- Management of housing assets

1.7 Aligning departmental budgets to achieve government's prescribed outcomes

National Department of Human Settlements introduced the Upgrading Informal Settlements Programme which is included in the Human Settlements Development Grant as a new window in 2019/20 financial year. This window is also intended to serve as a planning and preparation platform towards the introduction of a new informal settlements upgrading grant. In 2019/20 this window will promote the following outcomes for the communities living in informal settlements;

- Tenure security: to provide tenure rights to household living in informal settlements.
- Health and security: to ensure the provision of healthy and secure living environments for household living in informal settlements.
- Empowerment: facilitate community partnership and participation in the development of settlements.

The total allocation of the Human Settlements Development Grant to the Free State Department of Human Settlements is R1.093 billion, it is expected to deliver 5 617 serviced sites and 4 785 completed houses.

The 28.61 per cent of the Human Settlement Development Grant has been allocated to Mangaung totalling R312.791 million and this is expected to deliver 1 400 serviced sites, 1 651 completed houses and 1 244 title deeds.

Lejweleputswa has been allocated an amount of R225.968 million or 20.67 per cent of the grant and it is expected to deliver 1 323 serviced sites, 609 completed houses and 2 286 title deeds.

In terms of Fezile Dabi the allocated amount is R270.727 million or 24.77 per cent; it is expected to deliver 2 260 serviced sites, 912 completed houses and 1 492 title deeds.

The 19.67 per cent of the grant has been allocated to Thabo Mofutsanyane totalling R 215.022 million and it is expected to deliver 634 serviced sites, 1 099 completed houses and 2 295 title deeds.

Xhariep has been allocated R68.642 million or 6.28 per cent of the grant and it is expected to deliver 514 completed houses and 418 title deeds.

As per sub programmes of the Human Settlements Development Grant, Financial Interventions sub-programme has been allocated R108.721million or 9.95 per cent. The amount of R923.022 million or 84.44 per cent has been allocated to the Incremental Housing Programme, whilst 4.47 per cent or R48.870 million is allocated to the Social and Rental Programmes. In terms of Rural Housing, R12.552 million or 1.15 per cent has been allocated.

Title Deeds Restoration grant was introduced in order to provide funding for the eradication of the Title Deeds registration. The amount of R32.095 million has been allocated for the 2019/20

financial year. The department's recommitment to the registration of Title Deeds is illustrated by the target of 17 076 for the 2019/20 financial year. The allocation for Title Deeds outer years is R33.860 million in 2020/21 and R0 million for 2020/21 financial year.

2. Review of the current financial year (2018/19)

Population

With 2.88 million people, the Free State Province housed 5.1% of South Africa's total population in 2017. Between 2007 and 2017 the population growth averaged 0.62% per annum which is more than half the growth rate of South Africa as a whole (1.56%).

The population projection which is based on the present age-gender structure and the present fertility, mortality and migration rates, Free State's population is projected to grow at an average annual rate of 0.7% from 2.88 million in 2017 to 2.98 million in 2022.

The population growth by age indicates that in 2017, there is a significantly larger share of young working age people between 20 and 34 (27.7%), compared to what is estimated in 2022 (24.7%). This age category of young working age population will decrease over time.

The slow population growth in the province has a huge impact in terms of the allocation of budget. The department planned to meet the divergent needs of the Free State population for proper houses, amongst others the installation and connection of basic infrastructure (water, running water and electricity) jointly with the relevant stakeholders like the Department of Water and Sanitation, municipalities, Eskom, etc.; the registration and allocation title deeds, provision of FLISP related subsidies; rental houses for those who would prefer to rent rather than to own a house.

Unemployment

In 2017, there were a total number of 384 000 people unemployed in Free State, which is an increase of 107 000 from 277 000 in 2007. The total number of unemployed people within Free State constitutes 6.46% of the total number of unemployed people in South Africa. The Free State Province experienced an average annual increase of 3.33% in the number of unemployed people, which is worse than that of the South Africa which had an average annual increase in unemployment of 2.91%.

When comparing unemployment rates among regions within Free State Province, Lejweleputswa District Municipality has indicated the highest unemployment rate of 37.6%, which has increased from 29.0% in 2007. It can be seen that the Xhariep District Municipality had the lowest unemployment rate of 24.1% in 2017, which increased from 21.6% in 2007 (IHS Markit Regional explorer version 1479).

According to the Quarterly Labour Force Survey (Stats SA: 2018); the Free State did not show a decrease in the unemployment rate, rather showed a +1.9% increase between the second and the 3rd quarter of 2018. The rate of unemployment in the province will require the department to increase the number of subsidies to be allocated to the qualifying employees.

Income

South Africa is one of the most unequal societies in the world due to the segregation policies of the past. Furthermore, with respect to reinforcing spatial integration, investing an additional 1% of GDP every year into collective transportation systems and social housing would reduce their price, and accelerate GDP growth through higher labor supply. This would lift an additional 0.5 million people out of poverty. The Gini index of inequality would lower further by 0.7 point with vulnerable households and transient poor being the main beneficiaries. Therefore, the department's plan of constructing amongst others to low-cost housing, provision of basic services and the construction of rental houses will be done in the spirit of advancing the integrated spatial planning; providing work opportunities and contributing towards the emergence of the new entrepreneurship cadres contributing and reducing the levels of poverty.

Challenges affecting the departmental performance:**Hillside View project**

- Experienced challenges with completion of houses on Hillside View project due to electricity connection challenges. Still experiencing challenges with approval of military veterans beneficiaries.

Other Projects stopped:

- Challenges with projects being stopped by local businesses forums.
- Some projects (Caleb Motshabi) were stopped due to community unrest.

Payment of suppliers within 30 days

- As a results of projects not included in the business plan,
- Expiry of contracts and incorrect supporting documents attached to the claims.

Work Opportunities

- Less work opportunities were created because of the non-movement in the Refengkgotso Project, this impacted on jobs that could have been created. The Enhance People Housing Process (EPHP) projects have not started.

Title Deeds

- Family disputes not resolved caused a hampering on achievement.
- Estate not reported at the office of the Master/magistrates courts caused a delay in registrations.
- Township registers not opened.
- Inadequate office equipment at Municipalities to assist with writing of call out letters to beneficiaries.
- Beneficiaries that work in other towns / provinces.
- Beneficiaries are not coming for completion of applications despite being invited by the Department.
- Deeds Office system was repeatedly offline.

Debtors reduced per financial year by 31 March 2019

- The Department initiated an investigation on the Provincial Rental Stock and the following was discovered: most of the houses are not occupied by original tenants and the other houses are occupied by original tenants.
- Original tenants have been provided with EEDBS application forms that facilitates the transfer of public housing stock to occupants. Once applications are approved Conveyancers will be appointed to do the transfers.
- Investigation is continuing for possible regularization of other occupants.

Remedial actions to address the challenges

- Business plan was reviewed to include those projects which were not previously included.
- Contract Management system to be implemented to assist with tracking active projects with contracts that are about to expire to enable timely payments of suppliers.
- Continuous follow up with the service providers to submit the correct documents.
- The Department has approached Council for Geoscience for them to conduct geotechs for the Department that will eliminate the process of requesting for quotations that normally takes time.

- Department to continuously engage with stakeholders in where projects are implemented.
- Housing Development Agency (HDA) is assisting with opening of Township Registers.
- Consumer Education about the importance of reporting the Estate at Masters Office/ Magistrate Court is ongoing in various areas.
- Conveyancers/Department and Municipality are working together to address the challenge of duplicated site numbers.
- Appointment of new conveyancing panel.
- Optimised allocation per Municipality and Town to improve productivity.
- Deployed of senior land tenure officers at Municipalities to assist Conveyancers.
- Conveyancers are provided with expedition letters to submit to Deeds office with every lodgement of deeds for registration.

3. Outlook for the coming financial year (2019/20)

The 2019 -2020 Annual Performance Plan, is presented within the context of a review of the 25 years of democracy. Lessons learnt from this era will be incorporated into the next period of government as we seek to work more efficiently to meet the needs of our people. We aim to ensure that the development of human settlements is an integral part of working together with the sector, related government departments to address government key priorities to improve the lives of our people for the better.

Our focus, aligned to national priorities and overall key strategic areas of the mandate of human settlements, is anchored on:

- Informal settlements upgrading programmes
- Improved distribution of Title Deeds to ensure security of tenure
- Speeding up delivery of housing through catalytic projects, also referred to as mega projects
- Faster provision of housing for military veterans
- Establishment of a credible housing database and management of beneficiary database
- Ensuring empowerment of small businesses in the value chain through a focused small business mentoring programme where 30% of our budget will be targeted at this and biased towards youth and women.
- Focused attention on Finance Linked Individual Subsidy for the GAP market.

4. Reprioritisation

The increase in Compensation of Employees amounting to R 2.470 million was reprioritized from Goods and Services, and Machinery and Equipment within the programme. The decrease in Goods and services amounts to R 3.018 million, and R 0.918 million as compared to the previous year's main allocation.

Changes in Programme 2:

Funds have been reprioritized in the programme to decrease Compensation of Employees allocation with the amount of R 3.822 million as a savings to be reprioritized to Programme 3: Housing Development's Compensation of Employees allocation as it is experiencing budget pressures. The decrease will not negatively affect the programme as the sufficient funds have been allocated for Compensation of Employees. The programme anticipates to appoint one new official during the 2019/20 financial year and the budget for this post has been made available within the current allocation.

Goods and Services, and Machinery and Equipment have both increased by R 0.754 million and R 0.612 million respectively as compared to the main allocation of the previous financial year.

Changes in Programme 3:

The reprioritization has been made to increase Compensation of Employees with the amount of R 16.825 million this is due to the appointment of 67 security officials within the department and 3 students in Brazil attending training as they were provided with a scholarship. The increase also allows the department to be able to make a few new appointments as per Human Resource Plan for the new financial year.

Goods and Services within the programme has increased to R 49.978 million of which R 39.574 million of this allocation is from the Human Settlements Development Grant Operational Capital Budget for Goods and Services, R 3.612 million for Title Deeds Development Grant and only R 6.792 million for Equitable Share Allocation within the programme.

Machinery and Equipment has decreased by R 2.035 million as compared to the main allocation of the previous financial year.

Changes in Programme 4:

The decrease in Compensation of Employees within the programme was reprioritized to Programme 3: Housing Development's Compensation of Employees. The programme has one official and the allocated amount of R 0.372 million is sufficient as the official is on a level 8 post.

5. Procurement

The department has appointed procurement committees to adjudicate and recommend bids (90/10 thresholds) and quotations (80/20 threshold) and submit recommendations to the Head of the Department for approval. FS Provincial Treasury has allocated service providers (Transversal Contracts) for the leases of Photocopier machines, Cellular phone contracts, and Stationery, Catering and Travel Agency, Events management, toners & cartridges as well as transport services.

The Table B5. (i) Annexure provides details of the non-infrastructure items funded by the Human Settlements Development Grant.

7.5. Conditional Grants

The Human Settlements Development Grant has increased by 1.9 per cent, the allocation of the conditional grant was R1.072 billion in 2018/19. The allocation for the MTEF is R1.093 billion in 2019/20, R0.917 billion in 20/21 and R0.908 billion in the outer year of 2021/22.

In terms of the Division of Revenue Bill of 2019, Government is committed to intensifying its efforts to upgrade informal settlements in partnership with communities. To promote this objective, a new window with specific conditions relating to informal settlement upgrading will be introduced in the Human Settlements Development Grant in 2019/20.

This window amounts to 15 per cent of the formula-based grant allocation of the Human Settlements Development Grant. The funds ring-fenced will be a minimum expenditure requirement, allowing the province to invest more if necessary. This new window will require provinces to work with municipalities to identify and prioritise informal settlements for upgrading in 2019/20 and to submit a plan for each settlement to be upgraded, prepared in terms of the National Upgrading Support Programme's methodology. The window also requires the use of a partnership approach that promotes community ownership and participation in the upgrades.

This window serves as a planning and preparatory platform for the introduction of a new informal settlements upgrading grant in 2020/21. The new grant will be created by reprioritising funds from the human settlements development grant. Further details on the new grant is discussed in Part 6 of the Division of Revenue Bill of 2019.

The Title Deeds Restoration Grant was introduced during the 2018/19 financial year in order to provide funding for the eradication of the title deeds registration backlog and the professional fees associated with it, including beneficiary verification. The strategic goal of this grant is the creation of security tenure and a well-functioning equitable residential property market. It is expected that the grant will benefit the recipients due to the fact that it will provide tenure security for all recipients of government-subsidized houses, both pre and post 1994, the functioning of the secondary property market as well as improving quality of life. In terms of the outputs as per Title Deeds Restoration Grant framework, the following have to be taken into consideration;

- Number of title deeds registered in favour of approved subsidy housing beneficiary
- Number of title deeds issued to beneficiaries of government subsidized housing (pre 1994, post 1994 up to 31 March 2014).
- Township proclaimed and register opened
- Social facilitation and beneficiary confirmation (Dispute resolution/Beneficiary tracking)
- Institutional enhancement to municipalities and provinces in respect of property registration.

Therefore, the allocation of the Title Deeds Restoration Grant is as follows;

For the 2019/20 financial year, the budget is R32.095 million and the amount of R 33.860 million is appropriated in 2020/21. The Title Deeds Restoration Grant comes to an end in 2020/21 financial year and the allocations will be phased back into the Human Settlements Development Grant.

Programme 3: Housing Development

The aim is to provide housing opportunities, including access to basic services to beneficiaries in accordance with the Housing Code.

- **Administration:** the purpose of the sub-programme is to provide the administrative support funded from the equitable share.
- **Financial Interventions:** It provides for financial support to procure services relating to housing delivery. The programme implemented include, among others, Finance Linked Individual Subsidies, Individual Housing Subsidies, Procurement of Land for housing development, the operational costs for Accredited Municipalities, National Home Builders Registration Council (NHBRC) for enrolment fees and Operational Capital Budget. In the 2019/20 financial year, a provision has been made for procurement of land in Xhariep district in respect of Letsemeng Local Municipality.
- **Incremental Interventions:** The purpose is to facilitate access to housing opportunities through a phased process. These consist of Integrated Residential Development programme (IRDP), Emergencies Housing Assistant and Enhanced People Housing Process. In the 2020/21 financial year, Upgrading of Informal Settlements Programme will be a stand-alone conditional grant and not a programme within the Human Settlements Development Grant.

- **Social and Rental Housing:** It provides for the Community Residential Unit (CRU) programme which aims to create a sustainable, affordable and secure rental housing opportunities for households. Over the 2019/20 MTEF, the programme provides for projects such as hostel upgrades in Welkom Hostel G and Dark and Silver City Hostel.
- **Rural Intervention:** an amount of R0.580 million was allocated for the 2018/19 financial year and there is no allocation for 2019/20 and outer years.
- **Title Deeds Restoration Grant:** the purpose of the grant is to provide funding for the eradication of the pre-2014 title deeds registration backlog. An amount of R32.095 million is allocated for the 2019/20 financial year and R33.860 million in the 2020/21 financial year. it should be noted that the 2020/21 financial year will be the last financial year for the Grant as it will be discontinued and phased back to Human Settlements Development Grant.
- In terms of **Expanded Public Works Programme (EPWP) Integrated Grant** for Provinces, the department was allocated R2 036 million in 2018/19 financial year. The MTEF allocation provides for 2019/20 an amount of R2 166 million, and there is no allocation for two outer years 2020/21 and 2021/22 financial year. The allocation for the EPWP Integrated Grant for Provinces is based on previous years' achievements.

Strategic Goal:

Management of Housing Interventions.

Strategic Objectives:

- Increased housing opportunities on well-located land.
