## **FOREWORD**

The current unfavorable economic conditions, should not be a stumbling block and an excuse for Bokone Bophirima Government not to implement programmes that seek to comprehensively deal with the triple challenges of unemployment (youth and women in particular), poverty and inequality. The 2015 budget serves as a commitment by the provincial government to fight these challenges.

Given the limited resources and the state of the economy, the emphasis over the MTEF would be on efficiency and continuously evaluating how we deliver services and transform our institutions to make them more responsive to the needs of our People. The 2015 budget focuses on programmes that promote economic growth through Agriculture, Culture and Tourism, investment in key economic infrastructure and enterprise development with more emphasis on villages, townships and small “*dorpies*” (VTSD) economy.

The 2015 MTEF budget reflects the policy priorities contained in government’s Medium-Term Strategic Framework (MTSF), which identifies the key actions required to implement the National Development Plan (NDP). Key principles informing the 2015 budgets are Rebranding, Repositioning and Renewal (RRR); Reconciliation, Healing and Renewal (RHR); sustaining funding for social sector departments (Education, Health and Social Development) and implementation of Setsokotsane and Bua le Puso programmes.

Being true to our “Saamwerk Saamtrek” philosophy and given the limited resources at our disposal, the 2015 budget requires that our people, government, business and civil society work together in order to contribute to the economic growth and job opportunities in our Province.

## **1. Socio-economic Outlook**

### **1.1 Introduction**

Against the backdrop of current global economic conditions, where economic growth generally remains benign for most developed economies and for the South African economy, economic conditions in the North West province are no different with subdued economic growth rate of 0.6 per cent having been registered in recent times, income inequality as measured by the Gini coefficient is at 0.6, and official unemployment and poverty still remain stubbornly high at 26,8 per cent and 40 per cent respectively in 2014.

More innovative, efficient and cost saving strategies need to be adopted in resource allocation if these challenges are to be tackled effectively. Tight economic conditions and growing national debt has recently forced the National treasury to impose budget cuts with strict fiscal control measures. This clearly requires provincial government to do more with little to address the socio-economic conditions facing citizens of this country.

Forming the backbone of this document is the South African National Development Plan (NDP) which aims to eliminate poverty and reduce inequality as measured by the Gini coefficient to 0.5 by 2030. This compels provincial government and municipalities to work collaboratively and tirelessly towards attaining these goals, among other key priorities of the plan. The National Planning Commission's Diagnostic Report, released in June 2011 set out nine primary challenges:

1. Too few people work
2. The quality of school education for black people is poor
3. Infrastructure is poorly located, inadequate and under-maintained
4. Spatial divides hobble inclusive development
5. The economy is unsustainably resource intensive
6. The public health system cannot meet demand or sustain quality
7. Public services are uneven and often of poor quality
8. Corruption levels are high
9. South Africa remains a divided society

It is on these bases that a continuous socio-economic review must be carried out to assess if the provincial consumption and investment of public resources is assisting in addressing the identified socio-economic challenges as mapped out by the NDP.

### **1.2 Demography**

#### **1.2.1 Population growth**

Population growth in North West Province has increased from 2.9 million in 1996 to 3.6 million in 2013 and is expected to increase to 3.8 million in 2017. There are more female children aged 0 to 9 years in the province. Between 2006 and 2011 the North West Province has experienced

the highest population growth rate of 1.6 per cent compared to 1996 to 2001 and 2001 to 2006 with population growth rate of 0.9 per cent and 1.1 per cent, respectively. From 1996 to 2013, the NWP has recorded the population growth rate of 1.2 per cent.

The significance of population growth can be noticed in an increase of budgetary allocation from National Treasury to the Provincial government (increase in equitable share). On the other flip side of the coin, increased population growth means demand increase for public goods and services such as housing, health facilities, schools, construction of new roads, provision of water, sanitation, electricity, etc. With the current backlog in infrastructure and service delivery, this is likely to place more pressure on government as a provider of basic services.

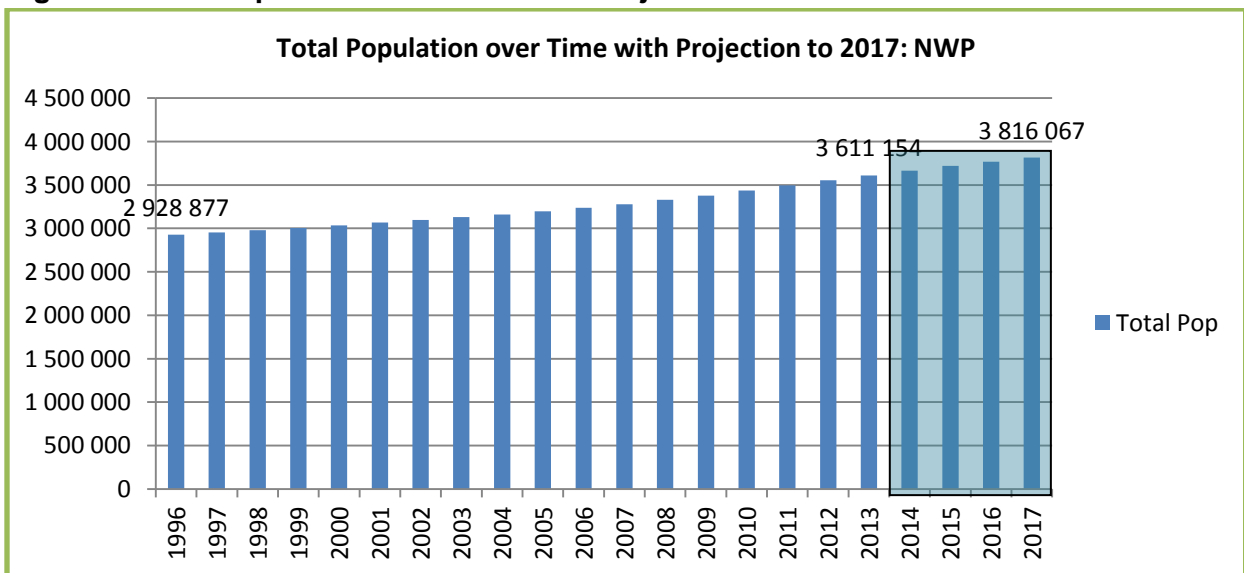

**Figure 1: Population Growth Rate for North West Province (NWP)**

Data Source: IHS Global Insight (2014)

Figure 2 below indicates that the NWP population has increased from 2, 9 million in 1996 to 3, 6 million in 2013. According to Global Insight estimates, the population for the North West Provinces is projected to increase to 3, 8 million by 2017.

**Figure 2: Total Population over Time with Projection to 2017 in NWP**

Data Source: IHS Global Insight (2014)

### 1.2.2 Age and Gender

Figure 3 below shows the North West population by age and gender. There are more children aged 0 to 9 years in the province which means the province has to ensure that there is sufficient budget allocation on education and healthcare. This is followed by a large number of young people in the province which is largely dominated by males. From the age 55 to 75+, there are more females than males; government needs to also cater for the elderly by budgeting sufficiently to care for the elderly, especially old women.

**Figure 3: North West Total Population by Age and Gender in 2013**

Data Source: IHS Global Insight (2014)

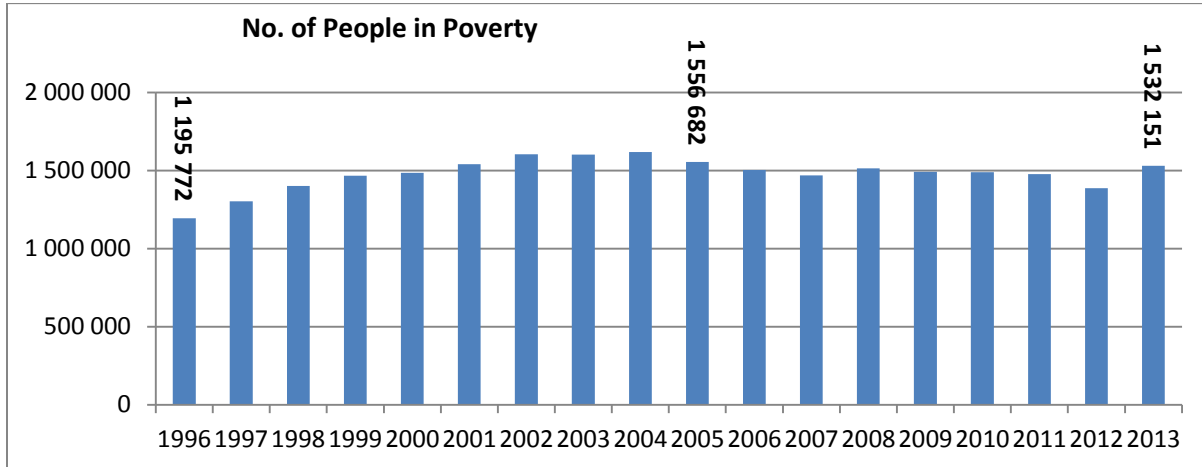

The gender dynamic in the North West Province is worth noting. Amongst children there are more females than males. From the age of 10 to 19 females and males are equal and from 20 years to 54 years there are more males than females.

### 1.3 Socio-economic indicators

#### 1.3.1 Poverty

Figure 4 below shows a total number of people leaving in poverty in the North West Province. Poverty levels started to decline from 2004 until 2007, thereafter increasing moderately to 1,668,117 in 2008 before declining to 1,532,151 in 2013.

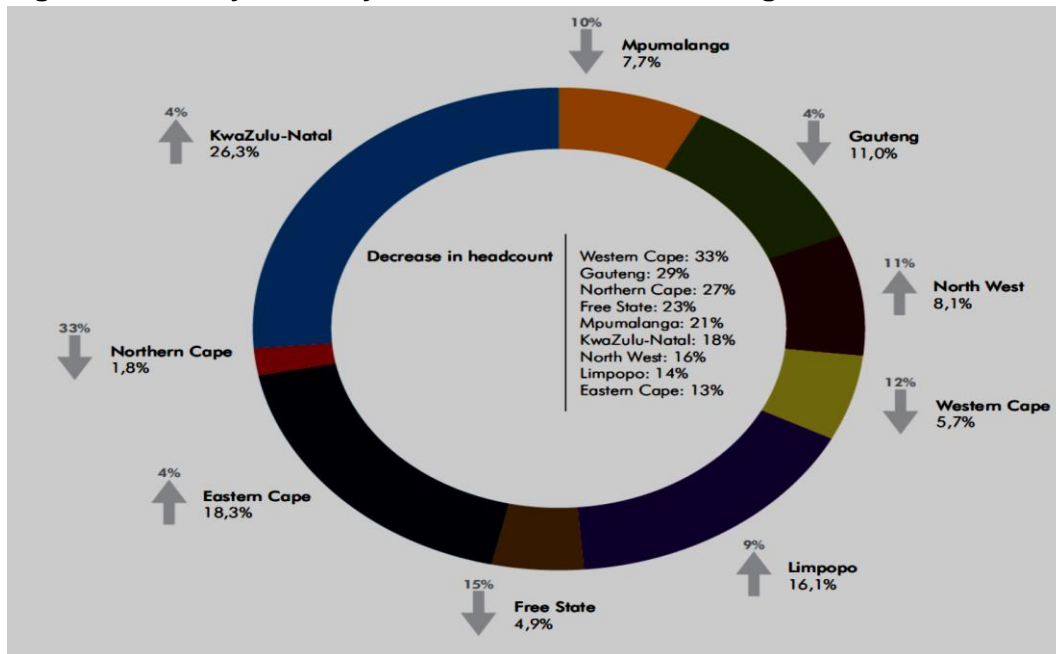

**Figure 4: Total Number of People in Poverty: 1996-2013 (NWP)**

Data Source: IHS Global Insight (2014)

Between 2011 and 2012, number of Asians living in poverty has slightly increased while that of Africans, Coloured and Whites has decreased. Most important to note, is the fact that in there are more Africans who still experience poverty and most of them are women and are living in rural areas.

**Figure 5: Poverty Share by Province in 2011 and Change from 2006**

Source: StatsSA, 2014

Figure 5 indicates that despite Gauteng having the lowest headcount of individuals living below the poverty line, it had the fourth highest number of poor people (11.0 per cent) in 2011. As one would expect, the Northern Cape – with a poverty headcount of 46.8 per cent in 2011 – was home to only 1.8 per cent of the country's poor because of the small number of people that live in the province.

Western Cape and Gauteng – had the lowest headcounts in 2006. The two provinces had the lowest headcounts from 2006 to 2011 of 33 per cent and 29 per cent respectively. At the other end of the scale, Eastern Cape (13 per cent) and Limpopo (14 per cent) saw the smallest reduction in poverty headcounts.

The poverty gap for Limpopo was the highest in all three periods – it was 36.8 per cent in 2006 before increasing to 44.4 per cent in 2009 and then decreasing to 300 per cent in 2011.

**Figure 6: Number of People in Poverty by Race in North West Province: 2012 & 2013**

Data Source: IHS Global Insight (2014)

Poverty in the North West Province requires intensive investment in rural development with emphasis on programmes and projects such as agriculture, manufacturing and provision of basic service including access to technology. Amongst others, embracing golden economy in the NWP could come a long way in pulling people in rural areas out of poverty

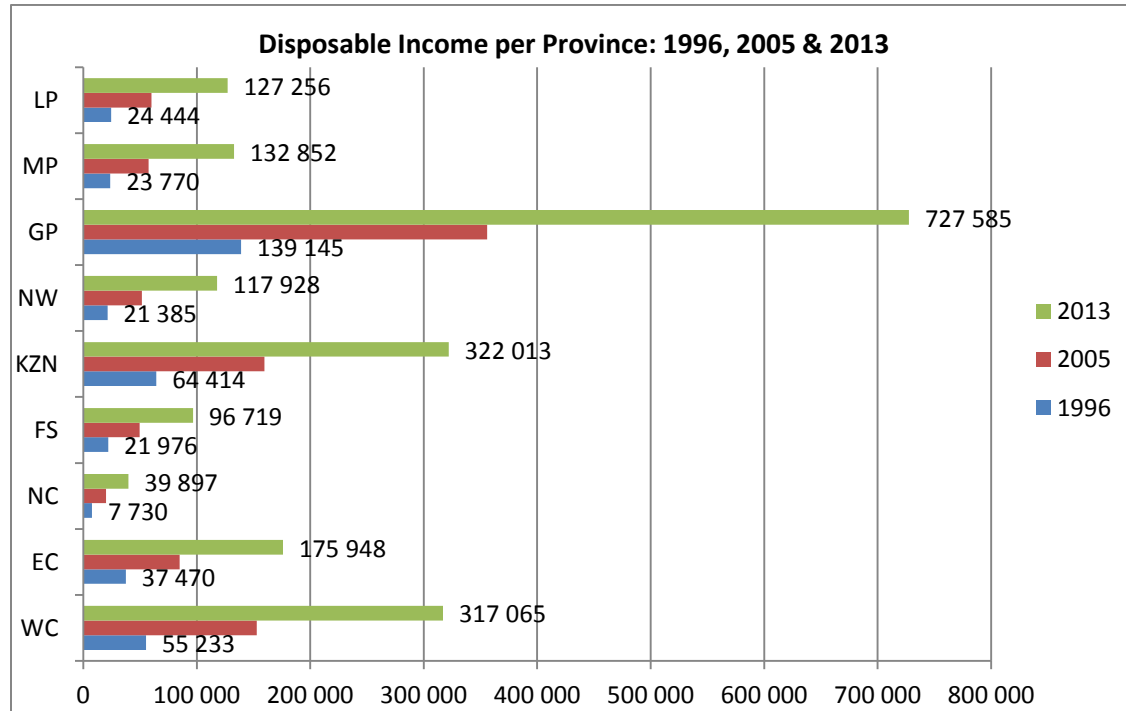

### 1.3.2 Household Income

According to IHS Global Insight (2014), Annual total disposable income is the total disposable income for all households in the region summed together. Disposable income includes:

- Labour remuneration
- Income from property (including dividend receipts, interest receipts less interest payments rent receipts less maintenance cost, mortgage interest and consumption of fixed capital)
- Current transfers from general government
- Current transfers from incorporated business enterprises
- Transfers from the rest of the world

As shown in figure 7 below, South Africa has experienced a general increase in Annual Disposable income across all provinces.

**Figure 7: Annual Disposable Income per Province, 1996, 2005 & 2013**

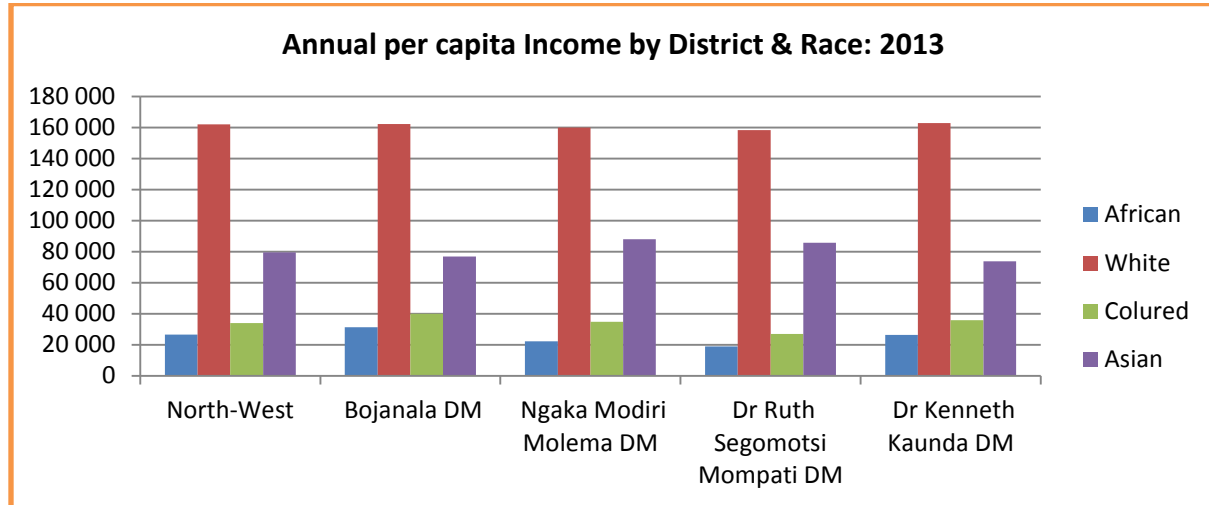

Data Source: IHS Global Insight (2014)

Though North West the lowest disposable income across provinces, it has also recorded increase in annual disposable income in 2013 (117.928 million) from 21.385 million in 1996. With mining sector and Community Services as major contributors to North West employment and economic growth, more opportunities can still be explored in the North West province which can result in job creation, economic growth and ultimately increased disposable income for citizens of the province.

Figure 8 below shows that Africans received the largest share of increase in disposable income, followed by whites, with Coloureds and Asians still remaining far below R10 million per annum in the North West. This is attributable to the fact that the Africans constitute about 70 per cent of the provincial population.

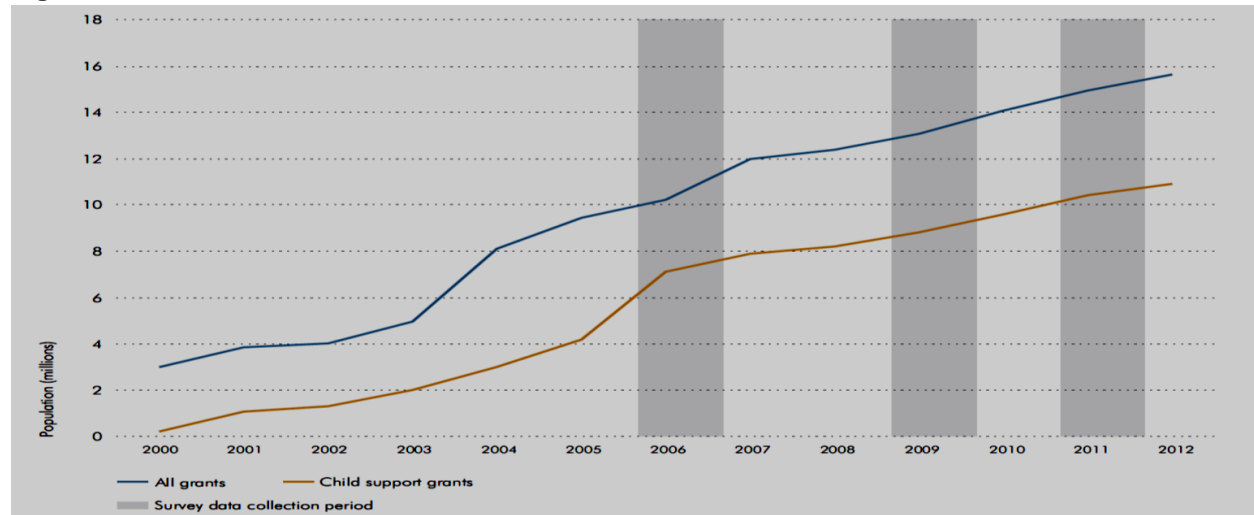

**Figure 8: Annual Total Disposable Income by Race in NWP: 2013**

Data Source: IHS Global Insight (2013)

Generally, income is derived from different sources including social grants which are paid by government to deserving individuals. The impact of social grants on poverty in South Africa can never be undermined. According to figure 3.9, South African has witnessed an upward increase in social grants expenditure providing poorer families across the country with income to acquire basic necessities amongst others.

**Figure 9: Number of Social Grants disbursed between 2000 and 2012**

Source: StatsSA, 2014

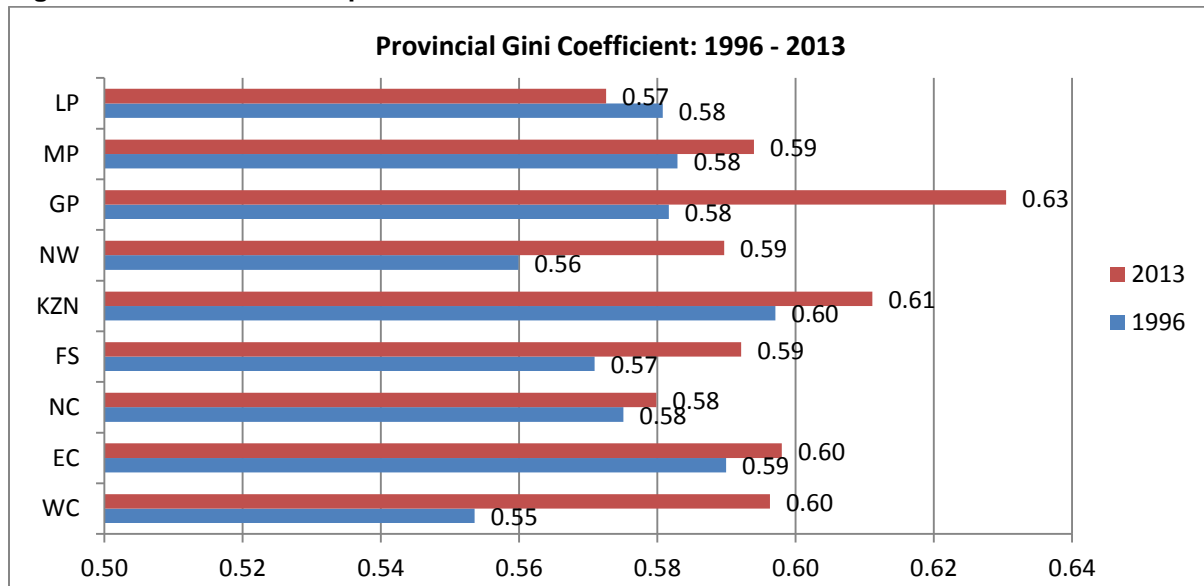

### 1.3.3 Income Inequality

Income inequality is measured by the Gini coefficient which generally varies from 0 to 1. If the Gini Coefficient is equal to zero it means that incomes are distributed in a perfectly equal manner, indicating a low variance between high and low income earners in the population. If the Gini coefficient is equal to one, income is completely inequitable, with one individual in the population earning income, whilst everyone else earns nothing.

According to IHS global insight (2014), income inequality remains one of the major challenges in South Africa with North West Province not being an exception. Income inequality is one of the indicators showing the extent to which the large population in a country remains excluded from participating in the economy.

According to figure 10 below, the provincial Gini Coefficients appear to be rather similar across all provinces, ranging from 0.59 to 0.64. Thus, all provinces are burdened with unequal societies. In addition, figure 10 indicates that levels of inequality within provinces are lower than that of national average.

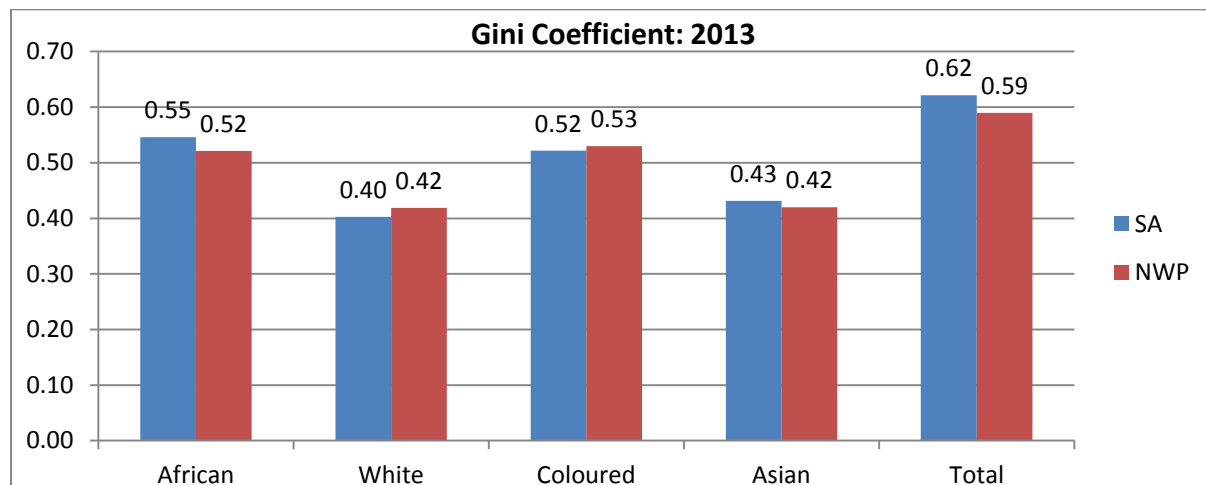

**Figure 10: Gini Coefficient per Province for the Years 1996 & 2013**

Data Source: IHS Global Insight (2013)

Figure 10 further shows income inequality amongst different provinces between 1996 and 2013. Provinces such as Western Cape, Gauteng and North West shows to recoded a wider increase in income inequality between the periods under review. Gini-coefficient for North West Province was 0.56 in 1996 and increased to 0.59. Such increase in income inequality remains unacceptable and more efforts are required to reduce income inequality to below 0.50.

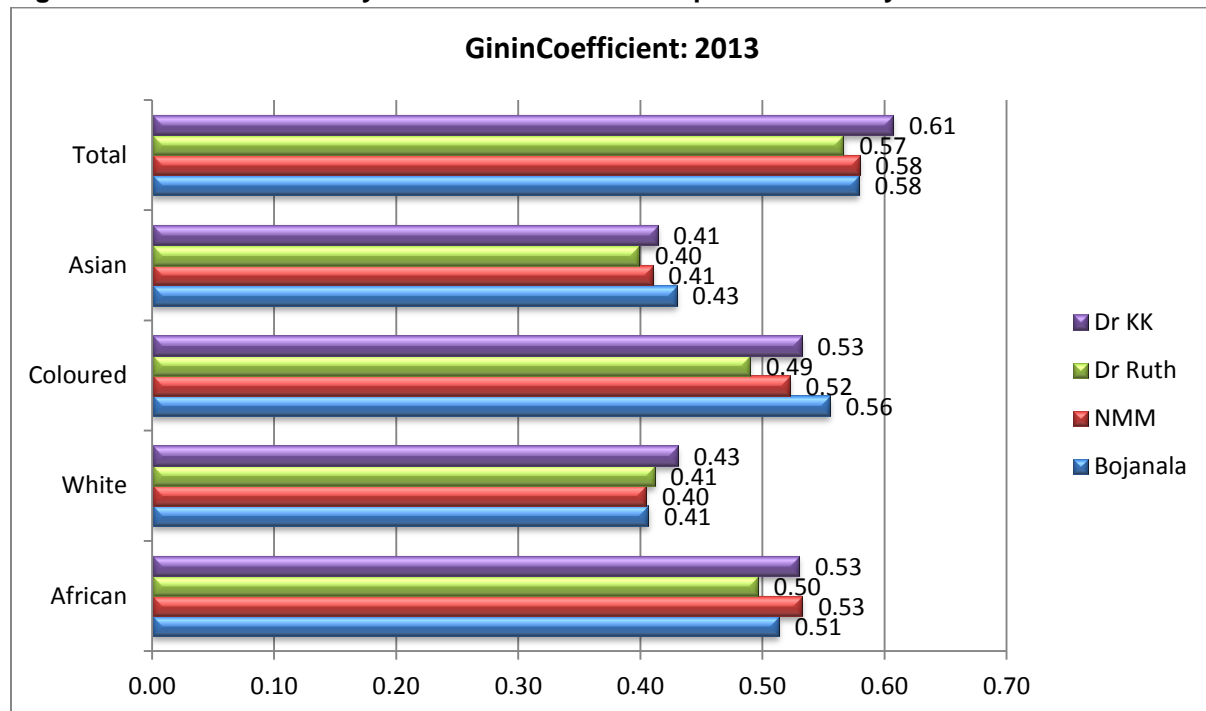

**Figure 11: Gini-coefficient for South Africa and North West Province for the year 2013**

Data Source: IHS Global Insight (2014)

Amongst all racial groups as shown above, the income inequality for North West province remained higher than that of South Africa. Worth noting is that within the coloured race group, North West Province has a higher Gini Coefficient than that of South Africa. As shown in figure 12 below, within the North West district municipalities Dr Kenneth Kaunda District Municipality (0.61) had the highest Gini-coefficient followed by Ngaka Modiri Molema (0.58), Bojanala (0.58) and Dr Ruth Segomotsi Mompati being the lowest with 0.57. Dr Kenneth Kaunda District municipality is the most unequal district in the North West Province.

Figure 12: Gini coefficient by Race and District Municipalities for the year 2012

Data Source: IHS Global Insight (2014)

### 1.3.4 Human Development

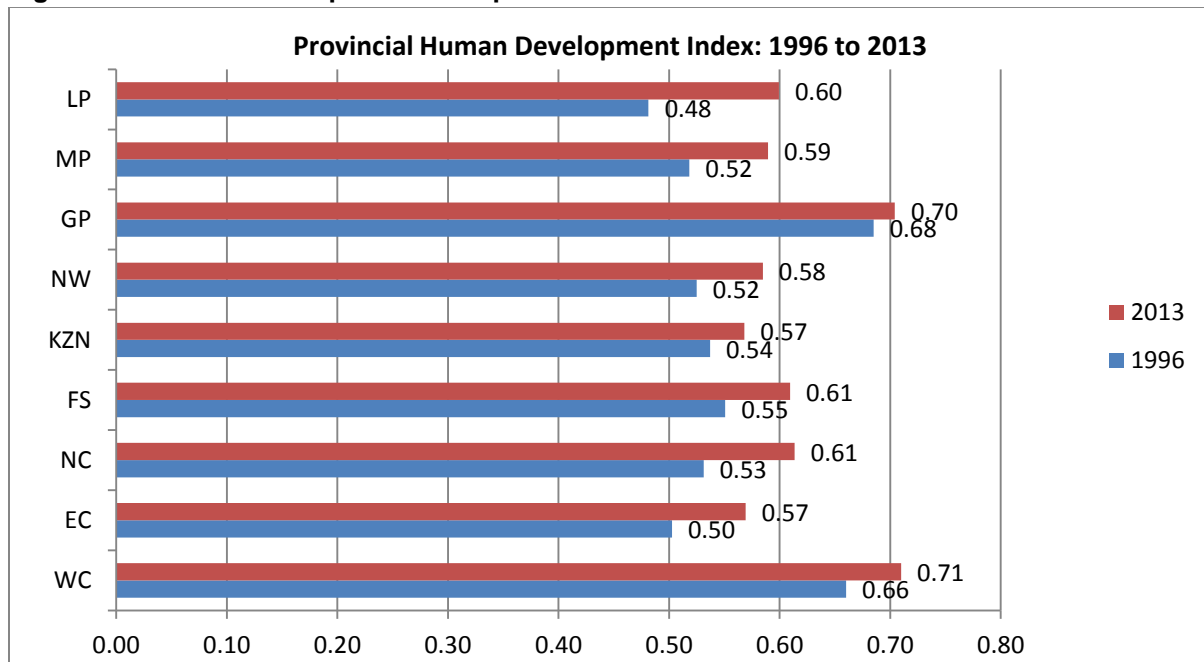

According to IHS Global Insight (2014), The Human Development Index (HDI) is a composite relative index used to compare human development across population groups or regions. HDI is the combination of three basic dimensions of human development

- A long and healthy life
- Knowledge
- A decent standard of living

A long and healthy life is typically measured using life expectancy at birth. Knowledge is typically measured using adult literacy and / or the combination of enrolment in primary, secondary and tertiary schools. A decent standard of living is typically measured using GDP per capital.

The HDI can assume a maximum value of 1, indicating a very high level of human development. It has a minimum value of 0, indicating no human development. Figure 13 below shows that there is a general improvement across all provinces with Western Cape and Gauteng taking the lead in human development followed by Northern Cape and Free State province.

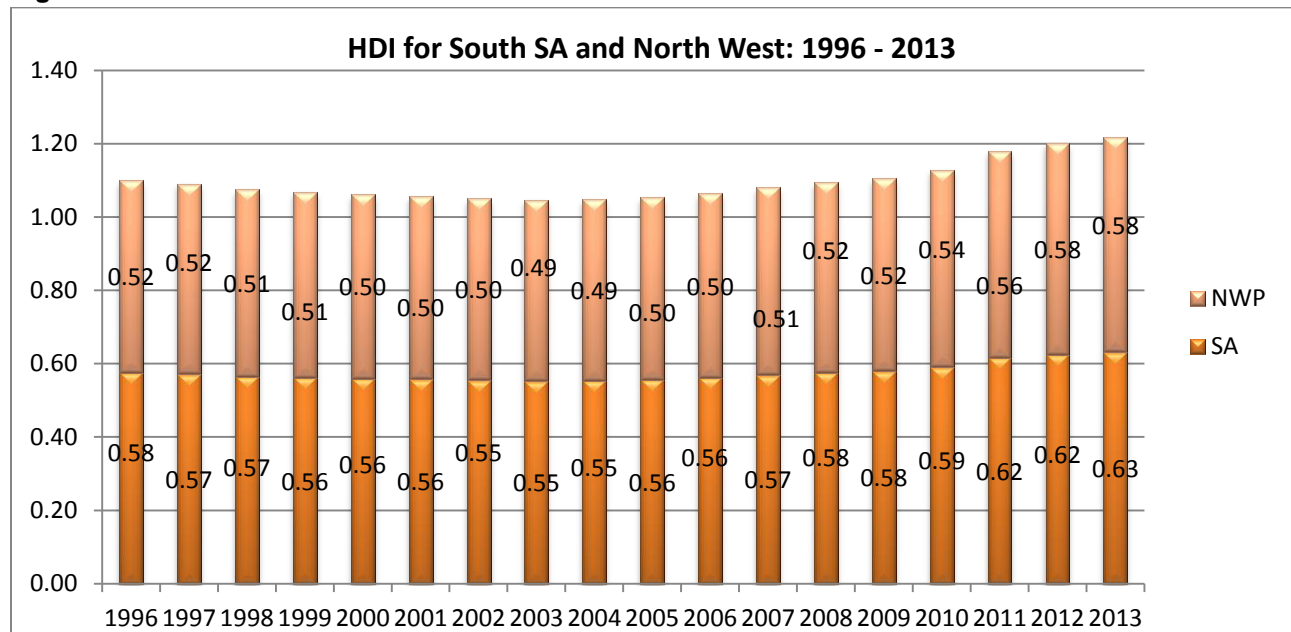

Figure 13: Human Development Index per Province: 1996 & 2013

Data Source: IHS Global Insight (2014)

Figure 14 below shows the trend of human development in South Africa and North West Province for the period 1996 to 2013. The HDI moved from an average of 0.58 in 1996 to just above 0.63 in 2013 for South Africa and North West following the same trend (0.52 in 1996 to 0.58 in 2013) just below the national human development trend.

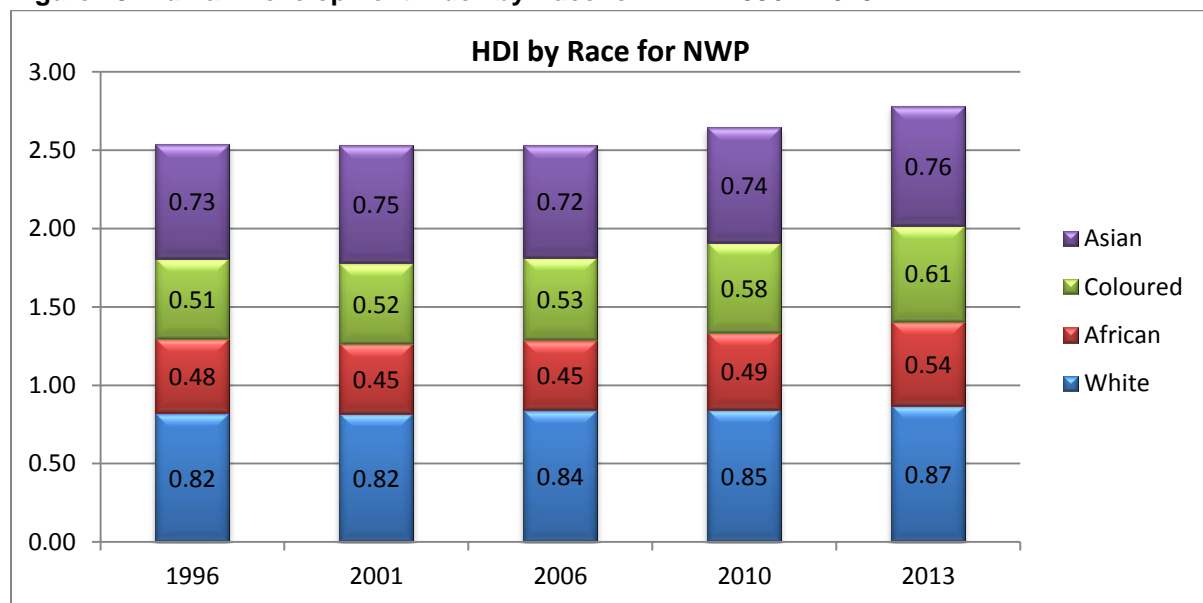

Figure 14: HDI for South Africa and North West Province: 1996-2012

Data Source: IHS Global Insight (2013)

Generally, in the North West Province whites are more developed than the blacks. Taking into account that most black in the North West Province reside in rural areas, the importance of rural development, women and youth empowerment should remain priority in resource allocation.

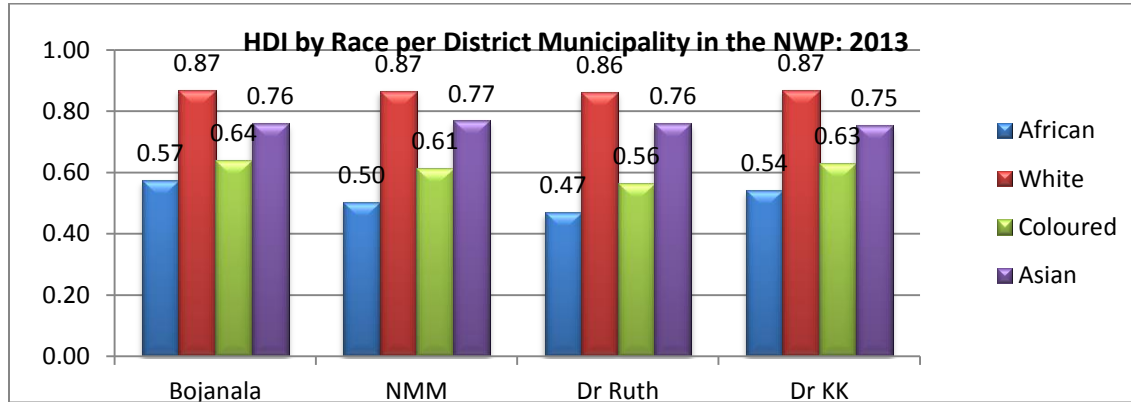

Figure 15: Human Development Index by Race for NWP: 1996 – 2013

Data Source: IHS Global Insight (2014)

Figure 16 below shows the HDI for all district municipalities by race. Across all district municipalities, white people shows to be the most developed society followed by Asians, Coloureds and Africans showing to be the most underdeveloped society in the province and across all districts.

**Figure 16: HDI for Dr Ruth Segomotsi Mompati & Dr Kenneth Kaunda for 2013**

Data Source: IHS Global Insight (2014)

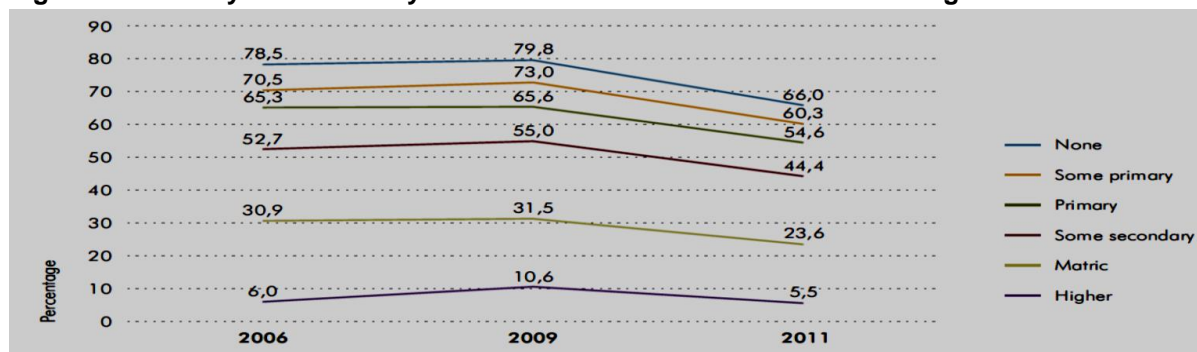

### 1.3.5 Education

The role of education in economic growth and development, human development and alleviation of poverty can never be over-emphasised. According to StatsSA (2014), in 2006, approximately half (49.8 per cent) of the population aged 18 and above in South Africa were living below the upper-bound poverty line.

By 2009, the proportion had not changed much (49.6 per cent), whereas there was a significant decrease to less than two-fifths (39.4 per cent) of the population living below the poverty line by 2011. This reflects a 21 per cent reduction in the levels of poverty amongst adults from 2006 to 2011.

Figure 17 shows the significant differences in levels of poverty amongst the adult population when looked at by the level of education they had attained. In 2006, only 6.0 per cent of individuals with an education level higher than matric were living in poverty. While this proportion increased to 10.6 per cent in 2009 it had decreased again to 5.5 per cent in 2011.

**Figure 17: Poverty headcount by education level attained for individuals aged 18 and older**

Source: StatsSA, 2014

In stark contrast, those individuals with little or no education displayed significantly higher levels of poverty. More than three-quarters (78.5 per cent) of adults with no formal schooling were poor in 2006, as were seven out of every ten (70.5 per cent) adults with some primary school education.

While these high levels of poverty increased in 2009, there were significant decreases by 2011 – this trend was seen within each different category of educational attainment. Nevertheless, despite a 16 per cent decrease in poverty headcount for adults with no formal schooling from 2006 to 2011, almost two-thirds (66.0 per cent) remained impoverished in 2011.

The North West province is not an exception to this situation. However, on a positive note, there has been an improvement in access to education and education attainment in the province with the number of individual with no schooling decreasing from 224,076 in 2012 to 220,536 in 2013; individuals with matric increasing from 540,443 in 2012 to 546,824 in 2013 and individuals with Bachelor degrees slightly increasing from 53,688 in 2012 to 54,447 in 2013.

### 1.3.5.1 Mathematics

As per the preliminary assessment of Department of Basic Education (DBE), the following extract is made for Mathematics and Physical sciences to determine the performance of Grade 12 learners.

According to the North West Department of Education, the overall performance of Grade 12 learners in mathematics in the 2008 to 2012 period has been a negative one. In 2012, the number of mathematics passes was 22 per cent below the Action Plan target value. However, between 2011 and 2012 there was an improvement that reduced the gap between the target and actual values, from 25 per cent to 22 per cent. The number of Grade 12 learners passing physical science in the 2008 to 2012 trend has been more negative than the mathematics one. In 2012, however, the actual value was 26 per cent below the target value. As in the case of mathematics, the 2011 to 2012 improvement is roughly compatible with the trajectory of targets beyond 2012. As seen in the above table, the performance of North West Grade 12 learners is

second lowest in Mathematics and the lowest in physical science if compared with other provinces.

**Table1: Mathematics and Physical Science Passes**

| Province   | 2008    | 2009    | 2010    | 2011    | 2012    |
|--|---------|---------|---------|---------|---------|
| Mathematics passes   |         |         |         |         |         |
| EC   | 13,839  | 16,206  | 14,457  | 12,752  | 14,114  |

| SA   | 119,823 | 81,590  | 98,260  | 96,441  | 109,918 |
| Source: Official DBE examination reports. Note: All figures refer to full-time students. The Bachelors level figures include supplementary examination results, whilst the mathematics and physical science figures do not, due to difficulties in obtaining the relevant province-level statistics. |         |         |         |         |         |

According to the 2012 performance of Grade 3 learners in mathematics, as per the Annual National Assessments (ANA), 36 per cent of learners obtained an 'adequate' score for mathematics. The 2012 ANA for Grade 6 learner performance in mathematics, 11 per cent of learners obtained an 'adequate' score for mathematics while Grade 9 learner performance in mathematics, 2 per cent of learners obtained an 'adequate' score.

### 1.3.5.2 Education Ratios

Taking into account different abilities and capabilities of learners to understand subjects being taught, teachers are expected to give all the necessary support and attention to individuals in class. To successfully do this, a reasonable number which is at most 30 learners in one classroom per teacher should be adhered to.

The learner Educator Ratio indicates the number of learners assigned to one educator for a specific subject in a particular year. While in total the North West Province has been doing well with Learner Educator Ratio standing at 29.9 in 2012, when looking into the Public Ordinary Schools in isolation, the province is not doing well. Table 3.5 shows that Learner Teacher Ratio has increased from 29.7 in 2009 to 31.8 in 2012.

**Table 2: Learner Educator Ratio (LER) for North West Province**

| Province   | Learner Educator Ratio |      |      |      |
|------------|------------------------|------|------|------|
|            | 2009                   | 2010 | 2011 | 2012 |
| North West | 29.1                   | 29.2 | 29.5 | 29.9 |

Source: SNAP Ordinary Schools 2009 and 2012

Definition: It is calculated by dividing the total number of learners enrolled in schools by the total number of teachers in the school.

**Table 3: Learner educator Ratio in ordinary public schools (LER)**

| Province   | Learner educator ratio in ordinary public schools |      |      |      |
|------------|---|------|------|------|
|            | 2009  | 2010 | 2011 | 2012 |
| North West | 29.7  | 29.8 | 31.3 | 31.8 |

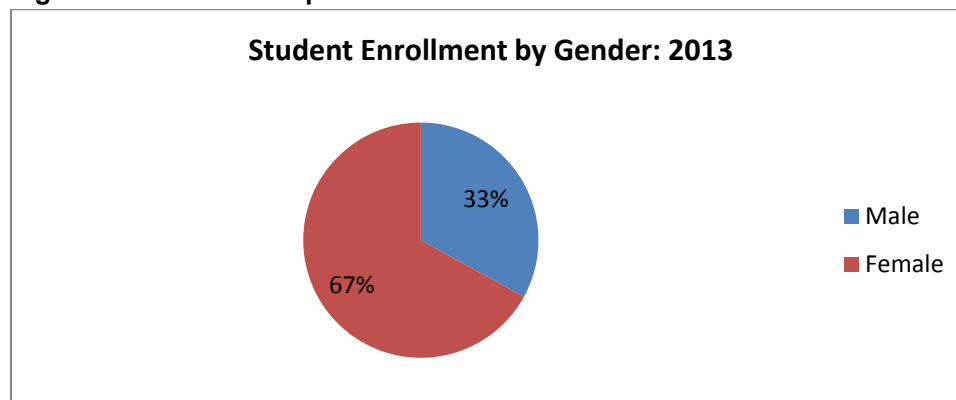

Source: SNAP Ordinary Schools 2009 and 2012

The situation requires an improved increased investment in both education infrastructure and teacher training and development to ensure that there are sufficient schools and teachers with adequate knowledge and skills to educate learners at ordinary schools.

### 1.3.5.3 Tertiary Education in the North West Province

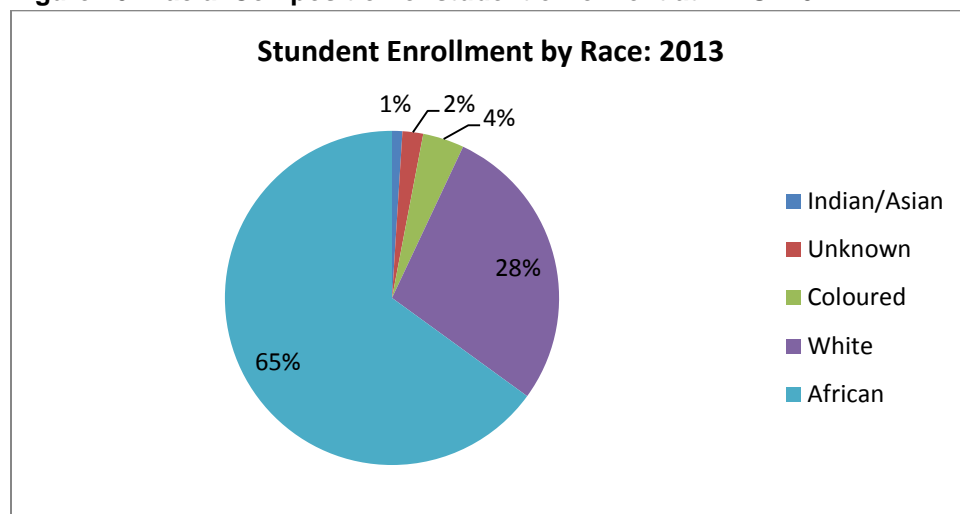

According to figure 19, the number of female and male students enrolled at the North West University remained the same at 67 per cent and 33 per cent respectively between the 2012 and 2013 academic year.

**Figure 19: Gender Composition of student Enrolment at NWU: 2013**

Source: NWU, Annual Report, 2013

**Figure 20: Racial Composition of student enrolment at NWU: 2012**

Source: NWU, Annual Report, 2013

In 2013, the NWU had more Black students (65 per cent) enrolled followed by whites (28 per cent), coloured and other racial groups each contributing 6 per cent to the university total enrolment and Indian/Asians only contribute only 1 per cent of student enrolment.

In 2013, the North West University had registered 60 975 students. According to table 4 below, total degrees and diplomas awarded for both contact and distance learning was 15 464 in 2013 compared to 14 669 in 2012.

**Table 4: Degrees and Diplomas Awarded 2004 – 2012**

| Degrees and diploma conferred | 2004  | 2005  | 2006  | 2007   | 2008   | 2009   | 2010   | 2011   | 2012   | 2013   |
|-------------------------------|-------|-------|-------|--------|--------|--------|--------|--------|--------|--------|

Source: NWU Annual Report, 2013

One of the key factors contributing to access to tertiary education is finance. Students depend on various sources of financial support such as own source (family support) in cases where students do not have families that can support or finance their tertiary education they depend on

bursaries or loans. According to tables 3.8 below, for students learning at North West University, government and other external funding remain the largest funders at 40 per cent each, while NWU contributes the remaining 20 per cent.

**Table 5A: NWU Funded Assistance**

| Source: NWU (Internal)    | Value(R million) |
|---------------------------|------------------|
| Undergraduate students    | 60,0             |

### 1.3.5 Health

According to the world health organisation (WHO), health is defined as the state of complete physical and social wellbeing and not merely the absence of disease. There are two aspects of health:

- PHYSICAL HEALTH-is maintained through physical activities such as exercising good nutrition and enough rest and relaxation.
- MENTAL HEALTH-According to WHO, mental health is "a state of well-being in which the individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and also able to make a contribution to his or her community mainly through creativity thinking.

Being healthy as an individual is beneficial for individuals and the community at large, healthy individual bring about innovation, and speedy atmosphere, enhancing mass production. It is also important to note that there are personal, social and economic consequences of being unhealthy.

#### 1.3.5.1 Life Expectancy and Adult Mortality

According to table 6, life expectancy in the North West Province has basically remained unchanged from 2012 to 2013 with the average life expectancy being 58 years. Females are expected to live longer (61 years) than males (55 years) in the North West Province. The average life expectancy Limpopo, Northern Cape, Western Cape and Gauteng are some which are higher than that of North West. Short life expectancy is a threat to economic development of any country or province as it might result in the loss of, amongst others the intellectual capacity and human resource capacity which may contribute to reduced productivity.

**Table 6: Life Expectancy at Birth**

|                      | EC   | FS   | GP   | KZN  | LP   | MP   | NC   | NW   | WC   | SA Ref |

Source: SAHR (2012/13)

Though the life expectancy shows to be above 55 years across all provinces, the adult mortality rate is way below that. Most people dies around the age of 40 years with Western Cape having more young people dying followed by Northern Cape and Gauteng on average, people in the North West shows to be living up to the age of 44 years with women mortality standing at 38 years and males 50 years of age in 2013.

**Table 7: Adult Mortality (15-60 years)**

**Table 8: Number of recorded deaths (2013)**

| <i>District</i>                  | <i>Number</i> | <i>Percentage</i> |
|----------------------------------|---------------|-------------------|
| <i>South Africa</i>              | <i>458933</i> |                   |
| <i>North West</i>                | <i>35531</i>  | <i>7.7%</i>       |
| <i>Bojanala</i>                  | <i>12633</i>  | <i>35.6%</i>      |
| <i>Dr Kenneth Kaunda</i>         | <i>7755</i>   | <i>21.8%</i>      |
| <i>Dr Ruth Segomotsi Mompoti</i> | <i>5494</i>   | <i>15.5%</i>      |
| <i>Ngaka Modiri Molema</i>       | <i>9131</i>   | <i>25.7%</i>      |
| <i>District Unspecified</i>      | <i>517</i>    | <i>1.5%</i>       |

Table 8 shows the number of recorded deaths in the North West Province per district municipality. Bojanala district municipality is leading with a number of death occurrence with 12 633 (35.6 per cent) followed by Ngaka Modiri Molema 9 131 (25.7 per cent), Dr Kenneth Kaunda 7 755 (21.8 per cent) and Dr Ruth Segomotsi Mompoti being the lowest with 5 494 (15.5 per cent).

The pattern of death occurrence in the North West Province per district follows the population distribution across the province and the economic activities.

Source: StatsSA, (2014)

Figure 23 below shows the number of recorded deaths by sex and provinces. Gauteng is leading followed by KZN and Eastern Cape. Northern Cape has the lowest deaths recorded followed by Free State, North West and Mpumalanga which are within the same bracket. Except for Limpopo, in all other eight provinces male deaths recorded exceed that of females.

**Figure 23: Number of recorded deaths by sex and province (2013)**

Data Source: IHS Global Insight (2013)

Table 9 shows the Leading underlying natural causes of Death in North West for the year 2013. Tuberculosis, influenza and heart diseases are the three leading causes of death in the North West Province.

**Table 9: The Leading underlying natural causes of Death in North West (2013)**

| Rank | Type of Disease                              | Number of deaths recorded |

Source: SAHR (2012/13)

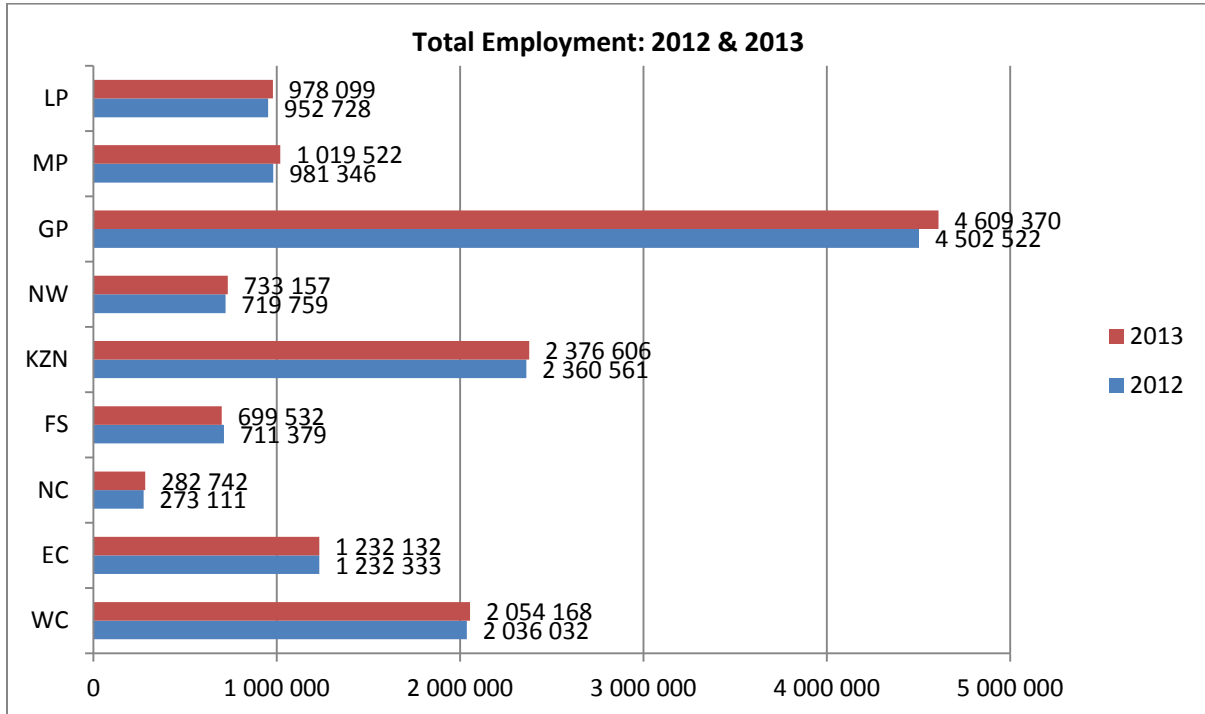

Table 10 shows that the number of people living with HIV in South Africa has increased from 5 350 803 in 2009 to 5 786 603 in 2013. The number of people living with HIV has also increased from 422 850 in 2009 to 441 816 in 2013. The percentage of deaths due to AIDS also increased 41.0 per cent in 2009 to 36.2 per cent in 2013 while the at national level, percentage of deaths due to AIDS have slightly declined from 32.9 per cent in 2009 to 31.9 per cent in 2013.

## 1.4 Economic indicators

### 1.4.1 Employment

According to figure 23 below, employment has slightly increased between 2012 and 2013. North West province increased from 719,759 to 733,157. Gauteng is one of the leading employers in South Africa followed by KwaZulu-Natal and Western Cape.

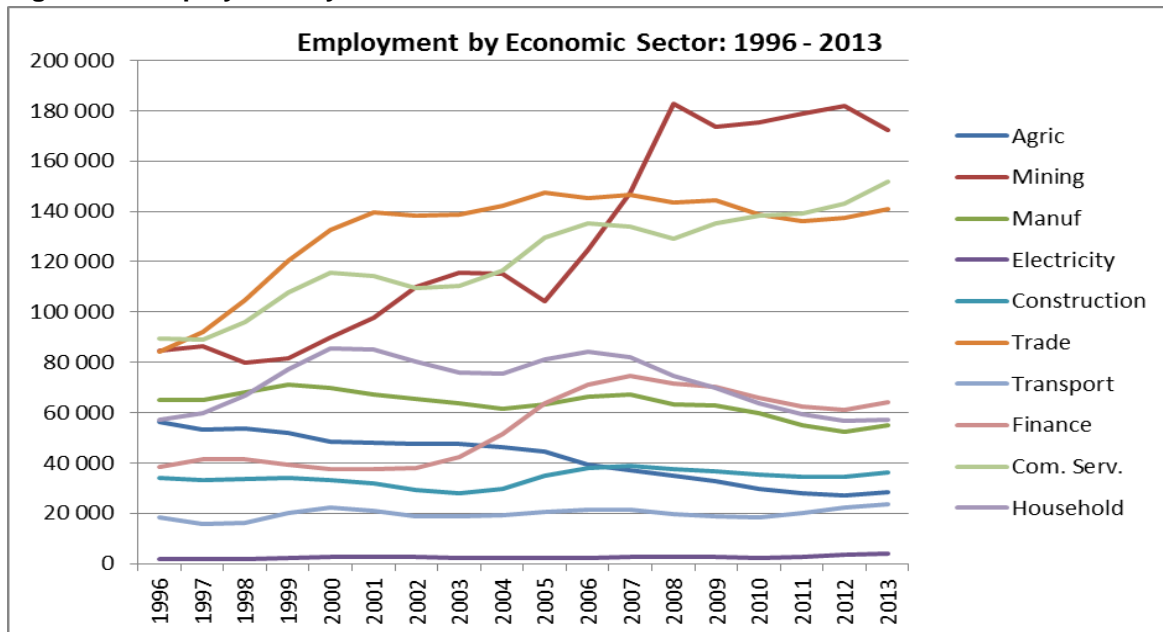

Figure 23: Total Provincial Employment: 2012 & 2013

Data Source: IHS Global Insight (2013)

Three major employing sectors in the North West Province are mining, Community Service and Trade. Employment in the agricultural sector has been on a decline since 1996 and it over taken by household in 2008/2009 but the increased slightly above household in 2013. Figure 24 below shows employment in the North West Province by economic sector.

Figure 24: Employment by economic sector in the NWP: 1996 – 2013

Data Source: IHS Global Insight (2013)

The economic recovery has increased employment recorded this year in the North West Province. Some economic sectors have recorded and decrease in the number of people employed. Employment contracted in sectors such as construction, trade and manufacturing.

While other economic sector are on an increase in employment, as shown in figure 25 below employment in the mining sector has declined from 182,061 in 2012 to 172,243 in 2013. Community services showed the highest increase in employment to 151,949 in 2013 from 142,922 in 2012. Agriculture also recorded an increase in employment moving from 27,248 of people employed in the sector in 2012 to 28,339 in 2013.

**Figure 25: Employment per Sector in the North West Province for the period 2011 & 2012**

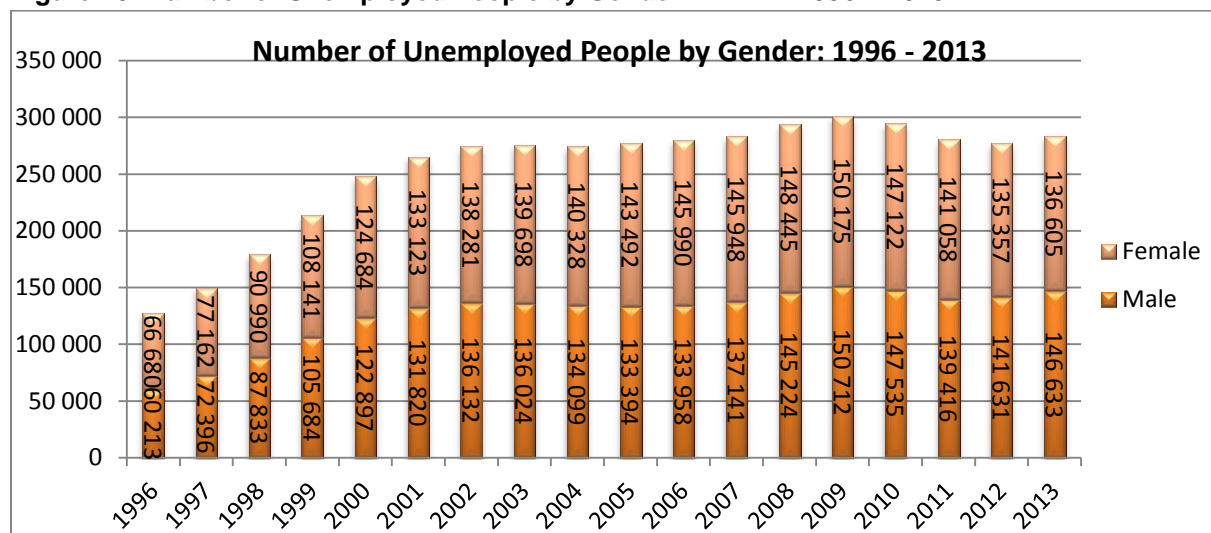

Data Source: IHS Global Insight (2013)

### 1.4.2 Unemployment

Since 1996, the North West Province had high unemployment levels amongst females compared to male. However, since 2012 the province experienced a change in gender unemployment patterns where the number of unemployed males became larger than that of females. In 2013, there were 146,633 males unemployed compared to 136,605 females unemployed. Despite a slight decline in total unemployment in 2011, figure 26 further shows that there has been a slight increase in unemployment in the North West Province.

Figure 26: Number of Unemployed People by Gender in NWP: 1996 – 2013

Data Source: IHS Global Insight (2013)

In percentage terms, as depicted in figure 27 below, 32,3 per cent of females were unemployed as compared to 22,3 per cent of males. Unemployment generally increased between 2011 and 2013 for both males and females.

Figure 27: Percentage of Unemployed People by Gender in NWP: 1996 – 2012

Data Source: IHS Global Insight (2013)

### 1.4.3 Economic Growth

As shown in table 11 below, Gauteng province (34.57 per cent) remains one of the largest economies contributing to South African economy followed by KwaZulu-Natal (15.87 per cent) and Western Cape (13.71 per cent). North West remains amongst the lowest growing economies in South Africa with its contribution to national economy recording 6.24 per cent in quarter 4 of 2014.

**Table 11: GDP per Province in South Africa: 2012 & 2013**

| Province      | GDP 2012  | GDP 2013    | Percentage change (2012/2013) | Contribution Per Province( 2013) |
|---------------|-----------|-------------|-------------------------------|----------------------------------|
| Western Cape  | R 397 191 | R 406 409   | 2.32%                         | 13.71%                           |
| Eastern Cape  | R 223 675 | R 226 071   | 1.07%                         | 7.63%                            |
| Northern Cape | R 63 221  | R 64 555    | 2.11%                         | 2.18%                            |
| Free State    | R 154 521 | R 157 152   | 1.70%                         | 5.30%                            |
| KwaZulu-Natal | R 460 677 | R 470 341   | 2.10%                         | 15.87%                           |
| North West    | R 180 577 | R 185 052   | 2.48%                         | 6.24%                            |
| Gauteng       | R 998 703 | R 1 024 516 | 2.58%                         | 34.57%                           |
| Mpumalanga    | R 221 548 | R 215 131   | 1.69%                         | 7.26%                            |
| Limpopo       | R 209 134 | R 214 161   | 2.40%                         | 7.23%                            |

Source: StatsSA, (2014)

Tertiary Industries is the leading contributor to North West economy followed by primary industries and secondary industries being the lowest. However, the mining sector which is within the primary industry remains the dominating economic sector in the North West economy.

**Table 12: GDP contribution by industry (Million Rand): 2014**

| Provinces  | North West    | South Africa     |
|--|---------------|------------------|
| <b>Primary Industry</b>  | <b>58 558</b> | <b>298 788</b>   |

Source: StatsSA, (2014)

As shown in Table 11 above and Figure 30 below mining sector remains the leading economic sector in the North West Province with its GDP contribution to North West economy setting at 32.57 per cent in the year 2013 followed by Finance sector at 14.05 per cent and General Government Service with 13.53 per cent.

**Figure 30: Percentage share of GVA per economic sector in the NWP: 2013**

Source: StatsSA, (2014)

Generally, since the economic recession the South Africa and North West economic performance has been very low. The economy has not been able to absorb labour with various sectors in the North West continuously declining in productivity excluding that of mining sector.

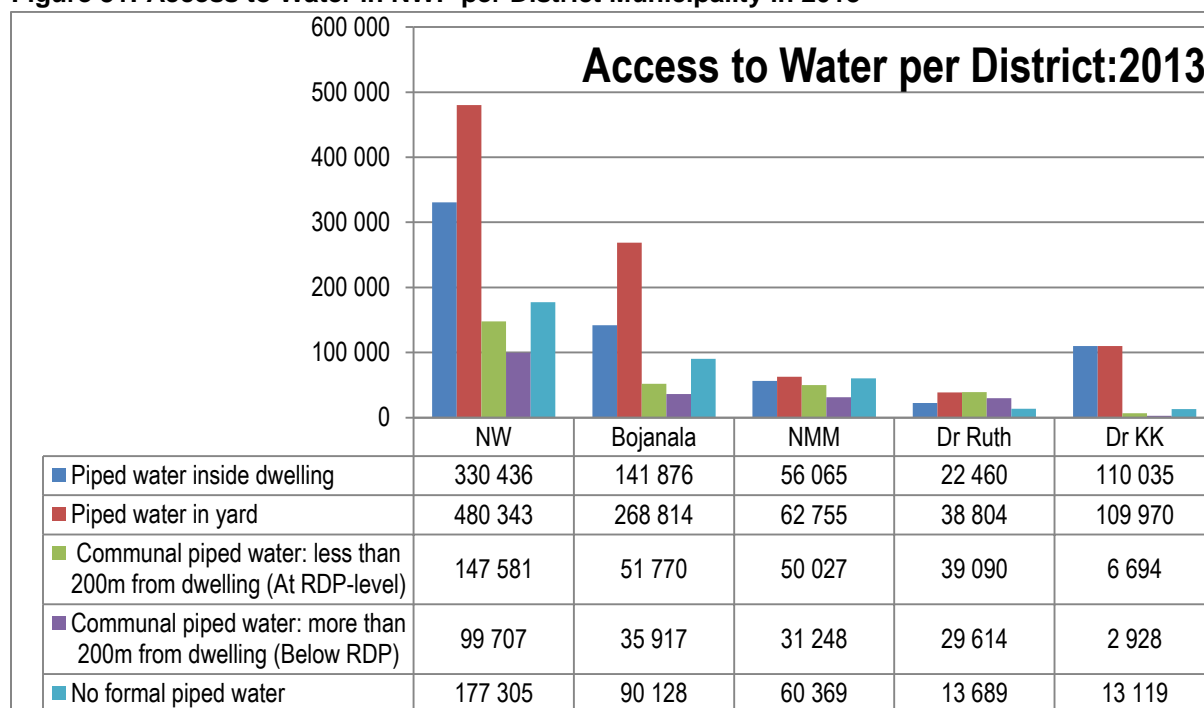

The pronouncement by the North West Premier to focus on Agriculture, Arts & Culture, and Tourism has the potential to unleash the economic potential of the North West Province. Of utmost importance is to ensure gender mainstreaming and mainstreaming of Renewable Energy Strategy for the North West Province which has the potential to create jobs.

## 1.5 Household Infrastructure

### 1.5.1 Water

North West province is one of the rural provinces in South Africa which has its unemployment and population size being on the rise on annual basis. According to figure 31, There are still more households (177,305) in the North West province with no access to piped water and while Bojanala has the highest population size, it has the highest piped water in yard compared to other district municipalities.

Figure 31: Access to Water in NWP per District Municipality in 2013

Source: IHS Global Insight (2014)

Figure 32 shows that the percentage of households with access to piped water inside the dwelling or yard has increased in all the nine provinces. Gauteng had the highest percentage at 89, 4 per cent, followed by Free State, Western Cape and Northern Cape at 89, 1 per cent, 88, 4 per cent and 78, 0 per cent respectively. Eastern Cape, KwaZulu-Natal, North West, Mpumalanga and Limpopo were at 49, 4 per cent, 63, 6 per cent, 69, 3 per cent, 71, 7 per cent and 52, 3 per cent respectively, which is lower than the recorded national average of 73, 4 per cent.

**Figure 32: Percentage of households with access to piped water inside the dwelling/yard by province: Census 1996, 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

### 1.5.2 Electricity

Access to energy is fundamental to fulfilling basic social needs, driving economic growth and fuelling human development. Services such as electricity, natural gas, modern cooking fuel and mechanical power are necessary for improved health and education, better access to information and agricultural productivity, Gaye (2007)<sup>1</sup>.

**Figure 33: Percentage of households using electricity for cooking by province: Census 1996, 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

Figure 33 shows the percentage of households which use electricity for cooking. The graph shows an increase in all the provinces since 1996. Nationally, it increased from 47, 4 per cent in 1996 to 73, and 9 per cent in 2011. Western Cape recorded the highest at 86, 9 per cent, followed by Gauteng at 83, 9 per cent and the lowest being Limpopo at 50, 0 per cent.

<sup>1</sup> Gaye A., (2007), Access to Energy and Human Development, Human Development Report 2007/2008, UNDP

**Figure 34: Percentage of households using electricity for heating by province: Census 1996, 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

Figure 34 shows the percentage of households that use electricity for heating in various provinces. The increase in the proportion of households using electricity for heating has significantly increased in eight of the nine provinces over the period 1996 – 2011.

**Figure 35: Percentage of households using electricity for lighting by province: Census 1996, 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

Figure 35 shows that over the period 1996 – 2011, electricity was the main source of energy for lighting for most households in all provinces. The proportion of households using electricity for lighting in South Africa increased from 58, 1 per cent in 1996 to 84.7 per cent in 2011. Western Cape recorded a highest proportion at 93, 4 per cent, followed by Free State (89, 9 per cent). Eastern Cape had a lowest at 75.0 per cent.

Access to electricity for cooking in the North West province increased from 65.2 per cent to 75.3 per cent; for heating, it increased from 57.9 per cent to 61.8 per cent, and a minor increase from 83.0 per cent to 84.0 per cent for lighting. This indicates a reduction in energy poverty which is defined as the “inability to cook with modern cooking fuels and the lack of a bare

minimum of electric lighting to read or for other household and productive activities at sunset”, UNDP (2005).

### 1.5.3 Refuse removal

Figure 36 shows that the proportion of households with access to refuse removal by local authority/private company at least once a week increased in all provinces since 1996. Western Cape had the highest proportion of households with access to refuse removal at 91, 1 per cent, followed by Gauteng at 89, 8 per cent in 2011. Limpopo and Eastern Cape had percentages below the national average at 43, 7 per cent and 43, 5 per cent respectively. The National average was at 63, 6 per cent in 2011.

**Figure 36: Percentage of households where refuse is removed by local authority/private company weekly by province: Census 1996, 2001, 2011 and Community Survey 2007**

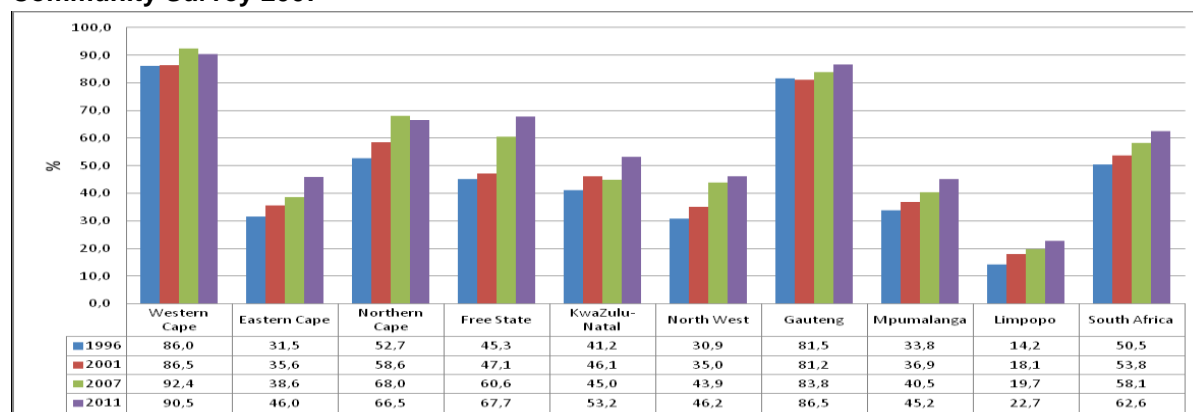

Source: Stats SA, Census 2011

### 1.5.4 Toilet facilities

Figure 37 shows that the percentage of households with access to flush or chemical toilet has increased in all the provinces since 1996. Western Cape is the province with the highest percentage (90, 5 per cent) of households with access to flush or chemical toilet, followed by Gauteng, Free State and Northern Cape with 86, 5 per cent; 67, 7 per cent and 66, 5 per cent respectively. The percentage of households that have access to flush or chemical toilet in Eastern Cape, KwaZulu-Natal, North West, Mpumalanga and Limpopo is below the national average of 62, 6 per cent.

**Figure 37: Percentage of households with a flush toilet by province: Census 1996, 2001, 2011 and Community Survey 2007**

Source: Stats SA, Census 2011

According to Census 2011, service provision in the North West Province stands at 69, 3 per cent in access to water within the dwelling, 50, and 2 per cent in refuse removal and 46, 2 per cent in flush toilets. This clearly indicates the low level of service provision compared to other provinces.

## 1.6 Network Infrastructure

### 1.6.1 Cell phone

Figure 38 shows that the percentages of households that have a cell phone in working order increased from 32,3 per cent in 2001 to 73,3 per cent in 2007 and 88,9 per cent in 2011 nationally. Gauteng had the highest percentage in 2001 at 44, 4 per cent and it has highly increased to 93, 8 per cent in 2011. 24,5 per cent of households in Northern Cape owned cell phones in 2001, however, it increased to 81,1 per cent in 2011, which is the lowest in the country.

**Figure 38: Percentage of households that have a cell phone in working order by province: Census 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

### 1.6.2 Landline

Figure 39 gives the percentage of households that had a landline telephone in 2001, 2011 and 2007 Community Survey. The figure shows that all provinces recorded decrease in the proportion of households with landline telephones. Western Cape recorded the highest decrease of 11, 5 per cent from 2007 to 2011 followed by Northern Cape and Gauteng. This significant decrease is attributable to the shift to the cell phone usage, which is easily accessible as compared to the landline.

**Figure 39: Percentage of households that have a landline telephone by province: Census 2001, 2011 and Community Survey 2007**

Source: StatsSA, Census 2011

### 1.6.3 Internet

Figure 40 shows a proportion of households with access to internet increased drastically in 2011 compared to 2007. In 2007, Western Cape (16.4 per cent) had the highest access to the internet, followed by Gauteng (46, 6 per cent). Limpopo and Eastern Cape recorded the lowest access at 1, 8 per cent and 3, 2 per cent, respectively. In 2011, Gauteng had the highest access to internet at 46, 4 per cent followed by Western Cape at 43, and 7 per cent. Limpopo and Eastern Cape had the lowest proportion of the households with access to the internet at 24, 3 per cent and 24, 1 per cent respectively.

**Figure 40: Percentage of households with access to the internet: Community Survey 2007 and Census 2011**

Source: StatsSA, Census 2011

Generally, there is an improvement in access to means of communication in the country with more people gaining access to internet and reduction in usage of landline telephones to increased usage of cell phones.

Sufficient and access to communication infrastructure is likely to increase access to markets and increased business opportunities for many. It is therefore important for the North West province to increase its investment in communication infrastructure coupled with public education on the effective and efficient use of technology and such means of communication.

## 1.7 Community Safety

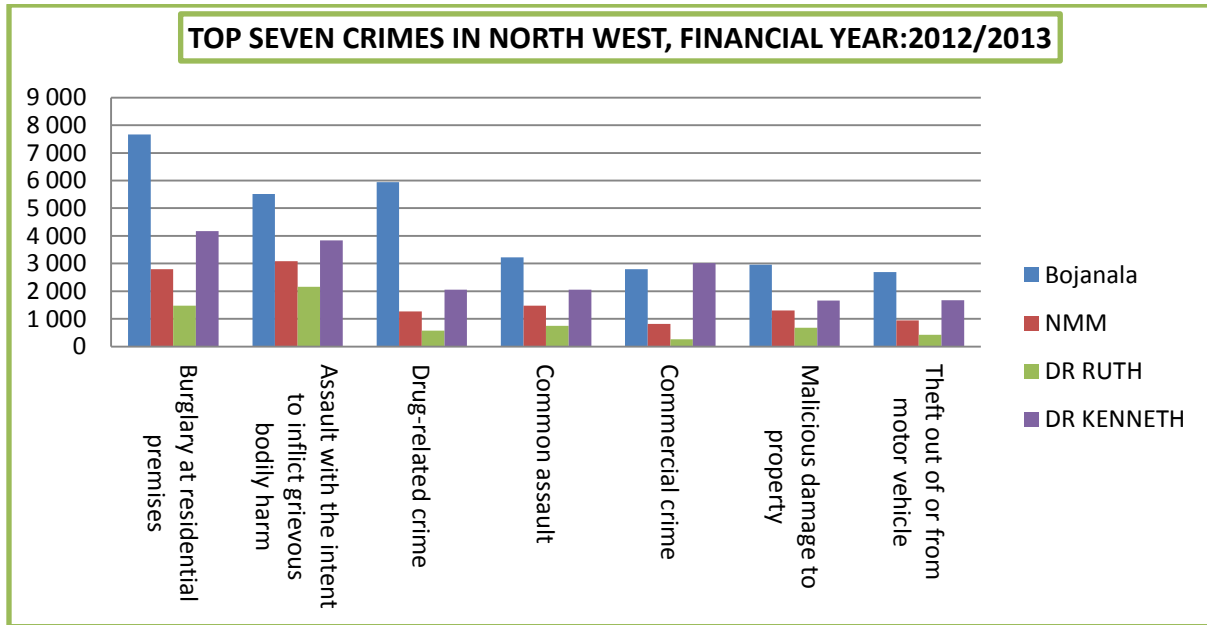

### 1.7.1 Crime Statistics

Figure 41 below shows top seven crimes in the North West Province for the financial year 2012/13. Bojanala District Municipality has the highest crime rate in North West followed by Dr Kenneth Kaunda District, Ngaka Modiri Molema District and Dr Ruth Segomotsi Mompati has the lowest crime statistics in general. The most commonly occurring crime across all district municipalities burglary at residential properties followed by assault and drug related crimes being the third highest in the province.

There is a relationship amongst the top four crimes in the North West Province which calls for an integrated crime prevention approach in dealing with crime.

Figure 41: Top Seven Crimes in North West Province: 2012/13

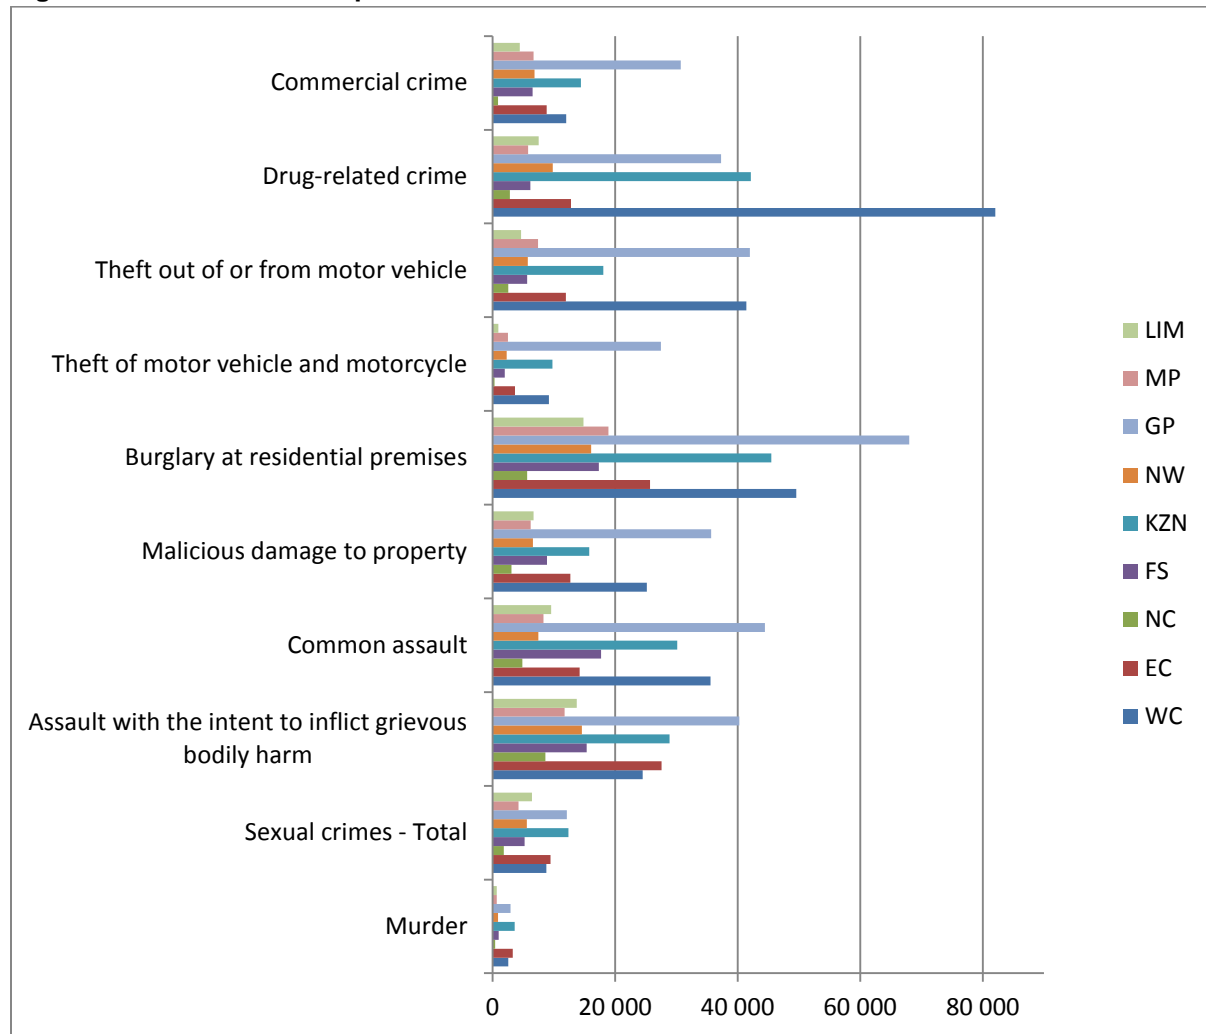

Data Source: IHS Global Insight (2014)

Figure 42 below compares types of crime by province for some selected crimes. Western Cape (WC) and Gauteng Province (GP) shows to be leading in terms of crime with WC having high levels of drug related crimes and GP leading in burglary at residential property. As shown in figure 43 below, the North West province has the lowest crime rate compared to other provinces after Northern Cape (NC); Limpopo (LIM) and Mpumalanga (MP) in some crime categories.

Of importance to note is the impact of crime on economic development and crime also being to some extent a reflection of the socio-economic conditions in country and specific region. Various challenges such as unemployment and poverty may to some extent be related to crime of contributing to crime in South Africa. Hence it remains imperative for government to not only investment its resource in direct fighting of crime by to go a step further in addressing roots causes of crime.

Figure 42: Crime Statistics per Province – 2012/13

Data Source: IHS Global Insight (2014)

## 1.8 Conclusion

South Africa has the potential and capacity to eliminate poverty and reduce inequality over the next two decades. This requires a new approach – one that moves from a passive citizenry receiving services from the state to one that systematically includes the socially and economically excluded, where people are active champions of their own development, and where government works effectively to develop people’s capabilities to lead the lives they desire, (National Development Plan, 2011).

A completely new approach is required; a more evidence based allocation of resource for the North West Province could provide a basis for the beginning of a new era in dealing with poverty, unemployment and inequality. North West is still faced with high income inequality amongst the blacks, challenges with regards to access to water, high unemployment which is largely dominated by youth and poverty remains stubbornly high.

## 2. Summary of Budget Strategy and Aggregates

### 2.1 Overview of the Budget Strategy

The 2015 MTEF budget provides an opportunity for the fifth administration to outline and implement the provincial government strategy for the achievement of the 2030 National Development Plan. The budget process afforded the Executive Council an opportunity to reflect on the scale of developmental challenges confronting the province and decide on the short to long-term budget policy framework to achieve maximum impact over time. The 2015 MTEF budget is presented during a difficult period where the country is facing budget constraints, high levels of indebtedness, people are still confronted with the scourge of unemployment, and provincial economic growth is still low. Not with standing that the effects of the 2008 financial crisis are still being felt by both developed and developing economies including South Africa. Bokone Bophirima as a major contributor to the high volume trade of minerals in the country remains vulnerable to the prevailing global economic conditions.

Pursuant to the achievement of the objective of the National Development Plan (NDP) and in consideration of the current economic condition, much remains to be done in the short, medium and long term. The provincial budget will accordingly continue to play a key role as a policy instrument to address the socio- economic challenges such as poverty, unemployment and service delivery backlog confronting the province. The table below highlights the Bokone Bophirima service delivery backlogs in five areas; housing, sanitation, water infrastructure, electricity connections and refuse removal.

Table: 2013 NW Service Delivery Backlogs

| Service Delivery Backlogs | North-West | % Change | Bojanala | % Change | Ngaka Modiri Molema | % Change | Dr Ruth Segomotsi Mompati | % Change | Dr Kenneth Kaunda | % Change |
|---------------------------|------------|----------|----------|----------|---------------------|----------|---------------------------|----------|-------------------|----------|
| Formal Housing            | 2009       | 279 410  | -        | 166 711  | -                   | 41 223   | -                         | 20 711   | 50 765            | -        |
|                           | 2010       | 273 086  | -2%      | 166 172  | 0%                  | 40 128   | -3%                       | 19 362   | 47 423            | -7%      |
|                           | 2011       | 272 780  | 0%       | 168 873  | 2%                  | 40 409   | 1%                        | 18 745   | 44 752            | -6%      |
|                           | 2012       | 272 100  | 0%       | 170 655  | 1%                  | 39 690   | -2%                       | 18 338   | 43 417            | -3%      |
|                           | 2013       | 285 522  | 5%       | 180 230  | 6%                  | 42 107   | 6%                        | 19 138   | 44 047            | 1%       |
| Sanitation                | 2009       | 480 892  | 68%      | 264 707  | 47%                 | 133 512  | 217%                      | 51 754   | 30 918            | -30%     |
|                           | 2010       | 453 411  | -6%      | 254 413  | -4%                 | 126 013  | -6%                       | 47 318   | 25 668            | -17%     |
|                           | 2011       | 432 324  | -5%      | 246 453  | -3%                 | 120 394  | -4%                       | 44 084   | 21 393            | -17%     |
|                           | 2012       | 425 366  | -2%      | 242 429  | -2%                 | 119 214  | -1%                       | 43 136   | 20 588            | -4%      |
|                           | 2013       | 422 989  | -1%      | 240 208  | -1%                 | 118 656  | 0%                        | 43 066   | 21 059            | 2%       |
| Water infrastructure      | 2009       | 267 851  | -37%     | 122 234  | -49%                | 88 364   | -26%                      | 38 400   | 18 854            | -10%     |
|                           | 2010       | 268 329  | 0%       | 123 592  | 1%                  | 87 903   | -1%                       | 38 450   | 18 383            | -2%      |
|                           | 2011       | 268 465  | 0%       | 124 520  | 1%                  | 87 495   | 0%                        | 38 838   | 17 613            | -4%      |
|                           | 2012       | 269 516  | 0%       | 123 882  | -1%                 | 88 608   | 1%                        | 40 501   | 16 526            | -6%      |
|                           | 2013       | 277 011  | 3%       | 126 045  | 2%                  | 91 618   | 3%                        | 43 303   | 16 046            | -3%      |
| Electricity connections   | 2009       | 185 911  | -33%     | 83 510   | -34%                | 47 686   | -48%                      | 26 180   | 28 535            | 78%      |

Data Source: Global Insight (2013)

Integrated planning is still one of the stumbling blocks to effective and efficient delivery of services especially on infrastructure projects. In an attempt to deal with this challenge, the North West Province is implementing “Saamwerk Saamtrek” philosophy. The 2015 MTEF budget is informed by the continuous engagement between the provincial departments, national

department, government business enterprise and the provincial municipalities. Furthermore, the province is taking a new direction in ensuring that the needs of all citizens are expressed in the budget. The 2015 MTEF budget is informed by the needs of the people of Bokone Bophirima from a municipal ward level.

The Budget reflects the policy priorities contained in government's Medium-Term Strategic Framework (MTSF), which identifies the key actions required to implement the National Development Plan (NDP). Over and above the MTSF and NDP the following principles informed the 2015 MTEF allocations;

- Promoting the Key Provincial Economic Pillars – Agriculture, Culture and Tourism (ACT);
- Promoting the economic growth through investment in key economic infrastructure, and enterprise development with more emphasis on Villages, Townships and Small “*Dorpiess*” economy;
- Incentivize departments undertaking socio-economic projects that translate into job creation;
- Sustain funding for social sector departments (Education, Health and Social Development), crime prevention initiatives and infrastructure development and maintenance;
- Implementing projects that create jobs and alleviate poverty; and
- Contain and reduce expenditure on non-essential items such as, catering, consultants and general administration.

To unlock the economic potential of the province with more focus on Villages, Townships and Small “*Dorpiess*”, investment in and maintenance of infrastructure, and the management of the asset portfolio of our province is of paramount importance. The focus on infrastructure will include involving the private sector investment where there is a potential for private provision of public goods. Empirical evidence suggests that, investments on infrastructure can yield tremendous benefits in the form of economic growth and employment creation.

As pronounced by the Premier during the State of Provincial Address an estimated amount of R1.9 billion was availed by the Department of Water Affairs to address various water and Sanitation infrastructure challenges. Thus far water projects are at different stages of planning and implementation. Some of the areas that will benefit from this project include Madibeng, Bloemhof, Schweizer Reneke, Setlagole, Tlapeng Majementsho, Tlapeng, etc. The entire project is envisaged to be completed by 2017/18. Well planned infrastructure will play a major role in supporting social and economic development.

The Infrastructure funding for the 2015 MTEF is geared towards the realization of the following key priority areas;

- Strengthening the Infrastructure HR Capacitation in the departments of Health and Education in line with Conditional Grant Bidding Process;
- Addressing the Provincial Roads Infrastructure Challenges and backlogs with specific focus on Villages, Townships and Small Dorpiess;

- Mitigating on the housing needs of the impoverished communities;
- Creation of employment opportunities and growing the provincial construction and consulting capacity;
- Supporting the co-funding for the Bulk Water Infrastructure projects funded through the Department of Water and Sanitation;

The provincial growth strategy is aligned to the National Development Plan (NDP) which offers a long-term perspective of economic growth. The strategy defines a desired destination and identifies the role different sectors of society need to play in reaching that goal. As a long-term strategic plan it serves to provide overarching goals for what the province wants to achieve by 2030. Among other niche areas of employment creation, rural development and poverty eradication is to develop and grow the following strategic sectors of the North West Province economy namely, Agriculture, Culture and Tourism (ACT). In his State of the Province Address, the Premier pronounced ACT as the three pillars of the economic growth in the province with other sectors such as mining as tributaries.

North West Provincial Government's strategy is to revive agricultural sector as a priority for economic development and to address the youth unemployment. Therefore the department of Rural, Environment and Agricultural Development will assist beneficiaries of leased farms from the National Rural Development and Land Reform, with the post settlement programme to enable productive farming.

Agricultural projects identified for support includes the rehabilitation of Kraaipan, Springbokpan and Vryhof grain silos, with the total storage capacity of 230 000 tons, to stimulate crop production by planting over 120 000 hectares of fallow land over the next five years period. The storage infrastructure is in accordance with government's approach of Strategic Integrated Projects (SIP's) to revitalize the grain storage and marketing infrastructure initiatives.

The draught experienced in the province recently pose a considerable risk for the provincial economy and; if agricultural employment is continued to be lost due to various factors, many other economic sectors will as well struggle to maintain the growth potentials. In response to that, the Citrus irrigation schemes in Taung, Disaneng, Molatedi and Tsholofelo will be resuscitated and expanded in 2015 MTEF. The department will also implement the Taung Skull project (Taung Heritage Site) which will unlock the tourism potential of the area and thus create job opportunities.

### **Culture, Arts and Traditional Affairs**

The North West province adopted the National Golden Economy strategy where Culture serves as a vehicle of development. As part of Rebranding, Repositioning and Renewal of Bokone Bophirima province, the department of Culture, Arts and Traditional Affairs will promote Mahika Mahikeng music and cultural festival, re-establish of the North West Ensemble, establish a publishing house for the creative writers, promote the Motswako and Setswana cultural dance brands.

## **Tourism and Heritage Sector**

The development of Provincial tourism sector has potential to create employment and raise income in rural areas through community tourism programmes. It is critical to develop and protect the existing parks and reserves. The new Department of Tourism will embark on tourism product development, development of new tourism enterprises, grow and expand the existing enterprises thereby marking the Province the ultimate tourism destination. The objective is to ensure that the province is able to compete in the national and global tourist market. Through Parks and Tourism Board, the department has in 2014/15 transferred an amount of R3.9 million to improve Taung Hotel School.

### **2.2 Aligning provincial budget to achieve government's prescribed outcomes**

Notwithstanding the focus on the three key pillars for economic growth as indicated above, the Bokone Bophirima Province shall continue to support the key national priorities as espoused in the National Development Plan (NDP) and Medium Term Budget Policy Statement (MTBPS) for implementation in the 2015 MTEF.

The departments' strategic plans for 2015 MTEF are predominantly informed by the national and the provincial strategic imperatives. The Provincial Development Plan (PDP), which still needs to be submitted to EXCO for approval. During the preparation of the 2015 MTEF, all departments were requested to focus on National Outcomes (14 Chapters) and to demonstrate the alignment of programmes to relevant outcome(s).

Notably, the provincial departmental chapters in this publication provide a clear linkage and the provincial response to the relevant outcome. There has been a close working relationship between the Provincial Treasury, the Office of the Premier through Planning Commission and Monitoring and Evaluation to ensure alignment of the budget to the Strategic Plan, APP, MTSF and Presidential Outcomes and budgets. Of critical importance is to ensure synergies so that planning is well integrated for better service delivery.

### **Strategic principles for infrastructure investment and development spending**

In reviewing its policy priorities for 2015 MTEF budget cycle, the government of the Bokone Bophirima has made a goal of placing the province on the right path for growth as its main priority. The priorities would be driven by a comprehensive programme of action titled "Rebranding, Repositioning, and Renewal Programme" which was announced by the Premier when the new Administration assumed duty in May 2014. The vision is to achieve balanced, inclusive and sustainable economic growth.

The 14 national outcomes are listed below and linked to the relevant department in the province;

| National Outcome  | Departments          |
|---|----------------------|
| 1 Quality basic education;  | Vote 8               |
| 2 A long and healthy life for all South Africans;   | Vote 3               |
| 3 All people in South Africa are and feel safe;   | Vote 5               |
| 4 Decent employment through inclusive growth;   | All                  |
| 5 Skilled and capable workforce to support an inclusive growth path;                            | Vote 11, 6, 7 and 13 |
| 6 An efficient, competitive and responsive economic infrastructure network;                     | Vote 11, 5 and 6     |
| 7 Vibrant, equitable, sustainable rural communities contributing towards food security for all; | Vote 13              |
| 8 Sustainable human settlements and improved quality of household life;                         | Vote 9 and 12        |
| 9 Responsive, accountable, effective and efficient local government;                            | Vote 9               |
| 10 Protect and enhance our environmental assets and natural resources;                          | Vote 13              |
| 11 Create a better South Africa, a better Africa and a better world;                            | All                  |
| 12 An efficient, effective and development- oriented public service;                            | All                  |
| 13 Social protection and;   | Vote 5 and 12        |
| 14 Nation building and social cohesion.   | Vote 1, 4 and 8      |

The **Department of Education and Sports Development** is committed to ensure the realisation of outcome 1 (improve the quality of basic education) in respect of Grade 12 with more emphasis on maths and science and also to put more focus on lower grades (Grade 3, 6 and 9) with a view to better the outcomes of the Annual National Assessment (ANA). Increasing the enrolment of learners with barriers in full service schools and provision of assistive devices and other relevant equipment to Full Service and Special Schools remains a priority.

Support and Monitoring through the District office is intended to ensure quality delivery of curriculum in public schools and attainment of learner performance as captured in the Action Plan to 2014, towards the realisation of schooling 2025. During the 2015/16 financial year, the department will ensure there is a conducive environment for teaching and learning by increasing the number of class rooms, upgrades and maintenance of existing schools, ensure that all public schools in the province have sufficient number of sanitation facilities and supply of water drinking.

In response to outcome 2, to ensure a long and health life for all South Africans, **the Department of Health** is moving from a predominantly curative and hospital-based system to a preventative and promotive community-based, PHC approach will form the foundation of transformation in addressing issues of equity, access, quality and efficiency, and sustainability. In 2015/16 MTEF, the department shall continue to rollout the PHC outreach teams to reach a total of 296 wards across the province and, an amount of R9.952 million has been set aside for this purpose.

The **Department of Local Government and Human Settlement** aligned its strategic goals and objectives to the 14 identified Medium Term Strategic Framework Outcomes and it is mainly responsible for Outcome 8: Sustainable Human Settlements and Improved Quality of Household Life and Outcome 9: Responsive, accountable, effective and efficient developmental local government system.

The Department has further aligned its strategies with other departmental Plans. This is an attempt to make sure resources are targeted at processes that will give impetus to the attainment of the set targets. Details of the alignment with the Strategic Goals and Strategic Objectives are reflected in the Five Strategic Plan and Annual Performance Plan of the Department.

**The Department of Public Works and Roads** contributes to outcome 4 and 7 of the National Development Plan. In order to create decent employment through inclusive Economic Growth (**Outcome4**), the department created 23 976 work opportunities through the labour intensive projects across different sectors and districts of the **Bokone Bophirima** in 2014/15. The 2015/16 financial year will usher in 7 407 job opportunities through labour intensive infrastructure development, green economy and social economy.

In respect of the department's contribution to the **Vibrant, equitable & sustainable rural communities & food security for all (outcome 7)**, brick making projects in Mafikeng, Bloemhof, Moretele and Ventersdorp have been established in 2014/15 while Danville and Itsoseng are planned to be established in 2015/16 as part of community development. Moreover, the department is in the process of establishing cooperatives in order to sustain job creation for sustainable livelihood.

The **Department of Rural, Environment and Agricultural Development's** contribution towards realization of **Outcome 7** is evident through rehabilitation of Silos to provide value adding support to the Provincial Industrialization Plan. Over 300 jobs are anticipated to be created. Furthermore, the department will also be providing production start-up packages that include mechanisation packages and production inputs through the Tshimo ya Kgosi project.

In terms of the contribution to **outcome 4**, the department expanded the irrigation scheme by 340 hectares during the 2014/15 financial year while a total of 60 hectares has already been debushed and irrigation infrastructure covering 10 hectares has been installed. There is also a need to expand 26 kilometer canal to convey water from Vaalharts to Taung and only 2 kilometers of the expansion is appropriated under the department of Water Affairs. The project has created over 200 Work Opportunities through Labour Intensive initiatives.

### **2.3 Summary of budget aggregates**

Table 1 below provides an analysis of the provincial budget performance between the receipts and total payments over a period of seven years (2011/12- 2017-18). The data for 2011/12-2013/14 is audited payments whereas the 2014/15 figures provides a revised financial position as at December 2014. Notably, the historical number reflects the changes that came as a result of function shift due to reconfiguration. From 2015/16 -2017/18 the figures represents the financial position (receipts and payment for the 2015 MTEF budget).

## Overview of the Provincial Revenue and Expenditure

Table 1: Provincial budget summary

| R thousand                                 | Outcome           |                   |                   | Main appropriation | Adjusted appropriation | Revised estimate  | Medium-Term Estimates |                   |                   |
|--|-------------------|-------------------|-------------------|--------------------|------------------------|-------------------|-----------------------|-------------------|-------------------|
|  | 2011/12           | 2012/13           | 2013/14           |                    | 2014/15                |                   | 2015/16               | 2016/17           | 2017/18           |
| <b>Provincial receipts</b>                 |                   |                   |                   |                    |                        |                   |                       |                   |                   |

| <b>Surplus / (deficit) after financing</b> | <b>154 282</b>    | <b>331 729</b>    | <b>356 789</b>    |                    | <b>951 335</b>         | <b>286 685</b>    |                       |                   |                   |

The total estimated receipts for the 2015/16 financial year amounts to R34.2 billion which represent an increase of R1.8 billion or 5.6 per cent from the revised estimate of 2014/15 financial year. The less than inflationary increase is mainly influenced by the rollovers and additional funding through financing, allocated to departments during the 2014/15 adjustment budget and the reduction in the equitable share due to function shift.

### 2.4 Financing

An amount of R100 million is allocated in the current financial year from the previous years' under expenditure. This allocation is mainly earmarked for the resuscitation of Mahikeng and Pilanesberg airline routes in 2015/16. Financing in the previous year's mainly relates to the additional allocation provided to departments during the adjustment budget and the approved rollovers.

### 3. Budget Process and the Medium- Term Expenditure Framework

In an effort to strengthen the provincial budget process the Provincial Treasury established a Provincial Budget Forum (which is a technical forum) that serve as a platform aimed at facilitating, sharing best practices and to standardize budget documentation, and to improve budget planning and implementation within the Province.

The 2015 MTEF budget process emphasized the implementation of a three phased approach which establish the preliminary 2015 budget baselines for institutions and function groups, using the 2014 budget baseline as a basis; engage extensively with the Provincial Departments and Public Entities during the Medium Term Expenditure Committee (MTEC) on issues of funding efficiency and also consolidating and analysing the MTEC resolutions in consideration of the urgency of spending pressures and opportunities for financing through the reprioritisation of existing resources.

The Planning Commission from the Office of the Premier was part of the MTECs, the process which assisted to improve integrated planning in the province. Furthermore, the Premier of Bokone Bophirima initiated the process of ward based budgeting where all municipalities, provincial departments and public entities agreed on projects to be implemented in the province. The process of ward based budgeting will be further refined during the 2015/16 financial year.

The 2015 MTEF allocations were made following robust engagements with departments during the MTEC and the one-on-one engagement of the Premier with all departments to confirm the strategic focus of the province and the contribution from each department. The final allocations were approved by the Executive Council in consideration of the current economic situation and the need to invest in projects that will stimulate growth.

#### **Preparatory of budget work undertaken by the departments**

The preparatory work started around June/July with departments reviewing their expenditure outcomes for the previous years, second quarter spending of the current year, estimates of the following budget year assessed against the strategic/ annual performance plans. The strategic/ annual performance plans were reviewed in relation to the strategic priorities as identified by the Political Executive with strict alignment to the NDP, MTSF, PDP, national and provincial priorities. The departments used their baseline allocations to determine their resource envelope for the forthcoming financial year.

The review process assisted with re-prioritization which is a critical part in the budget process. Department submitted their first budget submission to the Provincial Treasury by the end of July after which the budget analysts from Treasury work closely with the provincial departments to evaluate the budget submissions for linkage with provincial and national priorities in considering resource envelope.

## **4. Receipts**

### **4.1 Overall Position**

The provincial revenue is made up of national payments in the form of equitable share, conditional grants as well as own revenue. Table 1.7 below presents a summary of provincial revenue and the split between national sources and own revenue which relates to the 2011/12-2013/14 actual audited outcomes, the adjusted and revised estimates for 2014/15 as well as the budget estimates from 2015/16 to 2017/18 financial years.

## 4.2 Equitable Share

The equitable share remains the main source of provincial funding contributing 76 per cent to the total fiscal framework. Notably, the 2015 MTEF equitable share is informed amongst others by the data from the 2014 Mid-year Population Estimates, 2014 School Reality Survey (SNAP Survey) and the District Health Information Services Patient day data for 2012/13 and 2013/14 respectively.

Regardless of the favorable statistics, for example, the increase in population from 3.5 million in 2011 (Census 2011) to 3.8 million (2014 Mid-year Population Estimates), the overall equitable share for the province declined. This was mainly due to the effect of the 2008 economic downturn and the protracted mining strike which affected the tax baseline of the country. Consequently, the provincial equitable share baseline declined by R137.9 million in 2015/16 and a further reduction of R457.9 million in 2016/17 with a marginal increase of R6.5 million in the outer year.

Despite these reductions, the provincial equitable share grows from R24.7 billion in the 2014/15 financial year to R29.5 billion in the 2017/18 financial year, which represents an average growth of 6.1 per cent over the MTEF.

## 4.3 Conditional Grants

The conditional grants system has been shaped by major reform that was introduced to enhance accountability, monitoring and reporting and administrative responsibility of the grants. The legal framework pertaining to each grant is contained in the Division of Revenue Act. The Conditional grants are the second largest source of funding in the province. In the first year of

the MTEF, a significant growth of 20 per cent has been observed in 2015/16 due to changes in the funding arrangement especially for HIV and AIDS Grant (14.6 per cent), Human Settlements Development Grant (30 per cent), Education Infrastructure grant (14.33 per cent) and Provincial Road Maintenance Grant grows by 11.35 per cent.

The conditional grants grows from R5.8 billion in 2014/15 to R6.9 billion in 2015/16 financial year. Included in the conditional grants allocation is an amount of R148.5 million distributed amongst Education, Health and Local Government and Human Settlement to address the consequences of the disaster that strike Matlosana during August 2014. This money will be used to repair or rebuilt the infrastructure damaged as a result of the tremor.

Further Education and Training (FET) colleges and the Adult Education and Training (AET) functions were assigned to the Minister of Higher Education and Training. Both functions will shift to the national sphere from 1 April 2015. Consequently, an amount of R88 million in 2015/16 for the Further Education and Training Grant will move to the national sphere. Based on provincial policy shifts, R40.7 million in 2015/16, R46 million in 2016/17 and R48.8 million in 2017/18 for Mass Participation Grant was moved from Department of Culture, Arts and Traditional Affairs to department of Education and Sports Development.

The table below provides more details on provincial conditional grants per departments:

Table 3: Provincial summary of conditional grants

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation | Revised estimate | Medium-Term Estimates |                  |                  |
|---|------------------|------------------|------------------|--------------------|------------------------|------------------|-----------------------|------------------|------------------|

#### 4.4 Total Provincial Own Receipts

The overall provincial revenue budget grew by 7.3 per cent in 2015/16, 5.4 per cent in 2016/17 and 5.3 per cent in the last year of the MTEF. This pattern of growth is very minimal when compared with previous years (2013/14 and 2014/15) which recorded 16 percent or increase of R139 million of revenue budget estimates. The 2015 MTEF minimal growth was exacerbated by sluggish and/or uncertainty of the current economic conditions.

The major contributors of revenue in the province are patient fees, motor vehicle licenses, gambling and Casino taxes. The own revenue continue to remain an important marginal source of funding. Its allocation in 2015/16 represents 3.01 per cent of the total provincial revenue envelope.

Table 4 :Summary of Provincial own receipts

| R thousand   | Outcome        |                |                | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-Term Estimates |                  |                  |

The province will embark on number of measures to enhance own revenue in the 2015/16 financial year. Amongst others, the following measures will be explored;

- Engagement with service providers collecting revenue on behalf of the provincial government with the view to reduce the payment for commission to a maximum of 10 per cent effective from 1 April 2015, and this will generate a saving of at least R50 million during 2015 from collection costs (Charge rates would be decreased from an average of 25 per cent to 10 per cent);
- During the 2015/2016 financial year, as part of the review of the terms and conditions of employment, all public servants including public entities and municipalities in the Province would be encouraged to register their cars in the Province, failing which, processes would be started to consider the processing of claims for only “NW” registered vehicles;
- During 2015, all tariffs and rates would be reviewed to ensure that they are cost reflective and competitive and the reviewed tariffs would be applicable in the second quarter of the 2015/2016 financial year;

- Introduction of market related rental fee for all government houses and explore the creation of a trading account for maintenance of properties without using the provincial resources.

#### 4.5 Donor Funding

The department of Public Safety and Transport Management has received a once-off amount of R40 million in June 2014 from Road Transport Management Corporation (RTMC) for the construction and upgrading of weighbridges. The bulk of these monies (R36 million) was directed towards construction of Lichtenburg Weighbridge while R4 million was allocated for road safety equipment.

### 5. Payments

#### 5.1 Overall Position

The total outlays for provincial programmes are set out in the summary below:

- Financial year 2015/16: R 34 224 million
- Financial year 2016/17: R 35 739 million
- Financial year 2017/18: R 38 025 million

The 2015/16 allocation represents an overall growth of 5.6 per cent from the adjusted allocation of 2014/15 financial year and a marginal growth of 4.4 per cent in 2016/17. The minimal growth in 2016/17 is mainly as a result of the increased equitable share cut and the non-allocation of the incentive portion of the Health and Education infrastructure grants.

#### 5.2 Payments by Vote

Table 5: Summary of payments and estimates per vote

| R thousand   | Outcome           |                   |                   | Main appropriation | Adjusted appropriation | Revised estimate  | Medium-Term Estimates |                   |                   |

## **Office of the Premier**

The budget for the Office of the Premier represents 2.13 per cent in 2015/16, 1.83 per cent in 2016/17 constantly in 2017/18 of the total provincial allocation. This Office is primarily intended to optimize coordination and monitoring the provincial departmental functions. The Office has re-organised its function during the reconfiguration of departments in 2014/15 by moving out a function “Special Programmes” to the department of Social Development.

Basically the amount allocated to the Office will be utilized to ensure effective and efficient governance in the province with a budget allocation of R730.6 million in 2015/16, reduced to R655.4 million in 2016/17 and R691.2 million in 2017/18 respectively. This translates in to a decrease of 3.4 per cent in 2015/16 due to once off financing of R36.1 million in 2014/15. Included in the budget is an amount of R76 million, R81 million and R85.1 million over the MTEF as allocation for Community Development Workers transferred from department of Local Government and Housing to be managed by the Office of the Premier.

Over and above that, an amount of R9.4 million and R17 million in the two outer years was provided as addition to the baselines as well as once –off allocation of R100 million in 2015/16 was availed as additions to the baseline to enable the Office to lead in the development of Mafikeng Rebranding, Renewal and Repositioning Programme.

Changes to the baselines resulted due to budget cuts of R13.9 million, R15.8 million and R20.8 million respectively in compliance to National Treasury’s equitable share reductions based on annual data revisions.

## **Provincial Legislature**

The budget comprises of 0.79 per cent in 2015/16, 0.81 per cent in 2016/17 and constantly in the last year of the MTEF of the total budget of the province. Additional budget provision of R3 million has been made in the last outer year of the MTEF for correction of the baseline. The growth in budgets between 2014/15 and 2015/16 has recorded a decline by 12.9 per cent due to a once off financing of R61 million in 2014/15 allocated to correct the baselines and; continue to grow slightly above the inflation by 6.2 per cent in 2016/17 and 6.0 per cent in the last year of the MTEF.

## **Department of Health**

The vote constitutes 26 per cent of the total provincial allocation which is constant over the period of the MTEF. Just like other non-social sector departments, Health experienced a budget cut of R34.8 million in 2015/16, R75.2 million in 2016/17 and gained R58 million in 2017/18. The department was also affected by changes to the baselines where Port Health function was shifted to National through funds follow function approach with an amount of R2.943 million, R3.104 million and R3.268 million respectively followed by National Health Laboratory Services (NHLS) whose budget of R22.1 million in 2015/16, R23.2 million in 2016/17 and R24.3 million in 2017/18 were also transferred to National. As can be noted, the bulk of the budget of this

department has been allocated to District Health Services with 52.45 per cent and Provincial Hospital with 14.43 per cent, while Central Hospital Services received a share of 12.5 per cent in 2015/16.

Transformation of health services is of paramount importance to meet the increasing demands of the community health care. Job Shimankane and Klerksdorp Tshepong Hospitals have move from Programme 4 to Programme 5 in line with government gazette. That is, substantial amount of R1.041 billion in 2015/16, R1.235 billion in 2016/17 and R1.378 billion was reduced from Programme 4 to increase the allocation for Central Hospital Services.

Budget to budget grows by 8.8 per cent in 2015/16, 4.4 per cent in 2016/17 and 7.2 per cent in 2017/18 respectively. The Primary Health Care re-engineering priority has been allocated an amount of R9.952 million in 2015/16 as well as R15.6 million for Tuberculosis GeneXpert The department has during the 2014/15 Adjustment Budget received R14 million for Hospital Revitalization Grant as well as a rollover of R17 million on the unspent Hospital Revitalization.

### **Department of Culture, Arts and Traditional Affairs**

This department is aiming to promote arts and culture in the province. The vote constitutes 1.84 per cent, 1.86 per cent and 1.89 per cent of the total provincial budget over the MTEF period. The relative share of this department increases by 2.7 per cent in 2015/16 below the inflation, due to once off financing of R46 million in 2014/15, 5.9 per cent (2016/17) and 8.0 per cent (2017/18) respectively. This department is one of the key provincial pillars and therefore its budget has been protected. In the first two year of the MTEF the department received R10 million in the two outer years for baselines correction. A further allocation of R29.9 million in 2017/18 was injected to enable the department to jerk up its core activities.

Promotion of cultural activities in this department is core and within the 2015 MTEF allocations, the department to a stance to provide an amount of R11.7 million, R10 million and R21.4 million for its cultural and artistic priorities.

The effects of the reconfiguration process also brought some changes to the baselines of this department. An amount of R6.5 million in 2014/15, R10.6 million in 2015/16, R11.2 million in 2016/17 baselines and R11.7 million in 2017/18 for function shift "Recreation of Activities" from the department of Education augmented the MTEF budgets of this department.

### **Department of Safety and Transport Management**

In the main this department promotes community and road safety, exercise civilian oversight of police and coordinate transport services through integrated approach. Its budget of R1.8 billion, R1.9 billion, R2 billion constitutes 5.4 per cent constantly over the MTEF of the entire provincial allocation. This department also experienced changes to the baselines due to equitable share budget cuts in compliance with National directive. That is, an amount of R3.9 million in 2014/15, R92.4 million in 2015/16, R12.3 million in 2016/17 were decreased in the first two years of the

MTEF. Over and above that, an amount of R84 million was availed for the resuscitation of Mafikeng and Pilansberg airline route plus an injection of R10 million in 2017/18 for correction of the budget baseline.

Conversely, an amount of R6 million in 2015/16, R6.3 million in 2016/17 and R7.5 million has been earmarked for activation of Driver's License Testing Centers and upgrade Vehicles Testing Stations in Ganyesa and Taung, Establishment of Community Forums in Municipal areas and installation of security in number plates has been prioritized with a cost of R1.9 million in 2015/16. All these resulted in to a growth of 15.5 per cent in 2015/16, slight increase of 4.7 in 2016/17 due to once-off allocation of R84 million in 2015/16 and 6.3 percentage growth in 2017/18.

### **Department of Economy and Enterprise Development**

The vote constitutes 0.75 per cent of the total budget of the North West Province for 2015/16 financial year. The total departmental budgets amount to R255 million in 2015/16, R271 million in 2016/17 and R286.3 million in the last year of the MTEF which translate to a decrease of 1.9 per cent in 2015/16 due to once off financing of R20 million in 2014/15, increase of 6.1 per cent and 5.8 per cent respectively. This departmental equitable share was also reduced by R651 thousand in 2014/15, 26.9 million, R61.5 million, and R62.3 million in last outer year of the MTEF in compliance with National Directive.

The department has during the reconfiguration process lost Tourism component which became a standalone vote as well as Environmental Services function that was moved to the former department of Agriculture. Other key planned activities revolve around the Village, Township and Small dorpias strategy whereby an amount of R4 million has been set aside in 2015/16 to establish a bakery in Mokgalwaneng, erection of stall's for hawkers in the vicinity of Barolong Boo-ratshidi.

### **Department of Finance**

The department of Finance is charged with the promotion of efficient and effective public finance management in the province. This vote constitutes 1.42 per cent of the total provincial allocation for 2015/16. The total budget amounts to R486 million, R478.4 million and R507 million respectively which is an increase of 12.2 per cent, decrease of 1.6 per cent and increase of 5.9 per cent in 2017/18. The sharp increase in 2015/16 is mainly attributable to an allocation of R52 million in 2015/16 for Forensic investigation and MFMA HR capacity building, in which the department plans to beef up the Municipal Finance unit to enhance support to Municipalities in a quest to reduce reliance on Consultants.

An amount of R20 million was earmarked constantly over the MTEF for MFMA reforms, establishment of a database for unemployed graduates and retired experts in order to tap the scarce skills and talent management required in the financial fraternity for financial advancement in the province.

A substantial decrease in the second year represents the net effect of R121.2 million attributable to budget cuts in line with National directive and to redirect other funds to newly identified policy imperatives.

### **Department of Education and Sports Development**

The core function of this department is to provide quality education to develop human capital, maintain and support education and training system. The department is funded at 39 per cent of the total provincial equitable share and 4.33 per cent for the conditional grants in 2015/16. Year-on-Year, the budget of Education increases by 6.9 per cent in 2015/16, slight increase of 4.8 per cent in 2016/17 and 5.7 per cent in the last outer year of the MTEF. The revenue base of this department stood at R17.9 million in 2015/16, recorded a growth of 5 per cent between 2014/15 and 2015/16 constantly in the outer years of the MTEF.

Significant budget changes to the baselines were observed as a result of function shifts to National. Adult Education and Training's budget to the amount of R184.3 million, R194 million and R203 million was transferred to Higher Education. The province further lost Further Education and Training Grant to the amount of R88.2 million in 2015/16 and R93.1 million in 2016/17 respectively. Part of the budget of Auxiliary and Associated Services with an amount of R8.629 million, R9.128 million and R9.599 million was also transferred to National.

Through reconfiguration process, a budget of R6.5 million in 2014/15, R10.6 million, R11.2 million and R11.7 million for Recreation activities was lost in favour of department of Culture, Arts and Traditional Affairs. Contrary, this department gained Mass Participation and Sport Development Grant to the amount of R43.5 million in 2014/15, R40.7 million in 2015/16, R46 million in 2016/17 and R48.8 million in 2017/18 respectively through the same process.

Over and above that, administration/ operational budget for FET was reduced with an amount of R21.2 million, R22.6 million and R23.8 million in each year of the MTEF and transferred to National. Just like Health, Education equitable share was reduced by R31.2 million in 2014, R29.1 million in 2015/16, and R75 million in 2016/17 in compliance to National Treasury's directive of reducing the baselines budget due to annual revision of data.

This department has prioritized to establish a provincial Sports Academy and to strengthen Maths and Science Teacher development with a budget of R17.2 million in 2015/16 increased to R18 million and R19 million in the last outer years of the MTEF.

### **Department of Local Government and Housing Settlements**

The vote constitutes 7.35 per cent of the total provincial allocation in 2015/16. Over the MTEF, the relative budget share of this vote increases sharply by 14.7 per cent, 10.5 per cent and 6.3 per cent year on year. The attributes of the substantial increase in 2015/16 was due to an added amount of R548 million to the Housing development grant as well as an amount of R50 million towards the resuscitation of North West Housing Corporation receiving R20 million and R30

million for the baselines corrections to address the effects of the 2014/15 reconfiguration process. Changes to the baselines demonstrated an amount of R94 million in 2015/16, R89 million in 2016/17 and R73 million in 2017/18 reduced to address other provincial priorities. While Community Development Workers function was shifted to the Office of the Premier with a budget of R76 million in 2015/16 including the associated funding for carry through effects over the MTEF.

### **Department of Tourism**

This vote was newly established during the 2014/15 reconfiguration process and declared as one of the apex priority in the province. Its budget constitutes 0.42 per cent of the provincial total budget in 2015/16. Over the MTEF the relative budget share of this vote increases by 26.2 per cent in 2015/16, 8 per cent in the second year and 12.7 per cent in the last year. The substantial increases year on year is meant to support the newly mandate of this department.

Parks Board (Public Entity) which was linked to the tourism function was transferred to the Office of the Premier with a total funding of R166.5 million, R175.4 million constant in the last outer year. Include in the allocation of the department is an amount of R109.8 million, R102 million constant in the last outer years of the MTEF (effects of the reconfiguration). These funds were moved from department of Local Government and Human Settlements in 2014/15 in order to create a new baseline budget for this department. Within the 26.2 per cent increase, the department made an undertaking to amongst others; develop a tourism product that will determine supply and demand for tourism growth in 19 townships and fifty-six villages, increasing the economic profile of tourism as well as carrying out a bed capacity audit. An amount of R7.7 million in 2015/16 has been set aside in this regard.

### **Department of Public Works and Roads**

This vote constitutes 7.5 per cent of the total provincial budgets in 2015/16. The vote's share of the provincial budget over the MTEF amounts to a decrease of 15.6 per cent in 2015/16, minimal increase of 1.3 per cent in 2016/17 and 6.5 per cent in the last year of the MTEF. A sharp decline of 15.6 per cent between 2014/15 and 2015/16 is attributed to once-off financing of R464 million 2014/15 constituting additional funding and roll overs.

This department is the provincial implementing agent of roads and building of fixed structures. During the 2014/15 reconfiguration process the department transferred the Transport function to the Department of Public Safety and Liaison. The amount involved was R1 050 billion, R1 102 billion constant in the last two years of the MTEF.

Within the allocation of R2.6 billion is a budget of R100 million allocated in 2015/16 to enable the department to address shortfall on planned key service delivery mandates. Property rates and taxes budget was augmented with an amount of R50 million in 2015/16 with carry through effects over the MTEF period. By the same token, an amount of R100 million earmarked for War on poverty (seed funding) in 2015/16 and including its allocation for subsequent years, was recouped and redirected to other provincial priority needs.

Contributing to roads infrastructure, the department has earmarked R76 million in 2015/16 to address roads infrastructure leading to the Mafikeng and Pilanesberg airport. An amount of R25 million was also set aside for alternative accommodation for MPLS whereas R20 million will be directed for establishment of brick making plants for paving Municipal roads (Itsoseng and Danville included).

Reduction of an amount of R31.6 million, R65 million and R51 million was effected over the medium term in this vote as a result of the National annual data revision

### **Department of Social Development**

The department has been allocated a budget of R1.334 billion in 2015/16 which constitutes 4 per cent of the total budget of North West province. The MTEF period show a year on year growth of 6.4 per cent, 4.7 per cent and 6.1 per cent respectively. During 2014/15 reconfiguration process this department has received Special Programmes function from the Office of the Premier with a budget of R9.9 million in 2015/16, R10.9 million in 2016/17 and R11.4 million in 2017/18 respectively. Department also suffered a loss of R3.1 million in 2014/15, R37 million, R45.2 million and R32.4 million respectively from its equitable share budgets due to National annual revision of the data.

Within the allocation of R1.334 billion, an amount of R101 million have been allocated to fund amongst others; NPO's to establish food banks in the districts, Increase services to access to early childhood development by reaching 404 347 children between 0-4 years, address the deprived community's participation in poverty eradication initiatives, venture in to a project of preserving families as a basic unit of society through efficient service delivery targeting 115 160 families and 412 602 orphans and vulnerable children in the next five years, build Rehabilitation Centre in Dr RSM Mompoti and Ngaka Modiri Molema in 2015/16 at a cost of R17 million provided through the Conditional Grant.

### **Department of Rural, Environment and Agricultural Development**

The department's share of the total provincial budgets over the MTEF amounts to 3.27 per cent (2015/16), 3.22 per cent (2016/17) and 3.28 per cent (2017/18). No equitable share reduction has been effected on this vote as it is one of the apex priorities of the province. Basically, the MTEF show a relative year on year growth of 1.6 per cent, 2.7 per cent and 8.4 per cent respectively.

During the 2014/15 reconfiguration process, this department received Environmental Services function with an allocation of R147.3 million in 2015/16, R92.9 million constant in the last two years of the MTEF. Apart from that, the department received an amount of R8 million in 2015/16, R38.5 million in 2016/17 and R73.9 million in 2017/18 aimed to support and improve the mandate of this department.

Identified key departmental priorities such as Crop massification programme with an amount of R28 million, development of livestock breeding material allocated R3 million, establishment of feedlot in Mafikeng to the amount of R5 million, rehabilitation of Springbokpan, Kraaipan and Vryhof grain silos allocated R15 million, establishment of grain milling at a cost of R4.2 million all these were provided for within the allocation of R1.121 billion in 2015/16.

### 5.3 Summary of Payments and Estimates by Economic Classifications

The summary of Economic Classifications revealed that the current payments account for approximately 75.1 per cent of the provincial budget in 2015/16, Transfer Payments accounting for 15.22 per cent while Capital payments have registered 9.7 per cent. It is worth reflecting that the bulk of the current payments in the main constitute Compensation of Employees.

Table 6 : Summary of provincial payments and estimates by economic classification: North West Province

| R thousand  | Outcome           |                   |                   | Main appropriation | Adjusted appropriation | Revised estimate  | Medium-Term Estimates |                   |                   |
|---|-------------------|-------------------|-------------------|--------------------|------------------------|-------------------|-----------------------|-------------------|-------------------|

### Compensation of Employees

The provincial personnel share is 58.11 per cent of the total provincial allocation in 2015/16 financial year. Year on year the expenditure is growing by 5.31 per cent in 2015, 7.42 per cent in 2016/17 and 4.83 per cent in 2017/18 respectively. The bigger portion of Compensation of Employees is evident in the Department of Education by R10.3 billion, followed by Health (R5.8 billion), Public Works and Roads (R752 million) as well as Social development with R703 million in 2015/16. The trends are in line with the provincial strategy to limit expenditure on personnel, particularly the non-critical posts/ non-professional category. EXCO has also passed a resolution that guides departments to confirm availability of funds with Treasury prior the filing of posts (only funded posts may be filled).

### *Goods and Services*

The summary of Economic Classifications revealed that this category accounts for a decline of approximately 18.5 per cent in 2015/16. The bulk of funding was reduced from non-core items in compliance with National directive proposal of reducing the equitable share. Notably, the bigger portion of goods and services is observed in the department Health and Education whereby medicines and medical supplies were budgeted R324 million, laboratory services R255 million, security services R151 million and ARV's R234 million while learner teacher support material for Education received R408 million in 2015/16 financial year.

### *Transfer Payments and Subsidies*

The transfer and subsidy allocation includes both current and capital transfers. The substantial allocation of transfers goes to non-governmental institutions such as NGO's whose role is to undertake services such as HIV/AIDS programmes to the community home based care, rendering service to children in secure care centres, as well as transfers to schools in terms of the School Act as well as to Public Entities residing in the department of Economy and Enterprise Development, Office of the Premier and Culture, Arts and Traditional Affairs. The department of Social Development takes a lead in transferring funds to NGO's at a cost of R297 million in 2015/16.

### *Capital Expenditures*

The budget provision for Capital Payments amount to R2.322 billion in the first year of the MTEF and decreased to R3.9 billion and slightly increased to R3 billion in the last year of the MTEF. This budget in the main will be utilised by the department of Public Works and Roads which is the provincial implementation agent for the construction of roads and buildings, rehabilitation of existing structures, maintenance of buildings, building of schools and clinics.

### **Social Services Sector Versus Non-Social Services**

The Social sector overall split makes up the largest portion of the provincial payments and estimates. The Social Sector amounts to 68 per cent of the total provincial payments and estimates. The percentage growth shows that Education constitute the highest share of 39 per cent, followed by Health at 26 per cent, Social Development at 4 per cent while 31 per cent of the total provincial budget constitutes a share for non-social cluster.

#### 5.4 Payments by Functional Area

As can be noted from the table below, the major areas of expenditure by policy area for the 2015/16 financial year are Education, Health and Social Development with an estimation of R23 671 billion, R24.733 billion and R26.327 billion respectively. In total these three policy areas account for 69 per cent of provincial expenditure. ( Education is R13.432 billion or 39 per cent, Health is R8.904 billion or 26 per cent and Social Development is R1.334 billion or 4 per cent. Each of these three major policy area has increased as compared to the adjusted budget for 2014/15.

Table 7 :Summary of payments and estimates by functional classification

#### 5.5 Infrastructure Payments

The North West Province is making significant stride in terms of addressing the infrastructure development issues especially in areas of roads, clinics and schools. In an attempt to clear some of the backlogs, the provincial spending in 2014/15 as at October recorded 50.92 per cent with optimal spending emphasized. This is a remarkable stride when compared with 2013/14 spending pattern of 47.03 per cent during the same period. The implementation of the Infrastructure Development Model Strategy (IDMS) has assisted to address and improve the monitoring and reporting system which links infrastructure projects with the financial accounting

system and has enabled the province to submit the infrastructure plans, which listed planned projects.

The table below shows that the province will spend the allocated budget of R5.8 billion in 2015/16 on infrastructure projects, and increase to the amount of R5.9 billion in 2016/17 and R6 billion in 2017/18 respectively has been observed which are the attributes of the infrastructure bidding process that must still happen before the finalization of the MTEF period.

| <b>Total department infrastructure</b> | <b>3 322 576</b> | <b>2 987 494</b> | <b>5 185 498</b> | <b>5 285 812</b>   | <b>5 553 552</b>                  | <b>5 503 552</b> | <b>5 984 819</b>      | <b>5 765 176</b> | <b>5 982 443</b> |

Of the R797 million allocations to Health infrastructure, R695.4 million relates to Hospital revitalization programme. Furthermore, the department made provision for infrastructure maintenance, other infrastructure such as district, regional, provincial hospitals and clinics from the equitable share. *Infrastructure schedule (B5) has more details.*

The allocation of R51.7 million to Social Development will largely fund the new construction of Taung Old Age Home (R16.8 million), Witrand Inpatient Centre (15 million), Ganyesa Children's Home (R5.1 million), Upgrading for Sonop Old Age Home (R1 million), Taung Inpatient Treatment Centre (R930 thousand) and Maintenance of R2.8 million.

The Public Works and Roads with allocation of R1.3 billion will focus mainly on roads construction, upgrading and roads maintenance.

The Education expenditure on infrastructure will be used to fund new schools, additional classrooms etc. The budget allocation of R713.9 million in 2014/15 has increased to R1 billion.

In general, infrastructure spending in 2014/15 has been improved in this province coupled with the improvement impetus in the infrastructure monitoring as well as implementation. The emphasis is now on achieving quality spending. The IDIP process has really assisted to achieve this objective.

## 5.6 Provincial Public Private Partnership (PPP) Projects

The province does not have any public private partnership venture.

## 5.7 Transfers

### 5.7.1 Transfers to public entities

An amount of R372.2 million, R382.2 million and R392.5 million over the three years of the MTEF has been allocated to various provincial departments for transfer to public entities. The department that is most significant in terms of these transfers is the Office of the Premier followed by the department of Economy and Enterprise Development. Amount allocated to the Office of the Premier for Parks and Tourism Board (entity) and Provincial Aids Councils is R184.2 million while Economy and Enterprise received R110.4 which translates to 49.50 per cent and 29.67 per cent in 2015/16 financial year.

**Table 9: Summary of provincial transfers to public entities by transferring departments**

### 5.7.2 Transfers to Development Corporation

The province is utilising the services of Independent Development Corporation as intermediate agent for certain provincial project. The necessary Service Level Agreements were signed for accountability purposes. The affected departments are: Education and Sports Development, Public Works and Roads, Department of Local Government and Human Settlements.

### 5.7.3 Transfers to Local Government

In terms of Section 30 (2) of the Division or Revenue Act, the Provincial Treasury must publish with annual budget the allocations to the Municipalities for every allocation made by the province to a municipality in the province.

According to Section 155(1) of the Constitution the Municipalities are defined as follows:

**Category A:** a municipality that has exclusive municipal executive and legislative authority in the area. Municipalities of this type are normally referred to as Metropolitan area, In this province we do not have any municipality of this nature.

**Category B:** a municipality that share a municipal executive and legislative authority in its area with a category C municipality. Municipalities of this nature are referred to as local municipalities.

**Category C:** a municipality that has municipal executive and legislative authority in an area that included more than one municipality. Municipalities of this type normally referred to as district municipalities. The table below seeks to demonstrate detailed information as per municipalities in the province. This information must be published through the Gazette. Further details appear in the departmental chapter of the affected departments.

**Table 11: Summary of provincial transfers to local government by category**

## 2015/16 Estimates of Provincial Revenue and Expenditure

| R thousand                          | Outcome       |               |                | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |               |               |

The Department of Local Government and Human Settlements planned to transfer an amount of R71.1 million in 2015/16, R75.2 million in 2016/17 and R59 million to the Municipalities. The allocation in the first year is constituted by R13 million for Disaster Management and R58.1 for Bucket replacement with carry through effect over the MTEF. Secondly, the department of Culture, Arts and Traditional Affairs shall transfer an amount of R24.4 million, R9.2 million constantly in the last year of the MTEF. Such funding is earmarked to provide assistance to the Municipalities.

### 5.8 Personnel numbers and costs

The personnel share of the total provincial allocation stood at 57.87 per cent in 2015/16. As depicted in the table below, the total number of personnel between 2014/15 and 2015/16 is decreasing substantially from 87 619 to 75 827 due to amongst others, the ending contract of EPWP workers (LIP) by January 2015. The total number of labour intensive employees

appointed in 2014/15 was 26 000 at a rate of R2 200.00 pm and with a budget allocation of R572 million.

However, the department of Education and Sports Development as well as Department of Health are expected to be the most significant employers in the 2015/16 MTEF. The department of Health's personnel is growing from 28 800 in 2014/15 to 30 984 in 2015/16 which is an increase of 2 184 staff complement while department of Education personnel has decreased from 32 773 in 2014/15 to 31 066 due to reduction of employees attached to AET, FET and LIP. The next most significant employers is the department of Public Works and Roads whose numbers still need to be reviewed before the finalization of the 2015/16 MTEF budgets.

## 5.9 Payments on Training

The table below depicts expense on training and bursaries by departments on their own staff in line with the requirement of Section 30 of the Skill Development Levies Act, 1999 which requires that each public service employer in both national and provincial spheres of government must budget for at least 1 per cent of the payroll for the training and education of their employees.

As noted in the table it is expected that an amount of R142.6 million will be spent on training for the year 2015/16 which is an increase of 12 per cent when compared with the revised estimates of 2014/15. The increase is mainly observed in Health at 21 per cent in 2015/16 as well as Education with an increase of 5 per cent between 2014/15 and 2015/16. Both departments have a huge mandate of building capacity on health professionals as well as for Educators and ECD practitioners. It is worth noting to reflect that, the Office of the Premier has decentralised the transversal training to provincial departments' hence insignificant training budgets is observed.

**Table 15: Summary of provincial payments on training by Vote**

## **1. OVERVIEW**

### **Vision**

A dynamic, professional and responsive provincial administration achieving growth and excellence in Bokone Bophirima.

### **Mission**

Facilitate integrated governance and accelerate service delivery that is people centred for improved economic growth in Bokone Bophirima.

### **Strategic objectives**

The strategic policy direction of Office of the Premier is directly linked to national government's 12 outcomes and also informs the department's strategic objectives, as listed below:

- Capacitate HR systems and programmes to improve service delivery through enhanced monitoring and evaluation;
- Promote youth, moral regeneration and social cohesion in the province;
- Coordinate and monitor the implementation of ICT frameworks;
- Provide consistent, streamlined and integrated communication services in the province;
- Coordinate and monitor integrity and ethics management in the province;
- Provide support and protocol services to EXCO and coordinate governance and stakeholder management;
- Manage and coordinate the integrated implementation of policies and research to support evidence based decisions;
- Manage and coordinate development and implementation of strategies and planning in line with Provincial and national priorities; and
- Manage and coordinate implementation of integrated M&E policies, systems and programmes in the province.

### **Core Functions of the Department**

The following are the core function for the Office of the Premier:

- Rendering of administrative and secretarial support to the Executive Council structures;
- Formulate Provincial policy and reviews;
- Provincial planning and knowledge management;
- Service Delivery Planning and Management of Provincial Growth and Development Strategy;
- Integration of services between spheres of government and with international countries;
- Moral regeneration, forensic and anti-corruption investigations;
- Monitoring and evaluation of provincial and provincial government performance;
- Project management capacity building and coordination;
- Coordination of Information technology and communication;

- The rendering of provincial information services;
- Research and Population policy development and facilitation;
- Provincial corporate services;
- Human capital development.
- Provincial communication and protocol;
- Legal service and legislative review;
- Monitor Compliance and Efficacy in the Implementation of Policies and Plans;
- Advocacy, Support and Capacity Building in the Implementation of National and Provincial Policies and Plans; and
- Policy influence and coordination.

### **Legislative Mandate**

The Office of the Premier administrates legislation relating to:

- Constitution of South Africa, 1996;
- North West Youth Development Trust;
- Skills Development Act (Act 97 of 1998);
- Provincial Council on Aids;
- Public Finance Management Act, 1999 as amended and Treasury Regulations;
- Public Service Act and Public Service Regulations;
- Skills Development Act, 1998; and
- State Information Technology Act (SITA).

### **1.1 Aligning the departmental budgets to achieve government's prescribed outcomes**

The Office of the Premier is primarily aimed at contributing towards the achievement of the following Priority Outcomes and Strategic Goals:

- Outcome 5: Skilled and capable workforce to support an inclusive growth path;
- Outcome 6: An efficient, competitive and responsive economic infrastructure network;
- Outcome 9: Responsive, accountable, effective and efficient developmental local government system;
- Outcome 11: Creating a better South Africa and contributing to a better and safer Africa in a better world;
- Outcome 12: An efficient, effective and development oriented public service; and
- Outcome 14: Transforming society and uniting the country.

### **Strategic Goals**

- Policy influence and coordination.
- Provincial Strategy & Planning in line with National and Provincial Frameworks.
- Advocacy, Support and Capacity Building in the Implementation of National and Provincial Policies and Plans.
- Monitor Compliance and Efficacy in the Implementation of Policies and Plans.

## 2. Review of the 2014/15 financial year

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the department during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

- **Provincial Planning Commission:** All vacancies in the Planning Commission were filled, and three (3) Commissioners were appointed to support the commission in its coordination and advocacy for the Provincial Development Plan (PDP). The PDP is in place and work is unfolding to infuse it in departmental and municipal plans.
- **Anti-corruption and Fraud Prevention:** The Anti-corruption and fraud prevention plan has been developed and is currently under consultation. Implementation will take effect during the 2015/16 financial year.
- **Document Management System:** The document management system successfully implemented in the current financial year.
- **Improvement in information technology:** Government Information Technology Officer (GITO) captured department's ICT plans for integration into the provincial plan.
- **Rebranding, Repositioning and Renewal of the North West:** as part of the rebranding, repositioning and renewal of the North West the following have been achieved:
  - Mahika-Mahikeng was launched in December 2014 followed by a sequence of cultural and music activities to draw tourists to the province;
  - The launch of Bua Le Puso which is Premier's engagement with the public;
  - Completed some of the projects of the Mafikeng Rebranding, Repositioning and Renewal Programme (MRRRP); and
  - The launch of the Reconciliation, Healing and Renewal (RHR) programme (RHR) at Marikana. aimed at pulling together all sectors of society in building a reconciled, united and peaceful Province.
- **HIV and AIDS in the workplace:** HIV Counselling Testing (HCT) campaigns were conducted in almost all departments, using a variety of strategies such as information sessions, events and workshops. A total of two thousand seven hundred and fifty seven (2757) employees were tested for HIV. This is against a set target of four thousand and seventy five (4075).
- **Human Resource Development:** The provincial training plan was adopted in November 2014 but its implementation was delayed by the reconfiguration process. The implementation will take place in the 2015/16 financial year once the reconfigured departments have finalised their training plans.
- **Promotion of quality service delivery in government:** The Office of the Premier has undertaken 35 front line service delivery monitoring visits in the province to improve service delivery in government facilities. The Office has further piloted the implementation of Community Based Monitoring (CBM) in Jouberton to give the community a voice in service delivery. The CBM model will be rolled out to the entire province in the 2015/16 financial year.
- **Alignment of provincial plans to national plans:** The Office has assessed the first and second drafts of the strategic plans of departments. Integrated Development Plan (IDP) Assessment Report was compiled. Four (4) Districts were assessed to ensure alignment of plans across the three spheres of government.
- **Outcome-Based Management:** The concept document for Ward-Based Planning has been developed in order to ensure implementation of Outcome Based Management, this is expected to be implemented in the 2015 Medium Term Expenditure Framework.

### 3. Outlook for the 2015/16 financial year

Section 3 looks at the key focus areas of 2015/16, outlining what the department plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

In 2015/16 and over the medium-term, Office of the Premier will focus on the following priorities:

- **Strengthen Monitoring and Evaluation:** one of the priorities in the 2015/16 financial year is to realign the Office of the Premier to strengthen monitoring and evaluation role across all provincial departments. This will be in line with the Office's role as a centre that coordinates functions of other departments and ensuring enhanced service delivery. The aim is to ensure that 80 per cent of the Office's function is monitoring and evaluation instead of being internally focused.
- **Call Centre:** As part of repositioning the Office, the Provincial Call Centre will be launched and fully operational. The centre will take citizens' concerns and direct them to relevant departments so that they can be addressed.
- **Aids Council:** The Provincial Council on AIDS will be restructured and its functions will be integrated to the Reconciliation, Healing and Renewal Programme.
- **Security:** All security contracts to be centralised in the Office of the Premier. All security companies operating in government buildings are to be vetted.
- **Research:** The Office of the Premier will investigate the introduction of a tax bill for certain industries to raise the Provincial Revenue.
- **Wage Bill:** Investigate measures that can be introduced to curb the wage bill in the province.
- **Legal:** fast-track legal issues related to Bop Rhino Studios and centralise litigation cases within Premiers Office.
- **Improvement in information technology:** Implement the IT plan. This will include piloting the DG's Task Management Applications, E-enablement Applications and Leave Register Applications. These applications will be rolled out to other departments at a later stage. The Office will also roll- out broadband to link government facilities in Dr Kenneth Kaunda.
- **Integrated and efficient human resource management and development:** The office will coordinate and implement an integrated human resource development capacity-building programme that aims to improve employees' skills levels in the public sector (Bokone Bophirima). This will be achieved through implementation of a programme that will respond to Premier's vision of having skilled employees who will accelerate service delivery and respond to the needs and challenges of people of Bokone Bophirima.
- **Anti-corruption and fraud prevention:** The Office will coordinate training of investigators in Provincial Departments to enhance their investigative skills in order to assist in the turn-around time. This will be done in partnership with institutions of higher learning. The office will also raise anti-corruption awareness in all district municipalities, local municipalities and wards.
- **Promotion of quality service delivery in government:** Through the Integrated Ward-Based Planning and Setsokotsane, the Office will coordinate and facilitate the two programmes to accelerate, improve quality service delivery. The Office will coordinate 19 ward based summits to develop a provincial ward-based plan.
- **Alignment of provincial plans with national plans:** The office will assess the annual performance plans and strategic plans of departments and integrated development plans of municipalities. The Provincial Spatial Development Framework will also be developed.

## 4. Reprioritisation

Section 4 provides a narration on how the department was able to reprioritise funds to augment allocations toward national and provincial priorities and core spending activities.

In 2015/16 an amount of R17.7 million has been reprioritised from payments of capital assets under *Machinery and equipment* as follows:

- R950 000 to transfers and subsidies under households to correct the baselines to transfers to household.
- R16.7 million to *goods and services* due to increased engagements by the premier with the public.

In 2016/17, an amount of R2.3 million was reprioritised from goods and services to both transfers and subsidies and payments for capital assets as follows R505 000 and R1.8 million respectively. This was mainly due to correction of the baselines for transfers to household, and the replacements of tools of trade.

## 5. Procurement

The following are some of the major procurement plans:

- Security enhancement in the Garona building at a cost of R2.2 million. This is to promote a better public administration;
- Enhancement of the province's IT capacity costing R13 million. This is geared towards improving the capacity of the province to render services to the public; and
- Sourcing of experts for forensic investigations at cost of R7 million. This is in line with promoting clean administration and gaining the confidence of the public.

The other detailed information can be found in the departmental 2015/16 procurement plan submitted to Provincial Treasury.

## 6. Receipts and financing

Table 1.1 below shows the sources of funding of the department over the seven year period, 2011/12 to 2017/18.

### 6.1 Summary of receipts

Table 1.1 : Summary of receipts

| R thousand                           | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |
|--------------------------------------|----------------|----------------|----------------|--------------------|-----------------------------------|------------------|-----------------------|----------------|----------------|
|                                      | 2011/12        | 2012/13        | 2013/14        |                    |                                   |                  | 2015/16               | 2016/17        | 2017/18        |
| Equitable share                      | 431 238        | 452 655        | 591 460        | 722 197            | 720 303                           | 692 677          | 730 328               | 655 093        | 690 814        |
| Conditional grants                   | -              | -              | -              | -                  | -                                 | -                | -                     | -              | -              |
| Departmental receipts                | 548            | 279            | 1 569          | 250                | 250                               | 250              | 320                   | 330            | 350            |
| Financing (Rollovers and Additional) | -              | -              | -              | 35 000             | 36 132                            | 36 132           | -                     | -              | -              |
| <b>Total receipts</b>                | <b>431 786</b> | <b>452 934</b> | <b>593 029</b> | <b>757 447</b>     | <b>756 685</b>                    | <b>729 059</b>   | <b>730 648</b>        | <b>655 423</b> | <b>691 164</b> |

The total receipts increased from 2011/12 to 2014/15 at annual average rate of 19.1 per cent, this increase was recorded mainly on 2014/15 equitable share due to the following once-off allocations:

- R10 million for the Improved Monitoring and Evaluation through the development of systems that will assist to enhance the monitoring of government progress towards achievement of service delivery.
- R15 million for establishing the annual Bokone Bophirima Soccer Cup Challenge.
- R5 million for establishment of a twenty four hour call centre aimed at improving service delivery within the province and youth support initiatives.
- R132 million for Mafikeng Rebranding, Repositioning and Renewal Programme (MRRRP).

Over the medium term the total receipts is projected to decrease from the revised estimate of R729 million in 2014/15 to R691.1 million in 2017/18 at an annual average rate to 1.8 per cent. The decrease in 2016/17 is due to the once-off allocation of R100 million in 2015/16 for MRRRP. Included in the 2015/16 and 2016/17 baseline is an amount of R10.6 million and R11.2 million for the Strategic Infrastructure Project Management Unit respectively.

## 6.2 Departmental receipts collection

Table 1.2 below gives details of departmental own receipts only per main category over the seven years period 2011/12 to 2017/18.

Table 1.2 : Summary of departmental receipts collection

| R thousand  | Outcome    |            |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |            |            |
|---|------------|------------|--------------|--------------------|-----------------------------------|------------------|-----------------------|------------|------------|
|   | 2011/12    | 2012/13    | 2013/14      |                    |                                   |                  | 2015/16               | 2016/17    | 2017/18    |
| Tax receipts  | -          | -          | -            | -                  | -                                 | -                | -                     | -          | -          |
| Casino taxes  | -          | -          | -            | -                  | -                                 | -                | -                     | -          | -          |
| Horse racing taxes                                    | -          | -          | -            | -                  | -                                 | -                | -                     | -          | -          |
| Liquor licences                                       | -          | -          | -            | -                  | -                                 | -                | -                     | -          | -          |
| Motor vehicle licences                                | -          | -          | -            | -                  | -                                 | -                | -                     | -          | -          |
| Sales of goods and services other than capital assets | 119        | 109        | 142          | 220                | 220                               | 220              | 245                   | 273        | 287        |

| <b>Total departmental receipts</b>                    | <b>548</b> | <b>279</b> | <b>1 569</b> | <b>250</b>         | <b>250</b>                        | <b>250</b>       | <b>320</b>            | <b>330</b> | <b>350</b> |

The departmental receipts are generated through the following sources:

- Recoveries from default bursary debtors;
- Sale of Tender Documents;
- Replacement of lost security cards; and
- Commission earned from garnishee orders.

The own revenue decreased from R548 000 in 2011/12 to R250 000 in 2014/15 due to the write-off of all bursary debts during the 2013/14 financial year. Over the medium term the own revenue is expected to increase to R350 000 in 2017/18. The increase on own revenue is due to the inflationary projections.

## 7. Payment Summary

### 7.1 Key assumptions

- Inflation will be 5.6 per cent in 2015/16, 5.5 per cent in 2016/17 and 5.0 per cent in 2017/18 over the MTEF.
- Provision for improvement in conditions of service is 6.5 per cent in 2015/16, 5.4 per cent in 2015/16 and 2016/17 financial years.
- A 1.5 per cent per annum pay progression is included in the budget provision for personnel costs.

### 7.2 Programme Summary

Tables 1.3 and 1.4 provide a summary of payments and budgeted estimates by programme and economic classification respectively, for the period 2011/12 to 2017/18. Overall, there is an increase in the department's budget over the seven-year period. The department has three programmes. Two of these programmes are the core programme of the department, whilst the third is the administration programme, which provides support for the department.

Table 1.3 : Summary of payments and estimates by programme: Office Of The Premier

| <b>Total economic classification</b>                | <b>431 786</b> | <b>452 934</b> | <b>593 029</b> | <b>757 447</b>     | <b>756 685</b>                    | <b>729 059</b>   | <b>730 648</b>        | <b>655 423</b> | <b>691 164</b> |

The overall departmental budget over the medium term is expected to increase with a year-on-year growth of 0.2 per cent in 2015/16; the minimum growth is mainly due to the once-off allocations in 2014/15 as indicated below under Administration. In 2016/17 the budget is expected to decrease by 10.3 per cent due to the once off allocation of R100 million in 2015/16 that is allocated for Mahikeng Rebranding, Repositioning and Renewal Programme (MRRRP). Furthermore, an amount of R76 million in 2015/16, R81 million in 2016/17 and R85.1 million in 2017/18 have been allocated as the transfer function from the former Department of Local Government and Traditional Affairs.

**Programme 1: Administration:** The budget is expected to decrease by 0.2 per cent in 2015/16 due to the following once-off allocations in 2014/15:

- R132 million for the Mahikeng Rebranding, Repositioning and Renewal Programme;
- R15 million for the Bokone Bophirima Soccer Cup; and
- R10 million for the Call Centre.

The decrease of 47.9 per cent in 2016/17 is due to the once-off allocation of R100 million in 2015/16 to the MRRRP projects. The increase in 2017/18 is in line with the inflation adjustments.

**Programme 2: Institutional Development** – The budget is expected to increase at an annual average rate of 3.1 per cent which is within the inflationary projections. However, the following subprogrammes: *Strategic Human Resources*; *Information Communication Technology* and *Legal Services* have recorded the growth in 2014/15 to 2017/18 which is more than the inflationary projection at 13 per cent, 10.6 per cent and 12.8 per cent respectively. These increases are mainly on compensation employees.

**Programme 3: Policy and Governance** – The medium term budget projects no increase in 2015/16. However, *Inter-Governmental Relations*, *Provincial Policy Management* and *Premier's Priority Programmes* are expected to increase by 289.7 per cent, 12 per cent and 63.4 per cent respectively in 2015/16. These increases are mainly on compensation employees.

**Compensation of employees:** the actual outcome for compensation of employees increased from 2011/12 to 2014/15 financial years at an average annual rate of 22.3 per cent. The increase is mainly due to the appointment of staff in vacant funded positions. Over the MTEF the budget is projected to increase from the revised estimate of R231.3 million in 2014/15 to R295.5 million in 2017/18 with a year-on-year growth of 14 per cent in 2015/16, 5.3 per cent in 2016/17 and 5.8 per cent in 2017/18.

**Goods and Services** - The actual outcome increase from R125.1 million in 2011/12 to the revised estimate of R251.6 million in 2014/15 mainly at an annual average rate of 26.2 per cent. The increase is due to normal inflationary increases and the once-off allocations as stated above. Over the medium term the expenditure is expected to decrease at annual average rate of 3.9 per cent which is within the inflationary projections.

**Transfers and subsidies:** Over the MTEF the total departmental transfers are projected to decrease slightly from the revised estimates of R193 million in 2014/15 to R190.3 million in 2015/16 which is mainly on departmental agencies (non-business entities) due to the additional allocation of R3.5 million in 2014/15 to the North West Provincial Council on Aids.

**Payments for capital assets:** The expenditure increased from R4 million in 2013/14 to R102.9 million in 2014/15 is due to the MRRRP and the replacement of outdated information technology equipment. In 2015/16 the amount of R100 million for MRRRP has contributed in a recorded increase of 100.3 per cent in 2016/17.

## 7.4 Infrastructure payments

Table 1.5 : Summary of provincial infrastructure payments and estimates by category

| <b>Total department infrastructure</b>       | -       | -       | -       | <b>140 000</b>     | <b>140 000</b>                    | <b>90 000</b>    | <b>100 000</b>        | -       | -       |

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

### 7.4.1. Departmental infrastructure payments

The Office of the Premier began the infrastructure spending in 2014/15 with main appropriation of R140 million mainly for MRRRP. The total infrastructure budget is allocated for the following 8 projects:

- Redesign of Mmabatho Stadium-Upgrade;
- Convention Centre-extension;
- Upgrade of Road Infrastructure-New;
- Mahikeng beautification-New;
- Upgrade of Call Centre-Upgrade;
- Security Checkpoints/traffic control;
- Garona beautification; and
- Upgrade of Bop Rhino Studio-Rehabilitation.

Spending in the current financial year amounts to R10 million or 7.2 per cent against the adjusted appropriation or R140 million. The department projects the revised estimate of R90 million as at the end of 2014/15. The department has reprioritised an amount of R50 million to current payment in 2014/15 for other current projects in line with MRRRP hence the projected revised estimate of R90 million against the adjusted appropriation R140 million.

The infrastructure budget is projected to increase from the revised estimate of R90 million in 2014/15 to R100 million in 2015/16 at a year-on-year growth of 11 per cent. There is no allocation over the MTEF as projects are expected to be completed in 2015/16.

### 7.4.2. Maintenance (Table B 5)

None

## 7.5 Departmental Public-Private Partnership (PPP) projects

None

## 7.6 Transfers

### 7.6.1 Transfers to Public entities

Table 1.6 below reflects transfers to public entities for the period of seven years from 2011/12 to 2017/18

Table 1.6 : Summary of departmental transfers to public entities

| R thousand                          | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| <b>Total departmental transfers</b> | <b>142 834</b> | <b>153 631</b> | <b>210 033</b> | <b>184 482</b>     | <b>187 982</b>                    | <b>187 982</b>   | <b>184 241</b>        | <b>193 853</b> | <b>204 127</b> |

The actual outcome for Transfers to entities increased from R142.8 million in 2011/12 to the revised estimate of R187.9 million in 2014/15 due to increase administration costs of the public entities. Over the Medium term the transfer is expected to increase to R204.1 million in 2017/18.

The Office of the Premier transfer funds to the following departmental agencies North West Parks and Tourism Board and the North West Provincial Council on Aids.

The North West Parks and Tourism Board assists the government in promoting tourism and nature conservation in the province. This is done through a number of subsidiaries some of which are run on a commercial basis and are therefore sustainable. The decrease in 2014/15 was mainly due to the once-off allocation for turnaround strategy of Dirapeng in 2013/14. Over the medium term the transfer is expected to increase at an annual average growth of 3.3 per cent.

The Provincial Aids Council provides aids awareness in the province and works closely with other structures of government in this regard. It has put up several district structures to ensure its message is carried to all corners of the province. The transfer is expected to decrease in 2015/16 by 14.1 per cent due to the once-off allocation of R3.5 million during the 2014/15 adjustment budget allocated for the outstanding audit fees. In 2016/17 and 2017/18 the transfers will increase by 4 per cent and 5 per cent which is in line with the inflationary projection rate.

### 7.6.2 Transfers to Non-profit organisations

Table 1.7 : Summary of departmental transfers to other entities

| R thousand                          | Outcome    |            |            | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |            |            |
|-------------------------------------|------------|------------|------------|--------------------|-----------------------------------|------------------|-----------------------|------------|------------|

| <b>Total departmental transfers</b> | <b>790</b> | <b>790</b> | <b>790</b> | <b>840</b>         | <b>840</b>                        | <b>840</b>       | <b>840</b>            | <b>885</b> | <b>930</b> |

**A-Re-Ageng** - A re Ageng operates as the provincial growth and development advisory forum and was established by the Executive Council during 1998. The Provincial Government contributes towards the administration of the forum through an annual financial grant. The Forum accounts to Government by the submission of an annual report to the Premier for tabling in the Legislature at the Premier's discretion. Funds are transferred to A re Ageng in tranches and prior to the transfer compliance with Section 38 of the Public Finance Management Act is ensured.

The allocation for transfers and subsidies to NGO remained constant at R790 000 from the 2011/12 to the 2012/13 financial years. In 2014/15 there was a slight increase to R840 000, over the MTEF transfers are projected to increase to R930 000 in 2017/18 due to normal inflation increases.

### 7.6.3 Transfers to local government

None

### 8. Receipts and retentions

None

## 9. Programme Description

### Programme 1: Administration

#### Description and objectives

This programme supports the Premier and Director General with strategic leadership and co-operative governance by performing internal strategic, administrative as well as financial management services on behalf of the Office of the Premier

The Programme renders it's services through the following subprogrammes:

**Premier Support:** To co-ordinate and provide the administrative and political support services to the Premier.

**Executive Council Support:** To provide administrative and secretarial support to the Executive Council and the Director General.

**Director-General Support:** To provide integrated administrative and secretariat support to the Director General.

**Financial Management:** To provide effective and efficient supply chain, transport and asset management services in the Office.

| <b>Total economic classification</b>                | <b>59 532</b> | <b>67 151</b> | <b>62 226</b> | <b>227 344</b>     | <b>250 844</b>                    | <b>198 705</b>   | <b>198 318</b>        | <b>103 413</b> | <b>110 756</b> |

The increase from R59.5 million in 2011/12 to R198.7 million in 2014/15 is mainly as a result of increased spending on compensation of employees due to appointments of additional staff. The increase was also due to the once-off allocations in 2014/15 of R132 million for the Mahikeng Rebranding, Repositioning and Renewal Programme, R15 million for the Bokone Bophirima Soccer Cup Challenge and R10 million for the Call Centre.

Over the medium term the budget is expected to decrease at a year-on-year decline of 0.2 per cent in 2015/16, 47.9 per cent in 2016/17 due the once-off allocation mentioned above. In 2017/18 the budget is projected to regain its growth to 7.2 per cent due to the inflationary projection.

**Compensation of employees:** Spending over the past financial year has grown at an annual average rate of 18.2 per cent from 2011/12 to the revised estimate in 2014/15. The increase is mainly due to the internal re-organisation where some components were transferred from Programme: Institutional Development.

**Goods and services:** The increase in spending from R15.1 million in 2011/12 to the revised estimate of R84.9 million in 2014/15 is due to the R50 million for the revival of the Mahikeng and Pilanesburg airport routes and R10 million for the Bokone Bophirima Soccer Cup. Over the medium term the budget is expected to decrease due to the once-off allocation in 2014/15.

**Transfers and subsidies:** The allocation for transfers and subsidies under Departmental agencies and accounts is for the Provincial Council on Aids. This transfer is projected to decrease at an annual average of 2 per cent due the once-off additional allocation in 2014/15. The allocation for Transfers to households is for the Premier's Discretionary fund and leave gratuity.

**Payments for capital assets** spending has increased over the past financial years at an annual average rate of 229 per cent between 2011/12 and 2014/15 due to the once-off allocation of the MRRRP capital projects in 2014/15 and 2015/16. Over the MTEF the budget is expected to decline mainly due to the aforementioned once-off allocations.

## Programme 2: Institutional Development

### Description and objectives

The Programme is primarily mandated to facilitate and render corporate support services on request to provincial departments and to coordinate and consolidate reporting on corporate support services on behalf of the provincial government. The Programme is also mandated to render core management support within the Office of the Premier. Strategic leadership, knowledge and management capacity have further been established to initiate special strategic and priority interventions regarding information technology and communications and the promotion of security and anti-corruption in the provincial public sector.

The programme consists of the following five sub-programmes:

**Strategic Human Resource Management:** This sub-program renders provincial support services on human resource and capital formation issues and is mandated to render human resources corporate services to all provincial departments, including the Office of the Premier and consists of the following sections.

**Information Communication Technology:** This sub-programme is co-ordinating, facilitating and monitoring the design and implementation of an information technology strategy and the development of an effective and efficient E-Government system and the maintenance of quality and quantity electronic delivery standards in the province.

**Legal Services:** This sub-programme provides legal support services to all departments and certain public entities.

**Communications:** This sub-programme is mandated to promote and market the province through good media relations and external communication services on behalf of the provincial government and to give strategic leadership and corporate support to government communication units within government departments.

**Programme Support:** This sub-programme is aimed at the facilitation and monitoring of the implementation of Minimum Information Security Standards (MISS) and Anti-Corruption Initiatives in the North West Provincial Government and at performing forensic and anti-fraud investigations in the province.

| <b>Total economic classification</b>                | 197 655 | 187 546 | 210 829 | 202 904            | 182 642                           | 208 817          | 210 697               | 216 762 | 228 765 |

The total expenditure for this programme increased from R197.7 million in 2011/12 to R208.8 million in 2014/15. The increase in expenditure is mainly due to the need to ensure that the special strategic and priority interventions regarding information technology and communications as well as the promotion of security and anti-corruption in the provincial public sector is fulfilled. Institutional Development is expected to grow by an average of 3.1 per cent over the MTEF period. This is mainly due to budget cuts which were mainly absorbed by this programme.

**Compensation of employees:** Expenditure over the past financial year has increased slightly at an annual average growth 2.9 per cent between 2011/12 and 2014/15 the decline is in line with the decreasing trend in personnel numbers. The personnel numbers declined from 270 in 2013/14 to 212 in 2014/15, this was mainly due to internal staff placements in line with organizational structure.

The increase between 2014/15 and 2015/16 financial years is 22.5 per cent. The high increase is due to the revised estimates being based on actual expenditure as at end of the third quarter. If the adjusted allocation for 2014/15 is used, the growth rate over the MTEF period averages 8.6 per cent. The slightly higher than inflation growth is due to the fact that the amounts transferred to Programme: Administration was not effected over the MTEF period.

The allocation for compensation of employees over the medium term is expected increase to R112.1 million in 2017/18 at an annual average growth of 10.7 per cent due operationalization of the new structure which is funded within the MTEF period.

**Goods and services;** Expenditure in 2012/13 increased by R11.7 million to R116.5 million in 2014/15 due to the increase in expenditure on Provincial events. In 2015/16 the expenditure is expected to decrease with a year-on-year growth of 10.8 per cent due to budget cuts which were mainly absorbed by this programme. In the two outer years the budget increases minimally by 0.3 per cent and 6.1 per cent respectively mainly due to inflationary projections.

**Transfers and subsidies:** The budget allocated under this item is mainly for Transfers to households - Bursaries. The decrease from R19 million in 2011/12 to R3 million in 2014/15 is a result of the suspension of new bursary allocations. Over the MTEF the transfers will decrease further to R1.8 million as a result of the decentralization of bursary allocations to various provincial departments.

**Payment for capital assets:** Capital assets expenditure decreased from R7.2 million in 2012/13 to R1.9 million in 2013/14 due to delays in the procurement of equipment for the Information Technology unit. The allocation of R6.5 million in 2014/15 includes R5 million for information technology upgrades. Over the medium term, the budget is projected to decrease to R4.1 million due the once off allocation for information technology upgrades.

### Service delivery measures: Programme 2: Institutional Development

| Performance Measures   | Estimated Annual Targets |         |         |
|--|--------------------------|---------|---------|

### Programme 3: Policy and Governance

#### Description and objectives

The purpose of this programme is to promote international relations and intergovernmental cooperative governance across all three spheres of government and social partnerships. The programme is also mandated to contribute information and knowledge with regard to provincial growth and development policy and strategy formulation and rendering of results-based management services with accelerated implementation of the provincial strategy and plan, contribute information and knowledge with provincial growth and development policy and strategy formulation and to render coordination and support services for the accelerated implementation of the provincial growth and development strategy and plan.

The programme consists of the following sub-programmes:

**Inter-Governmental Relations:** This sub-programme aims at the facilitation and strengthening of international and intergovernmental visits and relations; the coordinated implementation of agreements reached and resolutions formulated; and the rendering of professional secretariat services regarding meetings and appointments with local stakeholders and role players.

**Provincial Policy Management:** This sub-programme is mandated to contribute information and knowledge with provincial growth and development policy and strategy formulation and to render results based management services with the accelerated implementation of the provincial strategy and plan. The formulation and accelerated implementation of the Provincial Growth and Development Strategy (PGDS) runs as a central theme through all systems and structures in the public service.

**Premier's Priority Programmes:** This sub-programme makes provision for special priority programmes that the Premier, in his discretion, should launch in the province.

**Programme Support:** This support programme gives attention to the Core Management Duties that must be performed on a regular basis by all managers in terms of the official planning and operational cycle in operation in government.

During the 2011/12 and 2014/15 the expenditure increased from R174.5 million to the revised estimate of R321.5 million at an annual average rate of 22.6 per cent. In 2014/15 the following functions and its budget were transferred to the Office of the Premier:

- Community Development Workers; and
- North West Parks and Tourism Board.

Over and above the transfer of functions, the programme received the additional allocation of R5 million for Youth Enterprise Support and R5 million for Youth Centre. Over the MTEF the budget is projected to increase by a minimum of 0.02 per cent in 2015/16, 4.2 per cent and 4.9 per cent in 2016/17 and 2017/18 respectively.

**Compensation of employees:** The growth in compensation of employees spending between 2011/12 and 2014/15 increased at an annual average rate of 65 per cent. The recorded expenditure is due to the increase in number of personnel from 84 in 2013/14 to 397 in 2014/15. Over the medium compensation spending is projected to increase to R120.8 million at an annual average rate of 6.9 per cent due to the projected salary increases.

**Goods and Services:** Spending is expected to decrease from the revised estimate of R50.1 million to R43.7 million in 2017/18 at annual average rate of 4.3 per cent due the once-off allocation of R5 million for Youth Enterprise Support and R5 million for Youth Centre.

**Transfers and subsidies:** This programme transfer funds to North West Parks and Tourism Board an A re Ageng. Over the medium term Transfers and subsidies is projected to increase at an annual average rate of 3.6 per cent which is in line with the inflationary projection.

### Service delivery measures: Programme Policy and Governance

| Performance Measures   | Estimated Annual Targets |         |         |

Training in the department and the whole province is coordinated by the Human Resources Management unit as per the workplace skills development plan. Individual employees' personal development plans as incorporated in performance agreements is also taken into cognisance when planning for acquisition of skills. The amount set aside for staff training is more than the required 1 per cent due to the greater shortage of skills in the province.

The number of learnerships appointed since 2011/12 is 20 this trend continues throughout the MTEF. The reason for this static figure is that this is a one year programme and in order to train the learners and transfer skills, a limited number is taken per year.

The number of training opportunities identified was 349 in 2011/12 and 341 in 2012/13. The increase from 341 in 2012/13 to 442 in 2013/14 is mainly as a result of attendance of more short courses identified where one employee would attend more than 1 short course.

## 9.3.3 Reconciliation of structural changes

There are no structural changes.

## **Annexure to the Estimates of Provincial Revenue and Expenditure**

Table B.1: Specification of receipts: Office Of The Premier

| R thousand  | Outcome    |            |              | Main appropriation | Adjusted appropriation | Revised estimate | Medium-term estimates |            |            |

1. A permanent employee is someone who is employed for an indefinite period. This period may be full time or part time.

3. A temporary employee is someone who is employed for a fixed time period for a specific task only.

4. A contract employee is appropriate where certain specialist skills are needed on a temporary basis; the contractor is required to provide a result, act independently and invoice the client.

5. A part time employee is someone who is employed for a set number of hours each week that are less than the full-time hours for the same position.

6. A full time contract worker is someone employed for a fixed term excluding a casual worker or an employee to whom a retirement age applies.

7. An Intern is a person employed in the public service in an internship programme, for unemployed graduates who do not have any work experience in the field for which they have studied.

8. A learnership agreement is a contract for a specific time period between a learner; an employer and a training provider.

1. A permanent employee is someone who is employed for an indefinite period. This period may be full time or part time.

3. A temporary employee is someone who is employed for a fixed time period for a specific task only.

4. A contract employee is appropriate where certain specialist skills are needed on a temporary basis; the contractor is required to provide a result, act independently and invoice the client.

5. A part time employee is someone who is employed for a set number of hours each week that are less than the full-time hours for the same position.

6. A full time contract worker is someone employed for a fixed term excluding a casual worker or an employee to whom a retirement age applies.

7. An Intern is a person employed in the public service in an internship programme, for unemployed graduates who do not have any work experience in the field for which they have studied.

8. A learnership agreement is a contract for a specific time period between a learner; an employer and a training provider.

## 1. Overview

### Vision

Democratic, Non Racial, Non Sexist, Transparent and Activist Legislature

### Mission

- To initiate transformation laws.
- To promote public participation and transparency in an accountable manner.
- To establish and maintain a skilled administration to participate effectively in the Core business of the Legislature.
- To empower Members of the Legislature so as to effectively participate in the business of the legislature.
- To ensure integration, co-operation and co-ordination between the Legislature and Parliament.

### Strategic goals

The Provincial Legislature has the following four strategic goals:

- Effective and efficient oversight over the executive and all organs of state, so as to ensure necessary accountability and delivery on their mandate.
- Enhancing the policy and legislative capacity of the legislature in order to pass transformative legislation.
- Promoting good corporate governance.
- Enhancing public awareness and effective participation of the public and stakeholders in the legislature activities and business.

### Core functions of the Legislature

In order to achieve the above strategic goals, the North West Provincial Legislature (NWPL) is responsible for carrying out the following core functions:

- To make laws for the province. Essentially, this means that the North West Provincial Legislature has a duty to improve the quality of life for the people of North West Province by creating laws that are just and responsive to the people's needs.
- To provide support to Committees and the Institution by ensuring public participation in all its programmes.

- To oversee the provincial government – it is the North West Provincial Legislature’s duty to ensure that the government of North West uses its authority in a responsible manner, and that it implements the province’s legislation in the best interest of the people of this province.

### **Legislative and other mandates**

- The Constitution of The Republic of South Africa;
- The Independent Commission for the Remuneration of Public Office Bearers Act, 1997 (Act 92 of 1997);
- Public Finance Management Act 1 of 1999;
- Treasury Regulations, Frameworks, Guides and Best Practices;
- Division of Revenue Act 2014;
- Basic Conditions of Employment Act 75 of 1997;
- Employment Equity Act 55 of 1998;
- Labour Relations Act 66 of 1995;
- Promotion of Access to Information Act 3 of 2000;
- Promotion of Administrative Justice Act 2 of 2000;
- National Key Point Act 102 of 1980;
- North West Petitions Act No. 2 of 2010;
- The Political Party Funding Act No. 03 of 2010;
- The Political Party Fund Regulations;
- Ministerial Handbook;
- Mandating Procedures Act No. 52 of 2008 ;
- The Legislative Sector Oversight Model;
- The Preferential; Procurement Policy Framework Act No. 05 of 2000;
- The Broad Based Black Economic Empowerment Act No. 53 of 2003;
- Appropriation Act of 2014;
- Adjusted Appropriation Act No. 07 of 2012;
- The National Archives of South Africa Act No.43 of 1996, as amended;
- Skills development Act No. 97 of 1988;
- Compensation of Ill-health and Disability Act No. 13 of 1993;
- Occupational Health and Safety Act No. 85 of 1993; and
- National Strategic Intelligence Act No. 67 of 2002.

**NB. The Financial Management of Parliament Act 2009 Act no. 10 of 2009 as amended.**

### **Policies specifically developed by the Legislature are amongst others:**

- North West Standing Rules of the Legislature;
- North West Tabling Guide;
- North West Oversight Model;
- North West Members Enabling Facilities Policy;
- North West Fund Raising Policy;
- Policy on Performance Information;
- Supply Chain Policy;
- Asset disposal and Management policy;
- Subsistence and Travelling Policy;
- Car Allowance Policy;
- Cell phone Policy;

- Corporate Dress Code policy;
- Job Evaluation Policy;
- Staffing Policy;
- Leave Policy;
- PMDS Policy;
- Smoking policy;
- Funeral Policy;
- Disability policy;
- Records Management Policy;
- IT Policy;
- Edited Backup Policy;
- Email Policy;
- IT Security Policy; and
- User Account Management Policy.

### **1.1 Aligning departmental budgets to achieve government's prescribed outcomes**

All fourteen outcomes are relevant to the NWPL in that the Legislature is responsible for the execution of the oversight function over the executive and other organs of state. For this reason the role of the Legislature is to ensure through its mandate as enshrine in the constitution that departments and organs of state adhere to the implementation of the outcome based approach.

## **2. Review of the current financial year (2014/15)**

Section 2 provides a review of the 2014/15 annual performance, outlining the main achievements and progress made by the Provincial Legislature during the year, as well as giving a brief discussion on challenges and new developments. The following are the major achievements in 2014/15:

### **Fifth Democratic Parliament**

South Africa's fifth democratic election on 7 May 2014 resulted in the formation of the fifth democratic Parliament. The NWPL as part of South Africa's fifth democratic Parliament held its first sitting on 21 May 2014 at the Legislature Chamber to swear in new MPLs and formally elect the Speaker of the NWPL and the Premier, who is the head of province as required by Section 107 read with Section 111(1), Section 128(2) and Section 129 of the Constitution of the Republic of South Africa. The 33 new members of parliament representing 4 political parties were sworn in at the Provincial Legislature Chamber in Mmabatho – in a ceremony which was presided over by a High Court Judge.

### **Religious Sectoral Parliament**

On the 25 July 2014, the North West Provincial Legislature hosted the Religious Sectoral Parliament under the theme; "The Role of Religion in Moving South Africa Forward" in the Legislature Chamber.

The Religious Sectoral Parliament was established with the aim of strengthening relationship between the Legislature and the Religious groups. The event afforded the Legislature an opportunity to interact with the religious groups and assess avenues for positive contribution in moving the province forward.

The Sectoral Parliament also allowed the religious groups to develop a spiritual mechanism of dealing with social problems and create a programme which will assist government in addressing the growing challenges of satanic rituals in schools. The Legislature is forging ahead with advancing moral regeneration in collaboration with these groups.

Different representatives from the Office of the Premier; the Department of Education and Sport Development; Moral Regeneration Desks in municipalities; North West University – Faculty of Theological Studies and different faith-based organizations and religious groups attended the event.

### **Local Government Committee visited Lekwa-Teemane Local Municipality**

The North West Provincial Legislature's Portfolio Committee on Local Government and Human Settlement conducted oversight visit in Lekwa-Teemane Local Municipality at the Bloemhof Council Chamber. The Committee interacted with the municipality over capacity of the water treatment plant, cleanliness of reservoir, water contamination in sewage system, community awareness campaign on vandalism of property and general service delivery issues. The meeting was attended by the Mayor, Members of the Municipal Council and Municipal Manager including senior management of municipality.

### **North West Provincial Legislature Conducted Public Hearings on North West Appropriation Bill 2014**

The North West Provincial Legislature's Portfolio Committee on Treasury, Enterprise Development and Provincial Affairs conducted public hearings on the North West Appropriation bill 2014.

The public hearings were held at Setlhwathe Community Hall in Setlagole; Lebaleng Community Hall in Maquassi Hills; Southey Community Hall in Southey near Ganyesa and Swartboom Community Hall, Swartboom near Makapanstad on the 25 July 2014. The North West Appropriation bill 2014, aims to provide for the appropriation of amounts of monies from the North West Provincial Revenue Fund for the requirements of the province in the 2014/2015 financial year. It is a money bill that has set aside a sum of money from a budget from the Government coffers for a specific purpose. Part of the Legislature's mandate is to promote public participation & oversight, therefore the Bill intends to hear the voice of the community with regards to how funds should be allocated into various Government structures. This will be in the spirit of open democracy, transparency & accountability. The funds appropriated by the Legislature to the government departments should be spent in terms of the Public Finance Management Act No 1 of 1999, as amended.

### **Mandela Day**

Nelson Mandela International Day (or Mandela Day) is an annual international day in honour of Nelson Mandela, celebrated each 18 July (on Mandela's birthday). The day was officially declared by the United Nations in November 2009, with the first UN Mandela Day held on 18 July 2010. However, other groups began celebrating Mandela Day on 18 July 2009. The objective of Nelson Mandela International Day is to inspire people of this province to take action to help change the province for the better. The NWPL celebrated this event in Pied Plessis (Ganyesa) in 2014/15 financial year and it is planned to be an annual event going forward.

## **APAC Conference**

The North West Provincial Legislature in partnership with the Association of Public Accounts Committees (APAC) hosted the 15th Annual APAC conference at the Sun City Hotel and Convention Centre in the North West Province on the 22 – 25 September 2014 at 09h00. This year's conference took place under the theme: "Enhancing oversight towards ensuring quality service delivery for all citizens."

Discussions focused on, amongst others, oversight on the public purse and how to address the current challenges on fruitless and wasteful expenditure identified by the Auditor-General which amounts to billions of rands. Public Accounts Committees of the following countries were in attendance; Australia, Namibia, Botswana, Kenya, Liberia, Malawi, South Sudan, Tanzania, Uganda, Zambia, Zimbabwe and South Africa which includes the National Assembly, Provincial Legislatures, and about 278 local municipalities. The Deputy President of the Republic of South Africa delivered the key note address.

## **3. Outlook for the coming financial year (2015/16)**

Section 3 looks at the key focus areas of 2015/16, outlining what the Provincial Legislature plans to achieve during the year, as well as briefly looking at challenges and proposed new developments.

## **Sector Oversight Model**

The NWPL has adopted the Sector Oversight Model (SOM). The South African Legislative Sector Model (SOM) was developed in consultation with various stakeholders by the National Speakers' Forum. A first of its kind, SOM was developed as a standard model to be used by South African Parliament and Legislatures as a mechanism to hold the executive accountable. According to the SOM each and every Committee must have its own researcher and information officer. It is anticipated that the adoption of this model will enhance oversight in the next MTEF cycle.

## **Commissioned Research and Forming Partnerships with Institutions of Higher Learning**

Due to highly specialized research initiatives needed to support Portfolio Committees, the NWPL has, as a policy directive of the Speaker to the NWPL, embarked on forming relationships with institutions of higher learning. As a result the Division has embarked on a process of forming partnerships with Research and Academic Institutions with a view to collaborating on sharing knowledge, training, establish research partnerships and commissioning some research initiatives and this will need a substantial amount of money to achieve. This will also culminate in the implementation of memoranda with the various institutions so as to facilitate the undertaking of two (02) commissioned research projects. The reason for outsourcing some of the research projects is that some aspects that need pro-active research are highly specialized and need professional services in that regard.

## **Sectoral Parliaments**

Sectoral Parliaments play an important role in the efforts of the North West Provincial Legislature to extend participation in its workings to all parts of the population, irrespective of age, class, creed, gender, race or religion. They are part of the embodiment of the idea of Legislature supremacy which underpins the central founding document, the Constitution of the Republic of South Africa, i.e. rule "of the people, by the people, for the people, and through the people." Sectoral Parliaments can take various forms and be mounted in various places. The NWPL has therefore increased the number of sectoral parliaments from five to eighteen in order to expand public participation and to enhance democracy in the province.

## **Legal Unit**

The North West Provincial Legislature is the law-making body of Province. As such, one of its major functions is to pass new laws, to amend existing laws, and to repeal or abolish (cancel) old laws. This function is guided by the Constitution of South Africa, which governs and applies to all law and conduct within South Africa. The NWPL will as a result strengthen its lawmaking capacity by appointing additional legal advisors within the legal division.

### **Establishment of Municipal Public Participation and Oversight Offices**

The NWPL plans to establish 19 municipal Public Participation and Oversight Offices which will be aimed at ensuring easy access to the Legislature and visibility by the public. These offices will complement our newly established district offices.

### **Establishment of a Maintenance Unit**

The North West Provincial Legislature intends to establish a maintenance unit which will be responsible for the maintenance needs of both the NWPL and Ga-Lowe Parliamentary village .This will also include the security of members of the parliamentary village. Further engagements are going to be made by with the MEC for Public Works and Roads regarding this.

### **Training for Members and Staff**

The North West Provincial Legislature has signed a Memorandum of Understanding (MoU) with the North West University. The aim of this MoU is to assist in capacity building for both members of the NWPL and Staff. This important venture will be led by the Deputy Speaker. Focus of this initiative will be to:

- Conduct an assessment of each units functionality and capacity;
- Assist the NWPL in capacity building towards the realization of its constitutional mandate;
- Deploying research students to assist and capacitate Portfolio and Standing committees and internal Researchers on research process related to oversight; and
- Assist the Research Unit to establish its own database and preserve the institutional memory.

## **4. Reprioritization**

None

## **5. Procurement**

Information can be found in the Provincial Legislature's procurement plan.

## **6. Receipts and Financing**

### **6.1 Summary of Receipts**

The table 2.1 below reflects the sources of funding for the period 2011/12 to 2017/18. The table also illustrates the comparative figures for actual and budgeted receipts against actual and budgeted payments.

Table 2.1 : Summary of receipts

| <b>Total receipts</b> | <b>163 984</b> | <b>185 779</b> | <b>210 708</b> | <b>276 890</b>     | <b>313 324</b>                    | <b>308 151</b>   | <b>273 019</b>        | <b>289 975</b> | <b>307 474</b> |

The North West Provincial Legislature is primarily funded through the equitable share. The budget increases from R277 million in 2014/15 to R307 million in 2017/18 or by 10 per cent over the MTEF period. The substantial increase in the seven year budget period is attributable to the efforts that the Provincial Treasury is making in order to correct the baseline of the NWPL so that the NWPL can implement its constitutional mandate of strengthening oversight, public participation and law making.

## 6.2 Departmental receipts collection

North West Provincial Legislature does not collect any revenue.

## 7. Payment Summary

### 7.1 Key Assumptions

The North West Provincial Legislature is guided by rebranding the Legislature that puts the House and its committees' functions at the centre of its business in developing the 2015/16 MTEF budget. To arrive at these estimates, the following inputs were taken into account:

- The North West Provincial Legislature's approved personnel structure and the projected inflation adjustments to determine the personnel budget. Compensation of employees for 2015/16 was factored with 6.2 per cent, 2016/17 by 5.8 per cent and 5.8 per cent for 2017/18 financial year;
- Statutory allocation for compensation of Members of the Provincial Legislature;
- The maintenance, support and licensing of the Oracle system, IT infrastructure and network Political Parties funding for both caucus and constituency work for Members of the Provincial Legislature;
- The number of estimated House sittings and committee meetings;
- Public hearings to be conducted for bills;
- Public Participation to enhance by increasing the number of sectoral parliaments;
- Support to Portfolio and Select Committees of the Legislature in terms of research services and coordination of activities; and
- The North West Provincial Legislature's strategic projects to enhance its effectiveness and efficiency.

### 7.2 Programme Summary

The services rendered by the Provincial Legislature are categorized under two programmes namely, Administration and Legislature Operations, which are aligned to the revised uniform budget and programme structure. Note that the Statutory Payments is the member's remuneration which forms a direct charge on the Provincial Revenue Fund and therefore, it is not treated as a programme.

Table 2.2 : Summary of payments and estimates by programme: Provincial Legislature

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

The spending focus over the medium term will be on: improving oversight between the provincial legislature and other organs of state, increasing the number of public participation events and public hearings, continuing with outreach programmes such as “Ore bone re go Bone”, increasing participation on international forums and providing support to the fifth democratic parliament.

In order to achieve the above mentioned functions, the NWPL budget increases substantially over the seven year period. There is however a slight dip in the NWPL budget for 2015/16 from 2014/15 due to once-off amount of R15 million that was allocated to the NWPL in the 2014/15 financial year by the Provincial Treasury so that the NWPL can address their immediate needs. The budget however reflects a healthy growth throughout the MTEF period.

**Programme 1: Administration:** There is a slight dip in the 2015/16 budget allocated for this programme when compared to 2014/15 as a result of an additional amount of R5 million that was allocated to this programme from the R15 million that was allocated to the NWPL by the Provincial Treasury. Of this amount, R3 million was allocated to Compensation of Employees, in order to fund additional posts that were identified by the Hon. Speaker as crucial in assisting the NWPL to fulfill its constitutional mandate and to fund the roll out of the sector oversight model. R2 million was allocated to the Office of the Speaker for the financing of upcoming Speakers projects like Africa Day and Common Wealth Day. The programme reflects a healthy growth of 12 per cent throughout the MTEF period.

**Statutory Payments** provides for members’ salaries and grows by 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.8 per cent in 2017/18.

**Programme 3: Legislature Operations:** The programme also experiences a dip as a result of an amount of an additional R10 million that was allocated to this programme in the 2014/15 financial year. R5 million of this amount was allocated to Public Participation to fund additional sectoral parliaments and a further R5 million was allocated to salaries for funding new posts that were identified and approved by the Speaker. An additional R3 million was allocated by the Provincial Treasury in the final year of the MTEF. This amount will be allocated to Committee Services and Public Participation in order to finance public hearings and sectoral parliaments respectively.

### 7.3 Summary of Economic Classification

Tables 2.3 provide a summary of payments and budgeted estimates by economic classification for the period 2011/12 to 2017/18.

**Table 2.3 : Summary of provincial payments and estimates by economic classification: Provincial Legislature**

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2013/14 | Revised estimate | Medium-term estimates |                |                |

| <b>Adjusted total economic classification</b>   | <b>163 984</b> | <b>185 779</b> | <b>210 708</b> | <b>276 890</b>     | <b>313 324</b>                    | <b>308 151</b>   | <b>273 019</b>        | <b>289 975</b> | <b>307 474</b> |

The difference in the amount budgeted for Compensation of Employees in the 2015/16 can be attributed to an additional amount of R8 million rand that was allocated to salaries in 2014/15 in order to fund additional posts from the revised new structure approved by the Hon Speaker. The NWPL will fill only those posts that are deemed to be critical over the MTEF. Apart from the dip mentioned above, Compensation of Employees shows a reasonable growth over the seven year period as a result of wage adjustments of the NWPL staff.

The slight decrease in Goods and Services in 2015/16 is because of an additional amount of R7 million that was allocated in 2014/15 for Speakers projects and also to fund the additional Public Participation events. Cost curtailment measures have however been implemented in this economic classification in order to help the NWPL to spend within the allocated budget. Goods and Services reflected a healthy growth in the seven year period.

Growth which comprises of the secretarial and constituency allowances, as well as the Political Parties Fund, shows a steady increase over the seven-year period, despite the capping of the Political Party Funding.

Machinery and Equipment decreases in 2015/16 due to a once-off amount R1.5 million that has been allocated to Corporate Services for the purchase of software for the oracle system.

#### 7.4. Infrastructure payments

None

#### 7.5 Departmental Public – Private Partnership (PPP) projects

None

#### 7.6 Transfers

The bulk of the amount budgeted under Transfers and Subsidies are funds that are supposed to be paid to Political parties for travelling and accommodation in terms of the Ministerial Handbook. These funds are budgeted for under programme 3: Legislature Operations.

An amount of R31 million, R32.8 million and R34.4 million was budgeted for Political Party Funding for the period 2015/16 to 2017/18.

##### 7.6.1 Transfers to public entities

None

##### 7.6.2 Transfers to other entities

None

##### 7.6.3 Transfers to local Government

None

#### 8. Receipts and Retentions

The North West Provincial Legislature is not required to return unspent funds to the Provincial Revenue Fund. All unspent funds from previous years will therefore be held as Retained Funds in terms of sections 22(1) of the Public Finance Management Act, 1999.

Over the past three years, the Provincial Legislature under spent by an average of 14.92 per cent (R6 million) in 2010/11 and in 2011/12 by R2.3 million and in 2013/14 it amounted to R36.4 million which was not surrendered to Treasury. Approval was granted by the Provincial Treasury to use the funds as follows: Public Participation and Petition –Bills received R10 million, Salaries for newly established posts

received R11 million, Policy, Research and Committees also received an amount of R5 million, Training of officials/ staff was allocated R464 thousand and Common Wealth Parliamentary Association received R10 million.

## 9. Programme description

### Programme 1: Administration

#### Description and objectives

To enable the administration to render support services that will enable members to fulfil their constitutional mandate.

Table 2.5 : Summary of payments and estimates by sub-programme: Administration

### Office of the Speaker

This office provides political and administrative leadership to the North West Provincial Legislature and ensures the provision of protocol services to Members. The bulk of the budgeted funds are for Travel and Subsistence for the Hon. Speaker and Hon Deputy Speaker as well as support staff. The balance of the budgeted amount is for projects like World Aids Day and Mandela Day that are hosted by the Hon. Speaker. An additional once-off amount of R2 million was allocated in this sub programme in the 2014/15 financial year for the hosting of Africa Day and the Commonwealth parliament. Other than the once-off amount mentioned above, the budget of the Office of the Speaker decreases by 29 per cent in the first year of the MTEF period as a result of funding for once-off projects that were undertaken by this

office in the 2014/15 financial year. The budget of this office increases by 10.45 per cent and 5 per cent in the 2016/17 and 2017/18 financial years respectively. The allocated funds increase over the MTEF is due to the projected inflation outlook provided by national treasury.

### **Office of the Secretary**

This office coordinates planning, performance monitoring, evaluation and reporting, and ensures effectiveness of Risk management and governance processes. The funds budgeted for under this sub programme are for operational costs for the Accounting Officer, the Deputy Secretary, the newly established Risk office and the Strategic and Business Planning including travel and subsistence of the Secretary to the North West Provincial Legislature and support staff as well as the development of annual business plans, review of performance plans as well as unit business plans. The increase in the amount allocated is due to additional funds allocated by the Provincial Treasury to the North West Provincial Legislature for the correction of the baseline. An additional amount of R1 million was allocated to this cost centre in the 2013/14 financial year, this amount increases steadily through-out the MTEF period.

### **Financial Management**

Financial Management provides efficient and effective financial management, and includes the CFO's office, Supply Chain Management and Financial Management. The main purpose is to plan the North West Provincial Legislature budget, as well as to monitor, evaluate expenditure. Various costs relating to the vote as a whole are budgeted for in this sub programme, such as machinery and equipment, communication costs, payments for photocopying machines and payment contactors. The budget for this sub programme increases by 4.6 per cent, 7.6 per cent and 5 per cent in the 2015/16, 2016/17 and 2017/18 financial years respectively.

### **Corporate Services**

Corporate Services provides sound corporate resource system in support of the business objectives of the North West Provincial Legislature, through human resource, ICT, communication, legal services, labour relations, security management and institutional support (i.e. records management, cleaning services etc.). This sub programme also is responsible for the compensation of employee's budget for staff that falls under Programme Administration. The bulk of the budgeted amount under goods and services is for the oracle system maintenance, security system of the North West Provincial Legislature, and training of staff, registry and bursaries for staff, travel and subsistence for staff that fall under this sub programme, advertisements for vacant posts as well as legal fees.

The increase in the budget for the 2014/15 financial year is due to an additional amount of R8 million rand that was allocated to salaries to finance critical posts in the new approved structure. The allocated funds increase over the MTEF is due to the projected inflation outlook provided by national treasury.

### **Internal Audit**

The function of the internal audit unit is to provide independent, objective assurance and consulting services designed to add value and improve the Legislatures operations. It helps the NWPL accomplish their objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, controls and governance processes. The budgeted funds are for the operational costs of this unit as well as Audit Committee Members Claims. The budget of this sub programme increases by 4.5 per cent, 5.3 per cent and 5 per cent in the 2015/16, 2016/17 and 2017/18 financial years respectively.

## Service Delivery Measures: Administration

| Performance Measures  | Medium-Term Target |         |         |
|---|--------------------|---------|---------|
|   | 2015/16            | 2016/17 | 2017/18 |
| To provide political leadership for the achievement of the constitutional mandate of the Legislature in the North West Province by producing a number of reports on the coordination of Strategic Planning for Presiding Officer and the implementation of House Resolution | 7                  | 7       | 7       |
| Enhancing public confidence in the work of the Legislature by organising a number of public functions and radio interviews  | 5                  | 6       | 6       |
| To Provide strategic leadership and effective and efficient management of the administration by producing a number of legislative compliant reports   | 76                 | 76      | 76      |
| To provide effective and efficient financial planning, financial reporting, management accounting and Supply Chain Management support to the Legislature throughout the financial year by producing a number of legislative compliance reports                              | 3                  | 3       | 3       |
| To provide effective and efficient Corporate Support Services to the North West Provincial Legislature by producing a number of reports on Human Capital, ICT, Facilities and Legal services  | 20                 | 20      | 20      |
| To provide independent, objective, assurance and consulting services designed to improve the organisation's operations by conducting a number of audits   | 9                  | 9       | 9       |

## Programme 2: Legislature Operations

### Description and objective

To ensure that the Legislature operates effectively and efficiently by exposing Members of Parliaments to Parliamentary systems of other countries and Legislature

This programme consists of seven sub-programmes: the main objectives and services of these sub-programmes are as follows:

**Table 2.7 : Summary of payments and estimates by sub-programme: Legislature Operations**

| R thousand                             | Outcome       |               |               | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| <b>Total economic classification</b>                | <b>73 610</b> | <b>86 150</b> | <b>97 660</b> | <b>132 986</b>     | <b>162 789</b>                    | <b>162 421</b>   | <b>128 818</b>        | <b>135 717</b> | <b>145 503</b> |

Legislature Operations shows a steady growth in the MTEF period mainly due to the additional funds allocated by the Provincial Treasury in an effort to correct the institutions baseline. This has resulted in substantial funding for public participation events, oversight by portfolio committees as well as support for political parties in the form of constituency, research and secretarial allowances and Political Party Funds.

### Sub programme descriptions: Logistics (Members)

To provide benefits and facilities to Members and to offer support to political parties. This sub programme makes provision for the constituency and secretarial allowances, research allowances as well as the Political Party Fund.

The budget allocated in this sub programme is for Members travel and subsistence as well as constituency fees, including research allowances, secretarial allowance and Political Party Funding. These amounts are political mandates informed by the Members Enabling Facilities and Political Funding Act of 2010. The budget for this sub programme increased sharply in the 2013/14 financial year due to an additional amount of R8 million that was allocated by the Provincial Treasury for the correction of the North West Provincial Legislature budget. The budget of this sub programme increases by 4.6 per cent, 5.3 per cent and 5 per cent in the 2015/16, 2016/17 and 2017/18 financial years respectively.

### Sub programme descriptions: Exposure to Legislature Activities

To provide effective and efficient Members exposure programmes by producing a number of reports on MPL's training and participation events.

This sub programme is responsible for training of members as well as to enable members of the North West Provincial Legislature to benchmark with members of other Legislatures in the country and across the whole world. All overseas trips for bench marking are therefore budgeted for under this sub programme.

The amount budgeted for is therefore for travel and subsistence of members during benchmarking exercises, registration fees as well as training fees for Members of the NWPL.

An additional amount of R1 million was allocated to this sub programme in the 2013/14 financial year as a result of efforts by the Provincial Treasury to rectify the baseline. This amount has led to a healthy increase in the budget of this sub programme.

**Sub programme descriptions: Proceedings**

To provide administrative, procedural, secretarial, Hansard and language Services support to the House, Committees and NCOP by ensuring that a number of reports are tabled in the house and Hansard booklets are produced.

This sub programme is divided into two units, namely: Executive Manager: Legislature Operations and Proceedings. The budgeted amount is for the production of Hansard Services as well as travelling and as well as travel and subsistence for the Executive Manager: Legislature Operations. Additional amount of R1 million was allocated to this sub programme in order to enhance Hansard in the house. The additional amount was increased over the MTEF period with the projected inflation forecast from national treasury.

**Sub programme descriptions: Committee Services**

To provide administrative, procedural, secretarial support to Portfolio Committees to enhance lawmaking, oversight and public participation processes by ensuring that a number of committee reports are prepared for tabling in the House.

The budgeted amount is to enable members to exercise their constitutional mandate of doing oversight as well as to conduct public hearings when new bills are passed. Salaries for Legislature Operations staff are budgeted for under this sub programme. Additional funds were allocated to this cost centre in order to cater for the higher than anticipated number of bills in the MTEF period. An additional amount of R6 million was allocated to this sub programme in the 2013/14 financial year, of which R2 million was allocated to compensation of employees. An additional amount of R1 million is allocated to this sub programme in the 2017/18 year in order to finance public hearings.

The budget for Committee Services decreases by 4.1 per cent in the 2015/16 financial year and thereafter increases by 5.4 per cent and 6.7 per cent in the 2016/17 and 2017/18 financial years. The decrease in the 2015/16 financial year can be attributed to funding for once off projects like the Association for Public Accounts Committees conference that was hosted by the North West Provincial Legislature in the 2014/15 financial year.

**Sub programme descriptions: National Council of Provinces Liaison Support**

To facilitate effective liaison between NCOP and the Legislature and improve support on law making processes and by producing a number of reports thereof.

The NCOP allocation shows a steady increase mainly to cater for office rental of NCOP staff in Cape Town.

**Sub programme descriptions: Public Participation**

To facilitate public participation in the law making and oversight processes by producing a number of reports on public participation and sectoral events organized.

Public Participation was allocated an additional amount of R5 million in the 2014/15 financial year in order to enable the unit to cater for the additional sectoral parliaments pronounced by the Hon. Speaker. An additional amount of R2 million is allocated to this sub programme in the final year of the MTEF period in order to finance the extra sectoral parliaments pronounced. The budget for public participation decreases by 60 per cent in the 2015/ 16 financial year and thereafter increases by 5.4 per cent and 16 per cent in the 2016/17 and 2017/18 financial years respectively.

The decrease in the budget for 2015/16 financial years can be attributed to once off projects like the two Opening of Parliament sessions and the Common Wealth Parliament that were hosted by the NWPL in the 2014/15 financial year.

**Sub programme descriptions: Learning and Knowledge Management**

To provide reactive research services to Portfolio Committees in support of law making, oversight and public participation processes by producing a number of reports on research activities conducted.

The sub programme experienced a decrease in its funds in the 2014/15 financial year mainly due to once-off events like National Reading Day, which were held in the 2013/14 financial year.

**Service Delivery Measures: Legislature Operations**

| Performance Measures   | Medium Term Targets |         |         |
|--|---------------------|---------|---------|
|  | 2015/16             | 2016/17 | 2017/18 |
| To provide enabling facilities for the Members of the Provincial Legislature by producing a number of reports on the internal arrangements on MPL's  | 4                   | 4       | 4       |
| To provide effective and efficient Members' exposure programmes by producing reports on MPL's training and participation in events   | 8                   | 8       | 8       |
| To Provide administrative, procedural, secretarial, Hansard and Language Services support to the House, Committees and NCOP by ensuring that a number of reports are tabled in the house and Hansard booklets are produced.                      | 20                  | 20      | 20      |
| To provide administrative and secretarial support to Portfolio and Standing Committees to enhance law making, oversight and public participation processes by ensuring that a number of committee reports are prepared for tabling in the House. | 12                  | 12      | 12      |
| To provide administrative and secretarial support to Portfolio and Standing Committees to enhance law making, oversight and public participation processes by ensuring that a number of committee reports are prepared for tabling in the House. | 12                  | 12      | 12      |
| To facilitate public participation in the law making and oversight processes by producing a number of reports on public participation and sectoral event organised.  | 12                  | 12      | 12      |
| To provide reactive research services to Portfolio and Standing Committees in support of Law making , Oversight and Public participation processes by producing a number of reports on research activities conducted                             | 11                  | 11      | 11      |

## 9.3 Other programme information

### 9.3.1 Personnel number by Programme

| Unit cost (R thousand)                       | 420                    | 509                    | 487                    | 639                    | 573                    | 604                    | 634                    |

Prior to 2011/12 Compensation of Employees of the entire Legislature staff was budgeted for under programme Administration. From 2011/12 onwards Compensation of Employees was budgeted for under the relevant employee programme. Compensation of Employees for the entire Administration staff was therefore budgeted for under Sub programme Corporate Services. This was done in order to divert resources from Administration to core services. The increase in personnel figures and numbers from the 2014/15 financial year to the MTEF is as a result of the envisaged structural changes in this programme.

**Table 2.10 : Summary of departmental personnel numbers and costs by component**

| Personnel cost (R thousands)                | 2 857   | 3 352   | 3 742   | 3 958                 | 3 958                                | 3 958            | 4 152                 | 4 429   | 4 651   |
| Head count as % of total for department     | 5.6%    | 5.5%    | 5.6%    | 5.3%                  | 5.3%                                 | 5.3%             | 5.3%                  | 5.3%    | 5.3%    |
| Personnel cost as % of total for department | 3.8%    | 3.6%    | 3.9%    | 3.3%                  | 3.0%                                 | 3.0%             | 3.5%                  | 3.6%    | 3.6%    |

The table above reflects personnel numbers and costs per component. The contract workers reflected above are mainly employees from the Office of the Speaker, their contracts run concurrently with their principals. Compensation of Employees above also includes a Direct Charge for the 22 members of the Legislature. The dip in the amount reflected in the 2015/16 as opposed to 2014/15 is as a result of the

once off additional R15 million of which R8 million was allocated to Compensation of Employees in the 2014/15 financial year. The R15 million was allocated to the NWPL in an effort to correct the NWPL baseline.

A total number of vacancies in the NWPL equals to 122 as a result of the new structure approved by the Hon Speaker. This new structure was created in order to implement the Sector Oversight Model (SOM). The NWPL has however undertook to fill only posts that are deemed to be critical for the implementation of SOM in the MTEF period.

### 9.3.2 Training

**Table 2.11 : Payments on training by programme**

| R thousand                        | Outcome      |              |              | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |              |              |

The training costs increased steadily over the seven year period in line with the organizations skills development plan. Please note that training for both Members and Staff is budgeted for under Corporate Services in programme Administration. The organization also provides bursaries for qualifying Staff and their dependents.

## 1 Overview

### Vision

Healthy self-reliant communities in the North West Province

### Mission

To render accessible, equitable and integrated quality health

### Values

In rendering such services the department shall observe values contained in the following:

- Batho Pele Principles
- Patients' Rights Charter
- Victims Rights Charter
- Children's Rights Charter
- Disability Rights Charter
- Older Persons Pledge
- Public Service Principles
- Accountability and Transparency
- Community participation
- Excellence
- Caring
- Access, human dignity and respect

### Main services that the department intends to deliver

Overview of the successes and challenges in service delivery and health outcomes for the previous financial year – the focus is on priority health programmes, quality of care provision, etc. The service delivery environment is also futuristic in a sense it takes into consideration the need to implement the National Development Plan which is a blue print from the 2014/15 financial year going forward.

#### Demand for changes in services of the Department

- Trimming down on administration component
- Branding of clinics
- Revision of operating hours in certain clinics, some of them moved from operating 12 or 7 hours to 24 hours. Twelve moved from operating 7 or 8 hours to 12 hours, 126 community service professional nurses to be allocated to needy areas, especially for extension of hours
- Bringing HIV/AIDS to an end by 2030

## **Core functions of the department**

The department is responsible for the delivery of primary health care services, hospital services, forensic pathology services and emergency medical rescue services and to develop and implement a sustainable, co-ordinated, integrated and comprehensive health system based on the primary health care approach, which encompasses promotive, curative, rehabilitative, supportive and palliative care. This is guided by the principles of accessibility, equity, community participation and appropriate technology.

The department also provides health services primarily to the uninsured population within the province and required to provide tertiary health services to people beyond the provincial boundaries like Gauteng.

The following four main categories of health services are provided by the department:

### **Primary health care services**

Primary health care services are rendered at community/household level and in fixed clinics. These services focus on the prevention of illness and the provision of basic curative health services. The services include immunization, communicable disease control, environmental health, oral and dental health, rehabilitation support, occupational health and chronic disease support. Focus is on Primary Health Care re-engineering which is core to the Annual Performance Plan.

### **Hospital services**

District hospitals render hospital services at a general practitioner level, while provincial hospitals render hospital services at a specialist level. Specialised hospitals render specialised hospital services for patients with tuberculosis (TB), psychiatric illnesses and those patients requiring long-term or chronic step-down/rehabilitative care. Tertiary services are rendered in three hospitals viz. Klerksdorp, Mafikeng and Job Shimankana Tabane, such services are still at developmental stage and are rendered at specialist level, providing facilities and expertise needed for sophisticated medical procedures.

### **Forensic pathology services**

These are directed at ensuring impartial professional evidence for the criminal justice system concerning death due to unnatural causes.

### **Quality assurance is a critical key area of health service delivery**

The Department continues to improve drug supply and the maintenance budget has been moved to the districts to facilitate maintenance of facilities.

### **Emergency medical services**

The aim of this function is to provide emergency care and transport for victims of trauma, road traffic accidents, and emergency medical and obstetric conditions. Planned patient transport is provided for inter-hospital transfer, while indigent patients are transported between clinics and hospitals.

## **Legislative and other mandates relevant to the Department**

The Department derives its mandate from the following laws:

- Constitution of the Republic of South Africa Act, 108 of 1996;
- National Health Act, 61 of 2003;
- Medical Schemes Act, 131 of 1998;
- Medicines and Related Substances Act, 101 of 1965;
- Mental Health Care Act, 17 of 2002;
- Choice on Termination of Pregnancy Act, 92 of 1996 as amended;
- Sterilization Act, 44 of 1998;
- Tobacco Products Control Amendment Act, 12 of 1999;
- National Health Laboratory Service Act, 37 of 2000;
- Health Professions Act, 56 of 1974;
- Pharmacy Act, 53 of 1974 (As amended);;
- Nursing Act, 50 of 1978 as amended;
- Allied Health Professions Act, 63 of 1982;
- Dental Technicians Act, 19 of 1979;
- Hazardous Substances Act, 15 of 1973;
- Foodstuffs, Cosmetics and Disinfectants Act, 54 of 1972;
- Occupational Diseases in Mines and Works Act, 78 of 1973; and
- Council for Medical Schemes Levy Act, 58 of 2000.

## **Other legislation in terms of which the department operates**

- Public Service Act, Proclamation 103 of 1994;
- Promotion of Administrative Justice Act, 3 of 2000;
- Promotion of Access to Information Act, 2 of 2000;
- Labour Relations Act, 66 of 1995;
- Basic Conditions of Employment Act, 75 of 1997;
- Occupational Health and Safety Act, 85 of 1993;
- The Division of Revenue Act, 7 of 2003;
- Skills Development Act, 97 of 1998;
- Preferential Procurement Policy Framework Act, 5 of 2000;
- Employment Equity Act, 55 of 1998;
- State Information Technology Act, 88 of 1998;
- Children's Act, 38 of 2005;
- Promotion of Equality and the Prevention of Unfair Discrimination Act, 4 of 2000;
- State Liability Act, 20 of 1957 (As amended);
- Institution of Legal Proceedings Against Certain Organs of State Act, 40 of 2002;
- Broad Based Black Economic Empowerment Act, 53 of 2003;
- Public Finance Management Act, 1 of 1999;
- Protected Disclosures Act, 26 of 2000; and
- Conventional Penalties Act, 15 of 1962.

### Revision to legislation

- Currently the North West Department of Health does not currently have any revised legislation that might have implications on service delivery.

### Pending court cases

- No pending court rulings that might have implications on service delivery.

### 1.1 Aligning departmental budget to achieve government’s prescribed outcomes

The Department contributes towards the realization of the following outcome

#### Long and healthy life for all:

This is supported by priorities from MTSF 2014-2019

- HIV & AIDS and Tuberculosis prevented and successfully managed
- Maternal, infant and childmortality reduced
- Improved health facility planning and infrastructure delivery
- Re-engineering of Primary Health Care
- Health care costs reduced
- Improved quality of health care
- Universal Health coverage achieved through implementation of National Health Insurance
- Improved health management and leadership and human resources for health
- Efficient Health Management Information System for improved decision making

| Sub-Outcome   | Provincial Strategies and Interventions   |
|---|---|
| Prevent and reduce the disease burden and promote health                    | <ul style="list-style-type: none"> <li>• Strengthening MCWH programmes</li> <li>• In the plight of reducing maternal and child morbidity and mortality, the province is implementing the recommendations of the following:                             <ul style="list-style-type: none"> <li>• Saving mothers</li> <li>• Saving babies</li> <li>• Campaign on accelerated reduction of maternal and child mortality</li> </ul> </li> </ul> |
| Health Facility Planning  | <p>Strengthening Physical Infrastructure:<br/>The department continues to progress towards building of new facilities and upgraded the old ones. The facilities maintenance audit was completed, and under the hospital revitalization project. Most of the equipment has been procured.</p>  |
| Efficient health management information system for improved decision making | <p>The Premier’s office has taken a lead in assisting the department to improve their information systems. This will ensure that more health facilities get access to the internet thus ability to utilize departmental web-based health information systems.</p>   |
| Improved quality of care  | <p>Facility Quality Improvement &amp; Certification:<br/>National Core Standards implementation is supported at all health facilities in their effort to become fully compliant and certified under the National Health Insurance system.</p>   |
| Implement Re-engineering of PHC   | <p>Strengthen community based health care services in order to prevent diseases and identify diseases on time to can get treatment. This is done through PHC re-engineering.</p>  |
| Universal health coverage   | <p>Continual support to the piloting district is vital for gaining adequate experience that will assist during the rollout phase. National is expected to provide leadership on how further action need to be implemented.</p>  |

The Department of Health represents a breakdown of actionable targets of various health programmes and administration in endeavor to achieve the envisaged outcomes. The plan is aligned to the five core outputs of the Negotiated Service Delivery Agreement (NSDA) and the broader

vision and development goals encapsulated in the NDP and Provincial Growth and Development Plan. We therefore support the NDP Vision 2030.

Re-engineering of Primary Health Care which is core to the APP and focuses on:

- School health;
- Ward based teams; and
- Teams of specialists have been identified.

The department needs stakeholders like tribal authorities, local councilors, faith based organizations, NGOs and society at large to support school health programmes and ward based teams. This approach will strengthen health care provision at local level where services are mostly needed.

## **2. Review of the current financial year 2014/15**

A number of activities were undertaken at the National Health Insurance site (Dr Kenneth Kauda), for example, the Department has:

- Moved swiftly to increase our human resource capacity;
- Improved training of nursing;
- Emergency medical rescue personnel and medical care has strengthened primary health care; and
- Strengthened health care service delivery towards a well-functioning NHI.

The Department continued to increase the number of health professionals increasing number of students to Cuba for studying medicine, 127 medical students as well as 1002 nursing students obtained departmental bursaries during 2014/15 to alleviate shortages within the Province. There are 678 Nurses in different categories that completed their studies and awarded the certificates and diplomas.

Completion of 6 clinics across the Province and the functionality of Brits Hospital with additional beds is an achievement to the department.

Unveiling of two mobile dental clinics to improve access to oral health services in rural and farming communities. This is in addition to the four that were allocated to sub-districts in 2011 in order to replace the existing old mobiles. These dental mobile clinics are used to provide services to equipped clinics and schools within the districts.

In building on TB successes, more MDR units were established in all the districts to bring the services closer to our people. MDR units have been developed at Job Shimankane Tabane Hospital and Gelukspan District Hospital and they are fully functional. This has ensured more access to community based management of TB, improved diagnosis of drug resistant TB and increased access to treatment and care. The eligibility criteria of initiating patients at CD four counts of 350 have been strengthened and accessibility of services has been done through expansion of ARV services to all facilities. There has been concerted effort to achieve the Millennium Development Goals (MDG) and this is supported by improvement in the maternal mortality ratio which has been reduced from 189/100 000 live births to 181/100 000 live births.

More improvements were undertaken during 2014/15 which has impact on the effectiveness of the health system and must be attained and corroborated by empirical evidence that clearly links to the four output areas. This has finds expression in the North West Department of Health Annual Performance Plan through programs specific indicators and actions.

The Department efforts to increase access to HIV/AIDS services, has fixed facilities to initiate Antiretroviral Treatment (ART). Some mobile clinics in Ngaka Modiri Molema are used to transport patient of ART and this plan was rolled out to other mobile clinics across the Province during 2014/15.

Nurses and facility managers have been trained in drug supply management. The progress made has led to improved drug availability in the clinics.

The Clinical Associates programme together with the Wits Initiative for Rural Health Education (WIRHE) Scholarship programme has produced more of the much needed health professionals. There are 39 graduates who received bursaries from the Province and are serving in hospitals in all districts.

WIRHE Scholarship programme fund the disadvantaged students from the province to study for health degrees. It has produced 38 health professional graduates from and for the Province and mostly are working in their respective districts.

### **Activities funded from HIV/AIDS and NHI**

#### **PHC Re-engineering**

In terms of progress, monthly PHC Re-engineering Forum meetings were held to coordinate activities such as School Health Programme.

A convention on the Rights of a child SA has pledged to put children first thereby giving their needs a highest priority. However ill health and other challenges still prevent many children from growing into production, capable citizens who can help their communities grow and prosper and reach their full potential.

The new integrated School Health Programme (ISHP) aims to build on and strengthen existing school health services, albeit with some important changes. This includes:

- Close collaboration between Department of Health and, Department of Social Development & other partners;
- Providing comprehensive package within the care and support for teaching and learning (CSTL);
- ISHP was officially launched by President of the country in October 2012; and
- NW Province launched ISHP in August 2013.

To date School Health Teams increased from 17 to 37. Monitoring and Evaluation System is in place to monitor performance of teams. A significant number of Learners in quintile 1 and 2 have been successfully screened and some referred for: suspected TB, hearing problems, eye care, overweight, deworming, immunization, speech problem, oral health and underweight. Referral system is in place and documented.

2012\2013 focus was on schools in quintiles 1 and 2 (the poorest schools) and also prioritized a selected range of services. E.g. health screening prioritized for screening of all grade Rs and grades 1s, ensuring that all those that attend ECD and primary school are fully immunized, and Health education for other Q1 and Q2 schools in other grades.

2013\2014 – Assessment and screening Q1 and Q2 in grade 1,4,8 and Health education in all Q1 to Q5 schools.

#### **Achievements**

- Mobile vehicles in NHI
- 17 school health services procured for each sub district
- Appointment made in some areas

#### **Challenges**

- Shortage of Human and non-human resources.
- More schools visited but lot of schools has a lesser number of learners at secondary schools especially grade 8 and 10

## Future plans

- Appointment/designation of school health teams at local Area level i.e. 49 Teams.
- Mapping of Schools in each local area.
- Procurement of school health equipment – audiometers to be done as a matter of urgency.
- Creation and funding of posts to expand school health teams. Work is being done to collaborate with institutions of higher learning (UNIWEST and Walter Sisulu) to upgrade existing HPs on short courses as well as developing a curriculum for Health promotion for long term.

## Ward Based PHC Outreach Teams 296

There are 7538 Community Health Workers appointed additional to the structure and paid through PERSAL, a pool out of which 1 949 (as at 3<sup>rd</sup> quarter 2014) are placed In Ward Based PHC Outreach Teams (WBPHCOT) to reach out to families with greater emphasis on disease prevention, health promotion and community participation with the main goal of improving health outcomes i.e.

- Increasing life expectancy;
- Decreasing maternal and child mortality;
- Combating HIV and AIDS and decreasing the burden from TB; and
- Strengthening the Health System Effectiveness.

The intention is to roll-out WBPHCOTs to reach a target of 471 teams covering all uninsured population by 2017. Currently the Department have rolled out to 296 teams as at 3<sup>rd</sup> quarter 2014, which is a 2 per cent increase since 2<sup>nd</sup> quarter.

Availability of Professional Nurses is a major determinant of successful roll-out as they are placed in these teams for leadership and supervision. There are 267 Professional Nurses against a target of 296 currently leading teams. A shortage of 29 Professional Nurses is experienced due to mainly scarcity of nurses and funding for posts. To mitigate this challenge, the department partly recruited Retired Nurses and partly utilized serving nurses from clinics. Some nurses are leading more than one team 2-4 to bridge supervision gap.

### • Home Based Care

- ✓ This component of the conditional grant for HIV and AIDS makes provision for palliative care and home based care services to be offered to patients. This includes the program management, enhancing the skills of managers and service providers, provision of home based care kits and marketing of the program.
- ✓ 282 Home Based Carers were trained on PHC reengineering

## Progress on Health Facility Revitalization Grant

### • Brits hospital – Project completed and in retention stage

The project is practically complete; the hospital has been handed over on the 04 April 2014. Snag items are being attended to and Work completion is still outstanding. Fixed Equipment has been installed. Expected delivery of the U-arm is 07 August 2014. Quotations for outstanding office furniture have been requested. Electromedical, OT & Physio are awaiting adjudication. General medical equipment is being delivered. Some of critical post has been filled

### • Bophelong Psychiatric Hospital Phase II - Project is 95 per cent complete

Phase 2 entailed the construction of forensic and state patients wards commenced in November 2012. The project is progressing well at an overall progress of 95 per cent. Application of Extension of time was submitted to the Department and approval was granted. Contractor had put more effort on physical progress at site and the project is almost at completion stage. The main challenge with the project is lack of permanent electricity installation with Eskom and shortage of water supply pose

a serious risk to the project as no commissioning can be done without permanent water and electricity connections.

- **General De La Rey Hospital (Lichtenburg)**

Consultants are busy finalizing designs and tender Document. Stage 4 has been finalized.

- **JST Hospital – Project is 75 per cent complete**

The project involves the renovations and additions of the existing hospital, medical and MDR unit, surgical and orthopedic wards, ICU and the mental unit. The Obstetric Theatre, MDR TB and Autopaedic and Medical Unit are operational with the exception of ICU. The project also included the provision of park homes for administrative staff. The project is progressing well, and is currently at an overall 75 per cent completion. The project commenced in October 2012 with the expected revised completion date in April 2015. The project is however behind schedule, Application of Extension of time has been submitted to the Department and awaiting approval. The construction of the Main Theatre is currently underway after it was delays due to changes made by the National Department of Health. The ICU which was included in the original scope has been excluded and will be done separately. The ICU Unit is projected to commence at the beginning of the financial year. Psychiatric Unit did not form part of the original scope and was added and is currently standing at 75% completion. National Department of Health has proposed changes to the Psychiatric and if they are implemented might delay the completion of the project.

- **Sekhing CHC– Progress is slow with 60 per cent of project complete**

The project also includes the construction of the main building, guard house, external works and staff accommodation. The site progress is slow but the contractor has developed a rescue plan to fast track the process. Strengthen monitoring of the project by the department to be put in place. Contractor has been requested to up the progress, submit revised programme and a plan on how progress can be fastracked. The progress on the project is at 60 per cent. Application of extension of time has been submitted and awaiting approval. Currently there is no water and electricity connection on site. Eskom connection is in the process of being finalized. Labour dispute, poor workmanship and cash flow problem experienced by the contractor delays the completion of the project.

- **Boitekong CHC– Project is 30 per cent complete with slow progress**

The project entails the extension of the existing facility; the construction of a maternity and theatre, Boundry Wall clinic, Guard Houses, Generator house and Rubbish enclosure. The site was handed over to the contractor on the 10 July 2013. The progress with the project is unfortunately very slow because of poor planning ineffective management by the contractor. The contractor was put in terms in order to improve the progress on site. There is also work done which will have to be replaced because of poor workmanship. On the construction of Psychiatric was delayed due to the fact that the Municipality did not approve the site timeously where the Psychiatric is being build. The entire CHC has been shut down completely due to construction work. The project is far behind schedule and the contractor has been granted extension of time.

- **Mathibestadt CHC– Project is 98 per cent complete**

The project includes the construction of the main building, guard house, external works and staff accommodation. The progress on the project is very satisfactory at 98 per cent near completion. Snag items are being attended to. The contractor experienced cash flow problem during the construction of the CHC.

### **Bidding Process**

The allocations for Health Facility Revitalization Infrastructure Grant for 2016/17 and 2017/18 was subjected to the bidding process and if the Department submit a good quality U-AMP, IPMP, Project Proposal and Concept Report and furthermore receive assessment scoring above 60 per cent automatically qualify for the Incentive Grant. The Department received an Incentive Grant for 2015/16 to the amount of R119 million for scoring above 60 per cent.

## **Strategic overview and key policy developments**

Currently approved departmental policies and protocols in rendering health service are being implemented. New national mandates are also implemented in order for the department to comply with the Presidential mandate.

The HIV/Aids budget allocation increases from R936.938 million in 2014/15 to R1.012 billion in 2015/16, R1.140 billion in 2016/17 and R1.286 billion in 2017/18. For effective policy implementation the department has decentralized the grant to districts under programme two (District Health Services).

### **3. Outlook for the 2015/16 financial year**

Currently approved departmental policies and protocols in rendering health service delivery are being implemented. New national mandates are also implemented in order for the department to comply with the Presidential mandate. Policy of provision of the ART has been revised to cater for all clients with CD counts of 500 and below. This has been changed from 350 CD counts. The implication will be increased number of clients on ART programme which will as a results increase the expenditure on the cost item.

The HIV/AIDS budget allocation increases from R937 million in 2014/15 to R1.012 billion in 2015/16, R1.140 billion in 2016/17 and R1.296 billion 2017/18. For effective policy implementation the department has decentralized the grant to districts. This will affect programme two management. The allocation was reduced from 2015/16 in response to National directive to surrender R22 million in 2015/16, R23 million for 2016/17 and R24 million in 2017/27 for National Health Laboratory (NHLS).

The national department of health took a resolution to take over the port health function as a measure to improve the service and curb the incidences of communicable disease imported from neighbouring countries. As from the 2015/16 financial year the NWDoH will no longer manage port health service. The budget will therefore reduce by R 2.943 million in 2015/16, R3.104 million in 2016/17 and R3.268 million in the outer year. This will affect the current budget for programme 2.

The department is also intending to implement the government gazette on hospital reclassification of health facilities by the minister. This will results in some district hospitals classified as community health centres (CHC). The district hospitals will then be reduced from 15 to 13 hospitals in the next financial year.

The department will also develop Klerksdorp and Job ShimankanaTabane (JST) hospital to become tertiary hospitals. Programmes two, four and five will be affected by this policy change.

The decision was also made to increase allocation for Community Health Centres in order to improve efficiency and build strong CHC and safety nets for district health services. This will assists in reducing burden and workload of district hospitals and improves efficiencies and quality of care in clinics and hospitals.

Value for money, a principle that promotes the provision of public services, through a process that contributes to achieving economy, efficiency and effectiveness, while being cognisant of the quality and accessibility of services.

Nonetheless, the Department is faced with significant health services delivery undertakings and expected outcomes which needs to be fulfilled.

These include amongst others:

- Reduce TB Mortality by 50 per cent by 2019;
- Increase TB Cure rate to 85 per cent by 2019;
- Reduce Mother to Child Transmission Rate to 2 per cent by 2019;
- Reduce Maternal Mortality Ratio to 215 per 100 000 live births by 2019;
- Reduce Infant Mortality to 24 per 1000 live births by 2019;
- Increase overall Life Expectancy at birth to 63 years (60.2 years - Males, 65.8 years - females);
- Phased implementation of the building blocks of National Health Insurance (NHI);
- Ensure 85 per cent of our ambulances are fully functional at all times by 2019;
- Ensure all ambulances respond within the National Norms by 2019; and
- Ensure all Districts are spending at least 5 per cent of their infrastructure on maintenance (preventative and scheduled) by 2019.

The Department considers itself as one of the most important forerunners in the nation's quest to attain the Millennium Development Goals on the eradication of extreme poverty and hunger (MDG Goal 1), the reduction of Child Mortality (Goal 4), the improvement of Maternal health (Goal 5) and the combat of HIV and AIDS, Malaria and other diseases (Goal 6).

The department planned to train 23 students for Emergency Medical Response Service College on the Emergency Care Technition module. Of these, 14 will be school leavers and will be given bursaries and 9 will be personnel already employed in the department. The cost for retaining the 14 school leavers upon completion of the module will be R 3 million per year.

### **Continued focus on national and provincial priorities**

In line with the national outcome of a long and healthy life for all South Africans, the budget will continue to be focussed on key national and provincial priorities that support government's goal of improving the public health care system.

### **Transformation of health services**

Transformation of health services is paramount to meeting the increasing demands of health care users and for the implementation of the National Health Insurance (NHI). Moving from a predominantly curative and hospital-based system to a preventative and promotive community-based PHC approach will form the foundation of transformation in addressing issues of equity, access, quality and efficiency, and sustainability. The department will continue to rollout the PHC outreach teams to reach a total of 296 wards across the province.

The Department continues and commits to achieve an operational clean audit by 2014. The achievement of unqualified audit opinion in 2013/14 is an indication of a positive direction that the department wishes to sustain/improve. Strategies are being put in place to ensure that all matters of emphasis raised are attended. The areas that will receive special attention include Supply Chain Management processes, which include steps to be taken to avoid irregular expenditure. The department commits itself to implementation of national priorities and provincial priorities as set out in both the strategic plan and the annual performance plan within the limitations of available resources versus unlimited needs.

### **The key challenges for Health include:**

- Focus on curative care instead of preventative primary health care;
- Inadequate community participation and inter-sectoral collaboration;
- Huge infrastructure backlogs and lack of maintenance contribute to unfavourable working conditions for clinical and other health care staff;
- Shortage of ambulances, staff and poor roads contribute to poor emergency care response times;
- Insufficient investment in information, communication and technology;
- Inadequate budget for compensation of employees (no new appointments no replacements);

- Inadequate programme funding to procure items that are core to service delivery;
- Inadequate funding for awarding bursaries to health professionals both doctors and nurses;
- No funding to adhere to political mandates e.g. opening of clinics for 24 hours;
- Building of infrastructure without funding of human and non-human resources; and
- Facilities functioning with skeleton staff.

**The key strategies for improving health outcomes funded in the 2015/16 budget include:**

- Overhauling and improving the efficiency and quality of provincial health services;
- Reducing morbidity and mortality due to communicable diseases and non-communicable conditions and illnesses by implementing integrated chronic care model in the district health system; and
- Strengthening inter-sector collaboration, particularly with national government, as well as the private sector.

During the 2015/16 financial year, focus will continue to be on increasing life expectancy as espoused in the Health Sector Delivery Agreement. Improving the quality of health services remains a challenge for the province. Reasonable targets to strive for the attainment of the Millennium Development Goals of reducing child mortality, improving maternal health as well as combating HIV and AIDS, malaria and other diseases have been set.

The following national health sector priorities were included in the equitable share for the 2015/16 MTEF budget cycle.

| <b>Policy Priority.</b>               | <b>2015/16 Budget (R'000)</b> |
|---------------------------------------|-------------------------------|
| 1. Tuberculosis- GeneXpert            | 15 638                        |
| 2. Primary Health Care Re-engineering | 9 952                         |
| <b>Total policy priorities</b>        | <b>25 590</b>                 |

**Other Departmental specific priorities are listed below:**

**District Health Services (DHS)**

Primary Health Care (PHC) re-engineering is a national priority for health service delivery improvement. Ward-based community services rendered by Community Health Workers, in this regard, specialist teams have been trained to conduct community health work at a household level. Personnel costs will continue to increase for this objective to be achieved which will have the effect of increasing employment levels and reducing poverty at a community level.

**Emergency Care Services (EMS)**

The response times of the EMS in both rural and urban areas needs to improve in order that the national standards are met. Provision of sufficient ambulances is an important means to achieve this objective. 20 ambulances were purchased and the conversion of 10 obstetric ambulances to improve EMS response and decrease mortality. Aero-Medical services was initiated in 2012/13 in the province at an initial cost of R12 million per annum. Partnership with renowned Emergency and Rescue Company (ER24) has been made to ensure that emergency cases of extreme urgency (certain categories of accidents) are responded to save lives.

**Training**

Regional Training Centers (RTC's) are established in each district to foster rural-based training of health professionals. These centres are linked to tertiary academic institutions such as MEDUNSA and University of the Witwatersrand as part of expansion of their academic platform into rural areas, thus bringing skills training to the disadvantaged rural communities. Midlevel workers such as Clinical Associates will be recruited from these rural areas and receive their training in these areas which will greatly improve recruitment and retention of these scarce skills in these needy areas.

## Capital Projects

The maintenance of health facilities is an important national priority to ensure that the infrastructure investment is maintained and meets basic community requirements as well as related staff retention initiatives. The services are routinely sourced at a local level thus providing employment in the districts as most of the health facilities are placed in a decentralized manner to reach coverage of all communities in the province.

### 4. Reprioritization

Due to insufficient budget allocation on Compensation of employees in programme 2, an amount of R58 529 million was shifted to address the shortfalls for 2015/16. This resulted in an increase amounting R535 million in Compensation of employees and a decrease of R555 million from goods and services and R41 million from machinery and equipment. The reprioritisation for 2015/16 and outer years carry through effect will be considered.

The department reprioritised allocation of Budget to programmes, based on expenditure patterns and considering services rendered in programmes. Reprioritisation was made as follows:

**Programme 1:** The programme has reprioritised all items that supports other programmes including an amount of R3.775 million for the legal cost which is attributed to outstanding cases that are already on hand with no funding.

**Programme 2:** A health service is labour intensive as it requires particular skill and expertise to provide a service. It is upon this fact that the programme will spent 18 per cent of the budget on compensation of employees. 30 per cent of the budget will be spent on outsourced services and 7 per cent on medical supplies. This is in-line with the ministerial priorities and the non-negotiable for health services.

**Programme 3:** Emergency medical services received R20 million for fleet service for payment of travelling costs to ensure continuous improvement of EMR Services.

**Programme 4:** Under regional hospitals, medicine declines from R68 million in 2014/15 to R33 million in 2015/16 to keep sufficient medicine at all times. This is due to migration of allocations Job Shimankane and Klerksdorp Tshepong Hospitals moving from Programme 4 to Programme 5 in line with government gazette.

**Programme 5:** The mandate of this programme is to provide access to Tertiary Hospital care services for patients in the North West Province and retention and training of health care professionals in the province. This is a Conditional Grant allocation determined by approved business plan and also includes equitable share for Job Shimankane and Klerksdorp Tshepong Hospitals from Programme 4 to Programme 5 in line with government gazette.

**Programme 6:** The programme lost R29 million mainly as a result of slow progress in filling the planned posts for tutors at colleges. A further reduction was also made under operating payment to fund critical needs in other programmes.

**Programme 7:** R32 million has been earmarked for computer services. This includes internet connectivity, maintenance and addition of computer systems and procurement of additional devices

**Programme 8:** A Conditional Grant allocation determined by approved business plan and the department is intending to replace/new 17 facilities, upgrade 17 facilities, renovate/refurbish 8 facilities and 118 facilities within the province will be maintained

## 5. Procurement

### Supply Chain Management structural issues

#### The following policies are in place

- Departmental SCM and Asset Management Policies and SOPs which aligned to National Treasury Regulations and National Treasury Practice Notes
- North West Provincial Treasury Practice Notes
- With effect from 01 April 2010 SCM became a Chief Directorate with two directorates namely Supply Chain Management and Asset Management. Funds are needed to fund critical supply chain and asset management posts/ human resources needed in order to enable the Department to achieve clean audit outcomes

### Departmental Bid Committees issues

- The Health Department is having functional Departmental Bid Specifications Committee, Bid Evaluation and Adjudication Committees which operate in accordance with the North West Provincial Treasury Guidelines and requirements. The Department is also having 4 District Bid Adjudication Committees, each committee being chaired by District Chief Directors.
- SCM Practitioners have attended Tender Evaluation and Specifications Drawing Courses.

There is a need for funds in order to ensure that all the SCM Practitioners across the board and all Bid Committee Members are trained on SCM in accordance with treasury requirements

### Declaration of interest by SCM practitioners and others

The committee members of DBAC, DBEC and including the secretariat sign declaration of interest in every meeting .The Department continuously enhance compliance measures to ensure that all quotations from R30 thousand upwards are accompanied by the SBD Declaration Forms and Tax Clearance Certificates. Funds are needed by the Department to have access to the CIPC system which is linked to the Home Affairs System that will enable the Department to verify the status of Company Directors whether they are not blacklisted and to ensure that black-listed Directors do not trade in other new names andto detect officials that are doing business with the state

## 6. Receipts and financing

### 6.1 Summary of receipts

Table 3.1 : Summary of receipts

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |                  |                  |
|---|------------------|------------------|------------------|--------------------|--------------------------------|------------------|-----------------------|------------------|------------------|

| <b>Total receipts</b>   | <b>6 380 252</b> | <b>7 020 833</b> | <b>8 393 356</b> | <b>8 174 022</b>   | <b>8 184 743</b>               | <b>8 612 876</b> | <b>8 904 071</b>      | <b>9 295 192</b> | <b>9 963 267</b> |

Equitable share constitutes R6.755 billion; R7.210 billion and R7.708 billion of the total budget over the MTEF.

For the 2015/16 financial year, 23 per cent of the total budget is for conditional grants. Conditional grants increase from R1.819 billion in 2014/15 to R2.079 billion in 2015/16, decreases to R2.011 billion and then increases to R2.178 billion in 2017/18.

The departmental vote decreased from R8.3 billion to R8.1 billion in 2013/14 (-0.2 per cent) due to once-off allocation of R260 million from the provincial treasury to assist in over spending on compensation of employees as well as R390 million for purchasing of new office building. The allocation then increased to R8.904 billion in 2015/16, R9.295 in 2016/17 and R9.963 billion in 2017/18. The Department has also started to earnestly contain expenditure on non-essential items such as travelling, catering, consultants and general administration in line with the 2013/14 National Treasury Instruction 01 on Cost Containment Measures, and allocate a greater share of goods and services budgets towards core areas of service delivery.

Expenditure for 2013/14 was 100.5 per cent, litigations and other health related items are amongst items that have overspent, roll over of the unspent Conditional grants amounting to R17 million, for programme 8 (Hospital Revitalisation Grant) was requested and approved by both Provincial and National Treasuries. Accruals amounting to R491 million were carried over to 2014/15 financial year creating an early budget pressure. Additional R14 million was allocated during adjustment budget for upgrading and renovations of Excelsious Nursing School at Dr Kenneth Kaunda. Furthermore, an amount of R20 million was reduced from the Departmental vote during 2014/15 adjustment budget.

### Conditional Grants

In the beginning of 2014/15, the two conditional grants, i.e. Health Infrastructure and Health Facility Revitalization were consolidated into one grant called the Health Facility Revitalisation grant. Conditional grants increased to R2.079 billion in 2015/16, and decreased to R2.011 billion in 2016/17 because EPWP conditional grant allocation will done late during the financial year. The allocation then increased to R2.178 billion in 2017/18.

## 6.2 Departmental receipts collection

Table 3.2 : Summary of departmental receipts collection

| R thousand  | Outcome       |               |               | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |               |               |
|---|---------------|---------------|---------------|--------------------|--------------------------------|------------------|-----------------------|---------------|---------------|
|   | 2011/12       | 2012/13       | 2013/14       |                    |                                |                  | 2015/16               | 2016/17       | 2017/18       |
| Tax receipts  | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Casino taxes  | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Horse racing taxes                                    | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Liquor licences                                       | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Motor vehicle licences                                | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Sales of goods and services other than capital assets | 43 748        | 51 966        | 56 384        | 62 078             | 62 078                         | 62 078           | 67 250                | 68 746        | 72 288        |
| Transfers received                                    | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Fines, penalties and forfeits                         | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Interest, dividends and rent on land                  | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Sales of capital assets                               | -             | -             | -             | -                  | -                              | -                | -                     | -             | -             |
| Transactions in financial assets and liabilities      | 12 160        | 4 763         | -             | 3 500              | 3 500                          | 3 500            | 2 000                 | 4 312         | 4 423         |
| <b>Total departmental receipts</b>                    | <b>55 908</b> | <b>56 729</b> | <b>56 384</b> | <b>65 578</b>      | <b>65 578</b>                  | <b>65 578</b>    | <b>69 250</b>         | <b>73 058</b> | <b>76 711</b> |

The Electronic Data Interchange is implemented in sixteen hospitals also contributes to improve collection at all hospitals in the province. During 2015/16 two hospitals, Swartruggens and Ventersdorp, will be downgraded to Community Health Clinics.

Outstanding debtors are handed over to the debt collector as soon as they reach and age of 90 for cash paying patients and 120 days for medical aids.

Factors that negatively impact on collection of revenue:

- Uncertainty on the agreement between department and Itokolle Clinix on the rental of medical equipment beyond the current contract is continuous.
- Most of the remaining revenue categories do not follow a predictable trend, and are not received on a regular basis, such as the sale of redundant equipment and vehicles. For this reason, projections for future years were formulated based on past trends and consideration of the Consumer Price Index. The collection of revenue from patient fees is influenced by the following factors:

- Historically, the majority of patients attending the department's health facilities have been unable to make a meaningful contribution for the services provided.
- The continued provision of free services at health institutions to pregnant women and children under 16 years of age who do not belong to any medical aid, pensioners, the disabled, the unemployed and patients on the ART programme.
- The ongoing review of the Uniform Patient Fee Structure (UPFS) that is applicable to private hospital patients (PHP), i.e. medical aid patients, statutory cases and patients whose income exceeds the limit for free services, resulting in more groups being exempt from the payment of fees and the reduction in fees payable by certain categories of patients.
- One other aspect for noting is the unavailability of academic and tertiary hospitals in the province. These categories of hospitals scoop a lot of income from the National Tertiary Services Grant (NTSG) every time we send the patients for treatment. The fees for such services are the highest in the UPFS schedule and we can in future consider a tertiary hospital with certainty to benefit revenue maximization. Department does not have any of such hospitals and is characterized by level 1 and 2 which could not provide expensive services to make more revenue.
- Only Patients Fees and Rental of Medical Equipment's can be realistically projected since there is a formula available to project collection. They are the only sources yielding almost the intended results on annual basis.
- Student's fees are no longer sustainable as sources of revenue since the students are currently offered full bursary to practice nursing.

The department will, however, commit to continue striving to maximise revenue collection, and in this regard, training on PAAB and ICD 10 is on-going. Targets for revenue to be collected from institutions will increase from R66 million in 2014/15, increasing to R69 million in 2015/16, R73 million in 2016/17, and R77 million in 2017/18.

## **7. Payment summary**

### **7.1 Key assumptions**

- Where feasible, CPI projections were used to calculate inflation related items. Revised inflation projections for cost of living are: 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent in 2016/18 respectively.
- The Department has also started to earnestly contain expenditure on non-essential items such as travelling, catering, consultants and general administration in line with the 2013/14 National Treasury Instruction 01 on Cost Containment Measures, and allocate a greater share of goods and services budgets towards core areas of service delivery.
- A 2 per cent of pay progression performance bonus is not included in the budget provision for Compensation of employees due to inadequate budget allocation, however, the department will relook at this matter should the situation change.

The department is responding to the following National Priorities:

- Health Insurance Fund
- HIV/AIDS
- Tuberculosis
- Primary Health Care
- Maternal and Child Health
- Malaria

National Health has identified the below items as core items to health service delivery and therefore the department has to monitor and report on spending monthly. The department has allocated funds to Non Negotiable items over the MTEF to ensure continued monitoring and quality of service in health facilities.

|   | ORIGINAL<br>BUDGET<br>2014/15 | REVISED<br>BUDGET | 2015/16          | 2016/17          | 2017/18          |

### Other Key Assumption underpinning the development of the 2015 MTEF Budgets

Although the department managed to balance the 2015/16 to 2017/18 MTEF to the revised baseline allocation, a number of additional and critical services are not adequately funded in the 2015/16. The following services need additional funding over the 2015/16 to 2017/18 MTEF:

#### 7.1.1. Compensation of Employees for New Infrastructure projects (R1.039 million)

The department has implemented a number of infrastructure projects over the past few years without subsequent improvement to staff structure to match additional services or additional beds from revitalized facilities. New Community Health Centers (CHC) and Clinics are also under construction and have to be operational upon completion of the projects. All these projects were implemented as part of broader government consultation (Integrated Development Planning / IDP) and the community expectations were raised. Details of facilities and breakdown of posts affected has been developed for financial considerations. An amount of R1.039 million for 2,647 posts would be required to fill posts for the newly completed health facilities over the MTEF period.

#### 7.1.2. Operating hours for clinics in rural areas (R792 million)

The Premier, in the state of the province address dated 27 June 2014 stated that the policy governing the operating hours of clinics will be looked into. This will result in the increase of personnel numbers at clinics to operate these facilities on a 24hr basis. An amount of R792 million would be required in order to implement this initiative.

#### 7.1.3. Funding of posts emanating from National directives (R44 million)

Although the provincial treasury has availed allocation of R21 million in 2015/16 and R23 million in 2016/17, further implementation of DPSA directive on upgrade of clerks to level 5 – 7 also has cost implications for the department; other categories affected by the directives include Drivers, and ECT graduates from the provincial Emergency Medical and Rescue Services (EMRS) College. The graduates have to be absorbed at a higher rank upon completion of their studies in line with EMRS OSD.

The DPSA has further directed that low level jobs be re-graded and this included Cleaners, Supervisors Cleaning Services, General Workers, Groundsman, Handyman, Photocopier Operator and Switchboard Operator / Attended. The cost of this upgrade is an additional R 650 000 per annum.

#### **7.1.4. In-sourcing of out-sourced services at the end of the contract**

It was directed that the following services should be in-sourced at the end of the current contracts:

- Security services;
- Cleaning services;
- Catering services; and
- Laundry services.

This will increase the headcount of the department as well as the cost on compensation of employees.

The costing of personnel was done for all needed staff categories as mentioned above. Although the department will increase staff structure by 2, 647 as a result of new facilities/services, the increase will be done on a phased-in approach. Costing for additional posts was done on the assumption that they will be filled on a 50 per cent and 75 per cent over the 2014/15, 2015/16 and 2016/17 MTEF period respectively.

The shortage of funding is a factor given the high vacancy rate. The Department still experience shortage on the supply of clinicians. Funds will be diverted to sponsor bursaries to improve the supply.

The extreme high turnover rate of more than 50 per cent of several critical clinical categories of staff leads to continued recruitment. It is important to retain essential staff, whatever the cost, than to allow them to resign. Any environmental factors such as offices, equipment, working conditions, should be properly identified and corrected, as well as ensuring that Grade and Pay Progression is implemented on time to retain them in the employment.

#### **7.1.5. Research**

Departmental priorities identifies research and development as key for continuous improvement in service delivery and developing new approaches in resolving health issues of our communities, the department will continue to commission new researchable and key priority areas in line with new legislation for impact assessment by way of conducting studies on burden of diseases, factors influencing infant and maternal mortality, factors influencing data management and the level of inclusion of traditional health practitioners in the health care system for North West province . These also provide support to the priorities espoused in the National Service Delivery Agreement.

#### **7.1.6 IT Systems**

The department has neglected funding of IT systems which are relevant to control measures in service delivery mainly because of insufficient budget. The department has to introduce Student Registration System which is critical for safe keeping of student records at departmental colleges. Unavailability of a system has become a non-compliance issue to acceptable standards and may lead to negative consequences and possible closure of our colleges. Preliminary costing for acquiring such systems are estimated at R5 million in 2015/16 financial year.

The department has to introduce Vehicle Management System which is critical for safe keeping of departmental records. Unavailability of a system has become an audit query and finding in the past financial year. Preliminary costing for acquiring such systems will be done in the 2015/16 financial year for implementation in 2016/17.

The funding of PAAB System has to be provided in order to meet technological development and to improve revenue collection for the Department.

Process of developing the ICT Plan is at an advanced stage and will be channeled through appropriate protocols for approval before implementation.

### 7.1.7. Cuban Medical Student programme

The following is the statistics for the Departmental Cuban Programme Bursary Holders

| YEAR         | NO   |
|--------------|--|
| 2008         | 8 (6 students are back for internship programme) |
| 2009         | 22   |
| 2010         | 14   |
| 2011         | 12   |
| 2012         | 92   |
| 2013         | 174  |
| 2014         | 127  |
| <b>TOTAL</b> | <b>449</b>                                       |

The total academic fees RSA/ Cuba Medical Training Programme for 2014/15 financial year was R84 million. This include new 2014/15 students. An amount of R30 million was paid and registered shortfall of R54 million.

Treasury has provided an amount of R20 million in 2014/15, R21.2 million in 2015/16 and R22.4 million in 2016/17 for Cuban medical programme.

### 7.2. Programme summary

In 2011/12, the department under-spent by R33 million, mainly because of underspending on conditional grant by R34 million as well as capital payments. This means that the department technically overspent the equitable share by R764 thousand. This was attributed to the on-going processing of various categories of OSD, including introduction of OSD for doctors and therapists), exacerbated by the filling of critical posts required for restructuring of service delivery to bring the department in line with NHI requirements.

An amount of R18 million was included against provincial roll-overs for NHI (R2 million) and National Tertiary Grant (16 million) being an approved from 2012/13 financial year.

In the 2013/14 Adjusted Appropriation, additional once off allocation of R260 million was received from the Provincial Treasury in order to assist the department to mitigate the overspending on personnel as well as R390 million being budget for purchasing of new office park which hosted all provincial staff members . The department had adjusted appropriation of R8.353 billion, of which R8.393 billion was spent; leaving overspending of R59 million and R17 million was for unspent conditional grant (Hospital Revitalization Grant).

In 2014/15 Adjustment Appropriation, R14 million was allocated to Health Infrastructure Grant for renovations of Excelsius Nursing College. Furthermore roll over of R17 million was included and R20 million was reduced from the Departmental Vote.

Table 3.3 : Summary of payments and estimates by programme: Health

| R thousand                           | Outcome          |                  |                  | Main appropriation | Adjusted appropriation | Revised estimate | Medium-term estimates |                  |                  |

MEC's compensation allocation for 2014/15 is R1.8 million, R1.9 million in 2015/16, R2 million in 2016/17 and R2.1 million for 2017/18.

The overall budget of the department consists of eight programmes as indicated above including Conditional Grants.

The departmental vote decreased from R8.3 billion to R8.1 in 2013/14 (0.2 per cent), increased to R8.9 billion in 2015/16, R9.2 billion in 2016/17 and to R9.9 billion in 2017/18.

**Budget allocation and additional funding since 2011/12-2014/15 MTEF**

- Main appropriation of 2011/12 was R6.3 billion and adjusted with R1.4 million for payment of Learnership from the Premiers office, R3 million for African Cup of nation, R90 million for ICS and Roll over of R106 thousand for Infrastructure Grant brings the total adjusted appropriation to R6.4 million.
- In 2012/13 MTEF, the departmental main appropriation was R6.9 billion and received additional funding of R124.383 million consisted of R70 million for ICS, R2.9 million for transfer of CCP staff and further R21 Million to augment allocation for Pharmaceuticals. R3 million was allocated for the preparation of 2013 African Cup of Nations as a Conditional Grant. A roll over of R34 million for Comprehensive HIV/AIDS, Health Infrastructure and Hospital Revitalisation Grants. Furthermore, R7.2 billion was reduced from the Departmental Vote.
- The main appropriation for 2013/14 was R7.6 billion and adjusted to R8.3 billion. Adjustment of funds included roll over of funds amounted to R55 million for National Health Insurance, National Tertiary Services and Hospital Revitalisation Grants. Included within the adjusted allocation was R110 million for COE to mitigate the overspending and further R150 million on second adjustment. R390 million was for Purchasing of the New Office Park.
- During 2014/15 the department received R8.1 billion. The total equitable share was R6.3 billion and conditional grants R1.8 billion. Set target for revenue was R66 million. Amongst the allocation the following funds were earmarked:
  - R1,9 million for Learner ship programme;
  - R18 million for regarding of clerks;
  - R35 million for ICS;
  - R10 million for decentralisation of bursaries from the Premiers office;
  - 45 million for top up of COE and medicine; and
  - R20 million for Cuban Doctors.

MTEF 2015/16 budget further makes provision for the following:

- Function shift to National (Port Health) R2.9 million.
- The reduction of R34.800 million to the Provincial Equitable share.
- Also decreased by R22.161 million for Health function shift National Health (NHLS).
- Summary of allocated funds for Infrastructure is as follows per B5.

| Type of infrastructure     | No of Facilities | Costs R'000 |
|----------------------------|------------------|-------------|
| New /replacement of assets | 17 facilities    | R339 549    |
| Upgrades and addition      | 17 facilities    | R274 157    |
| Renovation & Refurbishment | 8 Facilities     | R50 932     |
| Maintenance and Repairs    | 118 facilities   | R66 067     |

**MTEF 2016/17**

- Function shift to National (Port Health) R3.1 million.
- The reduction of R75 237 million to the Provincial Equitable share.
- Also decreased by R23.213 million for Health function shift National Health (NHLS).

- Summary of allocated funds for Infrastructure is as follows as per B5

| Type of infrastructure     | No of Facilities | Costs R'000 |
|----------------------------|------------------|-------------|
| New /replacement of assets | 10 facilities    | R357 3427   |
| Upgrades and addition      | 14 facilities    | R285 880    |
| Renovation & Refurbishment | 0 Facilities     | R0          |
| Maintenance and Repairs    | 83 facilities    | R116 430    |

#### 2017/18 MTEF Baseline

- Function shift to National (Port Health) R3.2 million
- Also decreased by R24.334 million for Health function shift National Health (NHLS)
- Summary of allocated funds for Infrastructure is as follows as per B5

| Type of infrastructure     | No of Facilities | Costs R'000 |
|----------------------------|------------------|-------------|
| New /replacement of assets | 8 facilities     | R370 966    |
| Upgrades and addition      | 14 facilities    | R271 539    |
| Maintenance and Repairs    | 76 facilities    | R132 262    |

### 7.3 Summary of economic classification

#### Current payments

The allocation for current payments (includes compensation of employees, goods and services, and interest and rent on land) increases from R6.2 billion in 2012/13 to R7.1 billion in 2013/14; R7.4 billion, R7.9 billion, R8.5 billion and R9.1 billion over the MTEF.

#### Compensation of employees

Actual expenditure of Compensation for 2012/13 grew between 0.9 per cent to 17.7 per cent in 2013/14 because of relocating payments for community care givers, who were previously paid from Transfers and Subsidies through NGOs, to compensation of employees, and a budget of R130 million was shifted from transfer payments to compensation of employees. In addition R14 million, that has been budgeted for learner ships was moved from goods and services to Compensation of employees from 2013/14 over the MTEF in line with Standard Chart of Accounts reclassification.

The budget allocation for personnel increased from R4.1 billion in 2012/13 to R4.8 billion in 2013/14; and further increases to R5.1 billion, R5.8 billion, R6.2 billion and R6.6 billion over the MTEF.

The Department adjusted the allocations from 2015/16 to 2017/18 to accommodate personnel costs. The key challenge is recruitment of health professionals. The supply of foreign health professionals is decreasing due to the recent international agreement on non-recruitment from developing countries, which will place a further strain on the recruitment processes of the department. The department has however intensified strategies to increase output in training of health professionals; increases in the Cuban medical programme. WHIRE Program one of the efforts implemented by the department

The extreme high vacancy rate in clinical occupations is a cause of concern, as the core services are rendered by clinicians. The department will ensure that sufficient funding is made available to make provision for the Grade and Pay Progression of the various health practitioners to ensure retention and recruitment of these categories of staff. The department should probably also look towards downscaling/rationalizing of health services to ensure that services are streamlined and effective within the available budget.

#### Remuneration of Cuban Doctors

Cuban Doctors have been allocated to the Province by National Department of Health without additional funding. These doctors were paid from Goods and Services as per directive from National Department of Health, which has only increased by 1 per cent from 2014/15 budget.

Department of Health has now directed that these doctors should be appointed and paid through PERSAL. Total cost for these doctors is estimated at R20.5 million per annum and they are also subjected to any increment that is implemented.

#### **Goods and services**

Spending on Goods and services increased minimally in 2011/12 by 3 per cent due to pressure in compensation of employees but increased substantially to 12.6 per cent in 2013/14. During 2014/15 an amount of R110 million was shifted from this Economic Classification to COE to reduce shortage and this translates to only 1 per cent increase as compared to 2013/14 final allocation . Another decrease is of 8.1 per cent in 2015/16 due to funds that was shifted to COE and some of allocation for NHLS to National Health. Between 2016/17 and 2017/18 allocation does not bear negative growth. This increase is primarily related to the increase in demand for health services, the high rate of inflation on medical supplies and services. Other contributing factors are the increasing demand for ART, treatment of MDR/XDR TB, the introduction of specific projects such as the reduction of infant and child mortality through immunization, as well as a substantial increase in the Comprehensive HIV and AIDS grant.

The 2015/16 MTEF includes additional funding for ARV treatment, the carry-through costs of national priority initiatives, acceleration in the day-to-day maintenance of existing facilities, as well as inflationary adjustments.

The department has reviewed the allocation of goods and services and identified funds that had been shifted from non-core items to Compensation of Employees over the MTEF, further shift from goods and services will lead to poor service delivery i.e. hospitals and clinics will have employees with no medicines nor food for the patients.

Other items which had an impact on costs for Goods and Services items include, high costs of rendering outsourced security in facilities across the province .i.e. (clinics, chc's, hospitals, offices and colleges), increase in costs for catering patients, fleet services (All government owned vehicles). Medicines, laboratory services and medical suppliers have been increased by over 5 per cent and the least items on non-core are reducing by 37 per cent.

## Transfers and subsidies

The decrease in the 2013/14 Adjusted Appropriation and over the MTEF period is caused by relocating payments for community care givers, who were previously paid by NGOs, to compensation of employees, and a budget of R130 million was shifted from transfers and subsidies: (NGOs) to compensation of employees.

The fluctuating trends reflected in Transfers and subsidies to: Households relate to staff exit costs.

The allocation for transfers and subsidies decreases from R185 million in 2012/13 to R119 million in 2013/14, R87 million, R100 million, R99 million and R114 million over the MTEF. There is a need for additional funding estimated at R100 million for payment of 449 Students that are already in Cuba and some Professionals that are within the country's higher education institutions. Intake of Health Professionals on bursaries from 2015/16 has been decreased due to insufficient allocations.

## Capital payments

Capital payments has spending outcome of R904 million on building in 2013/14, which included a once off allocation of R390 million for purchasing of office park for provincial office. Capital budget then decreases to R624 million, R807.7 million, R632.5 million and R684.8 million over the MTEF. Included under capital payments is the allocation for Machinery and equipment R138.8 million, R149.9 million and R152.7 million over the MTEF.

### 7.4 Infrastructure payments.

Table 3.5 : Summary of provincial infrastructure payments and estimates by category

| <b>Total department infrastructure</b>              | <b>539 970</b> | <b>575 267</b> | <b>994 916</b> | <b>634 408</b>     | <b>625 564</b>                    | <b>625 564</b>   | <b>797 074</b>        | <b>561 335</b> | <b>567 058</b> |

The audited outcomes of R575.2 million for capital payments in 2012/13 increases to R994.9 million in 2013/14. The budget decreases to R625.5 million in 2014/15 including the roll over of R17 million and additional allocation of R14 million for upgrading of Excelsius College. The budget then to increases to R797 million, decrease to R561.3 million, R567 million over the MTEF.

#### 7.4.1 Departmental infrastructure payments

Refer to Table B5

#### 7.4.2 Maintenance (Table B5)

The department has appointed infrastructure consultants in 2013/14 financial year to assist with conditional assessments of facilities and development of specifications.

Some facilities were maintained while others will be attended to during 2014/15 and this is an ongoing process over the MTEF. The budget had been allocated at district level for proper monitoring and implementation.

### 7.5 Departmental Public-Private Partnership (PPP) projects

This department does not have PPP projects.

## 7.6 Transfers

### 7.6.1 Transfers to public entities

There are no transfers to public entities.

### 7.6.2 Transfers to other entities

Table 3.6 : Summary of departmental transfers to other entities

The Department has seized transferring funds to NGO's due to challenges involved. From 2013/14 all Community Health Workers were linked to PERSAL.

### 7.6.3 Transfers to local government

No transfers made to Local Government

## 8. Receipts and retentions

Not applicable

## 9. Programme description

### Programme 1: Administration.

#### Description and objectives

The aim of the Programme is to provide strategic management and administrative support to all departmental programmes. The Programme's function is also to ensure that health services are rendered in accordance with approved policies and that comprehensive health care services are coordinated in the Province. The Programme has two sub-programmes namely, Office of the MEC and Management.

#### Priorities

- To Implement comprehensive human resources for health plan
- To Strengthen security and records management systems
- Insourcing of security services
- To strengthen health information systems
- To strengthen financial & supply chain management systems.

The budget for programme one increased by 5.7 per cent from R237 million in 2012/13 to R252 million in 2013/14. It then increases by 10.3 per cent to R255 369 million in 2014/15; 12.0 per cent to R286.120 million in 2015/16 and subsequent increase by 6.1 per cent to R306 million in 2016/17 and to R325 million in 2017/18

## Sub-Programmes

*Sub-programme 1:* Office of the MEC, is allocated 3 per cent (R8.554 million) of the total budget of the programme in 2014/15, R7.981 million, R9.462 million and R9.603 million over the MTEF.

*Sub-programme 2:* Management is allocated R246 million of the total budget of the programme in 2014/15, R278 million in 2016/17 and R316 million over the MTEF. The allocation of this sub-programme cannot be decreased as it is responsible for payments of all services viz electricity, telephone, cleaning and security services etc. including payment for shared services for 6 programmes that are hosted in Office Park. Procurement of inventory and machinery and equipment is also the competency of this sub programmes for the entire occupants in the building.

### • Compensation of Employees

The allocation has been increased to R185 million in 2015/16, R187 million and R208 million over the MTEF for the salaries including the Political Head. Compensation of employees decreased nominally by 2.4 per cent between 2011/12 and 2014/15, increases by 6.7 per cent between 2014/15 and 2017/18 and decrease by 4.5 per cent in between 2011/12 and 2017/18.

### • Goods and Services

The budget increases from R67 million in 2014/15 to R83 million in 2015/16, R88 million and R98 million over the MTEF. Funds have been shifted from this Economic classification to boost Compensation of employees over the MTEF.

There is a budget pressure in this economic classification in 2014/15 and the department has prioritized legal cost, property payments, and kilometer log-sheets in 2015/16 to augment the shortfall.

Goods and services decreased 8.1 per cent between 2011/12 and 2014/15, increases by 5.8 per cent between 2014/15 and 2017/18 and decrease by 1.4 per cent between 2011/12 and 2017/18.

**• Transfers and Subsidies**

The allocation increased from R10 million in 2014/15 to R14 million in 2015/16 and dropped to R13 million over the MTEF. The cost driver in this economic classification is payment of litigations for the entire department which is not always sufficient. This item is administered in Programme 1.

Transfers and subsidies grow by 35.8 per cent between 2011/12 and 2014/15, increased by zero per cent between 2014/15 and 2017/18 and by 16.5 per cent between 2011/12 and 2017/18.

**• Machinery and Equipment**

The allocation is decreased from R18 million in 2014/15 to R4 million in 2015/16, increased to R14 million in 2016/17 and further decreased to R5 million in 2017/18. The New Office Park building has been fitted with new furniture during 2013/14 thus there will be no major furniture needed. Some funds were shifted to boost Compensation of Employees.

The Economic Classification increased by 23.3 per cent between 2011/12 and 2014/15, decreases by 3.8 per cent between 2014/15 and 2017/18, and increases by 13.1 per cent between 2011/12 and 2017/18.

**Service Delivery Measures: Programme 1**

| Performance indicator   | 2015/16     | 2016/17     | 2017/18 |
|---|-------------|-------------|---------|
| Percentage of facilities with in-sourced security services  | 15%         | 40%         | 70%     |
| Percentage of sub-KPAs receiving a score of three or more in the MPAT report                          | 55%         | 60%         | 70%     |
| Audit opinion from Auditor General of South Africa (AGSA)   | Unqualified | Unqualified | Clean   |
| Percentage of invoices paid within 30 days  | 75%         | 80%         | 90%     |
| On-time submission of HR plan to DPSA   | Yes         | Yes         | Yes     |
| On-time submission of HR plan implementation report to DPSA   | Yes         | Yes         | Yes     |
| Number Medical officers per 100 000 people employed   | 18          | 20          | 21      |
| Number of Professional nurses per 100 000 people  | 123         | 125         | 126     |
| 100 000 people employed   | 7           | 8           | 9       |
| Percentage of Health facilities assessed for compliance to Information Management Tools               | 75          | 80          | 85      |
| Number of hospitals implementing integrated EDRMS (Electronic Document and Records Management System) | 3           | 6           | 6       |

**Programme 2: District Health Services (DHS)**

**Description and objective**

The purpose of the Programme is to promote preventive, curative and rehabilitative health care services in an accessible, affordable, and integrated approach, through a dynamic, efficient and effective District Health System

**Priorities**

- Inter-sectoral collaboration to address social determinants of health that affect health outcomes;
- Increase life expectancy;
- Strengthen the Health system efficiency and effectiveness;
- Promote health, prevent disease and reduce the disease burden;
- Improve the quality of health services; and
- Strengthen Partnerships.

The Programme consists with 9 Sub-programmes namely District Management, Community Based Services, Community Health Centers, Other Community Services, HIV/AIDS, Nutrition, Community Health Clinics, Coroner Services and District Hospitals.

Table 3.9 : Summary of payments and estimates by sub-programme: District Health Services

| R thousand                          | Outcome          |                  |                  | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |                  |                  |

| <b>Total economic classification</b>                | <b>3 231 943</b> | <b>3 648 331</b> | <b>4 167 183</b> | <b>4 295 604</b>   | <b>4 324 604</b>               | <b>4 475 051</b> | <b>4 670 399</b>      | <b>4 952 417</b> | <b>5 353 495</b> |

The programme strengthens the implementation of the six ministerial priorities as part of fast tracking the quality of care rendered to the community. The programme focus on the implementation of PHC services to the community at no cost. This forms part of ensuring access to free basic medical services. Health care at this level is provided through PHC clinics and Community Health Centres. It is envisaged that the six ministerial priorities will improve the quality of care, resulting in higher satisfaction of the community on health services. The department will also focus on the effectiveness and efficiency of care at this level.

The above highlights indicate that the budget for this programme cannot be decreased because it conserves the vision and mission of the Department. The allocation increased from R4.296 billion in 2014/15 to R4.670 billion in 2015/16, R4.952 billion in 2016/17 and R5.353 million in in 2017/18. There are two conditional Grants within the programme namely HIV/AIDS and NHI.

*Sub-programme 1:* District Management, is allocated a budget of R401million in 2015/16, R432 million in 2016/17, and R454 in 2017/18.

The District Specialists Teams are linked to the sub districts and are playing a major role to position PHC re-engineering within the Province in line of the National and Provincial Priorities and other related expenditures are incurred. Within this sub-programme there is an allocation of National Health Insurance.

*Sub-programme 2:* Community based services is allocated R16 million, R13 million and R14 million for over the MTEF. Within the allocation are allocations earmarked for PHC re-engineering goods and services only while other personnel related costs are paid within HIV/AIDS Conditional Grant by

Sub-Districts. Part of the allocation is allocated to MCWH used to prevent the mortality and morbidity caused by violence, accidents, injuries and other preventable causes.

*Sub-programme 3: Community Health Centers:* The sub programme is rendering core services of the department in the Province. This sub programme is allocated R885 million, R878 million and R947 million over the MTEF. Community Health Centers are the link between the Community Health Clinics and Hospitals and most of them are operating 24 hours.

*Sub-programme 4: Other community services,* is allocated R169 million, R189 million and R197 million over the MTEF. There are 784 estimated Community Service Health Professional joining the Department during 2015/16. The bulk of allocation is paying for their salaries and part is allocated to Goods and Services.

The growth in the sub programme does not cater for entire number of health professionals within the Province and most of them are bursary holders.

*Sub-programme 5: HIV/AIDS* is allocated R1.022 billion in 2015/16. The allocation increases to R1.140 billion in 2016/17 and R1.286 billion in 2017/18. The allocation also include budget for EPWP amounting to R14 million for 2015/16 only.

*Sub-programme 6: Nutrition* is allocated R10.5 million in 2014/15, there is a decline from 2015/16 financial year because of slow spending, dropped to R6.1 million, R6.7 million and R7.2 million funds over the MTEF. Funds are directed to other sub programmes.

*Sub-programme 7: Community Health Clinics:* The sub programme is rendering Primary Health Care at the early stage. There are some clinics that are earmarked to render 24 hours service and that there are new clinics that have been built without funding for both human and non-human resource. This sub programme has been allocated R903 million in 2015/16, R973 million and R1.023 billion over the MTEF.

*Sub-programme 8: Coroner services:* is allocated R44 million in 2015/16, R52 million in 2016/17 and R54 million in 2017/18. The forensic services of the Province is working together with Provincial Law Enforcement and other stakeholders during accidents. Equipment's used and staff are working around the clock thus the allocation should always be available to cater all those needs.

*Sub-programme 9: District hospitals:* Activities in the district hospitals are more than the Health Centers and clinics rendering level 1. Allocation includes NHLS, Medicine, Security, patient catering and other items related to patient care.

District hospitals are allocated R1.102 billion in 2014/15, R1.184 billion in 2015/16, R1.276 billion in 2016/17 and R1.381 billion over the MTEF.

## **Economic Classification**

- **Compensation of Employees**

This economic classification has been increased from R2.9 billion in 2014/15 to R3.3 billion in 2015/16. The allocation increased to R3.5 billion in 2016/17 and R3.8 billion in 2017/18. The District Specialists Teams are and other health professionals are linked to this programme.

Compensation of employees increases by 13.9 per cent between 2011/12 and 2014/15, 9.2 per cent between 2014/15 and 2017/18 and 10.5 per cent between 2011/12 and 2017/18.

- **Goods and Services**

The budget is decreased from R1.3 billion in 2014/15 to R1.1 million in 2015/16 because some funds were shifted from this Economic Classification to COE, increased to R1.3 million in 2016/17 and increased to R1.4 billion over the MTEF. Amongst critical items that are of service delivery is

Medicine, Laboratory Services, and Patient Catering has been increased by over 5 per cent in line with CPIX.

Goods and services increases by 11.9 per cent between 2011/12 and 2014/15, 3.7 per cent between 2014/15 and 2017/18 and decreases by 7.7 per cent between 2011/12 and 2017/18.

- **Transfers and Subsidies**

The allocation increased from R4.5 million in 2014/15 to R4.9 million in 2015/16, increased to R5.2 million in 2016/17 and R5.5 million in 2017/18. The cost driver in this economic classification is staff benefits.

Transfers and Subsidies declined by 54.7 per cent between in 2011/12 and 2014/15, 25.9 per cent between 2014/15 and 2017/18 while the seven years period shows a decrease of 42.1 per cent between 2011/12 and 2017/18.

- **Machinery and Equipment**

The allocation is decreased from R36 million in 2014/15 to R34 million in 2015/16. This reduction is attributed to some funds been shifted to augment COE. In 2016/17 budget increased to R40 million and to R44 million in 2017/18.

This Economic Classification decreased by 6.6 per cent between 2011/12 and 2014/15, increases by 10.1 per cent between 2014/15 and 2017/18, and by 1.4 per cent between 2011/12 and 2017/18.

Service Delivery Measures: Programme 2

| Performance indicators  | 2015/16      | 2016/17      | 2017/18      |

Budget allocations for the program has increased from R4.4 billion to R4.6 billion, R4.9 billion, R5.3 billion over the MTEF period.

**Programme 3: Emergency Medical Services.**

**Description and objectives**

- The purpose to the programme is to establish and maintain a well-functioning emergency medical services throughout the province as well as improving the management and control thereof.

There are two sub-programmes: emergency transport and planned patient transport. The programme provides the basic services as required by the department. The department has identified the need to increase the EMRS fleet annually until numbers are in line with the norms and standards for rendering effective and efficient emergency and rescue medical services.

**Priorities**

- Improve patient response times
- Improve communication system
- Improve EMS management and clinical qualifications
- Improve planned patient transport system

The program has been allocated the budget for the normal running of the EMRS service, with separate allocations to the Directorate for establishment of the Provincial Emergency call centre. The Department made an allocation to procure ambulances for 2015/16 to the tune of R20 million, R20 million in 2016/17 and R21 million to 2017/18 financial year.

| <b>Total economic classification</b>                | <b>207 875</b> | <b>229 706</b> | <b>263 660</b> | <b>283 941</b>     | <b>283 941</b>                    | <b>275 998</b>   | <b>293 372</b>        | <b>314 513</b> | <b>330 239</b> |

The Programme is allocated R293 million in 2015/16, R314 million and R330 in the last year of the MTEF. The budget of Emergency Transport Services is the only one in this programme that is allocated across all economic classification and Planned Patient Transport is procuring ambulances only.

## Sub-programmes

*Sub-programme 1:* Emergency transport is allocated R272 million in 2015/16, R294 million and R310 million in the year.

*Sub-programme 2:* Planned patient transport is allocated R21 million in 2015/16 and R20 million 2016/17, a slide declined due to reprioritization, and maintained at R20 million in 2017/18.

- **Compensation of employees**

The allocation for 2015/16 is R210 million, R234 million in 2016/17 and R254 million in 2017/18. Cost driver is overtime payments for EMRS officials.

Compensation of employees increases by 10.1 per cent between 2011/12 and 2014/15, 9.8 per cent between 2014/15 and 2017/18 9.9 per cent between 2011/12 and 2017/18.

- **Goods and Services**

Some funds have been shifted to compensation of employees to augment shortfall thereon. Allocation for 2015/16 is R59 million, which then decline to R57 million in 2016/17 and down to R51 million in 2017/18.

Goods and Services increases by 9.8 per cent between 2011/12 and 2014/15, decline by 8.9 per cent between 2014/15 and 2017/18, an increase by 1.8 per cent between 2011/12 and 2017/18.

- **Transfers and subsidies**

Allocation over the MTEF increases to cater for expenditure relating to personnel benefits within the economic classification. The economic classification is allocation R809 thousand in 2015/16, R926 thousand in 2016/17 and R1.1 million for 2017/18

Transfers and subsidies increased by 60.4 per cent between 2011/12 and 2014/15, decreases by 12.1 per cent between 2014/15 and 2017/18, and an increases by 34.1 per cent between 2011/12 and 2017/18.

- **Machinery and Equipment**

The bulk of the budget is allocated to Planned Patient Transport for procuring ambulances and emergency medical equipment. Allocation for 2015/16 is R23 million, R23 million and R24 million in the last year.

Machinery and Equipment increased by 10.2 per cent between 2011/12 and 2014/15, declines by 1.3 per cent between 2014/15 and 2017/18 and increases by 4.3 per cent in nominal between 2011/12 and 2017/18.

## Service Delivery Measures: Programme 3

| Performance indicators                         | 2015/16 | 2016/17 | 2017 /18 |
|--|---------|---------|----------|
| 1. EMS operational ambulance coverage          | 0.25    | 0.25    | 0.25     |
| 2. EMS P1 urban response under 15 minutes rate | 61      | 63      | 65       |
| 3. EMS P1 rural response under 40 minutes rate | 61      | 63      | 65       |
| 4. EMS inter-facility transfer rate            | 20%     | 20%     | 20%      |

**Programme 4: Provincial Hospitals (Regional and Psychiatric)**

**Description and objectives**

**Regional Hospitals:**

The programme mandate is to improve the quality of care by setting and monitoring national norms and standards, improving system for user feedback and safety in health care by improving clinical governance

There are 3 Regional Hospitals in the North West Province: Potchefstroom Hospital, Mafikeng Provincial Hospital, and Joe Morolong Memorial Hospital. Witrand and Bophelong Psychiatric Hospitals are rendering psychiatric services for the North West Province.

**Priorities**

- Improved quality of care
- Integration of Mental Health Services
- Strengthen health system management and efficacy

**Objectives: Provincial Hospitals**

- Improve compliance with National Core Standards
- To develop a strong service delivery platform that responds to the health and access needs of the population
- To strengthen programmes focusing on quadruple burden of disease

**Objectives: Specialised Hospitals**

- Improve compliance with NCS
- To develop a strong service delivery platform that responds to the health and access needs of the population
- To strengthen programmes focusing on quadruple burden of diseases
- Prevent and reduce the disease burden and promote mental health

| <b>Total economic classification</b>                | <b>1 577 926</b> | <b>1 788 728</b> | <b>2 036 212</b> | <b>2 003 787</b>   | <b>2 028 532</b>               | <b>2 277 880</b> | <b>1 284 576</b>      | <b>1 488 651</b> | <b>1 647 350</b> |

The budget decreases from R2.2 billion 2014/15; R1.3 billion, R1.5 billion and R1.6 billion over the MTEF.

The decline in allocation is caused by migration of Job Shimankane and Klerksdorp/Tshepong Hospitals to Programme 5. The Department has made efforts to increase these allocations although the demand and supply of the programme are unique as compared to other programmes. Health Professional Services Grant is allocated within the Programme

### **Sub-programmes**

*Sub-programme 1:* Provincial hospitals, is allocated R873 million 2015/16, R1 billion in 2016/17 and R1.2 billion in the last year of the MTEF. The growth is essential due to the fact that the sub-programme is providing for level 1 to level 3 with care services through provincial hospitals regarding both in and out patient care.

*Sub-programme 2:* Psychiatric Hospitals: The sub programme is rendering acute and chronic psychiatry services and geriatric services. Witrand Hospital provides for acute and sub-acute psychiatry service which is also key to the department core functions. The allocation ranges between R410 million and R464 million over the MTEF.

- **Compensation of Employees**

The allocation has decreased to R929 million due to migration of two Tertiary Hospitals and R1.1 billion in 2016/17 and R1.2 billion in 2017/18. Overtime payment is the cost driver due to high vacancy rate.

Compensation of employees increases by 14.2 per cent between 2011/12 and 2014/15, decreases by 10.6 per cent between 2014/15 and 2017/18 and increase by 2.1 per cent between 2011/12 and 2017/18.

- **Goods and Services**

The economic classification is decreasing from R662 million in 2014/15 to R339 million in 2015/16, R349 million in 2016/17 and R385 million over the MTEF. Reduction of Health Professional Grant has an impact on the declined noting services that are rendered by the programme. The decline in allocation is also caused by migration.

Goods and services increases by 11.1 per cent between 2011/12 and 2014/15, decreases by 14.8 per cent between 2014/15 and 2017/18 and by 2.7 per cent between 2011/12 and 2017/18.

- **Transfers and Subsidies**

The allocation for 2015/16 is R2.9 million, R3.2 million and R3.1 million over the MTEF. Cost driver in this economic classification is payment of injury on duty.

Transfers and subsidies increases by 15.9 per cent between 2011/12 and 2014/15, decreases by 19.8 per cent between 2014/15 and 2017/18 and by 3.6 per cent between 2011/12 and 2017/18.

- **Machinery and equipment**

Machinery and Equipment is also affected by migration of Job Shimankane Tabane and Klerksdorp/Tshepong hospitals to Programme 5. Provincial Hospitals, whose budget for was increased from R19 million to R13 million in 2015/16, R11 million and R12 million over the MTEF. Portion of the allocation has been shifted to Compensation of Employees to address the shortfall thereon.

Machinery and equipment decreased 11.6 per cent between 2011/12 and 2014/15, 7.5 per cent between 2014/15 and 2017/18 and by 9.6 per cent nominally.

**Programme 5: Central Hospital Services****Programme description:**

The purpose of this programme is to provide access to Tertiary Hospital care services for patients in the North West Province, retention and training of health care professionals, and research. The North West Province does not have a fully developed tertiary or central hospital; tertiary services are incrementally initiated and sustained at Klerksdorp/Tshepong Hospital and Job Shimankana Tabane Hospital.

## Objectives

- Improve compliance with National Core Standards
- To develop a strong service delivery platform that responds to the health and access needs of the population
- To strengthen and sustain existing tertiary services and develop new tertiary services

## Priorities

- Improved quality of care
- To strengthen and sustain existing tertiary services and develop new one.
- To rollout and sustain quality management system
- Strengthen partnership with academic institutions

The Programme is funded by National Tertiary Services Grant and part of equitable share.

*Sub-programme 1:* Provincial hospital tertiary services, is funded through the conditional grant and equitable share. This sub-programme is allocated R1.1 billion in 2015/16, in 2016/17 the allocation is R1.2 billion constantly in the outer year of the MTEF.

### • Compensation of Employees

The allocation has increased from R117 million to R779 million in 2015/16, R828 million and R875 million over the MTEF.

Compensation of employees grows by 7.1 per cent between 2011/12 and 2014/15, at an average of 0.4 per cent between 2014/15 and 2017/18.

• **Goods and Services**

The economic classification is increased from R101 million to R294 million in 2015/16 and to R301 million in the outer year due to the movement of two above mentioned hospitals to this programme.

The Economic Classification grows nominally by 5.8 per cent between 2011/12 and 2014/15. It declines nominally by 43.8 per cent between 2014/15 and 2017/18, and increases by 23.4 per cent between 2011/12 and 2017/18 (*real terms declined by 2.3 per cent*)

• **Machinery and Equipment**

Machinery and equipment has been allocated R32 million in 2015/16 and R39 million in 2016/17, furthermore R41 million is allocated for 2017/18 for procurement of specialized medical equipments.

Machinery and Equipment grows by 11.7 per cent between 2011/12 and 2014/15, by 31.5 per cent between 2014/15 and 2017/18 and by 21.2 per cent between 2011/12 and 2017/18.

**Service Delivery Measures: Programme 5**

| Performance indicator                           | 2015/16     | 2016/17     | 2017/18 |
|---|-------------|-------------|---------|
| Inpatient Bed Utilization Rate                  | 75 – 86%    | 75 – 86%    |         |
| Average Length of Stay                          | 5-7 days    | 5-7 days    |         |
| Expenditure per patient day equivalent          | R2600–R3000 | R2600–R3000 |         |
| Hip replacement rate                            | 25          | 30          |         |
| Knee replacement rate                           | 25          | 30          |         |
| Number of new tertiary service points developed | 4           | 6           |         |

**Programme 6: Health Sciences and Training**

**Description and objectives**

Purpose of the programmes is to support health care service delivery through the provision of education, training and development with the objective to develop a responsive health workforce by ensuring adequate training and development

The programme consists of four sub-programmes namely: Nurses Training Colleges, EMRS Training Colleges, Primary Health Care and Training other.

**Priorities**

- Strengthening of curriculum development and review
- Increasing access to education and training opportunities
- Implementation of new Nursing and EMRS Higher Education qualifications

Table 3.17 : Summary of payments and estimates by sub-programme: Health Science And Training

| <b>Total economic classification</b>                | <b>226 552</b> | <b>242 110</b> | <b>305 311</b> | <b>321 778</b>     | <b>297 778</b>                 | <b>318 907</b>   | <b>313 548</b>        | <b>343 032</b> | <b>360 083</b> |

The total allocation for the programme for 2015/16 has decrease to R314 million in 2015/16, R343 million in 2016/17 and R360 million in 2017/18. The programme deals with training of doctors, nurses and interns.

## Sub-Programmes

*Sub-programme 1:* Nurses training colleges, is allocated R186 million of the total budget of the programme in 2015/16, R178 million in 2016/17 and R185 million in 2017/18. The mandate of this sub programme is to train nurses within the province to reduce high vacancy rate. Most students are obtaining departmental bursaries

*Sub-programme 2:* EMS Training Colleges. The allocation for 2014/15 was reduced due to reprioritization within the programme and this has not affected the projected activities of the sub programme. The allocation has a substantial growth over the MTEF. An amount of R30 million has been allocated in 2015/16, R25 million in 2016/17 and R28 million in the outer year.

*Sub-programme 3:* Primary Health Care Training is allocated R11 million, R16 million and R17 million over the 2015/16 MTEF period.

*Sub-programme 4:* Training Other: The sub-programme grows upward to R96 million in 2015/16 and has increased to R123 million in 2016/17 and to R125 million in 2017/18 because of the number of intake for Cuban Programme and payment of students that are already in Cuba studying medicine.

## Economic Classifications

### Compensation of Employees

Compensation of Employees has been reduced to other programmes because of high vacancy rate within the Training Colleges. Allocation for 2015/16 is R156 million, R178 million in 2016/17 and R173 million in 2017/18.

Compensation of Employees increased nominally by 3 per cent between 2011/12 and 2014/15, 4.7 per cent between 2014/15 and 2017/18 and 3.8 per cent between 2011/12 and 2017/18.

- **Goods and Services**

The allocation has been increase from R71 million in 2014/15 to R80 million in 2015/16, R86 million in 2016/17 and R93 million in 2017/18 to cater for payments of accommodation for Nursing Students, training of employees and other related costs for Cuban Student.

Goods and Services decreases by 1.5 per cent between 2011/12 and 2014/15, increases by 9.2 per cent between 2014/15 and 2017/18, and by 3.7 per cent between 2011/12 and 2017/18.

- **Transfers and subsidies**

The economic classification has decreased from R93 million in 2014/15 to R73 million in 2015/16, R76 million in 2016/17 and R90 million in 2017/18. Allocation consist of payment of tuition and other benefits to National Health for Cuban Student Doctors, Nurses at Tertiary Education to improve their qualifications and for skills development levy

Transfers and subsidies increase by 103.6 per cent between 2011/12 and 2014/15. The allocation decreases by 1.2 per cent between 2014/15 and 2017/18 but increases by 41.8 per cent nominally between 2011/12 and 2017/18

- **Machinery and equipment**

The allocation has increased from R3.6 million in 2014/15 to R3.8 million in 2015/16, R3 million for 2016/17 and R4.2 in 2017/18. The allocation is used to procure laptops for Cuban students and other necessary items within the programme.

Machinery and Equipment increase by 18.4 per cent between 2011/12 and 2014/15, 5.1 per cent between 2014/15 and 2017/18 and by 34.9 per cent between 2011/12 and 2017/18.

### Service Delivery Measures: Programme 6

| Performance indicator  | 2015/16 | 2016/17 | 2017/18 |

### Programme 7: Health Care Support Services.

#### Description and objectives

The purpose of this programme is to provide health care support services, namely, Pharmaceutical Services, Transport Management Service, Health Technology Services, Information and Communication Technology as well as the Orthotic and Prosthetic Services to the Department.

#### Objectives

- Improve access to essential medical supplies
- Improve transport Management Systems
- Strengthen availability and maintenance of medical equipment
- Improve quality of life of persons with disabilities

#### Priorities

- Provide medical equipment vehicles (Red Fleet).
- Improve availability of essential medical supplies.
- Strengthen the maintenance and replacement of medical equipment

- Improve access to services for people with disabilities.
- Enhance Health Information system effectiveness

| <b>Total economic classification</b>                | <b>127 167</b> | <b>106 464</b> | <b>126 246</b> | <b>141 871</b>     | <b>128 900</b>                 | <b>128 889</b>   | <b>149 195</b>        | <b>145 492</b> | <b>159 418</b> |

The allocation has increased from R129 million in 2014/15 to R149 million in 2015/16, R145 million in 2016/17 and to R159 million in 2017/18. The increase is caused by ever increasing cost of transport for medicines, replacement of servers, demand of wheelchairs and the need to sustain the laundry services in the province.

## Sub-programmes

*Sub-programme 1:* Engineering is allocated R71 million of the total budget of the programme in 2015/16, R65 million in 2016/17 and R70 million in the outer year. The sub programme is responsible for procurement of departmental fleet vehicles and payment of SITA related payments.

*Sub-programme 2:* Provincial Laundry Services is allocated R31 million, R33 million and R34 million over the MTEF. The sub programme is rendering laundry services within the Province.

*Sub-programme 3:* Orthotic and Prosthetic Service, the allocation is increased from R9 million to R10 million in 2015/16, R11 million in 2016/17 and R12 million for 2017/18 of which funds are earmarked for procurement of wheelchairs and other related costs. The allocation is increasing over the MTEF to increase number of wheelchairs to be allocated to the qualifying citizens.

*Sub-programme 4:* Medical trading account increased from R29 million in 2014/15 to R35 million in 2015/16, R35 million in 2016/17 and R41 million in 2017/18. There is no decline of allocation over the MTEF. Amongst other mandates, the sub programme is responsible for transporting medicine to hospitals, the province and procurement of medical suppliers.

## Economic Classifications

- **Compensation of employees**

The allocation for 2015/16 is R59 million, R62 million in 2016/17 and R65 million in the outer year.

Compensation of employees increase by 5.8 per cent between 2011/12 and 2014/15, 10.2 per cent between 2014/15 and 2017/18 and 8.0 per cent nominally between 2011/12 and 2017/18.

- **Goods and Services**

The economic classification has increased from R66 million in 2014/15 to R72 million in 2015/16 and a slight decrease to R62 million for 2016/17 and R72 million for 2017/18 due to the fact that some funds were shifted to augment Compensation of employees

Goods and Services decline by 1.5 per cent between 2011/12 and 2014/15, increases by 3.0 per cent between 2014/15 and 2017/18 and decline 0.7 per cent by between 2011/12 and 2017/18.

- **Transfers and subsidies**

Allocation relates to staff benefits and is increased to R134 thousand in 2015/16, R141 thousand in 2016/17 and R148 thousand in 2017/18.

Transfers and Subsidies increased nominally by 86.8 per cent between 2011/12 and 2014/15, declined by 7.8 per cent between 2014/15 and 2017/18 and increases by 91.2 per cent between 2011/12 and 2017/18.

- **Machinery and Equipment**

The allocation has been decreased from R28 million to R18 million in 2015/16, R20 million in 2016/17 and R21 million in 2017/18. The decreased is caused by shifting of funds to augment Compensation of Employees.

Machinery and Equipment decrease by 6.5 per cent between 2011/12 and 2014/15, but increases by 16.6 between 2014/15 and 2017/18, and increases by 4.4 per cent between 2011/12 and 2017/18.

## Service Delivery Measures: Programme 7

| Performance indicator  | Medium term targets |         |         |
|--|---------------------|---------|---------|
|  | 2015/16             | 2016/17 | 2017/18 |
| Percentage availability of essential medical supplies                          | ≥96%                | ≥96%    | ≥97%    |
| Number of Red Fleet Vehicles procured  | 40                  | 40      | 40      |
| Number of health facilities adhering to the equipment medical maintenance plan | 41                  | 41      | 41      |
| Number of health facilities adhering to the equipment replacement plan         | 41                  | 41      | 41      |
| Number of wheelchairs issued   | 700                 | 750     | 800     |
| Proportion of health facilities connected to internet                          | 27%                 | 35%     | 43%     |
| Number of IT applications implemented  | 4                   | 5       | 6       |

## Programme 8: Health Facilities Management

### Description and objectives

The purpose of the Health Facilities Management Programme is to:

To oversee the planning and construction of health facilities to contribute towards the provision of comprehensive quality health services and to facilitate the upgrade, rehabilitation, replacement and renovation of clinics, community health centers, district, regional, tertiary and specialized hospitals, as well as other health related facilities, through providing technical support and monitor implementation of maintenance at health facilities

Objectives:

- Improve quality of Health Infrastructure
- Accelerate delivery on the Health Facilities Revitalization Programme
- Ensure proper execution of maintenance programme
- Improve quality of Health Infrastructure
- Accelerate delivery on the Health Facilities Revitalization Programme
- Ensure proper execution of maintenance programme

Priorities

- Alignment of STP and the Departmental User Asset Management Plans (U-AMPS) and Infrastructure Programme Management Plans (IPMP's);
- Focused planning to align infrastructure development, budgets and organisational readiness at commission stage;
- Upgrading/refurbishment of Health Infrastructure;
- Maintenance of Health Infrastructure; and

| <b>Total economic classification</b>                | <b>539 412</b> | <b>575 273</b> | <b>994 792</b> | <b>634 408</b>     | <b>625 564</b>                 | <b>625 564</b>   | <b>797 074</b>        | <b>561 337</b> | <b>567 146</b> |

The programme consists of four sub programmes namely; Community Health Facilities, District Hospital Services, Other facilities and Health Facilities Maintenance.

The allocation over the MTEF has been increased to R797 million in 2015/16 and decline to R561 and R557 million over the MTEF.

*Sub-programme 1:* Community health facilities, is allocated R22.490 million 2014/15 and nothing has been allocated over the MTEF.

*Sub-programme 2:* District hospital services, is allocated R695million of the total budget of the programme in 2015/16, which is entirely a conditional grant. In 2016/17 the sub-programme is allocated R498 million and R496 million 2017/18.

*Sub-programme 3:* Other facilities, is allocated R41 million, R35 million and R35 million over the MTEF

*Sub-programme 4:* Health Facilities Maintenance has a decline from adjusted amount of R60 million, to R28 million and to R35 million over the MTEF. Part of the allocation will be allocated within the Conditional Grant. The budget is decreasing over the MTEF.

### **Economic Classifications**

- **Compensation of Employees**

The allocation is increased to R25 million in 2015/16 and there is no subsequent allocation for the outer years.

The Economic classification has increased nominally by 63.60 per cent between 2011/12 and 2014/15 and declined by 100.0 per cent between 2014/15 and 2017/18, and again by 100.0 per cent between 2011/12 and 2017/18.

- **Goods and Services**

The allocation is decreased to R90 million in 2015/16, R28 million in R35 million over the MTEF. Part of the allocations is for Revitalization Grant and also includes maintenance budget.

Goods and services grow nominally by 15.5 per cent between 2011/12 and 2014/15, decrease by 25.9 per cent between 2014/15 and 2017/18, and decrease by 7.5 per cent between 2011/12 and 2017/18.

- **Transfers and Subsidies**

The programme does not have allocation for this economic classification.

- **Capital Payments**

Machinery and Equipment allocation has been reduced from R16 million in 2014/15 to R10 million in 2015/16. No allocation over the outer years.

Building and Fixed Structures allocated R668 million for 2015/16, R532 is allocation for 2016/17 and reduced to R532 million over the MTEF.

Capital Payments grows by 2.5 per cent between 2011/12 and 2014/15, decline by 1.2 per cent between 2014/15 and 2017/18 and between 2011/12 and 2017/18 declined by 1.9 per cent.

## Service Delivery Measures: Programme 8

| Performance indicator  | Medium term targets |         |         |
|--|---------------------|---------|---------|
|  | 2015/16             | 2016/17 | 2017/18 |
| Percentage of new approved facilities that comply with gazetted infrastructure Norms & Standards | 43%                 | 64%     | 71%     |
| Number of existing facilities compliant to the gazetted infrastructure norms and standards       | 1                   | 5       | 3       |
| Number of project plans completed.   | 7                   | 4       | 3       |
| Number of Projects on which construction started   | 16                  | 2       | 5       |
| Number of projects completed   | 5                   | 9       | 4       |

The increase in personnel numbers from 2012/13 to 2013/14 was due to the appointment of the Community Health Workers and Counselors who were previously paid by NGO's. The increase for 2014/15 is minimal due to the carry through effects of upgrading of posts of various categories of clerks, drivers etc. The department is also intending to open a number of new facilities and wards in the 2015/16 financial year.

## Human resource development

The Department has over the past three years embarked on various skills training programmes with National School of Government to capacitate managers at different levels of responsibility. To this end the following programmes were offered to staff viz. Emerging Management Development Program (EMDP), Advance Management Development Program (AMDP), Executive Development Program (EDP) and Khaedu Programme.

- There has been tremendous progress in performance as a result of interventions made by the trainings offered and the Department will continue in 2015/16 to address the backlog in training to equip officers with knowledge that will assist them to perform their duties effectively.
- The Department has also offered training to operational staff to improve their skills and administrative functions. Supply Chain Management, Finance for Non-Financial Managers, Office Administration & Management, Mentoring and Coaching and Computer Training.
- An improvement among the officers that have participated in the said training has been registered. There is efficiency in SCM Directorate as well as in the Financial Management and the Department will continue in 2015/16 to address the backlog in training.

### **9.3.3. Reconciliation of structural changes**

- *Structure Status.* The department is in process of reviewing its organisational structure to align it to the budget allocation. The process started with consultation workshops with all stakeholders and focus groups where after a draft structure was presented to the Departmental Management Committee. Inputs received from this forum were presented to the Departmental Executive Committee which is in the process of scaling down the structure. The DEC has finalized the structures for Clinics, Health Centres, District Hospitals, Sub-District Offices, EMRS Stations, Forensic Pathology, Nursing Colleges, Medical Depot, EMRS College and District Offices. The Head Office and Tertiary and Specialized Hospitals structures are in process of being finalized. The final draft will be presented upon completion of the remaining structures for presentation to the MEC for consideration.

## 1. Overview

**Vision:** A rooted approach for supporting culture, the arts and tradition of our people

**Mission:** Placing Culture, Arts and tradition in the hearts and minds of our communities for their development and enrichment.

### Strategic policy direction:

The strategic policy of the department is to strive to be visible and have an impact in people's lives through programmes engulfed in its mission and vision. The following represent the strategic goals and objectives of the department:

- Acceleration, transformation and inclusivity in Arts, Culture, Traditional, Library and Archive Services;
- Create, promote and develop sustainable Arts, Culture, Traditional, Library and Archive Services;
- Re-engineering of Arts, Culture and Heritage programs into business enhancement activities;
- Provide and develop sustainable infrastructure Arts, Culture, Traditional, Library and Archive Services accessible to all communities;
- Provide effective Communication and Marketing services of all Arts, Culture Traditional, Library and Archive service programmes;
- Provide effective and efficient policy, legal services, monitoring and evaluation (Minimum Information Security Standards, Information and Knowledge Management) functions to the department;
- Provide effective and efficient financial management and administration services to the department and relevant stakeholders; and
- Provide strategic human capital management support and advisory functions to the department.

### Core functions

The core functions of the Department are:

- To ensure that Recreation activities are accessible to all communities and to promote talent in the province;
- To provide opportunity to access information and knowledge through Libraries and Museums and to manage and preserve our historical records to all communities;
- To promote and create conditions for the development of a multicultural society and to ensure that previously-marginalized communities are given opportunities;
- To promote Mass Participation through Recreation events
- To ensure the existence of proper infrastructure and programmes for the development of talent and skills in Arts; Culture and Traditional activities;
- To establish and maintain relevant regional, national and international linkages; and
- To promote social cohesion, moral regeneration and nation building.

## The Acts, rules and regulations applicable to the department

The Departmental programmes derive mandates from the Constitution of the Republic of South Africa 1996 (Act No. 108 of 1996) Schedule 4 Part A and Section 6 of the constitution.

### The general legislative and other mandates include but are not limited to:

- The Constitution of the Republic of South Africa Act, 1996 (Act No. 108 of 1996);
- Promotion of Access to Information Act, 2000 (Act No. 2 of 2000);
- Promotion of Administrative Justice Act, 2000;
- Public Finance Management Act, 1999 (Act No. 1 of 1999);
- Labour Relations Act, 1995 (Act No. 26 of 200);
- Public Service Act, 1994;
- Employment Equity Act, 1998 (Act No. 55 of 1998);
- Basic Conditions of Employment Act, 1997;
- Preferential Procurement Policy Framework, 2000;
- Copy Right Act, 1978;
- Cultural institution Act, 1998 (Act No. 119 of 1998);
- Cultural Promotion Act, 1983 (as amended);
- Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Communities, 1997;
- National Archives Act, 1996;
- National Arts Council Act, 1997;
- National Heritage Council Act, 1999;
- National Heritage Resource Act, 1999;
- National Film and Video Foundation Act, 1997;
- Use of Official Languages Act ( Act No 12 of 2012);
- The South African Language Practitioners Council Act ( No 8 of 2014 ) ;
- Local Government: Municipal Demarcation Act, 20 of 1998;
- Local Government: Municipal Systems Act, 32 of 2000;
- Local Government: Municipal Financial Management Act
- Local Government: Municipal Structures Act, 117 of 1998;
- Local Government: Municipal Property Rates Act, 6 of 2004;
- Local Government Municipal Demarcation Act 1998 (Act No.27 of 1998);
- Organised Local Government Act, 52 of 1997;
- National House of Traditional Leaders Act, 10 of 1997;
- Traditional Leadership and Governance Framework Act, 41 of 2003;
- Remuneration of Public Office Bearers Act, 20 of 1998;
- The Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Communities Act, 19 of 2002 and;
- The Pension Benefits for Councillors of Local Authorities Act, 105 of 1987.

### 1.1 Aligning departmental budgets to achieve government's prescribed outcomes-

The Department contributes towards the following Presidential outcomes:

- **Outcome 1:** (Improve the Quality of Basic Education) through the construction and operationalization of Libraries. Developing and promoting previously marginalised languages.

Empower communities with sustainable Recreation, Arts, Culture programmes, Library and Archive programmes. The conditional grant budget is aligned to the business plan in order to achieve the outcome. The funding of construction of libraries is sourced from both conditional grant and equitable share.

- **Outcome 4:** (Decent employment through inclusive economic growth) by employing Community Development Officers (CDOs) on contract and on a permanent basis, and by supporting the local SMME's. The library conditional grant also provides for the appointment of contract employees as per the business plan.
- **Outcome 9:** Responsive, Accountable, Effective and Efficient Local Government System through the support of the community to sustain their skills and to create opportunities for economic development, and by providing support to Public Entities and municipalities.

The equitable share budget of the three programmes, 2,3 and 4 is aligned in such a way that the planned activities or annual performance plan is inclusive of activities at the local government level and empowering SMME through funding and support to different groups. The provision of business to local SMMEs also contributes to the outcome.

- **Outcome 12:** (An efficient, effective and development – oriented public service and an empowered and fair, inclusive citizenship) through access to government services, human resource management, financial management and tackling corruption.

## **2. Review of 2014/15 financial year**

Section 2 provides a review of the 2014/15 financial year outlining the main achievements and progress made by the department during the year, as well as providing a brief discussion on challenges and new developments.

### **Cultural Affairs**

With the assistance of the departmental legal unit and the State Law Advisor in the Office of the Premier, the provincial language bill and policy was drafted and handed over to the legislature to conduct public participation and it anticipated that it will be promulgated into law by end of March 2015. An extensive advocacy campaign on the new act was rolled out in partnership with the Provincial Language Committee.

The indigenous literature development programme was implemented and had the following highlights:

- The training and subsequently publishing of writers books in different literary genres in all service points continued in an effort to improve the low output of published books in indigenous languages, particularly Setswana.
- Publishing and launching of two books by offenders in partnership with Department of Justice and Correctional Services
- Writers and traditional authorities were assisted to publish books
- Setswana literature was the main focus of the National Book Week held in partnership with the Library Services, South African Book Council and the Department of Culture, Arts and Traditional Affairs.
- The Setswana Book Reading Festival was held.
- An awareness campaign to bridge the gap between the speaking and non-speaking communities

The annual Sol Plaatje Literary Festival and memorial lecture were held with a view to creating a viable platform for established and emerging writers to network and dialogue. International language awareness days were celebrated, namely International Mother Tongue Day, International Translation Day and South African sign language.

A total of 15 emerging writers from all four districts in the province were sponsored to attend the Wordfest at the Grahamstown National Arts Festival. The purpose was to expose them to the latest trends in the sector and enable them to showcase their talent to a national audience.

The Department successfully hosted the Provincial Gospel and Cultural Festivals. Forty gospel and cultural groups from the four districts attended. The purpose of the gospel and cultural festivals was to bring together the different church denominations and cultural communities in an effort to promote social cohesion in the province.

The North West Federation of Community Art Centres implemented two learnership programmes involving 18 learners known as Trendsetters Initiative in partnership with the National Department of Arts and culture. The objective of the Trendsetters is to extend skills development in the creative sector in schools and rural communities.

The department supported artists and cultural practitioners to participate at the Grahamstown National Arts Festival, SATMA while other artists were supported in attending Harare Film festival in Zimbabwe. Drama productions of four groups from three districts, Ngaka Modiri Molema, Dr Ruth Segomotsi Mompati and Dr Kenneth Kaunda were sponsored to showcase the cultural and creative content of the province. In an effort to restore the culture and heritage of traditional communities and to improve relationships with Dikgosi as custodians of culture and heritage, the following cultural events were held:

Barolong Boo Seitshiro Ba Ga Phoi in Madibogo; Bakwena baa Mogopa (Bethanie); Batloug Ba Ga Shole (Ramatlabama-Six Hundred) Barokologadi Ba Ga Maotwe (Pitsedisulejang); Bahurutshe Ba Ga Sebogodi (Lekubung); North West Dingaka Association in partnership with Barolong Boo Rapulana.

In an effort to affirm the African traditional political system and the tangible heritage of traditional communities in the form of spaces, sites objects, museums, monuments, graves, artefacts, cultural spaces and many others associated with certain individuals, groups and communities.

**The following monuments and tombstones were erected:**

Tombstone of Dick Montshioa (Montshioa Stadt); Kgosi Diale of Bafokeng бага Mokgatle (memorial monument and tombstone); Barolong boo Ratlou boo Seitshiro (tombstone and monument); Kaditshwene heritage site monument; Bakubung ba ga Mathope (monument); The Eleven Banished (tombstones and monument); Bafokeng бага Motlatla (monument); Barolong boo Tau Le Tlou (Monument); Kgosi David Pharatlhathe Taaibosch (Monument).

The department launched the Mahika Mahikeng cultural music festival in November 2014 and the festival is planned to take place in December 2015. The festival is anticipated to contribute to the economic growth of Bokone Bophirima Province.

**Library and Archive Services**

**Building and other Infrastructure:** The construction of the following libraries, Tlakgameng, Papie Ntjana and Khunwana were planned to be implemented in 2014/15 financial year, has been handed over to the contractor in January 2015. Lebotlwane library has been withdrawn by the Moretele Local municipality and could not be implemented. The planning phase of Tshing Community Libraries was completed and the construction phase will start in 2015/16.

Mogwase and Letsopa libraries were provided with furniture, books, toys, aid, games and Information Communication Technology infrastructure to ensure access to internet access by staff and community members and these libraries were opened in 2014/15 financial year. The Local municipalities were supported with the allocated funds as transfer payments to provide financial assistance in the provision of library services.

During 2014/15 the Department held several programmes to promote reading and use of community libraries. This includes the functions of official opening of community libraries of Mogwase, Letsopa and Pudumoe. The Department participated and hosted a National Book Week campaign in partnership with the South African Book Development Council and the Department of Culture, Arts and Traditional Affairs in September 2014.

Through the Records Administration Unit the department provided guidance and support to government bodies in establishing and managing records services to enhance good governance and accountability. The archives awareness programmes and oral history programmes were rolled out to promote the provincial archives and enhance the documentation and collection of local heritage.

With the conditional grant for community libraries the department was able to improve the community library services by:

- Providing additional staff to community libraries;
- Increased access to Public Internet access and configuration of community libraries in to SITA Library Information Management System;
- Provided security services to community libraries;
- Hosted consultative workshops with stakeholders as planned to ensure improved coordination and collaboration between national, provincial and local spheres of government;
- Provided training to community library personnel and opportunities for personal development through attendance of conferences and seminars and
- Provided community libraries with means of transport.

## **Recreation**

During 2014/15 the department provided support to Provincial Recreation Council (PROREC) to increase participation in Community recreation with emphasis on healthy life-style, social skills and nation-building. The key activities in the financial year included the implementation of the resolutions of the National Sport and Recreation Plan. The department transferred an amount of R2.5 million in 2014/15 to Provincial Recreation Council (PROREC) which is tasked to promote and implement recreation events throughout all communities.

The Recreation council has established a District Council (DISREC) in the four districts and Local Councils (LORECS) in each Service Point or municipality (20 in number). The council also works in partnership with NGOs and Youth structures to address the above-mentioned mandates.

**Job Creation:** 12 officials or coordinators are employed on permanent basis to support all the programmes. As part of Expanded Public Works Programme, 50 contract workers were employed on a 12 month contract to offer support to departmental programmes.

## **Traditional Affairs**

### • ***Leadership Alignment***

**Reconstitution of Traditional Councils:** During the 2<sup>nd</sup> quarter of 2013/14 the Department conducted election of 40 per cent components of traditional councils and the elections took place in the 4<sup>th</sup> quarter of 2013/14 financial year.

**Support to Traditional Councils:** The Department has continued to provide financial support to traditional councils in the form of administrative grants and subsidisation of salaries of traditional council employees. About 19 new LDVs were purchased and handed to traditional councils.

**Construction and Renovation of Traditional Councils Offices:** The Barolong Ba Ga Seitshiro Traditional Council office was officially opened on 1 February 2014. Construction of the Bahwaduba Traditional Council office was completed during the 4<sup>th</sup> quarter of 2013/14. Planning and design of the Barolong Boo Tlou Le Tau Traditional Council offices was finalised.

**Regulation of Initiation Schools:** Consultations on the North West Initiation Schools Matters Draft Bill conducted in the Ngaka Modiri Molema and Dr Ruth Segomotsi Mompati Districts. Regulations of Initiation Schools in the North West Province were gazetted on 27 March 2014.

**Dispute Resolution:** The North West Provincial Committee on Traditional Leadership Disputes and Claims (the Provincial Committee) investigated and finalised nine cases. The recommendations of the Provincial Committee were accepted by the Premier and communicated to the parties on 23 July 2013.

### 3. Outlook 2015/16 financial year

Section 3 looks at the key focus areas of 2015/16, outlining what the department is intending to achieve during the year, as well as briefly looking at challenges and proposed developments, as the department will be operating on a new budget structure.

#### Cultural Affairs

Programme 2: Cultural Affairs has been identified as one of the economy drivers of the Province in the 2015/16. Therefore some of the key priorities in the programme includes the promotion of Mahika Mahikeng music and cultural festival, re-establishment of the north west ensemble, establishment of a publishing house for the creative writers, promoting the motswako and Setswana cultural dance brands, establishing recording studios in all districts as part of the rebranding, repositioning and renewal of Bokone Bophirima Province, development of a calendar of events for creative industries in the province, research on the impact of arts and culture on socio-economic establishment of youth centres and commissioning of J.B Marks and Moses Kotane statues.

The beautification programme of public spaces and precincts will continue to be implemented at identified sites and spaces. The department will continue to support Dikgosi through the cultural and heritage festivals in traditional authorities that did not benefit in the previous financial year.

The department will continue to support community-based drama productions to show case at the Grahamstown National Arts Festival. In particular the approach, format and artistic quality of these productions will be reviewed and strengthened. The scope of support will also be extended to other performing arts genres such as dance, poetry and music. Non-functioning Community Art Centres will be strengthened and capacitated to ensure that they effectively deliver on their mandate of community development in the arts sector.

Support to writers and traditional communities in the form of further training and assistance to publish their books will also be increased. Flagship projects in the form of Provincial Arts and Culture festival, Sol Plaatje Literary Festival and Memorial Lecture; South African Traditional Music Awards (SATMA) will also be rolled out to various areas in the province.

The department will continue to support public entities to effectively carry out their different mandates as required by legislation; particularly in the areas of heritage development and preservation, removal of offensive geographical names; support to artists and promotion of previously marginalised languages.

## **Library and Archive Services**

In 2015/16 the Department plans to begin with the construction of Tlakgameng, Papi Ntjana, and Tshing community libraries. Also the initial planning and construction of community library of Ridirile and Stella are planned to start in the financial year as outlined in the B5 project schedule.

Library buildings that will be completed in the financial year will be provided with specialised library furniture and equipment which include electronic detector systems. Community libraries will be provided with ICT infrastructure and computer equipment required for public internet access and for library staff.

Books and other information resources will be selected, procured, processed and distributed to the community libraries. The department will allocate and transfer funds to local municipalities to provide financial support for rendering of community libraries. The department will also conduct monitoring visits to ensure that communities are provided with library services that are in line with their needs.

In order to promote reading awareness in the province the department has planned reading awareness and library promotions throughout the districts. The mobile libraries will be used to reach communities which have no access to community libraries. They will also be utilised in selected provincial events to promote reading and the use of libraries. The department will during the financial year provide Provincial Archive Services and facilitate the establishment and management of sound records management practices within governmental bodies.

All governmental bodies will be provided with professional guidance and support in establishing and managing records services to enhance good governance and accountability. The archives awareness programmes and oral history programmes will be rolled out to promote the provincial archives and enhance the documentation and collection of local heritage.

The department through the funding of the library conditional grant will transform the urban and rural community infrastructure, facilities and services by implementing a recapitalised programme at provincial level in support of local government and national initiatives.

The following will be the main focus of the conditional grant.

- To improve coordination and collaboration between national, provincial and local government on library services;
- To improve library infrastructure and services that reflect the needs of communities they serve;
- Transform equitable library and information services delivered to all rural and urban community libraries;
- Improve culture of reading by supporting the programmes to promote literacy and reading and writing in Setswana and
- To improved staff capacity at urban and rural libraries to respond appropriately to community knowledge and information need.

## **Recreation**

In 2015/16, the department will continue to promote and advance the Resolutions of the National Sport and Recreation Plan through the Annual Performance Plan.

**Provincial Recreation Council:** The department will continue to fund the Provincial Recreation Council (PROREC) through a memorandum of understanding. The department will also work with Local community recreation structures to increase participation in Recreation events for both employees and communities at large.

The department will also continue to revamp and maintain the four recreation centres: Klein Marico, Rustenburg, Donkervleit and Noyons recreation centres in order to position them as Art centres or hubs.

The department will also host several events such as big walk, aerobics, support the gymnast team to afford them the opportunity to participate internationally. The training of amateur swimmers for water safety will also be a priority for the financial year. The support for girl guides will also be provided by the department. The department has also planned to provide training for instructors, coaches and team managers during the year.

## **Traditional Affairs**

### **• Traditional Institutions**

The programme will continue providing support to the institutions of traditional leadership, ensuring just and fair succession to traditional leadership and providing strategic support to the houses of traditional leaders.

This will be achieved through: rapid response to succession disputes; updating and compilation of family trees; support to the North West House of Traditional Leaders' Ad Hoc Committee; development of protocol for Dikgosi; certification of the North West Initiation Schools Matters Draft Bill; commence construction of five traditional council offices (Boo Tlou le Tau; Ba Ga Masibi; Ba Ga Suping; Ba Ga Phoi and Ba Ga Maudi); implement the Framework for the Provision of Enabling Resources for Qualifying Traditional Leaders and Members of the Houses of Traditional Leaders (Tools of Trade).

The Chief Directorate will induct and train newly elected and selected traditional council members, conduct elections for outstanding traditional councils and improve the conditions of service of traditional council members with R9.5 million allocated over the three year period of the MTEF. Capacitating the Chief Directorate fully to enable it to discharge its mandate is also a priority.

## **4. Reprioritisation**

The department reprioritised funds between programmes in order to align the budget with the departmental reconfiguration according to the Provincial Gazette No 7310 of 7 July 2014, as well as to accommodate the additional funding received in 2014/15 financial year. The reprioritization was done from programme 1 with an amount of R1.8 million reprioritized to programme 2 to address shortage under compensation of employees. An amount of R300 thousand was also reprioritized from programme 2 to programme 4 to address compensation of employees as well as R2 million from Programme 1. Reprioritization for the outer years is within economic classifications and it is within programmes.

## **5. Procurement 2015/16**

The Department commits itself to a policy of fair dealing and integrity in conducting its SCM activities. In addition to declaration of interests, all Supply Chain Management practitioners are required to sign a Code of Conduct which prescribes certain minimum standards on the way officials conduct themselves. The planned procurement for the 2015/16 is outlined in the procurement plan.

## 6. Receipts and financing

### 6.1 Summary of receipts

The departmental source of funding consist of Equitable Share, Conditional grants and own revenue. The Conditional grants consist of Community Library Service Grant.

Table 4.1 below, indicates the sources of funding for Vote 04 over the Medium Term Expenditure Framework period. The table also depicts the actual outcomes for the past three years, the current year as well as the next three years i.e. 2011/12 to 2017/18. A comparison is made on the actual and budgeted receipts against actual and budgeted payments.

**Table 4.1 : Summary of receipts**

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| Social Sector Expanded Public Works Programme Incentive Grant for Provinces |                |                |                | -                  | -                                 | -                | -                     | -              | -              |
| Departmental receipts   | 877            | 1 151          | 945            | 992                | 992                               | 992              | 1 148                 | 1 263          | 1 389          |
| Financing (Rollovers and additions)   |                |                |                |                    |                                   | 45 902           |                       |                |                |
| <b>Total receipts</b>   | <b>392 613</b> | <b>401 064</b> | <b>450 970</b> | <b>593 124</b>     | <b>612 082</b>                    | <b>597 703</b>   | <b>628 639</b>        | <b>665 776</b> | <b>718 753</b> |

\*includes MEC remuneration: 2015/16 R 1.734 million, 2015/16 R 1.830 million, 2016/17 R 1.927 million

The increase in the budget trends in the past and current financial years is as a result of funding received during adjustment budget as rollovers and additional funding. The department received additional budget and rollovers of R18.9 million during the 2014/15 financial year. The funding was mainly for Library conditional grant, Compensation for Recreation programme and Labour intensive projects.

The increase in the 2012/13 budget was due to R33.9 million received as rollovers for both conditional grant and equitable share. The additional funding was for the Provincial Archives Project, the transfer of functions of the Centralised Creditors Payment staff as well as the Africa Cup of Nations (AFCON) tournament cultural events. A further R903 thousand was received as additional for the Expanded Public Works Programme projects under conditional grant.

During 2014/15, an amount of R2.6 million was allocated under Recreation programme to fund the Expanded Public Works Programme (Social Sector EPWP Incentive Grant for Provinces).

In essence to the above, the department received additional funding amounting to R6 million for implementation of the labour intensive projects under the equitable share funding, R10 million for Mbabana Arts and Sport Foundation and R374 thousand in 2014/15 for decentralisation of bursaries from Office of the Premier that will be used for non-employees.

Furthermore in 2014/15, the department was affected by the reconfiguration of the departments that resulted in the realignment of budgets as per gazette no 7310 of 2014. The baseline was reduced with an amount of R68.6 million which is equitable share from Sport and a further R43.5 million which is the Mass Sport Conditional Grant that was transferred to the Department of Education and Sport Development. A further R10 million was reduced to fund the Mafikeng Rebranding, Repositioning, and Renewal plan and transferred to the Office of the Premier.

The department further received an additional amount of R112.6 million as funding for the new programme 5: Traditional Affairs as part of reconfiguration. An additional R60 million was received to fund provincial priorities as well as the Provincial Archive Building from Office of the Premier.

## 6.2 Departmental receipt collection

Table 4.2 shows that for the 2015/16, 2016/17 and 2017/18 Medium Term Expenditure Framework periods, the revenue is expected to increase at an annual average of 5 per cent. Currently, the department does not have a revenue policy that provides for quantitative criteria for tariffs increase.

Table 4.2 : Summary of departmental receipts collection

| R thousand  | Outcome    |              |            | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |              |              |
|---|------------|--------------|------------|--------------------|--------------------------------|------------------|-----------------------|--------------|--------------|
|   | 2011/12    | 2012/13      | 2013/14    |                    |                                |                  | 2015/16               | 2016/17      | 2017/18      |
| Tax receipts  | -          | -            | -          | -                  | -                              | -                | -                     | -            | -            |

The Department's main sources of revenue is derived mainly from sale of tender documents, letting out of recreation facilities as well as funds received from public libraries for lost/stolen library materials.

The increases are based on a qualitative judgment. During the 2014/15 there were amendments to the baseline that were brought about by the transfer of function of Sport to Education and Sport Development Department.

### Details of Departmental receipts:

**Sale of goods and services other than capital assets:** The revenue collection under this item is derived from the rentals and hiring of recreation centres as well as sale of tender documents. The facilities are mainly utilised as rental venues for weddings, parties, conferences etc. The rental tariffs are reviewed annually and approved by provincial treasury.

The projections over the Medium Term Expenditure Framework are based on a yearly review of price increases from letting of the facilities and are also based on the projected year end collections from the comparative financial years. Revenue trend from the 2013/14 showed a slight decrease registering an overall collection of 95 per cent. The decrease was due to few sales of tender documents and reduced bookings at recreation centers.

**Fines, penalties and forfeits:** The fines and penalties are mainly generated from lost library books. The trend is difficult to determine as it depends on the number of books lost and penalties charged in a particular financial year.

**Transactions in financial assets:** The R160 thousand received for transaction in financial assets was received in 2012/13 as revenue from previous financial years relating to outstanding debts of ex-employees.

## 7. Payment summary

This section summarises the key assumptions, payments and budget estimates for the vote in terms of programmes and economic classifications for the Vote.

## 7.1 Key Assumptions

The budget allocations for the 2015/16 Medium Term Expenditure Framework are based on the approved Annual Performance Plan in line with the service delivery requirements of the department. The department applied the following broad assumptions when compiling the budget;

- The consumer price index (CPI) projections will be 6.2 per cent in 2015/16, and 5.8 per cent in 2016/17 per cent and 5.5 per cent respectively in 2017/18;
- The personnel growth of 6.2 per cent in 2015/16, 5.8 per cent for 2016/17 and 2017/18 also 5.8 per cent; and
- The 1.5 per cent of pay progression factors is built in over the Medium Term Expenditure Framework and 2.5 per cent of other personnel related allowances.

## 7.2 Programme summary

Table 4.3 and 4.4 contains information by programme and economic classification for the department over the seven-year period from 2011/12 to 2017/18.

| Software and other intangible assets                | 2 250          | -              | -              | -                  | -                              | -                | -                     | -              | -              |
| <b>Payments for financial assets</b>                | <b>10</b>      | <b>523</b>     | <b>-</b>       | <b>-</b>           | <b>-</b>                       | <b>-</b>         | <b>-</b>              | <b>-</b>       | <b>-</b>       |
| <b>Total economic classification</b>                | <b>392 613</b> | <b>401 064</b> | <b>450 970</b> | <b>593 124</b>     | <b>612 082</b>                 | <b>551 801</b>   | <b>628 638</b>        | <b>665 777</b> | <b>718 754</b> |

The increase on the budget is mainly driven by the rollovers and additional funding received during the adjustment budgets and additional funding received. The 2015/16 to 2017/18 increase is based on the inflation rate increase.

## **Compensation of employees**

The trend from the 2011/12, 2012/13 and 2013/14 indicates an average increase of 5 per cent. The trend slightly increases in the 2012/13 financial year due to an amount of R903 thousand received as funding for the contract appointments of the Expanded Public Works Programme. In 2013/14 an amount of R870 thousand was received as well as an additional R3 million for the labour intensive projects as equitable share. The allocation was spread across programmes with programme 2: Cultural Affairs receiving an amount of R1.4 million; programme 3: Library and Archive Services an amount of R605 thousand and programme 4: Recreation an amount of R1 million.

The 2014/15 financial year increase on compensation of employees under conditional grant was in programme 3: Library and Archive Services as a result of reprioritization from goods and services amounting to R11.9 million 2014/15, R14.4 million in 2015/16 and R3.5 million for 2016/17. The programme received an increase in conditional grant allocation. The increase was in goods and services therefore reprioritization was done to compensation of employees to increase the allocation of salaries for the conditional grant contract employees. An additional amount of R6 million was received to cater for the carry-over of the labour intensive projects in the 2014/15 financial year however the 2016/17 remains within the baseline.

## **Goods and services**

The Goods and services budget also shows a fluctuating trend over the Medium Term Expenditure Framework years. The fluctuation is as a result of additional funding and rollovers. The increase in 2011/12 is due to an amount of R26 million as rollover from conditional grants. During the 2012/13 financial year the department received additional funding amounting to R21 million to fund the Provincial Archives project, an amount of R749 thousand to fund the function shift of the Centralised Creditors Payment staff and R300 thousand for learnerships.

An amount of R3.1 million was shifted from programme 2: Cultural Affairs under transfers and subsidies to goods and services to address budget pressures in the economic classification. The 2013/14 financial year also indicates an increase in trend due to the rollovers and additional funding received. An amount of R32 million was received during the year for maintenance of infrastructure purposes - turfs. The increase in the 2014/15 financial year is on legal fees under programme one. Under programme 2: Cultural Affairs an increase in the Mmabana allocation has increased the trend in transfers and subsidies for 2014/15 and 2015/16 and 2016/17.

The reduction in programme 4: Recreation in 2014/15 is due to infrastructure projects that were deferred 2015/2016 and 2016/17. The increase in the 2014/15 in certain items such as assets less than R5 million is purchases of library material as per the conditional grant framework. The increase on external audit fees is the anticipation cost increase in the audit fees is to cater for the anticipated cost increase in the audit done for the department.

The department also received funding from Traditional Affairs which resulted in the increase of budget from 2014/15 up to 2017/18. The department received an amount of R20 million from the Office of the Premier to fund the Archives project.

## **Transfers and subsidies**

The budget trend for transfers and subsidies indicates a fluctuation trend over the years. The fluctuation was as a result of additional funding, budget cuts as well as rollovers. The decrease in the 2012/13 was due to the reduction of funding allocated for PROREC amounting to R1.5 million.

The upward trend in 2013/14 was as a result of the additional R10 million received to augment the allocation for Mmabana. R3 million was received as rollover for the Provincial Arts Culture Council and the R700 thousand received as rollover for the Provincial Heritage Resource Agency. An amount of R400 thousand rand was also received as rollover for the Maquassi Hills Local Municipality transfer.

The 2014/15 financial year budget registered an increase in trend when compared to the previous year due to the fact that the department received a once off additional funding for the following:

- Provincial Geographical Names Committee(PGNC) – R5.7 million;
- Kaditshwene Heritage Site – R5 million;
- Provincial Arts Culture Council (PACC) – R3 million;
- Provincial Language Committee (PLC) – R2.8 million and
- Garona Beautification (Transfer to Mmabana) – R5 million.

The 2015/16 up to 2017/18 registers a decrease due to the reasons that the increase in 2014/15 was once off and not carried through the 2015/16 MTEF.

### **Building and infrastructure**

Building and other infrastructure budget shows an increase in the budget across the financial years. The trend is based on the planned infrastructure according to the infrastructure planning documents. The budget for 2011/12 financial year was slightly low due to the fact that the infrastructure of the department was handled by the department of Public Work and the department did not plan for many major projects. In the 2012/13 financial year the budget increased with a high margin due to the fact that the department planned to construct 5 libraries.

In 2013/14 financial year the trend also increase due to the rollovers that the department received for the incomplete projects as well the new planned projects which was one library in Tlakgameng and one sport complex in Ngaka Modiri Molema as well as Papi Ntjana library. The trend for the 2014/15 shows an increase due to the planned infrastructure that overlaps in the year.

The department further received an additional R10 million as part of the construction of Tribal Offices by Traditional Affairs. The 2015/16 and 2016/17 indicate a decrease in allocation due to reasons that the planned infrastructure will reduce since the department will shift focus to improving existing infrastructure and more budget will be allocated for maintenance.

### **Machinery and equipment**

The payment of capital assets indicates a fluctuating trend over the years. This is due to the reason that allocation is driven by conditional grant for the purchase of furniture and equipment for community libraries.

## 7.4. Infrastructure Payments

Table 4.5 : Summary of provincial infrastructure payments and estimates by category

| R thousand  | Outcome       |               |               | Main appropriation | Adjusted appropriation | Revised estimate | Medium-term estimates |               |               |

| Rehabilitation and refurbishment                    | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| Maintenance and repairs                             | -             | -             | 2 661         | 5 500              | 10 208                 | 9 361            | 5 345                 | 3 201         | 9 440         |
| <b>Infrastructure transfers</b>                     | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| Current   | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| Capital   | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| <b>Infrastructure payments for financial assets</b> | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| <b>Infrastructure leases</b>                        | -             | -             | -             | -                  | -                      | -                | -                     | -             | -             |
| <b>Total department infrastructure</b>              | <b>29 288</b> | <b>29 079</b> | <b>28 885</b> | <b>75 771</b>      | <b>83 358</b>          | <b>42 933</b>    | <b>73 154</b>         | <b>74 944</b> | <b>38 100</b> |

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

The budget for 2011/12 financial year was slightly low due to lack of technical capacity in the department and the department did not plan for many major projects. In the 2012/13 financial year the budget increased at a high margin due to the fact that the department planned to construct 5 libraries.

In 2013/14 financial year the trend also increased due to the rollovers that the department received for the incomplete projects as well as the new planned projects which were one library in Tlakgameng and Papi Ntjana library. The projects were started in 2013/14 financial year and will complete in the 2015/16 financial year. The department further received R10 million for the construction of Tribal Offices by the Traditional Affairs Programme. The increases in infrastructure budget in the 2015/16 and 2016/17 and on programme 3 Libraries and Archives as well as programme 5 Traditional Affairs. The programmes plan to construct more libraries and traditional offices over the MTEF according to the B5 schedule.

### 7.4.1 Departmental Infrastructure payment

The department has been moving slow in terms of infrastructure implementation for the past years. In order to improve on spending of infrastructure. The department has established project implementation structures and processes as well as the departmental infrastructure steering committee to deal with challenges around infrastructure. The planned projects for 2015/16 include the completion of Tlakgameng Library as well as the Papi Ntjana library and three tribal offices. For detailed planned infrastructure refer to Annexure (Table B5). Historic numbers/spending and estimates for all programmes with infrastructure.

### 7.4.2 Maintenance

The department plans to maintain existing infrastructure as well as upgrade. The infrastructure to be upgraded includes existing libraries, museums, heritage sites as well as tribal offices according to the B5 schedule.

## 7.5 Departmental Public-Private Partnership (PPP) projects - Nil

## 7.6 Transfers

### 7.6.1 Transfers to Public Entities

The table 4.6 below provide information of the transfers to other entities made between 2011/12 up to 2013/14 as well as the budget for the 2014/15 - 2016/17 financial years.

Table 4.6 : Summary of departmental transfers to public entities

| R thousand                                     | Outcome       |               |               | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |               |               |
|--|---------------|---------------|---------------|--------------------|-----------------------------------|------------------|-----------------------|---------------|---------------|
|  | 2011/12       | 2012/13       | 2013/14       |                    |                                   |                  | 2015/16               | 2016/17       | 2017/18       |
| Mmabana Arts, Culture and Sport Foundation     | 48 857        | 50 448        | 64 596        | 76 258             | 76 258                            | 76 258           | 79 541                | 84 489        | 92 195        |
| North West Provincial Arts and Culture Council | 3 000         | 3 000         | 4 919         | 8 000              | 3 000                             | 3 000            | 3 150                 | 3 307         | 3 472         |
| <b>Total departmental transfers</b>            | <b>51 857</b> | <b>53 448</b> | <b>69 515</b> | <b>84 258</b>      | <b>79 258</b>                     | <b>79 258</b>    | <b>82 691</b>         | <b>87 796</b> | <b>95 667</b> |

Stringent measures have been put in place to ensure compliance with Division of Revenue Act (DORA) as well as accountability by the entities to submit audited financial reports. The two entities Mmabana Foundation and Provincial Arts and Culture Council (PACC) are funded by the department on an annual basis. The boards for the two entities have been established during the 2013/14 financial year in order to address the governance matters.

The trend for the Mmabana Arts foundation remained steady from the 2011/12, 2012/13 However; during the 2013/14 the Foundation received an additional R10 million during the adjustment budget. The amount was to address the previous year's statutory obligations. The allocation increased retains the steady trend from the 2014/15 growth of R10 million, 2015/16 R 10.6 million and 2016/17 R11.2 million which was reprioritised from the Department's baseline. The Foundation further received an amount of R5 million as additional funding for the purposes of implementing the Garona Art beautification project.

The Provincial Arts Culture Committee (PACC) allocation has been R3 million over the audited years except in the 2013/14 where the allocation was reduced to R1.9 million to address the surrender, then increased with R3 million due to rollover approvals totalling to R4.9 million. Again the entity did not have plans in place to spend the allocation due to non availability of the board to ensure proper governance. In 2014/15 the entity received an additional R5 million during reconfiguration which increased the budget to R8 million; the R5 million was further reprioritised to Programme 1: Administration under MEC's office. The allocation remains at R3 million over the MTEF.

### 7.6.2 Transfers to other entities - Nil

### 7.6.3 Transfers to local government

Table 4.7 : Summary of departmental transfers to local government by category

| R thousand                          | Outcome       |              |               | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |              |              |
|-------------------------------------|---------------|--------------|---------------|--------------------|-----------------------------------|------------------|-----------------------|--------------|--------------|
|                                     | 2011/12       | 2012/13      | 2013/14       |                    |                                   |                  | 2015/16               | 2016/17      | 2017/18      |
| Category B                          | 13 990        | 8 270        | 9 786         | 8 620              | 9 386                             | 8 856            | 23 410                | 8 620        | 8 620        |
| Category C                          | -             | 730          | 580           | 580                | 580                               | 580              | 1 000                 | 580          | 580          |
| <b>Total departmental transfers</b> | <b>13 990</b> | <b>9 000</b> | <b>10 366</b> | <b>9 200</b>       | <b>9 966</b>                      | <b>9 436</b>     | <b>24 410</b>         | <b>9 200</b> | <b>9 200</b> |

The purpose of the transfers to the Municipalities is to provide assistance with administrative services. The department enters into an agreement with the municipality and the amounts transfers remain the same from 2012/13. The agreement is to indicate how the funds will be utilised and accounted for by the Municipalities.

The challenges with the transfers to municipalities is that they do to submit the audited financial statements and business plans prior to the transfers and assurance letters that there are systems of internal control in place. Most of the municipalities complete the audits in November and there is always a challenge of confirmation of business plans and assurance of proper systems in place.

The increase in 2014/15 to an amount of R766 thousand received as rollover to complete to complete the Rebecca Nkae Library. The transfers and subsidies for the 2015/16 is increased by R15.2 million

and declines back to R9.2 million in 2017/18. The increase in 2015/16 on the transfers is as a result of reprioritisation within goods and services on conditional grants budget. The reprioritisation was to align the budget with the framework.

## 8. Receipts and retentions – Nil

## 9. Programme description

### Programme 1: Management and Administration

#### Description and objectives

This programme captures the strategic management and support services at all levels of the Department, i.e. provincial, regional, district and facility/institutional level.

Measurable objectives:

- To plan, implement, coordinate, monitor and evaluate policies necessary for the achievement of the departments' objectives and service delivery obligations;
- To render the management and the development of the department's human and financial resources effectively and successfully;
- To facilitate the establishment of integrated programmes at the district level, in line with the municipal boundaries;
- To coordinate, at service office level, the departmental programmes and
- To implement and monitor the Department's decentralized management and administration activities.

Table 4.8 : Summary of payments and estimates by sub-programme: Administration

## **Budget Growth Trends**

On aggregate the programme grows by 23 per cent which is above inflation target, the growth of this programme is attributed to the shifting of MEC's projects budget from programme 2: Cultural Affairs to sub programme Office of the MEC in programme 1: Administration under goods and services. The costs of legal fees also attributes to the growth in the sub programme Corporate Services.

The department's estimate on litigations is about R190 million due to the court orders and summonses received by Legal services. The other attributing factor is an increase in the items such as subsistence and travelling, administrative cost and audit fees resulting from upward adjustment in audit costs and extensive travelling during activities and related to Setsokotsane and other departmental initiatives. The 2014/15 financial year registered an increase in the adjusted estimated due to the R10 million received from Treasury under goods and services and compensation of employees. The budget increases in the 2014/15 to 2016/17 is mainly due to the additional funds allocated for legal fees.

## **Programme 2: Cultural Affairs**

### **Description and objectives**

This programme aims to develop and promote Arts, Culture, Language, Museum and Heritage Resources in the province for the purposes of Economic Development, Job creation and Social Cohesion.

#### Measurable objectives

- Transformation of the creative sector with a view to develop industries;
- Promotion, co-ordination and development of the creative sector;
- Promotion of respect for cultural diversity and the advancement of artistic disciplines within the creative sector;
- Infrastructure development of the art sector;
- Build, upgrade and maintain museums and heritage infrastructure;
- Develop sustainable museums and heritage resources management programs in the province;
- Research programs in the heritage and museums;
- Deliver diversified programs to develop previously marginalised languages;
- Ensure the delivery of improved language programmes;

This programme consists of the following sub-programmes:

#### **Sub-programme: Management:**

Provide strategic managerial support to the directorate.

#### **Sub-programmes: Arts and Culture:**

To promote and develop Mmabana Sport, Arts and Culture Foundation (MACSF), Provincial Arts and Culture Council (PACC), Community Art Centres (CAC's) and other similar structures. To develop our Craft Initiatives, Performing Arts programmes and ensure monitoring of all transfer payments.

#### **Sub-programme: Museums and Heritage Resources:**

Provide for heritage resource management in the Province in terms of the Nation Heritage Resources Act. To promote and develop Provincial Geographic Names Committee (PGNC), Provincial Heritage Resources Agency (PHRA) and work closely with Local Municipalities and ensure monitoring of all transfer payments.

## Sub-programme: Language Services:

To ensure that all previously marginalised languages are promoted and developed in line with national and African Union resolutions and the national policies.

## Priorities for 2015/16

- Promoting the Mahika Mahikeng Music & cultural Festival (Mmabana Arts) - R5 million;
- Re-establishing the North West Cultural Ensemble - R500 thousand;
- Establishing a Publishing House for the Creative Writers - R500 thousand;
- Promoting the Motswako and Setswana Cultural Dance Brands - R1 million;
- Establishing Recording studios in all districts for Rebranding, Renewal and Repositioning of Bokone Bophirima - R1 million;
- Development of calendar events for creative industries in the province - R200 thousand;
- Research on the impact of Arts and Culture on socio-Economic development of the province – R1 million;
- Establishment of youth centres - R1 million; and
- Commissioning of J.B. Marks and Moses Kotane's statues - R3 million.

## Budget Growth Trends

The increase against the Management sub-programme and decrease in Arts and Culture from 2010/11 relates to non-alignment of sub-programmes which was rectified in then 2011/12 budget.

The increase in 2012/13 was also due to an amount of R300 thousand allocated for AFCON games of which decreased in the following MTEF. The programme also received an additional R3 million in

2013/14 for erection of statues. The rollover increase was for sub-programme Cultural affairs of which R1.6 million was for statues as well as the R10 million for Mmabana and the sub programme Management increased with an amount of R3 million received for PACC.

For the sub programme Cultural Affairs, the trends differ in 2014/15, 2015/16 and 2016/17 due to the reprioritisation of goods and services and transfer payments. An amount of R3.1 million allocated for cultural calabash was shifted from goods and services to transfers and subsidies. The reason for the shift was that the calabash will be hosted by Mmabana Arts Foundation therefore will form part of the transfers to the foundation. The 2014/15 to 2016/17 financial years show an increase in trend the transfer and subsidies due to the increase in Mmabana allocation over the MTEF.

The programme also received an amount of R309 thousand for the labour intensive programme in 2014/15 under compensation of employees under sub programme Arts and Culture. The project ended in 2014/15, therefore funding ends in 2014/15. The sub programme Museums and Heritage shows a steady increase as a result of the maintenance budget for museums. The sub programmes Language services and Museums' growth is as a result of normal compensation of employees' increases which has been prioritised from Programme 1: Administration to these programmes. Cultural Affairs programme has received an additional R10 million in the 2015/16 and 2016/17 respectively as well as R29.8 million in the 2017/18 financial year to implement the ten key priorities in the arts and culture programme.

## Programme 3: Library and Archives

### Description and objectives

This programme renders library and information services to the community of North West in partnership with local municipalities, and the provision of archive and records service in the province.

This programme consists of the following sub-programmes:

#### Sub-Programme: Management:

Provide strategic managerial direction to library and archive services.

#### Sub-Programme: Library Services:

Provides library and information services in line with relevant legislation.

#### Sub-Programme: Archives:

Provides archives and records service in terms of the National Archives Act and other relevant legislation

### Priorities for 2015/16

- Building projects of community libraries in the B5 schedule: Tlaskgameng, Papi Ntjana and Tshing R30 million (Conditional Grant) and R6.4 million (Equitable Share);

- Maintenance and upgrade projects in the B5 schedule: Mmabatho, Ngaka Modiri Molema District Library and Archives and Library building - R4.5 million;
- Transfers to Local Municipalities - R15.2 million (Conditional Grant) and R9.2 million (Equitable Share);
- Library books - R11 million;
- Furniture for community Libraries - R3.5 million;
- Library promotional events and projects including official opening of new libraries R2 million;
- Community libraries staff appointments - R36.2 million. This is salaries for existing staff and new appointments;
- Maintaining and establishing new points for public internet access (include provision of computer equipment) - R6.5 million;
- Maintaining SLIMS in community libraries - R2.2 million;
- Security services to community libraries - R10 million;
- Installing book detector systems in community libraries - R2 million;
- Machinery & Equipment: Shelves for Library and archives strong-rooms - R5 million; and
- Archives awareness programmes - R350 thousand

### **Budget Growth Trends**

There has been an increase in the budget allocation of Programme 3: Library and Archive Services over the MTEF. The increase is driven by conditional grants' allocation from the 2010/11 to financial in 2012/13. The programme's goods and services was deducted by R20 million for the archives project that was reallocated to Office of the Premier in the 2012/13 financial year. The programme also received rollover of funds with regard to infrastructure and conditional grant. The programme received R4.5 million as conditional grant rollover for 2013/14.

The programme received an amount of R4.5 million in the 2013/14 financial year as rollover under goods and services and capital assets. However the budget had a slight reduction due to the surrender under goods and services during the adjustment budget. In 2014/15 there was reprioritisation between goods and services and compensation of employees of which an amount of R11 million was shifted to compensation of employee to address the appointment of contract workers for conditional grant purposes. The increase is over the MTEF thereby reducing the goods and services classification. The programme received an amount of R1.2 million during the 2014/15 Mid-Term Budget for compensation of employees to address the labour intensive EPWP project. The programme received an amount of R6.5 million as rollover from conditional grant in the 2014/15 financial year.

The sub programmes Library Services and Archives indicate an increase over the years. This is as a result of the change in budget structure. The information has been consolidated from 2010/11 to 2016/17 in order to comply with the budget structure.

**Service Delivery measures**

| Strategic Objective   | Medium-term targets |         |         |
|---|---------------------|---------|---------|
|   | 2015/16             | 2016/17 | 2017/18 |

**Programme 4: Recreation****Description and objectives****Recreation Programme:**

The purpose of the programme is to provide sustainable mass participations opportunities across the age spectrum to promote physical active lifestyle, whilst providing support to institutions and infrastructure that increase participation in recreation.

**Sub- Programme: Recreation**

The programme has partnered with Provincial Recreation Council (PROREC) to implement recreation activities at level in the communities.

Table 4.14 : Summary of payments and estimates by sub-programme: Recreation

## Priorities for 2015/16

- Provide support to Provincial Recreation (PROREC) - R2.6 million;
- Maintenance of recreation centres R2 million;
- The programme will also host big walk event throughout the four districts with an amount of R1 million;
- Support the provincial Aerobics team an amount of R700 thousand;
- Provide support of the gymnastrada team to participate internationally R2 million;
- Training of amateur swimmers for water safety an amount of R400 thousand and
- Provide support for the girl guides and amount of R100 thousand. Training of instructors, coaches and team managers an amount to R500 thousand.

## Budget Growth Trends

The budget trend for this programme has decreased due to the reconfiguration. The programme received funding for EPWP from the 2012/13 financial year until the 2013/14 thereby increasing compensation of employees by R903 thousand and R870 thousand respectively in the conditional grant (Social Sector Incentive Grant for provinces). During reconfiguration in 2014/15 financial year the sub programme Recreation received additional funding of R4 million for maintenance of recreation centres in four districts.

In 2014/15, the programme was allocated a budget of R2.2 million for EPWP (Social Sector Incentive Grant for provinces). The programme experienced a decrease in the 2014/15 up to 2017/18 due to the relocation of Sport to the department of Education.

The Provincial gazette no 7310 of 2014 indicates that only the sub programme Recreation must remain with the department hence the reduction in the budget across all items. The programme

received additional R6.5 million during the 2014/15 Adjustment Budget for compensation of employees. The programme further reprioritised an additional budget of R10 million in 2015/16, R11 million in 2016/17 and R11.7 million in 2017/18 financial years to compensation of employees.

## Service Delivery measures

| Programme Performance Indicator           | Medium-term targets |         |         |
|---|---------------------|---------|---------|
|   | 2015/16             | 2016/17 | 2017/18 |
| Number of recreation structures supported | 5                   | 5       | 5       |
| Number of recreation reports submitted    | 4                   | 4       | 4       |
| Number of outreach programmes implemented | 2                   | 2       | 3       |

## Programme 5: Traditional Affairs

### Descriptions and objectives

Purpose of the programme is to provide strategic support to the institutions of traditional leadership.

### Strategic objectives

- To provide comprehensive support to the institution in order to ensure effective participation of traditional councils in local governance;
- To facilitate just and fair process of succession and
- To provide strategic leadership to the house of traditional leaders.

## Priorities for 2015/16

- Construction and Renovation of Traditional Council Offices – R23.4 million
- Support to traditional council in the form of grants - R18 million
- Tools of Trade for Dikgosi (cell phones) - R666 thousand
- Maintenance of fleet (vehicles allocated to traditional councils) - R223 thousands
- Induction and training of newly elected members of traditional councils - R3.2 million
- Finalisation of the North West Initiation Schools Matters Draft Bill - R300 thousand
- Development of Protocol for Dikgosi in the North West Province - R300 thousand

## Budget Growth Trends

The programme received an additional R10 million during the 2014/15 financial year for purposes of constructing three traditional offices. Programme 05: Traditional Affairs decreases by R3.2 million or 2.8 per cent in 2015/16 thereafter increases by R17.5 million or 15.5 per cent in 2016/17 and R4.8 million or 3.7 per cent in the last year of the MTEF. For 2015/16, R3 million has been reprioritized from Building and other fixed structure to augment Compensation of employees under the programme.

## Service delivery measures

| Strategic Objective  | Medium-term targets |                |                |
|--|---------------------|----------------|----------------|
|  | 2015/16             | 2016/17        | 2017/18        |
| <b>To provide strategic support to the traditional councils</b>  | 103                 | 103            | 103            |
| Number of reports on administrative disputes of traditional councils   | 4                   | 4              | 4              |
| Number of traditional councils assisted with compilation of annual budgets   | 55                  | 55             | 55             |
| Number of training workshops conducted for traditional council members and support staff   | 2                   | 2              | 2              |
| Number of inspection reports compiled on the performance of traditional councils   | 40                  | 40             | 40             |
| Number of traditional council offices constructed  | 4                   | 4              | 4              |

1. Full-time equivalent

The increase in the 2014/15 was as a result of the employment of the 222 Labour Intensive Project contract workers of which 9 contract workers were under library conditional grant, 15 contract workers for Traditional Affairs, 198 for EPWP (Social Incentive Grant for provinces) 704 permanent staff as well as the vacant funded positions. The 2014/15, 2015/16, 2017/18 personnel numbers decrease and increase is as a result appointment of contract workers.

**Table 4.19 : Summary of departmental personnel numbers and costs by component**

### 9.3.2 Training

Table 4.20 and 4.21 below reflect the training expenditure over the seven year period. The number of Learnerships has increased over the MTEF due to the funding received from PSETA. Learnerships on the Library practice will assist the department to deal with scarcity of skills in the sector.

### Learnerships

The Department will be implementing New Venture Creation Learnership programme for a total of 21 learners who have completed Film and Television programme. The programme started in May 2014. (Library practice learnership programme has it started already) in February 2015 and will run concurrently with New Venture Creation programme.

Learnership budget for 2015/16 financial year is planned for implementation of Records Management Learnership programmes. Total budget for Learnership programme has been allocated as follows: 2014/15 – R 1.7 million and 2015/16 – R 1.8 million.

There are no planned learnership programmes under the Traditional Affairs sector.

## **Bursaries**

The Departmental Bursary policy has been approved and the Department started allocation of bursaries during the 2013/14 financial year for studies in 2014/15. Funding will be sourced from the Departmental Training and Development budget.

## **External**

There is funding received over the MTEF as part of the policy shift that bursaries for Matriculants be decentralised from the Office of the Premier to Departments. The Department received R374 thousand for 2014/15, R404 thousand 2015/16 and R436 thousand for 2016/17. The funding is linked to learners who started with their studying at various Universities during the current financial year.

# **ANNEXURES TO THE ESTIMATE OF PROVINCIAL REVENUE AND EXPENDITURE**

| Accounting Officer   | Deputy Director General of Department of Community Safety and Transport Management |

---

## **1. Overview**

- **Vision**

Safe communities and effective transport services

- **Mission**

We are committed to promote community and road safety, exercise civilian oversight of police and coordinate transport services through an integrated approach

- **Values**

Each employee is committed to an IIMPACCT culture that explains our behaviour as follow:

- Integrity;
- Innovative;
- Motivated;
- Passionate;
- Accountability;
- Client focused;
- Commitment; and
- Team work

### **1.1 Aligning departmental budgets to achieve government's prescribed outcomes**

The department has ensured a process of alignment to the National Development Plan and Medium Term Strategic Framework that is aimed to eliminate poverty and reduce inequalities by 2030. In our sector, we contribute towards the building of safer communities through the protection of vulnerable citizens such as women and children and making the police service more professional in responding to policing in a democratic state.

The Department was reconfigured during the 2014/2015 financial year to include Transport Management and its mandates as outlined in the National Land Transport Act 5 of 2009, amongst others. All our efforts are directed to contribute towards the following key outcomes:

- All people in South Africa are and feel safe;
- An efficient, competitive and responsive economic infrastructure network; and
- An efficient, effective public service and an empowered citizenship.

Our focused plan includes the following outcomes:

Addressing oversight of the police with specific reference to the demilitarization of police and the Rural Safety Strategy;

Increasing community participation in crime prevention through community based structures such as Community Policing Forums (CPFs), Community Safety Forums (CSFs), CPPs and general campaigns.

The department is also responsible for ensuring that a change in the public transport system should occur to ensure that increased mobility broadens social and economic access and alleviates poverty over the long term. The following areas of the National Development Plan have been incorporated in our planning process:

- Provision of public transport subsidies should increase affordability for low-income commuters;
- Creation of a sustainable public transport service will ensure users get capacity and convenience;
- Economies are achieved by extended bus services;
- Government needs to lead changes to the transport system;
- Action must give precedence to the flow of people where there is already unmet demand;
- Planning should focus on where scarce public transport resources should be directed;
- Rural access and mobility should be addressed according to local requirements;
- People tend to move from isolated rural homes, settling at transport nodes to access and services. Given limited resources, subsidized vehicles should be limited to such places.

The department has responded to the United Nations General Assembly resolution proclaiming a Decade of Action for Road Safety 2011-2020. As a Department, we have committed to actions of the national plan that include a decrease in over-speeding, reduction in drunk-driving, increased use of seatbelts, child restraints and motorcycle helmets and the promotion of road safety education to enhance road safety management through programmes such as road safety rangers, community safety patroller programmes, learner licenses for Grade 12s in partnership with the Department of Education.

## **2. Review of the current financial year (2014/2015)**

During the 2014/15 financial year the department was reconfigured, and the result thereof was the inclusion of Transport Operation programme from the then Department of Public Work, Road and Transport into vote 05. The Annual Performance Plan for the same year was aligned to the new departmental programmes and the new national and provincial development plans.

### **Public Transport Services**

The department has continued to provide subsidy to commuter buses companies in the 2014/15 financial year and the negotiations to improve the service being provided for the next financial year as the current contracts are nearing the end.

Scholar Transport still experiences challenges with regards to ensuring that the target group receives the services as needed and the department is developing a Learner Transport Strategy that will assist the department to better provide this service to the citizens of the province.

### **Aviation**

The department started the process of ensuring that the Pilanesberg and Mafikeng Airports are functional. In 2014/15 financial year the department is procuring some of the necessary equipment to ensure that the airports meet the required standards.

### **Increase visibility of law enforcement**

For the 2014/15 financial year the department has continued to train its own law enforcement officers through various colleges in the country. This continued programme is aimed at ensuring that as a department we can realize the objective of ensuring that law enforcement service can be provided on a 24 hour bases in major cities within the province and at various testing stations and weighbridges. For the financial year 2014/15 the department has sent 70 learners for traffic training.

### **3. Outlook for the coming financial year (2015/2016)**

The following are the key focus areas for the department during the 2015/16 financial year:

#### **Law Enforcement**

The department through its partnership with Road Traffic Management Corporation is looking at increasing the weighbridges and repairing existing ones to ensure that the province can monitor and regulate heavy load vehicles on the provincial roads.

Increase number of law enforcement officers by training law enforcement officials through established colleges. It is also a goal of the department to start with the constructions of a North West Provincial Traffic College subject to funding.

#### **Public Transport Services**

Continued commuter bus subsidy and scholar transport services for the 2015/16 can be expected with greater efforts being placed on monitoring the service that is being provided by the department to ensure value for money.

Department also plans to negotiate and pilot a subsidy scheme on Commuter Buses Subsidy for Dr. Kenneth Kaunda District as it is the only district without this service and some community members may be in need of such services. The pilot project will start during the 2015/16 financial year if an agreement is reached with relevant stakeholders within the district.

#### **Activation of airports**

The following is planned for the 2015 /16 financial year:

- Upgrading of the Mahikeng Airport and Pilanesberg International Airport to a Category 6 airport;
- The mobilization of the airline industry and other stakeholders to increase the utilisation of both airports; and
- The insourcing of interim skills to have the airports fully functional.

The activation of these airports will also contribute in increasing revenue collection for the province and at improving economic participation of the province.

#### **Civilian Oversight**

As part of the departmental vision of ensuring a safe environment for all within the province, the department will be increasing its monitoring and partnerships with Police Stations to ensure that crimes indicated in the crime stats are reduced to an acceptable level.

The aim of the department is to focus on community policing forums that should be strengthened to have effective oversight of police at precinct level. This requires a concerted programme of

capacity building and training of community representatives on the community police forums. Special emphasis will be placed on the oversight functions of community policing forums, to monitor and promote good relations between the police and the community and also address the following goals:

- Aligning Community Police Forums with guidelines and policies;
- Development of a Plan of Action with time frames indicating what steps will be taken to align/realign in consultation with role players at stations and clusters;
- In the absence of incentives, the Departmental Crime Prevention Awards will be reinstated to motivate CPFs in their efforts to fight crime (a proposal with budgetary implications); and
- Community police forums will undertake accountability checks to ensure that the police are accountable to the communities they serve.

### **Road Safety Education**

Continued road safety education to achieve the objective of ensuring that citizens are kept them out of harm's way while using roads within the province. The road safety education will range from learners in a classroom to road users whether as pedestrians, passengers or drivers.

The Department is planning to intensify road safety education by training unemployed youth as road safety activists.

### **4. Reprioritization**

The 2015/16 budget has been reprioritized in such a way that compensation of employees is more in line with the expected increase by reducing goods and services. Funds have also been shifted significantly to operating lease and property payments due to the anticipated move to new office space for the Head office staff.

The following are the department's priorities, which are funded after reprioritisation:

- Establishment of Traffic College;
- Recruitment of 70 learners For Road Traffic Management for 2015/16;
- Recruitment of 15 road safety officers;
- Implementation of driver learner licence for grade 12;
- Development of a provincial crime prevention strategy;
- Implementation of The Road Traffic Law Enforcement Code;
- Construction and renovation of Vehicle Testing Stations and Driver License Testing Centers;
- Roll out of payment of vehicle renewal licenses at Post Offices;
- Implementation of securitised number plates;
- Development of Scholar transport strategy;
- Activation of the Pilanesburg and Mafikeng Airports; and
- Construction of weighbridges in the province and activation of others

### **5. Procurement**

Departmental procurement plan has been prepared and submitted to treasury, which will be used for procurement of goods and services throughout the 2015/16 financial year. Planned major procurement for the department are included in the procurement plan.

## 6. Receipts and financing

### 6.1 Summary of receipts

Table 5.1 below shows the sources of funding for the department over seven year period from 2011/12 to 2017/18. It is also a comparison of the actual and budgeted receipts.

Table 5.1 : Summary of receipts

| R thousand  | Outcome          |                  |                  | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |                  |                  |

The department's budget is made up of equitable share, own-revenue and conditional grants. The allocated increases by 15.4 per cent in 2015/16 mainly as a result of the resuscitation of the airline route for Mahikeng and Pilanesburg airports, the construction of a weighbridge, the traffic college and one Vehicle Testing Station in Taung. The budget then increases by only 4.7 per cent in 2016/17 and by 6.3 per cent in 2017/18.

Equitable share constitutes of R1.1 billion in 2015/16; R1.1 billion in 2016/17 and R1.2 billion in 2017/18 and the following are the Conditional Grants:

#### Public Transport Operational Grant

This is a nationally assigned function to the province with the intention to supplement funding towards public transport services provided by the department. The Medium term allocation amounts to R92.3 million for 2015 /16, R96.2 million for 2016 /17 and R102.2 million for 2017/18 financial years respectively.

#### Social Sector Expanded Public Works Programme Incentive Grant

R1 million has been allocated for the 2015/16 financial year towards issues of crime prevention programme. The grant is only allocated in the first year of the MTEF. Allocation for the coming financial year will be informed by performance in 2015/16.

### 6.2 Departmental receipts collection

Table 5.2 : Summary of departmental receipts collection

| R thousand  | Outcome        |                |                | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |                |                |
|---|----------------|----------------|----------------|--------------------|--------------------------------|------------------|-----------------------|----------------|----------------|
|   | 2011/12        | 2012/13        | 2013/14        |                    |                                |                  | 2015/16               | 2016/17        | 2017/18        |
| Tax receipts  | 396 315        | 536 273        | 277 810        | 372 149            | 372 149                        | 372 149          | 398 199               | 418 109        | 439 014        |

## **Own revenue**

Revenue generated from operations forms part of the total allocation of the department. The department has planned to collect R625.1 million in 2015/16; R656.3 million in 2016/17 and R689.1 million in 2017/18. Major sources of revenue for the department are motor vehicle license taxes and Sale of goods and services other than capital assets which mainly comprises of provincial kilometer logsheets.

### **Motor Vehicle License Tax**

The function of collecting motor vehicle license tax is done at Driving License Testing Centers as well as Vehicles Testing Stations, and is done by the registering authorities, both internal and external on behalf of the department. During the 2014/15 financial year the department established additional registering authorities by using the Post Offices as collecting agencies as a drive to enhance revenue collection.

### **Sales of goods and services other than capital assets**

This is the second largest source of revenue, and is collected mainly from weighbridges, vehicles testing stations, and kilometer logsheets. The larger part of the budget is on payment of provincial kilometer logsheets by provincial departments and the rest is made up of Operating licenses and permits issued to transport operators.

### **Fines, Penalties and Forfeits**

This item includes revenue from traffic fines as well as penalties on late renewals of licenses.

### **Sales of capital assets**

The department has planned to dispose old government vehicles in the 2014/15 financial year as well as in the 2015 MTEF. Projected revenue of R15 million is expected out of these sales.

## **7. Payment summary**

This section contains information by programme. It presents the main programmes, structure changes and expenditure trends in the Vote over the 7-year period and also reflects policy developments and departmental priorities.

### **7.1 Key assumptions**

- Inflation (Consumer Price Index) will be 6.2 per cent in 2015/16 and 5.8 per cent for 2016/17 and 5.5 per cent in 2017/18;
- A provision for improvement in conditions of service is 6.2 per cent in 2015/16; 5.8 per cent in 2016/17 and 2016/17; and
- CPI plus 1 per cent is included in the budget for Compensation of Employees.

### **7.2. Programme summary**

The following two tables are summaries of payments and budgeted estimates by programme and economic classification, respectively, for the period 2011/12 to 2017/18. On overall, there is an increase in the department's budget over the seven-year period.

The department has four programmes and three of these programmes are the core programmes of the department, whilst the fourth one is the administration programme which provides support services for the department.

| <b>Total economic classification</b>                | <b>96 320</b> | <b>93 833</b> | <b>124 234</b> | <b>148 236</b>     | <b>147 236</b>                 | <b>147 236</b>   | <b>208 957</b>        | <b>216 299</b> | <b>235 013</b> |

The budget for the programme increases by over 40 per cent in 2015/16. The main contributory factor to the increase is the new office accommodation which should accommodate all staff members including those of the new function, which came as a result of the reconfiguration of the department. This will also have an impact on other property payment expenditure like security payments, cleaning and gardening services, as well as for utilities. In 2016/17 the budget only increases by 3 per cent and in 2017/18 by 8 per cent.

The programme budget has increased by 23.9 per cent from 2014/15, by 3 per cent from 2015/201 and by 11 per cent in the 2017/18. The reason for the increase is because the administrative support budget for Transport Operations has been included in this programme. This is largely on the bases that the department has adopted a centralized approach for procurement of common goods and services like, furniture, stationery, payment of contracts (Security service, cleaning services, lease contracts, telephones etc.); fleet Maintenance and property payments budget, furthermore the increase is also influenced by the inclusion of Transport Operation in our departmental programmes.

This has resulted in an increase in line items such as, property payments budget and all other increases are in line with the inflationary increase as prescribed by the national and or provincial budget guide.

## Service delivery measures

| Performance measures  | Estimated annual targets |         |         |
|---|--------------------------|---------|---------|
|   | 2015/16                  | 2016/17 | 2017/18 |
| Number of statutory reports submitted to the legislature  | 4                        | 4       | 4       |
| Number of parliamentary reports on questions raised   | 4                        | 4       | 4       |
| To provide strategic leadership and direction to the Department   | 28                       | 28      | 28      |
| To provide financial support services in adherence with statutory requirements  | 30                       | 30      | 30      |
| To facilitate organisational transformation, ensure conducive working conditions, recruitment and retention of skilled and professional staff in compliance with human resource prescripts. | 26                       | 25      | 25      |
| To facilitate, implement and monitor risk management and internal control systems and provide value-adding recommendations for improved compliance  | 24                       | 24      | 24      |

## Programme 2: Civilian Oversight

Civilian Oversight carries out on oversight function with regard to law enforcement agencies in the Province.

### Description and objectives

To exercise oversight functions with regard to SAPS in the Province

Table 5.9 : Summary of payments and estimates by sub-programme: Civilian Oversight

| <b>Total economic classification</b>                | <b>31 940</b> | <b>22 560</b> | <b>26 793</b> | <b>42 061</b>      | <b>36 061</b>                     | <b>36 061</b>    | <b>44 182</b>         | <b>49 470</b> | <b>53 049</b> |

The budget for the programme increases by 5 per cent in 2015/16, by 11 per cent in 2016/17 and by 7 per cent in 2017/18. The budget has been reprioritized, resulting in a reduction on goods and services, and is mainly on travel and subsistence.

It should also be noted that programme 2: Civilian Oversight has been reconfigured to include sub-programmes previously under a discontinued crime prevention programme. This has resulted in sub-programme Community Police Relation - R2.9 million in 2015/16; R2.4 million in 2016/17 and R2.6 million in 2017/18 and Social Crime Prevention - R11.9 million in 2015/16; R15.7 million in 2016/17 and R16.7 million in 2017/18 been included in this programme hence the increase in baseline for this programme.

Comparative figures of all the shifted sub-programmes have been carried with to the new location of the moved sub-programme to keep the historical data.

## **Sub-programmes**

### **Programme Support**

The funding for the sub-programme has been reduced following the spending trends on personnel budget and new proposed structure. Under goods and services the programme remains unchanged with only the inflationary increase for the office of the Chief Director.

### **Policy and Research**

To accommodate the new priorities in the programme, Policy and Research appointments for the 2015/16 financial year have been differed to the 2016 /17 financial year.

### **Monitoring and Evaluation**

The sub-programme has had an inflationary increase in all Goods and Services items which will enable the programme to perform the monitoring and evaluation function of Police Stations over the MTEF.

### **Community Police Relations and Social Crime Prevention**

This budget will allow the department to continue with the development of partnerships with stakeholders in ensuring the reduction of crime within the province, focusing on most prominent types of crimes based on the crime statistics as they are released annually.

The following are the priorities that will be implemented over the MTEF:

- To manage social crimes through the establishment of Community Policing Forums (CPFs). CPFs have been provided with an inflationary increase from 2014 /15 financial year of 5 per cent which means R881 thousand has been provided for the 2015 /16 financial year.
- Increased awareness on rape crimes through the women in dialogue projects which has been budget for through the departmental activities and advisory services. The project funding is also R1.2 million for the 2015/16 financial year which is an inflationary increase from the previous year.

Traveling and Subsistence in the sub-programmes has also been drastically reduced to allow more activities to be done by the CPFs which have been established.

## Service delivery measures

| Performance measures  | Estimated annual targets |         |         |
|---|--------------------------|---------|---------|
|   | 2015/16                  | 2016/17 | 2017/18 |
| To conduct research and formulate policies in order to inform decision-making processes on policing matters   | 2                        | 2       | 2       |
| Number of research reports on special projects  | 2                        | 2       | 2       |
| To monitor and evaluate SAPS compliance to statutory requirements and service delivery  | 78                       | 78      | 78      |
| To provide integrated social crime prevention initiatives, community participation in community safety and to promote good relations between the police and the community | 128                      | 126     | 182     |

## Programme 3: Transport Regulation

### Description and objectives

Transport Regulation manages, coordinate and facilitate the transport safety and compliance in all modes with related legislation, regulations and policies through pro-active and reactive tactics and strategies. This will include safety education, awareness, training and development of operators to enable them to provide the required level of service delivery

Table 5.11 : Summary of payments and estimates by sub-programme: Transport Regulations

| <b>Total economic classification</b>                | <b>343 664</b> | <b>504 330</b> | <b>476 484</b> | <b>510 696</b>     | <b>517 696</b>                 | <b>517 696</b>   | <b>602 374</b>        | <b>639 299</b> | <b>673 794</b> |

The budget for the programme increases by 18 per cent in 2015 /16. This is due to the planned appointment of traffic law enforcement officers and road safety officers. There is a 6 per cent increase in 2016 /17 and by 5 per cent in 2017/18

There is a reduction on machinery and equipment as most of the law enforcement equipment has been procured in the 2014/15 financial year. In ensuring that the programme structure is in accordance with the national structures, sub-programme: Safety Education has been removed

from this programme to be included in Programme 04: Transport Operations. On the other hand the programme has been increased by the inclusion of Operator License and Permits sub programme which was previously part of the Transport Operations programme.

Comparative figures of all the shifted sub-programmes have been carried with to the new location of the moved sub-programme to keep the historical data.

### **Operator Licenses and Permits**

The sub-programme is inclusive of Government Fleet Services which the department provides this service to all North West Provincial Departments. Bulk of the funding in the sub-programme is for the maintenance of pool vehicles (white fleet) of-which R115 million of R186 million is strictly for service which constitutes 65 per cent of the total budget allocation in this programme. A further R21 million has been put aside for the replenishment of the white fleet and this represents a 94 per cent increase from the 2014/15 financial year allocation of R11million.

Other activities in the programme which relates to the Safety and Compliance services of the Taxi industry have received an inflationary increase for the payment of services that are provided by Boards for Taxi Association and related travelling and subsistence allowance. The conversion of the Permits to Operator License does not have financial implications to be planned for however, it will be one of the major activities that will be undertaken by the sub-programme.

### **Law enforcement**

This sub-programme continues to be the biggest in the department in terms of priorities of the department ranging from monitoring compliance with road traffic laws and job creation through the recruitment structure for Law Enforcement Officers.

The major cost driver for Law Enforcement is Compensation of Employees which is currently R205 million for 2015/16 and continuing to increase with inflation related rates. This implies that the department can only manage to sustain its current staff complement and replace members as they retire. Secondly, the cost driver is S&T and Overtime related to activities being performed by the Law Enforcement Officers.

Due to the planned establishment of a Traffic College, the budget for Machinery and equipment increases over the MTEF to allow the department to be able to provide necessary equipment to the law enforcement programme.

### **Transport Administration and Licensing**

There is no significant increase in the sub-programme except an allocation for contractors which are for planned services and maintenance of Vehicle Testing Centers (VTS) and Driver and Learner Testing Centers (DLTC) which increased from R1million in 2014/15 to R7 million in 2015/16 financial year.

The reason for such a significant increase is ensure that these revenue collection points are always functional to allow the revenue collection at all times. The is also R6.2 million put aside for the renovation of VTS and DLTC within the provinces with the intention of ensuring that

revenue points are optimized. Funds for renovations and rehabilitation are also maintained throughout the MTEF as most of the centers are in need of the renovations.

## Programme 4: Transport Operations

### Description and objectives

The main purpose of the Programme is to ensure the provision of effective, efficient, accessible, affordable, safe and integrated public transport networks that are economically viable, environmentally friendly and with a rural bias.

Transport operation plan, regulate and facilitate the provision of integrated land transport services through co-ordination and co-operation with national planning authorities, CBO's, NGO's and the private sector in order to enhance the mobility of all communities particularly those currently without or with limited access.

In ensuring that the programme structure is in accordance with the national structures, sub-programme: Safety Education has been removed from Transport Regulation programme to be included in Programme 04: Transport Operations.

Comparative figures of all the shifted sub-programmes have been carried with to the new location of the moved sub-programme to keep the historical data.

### **Public Transport Services**

There are no significant increases in the sub-programme but the major activities that have been implemented by the Sub-programme are still frontline government priorities i.e. Scholar transport and Commuter Bus Services.

The allocation for these functions was previously budgeted for under Transfers and Subsidies however, due to the nature of the transactions for these services received; the funds have been reclassified under Goods and Services (Contractors). The Department pays for services rendered by contractors both for Scholar Transport and Commuter Bus Companies.

The sub-programme intends to further assess the Subsidy grant to accommodate a new commuter service planned for Dr. Kenneth Kaunda district. Business advisory item hosts funding for the appointment of a service providers to perform monitoring of scholar transport and Commuter bus services. This includes the sourcing of an electronic system for monitoring these services as they are being implemented.

### **Safety Education**

As a sub-programme, there is no significant increase, however, the activities of the unit continues, which is providing Safety Education throughout the provinces to ensure that road fatalities are reduced. Promotional materials will still be done during the Departmental Activities with the public and during the Setsokotsane programmes.

Scholar Patroller initiatives and provision bursaries to the youth for obtaining driver licenses continues. The driver license initiatives allows the youth to access jobs as most job requirements are inclusive of driver license.

### **Transport Systems**

Plans to ensure that the province operates according to Transport Plans continue annually through monitoring the development and implementation of the said services by different stakeholders i.e. monitoring that municipalities' awareness of the transport plans and development follow the provincial plan requirements.

### **Infrastructure Operations**

The sub-programme has experienced budget reductions largely due to the relocation of the budget related to common services, like Computer Services, Consumable Suppliers and Operating Lease. The budget has been moved to programme 1: Administration under Supply Chain Management and IT services.

Other than the reduction in the mentioned areas the budget is increased in line with inflation. Activities to be implemented during the MTEF by the unit are ensuring that the Airports are at the required standards to allow for operations to resume for Commercial and Freight Flights.

The budget for the programme increases by about 15 per cent in 2015 /16 4 per cent in 2016 /17 and by 6 per cent in 2017 /18. The reason for the increase is as a result of the resuscitation of airports.

### Compensation of Employees

Compensation of Employee budget increases at a rate higher than other economic classification owing to the pressures annually experienced in this class of expenditure. The increase is for appointment of traffic law enforcement officers.

### Goods and Services

Goods and Services have also been reduced significantly throughout the programmes with the exception of programme 3. The reason for the major reduction is to allow for the appropriate increase in Compensation of Employees. The reason for not decreasing programme 3 goods and services is due to the expected increased S&T expenditure for law enforcement officials.

### Payments for capital assets

Infrastructure budget has increased according to the current priorities to include budget for Traffic College, weighbridge and a vehicle testing station. Increase in machinery and equipment is because of increased number of law enforcement officers, who will require tools of trade to be able to execute their duties.

### Service delivery measures

| Performance measures  | Estimated annual targets |             |             |
|---|--------------------------|-------------|-------------|
|   | 2015/16                  | 2016/17     | 2017/18     |
| To ensure access to an integrated public transport system to increase mobility in rural areas                               | 38 885 371               | 40 893 888  | 42 898 891  |
| To promote road safety with targeted stakeholders in order to improve road user behaviour                                   | 5 317                    | 5 317       | 5 317       |
| To ensure compliant and sustainable airport operations that increase civilian and freight air transport                     | 6                        | 6           | 6           |
| To provide a planning framework for transport systems through the development of policies, strategies and integrated plans. | 7                        | N/A         | N/A         |
| To manage government fleet to ensure adherence to prescribed standards  | 56 891 557               | 597 359 740 | 627 226 550 |

## 9.3 Other programme information

### 9.3.1 Personnel numbers and costs

Personnel numbers per programme for full-time equivalent positions need to be disclosed at the end of each departmental chapter for the previous and current financial years, along with estimates over the MTEF.

Table 5.15 : Personnel numbers and costs by programme

| Personnel numbers                            | As at 31 March | As at 31 March | As at 31 March | As at 31 March | As at         | As at         | As at         |

### 9.3.2 Training

Table 5.18 below provide for a high level aggregation of departmental spending on training, while the structure of the standard chart facilitates the aggregation of payments on training at item level.

Table 5.17 : Payments on training by programme

| R thousand                               | Outcome      |              |              | Main appropriation | Adjusted appropriation 2014/15 | Revised estimate | Medium-term estimates |              |              |

## **1. Overview**

### **Vision**

A prosperous society and a growing economy.

### **Mission**

To drive and facilitate a sustainable economic development in the North West Province through:

- Coordinated economic planning.
- Integrated economic development services.
- Trade and investment promotion.
- The development of other sectors.
- Effective business regulations.

### **Strategic Objectives**

**Strategic policy direction:** The Department seeks to achieve the facilitation and implementation of projects and programmes that will improve the competitiveness of provincial economic sectors and advocacy of seamless institutional arrangements that will support the growth of the provincial economy. Furthermore, the Department will ensure that its internal processes and procedures create a conducive environment to improve the economy and the lives of the citizenry.

The department has identified the following strategic objectives:

- To facilitate the establishment and maintain effective small business support of institutions to ensure effective service delivery to SMMEs;
- To provide guidance, support and capacity to municipalities in their implementation of local economic development initiatives;
- To address economic imbalances of the past through deliberate empowerment of designated groups as part of ensuring redistribution of opportunities and benefits out of the economy;
- To contribute to the economic growth of the Province through development of economic sectors, industries, trade and investment promotion;
- To facilitate the development of key high impact projects for the creation of an enabling environment for business and industries to develop and remain competitive;
- To promote and protect consumer rights;
- To effectively regulate the liquor industry;
- To identify and address barriers in the broader business environment;
- To facilitate the creation of an equitable, socially responsible business environment that allows for predictability and to ensure fair trade in the Province whilst maintaining essential national standards, including the regulation of the retail sale of liquor;
- To facilitate the development of economic policies in the Province;
- To facilitate and coordinate relevant economic research related to economic development;

- To enhance service delivery through a sound knowledge management system; and
- To monitor and evaluate the impact of the departmental projects, programmes and initiatives.

### **Core functions**

The department's core functions are summarised as follows:

- Small Business Development;
- Provincial macro-economic planning and development;
- Research to determine economic potential and policy development;
- Economic sector development and sectorial charter implementation;
- Enhancement of productivity and competitiveness of various economic sectors;
- Industrial development facilitation;
- Economic infrastructure development facilitation;
- Investment and trade promotion;
- Regulatory functions (consumer protection and liquor policy administration, BBBEE policy compliance, gambling amongst others); and
- Economic development planning & coordination including LED, IDPs, cluster management; and Project management.

### **Legislative Mandate**

The following are the core legislation regulating the Department's activities::

- The Constitution of South Africa, 1996;
- The National Credit Act, 2005 (Act 34 of 2005);
- Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- Small Business Act, 1995 (currently under review);
- North West Business Act, 1997 (Act No. 6 of 1997);
- The National Liquor Act, 2003 (Act No. 59 of 2003);
- Liquor Act, 1989 (Act No. 27 of 1989);
- Consumer Protection Act, 2008 (Act No. 68 of 2008);
- The Consumer Affairs Practices (Harmful Business Practices) Act 4 of 1996 (Under review for amendment);
- The North West Gambling Act, 2001 (Act No. 2 of 2001) (as amended);
- The North West Development Corporation Act, 1995 (Act No. 6 of 1995) (As amended);
- Co-Operatives Act, 2005; and
- The Public Finance Management Act (Act number 1 of 1999 as amended).

#### **1.1 Aligning Departmental budget to achieve Government's prescribed outcomes**

The strategic intent of the Department of Economy and Enterprise Development addresses the objectives of outcomes 4 and 6. These outcomes inform the Department's strategic and annual performance plans. The Department is reviewing its service delivery model and organizational structure which, amongst others, entails a process of fully aligning strategic and annual performance plans with these outcomes.

## **2. Review of the 2014/15 financial year**

Section 2 provides a review of 2014/15, outlining the main achievements and progress made by the department, as well as providing a brief discussion on challenges and new developments.

### **Economic Planning**

Through the Economic Planning Programme, the Department had, in its efforts to align its programmes with those highlighted within the NDP, embarked on an Industrialisation Programme which was in support of the National Industrial Policy Framework and the Industrial Policy Action Plan (IPAP). The National Government has identified industrial development and inclusive economic growth as key to resolving challenges of poverty and unemployment. To this end a Regional Industrial Development Strategy (RIDS) was developed and it is being implemented and one of the RIDS programmes is the implementation of the Special Economic Zones (SEZs). SEZs present significant benefits that have spill over effects to the rest of the economy.

The North West Province in conjunction with the Department of Trade and Industry has identified an opportunity for the establishment of a platinum beneficiation SEZ in the Province to exploit the abundant mineral deposits in the Bojanala area.

### **Trade and Sector Development**

The industrialization programme has identified key industrialization projects that have potential for development across the Province. The identification and scoping of these industrial projects in different sectors in the Province suggested that all identified and scoped projects had relative merit to justify further evaluation in terms of progressing the project development process to the pre-feasibility and feasibility stages, and also elevated a number of key overarching issues that the department of Economy and Enterprise Development and the Bokone Bophirima Government would need to effectively address including the accelerated prioritizing, planning, coordination and rollout of identified programmes.

To ensure that the above issues were addressed, the Department had embarked on a process to develop preliminary terms of reference for conducting feasibility of the identified projects. Ten projects were identified to favour the absorption of skilled, semi-skilled and unskilled labour in the North-West province to provide reasonable special balance and to enhance the deliberate strengthening of specific existing sectors that have growth potential and/or unexploited linkages, while intensifying the strategic development of new sectors to promote economic diversification within the North West Province.

With assistance of Council for Scientific and Industrial Research (CSIR) the Department conducted feasibility studies on Agro Processing Machinery Manufacturing Enterprise, Insulated Metal Roofs manufacturing enterprise, Medical Syringe Manufacturing Enterprise, Low and Medium Voltage Cable manufacturing enterprise. Livestock and Game Beneficiation Industrial Park and North-West Photovoltaic (PV) Solar Panels Project.

Five studies undertaken have delivered positive results and business plans have been developed for the Maize Milling Enterprise; the Agro Processing Machinery Manufacturing Enterprise; the Insulated Metal Roofs; the Madibeng Automotive Components Manufacturing Industrial Park and Business Process Outsourcing. All these projects are ready for implementation. The other two feasibility studies reports towards the Medical Syringe Manufacturing Enterprise as well as Low and Medium Voltage Cable Manufacturing Enterprise were also submitted but the two projects were found to be non-viable.

## **Consumer Protection**

A total of 436 against a target of 435 Education awareness campaigns were conducted across the province and 10 551 consumers reached. The Directorate also held a successful World Consumer Rights Day reaching over 400 public servants who were educated on the abuse of garnishee orders in the public service. Furthermore a Savings campaign, which focused on teaching learners about the value of saving and the Festive Season Campaign were successfully conducted. These two campaigns are conducted nationwide annually in July and December respectively.

Cases handled for the period ending December 2014 were 476 and 441, saving the consumers an amount of R2.3 million undue charges. These cases are handled through internal mediations which serve as Alternative Dispute Resolution (ADR) mechanisms due to the fact that the Consumers Court is not yet in place.

The Consumer Protection Office will continue to utilize the ADR processes at its disposal and refer all matters to court where these fail. Consumers are also at liberty to take their cases to the judicial courts and initiate civil claims if they so desire. A total number of 55 cases were referred to relevant institutions or Ombudsmen with Jurisdiction for further finalization.

Eleven (11) investigations into market practices were conducted where suppliers or business were found contravening certain consumer protection legislation namely: Consumer Protection Act No.27 of 2008, National Credit Act, 2005 etc. They were duly instructed to comply and follow ups were done.

## **Liquor Administration**

Liquor Administration has in the past nine (9) months to December 2014 received 879 liquor applications. A total of 1 225 applications were referred to the Board for considerations. This number also accounted for the existing backlog of applications to be processed. A total number of 632 applications were approved and 272 declined. Four (4) licenses were also withdrawn and ten (10) licenses suspended by the North West Liquor Board for contravening various trading conditions.

A total number of 240 new licenses and 126 certificates of transfers. were issued Twenty (20) license transfers were authorized by the Board from their original area of operation. There are currently about 1000 pending applications and these are mainly due to absence of reports from the South African Police Service. As at end December 2014 there were 6 277 liquor licenses registered in the Provincial Government database.

The Compliance Unit had during the nine (9) months period under review, conducted 3 515 inspections against a given target of 3 600. The unit had also during this period, noted a high rate of non-compliance with regard to trading hours and a total 207 contraventions were picked up with fines totaling R 310 500 given to offending traders. A total of sixty three (63) education campaigns were conducted against a given target of 72, encouraging traders to comply with liquor legislation and trading conditions. The 12 per cent shortfall is mainly due to the dire capacity constraints experiences as the Unit only has (two) officials to do the entire Province. Furthermore, the challenges are compounded by outstanding section 140 SAPS reports that should accompany all applications to the Board. This contributes to a serious backlog on the consideration of applications by the Board and can lead to unnecessary litigations against the Department.

The Department still operates in terms of the outdated liquor Act No. 27 of 1989 which has since been repealed at National through the Liquor Act of 2003. This Act however remains operational in provinces that have not yet promulgated their own legislation. The Province is currently busy with the liquor bill which is anticipated for finalization during 2015/16 financial year.

## **Intergrated Economic Development Services**

The Programme performs its mandate by implementing SMME Strategy which was adopted by EXCO and aligned to APP for 2014/15 financial year, amongst others it seeks enhance competitiveness of SMME and Cooperatives, reducing redtape, encourage partnership with private sector as well as monitoring, evaluation and reporting. The Department registered 376 Cooperatives and facilitated 262 annual returns.

Ten SMMEs and Cooperatives were linked to markets and 23 Information workshop for SMMEs and Cooperatives were held. We also held a Stokvel Exhibition with a total number of 800 participants and 120 exhibitors in attendance. One SMME was assisted to attend India International trade fair.

Twenty two targeted groups of Women, Youth and People with disabilities enterprises were registered and attended information dissemination workshops. We held a Youth Global Summit were 1000 youth attended for two days.

## **The North West Gambling Board**

As approved by EXCO the Board is pursuing for the fifth Casino licence with the Department of Trade and Industry. 15 Bookmaker premises to which Bookmaker licences will be attached were approved by the Board on 03 December 2014 and the outcome was communicated to Bookmakers on 09 December 2014. The Board concluded a settlement agreement for the allocation of a fourth (4) Bingo licence and removal of same business from Rustenburg to Klerksdorp, the other three licences were issued in 2013/14 financial year.

One of the major challenges in the gambling industry in the province is illegal gambling, this is due to limited resources at disposal for investigations and successful convictions of these operators. An additional amount of R10 million in 2013/14 financial year was allocated by Provincial Treasury during adjustment budget to ensure that all vacant posts specifically those of investigators are filled. This assistances ensured that the Board could do more investigative work as witnessed in the raids and confiscations of gambling equipment conducted in Zeerust and Rustenburg on illegal operating sites. These illegal gambling equipments were destroyed in March 2015 under the supervision of SAPS, MEC for FEED and the Board.

## **North West Development Corporation**

The North West Development Corporation (NWDC) is an economic development agency whose mandate is intricately linked to the provincial and national economy. The period under review saw the provincial economy remaining challenged, following the prolonged 2014 Platinum Mining Sector strike. The state of the provincial economy had a negative knock-on effect on the performance of the NWDC in so far as the trade and industry development is concerned.

The agency assisted Thojane Cooperative to access a grant of R8.6 million for the Agri-Tourism (Cultural Park with Indigenous Knowledge System) project.

It hosted thirteen (13) Ambassadors designates that represented the country in various countries and gave them a snap shot of existing provincial opportunities and also presented to 42 DIRCO officials who were due to take their new assignments abroad on the provincial opportunities.

The NWDC has met with a Canadian company and influenced them to submit a letter of interest in the development of fuel cells in the proposed Platinum Valley SEZ and also supported many of the initiatives within the designated SEZ. The Provincial Government has allowed the agency to continue with the development of the SEZ although no funding will come from the Provincial Treasury in this regard as the provincial focus and funding will be

towards the Mahikeng Industrial Development Park which already has sunk infrastructure of over R100 million by the Provincial Government.

This development is also in line with the Mahikeng Revitalization Programme intended to assist the capital city to grow. The NWDC has also to date funded SMME's to the total amount of R16.5 million in property management and it has managed to increase its occupancy rate by attracting thirteen (13) new investors (tenants) while the maintenance programme is gaining momentum with more premises being refurbished.

Although it is expected that the NWDC has to generate investment capital from other funding sources, funding remains one of the critical challenges, especially towards those scoped industrialization projects with business plans. Due to ageing, some of the NWDC properties are dilapidated and requires a lot of resources for their maintenance and refurbishment.

Although the NWDC does give bridging finance to emerging entrepreneurs, this regularly puts a squeeze on the available funds in that the rate of loan redemption from borrowers happens over an extended period in some cases, which requires a regular top-up of the Fund.

### **3. Outlook of the 2015/16 financial year**

Section 3 looks at the key areas of 2015/16, outlining what the department is hoping to achieve, as well as briefly looking at the challenges facing the department, and proposed new developments.

#### **Economic Planning**

The department will continue to research on opportunities within the agriculture, culture and tourism to promote smart, sustainable and inclusive growth throughout the province and thus contribute fully to the Provincial Development Plan. What the province needs is innovation that will build the foundations of sustainable prosperity, which can be achieved only if the diversity and value of the province's productive base expands its constructed capital infrastructure, human and social capital, natural endowments, technology and institutions. Growth and diversity of the productive base provides the foundation for raising living standards for a growing population and expanding opportunities for future generations. Some of the key focus areas will be:

- The Development of Villages;
- The Development of Townships;
- The Development of Small Dorpies; and
- Youth Corporatives and small enterprises development.

#### **The Setsokotsane Programme**

As indicated in the Setsokotsane Programme objectives, the Department will in its effort to deliver on the ground, observe and integrate the objectives of the Setsokotsane Programme, which is an intensive high level focused and dedicated intervention strategy geared towards ensuring that hunger, joblessness and hopelessness are eradicated in **Bokone Bophirima**. The Department will endeavor to set out clear goals which target the delivery of services. It also intends in this regard to build a culture of innovation and to achieve a long term vision in line with the Bokone Bophirima Rebranding, Repositioning and Renewal approach and this will include creating future opportunities of job creation and financial breakthrough on a micro-enterprise level.

## **Trade and Sector Development**

Pending the availability of funds and human capacity, the programme intends to continue with more feasibility studies to be conducted on opportunities identified. Where results are positive, business plans will be developed and investments generated towards jobs and wealth creation.

## **Business Regulation**

The Consumer Affairs (Harmful Business Practices) Act No.4 of 1996 is undergoing certain legislative amendments to cater for the operation of the Consumer Court, the appointment of the Consumer Protector and to rectify numerical errors, amongst others. Public hearings are currently being conducted on the Consumer Affairs (Unfair Business) Amendment Bill and it is awaiting further processes. It is our view that upon the enactment of the Bill, members of the Consumers Court will be appointed. We are also currently drafting Regulations in order to allow the smooth implementation of the amended Act and the running of the Consumer Court.

## **Intergrated Economic Development Services**

The department will review SMME Strategy for the next five years to include mandates of the current Administration. The department will also develop cooperatives strategy separate from SMME strategy. Increase number of new enterprises by 20 per cent to make contribution toward the achievement of the targeted economic growth of 6 per cent by 2019. Increase number of interventions to SMMEs and Cooperatives by 4 465 to ensure sustainability of enterprises with the purpose of increasing economic growth by 2019.

Increase the number of interventions for designated groups to 500 to ensure sustainability of SMME's and Cooperatives with the purpose of increasing economic growth by 2019.

The Construction Education and Training Authority (CETA) has allocated funding to the department to train 480 North West learners on short courses in respect of skills programmes, learnership, apprenticeships and Recognition of Prior Learning (RPL). The programmes will be on plumbing, bricklaying, carpentry and building civil construction and will run for a period of three years each year having an intake of 400 learners. Therefore, 1 280 learners will be trained as apprentices at the end of the programme.

## **The North West Gambling Board**

The Public Entity will finalise the Corporate Communications Strategy and Education and Public Awareness Programme, and conduct four (4) programmes/ campaigns, including responsible gambling. Appointing a service provider to conduct socio-economic impact study on gambling will be finalising the development of the Integrated Case Management System to improve efficiencies.

The Minister of Trade and Industry has signed a letter of intent, in March 2015, to allocate North West Province the fifth Casino license and the Board will pursue the due process in 2015/16 financial year.

## **North West Development Corporation**

The NWDC intends amongst others, to identify and facilitate sustainable commercially viable investments towards creating revenue that would finance projects intended to boost economic development in Bokone Bophirima.

It will introduce Corporate Finance activities and establish amongst others, a Growth fund and identify existing companies for Equity Investments as well as the co-funding of Foreign Direct Investment projects.

It intends to position the Province as a key trade and investments destination of choice by supporting local industries to partner through joint ventures with companies that choose Joint Ventures as entry models and support local industries to become competitive and increase export performance.

**4. Reprioritization**

During the 2014/15 adjustment budget an amount of R29 million was reprioritised from Transfers and subsidies to Current payments. Of the current payment an amount of R7 million was for Compensation of Employees and R22 million was for Goods and service

In 2016/17, an amount of R10.1 million from Trade and Sector Development programme under transfers and subsidies to Administration under current payment under goods and service and compensation of employees.

**5. Procurement**

No major procurement will be done in the new financial year except for new telephone handset that will be needed in the migration of the current telephone system to Telephone contract administered by Department of Finance. The Supply Chain Management will be centralised with the view of establishing receipt and dispatch section to assist in management of supplier invoices to ensure that they are paid within 30 days and are traceable within the payment process. Furthermore, the receiving section will reduce fraud in paying for goods not received.

**6. Receipts and financing**

**6.1 Summary of receipts**

Table 6.1 : Summary of receipts

| R thousand                           | Outcome        |                |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |
|--------------------------------------|----------------|----------------|----------------|--------------------|-----------------------------------|------------------|-----------------------|----------------|----------------|
|                                      | 2011/12        | 2012/13        | 2013/14        |                    |                                   |                  | 2015/16               | 2016/17        | 2017/18        |
| Equitable share                      | 90 306         | 77 207         | 119 425        | 124 021            | 123 370                           | 126 250          | 131 201               | 139 365        | 148 608        |
| Conditional grants                   | -              | -              | -              | -                  | -                                 | -                | -                     | -              | -              |
| Departmental receipts                | 90 769         | 95 609         | 101 871        | 116 567            | 116 567                           | 116 567          | 123 895               | 131 175        | 137 734        |
| Financing (Rollovers and Additional) | -              | -              | -              | 20 000             | 20 000                            | 20 000           | -                     | -              | -              |
| <b>Total receipts</b>                | <b>181 075</b> | <b>172 816</b> | <b>221 296</b> | <b>260 588</b>     | <b>259 937</b>                    | <b>262 817</b>   | <b>255 096</b>        | <b>270 540</b> | <b>286 342</b> |

The Department derives its receipts from the equitable share and from its regulatory mandate. The total receipts are projected to decrease from the revised estimate of R262.8 million in 2014/15 to R255 million at a year on year decreases of 2.9 per cent. The decrease is mainly on equitable shares due to the baseline reduction.

Over the medium term the total receipts is expected to increase to R286.3 million at a year on year growth of 6.1 per cent and 5.8 per cent in 2016/17 and 2017/18 respectively. The increase is mainly due to the inflationary projections.

## 6.2 Departmental receipts collection

Table 6.2 : Summary of departmental receipts collection

| R thousand  | Outcome       |               |                | Main appropriation | Adjusted appropriation<br>2014/15 | Revised estimate | Medium-term estimates |                |                |

| Interest, dividends and rent on land                  | -             | -             | -              | -                  | -                                 | -                | -                     | -              | -              |
| Sales of capital assets                               | -             | -             | 4              | -                  | -                                 | -                | -                     | -              | -              |
| Transactions in financial assets and liabilities      | 15            | -             | 25             | -                  | -                                 | -                | -                     | -              | -              |
| <b>Total departmental receipts</b>                    | <b>90 769</b> | <b>95 609</b> | <b>101 871</b> | <b>116 567</b>     | <b>116 567</b>                    | <b>116 567</b>   | <b>123 895</b>        | <b>131 175</b> | <b>137 734</b> |

Departmental own receipts project an increase from R116.5 million in 2014/15 to R123.8 million in 2015/16 at year on year growth of 6.3 per cent. Over the MTEF the department is projects to increase its collections to R137.7 million in 2017/18.

An amount of R120 million will be derived from regulation of the gaming and gambling industry in the Province, representing a growth of R13.9 million or 12.7 per cent from the 2014/15 financial year due to the eradication of illegal gambling.

Collection of Liquor Licence revenue is expected to increase from R3.7 million in 2014/15 to R4 million in 2015/16 due to the success of the continued inspections, resulting in all license holders renewing their licenses in time.

## 7. Payment summary

### 7.1 Key assumptions

- The allocation took cognizance of the Provincial Treasury's guidelines by ensuring that the consumer price index (CPI) inflation projections inform budget provisions of the department to make for price increases over the 2015 MTEF period for non-personnel expenditure items; 6.2 per cent in 2015/16, 5.8 per cent in 2016/17 and 5.5 per cent in 2017/18 financial years.
- Personnel budget growth is limited to 6.2 per cent in 2015/16, 5.8 per cent in both 2016/17 and 2017/18. Adequate provision has also been made for personnel related costs such as pay progression, performance award and other related allowances.

### 7.2. Programme summary

The budget structure, which largely conforms to the uniform budget and programme structure for the Economic Development sector, is made up of five programmes that are directly linked to the department's core functions, namely, Administration, Integrated Economic Development Services, Trade and Sector Development, Business Regulations and Governance and Economic Planning.

Table 6.3 : Summary of payments and estimates by programme: Economy and Enterprise Development

| <b>Total economic classification</b>                | <b>181 075</b> | <b>172 816</b> | <b>221 296</b> | <b>260 588</b>     | <b>259 937</b>                    | <b>262 817</b>   | <b>255 096</b>        | <b>270 540</b> | <b>286 342</b> |

**Programme 1: Administration** - The total expenditure increased from R72.9 million in 2013/14 to the revised estimate of R102.8 million at a year-on-year growth of 40.9 per cent due to an increase in the provision for property maintenance and inflationary increase on security contracts and all other operating expenses. Over the medium term the expenditure is projected to decrease from the revised estimate of R102.8 million to R96.5 million in 2017/18 at an annual average decline of 2.1 per cent. The decline of 24.9 percent in 2015/16 is as a result of the once off provision made in 2014/15. The expenditure is expected to regain its positive growth in 2016/17 with a significant growth of 17.4 per cent and in the outer year the expenditure is expected to increase at inflationary projection of 6.5 per cent.

**Programme 2: Integrated Economic Development Services**, between 2011/12 and 2014/15 expenditure increased at an annual average rate of 13.7 per cent. The increase was mainly on Economic Empowerment and Enterprise Development which increases at an annual average growth of 40.7 per cent and 10.5 per cent respectively due to the increased transfers to departmental agencies and accounts. Compensation of employees also contributed to the increase due to the addition appointments and the inflationary projections. Over the MTEF the budget is projected to increase at an annual average of 5.6 per cent.

**Programme 3: Trade and Sector Development**, expenditure decreased at an annual average rate of 26.4 per cent in 2014/15 due the shifting of funds to other programmes to defray the acces expenditure in the current financial year. Over the MTEF the budget projected to increase at a year-on-year increase of 24.2 per in 2015/16 due to the reprioroited funds in 2014/15. The budget growth in 2016/17 and 2017/18 will sustain its positive growth by 8.2 per cent and 6.2 per cent respectively.

**Programme 4: Business Regulations** the total budget over the MTEF is projected to amount to R79.4 million at a year-on-year growth of 4.3 per cent in 2015/16, 6.6 per cent in 2016/17 and 5 per cent in 2017/18. The projected inceases are within the inflationary projection.

**Programme 5: Governance and Economic Planning:** The bulk of the budget for this programme is mainly on current payments. The budget is projected to increase from the revised estimate of R5.4 million in 2014/15 to R5.4 million in 2017/18 at an annual average rate of 0.3 per cent.

The decline of 8.9 per cent in 2015/16 is due to the projected over spending in 2014/15, however, when using the adjusted appropriation for the current financial year shows a growing trend for 4.6 per cent, 5.3 per cent and 5.0 per cent over MTEF.

**Compensation of employees:** expenditure has increased from R69.8 million in 2013/14 to the revised estimate of R81.6 million at an average year on year growth of 16.9 per cent. During the same period the personnel increased minimally from 221 in 2013/14 to the revised 229 in 2014/15. The increase in personnel numbers and inflationary projection explains the increase on expenditure for the same period. Over the medium term the personnel expenditure is expected to increase from the revised estimate of R81.6 million in 2014/15 to R90.8 million in 2017/18.

**Goods and service:** the budget over the MTEF is projected to decline at a year on year rate of 35.6 per cent 2015/16, and regain its positive growth of 18.1 per cent in 2016/17 and 7.3 per cent in 2017/18. The increase in 2016/17 is mainly due to an increase in contractor and the Operating leases.

**Transfer and subsidies:** the department transfers funds to public entites and other entities. Between 2011/12 and 2014/15 the transfers increased at an annual average rate of 13.4 per cent. Over the MTEF the departmental transfers are expected to decrease to R140.9 million at an annual average growth of 0.6 per cent. The decrease is due to the reduced transferd to other entities mainly under CSIR and the reduction is over the MTEF.

**Payments of capital assets:** the budget is mainly for the purchases of office equipments for the newly appointed and existing staff. Over the MTEF the budget is projects to decrease from the revised estimate of R2.1 million to R1.5 million at an annual average rate 10.1 per cent.

#### **7.4 Infrastructure payments.**

None

#### **7.5 Departmental Public Private Partnership (PPP) projects**

None

## 7.6 Transfers

### 7.6.1 Transfers to public entities
