## Description and objectives

This programme is responsible for the overall management of road traffic and safety in the province. The programme is responsible for ensuring that all privately and government owned vehicles registered in the province are licensed each year and that all drivers are appropriately authorised to drive their vehicles. The other focus points are overloading, speeding and un-roadworthy vehicles.

### Sub-Programme Description –

#### Law Enforcement

The function of this section is to maintain law and order on the roads and to provide quality traffic policing (law enforcement) services.

#### Transport administration and licensing

The function of this section is to monitor and control all aspects related to the collection of motor vehicle license and registration fees; to render services regarding the administration of applications in terms of the National Road Traffic Act, 1996, (Act 93 of 1996); and to augment capital in trading account. The section also deals with NATIS expenditure and expenditure related to motor vehicle registration and licensing.

#### Transport Safety and Compliance

The sub-programme is responsible to manage / co-ordinate and facilitate the transport safety and compliance in all modes of transport, with related legislation, regulations and policies through pro-active and reactive strategies.

This includes the monitoring of public transport operators in terms of national and provincial legislation to ensure safety of Commuters, as well as the provision of safety education, awareness, training and development of operators, to enable them to provide acceptable levels of service delivery.

## Description and Objectives

To promote accessibility and the safe, affordable movement of people, goods and services through the delivery and maintenance of transport infrastructure that is sustainable, integrated and environmentally sensitive, and which supports and facilitates social and economic growth through developmental and empowering processes.

## Sub-programmes Description

### Programme support

The function of this sub-programme is the overall management and the rendering of administrative support service to the professional components with regard to road proclamations and financial matters.

### Infrastructure Planning

The planning sub-directorate provides policy and legislative framework for transport, network planning for proclaimed roads and also integrates transport and spatial/development planning.

## Infrastructure Design

The function of this sub-programme is to provide geometric, material, structural and traffic engineering designs of provincial proclaimed roads. It also provides laboratory, survey, drafting, expropriation, computer and road accident data services as well as management information systems for the provincial road network.

To determine appropriate standards for the provision and upgrading of essential infrastructure and ensure adherence to environmental impact assessment on transport infrastructure projects, route identification and co-ordination of the design of transport infrastructure facilities. This sub-programme also deals with services which are provided by the drawing office, survey section, design, land acquisition, expropriation and technical support.

## Construction

To construct and rehabilitate provincial proclaimed roads through contracts, to render payments to local authorities for road projects that qualify for subsidy. This sub programme provides the reconstruction, rehabilitation, capacity increases and geometric improvements, road safety improvements, accessibility and development projects, public transport facilities, subsidies as well as technical support.

## Maintenance

To maintain provincial proclaimed roads; the augmentation of roads capital account (Ordinance 3 of 1962), as well as provide technical support and training. This sub-programme provides routine maintenance, resealing, bridge maintenance, re-gravelling, plant inspections, laboratory, and the augmentation of the Roads Capital Account.

## Transport Systems

The sub programme is responsible for the management and operations of public transport systems and the support services required such as Mass Movement system, Intelligent traffic system etc.

## Projects

The list of the roads projects for the MTEF period is reflected in Annexure B.5.

### 9.3.3 Reconciliation of structural changes

The Department rearranged the programmes with relevant sub-programmes. All major functions like transport, traffic and roads will be grouped together and sub-programmes will be moved to achieve this goal.

Proposed changes are:

Sub-Programme move from	Sub-Programme move to
Transport Safety and Compliance – Prog 3	Transport Safety and Compliance – Prog 4
Operator License and Permits - Prog 4	Operator License and Permits – Prog 3
Transport systems – Prog 3	Transport systems – Prog 5
