Department of Public Works and Infrastructure

To be appropriated by Vote in 2019/20	R 1 803 273 000
Responsible MEC	MEC of Public Works and Infrastructure
Administering Department	Department of Public Works and Infrastructure
Accounting Officer	Head of Department Public Works and Infrastructure

1. Overview

1.1 Vision

A prosperous Free State through facilitation of sustainable built infrastructure.

1.2 Mission

Coordination, provision, promotion of built infrastructure and sound management of assets.

1.3 Core function and responsibilities

- Public Works and Infrastructure, maintenance and construction as well as property management including the provision of office accommodation, payment of municipal services and provisioning of security services;
- Coordination and monitoring of the implementation of Expanded Public Works Programmes.

1.4 Main services

The Department of Public Works and Infrastructure remains the implementing agent for client Departments with regard to construction and maintenance of provincial infrastructure.

1.5 Acts, rules and regulations

Amongst the generic provincial and national Acts and policies, the following legislation and directives are key to the functioning of the Department:

- Constitution of the Republic of South Africa (Act 108 of 1996)
- Public Finance Management Act, 1999 (Act No. 1 of 1999) as amended by Public Finance Management Amendment Act, 1999 (Act No. 29 of 1999) and the related Treasury Regulations
- Public Service Act, 1994 (as amended)
- Public Service Regulations, 2016
- Annual Division of Revenue Act
- Promotion of Access to Information Act, 2000 (Act No. 2 of 2000)
- Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000)
- Skills Development Act, 2003 (Act No. 31 of 2003)
- Local Government Demarcation Act, 1998 (Act No. 27 of 1998)
- Local Government Municipal Structures Act, 1998 (Act No. 117 of 1998)
- Occupational Health and Safety Act, 1993 (Act No. 85 of 1983)
- Free State Land Administration Act, 1998 (Act No. 1 of 1998)
- Construction Industry Development Board (CIDB) Act, 2000 (Act No. 38 of 2000)
- Compensation for Occupational Injuries and Disease Act, 1993 (Act No. 130 of 1993)
- Preferential Procurement Policy Framework Act (PPPFA), 2000 (Act No. 5 of 2000)
- Broad Based Black Economic Empowerment Act 2003, (Act No. 53 of 2003)

- State Information Technology Agency (Act No. 88 of 1998)
- The Expropriation Act, 1975 (Act No. 63 of 1975)
- The Mineral Act, 1991 (Act No. 50 of 1991)
- The National Veld and Forest Fire Act, 1998 (Act No. 101 of 1998)
- Policy document on the Statutory Regulation of the Built Environment Professionals, 1999
- White Paper: Public Works towards the 21st Century, 1997
- Control of Access to Public Premises and Vehicles Act, 1985 (Act No. 53 of 1985)
- Government Immovable Asset Management Act, 2007 (Act No. 19 of 2007)

1.6 Activities and events relevant to budget decisions

The Free State Provincial Growth and Development Strategy is still used as the key guide to achieve growth and development through further enhancement of National Youth Service Programme, Contractor Development Strategy, Broad Based Black Economic Empowerment and development of Small, Medium and Micro Enterprises. The infrastructure budgets of all client Departments are shown at the relevant Departmental votes and therefore their budgets and projects are not included in the further discussion of this Department's budget.

1.7 Aligning departmental budgets to achieve government's prescribed outcomes

Public Works and Infrastructure budget has been aligned to enhance linkage with the 14 outcomes derived from National Government as well as provincial priorities.

2. Review of the current financial year (2018/19)

2.1 Maintenance

We conducted assessments on 45 buildings in the 2018/19 financial year and our target for the 2019/20 financial year is 55 buildings. As custodians of Government buildings, we are responsible for keeping these facilities functional and we are also responsible for the updating of the asset register. In the current financial year, the Department allocated an amount of R9.941 million for planned maintenance of Government facilities.

2.2 Rentals, municipal services, rates & taxes

The rental budget for properties addresses current lease contracts and does not make provision for the shortfall in the current budget and additional needs identified by client Departments. The growth for the operating lease budget is approximately 5 percent whilst the norm for the annual escalation varies between 7 and 10 percent on rental leases. The Department is projecting a shortfall of R52.899 million for the current Financial Year.

The increase implemented by municipalities on municipal services, especially electricity, is also much higher than the growth of the Department's budget. The Department verified ownership of 4 876 properties on the asset register of the Department. The Department projects a shortfall of R772.435 million on municipal services and R171.622 million for rates and taxes based on the devolved list and physical verification of properties. The general escalation of property services, water and electricity tariff is estimated at 16 percent.

2.4 Inflation and other related costs

The Department is contractually bound to pay escalation in rental contracts and increases on municipal services by municipalities. However, with the high increases in electricity and 10 percent in rental amounts, the Department cannot afford the full basket of services and will therefore not be able to meet its future financial and contracted obligations.

2.5 Expanded Public Works Programme

The Department has for the past years, successfully implemented the Community Development initiatives such as Cash for Waste, Community Work Programme, Cleaning and Greening Programme, Contractor Development Programme, National Youth Service Programme and Township Revitalization. The Department is prioritizing non-infrastructure projects to fund the shortfall experienced in the Cleaning and Greening Programme.

3. Outlook for the coming financial year (2019/20)

3.1 New policy priorities

The Department of Public Works and Infrastructure will continue to focus on the following National, Provincial and Departmental priorities:

- Promoting economic growth and development through national youth services and contractor development programmes as well as infrastructure programmes.
- Accelerating delivery of infrastructure through fast tracking projects in an attempt to save on the total cost of delivery.
- Coordination and massification of EPWP in the province amongst all Departments and spheres of Government.
- Support and active utilization of National Youth Services programme.
- Service delivery bottlenecks need to be cleared so as to create efficient administrative machinery and this has implications in terms of setting priorities and managing performance.

3.2 Challenges

- Information and Communication Technology (ICT) experience challenges with upgrading the ICT Network and infrastructure in the regional offices.
- Funding for increasing fees in municipal services and leased properties contracts in making a way for new needs of client departments.
- To mitigate further deterioration of buildings, closure of buildings by department of labour due to non-compliance to health and safety, a total amount of R67 million over three years is needed for planned maintenance, of which R22.300 million is required in the first year whilst the allocation is R15 million for the 2019/20 financial year.
- The Department projects that the shortfall for municipal services and rates & taxes will increase due to accruals from the previous financial year, new properties identified and updated municipal valuation rolls.
- The User Asset Management Plans by client departments are not in place and lead to a shortage of office accommodation and proper maintenance.
- Funding of unplanned and new infrastructure projects that is identified outside the Budget process contributes to the late implementation and completion.
- Annual increase of EPWP work opportunities target, stipends, tools and protective clothing with minimal increase of budgets to create employment.

3.3 Personnel

Personnel development is as always, a high priority. In this regards the Department facilitates the use of various training interventions which include inter alia technical and non-technical bursaries at tertiary institutions, accredited external training at private training providers, accredited and non-accredited in-service training mainly at the Free State Training and Development Institute, compulsory training as directed by the Department of Public Service and Administration, professional and academic workshops, seminars of diverse nature, etc. Technical personnel enjoy different opportunities which include amongst others the placement at private registered consultants, to give impetus to their registration at

professional bodies such as the Engineering Council of SA. In-house mentoring by registered and experienced professionals, especially for young technical professionals, also plays an important role in their continuous professional development and career advancement practices.

3.4 Rates & taxes, municipal services

The Department will pay R385.066 million on rates & taxes as per earmarked funds allocated in the initial allocation letter of the Department. The Department will pay R296.618 million on municipal services as per the centralized budget for the province as reflected within the Department of Public Works and Infrastructure's allocation.

3.5 Information and Communication Technology

Information Technology

The Department is in the process of upgrading the Information and Communication Technology networks in the regional offices, upgrade old hardware, implement software solutions to support the mandate of the Department. A Disaster Recovery Site for the province has been implemented and is hosted by SITA.

Communication and Media Liaison

Effective government communication requires excellent coordination and integration of messages, campaigns and programmes. It also requires the effective implementation of the Department's Communication Strategy. Therefore, priority is placed on crafting and implementing a development-communication approach that is responsive, relies on feedback, is creative and innovative and is about continuity and sustainability. A key outcome of this is consistent facilitation of and participation in Citizen Fora.

3.6 Grant and earmarked allocations

The Department received the following allocations: R6.966 million for the EPWP Integrated Grant to Provinces, R151.122 million Infrastructure Enhancement Allocation (Equitable Share earmarked for Infrastructure) which will be utilized for infrastructure upgrading, R385.066 million Property Rates and Taxes Enhancement Allocation which will be utilized for the payment of rates and taxes and R6.300 million Revenue Enhancement Allocation.

4. Reprioritisation

The Department has reprioritised non-core items to fund the needs of the core priorities within the department.

5. Procurement

The Department's procurement plan is in line with the Supply Chain Management framework and legislation.

Planned major procurement

- Installation of warehouse (stores) shelves in Phuthaditjhaba for housekeeping cleaning material.
- Provision of secure document storage facility with necessary bulk-storage cabinets for filing of tender boxes and documents.

The above request will enable the SCM to ensure the Department complies with the provisions PAIA, chapter 9, "The objects of this act are – (a) to give effect to the constitutional right of access to – (i) any information held by the state; and (ii) any

information that is held by another person and that is required or the exercise or protection of any rights.”; and

The compliance to PAJA, act 3 of 2000, section 1, Definitions, “In this act, unless the context indicates otherwise – ‘administrative action’ means any decision taken, or any failure to take a decision, - (a) an organ of state, when – (i) exercising a power in terms of the constitution or a provincial constitution; or (ii) exercising a public power or performing a public function in terms of any legislation;...which adversely affects the rights of any person and which has a direct, external legal effect, but does not include – (hh) any decision taken, or failure to take a decision, in terms of any provision of the PAIA act”

- The Department will spend a substantial amount on procurement of building material and payment of service provider who facilitates payment stipends for the massification projects especially the TRP's (Township Revitalisation Projects).

Initiatives to improve Supply Chain Management

The following initiatives are being implemented to improve Supply Chain Management:

- Implementation and monitoring of the Treasury Regulations, Circulars, Instruction Notes, the Departmental SCM policies and delegations of authorities.
- Regular meetings of all Bid Committees to ensure timely award of contracts.
- Timely signing of contracts and service level agreements (SLA's).
- Utilisation of suppliers on the Central Supplier Database and FSSDS.
- Application of the CIDB register of contractors for infrastructure related projects.

7. Payment summary

7.1 Key assumptions

The following key assumptions underlay the current proposals for the budget of 2019/20:

- An anticipated inflation rate of 5.4 percent;
- Salary adjustments of 6.3 percent, exclusive of 1.5 percent pay progression; and
- Emphasis is placed on the rehabilitation of infrastructure, which has deteriorated to the extent that most buildings are now in a bad state / condition. The day to day maintenance is still done by Departmental staff.
