grow with the inflationary projections on the outer years. The decline in 2015/16 is due to the huge growth in 2014/15 due to once off allocation of the labour intensive project that is ending January 2015. Furthermore, the sub-programme received a once-off R102 million for development of cooperatives that are aimed at sustained employment.

The programme uses road and building infrastructures as the opportunities for job creation through Expanded Public Works Programmes and the department managed to meet the requirements set for EPWP Incentive grant and all the incentive provided were fully spent in 2012/13, 2013/14 and also 2014/15 financial years.

**Programme Support:** To provide support to the programme. The budget for this sub programme declines with 85 per cent and peaks up to 7 per cent and 5 per cent over the MTEF period.

This sub-programme maintains 1 per cent growth when the revised estimate of R47 million spending of 2014/15 is discounted.

**Community Development:** To ensure that individuals and SMME's are trained and developed. The budget of this sub-programme is declining by 80 per cent as a result of the labour intensive projects that ended January 2015. The funding of these projects was not funded over the MTEF period, however, cooperatives has been established where the EPWP beneficiaries are participating to ensure that unemployment statistics do not escalate as a result of termination of projects.

**Innovation and Empowerment:** The budget for this programme is driven by the EPWP grant which depend on the allocation from national department. The grant allocation for the first year of the MTEF is based on EPWP performance in the past 18 months, number of FTEs per R million created and the duration of the created work opportunities. Hence the grant allocation is not allocated in the two outer years. In 2014/15 EPWP Integrated grant amounted to R5.6 million and increased to R16.9 million in 2015/16, this is due to the high number of jobs created in 2014/15 financial year.

**EPWP Co-ordination and Monitoring:** To ensure that there is an enhancement and support of the EPWP Infrastructure sector programme. The sub-program receives an allocation of R240,000 in 2015/16 that grows to R270 000 and R284 000 in 2016/17 and 2017/18. This allocation will enable the programme enhancement and support through monitoring and co-ordination of the EPWP Infrastructure sector programme.

**Service delivery measures**

The table below reflects the main service delivery measures relevant to Community Based Programme. The indicators provided comply fully with the customised measures for Transport and Public Works sector. Some of the key indicators were not included in the service delivery measures reported in the last EPRE.

**Programme 5: Community Based Programme**

| Performance Indicators  | Medium Term Targets |           |           |
|---|---------------------|-----------|-----------|
|   | 2015/16             | 2016/17   | 2017/18   |
| Number of beneficiaries trained                                   | 2 100               | 2 200     | 2200      |
| Number of contractors developed                                   | 120                 | 120       | 120       |
| Number of work opportunities created provincially                 | 45 140              | 48 292    | 52976     |
| Number of Full Time Equivalentents created provincially           | 17 791              | 18 815    | 20 411    |
| Number of employment days created                                 | 4 514 000           | 4 829 200 | 4 694 530 |
| Number of EPWP work opportunities created by the Provincial DPWRT | 7 000               | 7 500     | 8 000     |
| Number of full-time Equivalentents (FTEs)created by the DPWRT     | 3 000               | 3 250     | 4 200     |

### 7.4.3 Personnel Number and cost

Table 17.1 : Personnel numbers and costs by programme

| Personnel numbers                            | As at 31 March 2012 | As at 31 March 2013 | As at 31 March 2014 | As at 31 March 2015 | As at 31 March 2016 | As at 31 March 2016 | As at 31 March 2016 |
|--|---------------------|---------------------|---------------------|---------------------|---------------------|---------------------|---------------------|
| 1. Administration                            | 274                 | 374                 | 344                 | 365                 | 371                 | 375                 | 375                 |
| 2. Public Works Infrastructure               | 1,514               | 1,506               | 1,523               | 1,573               | 1,584               | 1,595               | 1,595               |
| 3. Transport Infrastructure                  | 1,416               | 1,395               | 1,392               | 1,493               | 1,509               | 1,553               | 1,563               |
| 4. Community Based Programme                 | 251                 | 245                 | 245                 | 254                 | 263                 | 263                 | 263                 |
| <b>Total provincial personnel numbers</b>    | <b>3,463</b>        | <b>3,532</b>        | <b>15,517</b>       | <b>15,697</b>       | <b>3,739</b>        | <b>3,798</b>        | <b>3,808</b>        |
| Total provincial personnel cost (R thousand) | 602,893             | 582,348             | 628,377             | 720,606             | 751,937             | 774,743             | 814,481             |
| Unit cost (R thousand)                       | 174                 | 165                 | 40                  | 46                  | 201                 | 204                 | 214                 |

The number of personnel is projected to increase over the MTEF due to advertised vacant positions from old Transport and old Public Works structures to be filled and also provision for the new positions existing in the proposed structure as well as the recruitment of engineering personnel.

### Summary of departmental personnel numbers and cost

Table 11.19 : Summary of departmental personnel numbers and costs by component

|   | Outcome |         |         | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |         |         |

### Training

Table 11.14 gives summary of the departmental spending and information on training per programme over the seven-year period. The amounts reflected below pertain to capacitating and improving the skills of the staff in the department. The significant increase in most programmes can be attributed to the learnership programme aimed at skills development and training programme and also the creation of an available resource pool resulting in the creation of

employment opportunities. An amount of R1 million for 2015/16 and R4.1 million for 2016/17 earmarked for learnership programme is centralized under programme1: Administration.

The department according to the Skill Development Act is required to budget at least 1 percent of its salary budget for personnel training and development. The department has however set aside 2 percent for personnel training. The training needs will be reviewed on the ongoing basis as indicated on the individual personal develop plans. The requirements give credence to government policy on human resource development. To facilitate this process the department is affiliated to Sector Education and Training Authority (SETA) and the Construction Education and Training Authority (CETA).

### Reconciliation of structural changes

There are no structural changes

---

## **1. Overview**

### **Vision**

A Caring and Self-reliant Society.

### **Mission**

To transform our society by building conscious and capable citizens through the provision of integrated social development services.

### **Core Functions of the Department**

#### **Promotion of Community Participation**

The Department is committed to promotion of community participation through information dissemination, community planning, social mobilization, institution building and partnership development.

#### **Prevention**

Social protection for children, elderly, people with disabilities and able-bodied unemployed people.

#### **Benefits**

- Social Assistance (Continuous Cash Benefit) for Elderly and Disabled people in poverty, vulnerable children and military veterans;
- Disaster and social relief of distress (SRD);
- Household dynamics – counseling and support services - State-run Public Employment programme; and
- EPWP Social Sector II work opportunities (short-term);

#### **Protection / Shelters**

State-owned Shelters

- CYCCs (Children's Home & Place of Safety, Secure Care Centres, School of Industries)
- Old Age Home;
- Protective shelter for people with disabilities;
- Victim empowerment One-Stop-Centre;
- NGO run residential care facilities;
- CYCs (Children's Homes, Private Places of Safety, Shelters for Street Children);
- Old Age Homes;
- Substance Abuse In-Patient Treatment Centre;

#### **Development**

- Social Sector EPWP;
- Community Development Projects; and
- War on Poverty Programme medium to long term interventions.

## Transformation

Contribution towards the redesign of social policies and laws between now and 2030 to ensure the following:

- Individuals are engaged in meaningful activity;
- Citizens are protected from extreme poverty;
- Budgetary allocations reflecting national and provincial priorities; and
- The most poor and vulnerable are specifically targeted through redistributive measures;

## Legislative mandate

In carrying out these core functions, the department is governed by various acts and policies. The basic tenets of the Constitution, as embodied in Chapter 2, contain the Bill of Rights, which emphasises equality, human dignity, freedom and security of the person, health care, food, water and social security and the rights of the child. The department administers all or part of the following Acts:

- The Constitution of South Africa (Act No. 108 of 1996)
- Not for Profit Organisations Act (Act No. 71 of 1997);
- Social Services Professions Act (Act No. 110 of 1978 as amended);
- Children's Act (Act No. 38 of 2005, as amended);
- Older Persons Act (Act No. 13 of 2006);
- White Paper Population Policy for South Africa of 1998;
- Probation Services Act (Act No. 116 of 1991, as amended).
- Prevention and Treatment of Drug Dependency Act (Act No. 20 of 1992);
- Domestic Violence Act (Act No. 116 of 1998);
- White Paper on Social Welfare, 1997;
- Public Finance Management Act (Act No. 1 of 1999, as amended) and Treasury Regulations;
- Public Service Act (Act No. 103 of 1994) and Public Service Regulations of 2001;
- Preferential Procurement Policy Framework Act (Act No. 5 of 2000);
- Child Justice Act (Act No. 75 of 2008);
- Prevention of and Treatment for Substance Abuse Act (Act No. 70 of 2008);
- Advisory Board on Social Development Act (Act No. 3 of 2001);
- Promotion of Access to Information Act (Act No. 2 of 2000);
- Promotion of Administrative Justice Act (Act No. 3 of 2000);
- Promotion of Equality and Prevention of Unfair Discrimination Act (Act No. 4 of 2000);
- Social Assistance Act (Act No. 59 of 1992);
- Social Work Act (Act No. 102 of 1999);
- Skills Development Act (Act No. 9 of 1999); and
- South African Qualifications Authority Act (Act No. 58 of 1995).

All the programmes operations within the Social Development Sector also need to be managed in accordance with the following international commitments

- Beijing Plan of Action;
- Copenhagen Declaration;
- UN Convention on the rights of children;
- African charter on the rights of the child;
- AU Plan of action on families;
- Madrid Plan of action on Ageing; and
- UN Convention on the rights of persons with disabilities.

Cross cutting national and provincial strategies and programmes

- North West Poverty Eradication Strategy;
- National Youth Service Programme;
- War on Poverty Programme;
- 13 Outcomes agreed by the cabinet; and
- New Growth Pat.

### **Overview of the main services the department intends to deliver**

- The department intends to implement and roll out the electronic Performance Information Management System to districts;
- Fast track the process of funding by conducting capacity building to NGOs and also by engaging all relevant stakeholders; and
- Engage Department of Public Works to fast track the implementation social infrastructure plan;
- To procure adequate office space in line with norms and standards;
- Engage key stakeholders including municipality and traditional leaders in building capacity of Non-Government Organizations in rural areas.

### **Demand for changes in services of the department**

- Non availability of the electronic Performance Information System;
- Non-compliant business plans resulting in late transfer of funds;
- Inadequate budget for compensation of employees (e.g. absorption of newly qualified Social Workers that were offered scholarship by department);
- Inadequate budget for Social infrastructure development
- Inadequate programme funding versus prospective social ills:
- Limited expansion of services which compromises the provision of quality basic services e.g. funding of Early Childhood Development;
- Lack of Organizations in the rural areas to partner with the Department in providing services to the community (resource migration),
- Lack of office space which compromises the norms and standards for social work practice;
- Limited number of Social Practitioners including social workers, Community Development Practitioners, Child Youth Care Workers to provide Social Developmental services especially in rural areas;
- Lack of capacity to empower and monitor emerging organizations to access grant funding;
- Diverse interpretation of the new Children's Act by role players (on adverts and the stipulated duration delays finalization of cases); and
- Factual information about strategies, results and challenges

### **1.1 Aligning departmental budgets to achieve government's prescribed outcomes**

The Department contributes towards the realization of outcome 1, 2, 5, 7, 12 and 13 as follows:-

#### **Programme 1: Administration**

This programme is responsive to Outcome 12: An inclusive and development oriented public service and empowered, fair and inclusive citizenship. Through this outcome the programme has to ensure integrated and evidence based planning, reliable performance information and coordination of policy development programme.

#### **Programme 2: Social Welfare Services**

This Programme is responsive to Outcome 13: An inclusive and responsive social protection system. Through this Outcome the programme intends to increase access to care, support and

protection services to Older Persons, increase access to care, protection and empowerment services to Persons with Disabilities, increase access to integrated services that mitigate the impact of HIV & AIDS on individuals, families and communities and provide material assistance to people who experience undue hardships or disasters.

### **Programme 3: Children and Families**

This Programme is responsive to Outcome 13: An inclusive and responsive social protection system and Outcome 1: Improve Quality of Basic Education. Through these outcomes the programme addresses an inclusive and responsive social protection system, The Programme aims to preserve and promote functional families units through implementation of family preservation programmes, provide a safe and nurturing environment for children as well as increasing an integrated partial care and early childhood development services.

### **Programme 4: Restorative Services**

This Programme is also responsive to Outcome 13: An inclusive and responsive social protection system. Through this outcome the programme aims to increase access to integrated social crime prevention and support services, increase access to integrated victim empowerment services and increase access to integrated substance abuse prevention, treatment and rehabilitation services.

### **Programme 5: Development and Research**

The Programme is responsive to Outcomes 13: An inclusive and responsive social protection system, the Programme seeks to create an enabling environment for uniform and effective community development practice, facilitate social mobilization for societal transformation, facilitate, coordinate, monitor and evaluate household and community based poverty eradication initiatives and to improve social cohesion and employability of youth and Institutional Capacity Building and Support for NPO's and Community mobilization and to improve social cohesion and employability of youth.

### **Programme 6: Special Programmes**

This Programme is also responsive to Outcome 13 and; aims to provide Governance Systems for Women Empowerment & Gender Equality as well as provision of Governance Systems for Women Empowerment & Gender Equality.

## **2. Review of the 2014/15 financial year**

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

Department intervened in the mitigation of HIV and AIDS by providing comprehensive Psychosocial Support services that include among others, HIV & AIDS counseling services, provision of material support such as food parcels, school uniform and food supplements, implementation of memory work and succession planning programmes. These services and programmes are implemented through partnership programmes Non-profit organizations.

To this end the Department has put more emphasis on the following key priorities:

- ECD programmes;
- Home Community Based Care Programmes;
- Implementation of National Integrated Social Information System;
- Job creation;

- Community mobilization through NPOs establishment; and
- Youth Development Programme.

To strengthen alternative care Programmes by:

- Increasing the unit cost per child at Child and youth care centers (Children's Homes) from R2.1 thousand to R2.5 thousand;
- Increase the unit cost of per child at shelters for Children living and working on the streets from R1.5 thousand to R1.8 thousand;
- Migrating of services to two new areas through funding of two new Child Protection Organisations namely Child Welfare Christiana and Mafikeng; and
- Sustaining statutory services through funding of existing 34 Child Protection Organizations.

### **HIV & AIDS Programmes**

#### **Transfer payment: Home Community Based Care and Drop in centers**

Strengthen and expand services to the infected and affected through the Home Community Based Care Programmes. This is inclusive to ensure compliance to the norms and standards, capacitating the stakeholders implementing social protection programmes, the implementation of the National HCBC monitoring and evaluation systems and creation of job opportunities through HCBC/Prevention/Drop in centre programmes. The implementation of EPWP Incentive grant with the allocation for 2014/15 created 239 work opportunities within the Department.

The Directorate in collaboration with Child Care and Protection Services and in partnership with NACCW has established additional 12 sites in the Provinces for the protection of the OVC and Youth and created additional job opportunities for unemployed youth.

### **People with Disabilities**

The Department is determined to reach the 2 per cent target of people with disabilities employed in the Department. Another target is expansion of services to people with disabilities through accredited training through Itsooseng of handicraft centre. Furthermore the Department will ensure full implementation of the UN Convention on the Rights of Persons with Disability by establishing and resourcing communities based centers, organizations rendering services to Persons with Disability in rural areas and intensify efforts of Disability mainstreaming through empowerment and advocacy programmes.

In order to respond to the national goals of poverty eradication and reduction of inequality, the department prioritized the following focus areas:

- **Identification of the most vulnerable individuals, households and communities**

A critical success factor is in collaboration with Statistics South Africa, Department of Health, Municipalities, Department of Local Government & Traditional Affairs, Department of Agriculture and Rural Development, National Department of Rural Development and Land Reform. To achieve this, the Department will direct resources towards strengthening of Provincial, District and Local War Rooms as well as alignment with Councils of Stakeholders established by the Department of Agriculture and Rural Development for coordination of the Comprehensive Rural Development Programme. The Department will coordinate household profiling and it has been agreed that Department of Local Government and Traditional Affairs will coordinate community profiling.

- **Hunger and malnutrition**

The National Minister for Social Development launched the “Food for All campaign” in December 2011 with a view to upscale the Department’s fight against hunger and to highlight the necessity to address malnutrition. The following programmes will therefore be upscaled in 2014 to 2015:

- Home Community Based Care Centres and Drop-In Centres which support households infected and affected by HIV and AIDS and related diseases
- Transfer payments for ECDs, Children’s Homes and Places of Safety
- Transfer payments for Old Age Homes and Service Clubs
- Transfer payments for Centres for People with Disabilities
- Transfer payments for Food banks (Vryburg and Rustenburg)
- Social Relief of Distress Programme

A critical success factor is collaboration with the Department of Health, Department of Agriculture and Rural Development, Municipalities and the private sector. A sub-committee will be established to facilitate this.

- **Youth Development**

Learnerships, social work scholarship and skills development programmes e.g. the National Youth Service programmes will be continued to improve employability of youth excluded from social and economic growth by poverty, unemployment and lack of skills.

Building of the In-Patient Treatment Centre in Taung will give a big boost to rehabilitation of addicted people who are mostly young. Currently, the province relies only on the SANPARK Treatment Centre in Klerksdorp which has limited capacity.

### **3. Outlook for the 2015/16 financial year**

Section 3 looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

#### **Focus Areas**

- *Reforming the welfare sector* through legislative and policy reforms- the department seek to expand services by ensuring adequate numbers and training of social service professionals, review of funding models and the roles assigned to non-profit organisations. The department will employ 150 Social workers in the current MTEF and work with non-profit organisations to address this priority moving forward.
- *Improve access to quality Early Childhood Development* through the provision of comprehensive ECD services as an instrument to make investments in health, development of capabilities, and mitigate vulnerabilities and to serve as the building blocks for future resilience. Effective ECD is also critical for ensuring equitable participation of women in the labour force and the productive and social life of communities. The department will ensure that 97 500 children will have access to registered ECD services in 2015/16 and 98 000 in 2016/17 and 3 942 work opportunities will be created in ECD between 2015 and 2017/18, 128 ECD practitioners will be employed at partial care facilities.
- *Deepening social assistance and extending the scope for social security* to address both issues of coverage and policy instruments including the defining of a social protection floor that provides a minimum set of guarantees coupled with a framework of progressive realization of rights.

- *Enhancing the capabilities of the identified groups and communities to achieve sustainable livelihood and household food and nutrition security* through a combination of income, direct provision and support to local economies through local procurement. The department will have functional food distribution centres in the 2015/16 financial year with 1 300 households accessing food through DSD food security programmes.
- *Establishing social protection systems & strengthening of monitoring and evaluation of services* so as to ensure that our interventions are responsive and yield sustainable outcomes.

Lastly, intensive monitoring of funded organizations shall be prioritized to ensure value for money. The current draft strategy on HIV Prevention, Social and Behavior Change as the departmental contribution to the targets of NSP 2012/16 will be implemented in the next financial year and put more emphasis on programmes that social and behavior change oriented and increase coverage to rural/ farming communities.

The Department will intensify efforts to protect and promote the rights of Persons with Disabilities as per the UN Convention on the Rights of Persons with Disabilities by:

- Up scaling establishment and resourcing of centers for Persons With Disabilities for care and protection services
- Protective workshops/sheltered employment centers for Persons With Mental Disability
- Empowerment programmes for persons with Disability who due to their disability cannot be mainstreamed in mainstream society
- Increase subsidy for centers rendering service to Persons With Disabilities
- Based on the National Strategic Plan (NSP) 2012/16 it is planned to reduce the new HIV & AIDS and TB infections in 2016 by 50 per cent. This implies strengthening of the HIV Prevention and Social Behavior Change Programmes through NPO's and support to the district and services points. The 2011 National Antenatal Sentinel HIV & Syphilis Prevalence Survey in South Africa indicated that in the North West Province the HIV prevalence rate is at 30.2 per cent as compared to the last report in 2010 which was at 29.6 per cent. This therefore means strengthening prevention and social protection programmes in the next financial year and beyond.

The Department will intensify efforts to protect the rights of older person as enshrined in the Older Person's Act 13 of 2006 reduce their vulnerability by:

- Up scaling establishment of residential care facilities and service clubs
- Intensify active ageing programme to improve their health profile
- Increase support to statutory organizations rendering services to older Persons

#### **4. Reprioritization**

The table below provides amounts reprioritized between sub-programmes in the Department in line with Presidential outcomes and National priorities and the implementation of the budget structure. Employees allocated per function in the 4 Districts and 19 local municipalities.

| <b>Programmes</b>                                     | <b>From</b>      | <b>To</b>      |
|---|------------------|----------------|
| <b>Programme 1: Administration</b>                    |                  |                |
| Office Of The Mec                                     | (790)            | -              |
| Corporate Services                                    | (2 991)          | 50             |
| District Management                                   | (1 130)          | 121            |
| <b>Programme 2: Social Welfare Services</b>           |                  |                |
| Management and Support                                | (873)            | 11 137         |
| Services to Older Persons                             | (38 318)         | 20 729         |
| Services to Persons with Disabilities                 | (11 963)         | 14 962         |
| HIV and AIDS  | (12 009)         | 33 267         |
| Social Relief   | (1 498)          | 3 499          |
| <b>Programme 3: Children and Families</b>             |                  |                |
| Management and Support                                | (5 281)          | 1 856          |
| Care and Services to Families                         | (6 995)          | 12 602         |
| Child Care and Protection                             | (131 528)        | 18 978         |
| ECD and Partial Care                                  | (29 969)         | 28 339         |
| Child and Youth Care Centres                          | (36 039)         | 29 061         |
| Community-Based Care Services for Children            | (288)            | 37 000         |
| <b>Programme 4: Restorative Services</b>              |                  |                |
| Management and Support                                | (846)            | 2 330          |
| Crime Prevention                                      | (3 879)          | 37 582         |
| Victim Empowerment                                    | (7 946)          | 16 607         |
| Substance Abuse, Prevention and Rehabilitation        | (3 348)          | 20 888         |
| <b>Programme 5: Development and Research</b>          |                  |                |
| Management and Support                                | (1 436)          | 708            |
| Community Mobilisation                                | -                | -              |
| Institutional capacity building and support for NPO's | (427)            | 10 000         |
| Poverty Alleviation and Sustainable Livelihoods       | (460)            | 108            |
| Community Based Research and Planning                 | (728)            | -              |
| Youth Development                                     | (781)            | -              |
| Women development                                     | (301)            | -              |
| Population Policy Promotion                           | -                | -              |
| <b>Total</b>  | <b>(299 824)</b> | <b>299 824</b> |

Reprioritisation is due to the implementation of the budget structure implemented in 2014/15 and allocation of resources to the relevant programmes.

## 5. Procurement plan

The procurement plan provides for the following:-

- Provision of Security at R15.9 million; Printing at R11.5 million, Catering at R5.8 million and other logistics services at R3.8 million in the Departmental institutions and service points.
- Provision of School uniforms at R6.6 million, food and disaster relief at R3.1 million to needy people in the Province.

## 6. Receipts and financing

| <b>Total departmental receipts</b>                    | <b>340</b> | <b>595</b> | <b>706</b> | <b>1 004</b>       | <b>1 004</b>                      | <b>1 004</b>     | <b>1 534</b>          | <b>1 611</b> | <b>1 692</b> |

The revenue collected by the department is mainly on sale of tender documents and commission on collection fees. The huge growth is influenced by the previous own revenue collection trend of the department.

## 7. Payment summary

### 7.1 Key Assumptions

The below key assumptions form the basis of the 2015/16 budget of the department:

- Inflation projections (CPI) at 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent in 2017/18.
- A 1.5 percent of pay progression and 1.5 per cent performance bonus has been included in the budget provision for compensation of employees.

The MTEF budget further makes provision for the following:-

- Employment of social professional in the fields of social work, probation services, community development, child and youth care work, management and administrative support;
- ECD massification allocation of R17.6 million and equipment R7.9 million;
- A further R43.6 million for ICS and R35.1 million for absorption of Social Workers;

- Support to NGO R10 million;
- Maintenance of facilities R2.8 million;
- Regrading of clerks allocation of R5 million;
- Decentralization of training budget from Office of the Premier allocation of R837 thousand;
- Provision of shelter to Victims of gender based violence allocation of R3.4 million;
- Construction of the Taung In-Patient Treatment Centre and an Old Age Home in Dr. Ruth Segomotsi Mompoti as well as rehabilitation and refurbishment of Witrand Hospital In-Patient Treatment Centre in Dr. Kenneth Kaunda District and ECD prototype centres with a total allocation of R47.3 million;
- EPWP incentive grant allocation of R8.2 million; and
- EPWP integrated grant of R2 million.

### National/Provincial Priorities

The Department is responding to the national/provincial priorities through implementation of the following programmes:

| National/Provincial Priorities                            | Programmes   | Amount '000 |
|---|--|-------------|
| Education   | ECD centres  | 50 695      |
|   | ECD Massification  | 14 016      |
|   | ECD Equipment  | 4 343       |
| Fight against Crime & Corruption                          | NGO run Victim Empowerment Centres & programmes  | 10 523      |
|   | NGO run Crime Prevention programmes  | 10 671      |
|   | State run Secure Care Centres  | 63 802      |
| Rural Development, Food Security & Land Reform            | NGO run Family Care & Support Services Programmes  | 6 972       |

|   | New Infrastructure Assets- Substance Abuse Treatment Centres   | 17 000      |

### Strategic objectives

**Strategic policy direction:** By focussing on its role in the enhancement of the quality of life of the people of North West, the department seeks to align its operations and strategic position with the overall aim of Government to ensure a long and healthy life for all, as well as to create sustainable rural communities.

The strategic objectives of the department include the following:

#### ***Governance and institutional development***

- To provide social infrastructure that supports integrated service delivery based on demand for the Social Development sector.
- To provide an effective district management system.

#### ***Reduce child, adult and older persons' poverty***

- To improve income and asset generating capability of poor families and communities to enhance their livelihoods.
- To implement youth programmes that assist youth to access decent work and participate in the mainstream economy.

- To increase the effectiveness and response capacity of non-profit organisations (NPOs) who render youth development services.
- To implement a comprehensive rural poverty reduction strategy ensuring universal access to basic services.
- To create a sustainable environment for service delivery organisations (NPOs) through capacity development, partnerships, collaborations, agency agreements and cluster protocols.

### Social cohesion

- To support and strengthen families and community interventions that foster social cohesion.
- To create an environment that enables the promotion of older persons and protection of their rights.
- To protect and promote the rights of people with disabilities including social security rights.
- To reduce the risk of sexual and physical violence against women (gender based violence).
- To reduce the incidence and minimise the psychosocial impact of HIV and AIDS.
- To promote gender equality with the view of dismantling patriarchy including addressing issues of masculinity.
- To develop evidence-based programmes and services that addresses the needs and challenges of vulnerable children and youth.
- To improve sector performance through rigorous research, planning and business process improvement consistent with the demand for social development services.
- To significantly reduce social crime.
- To reduce substance abuse.
- To invest in and ensure the provision of quality services to children, youth and older persons, including those in need of care and protection.

## 7.2. Programme summary

The budget of the Department consists of six programmes comprising Management and Administration, Social Welfare Services, Children and Families, Restorative Services, Development and Research and Special programmes.

Table 12.3 : Summary of payments and estimates by programme: Social Development

| R thousand                          | Outcome        |                |                  | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                  |                  |

The budget for transfers and subsidies increase from R291.6 million to R301.7 million (3 per cent) in 2015/16, decrease to R291.2 million (4 per cent) in 2016/17. The reduction is due to the reprioritisation of prevention services which will be performed by Departmental Social Workers and increase to R315.1 million (8 per cent) in 2017/18. This is provision for National priorities, Support to the NGO sector, ECD Massification and ECD equipment and reprioritisation of services for prevention services to be performed by Social Workers appointed by the Department.

Machinery and equipment decrease by R105 thousands (10 per cent) in 2015/16 and increases by R1.4 million in 2016/17 (21 per cent) and increases by R300 thousands (4 per cent) in 2017/18.

## 7.4 Infrastructure payments

The allocation of R45.9 million for infrastructure payments is for construction of an Old Age Home Centre in Dr Ruth Segomotsi Mompati district, 2 (two) In-patient Treatment centre in Dr Ruth Segomotsi Mompati and Dr Kenneth Kaunda Districts.

The budget for Capital projects is R51.7 million in 2015/16, R34.9 million in 2016/17 and R36.6 million in 2017/18 to allow for construction of projects like the Inpatient Treatment Centre and Old Age Home in Dr. Ruth Segomotsi Mompati and Dr. Kenneth Kaunda District. The allocation also provides for R2.8 million in 2015/16, R3.8 million in 2016/17 and R4 million in 2017/18 for maintenance of existing state owned facilities.

## 7.4 Infrastructure payments

### 7.4.1 Departmental infrastructure payments

Refer to Annexure (Table B5).

### 7.4.2 Maintenance

Refer to Annexure (Table B5).

## 7.5 Departmental Public-Private Partnership (PPP) projects

None.

## 7.6 Transfers

### 7.6.1 Transfers to public entities

None.

### 7.6.2 Transfers to other entities- Non- Government Organisation

### 7.6.3 Transfers to local government

None.

## 8. Receipts and retentions

Not applicable to the Department.

## 9. Programme description

### Programme 1: Administration

#### Description and objective

The programme consists of three sub-programmes, namely Office of the MEC, Corporate Management Services and District Management. The sub-programmes mainly provide overall strategic management and support services to the department, political and legislative interface between government, civil society and all relevant stakeholders, address policy interpretation and the strategic direction of the department and provide support with regard to corporate management, human resource management, logistics, communication, finance, and legal services, etc.

In rendering a support function to the core services of the department, the programme is geared towards building a developmental state, including the improvement of public service and strengthening democratic institutions. Strategically, Administration ensures good governance and institutional development through:

- Rendering administrative and strategic ministerial support services to the Executive Authority.
- Building financial management skills for all line managers, and enforce accountability for budget compliance.
- Providing effective and efficient human capital management.
- Overhauling the strategy and planning process to align with the organizational structure, budget timelines, and ensure alignment, capacity, and improve accountability through good governance, sound monitoring and evaluation to deliver across the department.
- Improving information technology, information systems and information management infrastructure to facilitate efficiency and timeous reporting.
- Building social infrastructure that supports integrated service delivery based on demand.
- Provision of an effective district management system

### Sub-Programmes

**MEC's Office:** Provides political and legislative interface between government, civil society and all other relevant stakeholders. The budget decrease from R9.3 million to R7.9 million in 2015/16, increase to R10.2 million in 2016/17 and R10.7 million in 2017/18. This is mainly due to inflation related increases and the reprioritisation of services for funding of management fees for the secure care centres.

**Corporate Management Services:** Provides for the strategic direction and the overall management and administration of the department .Allocation increase from R107 million to R117.4 million in 2015/16 to R135.4 million in 2016/17 and R142.2 million in 2017/18.This is mainly due to the payments of contractual obligations i.e. office accommodation and property payments.

**District Management:** Provides for the decentralization, management and administration of services at the district level within the department. Allocation increase from R50.6 million to R52.3 million in 2015/16 to R58.5 million in 2016/17 and R61.5 million in 2017/18 mainly due to inflation projections and appointment of support staff at District level i.e. 4. Deputy Directors finance, 4 Assistant Directors Budget, 4 Assistant Directors Internal Control, 4 Assistant Directors Supply Chain Management amounting to R8 million.

### Per economic classification

The budget for compensation of employees increase from R113 million to R119.5 million (5 per cent) in 2015/16, increase to R133.1 million (10 per cent) in 2016/17 and increase to R139.7 million (5 per cent) for strengthening of the Corporate support function and to ensure compliance at all levels in the department and appointment of support staff at District level.

The budget for goods and services increase from R49.3 million to R53.5 million (8 per cent) in 2015/16; R65.4 million (23 per cent) in 2016/17, and R68.6 million (5 per cent) in 2017/18. This is mainly in operating payment and stationery to cater for the anticipated staff appointments.

The budget for transfers and subsidies increase from R3.5 million to R3.7 million (6 per cent) in 2015/16; R4.9 million (30 per cent) in 2016/17, and R5.1million (5 per cent) in 2017/18. This is mainly for compliance to legislation for payments of Departmental agencies and accounts such as HWSETA.

The budget for machinery and equipment decrease from R1.1 million to R777 thousands (31 per cent) in 2015/16, increase to R818 thousands (5 per cent) in 2016/17 and R859 million (5 percent).This is mainly for replacements and procurements of furniture and equipment for new and existing staff.

### Service Delivery Measures

| Number of departmental register reviewed  | 1                        | 1       | 1       |
| Number of financial statement produced    | 4                        | 4       | 4       |
| Number of Department budget approved      | 1                        | 1       | 1       |

### Programme 2: Social Welfare Services

#### Description and objective

The programme consists of five sub-programmes namely:-Management and Support, Services to Older Persons, Services to Persons with Disabilities, HIV and AIDS and Social Relief. The programme provides integrated developmental social welfare services to the poor and vulnerable in partnership with stakeholders and civil society organisations.

This program caters for the provision of developmental social welfare services. These services are either provided directly by the department or by subsidised welfare organisations. The Social Welfare Services programme has been aligned to the MTSF, Presidential outcomes as well as the provincial priorities primarily for building cohesive, caring, and sustainable communities.

The budget of the programme decrease by R169.1 million (37 per cent) in 2015/16 due to programme budgeting and reallocation of resources per function, decrease by R13.2 million (4 per cent) in 2016/17 and increase by R29 million (10 per cent) in 2017/18 represents provisions made for the following:-

- Maintenance and repairs of state-run facilities as well as contractual obligations i.e. lease payments
- Support to NGO sector
- National Priorities
- Construction of Old Age Home in Dr Ruth Segomotsi at R17.5 million.

### Sub-programmes

**Management and Support:** Provides for the payment of salaries and administration cost of the management and support staff, providing services across all sub-programmes of this programme.

The budget decrease by R117.7 million (80.8 per cent) in 2015/16 due to the implementation of the budget programme structure and allocation of budget per function, increase by R12.2 million (42.5 per cent) in 2016/17 and R17.7 million (44.7 per cent) in 2017/18 due to payments of contractual obligations for service points.

**Services to Older Persons:** Design and implement integrated services for the care, support and protection of older persons. Emphasis is on community-based models of care, protection and economic empowerment in line with the Older Persons Act. The sub-programme also includes management of one state-run old age home. Other activities emphasized in the sub-programme involve awareness campaigns; establishment and support for community participation structures; research; capacity building; monitoring and purchase of institution related equipment and goods. Budget decrease by R24.9 million (20.8 per cent) in 2015/16, decrease by R10.3 million (10.9 per cent) in 2016/17 and decrease by R1.4 million (1.7 per cent) in 2017/18 mainly due to the allocation of funds to functions and alignment to the approved budget structure.

Services to Persons with Disabilities: Design and implement integrated programmes and provide services that facilitate the promotion of well-being and the socio economic empowerment of persons with disabilities in accordance with the Social Development Policy on Disability and the National Integrated Disability Strategy (NIDS). The policy advocates for a mind shift from medical/welfare approach to social model and promotes independent function of Persons with Disabilities. Some of the activities includes awareness campaigns; establishment and support for community participation structures; research; capacity building, monitoring of services and goods. The budget decrease by R2.4 million (5 per cent) in 2015/16, decrease by R1.1 million (2 per cent) in 2016/17 and increase by R4.6 million (9 per cent) mainly for provision of services to persons with disabilities.

HIV and AIDS: Design and implement integrated community based care programmes and services aimed at mitigating the social and economic impact of HIV/AIDS. Extend safety nets to orphans and vulnerable children infected and affected by HIV/AIDS. Support the provision of Home Community Based services (HCBC). Strengthen the capacity of caregivers (EPWP). Link the affected and infected with Poverty Alleviation Programme. Other activities rendered by this sub-programme includes intervention programmes and services, financial and management support, evidence management and information support, Capacity building and Human Resource development. The budget increase by R20.2 million (25 per cent) in 2015/16 due to EPWP incentive and integrated grant allocation, a decrease of R12 million (14 per cent) in 2016/17 due to discontinued EPWP grant allocation, an increase of R6.8 million (8 per cent) in 2017/18 for expansion of services to people infected and affected by the HIV and AIDS.

Social Relief: To respond to emergency needs identified in communities affected by disasters not declared and any other social condition resulting in undue hardship and distress. Also renders financial and material assistance to individuals or households directly or via suitable and approved service delivery partners. The allocation decrease by R43.2 million (75.5 per cent) in 2015/16 due to discontinued labour intensive allocation, a decrease of R1.4 million (10 per cent) in 2016/17 and an increase of R1.6 million (13 per cent) in 2017/18 is for provision of services during emergency situations.

### **Per economic classification**

The budget for compensation of employees decrease by R135.6 million (55.5 per cent) in 2015/16 due to discontinued labour intensive allocation and the reallocation of budget to specific functions, increase of R7.2 million (7 per cent) in 2016/17 and an increase of R9.4 million (16 per cent) in 2017/18 mainly for improvement on conditions of services.

The budget for goods and services decreases by R45.8 million (50.8 per cent) in 2015/16 due to programme budgeting and alignment to the approved budget structure, increase of R2.6 million (6 per cent) in 2016/17 and an increase of R16.5 million (35 per cent) in 2017/18. This is mainly for provision of services during emergency situations and payment of contractual obligations.

An increase of R14.1 million (14 per cent) in 2015/16, decrease by R6.4 million (6 per cent) in 2016/17 due to reprioritisation of prevention services to be performed by Departmental social workers and increases by R6.3 million (6 per cent) in 2017/18 on transfers to NGO's, CBO's etc. is attributable to funding for Provincial Policy Priorities and strengthening of services to older persons, people with disabilities and people affected and infected by HIV & AIDS.

### **Infrastructure spending**

The budget for capital projects is R21.1 million in 2015/16, R4 million in 2016/17 and R1 million in 2017/18 to allow for construction of projects like the Old Age Home in Taung.

The budget for machinery and equipment decrease by R434 thousands in 2015/16, increase by 496 thousand in 2016/17 and increase by R95 thousands in 2017/18. This is mainly due to allocation of resources to specific functions.

### Service Delivery Measures

| Performance indicator  | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|
|  | 2015/16                  | 2016/17 | 2017/18 |
| Number of Older Persons accessing services in funded residential facilities managed by NPO's                         | 1 560                    | 1 570   | 1 579   |

| Number of persons with disabilities accessing services in protective workshops                                       | 66                       | 65      | 65      |
| Number of Persons with Disabilities mainstreamed in Departmental Programmes  | 4 400                    | 4 500   | 4 600   |
| Number of persons with Disabilities accessing community based care services  | 1100                     | 1100    | 1100    |
| Number of orphans and vulnerable children receiving Psychosocial Support Services (HCBC & CCC)                       | 100 135                  | 104 135 | 129 135 |
| Number of children accessing services through the Isibindi model   | 76 000                   | 92 000  | 135 000 |
| Number of Child and Youth Care Workers trainees receiving training through Isibindi model                            | 1 200                    | 1 800   | 1 900   |
| Number of job opportunities created within Social Protection (including Incentive Grant)                             | 8 221                    | 9 285   | 9 985   |
| Number of organizations trained on Social and Behaviour Change Programmes  | 86                       | 86      | 90      |
| Number of individuals who benefited from social relief of distress programme   | 12 900                   | 13 100  | 13 800  |

### Programme 3: Children and Families

#### Description and objective

The programme consists of six sub-programmes namely: - Management and Support, Care and Support Services to Families, Child Care and protection services (Children's' Act), ECD and partial care, Child and Youth Care Centres and Community based care services to children. The programme provides comprehensive child and family care and support services to communities in partnership with stakeholder and civil society organizations.

| <b>Total economic classification</b>                | <b>137 817</b> | <b>188 768</b> | <b>276 079</b> | <b>304 541</b>     | <b>310 329</b>                    | <b>312 942</b>   | <b>419 149</b>        | <b>469 212</b> | <b>472 677</b> |

Allocations of the programme increase by R106.2 million (33 per cent) in 2015/16, R50.2 million (12 per cent) in 2016/17 and increase by R3.4 million (1 per cent) in 2017/18.

### Sub-programmes

**Management and Support:** Provide for the payment of salaries and administration cost of the management, and support staff providing services across all sub-programmes of this programme. An allocation of R23.9 million in 2015/16, R30.8 million in 2016/17 and R36.6 million is for provision management and support services to service points providing children and family services.

**Care and Services to Families:** Provide programmes and services to promote functional families and to prevent vulnerability in families. Other services includes evidence based management and information support, Intervention programme and services, financial and management support. An increase of R2.9 million (7 per cent) in 2015/16, R14.2 million (36 per cent) in 2016/17 and an increase of R3.4 million (1 per cent) in 2017/18 is mainly due correction of baseline allocation and placement of personnel and reprioritisation of services.

**Child Care and Protection (Children's Act):** Design and implement integrated programmes and services that provide for the development, care and protection of the rights of children. The sub-programme emphasizes awareness campaigns; establishment and support for community participation structures; capacity building; monitoring; purchase of institution related equipment and administration of Children's Court processes. An increase of R59.8 million (99 per cent) in 2015/16, R87.3 million (72 per cent) in 2016/17 and a decline of R29.7 million (14 per cent) due to alignment of the approved budget structure and allocation of funds to relevant programmes.

**ECD and Partial Care:** Provide comprehensive early childhood development services. Implement integrated programmes and services that provide Early Childhood Development services, Partial care, Prevention and early intervention services in accordance with National Integrated Plan for ECD 2005. Activities include establishment and empowerment of governance structures, advocacy programmes, capacity building for ECD practitioners and care-givers and provision of stimulation materials. A decrease of R43.3 million (31 per cent) in 2015/16, increase by R7.6 million (8 per cent) in 2016/17 and increase by R18.9 million (18 per cent) in 2017/18 is for provision of Provincial policy priorities associate with early childhood development services.

Child and Youth Care Centres: Provide alternative care and support to vulnerable children. Provide the following governance services registration of Child and Youth Care Centres; drop in centers and monitoring and evaluation of facilities. An increase of R35.1 million (55 per cent) in 2015/16 for provision of Provincial Policy Priorities for children and youth in need of care and support and reprioritization of services, and decrease of R26.4 million (27 per cent) in 2016/17 due to discontinued infrastructure construction further increase of R7.5 million (10 per cent) in 2017/18.

Community-Based Care Services for children: Provide protection, care and support to vulnerable children in communities. Provide services to children with disabilities, child headed households children living and working on the streets and children accessing drop in centers. An increase of R36.1 million (87 per cent) in 2015/16, a decrease of R39.4 million in 2016/17 and an increase of R200 thousands (8 per cent). This is mainly due to reallocation of transfers and subsidies to Child Care and Protection Services.

### **Per economic classification**

The budget for compensation of employees' increase by R88.4 million (57 per cent) in 2015/16, R31 million (12 per cent) in 2016/17 and R13.3 million (5 per cent) in 2017/18, mainly for absorption of 35 Social Work graduates at R13.3 million and improvement on conditions of services and correction of baseline information and placement of personnel.

The budget for goods and services grows by R26.3 million (132 per cent) in 2015/16, by R21.1 million (45 per cent) in 2016/17 and decrease of R12.3 million (18 per cent) in 2017/18 to cater for the 35 newly appointed staff and the reprioritization of services.

A decrease of R7.2 million (5 per cent) in 2015/16, R1.7 million (1 per cent) in 2016/17 and an increase of R2.3 million (1 per cent) in 2017/18 on transfers to NGO'S, CBO'S etc. is attributable to reprioritisation of prevention services to be performed by Departmental Social Workers and funding for Provincial Policy Priorities and strengthening of services children in need of care and support and ECD Massification.

The budget growth of R213 thousand (15 per cent) in 2015/16, R855 million (38 per cent) and R62 thousand (3 per cent) in 2017/18 for machinery and equipment is mainly for replacement of old and redundant assets for new and existing staff.

Allocation for machinery and equipment is R1.3 million in 2015/16, R545 thousand in 2016/17 and R62 thousand in 2017/18 for procurement of furniture and equipment for staff.

## Service Delivery Measures

| Performance indicator  | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|
|  | 2015/16                  | 2016/17 | 2017/18 |
| Number of family members benefitting from Family Preservation Programmes provided by Government                  | 27 000                   | 40 000  | 45 000  |

## Sub programmes

**Management and support:** Provide integrated developmental social crime prevention and anti-substance abuse services to the most vulnerable in partnership with stakeholders and civil society organisations. An increase of R6.4 million) in 2015/16, R805 thousand in 2016/17 and R7.7 million in 2017/18 for provision of management and support services in districts and service points, providing treatment and prevention of substance abuse, victim empowerment services and crime prevention services.

**Crime Prevention:** Develop and implement social crime prevention programmes and provide probation services targeting children, youth and adult offenders and victims in the criminal justice process. The Child Justice Act introduced significant changes to the way children in conflict with the law are managed within the criminal justice system. It proposes a wider use of diversion programmes and addresses issues relating to arrest, assessment, detention, trial and sentencing of children. An increase of R41.6 million (45 per cent) in 2015/16, a decrease of R15.7 million (11 per cent) in 2016/17 and R4 million (3 per cent) in 2017/18 mainly for the development and implementation of social crime prevention programmes and provide probation services targeting children, youth and adult offenders and victims in the criminal justice process.

**Victim Empowerment:** Design and implement integrated programmes and services to support, care and empower victims of violence and crime in particular women, children, people with disabilities and the elderly. Provide reconciliation interventions for victim/perpetrator, advocacy, awareness and support services. Additional activities include capacity building, intervention programmes, awareness and prevention programmes, monitoring and evaluation of services, maintenance of a Provincial Resource Directory and research on Domestic Violence as well as operationalization of Vryburg VEP One Stop Centre. An increase of R29 million (43 per cent) in 2015/16, decrease of R598 thousand (1 per cent) in 2016/17 and R3.1 million (5 per cent) for implementation of integrated programmes and services to support, care and empower victims of violence and crime in particular women and children.

Substance Abuse, Prevention and Rehabilitation: Design and implement integrated services for substance abuse, prevention, treatment and rehabilitation. An increase of R37.9 million (67 per cent) in 2015/16, an increase of R3 million (3 per cent) in 2016/17 is due to completion of an In-Patient Treatment Centre in Dr. Ruth Segomotsi Mompoti and an increase of R7.4 million (7 per cent) in 2017/18 to expansion of services people dependent on drugs and other related substances. The allocation includes an amount of R17 million of Substance abuse conditional grant in 2015/16.

### Per economic classification

The budget for compensation of employees' increase by R75.6 million in 2015/16, R3.8 million in 2016/17 and R2.1 million in 2017/18 mainly for absorption of 15 Social Work graduates at R4.4 million and improvement on conditions of services and other compensation related pressures.

The budget for goods and services grow by R29.7 million (48 per cent) in 2015/16, decline by R15 million (16 per cent) in 2016/17 and R11 million (15 per cent) in 2017/18.

Transfer payments increase by R1 million (3 per cent) in 2015/16, a decrease of R2.1 million (6 per cent) in 2016/17 and increases by R3.9 million (12 per cent) in 2017/18 on transfers to NGO'S, CBO'S etc. is attributable to funding for policy priorities related to restorative services.

The budget for machinery and equipment increases is R49 thousand in 2015/16, R54 thousand in 2016/17 and 2017/18 respectively, mainly for replacement of old and redundant assets.

### Infrastructure spending

The Allocation for infrastructure is R26.3 million in 2015/16, R27 million in 2016/17 and R31.6 million for construction of an In-patient Treatment Centre in Dr. Ruth Segomotsi Mompoti District and Dr. Kenneth Kaunda district, refurbishment of Reamogetswe Secure Care Centre and Potchefstroom Crisis Centre.

### Service Delivery Measures

| Performance indicator   | Estimated Annual Targets |         |         |
|---|--------------------------|---------|---------|
|   | 2015/16                  | 2016/17 | 2017/18 |
| Number of Persons accessing Social Crime Prevention Programmes                                    | 24 850                   | 39 900  | 39 900  |
| Number of Persons accessing Social Crime Prevention Programmes in funded Non-Profit Organizations | 15 600                   | 17 650  | 19 650  |

| <b>Total economic classification</b>                | <b>105 372</b> | <b>105 549</b> | <b>96 144</b> | <b>133 762</b>     | <b>141 262</b>                    | <b>123 285</b>   | <b>142 144</b>        | <b>152 932</b> | <b>170 579</b> |

There is an overall increase of R18.8million (13 percent) in the 2015/16, R10.7 million (7 per cent) in 2016/17 and R17.6 million (10 per cent) in 2017/ to provide for the following in line with the provincial policy priorities:-

- To expand youth development programmes like the National Youth Service entrepreneurship programme
- To Improve institutional capacity building of Community based projects
- To Appoint Assistant Community Development Practitioners.
- To Implement the North West Poverty Eradication Strategy.
- Support to NGO sector.

## **Sub-programmes**

**Management and support:** Provide for the payment of salaries and administration cost of the management, professional and support staff as well as providing services across all sub-programmes of this programme. The budget increase by R3.4 million (6 per cent) in 2015/16, decrease by R611 (1 per cent) in 2016/17, and increase by R3 million (5 per cent) in 2017/18.

**Community Mobilization:** Building safe and sustainable communities through the creation of strong community networks, based on principles of trust and respect for local diversity, and nurturing a sense of belonging and confidence in local people. The budget increase of R1.3 million (62 per cent) in 2015/16, R191 thousand (5 per cent) in 2016/17 and R183 thousand (5 per cent) in 2017/18 in order to build strong community networks.

**Institutional Capacity Building and Support for NPO's:** To facilitate the development of institutional capacity for Non-Profit Organizations and other emerging organizations. Amongst others, the sub-programme ensures evidence based management and information support, provision of intervention programmes, financial support and management, capacity building of Community Based Organizations and development of community development unit standards. The budget increase of R2.8 million (15 per cent) in 2015/16, increase by R4.4 million (20 per cent) in 2016/17 and an increase of R11.2 million (43 per cent) in 2017/18 for the establishment of a centralized registration and maintenance of a provincial database for Non-Profit Organisations and strengthening support to NGO sector.

**Poverty Alleviation and Sustainable Livelihood:** Design and implement integrated development programmes that facilitate empowerment of communities towards sustainable livelihood in accordance with National and International Sustainable Development Resolutions. This table provides a breakdown of Departmental personnel numbers and cost. Personnel number reflects a gradual increase over the period. This growth is attributable to the following:-

### Administration programme

The provision is for 34 learnerships throughout the MTEF period and appointment of Chief Financial officer and 52 other support staff in Districts.

### Social Welfare Services programme

The allocation is for provision for appointment of administrative staff throughout the MTEF period.

### Children and Families programme

The allocation is for provision for appointment of 35 Social workers and support staff throughout the MTEF period.

### Restorative Services programme

The allocation is for provision for appointment of 15 Social workers and support staff throughout the MTEF period.

### Development and Research programme

The allocation is provision for appointment of 45 Community development practitioners throughout the MTEF period.

### Special Programmes programme

The allocation is provision for existing staff transferred from Office of the Premier.

## 9.3.2 Training

The Department is required by Skills Development Act to budget at least 1 per cent of compensation expense for training. Training budget includes short courses, as well as internships and bursaries for Departmental employees.

### Reconciliation of structural changes

The budget and programme structure was reviewed for 2014 MTEF and gazetted for provincial Social Development departments by National Treasury. In 2015/16 the Provincial Social Development is fully compliant to the latest approved National Budget Structure.

## 1. Overview

### Vision

Vibrant and prosperous society in harmony with our natural resources.

### Mission

Working together with our partners to provide sustainable agricultural, environmental management and comprehensive integrated rural development.

### Core functions of the department

The Department focus primarily on the following mandated core functions:

- Rolling out the Comprehensive Rural Development Programme
- Creating decent employment through Inclusive Economic Growth
- Protecting and Enhancing our Environmental Assets and Natural Resources

### Strategic Objectives

The departmental vision and mission statements as well as the strategic goals and objectives were reviewed during 2014 and aligned to incorporate the SOPA pronouncements while adhering to the nationally determined priority focus areas. The departmental management adopted twelve (12) strategic goals and twenty seven (27) strategic objectives for the 2015/16 financial year.

### Main services and products to be delivered by the department

The Department of Rural, Environment and Agricultural Development (READ) is charged with the responsibility of rolling out the Comprehensive Rural Development Programme, creating decent employment through Inclusive Economic Growth as well as Protecting and enhancing Environmental Assets and Natural Resources in the province. The main products and services include:

- Sector specific legislative instruments – Acts, ordinances, protocols and regulations
- Project, business, marketing and programme plans
- Training, skills development and mentorship programmes
- Awareness creation programmes
- Sustainable resource management services
- Extension- Information and advisory services
- Compliance monitoring services – Inspections, investigations, audits, etc.
- Status monitoring services – Evaluations, surveys, assessments, surveillance and quality control
- Pollution and ecological degradation prevention services
- Biodiversity Management Services
- Environmental Empowerment Services

**The following are expected outcomes from the above services rendered by the department:**

- Improved land administration and spatial planning for integrated development in rural areas;
- Improved food security;
- Growth of sustainable rural enterprises and industries – resulting in rural job creation;
- Focus in productive investment through the rural, environment and agriculture infrastructure built programme;
- The rural, environment and agriculture productive sectors accounting for a growing share of production and Employment;
- Workers' education and skills increasingly meet economic needs; and
- Spatial imbalances in economic opportunities are addressed through expanded employment in agriculture (green jobs).

**Demand for and the changes in the services of the department**

The increased demand for the services provided by the department and changes to services provided by the department emanate from the reconfiguration.

These key challenges include:

- Under-utilization and unsustainable use of natural resources;
- Inadequate or lack of access to socio-economic infrastructure and services as well as low literacy and skills levels;
- Rural areas also struggle to attract sustainable enterprises and industries and are further characterized by weak rural-urban linkages, poor access to local markets and financial services; and
- Weak coordination of planning and implementation of rural development across the spheres and within the various sectors of government.

**Organizational challenges pertaining to the department include:**

- Inadequate programme management/project management processes; including project monitoring and evaluation
- Inadequate office space and shortage of vehicles for Environmental Services
- Lack of Specific Team to only dedicate its operations on Rhino Poaching Investigations is needed.
- Non-existence of Programme to assists with the protection of Rhinos on private land must be jointly initiated by the Government and private land owners, and such should include the training and equipping of rangers and identified farm workers on Private Rhino farms and Reserves.

**Acts, rules and regulations applicable to the department**

The Department is governed by Section 27(b) of the Constitution of South Africa, Act 108 of 1996 which states that everyone has the right to have access to sufficient food; Section 24(a) states that everyone has the right to an environment that is not harmful to their health and wellbeing and Section 24(b) states that everyone has the right to have the environment protected for the benefit of present and future generations through reasonable legislative and other measures.

The following list of Acts reflects the National legislation to be implemented by the Provincial Department of Rural, Environment and Agricultural Development:

- Agricultural Debt Management Act, No. 45 of 2001;
- Agricultural Pests Act, No 36 of 1983;
- Animal Health Act, No7 of 2002 (To replace the Animal Diseases Act, 1984);
- Animal Identification Act, No 6 of 2002;
- Animal Improvement Act No 62 of 1998;

- Atmospheric Pollution Prevention Act, No 45 of 1965;
- Bophuthatswana Nature Conservation Act, No. 3 of 1973;
- Cape Nature Conservation Ordinance, No. 19 of 1974;
- Communal Property Association Act, No. 28 of 1996;
- Conservation of Agricultural Resources Act, No 43 of 1983;
- Development Facilitation Act, No 67 of 1995;
- Environment Conservation Amendment Act, No 50 of 2003 as amended;
- Environmental Conservation Act, No. 73 Of 1989 as amended;
- Extension of Security of Tenure Act, No. 62 of 1997;
- Hazardous Substances Act, No 15 of 1973;
- Land and Agricultural Development Bank Act, No 15 of 2002;
- Marketing of Agricultural Products Act, No 47 of 1996;
- Meat Safety Act, No 40 of 2002;
- Mineral and Petroleum Resources Development Act, No 28 of 2002;
- National Environmental Management Biodiversity Act, No. 10 of 2004;
- National Environmental Management Act, No 107 of 1998;
- National Environmental Management Air Quality Management Act, No 39 of 2004;
- National Environmental Management Protected Areas Act, No. 57 of 2003;
- National Water Act, No 36 of 1998;
- Nature and Environmental Conservation Ordinance, No 19 of 1974;
- Nature Conservation Ordinance, No 12 of 1983;
- North West Entrepreneurial Development and Sustainable Resources;
- North West Land Administration Act, No. 4 of 2001;
- Prevention of Illegal Eviction from Unlawful Occupation of Land Act, No.19 of 1998;
- Problem Animal Control Ordinance, No 26 of 1957;
- Provincial Growth and Development Strategy;
- Accelerated Shared Growth Initiative Of South Africa (ASGISA);
- Subdivision of Agricultural Land Act, No 70 of 1970 as amended;
- Taung Agricultural College Amendment Act, No 16 of 1994;
- World Heritage Convention Act, No 49 of 1999; and
- National Heritage Resources Act. No 25 of 1999;

**Policy mandates to be implemented by the department include:**

- Integrated Food Security Strategy, (2002);
- Land Redistribution Policy for Agricultural Development;
- North West Environmental Outlook Report, 2008;
- Integrated and Sustainable Rural Development Programme;
- South Africa's National Biodiversity Framework (NBF);
- Comprehensive Rural Development Strategy, 2009; and
- Provincial Growth and Development Strategy, 2004;

**Information on external activities and events relevant to budget decisions**

During this budget year, the department will focus on major challenges facing the society including high unemployment, inequity, poverty and hunger particularly in rural areas as well as enhancing economic growth in villages, townships and small "dorpies".

## 1.1 Aligning departmental budgets to government priority outcomes

To support the National Development Plan (NDP) priorities to achieve the 2030 vision of spatially, socially and economically well integrated rural areas as well as environmental sustainability and resilience, the North West Provincial Department of Rural, Environment and Agricultural Development has identified twelve policy imperatives within Outcomes 4, 7 and 10 to be the focus of the coming financial period as follows:

- Improving land administration and spatial planning for integrated development in rural areas;
- Improving food security through Fetsa Tlala programme;
- Smallholder farmer development and support (technical, financial, infrastructure) for agrarian transformation;
- Growth of sustainable rural enterprises and industries characterised by strong rural-urban linkages, increased investment in agro-processing, trade development and access to markets and financial services– resulting in rural job creation;
- Effectively crowding in productive investment through the agricultural infrastructure build programme;
- Growing the share of production and employment of the agricultural productive sectors -APAP Workers' education and skills increasingly meeting economic needs;
- Addressing Spatial imbalances in economic opportunities through expanded employment in agriculture
- Sustaining Ecosystems and using natural resources efficiently;
- Development and implementation of effective climate change mitigation and adaptation response;
- An environmentally sustainable, low-carbon economy resulting from a well-managed just transition;
- Enhanced governance systems and capacity.

Of the six (6) sub-outcomes of **outcome 7** identified in the 2014-2019 Medium Term Strategic Framework (MTSF), the department will contribute directly towards the achievement of four sub-outcomes namely 1,3,4 and 6.

The focus of **sub-outcome one (1)** is on improving land administration and spatial planning for integrated development in rural areas. Two key activities to be undertaken by READ under this sub-outcome include:

- Institutionalisation of regulatory framework for land use to guide and support development initiatives,
- Strengthening coordination across the three spheres of government and external stakeholders to implement the Comprehensive Rural Development Programme (CRDP) in line with the spatial development plans.

The focus of **sub-outcome three (3)** is on improving food security. This plan will afford the land reform beneficiaries an opportunity to settle on the land and use it productively by providing adequate infrastructure, production inputs, technical support and market access.

**Sub-outcome four** is on smallholder producers' development and support (technical, financial, infrastructure) for agrarian transformation. The economic growth of the agricultural sector has been constrained by slow progress in increasing production efficiency and a slow rate in the opening up of new markets and opportunities. There is a need for an inclusive rural economy that promotes enterprise and industrial development. Unemployment in rural areas remains high and communal land un-productive.

Growing sustainable rural enterprises and industries in areas with economic development potential through strong rural-urban linkages, increased investment in agro-processing, trade development as well as access to local markets and financial services resulting in rural job creation will be the key focus area. The department will through this sub-outcome unlock the economic opportunities in the villages, townships and small “*dorpië*” by providing basic economic infrastructure to stimulate economic growth in these areas.

**Sub-outcome six.** Key activities to be undertaken by READ includes establishment of new formal and informal enterprises as well as supporting existing enterprises in rural district municipalities.

Of the ten (10) sub-outcomes of **outcome 4** identified in the 2014-2019 Medium Term Strategic Framework (MTSF), the department will contribute directly towards the achievement of four sub-outcomes; namely 1,2,4 and 5.

**Sub-outcome one** focuses on productive investment through the infrastructure build programme. Department of READ will provide and build agricultural infrastructure to stimulate productive agricultural investment, especially in rural areas of the province.

**Primary focus of Sub-outcome two** is to ensure that the productive agricultural sector accounts for a growing share of production and employment. The first key action to be undertaken by READ under this sub-outcome is the implementation of Agricultural Policy Action Plan (APAP) to impact on growth, employment, rural incomes, investment, output, exports and African regional development. The second action includes the Implementation of the Comprehensive Africa Agriculture Development Programme (CAADP).

**Sub-outcome 4** focuses is on ensuring that workers' education and skills increasingly meet the economic needs. Key to READ will be the development and implementation of demand-side planning system for skills in collaboration with DHET during the next financial year.

Addressing spatial imbalances in economic opportunities through expanded employment in agriculture, the built programme and densification in the metros will be the focus of **sub-outcome 5**. Key action to be undertaken by READ under this sub-outcome include the development of smallholder production in context of improved district planning and link to land reform, extension, marketing and other systems.

Regarding **Outcome 10**, the department will contribute to directly 4 of the five (5) sub-outcomes identified in the 2014-2019 Medium Term Strategic Framework (MTSF) and these sub-outcomes are 1, 2, 3 and 4.

**Sub-outcome one** focuses on ensuring that ecosystems are sustained and natural resources are used efficiently. Key actions to be undertaken by READ towards the realization of this sub-outcome includes combating land degradation, expanding the conservation area estate through declaration of state owned protected areas, MPAs and biodiversity stewardship; identifying and developing management interventions for reducing species loss; and integration of ecological infrastructure considerations into land-use planning and decision-making about new developments.

An effective climate change mitigation and adaptation response is the key focus of **Sub-outcome two**. Key action for READ towards the realization of this sub-outcome during the next financial year is the development and implementation of sector adaptation strategies/plans.

**Sub-outcome 3** advocates an environmentally sustainable, low-carbon economy resulting from a well-managed just transition. Enhanced environmental education and empowerment (including skills development) programmes will be implemented by READ during the 2014/2015 financial towards the realisation of this sub-outcome 3.

Enhanced governance systems and capacity issues and challenges will be addressed through **sub-outcome 4** in outcome 10. Key actions for this sub-outcome includes enhancing compliance monitoring and enforcement capacity within the sector; improvement in air quality and less waste that is better managed.

## 2. Review of the current financial year (2014/15)

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

The budget of the financial year was initially allocated across eight programmes in compliance to the agriculture sector gazette budget programme structure. The number of programmes was increased to nine after the re-configuration of departments resulted in the function of environmental services combined with agriculture and rural development functions under the same member of the executive council. The reconfigured department Rural, Environment and Agriculture Development with a total budget allocation of R1 billion had to review its strategic goals to accommodate the new mandate during the course of the financial year 2014/15.

### Implementation of new policy priorities

Some of the new policy priorities/imperatives being implemented by the department during the financial year:

- Improving food security through Fetsa Tlala programme
- Expanding land under irrigation
- Growth of sustainable rural enterprises and industries characterised by strong rural-urban linkages, increased investment in agro-processing, trade development and access to markets and financial services– resulting in rural job creation
- Implementation of the Comprehensive Africa Agriculture Development Programme(CAADP)
- Sustaining ecosystems and using natural resources efficiently
- Development and implementation of effective climate change mitigation and adaptation response
- Development of a market offering, redirection and refocusing of the economic activities and resources towards successful implementation of the Premier's focus on villages, townships and small "dorpies" economy.

### Refurbishment of the Potchefstroom and Taung College of Agriculture

The refurbishment of the Agricultural Colleges is underway with funding from national department under the Comprehensive Agriculture Support conditional grant. The colleges have been fitted with wi-fi facilities, making it conducive for students to access study material easily. The reconstruction of the Taung college entrance has been completed with Department of Public Works and Roads as the implementing agent. The department also received an in-kind donor funding from the Danish government for improvements at the colleges with procurement of machinery and equipment to be used at the Taung Campus.

### Kgora Farmer Training Centre

Kgora Farmer Training Centre went into its second year of full operation with about 350 farmers receiving training from the facility. The spin-offs of this training saw an increase in vegetable and corn production. The increase in revenue collected from the sale of produce during the year is the direct result of this increased produce. While production of vegetables and corn increased, the same cannot be said about the sale of chickens. Due to lack of cold storage facilities and a dedicated abattoir in the proximity of Kgora, rearing and selling chickens at the center was not undertaken during the financial year as it happened in the previous years.

### Farmers Market in Mahikeng and Taung

Addressing spatial imbalances in economic opportunities through expanded employment and improved access to markets in agriculture, the department continued with Mahikeng and Taung Farmers Markets with an average of 18 farmers participating at each market during the period first two quarters of this

financial year. The main challenge for the market is how to sustain supply by farmers. The Department is engaging crop scientists at the University to ensure the sustainability of supply while also monitoring the impact of these markets. The department is currently exploring possibilities of extending these markets to include Bojanala District in the near future.

A total of 4 Agri-Businesses have been supported with agricultural economic services towards accessing markets, 300 clients supported with agricultural economic advice and 300 clients provided with market information during the period under review.

### **Expand roll out of the CRDP to Marikana, Christiana and Bloemhof**

The roll out of the CRDP is being implemented within the framework of the comprehensive food security and nutrition strategy. A total of 186 verified food insecure households were supported with production starter packs during the first two quarters of the 2014/15 financial year. Plans are at an advanced stage to commence the CRDP expansion roll out to the Marikana, Christiana and Bloemhof areas.

### **Cultivation of under-utilised/fallow hectares of land**

An area measuring to 10 000 hectares of under-utilised land has been cultivated through provision of agricultural mechanization packages and production inputs to qualifying farmers. The department continues to provide technical support towards the implementation of this programme.

### **Roll out Smallholder producers support programme**

Thirty four (34) smallholder producers received tangible support in a form of on and off farm infrastructure, mechanization packages, and production inputs during the first two quarters of this financial year. Department also provided intangible support to smallholder producers in the form of 433 agricultural demonstrations, 60 farmers days and support given to 34 commodity groups.

### **Resuscitation and expansion of over 340 hectares of land under Taung Irrigation Scheme during the 2014/2015 financial year.**

As part of the expansion of the Irrigation scheme with 340 hectares during the financial year, a total of 60 hectares has already been debushed and irrigation infrastructure covering 10 hectares has been installed. There is a need to expand 26 kilometer canal to convey water from the Vaalharts to Taung and currently only 2 kilometers of the expansion is appropriated for by the department of Water Affairs. The project has created over 200 Work Opportunities through the Labour Intensive Project during the 2<sup>nd</sup> and 3<sup>rd</sup> quarter of the financial year.

### **Establishment of Fruit and vegetable marketing, storage and processing facilities through Public private partnerships.**

The establishment of the Fruit & Vegetables Agro-Hub has commenced in the Greater Taung Local Municipality and R16 million has been appropriated for current year.

### **Establishing the Food extrusion processing plant in Vryburg.**

Project commenced this financial year with a budget of R2.9 million and already 45 work opportunities have been created.

### **Lesotho Initiative World Food Programme**

Department will continue and expand the roll out of the Lesotho Initiative World Food Programme to the tune of R2 million during this financial year.

### **NW/IDC Nguni Cattle Development project**

This project is indeed a matter of proud record for the Department and the North West Province. Since the inception of this project in 2007, a total of 171 participating farmers benefitted of which 64 are women while 30 are youth. The department will further expand the roll out of this project in partnership with Industrial Development Corporation (IDC) and the North West University (NWU) during the financial year. The department has also commenced with the roll out of the Bull Subsidy Scheme to improve the quality of the livestock in the province.

### **Implementation of the CAADP to increase investment in the agricultural sector**

The development of the NW Food and Agriculture Investment Plan will be completed during the current Financial year to the tune of R7 million and implementation will commence in the 2015/16.

### **Rehabilitation of the Kraaipan, Springbokpan and Vryhof silos**

The appointed Implementing Agent is currently in the process of fast-tracking roll out of the infrastructure and establishment of partnerships in the Kraaipan Grain Silo. This process is anticipated to be completed before harvesting in May 2015.

### **Environmental Implementation Plan**

The department is process of compilation of the 3rd generation Environmental Implementation Plan (EIP) for the North West, as required in terms of the National Environmental Management Act, 1998, during the 2014/15

### **World Heritage Sites**

Department will continue with the implementation of the Vredefort Dome and Taung Skull World Heritage Sites projects to manage Alien Invasive plants and restoration of the sites. Funding for work on Taung Skull has been allocated for both the current financial year and 2015/16.

### **Wildlife Management Strategy for free roaming game**

The development of a Strategy to manage free roaming game populations in open land for utilisation purposes is already underway and will be concluded before the end of 2014/15 financial year.

### **Waste Management:**

Plans to establish a Buy Back Centre in Mahikeng Ward 9 during the 2014/15 financial year are at an advanced stage. A prospective site has been identified and launched in partnership with the Mahikeng local municipality.

### **Climate Change**

Plans to conduct the North West Climate Change Vulnerability and Resilience assessment have been finalised and department also continued the implementation of Magaliesberg Biosphere project during the 2014/15 financial year.

## Main events

The department hosted both the Provincial and National Annual Female Entrepreneur of the Year awards in Klerksdorp and Mahikeng respectively during 2014/15. Agricultural infrastructure funding has been provided for women who participated and got recognition in these two events. This initiative will be expanded to ensure that women activities do not only become events driven, but are sustained throughout the agricultural value chain while exposing the participants to learning from those who receive this recognition.

Some of the priority projects already underway during the 2014/15 financial year include:

- Construction of the Taung Agro-Hub and plans already underway to commence with the Zeerust Agro-Hub during the MTSF period
- Roll-out of the Aquaculture Programme in Disaneng is underway
- Livestock breeding material commenced and will continue over the MTSF period, establishment of the Animal feed manufacturing plant in Taung will commence in the next financial year, construction of feedlot in Mahikeng has already commenced and Meat processing plant including abattoir and packaging facilities in Mahikeng to commence in the next financial year

## Challenges

The department was confronted by a number of challenges which included the following:

- Lack of sufficient budget to attract and improve skills base for effective and efficient support as it relates to specialist and technical advisory components of the programmes;
- Poor synergy in the planning processes within interdepartmental programmes, SIPs and three spheres of government;
- The allocation of adequate and consistent funding for environmental projects (e.g. game holding facilities, buy-back centres, information management systems), as well as agricultural economic and rural development infrastructure; and
- Shortage of water is a limiting factor to prospective farmers. Even though erection of irrigation systems is costly, it currently serves as the only means to relieving the pressure but with limited funding, not all deserving farmers benefit from this process.

## The department has the following interventions in place to mitigate the aforementioned challenges

- Prioritize bursaries for critical skills like engineers, veterinarians, economists and plant pathologists through a collaborative effort with the North West University in addressing some of these challenges.
- Use of internships and learnership programmes has also provided relief to these shortages.
- The department shall continue to engage at all levels to synchronise planning processes by participating in all committees at national, provincial and local municipality level as emphasized by the Premier of the North West Province.
- Service level agreements shall set the tone to any form of partnership across all the three levels of government.
- Strengthening stakeholder's relations in the agricultural sector
- Allocation of special/additional funding to address the agricultural economic and rural development infrastructure backlogs including human capital
- Exploring partnerships and use of cooperatives in the agricultural value chain to improve market and finance access especially cooperatives within the villages, townships and small **dorpiess**.

### **3. Outlook for the coming financial year (2015/16)**

Section 3 looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

#### **Promotion of aquaculture - inland fisheries and recreational fisheries**

The department will be rolling out this project to local municipalities over the MTSF period, Disaneng Dam in the Ngaka Modiri Molema district has already benefited from the programme. The current area of focus will be Modimola, Madikwe, Taung, Bloemhof and Ngotwane dams across the province.

#### **Tshimo Ya Kgosi programme**

The department will continue with the pilot implementation of the programme by providing production starter packages that include mechanisation packages and production inputs to the tune of R5 million during the 2015/16 financial year.

#### **Resuscitation and expansion of irrigation schemes**

The department has set aside R730 million over the MTSF period with special focus on Taung (over 3 500ha resuscitation and 1700ha expansion) and other identified areas (Disaneng 214ha; Molatedi 36ha and Tsholofelo Citrus) and envisage to create over 3 343 jobs.

#### **Establishment of Fruit and vegetable storage and processing facilities through Public private partnerships**

These facilities will be located in the Taung & Zeerust municipalities and are intended to provide farmers in those areas with marketing opportunities for sales and distribution of their produce.

#### **Roll out of the Livestock Development Programme**

This programme is intended to provide linkage throughout meat industry value chain (meat processing, animal feed manufacturing & packaging facilities as part of single value chain), total cost of rolling out this project is estimated at R100 million budget and approximately 350 jobs are envisaged to be created.

#### **Rehabilitation of the Kraaipan, Springbokpan and Vryhof silos**

With the continuing rehabilitation project on the Silos, the department will be providing value adding support to the Provincial Industrialisation Plan with an estimated cost of R70 million over the MTEF period, yielding over 300 estimated jobs.

#### **Agricultural and Rural Development Agency**

Establish Agriculture, Rural Development Agency (ARDA) to support 113 smallholder producers per annum over the MTSF period. The department undertook benchmark exercises on similar institutions with other provinces on its functioning and this will be based along similar arrangements.

### **World Heritage Sites**

Department will continue with the implementation of the Vredefort Dome and Taung Skull World Heritage Sites restoration and Alien Species management projects during the budget year as funding for the projects is budgeted to that year.

### **Air Quality management Plan**

The department will finalise the revision of North West Air Quality Management Plan during the financial year and continue with the implementation of North West Air Quality Passive Sampling project as well as the Ambient Air Quality Monitoring project over the next MTEF period.

### **Damage Causing Animal Strategy and Management Strategy for free roaming game**

The department will also embark on the development of the two strategies to control and manage damage causing animals and free roaming game populations in open land for utilisation purposes in the province.

### **Index of Habitat Integrity (IHI) survey**

A number of rivers have been selected in the North West Province for Provincial River Health Programme; Finalization of the North West Biodiversity Act and development of the Electronic Permitting System for Biodiversity related authorizations will be undertaken by the department during the 2015/2016 financial year.

The Department will continue with the expansion of the **Mahikeng Buy Back Centre** as part of its Waste Management Programme. The implementation of the Magaliesberg Biosphere project will continue in the Madibeng, Rustenburg and Kgetleng Local Municipalities during the 2015/2016 budget year.

## **4. Reprioritization**

The department increased its number of programmes to nine (9) following the reconfiguration process. As it stands support functions will be redistributed and shared to accommodate the additional programme. The department will internally re-arrange operations to ensure that no programme is negatively affected.

## **5. Procurement**

The department has an agreement with a strategic partner who will aid the delivery of infrastructure projects, the procurement process will differ from the previous approach as regards these projects.

## 6. Receipts and financing

The department finances its operations through the following funds:

### 6.1. Summary of receipts

Table 13.1 : Summary of receipt: Rural, Environment And Agricultural Development

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                  |                  |
|---|----------------|----------------|----------------|--------------------|-----------------------------------|------------------|-----------------------|------------------|------------------|
|   | 2011/12        | 2012/13        | 2013/14        |                    |                                   |                  | 2015/16               | 2016/17          | 2017/18          |
| Equitable share   | 576 673        | 620 100        | 681 915        | 830 993            | 830 993                           | 796 726          | 843 672               | 886 559          | 964 407          |

The department's operations are funded through the equitable share; Conditional grants and departmental own receipts. The conditional grants make up 22 per cent; 23 per cent and 23 per cent of the total allocation of the department for each of the MTEF years in that order. The conditional grants funding of the department is made up of the following grants:

#### Comprehensive Agricultural Support Programme

The grant aims to provide effective agricultural support services, promote and facilitate agricultural development by targeting beneficiaries of land restitution and redistribution, and other previously disadvantaged producers who have acquired land through private means and are engaged in value-adding enterprises domestically, or involved in exports; to address damage to infrastructure caused by floods.

Funding of this grant grows by 9 per cent in 2015/16 which is an increase from the current allocation of R179 million to R195 million. The grant declines by 9 per cent and grows by 8 per cent in the two outer years.

#### Land Care Programme

This grant aims to promote sustainable use and management of natural resources by engaging in the initiatives that supports the pillars of sustainability (social, economic and environmental) leading to greater productivity, food security, job creation and better well-being for all. The grant allocation has a declining of 2 per cent in the first year with an allocation of R8 million in 2015/16 against the budget of R7 million for the year under review and the grant sees a growth of 4 and 6 per cent in 2016/17 and 2017/18 respectively.

#### Illima/ Letsema Grant

This grant is aimed at assisting vulnerable South African farming communities to achieve an increase in agricultural production and invest in infrastructure that unlocks agricultural production. These grants' allocation increases steadily throughout the MTEF period with an initial increase of 9 per cent in the first year. The mid and outer years of the MTEF grows by 18 and 6 per cent respectively.

## 6.2. Summary of Departmental receipts collection

Table 13.2 : Summary of departmental receipt: Rural, Environment And Agricultural Development

| R thousand  | Outcome      |              |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |               |               |

The revenue source base of READ is broader for this MTEF planning cycle due to the addition of services rendered under environmental services with main sources such as environmental fines and hunting permits. These sources are mainly penalties levied on non-compliance to environmental impact assessment in accordance with game regulatory framework and the National environmental management.

Table 13.2 clearly indicates that from the first year of the MTEF, the revenue base for the department is projected at over R18 million with annual average increases of 62 per cent in 2015/16, 3.5 per cent and 5 per cent in 2016/17 and 2017/18 respectively. In the main, the department will be generating its own revenue from student fees, hunting license fees and proceeds received from sale of fresh produce, where the latter covers items such as dairy products, fruit and well as other farm produce.

The department's revenue budget shows a constant increase over the MTEF period. The department has a revised estimate of R15.1 million in 2014/15. The revenue estimates grows to R18.1 million, R18.8 million and R19.8 million over the MTEF period. These increases are made in line with revenue enhancement strategy that seeks to optimize revenue collection in the province. The other factor that will contribute maximization of revenue collection is the expected review of tariffs. The increase in contribution will be mainly on Kgora farmer training center and Taung College. The latter is busy with upgrades for sports fields that will attract more users once completed.

## 7. Payment summary

### 7.1. Key assumptions

The budget took cognizance of the Treasury's 2014 budget guidelines by ensuring that the budget caters for:

Inflation projections (CPI) at 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent for the 2017/18 financial years.

An increase in the compensation of employees has been provided for at averages of 6.2 per cent in 2015/16 and 5.8 per cent in each for 2016/17 as well as 2017/18. These increases are provisional as salary increases are centrally determined. Pay-progression and performance bonuses have been included in the provision at 3.5 per cent of the total wage bill throughout the MTEF period.

In order to accomplish its core mandate, the Department has nine programmes through which the strategy of the department will be implemented.

The department's programmes are funded through three sources of funding namely conditional grants which accounts for 22 per cent of the departmental allocation, departmental own receipts which constitutes 2 per cent as well as the provincial equitable share which takes up 76 per cent of the departmental 2016/17 allocation.

The 2017/18 financial year records a change in the percentage share of these sources of funding whereby conditional grants' share remains constant at 22 per cent; equitable share is reduced to 72 per cent while the departmental own receipts grow by 4 percentage points to 6 per cent of the departmental total allocation.

## 7.3 Summary of economic classification

Table 13.4 : Summary of provincial payments and estimates by economic classification: Rural, Environment And Agricultural Development

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                  |                  |

Table 2.2 above indicates that at least 50 per cent of the allocation is directed towards compensation of employees. The item transfers and subsidies hosts funding for all departmental projects and this allocation takes up 23 per cent, 24 per cent and 24 per cent of the total funding for 2015/16, 2016/17 and 2017/18 respectively. Payment for capital assets is the least funded within the department. This is due to fact that most of the projects are transferred to farmers and communities upon completion, therefore are disclosed as capital transfers.

## 7.4 Infrastructure payments

### 7.4.1 Departmental infrastructure payment

Table 13.4 : Summary of provincial infrastructure payments and estimates by category

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

### 7.4.2 Maintenance (Table B5)

The nature of infrastructure constructed/developed by the department is transferred to the beneficiaries as a result; the responsibility for maintenance is transferred as well. Majority of the buildings occupied by the Department are leased and therefore all maintenance related issues are the responsibility of the Landlord.

## 7.5 Departmental Public-Private Partnership (PPP) projects

The department does not have any PPP projects or agreements but only a strategic partnership that will assist the department to deliver on all infrastructure projects as captured in table B5.

## Transfers

7.6.1 Transfers to Public Entities – Nil

7.6.2 Transfers to other Entities – Nil

7.6.3 Transfers to Local Government – Nil

## 8. Receipts and retentions : Provincial legislatures

Not applicable to this department

## 9. Programme Description

### Programme 1: Administration

#### Description and objectives

This programme is responsible for management and formulation of policy directives and priorities while ensuring that there is appropriate support service to all other core programmes with regard to finance, personnel, information, communication, procurement and other corporate related services.

Table 13.5 : Summary of payments and estimates by sub-programme: Administration

## Growth trends and funding reasons

The allocations of the programme grow by 16.9 per cent in 2015/16 and it further grows by 4.7 per cent and 7.7 per cent in 2016/17 and 2017/18.

The department notes the additional responsibilities brought along by addition of the Environmental Services without any support staff from the department that previously supported this function. This explains a growth by over 6 per cent in the compensation of employees of the programme. In keeping with the indicative increase allocations for Compensation of Employees the department will tap from the Skills budget to secure interns to provide support to functions of this programme.

## Compensation of employees

Growth on this item is 6 per cent in the year 2015/16 and 6 per cent and 7 per cent in the mid and outer years of the MTEF. The slightly higher than the stipulated percentage increase in the first year is mainly to provide for the additional responsibility of Environmental Services.

## Goods and services

The growth of the budget is 34 per cent in 2015/16. One of the challenges that the department strives to address through this funding is a negative OHS report which has not been addressed for four years to date. The OHS report relates to the Agri-Center building. The department intends to intensify the effort to ensure that the landlord is engaged to bring the condition to an acceptable condition. The increase of this economic classification also relates to property payments for district operations.

## Transfers to households

This economic classification makes provision for expenditure that relates to staff termination benefits and cannot be forecasted with reasonable accuracy. A conservative approach of assuming the pre-determined percentages has been taken to cater for the item. Also allocated in the item is the funding for non-employees.

## Machinery and equipment

Provision under this item has been made for the procurement of furniture. The department has not procured furniture for the past three financial years despite having made a number of appointments, including extension officers in the financial year 2013/14. The ICT infrastructure of the department is at a bad state of repair, posing a serious security risk on information of the department as computers have exceeded their useful lifespans. An increase of this item by 314 per cent in the first and second-year of the financial years are informed by this intention.

## Programme 2: Sustainable Resource Management

### Description and objectives

To provide agricultural support services to farmers in order to ensure sustainable development and management of agricultural resources.

## Growth trends and funding reasons

The programme comprise of four sub-programmes. Of which sub-programme 2: Land Care is funded exclusively through a conditional grant that is allocated as transfer to households and allocation therefore is determined by the national department. The reduction on the base year allocations is as a result of

relocating the Kgora farmer training center allocation from the Disaster Risk sub-programme to Structured Agricultural Training sub-programme from 2015/16.

### Compensation of employees

The budget of this economic classification reduces in the first year 2015/16 due to internal re-arrangement of sub-programmes. Kgora Training center was previously located under this programme, sub-programme Disaster Risk Management so the earmarked budget could be properly monitored and managed. Over the MTEF period the unit has since been moved to programme Structured Agricultural Education and Training.

### Goods and services

The budget growth under this economic classification is to enhance the support provided by sub-programme 01: Engineering Services in terms of provision project implementation for other core programmes including additional need brought by Programme 09: Environmental Services.

### Transfers to households

The allocation of this item is for Land Care sub programme which relates to projects delivery in the province. The funding is intended to ensure increased productivity and sustainable use of resources. A decline in this item is attributable to the funding for Kgora Training center which is transferred to Structured Agricultural Training sub-programme

## Programme 3: Farmer Support and Development

### Description and objectives

To provide support to farmers through agricultural development programmes.

### **Growth trends and funding reasons**

The programme comprises of three sub-programmes and renders agricultural extension services to the department. The programme implements the DoRA funds from CASP, Illima//Letsema and Disaster Relief funds when the latter have been allocated to the province. Other than the DoRA funds allocation, the programme also manages the Post-Settlement Support grant which is an equitable share allocation to the province and is used to augment the conditional grants. A substantial percentage of these funds have been allocated as transfers with the exception of Extension Recovery Plan (a pillar under CASP) which is allocated across the economic classification. The Programme increases by 13 per cent in both the first and second year of the MTEF while the outer year grows at 7 per cent.

### **Compensation of employees**

This item includes a portion of the ERP from CASP that is allocated from national. The economic classification grows by 5 per cent in both 2015/16 and 2016/17. The substantial budget growth in 2015/16 and 2016/17 is driven by R8 million respectively, to cater for the carry through effect of an additional funding provided through 2014/15 adjustment budget. In essence to the latter, the growth also makes provision for capital allowance for qualifying staff. These movements will relieve the budgetary pressure on S&T resulting from officials claiming for utilization of own cars.

### **Goods and services**

As it is the case with other economic classifications, this item also receives part of the funding from the ERP and the allocation changes directly in relation to the changes in the allocations of CASP and grant framework provisions thereof. This classification sees a declining growth of 5.5 per cent in 2015/16 and growths with 59 per cent in 2016/17. It further grows to 23 per cent in 2017/18. Travel and subsistence is the main cost driver that registers a huge increase as a result of lifting-off of the limitations that were imposed on travelling. It was realized that in as much as the limitations were done in favor of observing the cost containment measures, it had a contrary impact on service delivery for programmes hence an increase of 97 per cent in 2015/16 followed by 9 per cent in 2016/17. The other major increase in this item is on operating payments with the expectation of finalizing the Mini-Garona building in the DR RSM municipality.

### **Transfers to households**

The growth of this economic classification is informed by the allocations that determined by the national department for both CASP, Illima/letsema while an allocation for Settlement Support as allocated by provincial treasury.

### **Machinery and equipment**

The growth under this item is meant for procuring computers through the ERP programme as well as providing for non-extension staff computer needs. Other machinery and equipment has been provided through the additional funding to cater for resourcing extension officers that were appointed through ERP and were previously not provided with working resources, resulting in their sharing offices and computer equipment which adversely affected their productivity.

## **Programme 4: Veterinary Services**

### **Description and objectives**

To provide veterinary services to clients in order to ensure healthy animals, safe animal products and welfare of people of South Africa.

## Budget growth trends

This programme was allocated a once-off R9 million during 2014/15 to fund the Primary Animal Health care programme hence the decline by 15 per cent in 2014/15 and compounded by the effects of the adjustment budget that saw the programme transferring funds under COE to other programmes.

## Compensation of employees

Based on the 2014/15 adjustment, the 2015/16 allocation projects a decline. The decrease of this item in the first year is resultant from the adjustment budget impact as indicated above. This economic classification grows by 8 per cent, 14 per cent and 5 per cent over the MTEF period and this attributable to making a provision for capital allowances.

## Goods and services

The allocation depicts a decline of 50 per cent which is due to once off allocation of R9 million in 2014/15 financial year for procurement of animal support production services like medicines and vaccines. However, when the once off funding is discounted from the base year, the 2015/16 allocation depicts a growth of 22 percentage growth. No funding of this item in the following years of MTEF see the total allocation of this item reducing by 46 per cent and 36 per cent in 2015/16 and 2016/17 financial years.

The decline in the two outer years is driven by the centralization of all training budgets to Human Resource Development. Furthermore, the MTEF allocation makes no provision venues and facilities in observing the cost containment measurement.

## Transfers to households

Funding for the post-retirement benefits for this programme are consolidated in programme:1 with short falls allocated to individual programmes.

## Machinery and equipment

The funding of this item is meant for sustenance of equipment in the Laboratory in Dr Kenneth Kaunda that continues to serve the province as well as other adjacent province due to its high recognition as a referral laboratory.

## Programme 5: Research and Technology Development Services

### Description and objectives

To render expert and needs based research, development and technology transfer services impacting on development objectives.

Table 13.13 : Summary of payments and estimates by sub-programme: Research And Technology Development Services

## Growth trends and funding reasons

Functions performed by this programme are research related with information provision to the farmers in the province. The growth in this programme is been mainly driven by the additional allocation received from Treasury after challenges in the previous years to resource this key programme from baseline reprioritisation. This programme provides support in terms of research to programmes such as crop and

animal production as well as soil testing through the laboratory. The 10 per cent and 29 per cent growths in the financial year 2016/17 and 2017/18 have mainly been provided to ensure that the programme achieves these objectives.

### Compensation of employees

An increase of 9 per cent in the financial year 2016/17 is intended to address the acute shortage of vehicles in the department through an allocation of subsidized vehicles. Officials in this programme are field based and must travel throughout the province while discharging their responsibilities. The existing number of pool vehicles is insufficient to ensure optimal functioning of the programme.

### Goods and services

The decrease in the allocations is directly linked to saving that will be realized from the procurement of subsidized vehicles. This is evidenced by the decline of 57 per cent in 2015/16 on travel and subsistence.

### Transfers to households

No provision under this item due to centralization of the payment of post-retirement benefits under programme 1.

### Biological assets

The programme provides support to all emerging farmers through the procurement of high quality bulls for breeding purposes. The offspring of these animals are sold to the emerging farmers at discounted rates once their quality has been confirmed. Part of the expenditure incurred under this item will be recouped through the sale of these animals to farmers through the departmental policies.

## Programme 6: Agricultural Economics Services

### Description and objectives

To provide timely and relevant agricultural economic services to the sector in support of sustainable agricultural and agri-business development to increase economic growth.

Table 13.15 : Summary of payments and estimates by sub-programme: Agricultural Economics Services

## Growth trends and funding reasons

The budget of this programme grows by 33 per cent in the financial year 2016/17 financial year mainly due to additional funding provided by Treasury. The additional allocation is intended to assist the programme with the provision of subsidized vehicles to ensure support to all core programmes with business planning and project management. This programme has been redefined along the gazette programme structure that resulted in the sub-programme Agribusiness been allocated to this program.

### Compensation of employees

The allocation increases by 38 per cent in the financial year 2016/17 due to re-defining the programme to include Agribusiness sub-programme as well as the provision for capital remuneration.

### Goods and services

Most items under the economic classification grow at a rate in the range of the inflationary projection with exceptions on travelling and subsistence growing at a substantial rate. The latter is a main cost driver of the programme owing to the nature of the programme's operations.

### Transfers to households

The programme's post-retirement benefits are allocated to programme 1 and no shortfalls are anticipated as staff complement is low.

### Machinery and equipment

The programme has appointed a number of Economists and procurement of furniture will be provided over the MTEF period.

## Programme 7: Structured Agricultural Education and Training

### Description and objectives

To facilitate and provide structured agricultural education and training in line with the Agricultural Education and Training Strategy to all participants in the agricultural sector in order to establish a knowledgeable, prosperous and competitive sector.

### Growth trends and funding reasons

Funding of this programme is from Kgora and Taung College earmarked funds through the entire MTEF period. The programme hosts funding for Kgora and Taung Agricultural College which are mainly earmarked funds. The volatility of the budget is attributable to the needs non-recurring needs of the institution. However, commitments such as compensation of employees are sufficiently catered for in order to provide for projected varying intake of students and farmers.

### Compensation of employees

The increase by 23 per cent in the first year of the MTEF is intended to fund the appointment of requisite staff at the Kgora Farmer Training Center. The department has funded infrastructure development at the Center and staff will ensure optimal results are obtained on training to be provided by the Center. With full accreditation accorded the institution is in a position to offer certified training to all participating beneficiaries.

## Goods and services

The bulk of the increase in this item is driven by provision for contractors' fees with the item's allocation increasing from R11 million to R13 million in 2015/16 and to R24 million in the financial year 2016/17. Also contributory to the growth is the cost associated with appointment of requisite officers which is evidenced by a growth in stationery and printing, labour saving devices, etc.

## Transfers to households

Payments for post-retirement benefits are catered for in programme 1 and any shortfalls will be catered for by the programme itself.

## Machinery and equipment

The colleges have funding under CASP pillar for improvement of facilities and this includes student support resources like hostel equipment. The nominal allocation under this item is provided to cater for other equipment for non-lecture staff at the campuses.

## Programme 8: Rural Development Coordination

### Description and objectives

To engage communities on priorities and institutionalize support to communities while initiating plans for implementation of development in specific areas

## Growth trends and funding reasons

This programme is allocated earmarked funds for implementation of Comprehensive Rural Development Projects. This funding increases to R28 million in 2016/17 and R28 million in 2017/18, representing a 25 per cent increase in the first year and 12 per cent in the mid-year. This allocation has been allocated to one sub-programme to ensure that proper management of the funds is enforced.

## Compensation of employees

Although this item is allocated to one sub-programme, it actually related to the whole programme. This approach was taken to ensure distinction between the earmarked funds from the “non-earmarked funds”. The percentage increase of this item is 32 per cent in 2015/16, 6 per cent in 2016/17 and 15 per cent in 2017/18 financial year. The allocation is intended to resource officials who qualify for subsidized vehicles to ensure deliver under the programme.

## Goods and Services

The allocation of funding for subsidized vehicles will have effect on the travel and subsistence allocation as they have direct relationship. The department has been limiting travelling across all its programmes and this negatively affected all programme whose main cost drivers require extensive travelling. The growth of 57 per cent in 2015/16 is mainly due to the lifting-off of the limitation on travelling.

## Transfers to households

The reduction of the allocation in this item is due to rationalising the programme budget to sufficiently provide for cost drivers. Funding under this item is mainly for the mobilisation of communities in rural areas to embrace development around their areas. This funding will serve these communities in terms of ensuring that meetings and catering in those meetings is provided for.

## Machinery and equipment

Provision for machinery has been kept at the current year allocation as it relates to replacement of computers only and the allocation of the funds will change with the appointment of staff. The programme has been inadequately catered for under this item in past years and maintaining this allocation will resourcing of staff over the MTEF.

## Programme 9: Environmental Services

### Description and objectives

The programme facilitates inter-governmental coordination, management and environmental planning processes and support environmental information management ensure quality and protection of the environment, biodiversity utilization and provide advisory services and project development support.

## Growth trends and funding reasons

The programme was allocated funds during the financial 2014/15 to implement labor intensive programme (LIP) that ended in January 2015. The funds were allocated to Compensation of Employees as they were intended to pay stipends for the participants in the programme hence the decline from 2014/15 to 2015/16. The decline in 2015/16 is as a result of the funding for Taung skull which stops in 2015/16.

## Compensation of employees

Discontinuation of the LIP funding in January 2015 results in a decline of 32 per cent in the 2015/16 allocation. When the LIP allocation is discounted, the actual growth on this item amounts to 15 per cent. The budget growth then normalise in the two outer years of the MTEF.

## Goods and Services

Most of the items under this allocation are increasing at percentages lower than the pre-determined treasury allocations throughout the MTEF period.

## Transfers to households

Funding for this item is intended for post-retirement benefits to staff as well as injury on duty costs. The determination of the allocations to this item is subject to previous year performances and this may not be a proper measure as the item is reactive to events that may be classified as unforeseeable. This is the only programme allocated post retirement transfers as it was allocated prior the transfer of function process.

## Machinery and equipment

This item is allocated earmarked funds for the infrastructure development at the Taung skull. The funding started in the financial year 2014/15 and increases by 18 per cent in 2015/16. The two outer years the MTEF have not been provided funding as the projected is anticipated to end by 2015.

## Personnel numbers and costs

1. Full-time equivalent

The focus of Rural Development has been shifted to coordination activities unlike in the past years were the programme was delivering on project implementation. The department intends to gradually phase-in a number of key positions that will ensure that the coordination function is properly carried out effectively.
