# Department of Health

To be appropriated by Vote in 2018/2019 Responsible MEC Administrating Department Accounting Officer R10 403 313 000 MEC of Health Department of Health Head of Department (HOD): Health

# 1. Overview

# • The vision

Increasing life expectancy through health system effectiveness, driving system change and ensuring sustainable quality services.

# • The Mission

By creating a value driven institution that inculcates operational efficiency and accountability in delivering desired outcomes effectively.

# • The Value System

The Free State Department of Health believes in the following core values:

- Accountability,
- Responsiveness,
- Batho Pele Principles,
- Commitment, and
- Integrity.

# • The Core Functions and Responsibilities of the Department:

The Free State Department of Health provides comprehensive health care services, which include the prevention of disease, health promotion, curative and rehabilitative services to the community. The Department delivers an integrated comprehensive level I to IV health care services to the Free State population as well as persons visiting the province. In terms of co-operative agreement, certain level II, III and IV services are also delivered to Northern Cape residents and Lesotho citizens.

The services of the Department are geared at achieving Outcome 2, "Long and healthy life for all South Africans", which constitutes the Negotiated Service Delivery Agreement (NSDA) for the health sector: for the Health sector to achieve this outcome key interventions to improve life expectancy will include addressing the social determinants of health; promoting health; as well as reducing the burden of disease from both Communicable Diseases and Non-Communicable Diseases.

# • Health Sector Legislation:

- Mental Health Care Act, 2002 (Act No. 17 of 2002)
- Medicine and Related Substance Act, 1965 (Act No. 101 of 1965)
- Human Tissue Act, 1983 (Act No. 65 of 1983)
- Pharmacy Act, 1974 (Act No. 53 of 1974)
- Health Professions Act, 1974 (Act No. 56 of 1974)
- Nursing Act, 2005 (Act 33 of 2005)
- Dental Technicians Act, 1979 (Act No. 19 of 1979)
- Prevention and Treatment of Drug Dependency Act, 1992 (Act No. 20 of 1992)
- Choice on Termination of Pregnancy Act, 1996 (Act No. 92 of 1996)
- Sterilisation Act, 1998 (Act No. 44 of 1998)
- National Health Laboratory Service Act, 2000 (Act No. 37 of 2000)
- Traditional Health Practitioners Act, 2004 (Act No. 35 of 2004)
- Free State Initiation School Health Act, 2004 (Act 1 of 2004)
- Atmospheric Pollution Prevention Act, 1965 (Act No. 45 of 1965)
- Hazardous Substance Act, 1973 (Act No. 15 of 1973)
- Health and Welfare Matters Second Amendment Act, 1993 (Act No.180 of 1993)
- National Health Act

# 1.1 Aligning departmental budgets to achieve government's prescribed outcomes (2016/17)

The following is a summary of the Department's significant achievements for Outcome 2: Long and Healthy Life for all South Africans, which have also been incorporated into the strategic goals of the Department: Outcome 2 has been aligned to the NDP 2030 which outlines nine priorities and key interventions required to achieve them.

# Sub-outcome 1: Universal Health coverage progressively achieved through implementation of National Health Insurance.

Thabo Mofutsanyana is the NHI pilot district for the Free State, key interventions strategies have been implemented. The NHI fora has been established and dialogues with patients held. A total number of 25 General practitioners has been appointed in the NHI pilot district and the plan is to increase that number to 40 by 2019/20, and also to expand to all the five district by 2019/20.

# Sub-outcome 2: Improved quality of health care

The department will ensure that facilities are compliant with National Core Standards by conducting self-assessments. Assessments were done at the Academic, Tertiary and all the Regional hospitals, thereafter Quality Improvement plans were developed, implemented and are monitored. Client's satisfaction surveys were conducted at Regional, Tertiary and Academic hospitals. The client satisfaction rate above 85% was achieved in at Regional, tertiary and Academic hospitals.

# Sub-outcome 3. Implement the re-engineering of Primary Health Care

As part of implementing the PHC re-engineering Model, the Department maintained 93 functional Ward Based Outreach Teams in 2016/17 and the plan is to increase to 119 in 2018/19, the Ward Based Outreach Teams will provide PHC outreach services to the households in their communities.

The School Health Teams achieved screened 21 996 for Grade 1 learners and 14 559 Grade 8 learners. The plan is to increase to 28 248 for Grade 1 learners and 17 423 for Grade 8 learners in the 2018/19 financial year.

A total of 100 clinics were be enrolled for the Ideal Clinic Assessment in all the five districts, the plan is to increase the number clinics achieving the Ideal Clinic status from 86 to 114 clinics in the 2018/19 financial year.

A total number of 1 373 085 clients were screened for Hypertension against the set target of 700 000, and 1 097 825 screened for Diabetes against the set target of 700 000. Screening for both hypertension and diabetes screening is performing very well.

# Sub-outcome 4: Reduced health care costs

Gatekeeping has been implemented in all the hospitals in order to reduce health care costs.

# Sub-outcome 5: Improved human resources for health

The department has an approved HR plan that is being implemented over a period of three years.

# Sub-outcome 6: Improved health management and leadership

The Department received an unqualified audit in the 2016/17 financial year this show an improvement.

A total of 10 hospital managers are being trained for Leadership and Management at institutions of Higher Learning.

# Sub-outcome 7: Improved health facility planning and infrastructure delivery

FSDoH has Established Service Level Agreement (SLAs) with Department of Public Works as an implementing agent.

# Sub-outcome 8: HIV & AIDS and Tuberculosis prevented and successfully managed

A total number of 600 934 clients were tested for HIV (incl ANC).

- 92% of clients were screened for TB
- Male condoms distributed were 40 557 400.
- Clients remaining on ART were 204939 by the end of the 2016/17 financial year.
- The medical male circumcision programme was implemented in 38 sites in the Province and 30 245 circumcisions were performed.
- The TB launched an awareness during the month March 2017 in partnership with the NGOs supporting department.
- The management of HIV, AIDS and TB has continued to be prioritised, with emphasis on the preventive and Promotive strategies.

# Sub-outcome 9: Maternal, infant and child mortality reduced

With regard to reducing Maternal, infant and child mortality the following key interventions were put in place:

- Immunization coverage for children under 1 year was at 84.2% against the target of 95%, Measles 2nd dose coverage achieved 100% against the target of 87%,
- Child under 5years diarrhoea case fatality rate achieved <3% against the target of <2.2%, Child under 5 years pneumonia case fatality rate achieved 3.2% against the target of <3%.

- For early detection and treatment it is important for pregnant women to access the health services, Antenatal 1<sup>st</sup> visit before 20 weeks rate achieved 65.8% against the set target of 65%.
- The PMTCT programme has been implemented in all the public health facilities and this resulted in the transmission rate decreasing, Infant 1<sup>st</sup> PCR test positive around 10 week's rate achieved 1.3% against the target of <2%.
- Couple year protection rate achieved 49% against the target of 60% and cervical cancer screening coverage achieved 54.2% against the target 60%.

# Sub-outcome 10: Efficient Health Management Information System developed and implemented for improved decision making

An efficient and effective health information systems is key in the health care system, the use of information; focusing access on web based and mobile data entry and retrieval linked to the existing DHIS; and investing in improving data quality is crucial. Therefore the plan is to ensure that by the end of the 2017/18 financial year 34% of PHC facilities and 90% hospitals are have broad band access. As at the end of the third quarter 89.6% PHC facilities were connected and 9.4% (3/11) hospitals were connected, there are challenges with SITA regarding the connection of hospitals.

# 2. Review of the current financial year (2017/18)

The Department continues to implement the injunctions of the Health Sector NSDA 2009/14 and the Health 10 Point Plan, which are in the process of review in line with the Medium Term Strategic Framework (MTSF) 2014/2019. Significant progress is being registered on the key health priorities, i.e. of reducing the maternal and child mortality and the comprehensive management of HIV, AIDS and TB and non-communicable diseases amidst resource challenges.

The following are some of the key challenges that the Department experiences:

• The budgetary and cash-flow constraints have a serious impact on the Department's ability to carry out some of the planned activities, including the timeous payment of suppliers and the resultant challenges in the procurement and availability of some of the operational resources.

• There are significant challenges with the filling of posts for health professionals due to both budgetary challenges and the scarcity of skills. The challenges are more prominent in the rural and under-served parts of the Province, where it is more difficult to recruit and retain health professionals.

• There is slow progress on the infrastructure projects in the Department, which resulted from the necessary reprioritisation of infrastructure projects, contractor performance and cash flow constraints.

The Free State Department of Health, in conjunction with the Free State Treasury, is in the process of implementing measure and interventions that will ensure financial stability and governance in the Department in order to sustain the achievements already realised.

# **Programme 2: District Health Services**

The Department provides comprehensive health care services based on the Primary Health Care principles, and on the District Health System framework. The PHC services are linked to hospitals through the referral system. Health services were provided through the fixed and mobile PHC clinics and community health centres (CHCs), hospitals and outreach services to households, communities and schools<del>.</del>

As part of implementing the PHC re-engineering programme, the Department maintained has 93 functional Ward Based Primary Health Care Outreach Teams, provided PHC outreach services to the households and the School Health Teams provided school health services to Graded 1 and 8 learners in the Province. A total of 16 924 Grade 1 and 8 843 Grade 8 learners were screened by the end of the third quarter. There has been a general decrease in the headcounts of patients at all the three levels of care.

District clinical specialist teams (DCST) have been appointed in 5 districts. The team consists of a family physician, specialist midwife, specialist primary health nurse and specialist pediatric nurse in every district. These specialists assist districts to improve on maternal and child health and are also responsible for clinical governance.

The distribution of male and female condoms is done through health facilities, public sites and at public gatherings in the Province. HIV pre-test counselling, including screening for TB, and the testing for HIV is provided in all public health facilities and also through campaigns and outreach programmes. While the implementation of the medical male circumcision programme is maintained in different facilities in the Province, the target of 38 069 was set for the year and a total of 29 358 circumcisions were performed by the end of the third quarter.

A total of 30 263 900 million, male condoms and 1 335 800 million female condoms were distributed by the end of the third quarter.

- The implementation of the PMTCT programme in all the public health facilities, has led to continuous decline in the mother to child transmission of HIV. The performance is at 1.1% in the 2017/18 financial by the end of the third quarter.
- Antenatal care is provided in all PHC facilities and hospitals in the Province. Antenatal first visit before 20 weeks rate, which is crucial for the well-being and survival of mothers and their babies, the performance was at 66.3% against the target of 70% by the third quarter.
- Different interventions, such as immunisation campaigns, up-skilling of health professionals on ESMOE and health promotion activities are implemented to reduce preventable deaths of mothers and children.

# **Programme 3: Emergency Medical Services**

The Department is currently operating with a total of 135 ambulances in the third quarter of the 2017/18 against the planned target of 150 rostered ambulances. The improvement that was noted was in the response times in rural areas which was at 73.6 % against the target of 74%. The response time in urban areas is still a challenge due to the high number of calls, the poor roads infrastructure in the growing number of informal settlements.

The inter-facility transfer rate is at 21.3% against the target of 10%, this shows an effective inter-facility rate, and this continues to lessen the delays in patients reaching the next higher

level of care. The introduction of the 20 maternity ambulances and the 30 inter-hospital transfer vehicles has contributed to the reduction of the maternal mortality rate in the province.

# **Programme 4: Regional Hospitals**

The Mental Health Review boards are also fully functional in the 3 designated hospitals. These structures strengthen stakeholder involvement and they enhance health system effectiveness.

Longer average length of stay and reduced bed utilisation rates, with concomitant increase in the expenditure per patient day equivalent in the regional hospital, which is aggravated by the inadequate budgets and resources.

# **Programme 5: Central and Tertiary Hospitals**

The delivery of a wide range of tertiary services at UAH contributes meaningfully towards increasing the life expectancy of the referral communities from Free State, Northern Cape and Lesotho. Outreach services from the tertiary and central hospitals to regional hospitals are continually maintained and this impacts positively on the improvement of accessibility of specialised hospital services.

The Centre of Excellence for HIV and AIDS is functional at Pelonomi Hospital, which fortifies fight against HIV and AIDS and decreasing the burden of diseases from Tuberculosis. This service, in conjunction with the other hospitals positively impact on increasing life expectancy for the communities.

The residual effect of the current budgetary challenges of the Department will impact negatively on the capacity of both the Tertiary and Central hospitals to function optimally.

# **Programme 6: Health Sciences and Training**

The Programme is primarily responsible to provide training to Emergency Medical and Nursing personnel, as well as promoting research and development of health systems. The programme also contributes to strengthening health systems effectiveness through education and training of Professional Nurses, Midwives, Enrolled Nurses and Enrolled Nursing Assistants, to achieve quality service delivery in the Free State.

A total intake of 194 student nurses have been enrolled for training. In order to fastrack the initiation of clients on MDR TB treatment, a total of 31 nurses are currently undergoing training.

In order to improve the availability of the required skills for the Primary Health Care Reengineering Programme, bursaries were granted to nurses to pursue qualifications in Primary Health Care, Paediatric Nursing and Advanced Midwifery.

The capacity of Middle managers and SMS members is enhanced through training on Leadership and Management courses.

# Programme 7: Health Care Support Service

# Laundry Services

The department has appointed cooperatives that are in the process of manufacturing linen for use in the health facilities. This will result in the improved availability of linen at facilities, thus

enhancing the provision of quality health services. The availability of linen at facilities is at 40% against the target of 60%.

# Orthotic and Prosthetic Services

The Department is on course to realise the target of 10 500 beneficiaries of orthotic and prosthetic services. The department will continue with the marketing strategy, which will increase the number of patients visiting the centres and accessing the services.

# **Programme 8: Health Facilities Management**

Planning for and facilitating the upgrading of clinics and CHCs and hospitals as part of revitalization programme, prioritise consolidation, replacement, refurbishment, renovation and maintenance of all facilities as per Life Cycle Management Plan in accordance with legislation has been done.

Albert Nzula District Hospital in Trompsburg have been completed and it was opened on the 15 June 2017and it is functional .Batho Clinic has also been upgraded to operate 24 hour as from the 14 June 2017.

# 3. Outlook for the coming financial year (2018/19)

Outlined hereunder are some of the key priorities that the Department will implement in the 2018/19 financial year in line with the MTSF for the Health Sector:

# HIV and AIDS (STI and TB Control)

In increasing access to a preventive package of sexual and reproductive health (SRH) services, including medical male circumcision and provision of both male and female condoms. The department will focus on the following interventions in order to achieve the mentioned objectives.

- The counselling and testing will be provided to a total of 668 330 clients
- Medical Male Circumcision planned for the 2017/18 financial year is 35 140.
- A total of 48 425 728 Male condoms and 2 498 748 female condos will be distributed in the coming financial year.
- 30 303 new patients will be started on ART.
- The department is targeting a TB Treatment Success rate of 85%
- A MDR TB Treatment Success rate of 50% is targeted.

# Maternal, Child and Women's Health

With regard to reducing Maternal, infant and child mortality the following key interventions will be put in place

- Immunization coverage of 90% for children under 1 year.
- Nevirapine given to 100% of infants within 72 hours of birth.
- Maintaining of Infant first PCR test positive at around 10 Weeks's rate at less than 2%.
- A total number of 19 583 Grade 4 girl learners will be vaccinated with the HPV vaccine.
- Couple year protection rate at 65% and cervical cancer screening coverage at 62%
- Reduce Child under 5 years diarrhoea case fatality rate to 2.5% and Child under 5 years pneumonia case fatality rate to 2.2%.
- Child under 5 years severe acute malnutrition case fatality rate reduced to 9%.

# Non-Communicable Diseases

The department aims at improving awareness of and management of prevalence of NCDs through screening and counselling for blood pressure and raised blood glucose levels and promotion of healthy life styles.

- Screening for hypertension and diabetes will be provided to all clients visiting health facilities facilities who are 40 years and above.
- Cataract surgery rate of 1 500 per 1 000 000 uninsured population
- . Improving the capacity of 19 district hospitals to be able to admit mental health care users for 72 hour observation

# **PHC Re-Engineering**

The department has begun implementing a re-engineered PHC model, which consists of three streams, namely: creation and deployment of ward-based PHC Outreach Teams; establishment of District Clinical Specialist Teams and strengthening of Integrated School Health Services.

- Increasing the number of Ward Based Outreach Teams from 93 to 119.
- All 5 Districts with fully fledged District Clinical Specialist Teams (DCSTs)
- School Grade 1 learners screened to 28 248
- School Grade 8 learners screened to 17 423

# <u>The following are some key legislative and policy changes that have a</u> significant impact on the planning and service rendering in the Department.

# **Universal Test and Treat Policy**

 The Universal Test and Treat Policy was implemented as from 1 September 2016, the aim of the policy is to ensure that all people testing positive for HIV are initiated on Antiretroviral treatment irrespective of their CD4 count and WHO staging. The implementation of the policy is in line with working towards achieving the 90-90-90 targets by 2020. The implementation started gradually in 2016 and it is being accelerated to ensure adequate treatment coverage for HIV positive clients.

# Introduction of the HPV Vaccine for Girls Aged 9 – 15 years

 The Human Papilloma Virus vaccination is given to young girls to protect them against the risk of developing cervical cancer. The Department is implementing the vaccination programme targeting Grade 4 girls in public schools. There are challenges experienced with mothers not giving consent for their children to be vaccinated. The Department has embarked on programs of health education for the parents regarding the importance of the vaccine.

# Ideal Clinic project implementation

- The Ideal Clinic Project is crucial for strengthening the public healthcare system and ensuring that good quality of Health care is delivered at public health facilities. It is part of strengthening of Primary Health Care, which is a fundamental building block of National Health Insurance.
- It is one of the key national priorities reflected in Chapter 10 of the National Development Plan 2030 and the Medium Term Strategic Framework (2014-19).

• The number of clinics that were ideal in 2017/18 financial year as at the end of third quarter were 86 the performance has thus far improved. There is a strategy in place to ensure that the targets set in the Annual Performance Plan 2018/19 are achieved to reach 114 clinics that are ideal.

# Implementation of the National Health Insurance

The implementation of the NHI is currently underway in Thabo Mofutsanyana and the plan is to expand to all the districts in the 2019/20 financial year.

# **Scarcity of Health Professionals**

The scarcity of health professionals impacts on the ability of the Department to effectively recruit and retain the necessary skills. The impact is more in the rural and peripheral areas of the Province, where it is more difficult to recruit and retain health professionals due to unsatisfactory amenities, such as accommodation, recreation facilities and schools

# 4. Reprioritisation

- The department has done some drastic reprioritisation in order to cater for the nonnegotiable items that have been indicating financial pressures and the department is also having budget a shortfall on compensation of employees, which means that it will be difficult for the department to fill critical posts.
- The budget allocation for the Department in 2018/19 is R10.410 billion with R8.982 billion allocated to provincial and National priorities. The key priority areas covered will include management of HIV/AIDS and TB and the re-engineering of Primary Health Care.
- With government facing a hard spending ceiling, opportunities for expanding and improving service delivery will need to be financed within existing allocations. The 2018/19 Budget will therefore continue to place significant emphasis on the necessity to spend efficiently and effectively.

### Table 5.2 : Summary of departmental receipts collection

# The revenue MTEF projections are based on the following:

- The UPFS tariffs increased with 5.2 percent on externally funded patients will be implemented in April 2018.
- The Department collects revenue from other state departments (i.e. Defence, Justice, Correctional Services and SAPS), Road Accident Fund, Medical Schemes and Lesotho Government (Queen II hospital that referees patients to the major hospitals in the Province).

# 6.3 Donor funding

Not applicable to the Department of Health

# 6.4 Agency receipts

Not applicable to the Department of Health

# 7. Payment summary

# 7.1 Key assumptions

- The basic approach to planning and budgeting is directed by the Health System Governance and Accountability (HSGA) Model
  - > It synthesises the element of the health system into one;
  - It defines the application of World Health Organisation (WHO) building blocks of the health system;
  - The approach combines performance and incremental budgeting (in line with Treasury guidelines);
- The budget covers the MTEF period with multi-year deliverables.
- Allocations address the mandate of the Department, with emphasis on PHC.
- The key inputs into the budgeting process entail:
  - Provincial health priorities, aligned to the national priorities;
  - > Funding allocation is aligned to the APP and the 5-year Strategic Plan.
- The Department undertook a process of aligning priorities to be implemented to the funding available:
  - > MTEF budget bids prepared per Cluster;
  - A strategic planning session focussing on identifying key service delivery challenges and efficiency interventions;
  - Reprioritisation was done to align the performance plans with the budget allocations to be presented for approval.

Notes:

#### Programme 2:

National Conditional Grant: Comprehensive HIV and AIDS Grant – R1.322 billion (2018/19), R1.435 billion (2019/20) and R1.435 billion (2020/21).

National Conditional Grant: Human Papillomavirus Vaccine Grant – R11.608 million (2018/19), R12.258 million (2019/20) and R12.932 million (2020/21).

Specific Earmarked Equitable Share: Mobile Clinic Programme – R56.497 (2018/19), R56.497 million (2019/20) and R59.604 million (2020/21).

#### Programme 5:

National Conditional Grant: National Tertiary Services Grant – R1.077 billion (2018/19) and R1.137 billion (2019/20) and R1.214 billion (2020/21).

National Conditional Grant: Health Professions Training and Development Grant - R175.599 million (2018/19), R185.430 million (2019/20) and R195.629 million (2020/21),

### Programme 6:

Specific Earmarked Equitable Share: Bursaries for Cuban Doctors – R53.686 million (2018/19), R57.336 million (2019/20) and R60.489 million (2020/21)),

#### Programme 7:

Specific Earmarked Equitable Share: Medical Depot – R40 million (2018/19), R40 million (2019/20) and R40 million (2020/21),

#### Programme 8:

National Conditional Grant: Health Facility Revitalisation Grant – R576.362 million (2018/19), R502.034 million (2019/20) and R529.645 million (2020/21).

Provincial Allocation: Infrastructure Enhancement Allocation – R18.847 million (2018/19), R20.276 million (2019/20) and R23.847 million (2020/21),

Specific Earmarked Equitable Share: Medical Gas - R10 million (2020/21)

# 9.1.2 Programme 2: District Health Services

# 9.1.2.1 Description and Objectives

To render Primary Health Care Services and District Hospital Services.

# Programme 2 has the following sub-programmes:

- District Management
- Community Health Clinics
- Community Health Centres
- Community Based Services
- HIV/AIDS
- Nutrition
- Coroner Services
- District Hospitals

# Programme priorities:

The priorities of DHS will without doubt not differ from those of the Free State department of Health. They aim at addressing the quadruple burden of disease brought about by the scourge of HIV and AIDS, Tuberculosis and the reduction of maternal and child mortality, which are millennium Development Goals.

# The following are the priorities of District Health Services:

- Reducing infant and child mortality
- Reducing maternal mortality

- Combating the scourge of HIV and Aids and TB including other infectious and diseases of life style.
- Implementing the National Health Insurance (NHI).
- Reengineering Primary Health Care
- Provision of strategic leadership and creation of social compact for better health outcomes
- Revitalization of infrastructure

# 9.1.4 Programme 4: Provincial Hospital Services

# 9.1.4.1 Description and Objectives

Delivery of hospital services, which are accessible, appropriate, effective and provide general specialist services, including a specialized rehabilitation service, as well as a platform for training health professionals and research.

# Programme 4 has the following sub-programmes:

- General Hospitals
- Public- Private Partnerships
- Psychiatric/Mental Hospitals

# **Programme priorities**

- Improve accessibility of level 2 hospital care for the community.
- Improve hospital efficiency in order to enhance financial sustainability.
- Manage the hospital infrastructure to promote compliance towards the Core Standards for Health Services.
- Improve patient satisfaction through provision of quality health care services.
- Support the Re-engineering of Primary health care to create access to quality services.
- Strengthen information and knowledge management system to optimise performance and research capability.
- Optimise and support the implementation of key priority programmes (Transformation, affirmative and Business Process Re-engineering).

# 9.1.5 Programme 5: Central Hospital Services

### 9.1.5.1 Description and Objectives

The aim of Programme 5 is to provide tertiary health services and creates a platform for the training of health workers and rendering of a highly specialised medical health and quaternary services on a national basis and a platform for the training of health workers and research.

### Programme 5 has the following sub-programmes:

- Central Hospital Services
- Public Private Partnership
- Provincial Tertiary Services.

### Updates to Information and Changes to the Budget Structure

The budget structure for the programme has changed in line with the re-designation of Pelonomi Hospital as a Tertiary Hospital. This is in line with the NHI regulations published during 2011/12 financial year.

# **Programme priorities**

- Improve the accessibility of tertiary hospital services through support for level 1 and 2 services.
- Strengthen the management of the hospital to ensure its operation as a tertiary institution
- Improve the accessibility of tertiary hospital services through support for level 1 and 2 services.
- Improve patient satisfaction through improved quality of health care.
- Rendering of service according to the Batho Pele principles.
- Strengthen information and knowledge management system to optimize performance and research capability.
- Optimize and support the implementation of key priority programmes (Transformation, Affirmative and Business Process Re-engineering.)
- Enhance skills and competencies of health care professionals through the implementation of the HPTD grant.

# 9.1.6 Programme 6: Health Science & Training

# 9.1.6.1 Description and Objectives

Rendering of training and development opportunities for actual and potential employees of the Department of Health.

# Programme 6 has the following sub-programmes:

- Nurse Training Colleges
- EMS Training Colleges
- Bursaries
- Primary Health Care Training
- Training Other

# **Programme priorities**

- Maintain an optimally functional accredited FS College of Emergency Care.
- Improve the throughput of all cadres of Emergency Care Staff.
- Establish shared resource centres between EMS and Nurse Training Colleges.
- Increase the number professional nurse's throughput from the Nursing Colleges
- Train community health care workers to enhance the Ward-based Outreach Teams

# 9.1.7 Programme 7: Health Care Support Services

# 9.1.7.1 Description and Objectives

Rendering a laundry service to hospitals, care and rehabilitation centres and certain local authorities. Rendering specialised orthotic and prosthetic services. Managing the supply of pharmaceuticals and medical sundries to hospitals, Community Health Centres and local authorities.

# Programme 7 has the following sub-programmes:

- Laundry Services
- Orthotics and Prosthetic
- Medicine trading account

# **Programme priorities**

# Laundries

- Ensure availability of clean linen at Health facilities
- Implementation of approved Laundry Equipment replacement plan
- Filling of critical posts
- Replacement and procurement of Purpose Designed Laundry Vehicles

# Orthothics and Prosthetics (O&P)

- Improved accessibility to O&P by the Free State community
- Improve Human Resources for O&P services
- Improved management and leadership

# Med Pas (Medicine Trading Account)

- Improved governance of Pharmaceutical Services
- Improved quality of care rendered by Pharmaceutical Services
- Improved availability of medicines

# 9.1.8 Programme 8: Health Facilities Management

# 9.1.8.1 Description and Objectives

Provision of new health facilities and the refurbishment, upgrading and maintenance of existing facilities.

# **Programme 8 consist of the following sub programmes:**

- Community Health Facilities
- Emergency Medical Rescue Services
- District Hospital Services
- Provincial Hospital Services
- Central Hospital Services
- Other Facilities

# The Programme is funded from the following sources:

- Health facility Revitalisation Grant
- Infrastructure Enhancement Allocation
- EPWP Allocation

# **Programme priorities**

- Eradicate all building, mechanical and electrical maintenance backlogs;
- Eradicate backlogs in provision of medical equipment;

- Implement FS IDMS with all associated Immovable Asset Management best practises to ensure effective and efficient management of all provincial Health facilities as well as effective and efficient implementation of Infrastructure projects;
- HR Capacitation of the Programme through implementation of the new approved HR
- Structure;
- Ensure the implementation of the gazetted Infrastructure norms and standards;
- Develop a long term Health Immovable Asset Management Plan through inclusive engagement with all provincial role players;
- Provide target advice to departmental and provincial decision makers regarding Health Immovable Asset Management.

# 9.2. Service Delivery Measures

The resources available to the department are deployed towards delivering the mandate of the Department and also to address the following key goals and objectives of the 2018/19 Annual Performance Plan:

GOAL	GOAL STATEMENT	OBJECTIVES
No.		
	Provision of strategic leadership and creation of a social compact for better health outcomes.	Strengthen Leadership and Governance
		Improve strategic planning and management
		Strengthen strategic partnerships
1		Implement change management programmes
		Improve implementation of policies and protocols
		Improve implementation of the Non-negotiable
		Enhance HR and Systems
	Manage the financial affairs for sustainable health	Strengthen financial Stewardship
2	service delivery.	Increase patient revenue
		Improve financial sustainability
	Build a strategic and dedicated workforce that is	Enhance HR & systems
	responsive to service demands.	Improve employee recruitment and development
3		Clarify roles and responsibilities
		Improve communication
		Improve access to technology and equipment
	Re-engineer Primary health care to create access	Strengthen 10 Point Plan implementation
4	to quality services.	Improve Service delivery
4		Increase service utilization
		Strengthen strategic partnerships
	Develop, operate and manage infrastructure for	Improve implementation of the Non-negotiables
5	compliance and better health outcomes.	Improve ICT functionality
		Improve compliance monitoring
		Strengthen 10 Point Plan implementation
	Strengthen information and knowledge management system to optimise performance and	Improve Service delivery
6	research capability.	Improve ICT functionality
		Improve DHMIS implementation
		Improve implementation of policies and protocols
	Optimise and support implementation of key priority programmes.	Strengthen 10 Point Plan implementation
		Improve compliance monitoring
7		Improve turnaround times
		Improve Service delivery
		Increase service utilization
		Improve service delivery programmes
