

CAUTENG PROVINCIAL BUDGET

GAUTENG MEC FOR FINANCE, BARBARA CREECY TABLED THE PROVINCIAL BUDGET ON 3 MARCH 2015.

auteng contributes 36% to the country's Gross Domestic Product and it remains the economic and industrial hub of South Africa and is the sixth largest economy on the African continent. In terms of the 2014 Mid-year population estimates, Gauteng continues to be the largest province in the country with 12.9 million people. Therefore, the continuing migration to the province continues to exert pressure on infrastructure and social services.

The province adopted a Ten-Pillar Programme which aims to radically transform, modernize and re-industrialize Gauteng

over a period. The medium term budget has been aligned with the Ten-Pillar Programme through the allocation of funds towards projects and programmes that will contribute to the improved lives of Gauteng citizens.

The significant portion of the provincial budget, that is 78%, is allocated to Education, Health and Social Development in 2015/16. This demonstrates our commitment to radical social transformation and modernization of public services. Infrastructure delivery programmes receive over R12 billion in 2015/16 to contribute to job creation and to stimulate economic growth through projects such as Tshepo 500 000,

Syferfontein, Savannah City, and Expanded Public Works Programme.

Investment in the Township Economy is one key priority that is aimed at supporting the development of township enterprises, cooperatives and SMMEs that produce goods and services that benefits township residents. Funding set aside for this project amounts to R140 million in 2015/16.

We trust this budget summary will improve your understanding of the Gauteng Provincial Budget for the 2015 MTEF.

Gauteng's ten pillar programme

The Gauteng Provincial Government adopted a ten-pillar programme of radical transformation, modernisation and re-industrialisation of Gauteng over the next five to fifteen years. The 2015/16 MTEF is therefore aligned to these pillars as indicated below:

Transformation

- Radical economic transformation
- Decisive spatial transformation
- Accelerated social transformation
- Transformation of state and governance

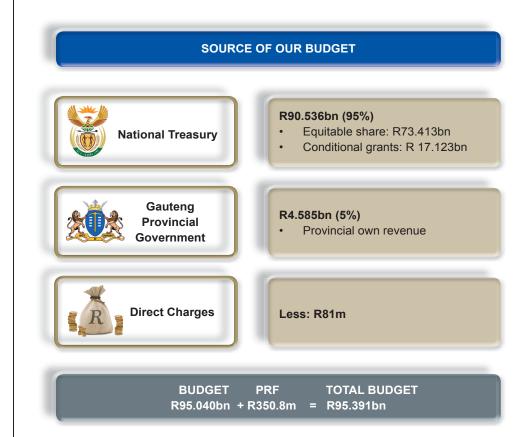

Modernisation

- Modernisation of the public service and the state
- Modernisation of the economy
- Modernisation of human settlements and urban development
- Modernisation of public transport and other infrastructure

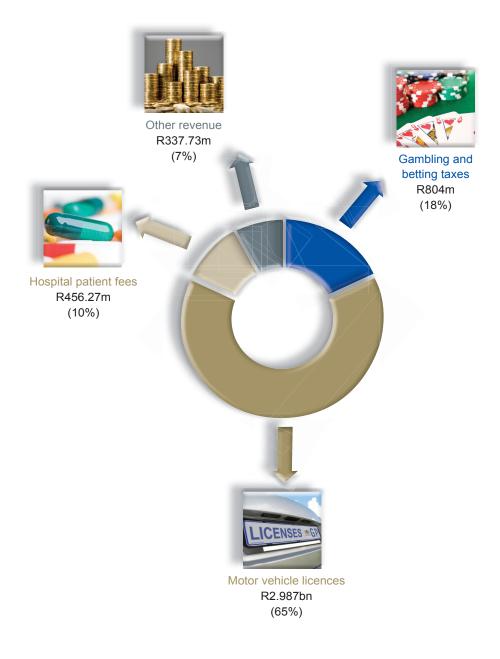

Re-industrialisation

- Re-industrialising Gauteng as our country's economic hub
- Taking a lead in Africa's new industrial revolution
