Vision

Residents of the Western Cape have access to liveable, accessible, safe, resilient, multi-opportunity settlements.

Mission

The Department is committed to accelerating delivery, while promoting social cohesion through the development of integrated and sustainable human settlements in an open opportunity society. It aims to:

Provide settlements that offer good basic and socio-economic services;

Offer a range of rental and ownership options that respond to the varied needs and incomes of households; and

Consistently improve settlements through joint citizen and government effort supported by private sector contributions.

Main services and core functions

The main services of the Department are to:

Provide overall management in the Department in accordance with all applicable acts and policies;

To facilitate and undertake housing delivery and planning;

To provide individual subsidies and housing opportunities, including access to basic services, to beneficiaries in accordance with the Housing Code; and

To provide strategic, effective and efficient management of housing assets.

The core functions and responsibilities of the Department are:

- The planning, promotion and development of integrated and sustainable human settlements;
- Administering housing subsidies and providing technical support for the development of sustainable human settlements;
- Sensitising the public to the importance of housing as an asset; and
- Facilitating fair relationships in rental housing.

Demands and changes in services and expected changes in services and resources

During the 2020 - 2025 term, the Department will be focusing on the following strategic directives:

- Radical acceleration of housing opportunities;
- Radical implementation of innovative solutions;
- Radical integrated approach to human settlements; and
- Radical empowerment and job creation.

In this regard, the Department will identify Priority Housing Development Areas (PHDA's) and efforts will be focused on developing these PHDA's into integrated sustainable human settlements. In this regard, integrated implementation plans will be developed by jointly planning and budget for human settlements with its key role players. In addition, the Department will rezone land that was acquired in the previous MTSF, and will ensure that township establishment processes have been completed for the PHDA's.

Furthermore, the Department will enhance its efforts in human settlement delivery, with a special emphasis on the affordable housing market, as well as the catalytic and provincial priority projects. Sustainable Building Technologies (SBT)will become more prominent in developments, as more opportunities are arising to consider alternative building methods, and to this end, the Department is actively supporting SBT in its projects.

During the 2020/21 financial year, the Department will continue its efforts to promote home ownership and security of tenure. In this regard, the Department will enhance its efforts to ensure the transfer of title deeds to the rightful beneficiaries. The promotion of the FLISP programme will also be enhanced, to accommodate the middle income group.

Aligning departmental budgets to achieve government's prescribed outcomes

The National Department of Human Settlements (NDoHS) has developed the following outcome '*a spatially just and transformed national space economy that enables equal access to social services and economic opportunities in cities, regions and rural areas*', to which all provincial departments must contribute towards. Further to this, NDoHS has developed four strategic pillars to achieve its outcome, which are:

Liveable neighbourhoods;

Access to well-located land;

Access to adequate housing; and

Residential property market.

In addition, the Western Cape Government has identified five Vision Inspired Priorities (VIP's) to achieve its vision of '*a safe Western Cape where everyone prospers*'. The VIP's are:

Safe and cohesive communities;

Growth and jobs;

Empowering people;

Mobility and spatial transformation; and

Innovation and culture.

The Department has aligned its strategy to that of NDoHS and the Western Cape Government, and is actively contributing to all the strategic pillars and vision inspired priorities.

Budget decisions

The Human Settlements Development Grant (HSDG) to the Province had been cut by more than R600 million over the 2020 MTEF. This will have a major impact on the Department's planned housing delivery as many projects will have to be postponed or phased over an extended period. Contractual agreements in respect of catalytic and other priority projects will have to be renegotiated or cancelled to stay within the budget allocation. The uncertainty of future allocations will also impact on the rollout of projects. To mitigate the impact of the budget cuts on current projects that are being implemented, an additional R50 million from additional revenue collected in the 2019/20 financial year has been appropriated in this budget.

Further cuts on the equitable share allocation have necessitated the Department to rely further on contract workers and consultants as it has to be funded from the HSDG allocation by means of the Operations Capital (OPSCAP).

All Departmental priorities will be maintained over the 2020 MTEF, and are as follows:

- Acceleration of affordable housing;
- Acceleration of title deeds transfers;
- Partnership with private sector;
- Prioritising of the most deserving beneficiaries;
- Upgrading of informal settlements and provision of basic services;
- Implementation of catalytic projects;
- Implementation of Transport Orientated Development (TOD) aligned projects; and
- Action inner city living, as well as high density housing delivery.

The Department continuously strives to introduce innovation into its processes, which include the utilisation of innovative and alternative technology, engaging private sector companies as well as Non-Governmental Organisations (NGO's), to enhance housing delivery. Water-saving strategies, such as contractors being compelled to utilise grey, non-potable water, were implemented on construction projects to minimise the impact of the water crisis experienced in the Western Cape. Water saving devices are also installed at all projects.

2. Review of the current financial year (2019/20)

The 2019/20 financial year is the last year of the current term, and in this regard, the Department has actioned all its commitments. From 2015/16 to 2019/20, the Department has delivered 78 599 human settlement opportunities against a target of 74 280. For the 2019/20 financial year specifically, the Department has met its targets of providing 16 209 human settlement opportunities. This delivery is inclusive of the Department's priorities in terms of the UISP, FLISP, catalytic and provincial priority projects, and the allocation of BNG houses. Also noteworthy on human settlement projects for the 2019/20 financial year, is the Department's delivery of 1 000 housing units built using sustainable technology initiatives. In doing so, the Department has ensured that these units are durable, economically viable and environmentally sustainable, without compromising building requirements. Furthermore, the Department has continued to allocate 50 per cent of its HSDG to contractors with HDI status and enterprises with women and youth representation. This has resulted in approximately R3.5 billion spent on empowering and developing this sector, over the five-year term.

3. Outlook for the coming financial year (2020/21)

The 2020/21 financial year marks the beginning of the new five-year term which will operationalise the outcomes highlighted in the Strategic Plan 2019 – 2024. Thus, the following activities are highlighted:

Improved efficiencies

During the 2020/21 financial year, the Department will review its ICT initiatives to become more effective in communicating with its stakeholders. In addition, it will develop a Citizen Relationship Management System and improve the mobile app it has developed, which can be used by the public to apply for a housing opportunity or check their status on the Western Cape Housing Demand Database (WCHDDB).

Furthermore, the Department will conduct evaluations on its housing instruments, and thereby grow its knowledge base. The Department will ensure that payments to suppliers are made within 30 days of receiving a valid invoice, thereby improving its regulatory environment.

Liveable neighbourhoods

The Department will develop integrated implementation plans for the Priority Housing Development Areas (PHDA's), by jointly planning and budgeting for human settlements with its key players. In addition, the Department will rezone land that was acquired in the previous MTSF, and will ensure that township establishment processes have been completed for the PHDAs.

Access to adequate housing and empowerment opportunities for citizens in the Western Cape

The 2020/21 financial year will see the Department enhancing its efforts in human settlement delivery, with a special emphasis on the affordable housing market, as well as the catalytic and provincial priority projects. Sustainable Building Technologies (SBT) will become more prominent in developments, as more opportunities are arising to consider alternative building methods, and to this end, the Department is actively supporting SBT in its projects.

Furthermore, the Department will continue to use 50 per cent of its Human Settlements Development Grant (HSDG) to appoint contractors with HDI status and enterprises with women and youth representation, within the built environment, and to facilitate job opportunities within the sector, thereby empowering previously disadvantaged groups. The Department will also train young people in various disciplines in the built environment, thereby providing them with a skill to seek gainful employment.

A functional residential property market

During the 2020/21 financial year, the Department will continue its efforts to promote home ownership and security of tenure. In this regard, the Department will enhance its efforts to ensure the transfer of title deeds to the rightful beneficiaries. The promotion of the FLISP programme will also be enhanced, to accommodate the middle income group.

4. Reprioritisation

The Department prioritised projects where contracts exist to ensure that all contractual obligations are met with the least impact on service delivery and to ensure no jobs are lost through the cancellation of contracts. Only projects that are ready for implementation that will contribute to our strategic objectives and the Vision Inspired Priorities (VIP's) of the Province will be implemented.

5. Procurement

The Department implemented the Infrastructure Delivery Management System (IDMS) in all projects, including New Engineering Contracts (NEC) 4 contracts to ensure that projects are delivered on time and within budget. The current contractual arrangements within municipalities remains a challenge, but must be honoured. Municipalities are encouraged to enter into new delivery agreements with the current appointed implementing agents to ensure that projects are completed in time and within budget. The Department will ensure that a fair and transparent procurement process is followed by municipalities to ensure the best value for money, including economic empowerment for SMME contractors. This will also contribute in boosting the local economy of the municipalities and the Vision Inspired Priority (VIP) 2: Growth and Jobs. The Department also implemented framework agreements with built environment consultants and contractors to be utilised in the planning and implementation of human settlement projects and assisting municipalities where needed.

8. Programme description

Programme 1: Administration

Purpose: To provide overall management in the Department in accordance with all applicable acts and policies.

Analysis per sub-programme

Sub-programme 1.1: Office of the MEC

to provide for the functioning of the Office of the MEC

Sub-programme 1.2: Corporate Services

to provide corporate support that is non-core for the Department.

Policy developments

The programme continuously supports the Department in effectively and efficiently implementing its responsibilities. In this regard, the Programme will focus on improving its ICT governance initiatives, to better support the Department in engaging with its key stakeholders.

Changes: Policy, structure, service establishment, geographic distribution of services, etc.

The Department of the Premier (Organisational Development) examined the Department's current organisational structure to re-align the structure to the new strategic direction adopted by the Department and the revised business model. This process is being finalised and the proposed structure will be phased in due to funding constraints. The Department has a regional office in George, that serves the Garden Route and Central Karoo Districts. Another regional office is based in Goodwood, to respond to issues in the City of Cape Town area.

Expenditure trends analysis

The programme's budget allocation increased by R611 000 or 0.53 per cent, from R115.847 million in 2019/20 (revised estimate) to R116.458 million in 2020/21 and increases to R122.951 million in 2021/22, and R132.334 million in 2022/23. The increases over the 2020 MTEF period are due to provision for salary adjustments and inflationary increases on goods and services.

Outcomes as per Strategic Plan

Enhanced efficiency and effectiveness of the provincial Department of Human Settlements.

Outputs as per Annual Performance Plan

Percentage of Invoices paid within 30 days

Evaluation studies completed

ICT governance initiatives conducted

Knowledge management projects implemented

Business continuity plan initiatives executed

Programme 2: Housing Needs, Research and Planning

Purpose: To facilitate and undertake housing delivery needs, research and planning.

Analysis per sub-programme

Sub-programme 2.1: Administration

to provide administrative and/or transversal services

Sub-programme 2.2: Policy

to develop human settlements policies and policy guidelines

Sub-programme 2.3: Planning

to develop provincial Multi-Year Housing Development Plans and project pipelines in cooperation with municipalities

Sub-programme 2.4: Research

to conduct research on sustainable human settlements

Policy developments

The Department will continue to implement the principles of the Living Cape Framework (LCF): A Human Settlement Framework, which considers a sustainable human settlement to be a holistic space with housing and land, social and economic services, networked infrastructure, and communities and social fabric. In this regard, a change management process is being conducted, which will direct engagements to facilitate the behavioural change required for the effective mainstreaming of the LCF.

Furthermore, the Department is in the process of developing a green procurement policy, which will provide guidance about procuring sustainable building technologies for human settlement delivery.

Changes: Policy, structure, service establishment, geographic distribution of services, etc.

During the 2019 – 2024 term, efforts will be directed towards the identification, design and development of the Provincial Housing Development Areas (PHDA's). In this regard, integrated implementation plans and township establishment processes will be developed for the PHDA's. In addition, land that was acquired by the Department in the previous MTEF will be rezoned for human settlement delivery, specifically within the PHDA's. All developments will be designed keeping in mind the principles of the LCF and spatial transformation, whereby settlements must be integrated spaces, with all the necessary social and economic facilities.

Expenditure trends analysis

The programme's budget allocation decreased by R1.093 million or 3.80 per cent, from R28.767 million in 2019/20 (revised estimate) to R27.674 million in 2020/21, and increases to R29.268 million in 2021/22 and R32.627 million in 2022/23. The increase over the 2020 MTEF period are due to inflationary increases on compensation of employees and goods and services. Professional fees are covered in Programme 3 through the OPSCAP allocation.

Programme 3: Housing Development

Purpose: To provide housing opportunities, including access to basic services, to beneficiaries in accordance with the Housing Code.

Analysis per sub-programme**Sub-programme 3.1: Administration**

to provide administration support funded from equitable share

Sub-programme 3.2: Financial Interventions

to facilitate immediate access to housing goods and services, creating an enabling environment and providing implementation support

Sub-programme 3.3: Incremental Interventions

to facilitate access to housing opportunities through a phased process

Sub-programme 3.4: Social and Rental Intervention

to facilitate access to rental housing opportunities, supporting Urban Restructuring and Integration

Changes: Policy, structure, service establishment, geographic distribution of services, etc.

In 2017, the National Department of Human Settlements advised that the Human Settlement Development Grant (HSDG) will no longer include allocations for Social Housing and Community Residential Upgrades (CRU), and that departments should not target these programmes in their Business Plans and Annual Performance Plans. It was further advised that Social Housing will be managed by an independent body, and the Social Housing Institution was appointed to manage this programme.

In addition, in 2019, the income category for the Finance Linked Individual Subsidy Programme (FLISP) was increased to a maximum amount of R22 000, from R15 000, by NDoHS. This has allowed more applicants to access the subsidy programme and thereby obtain home ownership.

Expenditure trends analysis

The budget allocation decreases by R272.323 million or 10.88 per cent, from R2.503 billion in 2019/20 (revised estimate) to R2.231 billion in 2020/21, and further decreases to R2.179 billion in 2021/22, while increasing to R2.233 billion in 2022/23, which is mainly due to the discontinuation of the Title Deeds Restoration Grant (TDRG) as well as the reallocation in respect of over-collected revenue from 2019/20 for municipal bulk infrastructure requirements.

Outcomes as per Strategic Plan

Access to adequate housing and empowerment opportunities for citizens in the Western Cape
Accelerated delivery of housing opportunities.

Outputs as per Annual Performance Plan

Programme 4: Housing Asset Management

Purpose: To provide for the strategic, effective and efficient management, devolution and transfer of housing assets.

Analysis per sub-programme

Sub-programme 4.1: Administration

to provide administration support funded by equitable share

Sub-programme 4.2: Housing Properties Maintenance

to provide for the maintenance of housing properties, the transfer of ownership and to identify and secure land

Changes: Policy, structure, service establishment, geographic distribution of services, etc.

The National Department of Human Settlements has initiated a Title Deed Restoration Programme in all Provinces, which aims to eradicate the backlog of title deeds and to secure home ownership and security of tenure. In this regard, grant funding has been allocated and staff has been appointed, to ensure the successful implementation of this Programme.

Expenditure trends analysis

The budget allocation increased by R1.917 million or 5.32 per cent, from R36.059 million in 2019/20 (revised estimate) to R37.976 million in 2020/21, then increases to R38.739 million in 2021/22 and R40.895 million in 2022/23. The increases over the 2020 MTEF period are due to provision for salary adjustments and inflationary increases within goods and services.
