## 1 OVERVIEW

### 1.1 Vision

A prosperous province supported by sound financial, governance and resource management.

### 1.2 Mission

To provide strategic and technical leadership in the allocation, management and utilisation of financial resources for socio-economic development in the province.

### 1.3 Core functions and responsibilities

The oversight role of the department requires it to ensure the stability and soundness of the financial system and financial services, coordinate intergovernmental financial and fiscal relations, manage the budget preparation process and enforce transparency and effective management in respect of revenue and expenditure, assets and liabilities, public entities and constitutional institutions.

### 1.4 Main Services

- Preparation of the provincial budget;
- Exercising control over the implementation of the provincial budget;
- Promoting and enforce transparency and effective management in respect of revenue, expenditure, assets and liabilities of provincial departments and provincial public entities;
- Ensuring that its fiscal policies do not materially and unreasonably prejudice national economic policies;
- Enforcing the PFMA and any prescribed national and provincial norms and standards, including any prescribed standards of generally recognised accounting practices and uniform classification systems, in provincial departments;
- Ensure compliance with the annual Division of Revenue Act (DoRA), and monitor and assess the implementation of DoRA in provincial public entities;
- Monitor and assess the implementation in provincial public entities of national and provincial norms and standards;
- Assist provincial departments and provincial public entities in building their capacity for efficient, effective and transparent financial management;
- Investigate any system of financial management and internal control applied by a provincial department or a provincial public entity; and
- Municipal support and enforce Municipal Finance Management

## **1.5 Demands for and expected changes in the services**

The weak economic outlook coupled with advent of COVID19 pandemic, has put the fiscus under severe strain, such that provincial budget baseline has been reduced. Therefore, the department will continue to focus its energies on ensuring that resources are allocated efficiently and effectively in support of provincial priorities. Support to provincial departments, entities and municipalities will be strengthened to assist departments in realising government priorities. Focus will continue to be on managing the provincial wage bill, implementation of austerity measures, infrastructure delivery, revenue enhancement strategies and maintaining the Provincial Revenue Fund (PRF) liquidity.

## **1.6 The Acts, rules and regulations**

The department derives its existence from Sections 213, 215, 216, 217, 218, 219, 226, 227 and 230 of the Constitution of the Republic of South Africa (Act 108 of 1996), Sections 17 and 18 of the Public Finance Management Act (PFMA), 1999 as amended, Municipal Finance Management Act (MFMA) and National Treasury Regulations.

## **1.7 Budget decisions**

The weak economic environment, has led to a tightening fiscal envelope. Therefore, the focus will continue to be on promoting fiscal sustainability through strict implementation of cost containment measures that prioritise expenditure on core service delivery programmes including Economic Recovery Plan.

Given the high level of budget cuts, including national and provincial budget cuts, the department remains committed in protecting core items and ensuring efficient and effective utilisation of the limited resources.

## **1.8 Aligning departmental budgets to achieve government's prescribed outcomes**

The department's key constitutional mandate, as stated above, entails the provision of strategic and technical leadership in the efficient and sustainable allocation, management and utilisation of financial resources in provincial departments, municipalities and public entities in order to improve the quality of life in the province. The department responds to the provincial policy priorities as encapsulated in the Provincial Development Plan which include: innovative and inclusive growing economy; enabling infrastructure network; building capable democratic institutions amongst other things.

# **2 REVIEW OF THE CURRENT FINANCIAL YEAR (2020/21)**

## **2.1 Key achievements**

The COVID-19 pandemic caused alteration of plans as funds had to be reprioritised from provincial departments towards mitigating the severe effects of COVID-19 pandemic, thus dealing with health and socio economic issues. This was addressed through the 2020 Special and Second Adjustment Budget. Furthermore, the Medium Term Expenditure Committee (MTECs) hearings were conducted with provincial departments to deliberate on policy issues and budget requirements for the 2021 MTEF. This culminated in the compilation and submission of the 2021 MTEF Second Budget to National Treasury.

The department has introduced zero-based budget through the development and rolling out of the zero budgeting tool to all provincial departments to re-determine budget baseline, and thus strengthening allocative efficacy. The introduction of zero based budgeting helps to align spending with strategic outcomes and service delivery priorities, and eliminate inefficiencies on expenditure. Support to provincial departments continued in order to improve revenue enhancement in the province. Revenue workgroup engagement with provincial departments was conducted to monitor the implementation of findings of the revenue research study.

Provincial departments continued to be supported to ensure that invoices are settled within 30 days as per the Treasury Regulations. Also, LOGIS information continues to be uploaded on the online invoice tracking

system namely 'Have I Been Paid'. Two circulars aimed at improving Supply Chain Management (SCM) efficiency and compliance were developed. The monitoring of the implementation of procurement plans by departments is also continuing. All thirteen departments were supported in the implementation of the Local Economic Development (LED) Procurement Framework in order to achieve 50 per cent local spend as planned. All outstanding departmental LED procurement strategies were reviewed and continued monitoring of the implementation of departmental procurement plans. About 913 walk-in suppliers were provided with assistance to register on the Centralised Supplier Database and obtain a LOGIS number and due to COVID-19 pandemic more suppliers were assisted telephonically and via e-mails.

Implementation of the Financial Management Accountability Framework continue to be prioritised to ensure good governance and accountability in the departments and municipalities. Therefore, to improve audit outcomes in the province, the department also continued to co-ordinate audit improvement strategies through the implementation and monitoring of the Provincial Audit Intervention Plan (PAIP) and analysis of audit action plans in municipalities. The Financial Statements Review Framework to be used for review of Annual Financial Statements (AFS) as well as quarterly Interim Financial Statements (IFS) was developed to assist the process of in-depth review of the IFS towards improved quality AFS.

Provincial Treasury continued to support municipalities to improve financial management (revenue, expenditure, asset and liabilities) as informed by the Financial Management Capability Maturity Model (FMCMM). The support included the assessment of the budgets of these municipalities followed up by engagements to discuss the implementation of recommendations to ensure the tabling of funded budgets, and the twenty-seven of the thirty-six municipalities had funded budgets.

## 2.2 Key challenges

The COVID-19 pandemic has had a negative impact on global supply chains and thus there were registered delays in the procuring Information and Communication Technology (ICT) equipment like laptops and server infrastructure. The epidemic has also contributed to the delays in finalising several projects such as the review of ICT Strategy and other related projects.

## 3 OUTLOOK FOR THE COMING FINANCIAL YEAR (2021/22)

The department will continue to implement the selected four strategic priorities in the coming financial year which include Fiscal Consolidation; Supply chain management reforms; Infrastructure Support and Provincial and Municipal Governance and Accountability

*Fiscal Consolidation:* The department will continue to implement cost containment measures that prioritise expenditure on core service delivery programmes. The prudent use of resources and fiscal consolidation will be implemented through the following interventions: Containing growth of the public sector wage bill through salary freeze, limiting non-core appointments, continuing with the programme expenditure performance reviews, institutionalising supply chain management reforms and zero-based budgeting; Strict monitoring and enforcement of previously adopted cost containment measures and expenditure controls on non-core items. Furthermore, the province is working on the implementation of the revenue study, which explores new revenue sources especially in the revenue generating departments in order to ensure that key provincial priorities continue to be funded in the midst of shrinking equitable share as well as conditional grants. This is further accompanied by the provincial approach to take advantage of the intergovernmental relations in lobbying funds or aligning services or projects for the functions that are of national competence. This will also assist in freeing some funding to be directed to other pressing matters within the province, as well as expanding the scope of some sectors which are unable to cover due to budget constraints.

*Supply Chain Management Reforms:* The department will continue to priorities the Small Medium and Micro-sized Enterprise (SMME) development with a special focus on local procurement including women, persons with disabilities and youth. To improve SMME's cash flows and financial sustainability the department will continue to ensure improvement in payment of creditors. The implementation of the LED

Procurement Framework in order to achieve 50 per cent local spend will continue. PT will continue to monitor the implementation of the Price Index and assist the departments to identify commodities that are manufactured in the province and advise before they engage on procurement.

*Infrastructure Support:* Over the coming financial year, the aim is to contribute towards the reviving of the economy of the country by, among other proposed interventions, using infrastructure development as one of the means of achieving that, where it is focussing on projects that would lead to the realisation of return on investment i.e. catalytic or economic projects. To this end the Province is actively participating in the Governments various funding instruments, which include the Budget Facility for Infrastructure (BFI) and the Sustainable Infrastructure Development (SID) Funds (Blended Finance), to address the deficiency in infrastructure investments and to kick-start the economy. In order to further curb suboptimal performance on infrastructure delivery, the institutionalization of the One IDMS through the integrated portfolio, program, operations and maintenance as well as project management, the appropriate capacitation and climate change will be prioritized using the district Coordination Development Model approach.

*Provincial and Municipal Governance and Accountability:* Provincial Treasury remains committed to assisting departments to ensure improvement in the audit outcomes and monitor the implementation of the Provincial Audit Intervention Plan (PAIP) as a strategy to improve audit outcomes. The hand-on support will be provided to all departments during the audit process through continuous engagement with the Auditor General. PT will continue offering an efficient and effective hands-on support to all 36 municipalities.

## **4 REPRIORITISATION**

Due to shrinking resources, the department undertaken reprioritisation exercise in order to ensure that key service delivery areas remains protected. The budget committee will continue to play an active role in ensuring that programmes are spending as projected and that budget pressures are addressed through reprioritisation. This monitoring exercise will continue over the 2021 MTEF.

## **5 PROCUREMENT**

The major drivers of the procurement plan among others will be the procurement of Information and Communication Technology (ICT) equipment, conducting various investigations and ICT audits. The procurement and contract management processes in the department will continue to be improved and strengthened through continuous training of SCM officials on new reforms. The department will also continue to implement the cost containment measures and realise efficiency gains. This will be achieved through implementing strategic sourcing for the identified commodities by arranging departmental own term contracts and increased participation on the transversal contracts arranged by National and Provincial Treasuries.

## 6 RECEIPTS AND FINANCING

### 6.1 Summary of receipts

Table 2: Summary of departmental receipts

R thousand	Outcome			Main appropriation	Adjusted appropriation 2020/21	Revised estimate	Medium-term estimates			% change from 2020/21

Table 2 above shows departmental receipts from 2017/18 to 2023/24. The substantial decrease from R704.579 million in 2017/18 to the revised estimate of R385.632 million in 2020/21 is mainly due to completion of social infrastructure projects and budget reductions in response to the COVID-19 pandemic crisis. In 2021/22, the allocation increases by 5.4 per cent to R406.490 million mainly due to once-off budget reductions effected in 2020/21 in response to the global COVID-19 crisis. The budget grows gradually in the two outer years.

Table 3 above shows the summary of departmental receipts and collections from 2017/18 to 2023/24. Own revenue decreased from R751.815 million in 2017/18 to an estimated R280.421 million in 2020/21. The decrease to R121.190 million in 2021/22 is due to expected lower cash balances in the Provincial Revenue Fund owing to allocation of surplus funds for provincial priorities. It is projected that the receipts will increase gradually in the two outer years.

## 7 PAYMENT SUMMARY

### 7.1 Key assumptions

Assumptions and factors contained in the 2021 Medium-Term Budget Policy Statement (MTBPS), such as revised zero percent living wage adjustments were taken into consideration. National and provincial budget reductions as well as cost containment measures have been taken into account for the entire 2021 MTEF.

Tables 4 and 5 above show the summary of payments and estimates per programme and economic classification from 2017/18 to 2023/24. Actual expenditure decreased from R704.579 million in 2017/18 to a revised estimate of R385.632 million in 2020/21. The decrease is mainly due to completion of municipal social infrastructure projects. In 2021/22, the budget increases by 5.4 per cent to R406.490 million mainly due to hard lockdown restrictions imposed in 2020/21 affecting travel and subsistence, as well as once-off budget reductions effected in 2020/21 in response to the global COVID-19 crisis. The budget increases gradually in the two outer years.

Compensation of Employees increased from R284.819 million in 2017/18 to a revised estimate of R319.048 million in 2020/21 due to the appointment of interns for experiential training, contract personnel for Medico-Legal, PERSAL Centralisation and Technical Support. In 2021/22, the budget increases by 4.2 per cent to R332.567 million mainly due to provisions for the filling of critical vacant posts.

Goods and Services decreased from R62.197 million in 2017/18 to a revised estimate of R54.027 million in 2020/21 due to once-off provisions made for forensic investigations conducted at various municipalities in 2019/20. In 2021/22, the budget increases by 25.5 per cent to R67.805 million due to once-off budget reductions effected in 2020/21 in response to the COVID-19 fiscal crisis.

Transfers and Subsidies decreased from R354.181 million in 2017/18 to a revised estimate of R5.830 million in 2020/21 due to completion of municipal social infrastructure projects in 2019/20. In 2021/22, the budget decreases by 66.7 per cent to R1.943 million due to once-off provisions made for officials exiting the department.

Payments for Capital Assets increased from R3.034 million in 2017/18 to a revised estimate of R6.727 million in 2020/21 due to replacement of obsolete computer equipment and server infrastructure. In 2021/22, the budget decreases by 37.9 per cent to R4.175 million due to once-off costs incurred in 2020/21.

Table 6 above shows the summary of payments and estimates by benefiting municipality boundary from 2017/18 to 2023/24. The department implemented social infrastructure projects such as drought relief in Joe Gqabi municipality and electrification in King Sabata Dalindyebo municipality. Total expenditure decreased from R704.579 million in 2017/18 to a revised estimate of R385.632 million in 2020/21 because

these projects were completed in 2019/20. In 2021/22, the budget increased by 5.4 per cent due to lower revised estimates caused by baseline cuts in the current financial year to deal with the Covid-19 pandemic.

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance". This includes non infrastructure items.

Table 7 above shows the summary of payments and estimates on infrastructure from 2017/18 to 2023/24. Actual expenditure decreased from R344.717 million in 2017/18 to nil in 2020/21 due to completion of municipal social infrastructure projects. Over the 2021 MTEF there is no allocation for municipal social infrastructure.

## 7.6 Departmental Public-Private Partnership (PPP) projects

None.

## 7.7 Conditional grant payments

None.

## 7.8 Transfers

### 7.8.1 Transfers to public entities

Table 8 above shows the summary of transfers to other entities from 2017/18 to 2023/24. The expenditure decreased from R252.667 million in 2017/18 to R1.086 million in 2020/21 as the Rural Access Roads project implemented by South African National Roads Agency Limited (SANRAL) was completed in 2018/19. In 2021/22, the budget increases by 1.6 per cent to R1.103 million due to provisions made for television license fees and skills development fund levies over the 2021 MTEF.

### 7.8.3 Transfers to local government

<b>Total departmental transfers</b>	<b>92 985</b>	<b>41 362</b>	<b>23 587</b>	-	-	-	-	-	-	-

Table 9 above shows the summary of departmental transfers to local government by category from 2017/18 to 2023/24. The transfer allocations reflected in 2017/18 pertain to social infrastructure interventions. These transfers were directed to Joe Gqabi district municipality for the drought relief programme, Ntabankulu local municipality for access roads and KSD for electrification. All these projects were completed in 2019/20, hence no further allocations over the 2021 MTEF.

### 7.8.4 Transfers to local government by grant name

None.

## 8 PROGRAMME DESCRIPTION

### 8.1 Programme 1: Administration

**Programme Purpose:** To provide leadership and strategic management and appropriate support services to all other programmes. The programme consists of 5 sub-programmes, namely:

- **Office of the Member of the Executive Council:** sets priorities and political directives in order to meet the mandate of the department;
- **Management Services:** translates policies and priorities into strategies for effective service delivery manages and monitors organisational performance and provides legal services and information technology support;
- **Corporate Services:** provides an internal enabling environment and support service to the other programmes with regard to human resource management and development, records management and security and facilities management;
- **Financial Management (Office of the CFO):** To manage and facilitate the provision of financial, supply chain, asset management, and internal control services to the department;
- **Internal Audit:** To manage internal audit and risk management services

Tables 10 and 11 above show the summary of payments and estimates per sub-programme and economic classification from 2017/18 to 2023/24. The expenditure increased from R145.752 million in 2017/18 to a revised estimate of R158.374 million in 2020/21. The increase is mainly due to provisions made for the filling of critical vacant posts, additional intake of interns for experiential learning as well as replacement of obsolete computer equipment and server infrastructure. In 2021/22, the budget decreases by 0.1 per cent to R158.245 million due to budget reductions effected over the 2021 MTEF period.

Compensation of Employees increased from R98.402 million in 2017/18 to a revised estimate of R109.907 million in 2020/21. The increase is due to provisions made for the filling of critical vacant posts and additional intake of interns for experiential learning. In 2021/22, the budget increases by a minimal 0.2 per cent to R110.150 million mainly due to implementation of baseline cuts.

Goods and Services decreased from R40.326 million in 2017/18 to a revised estimate of R39.469 million in 2020/21 due to budget reductions in response to the COVID-19 fiscal crisis. In 2021/22, the budget increases by 6.4 per cent to R41.977 million due to once-off budget reductions effected in 2020/21 which reduced the revised estimates.

Transfers and Subsidies decreased from R3.990 million in 2017/18 to a revised estimate of R2.271 million in 2020/21 due to the anticipated reduction in the number of officials exiting the department. In 2021/22, the budget decreases by 14.4 per cent to R1.943 million due to once-off provisions made in 2020/21 for officials exiting the department.

Payments for Capital Assets increased from R3.034 million in 2017/18 to R6.727 million in 2020/21 due to replacement of obsolete computer equipment and server infrastructure. In 2021/22, the budget decreases by 37.9 per cent to R4.175 million due to once-off costs for office furniture incurred in 2020/21.

Table 12 above shows service delivery measures for Administration. The programme will continue to provide strategic leadership, strategic management, human resource management and appropriate support services to departmental programmes. The focus will continue to be on improving business processes and internal control systems to enhance efficiency that should lead to positive (unqualified) audit outcomes. For the realisation of its strategic outcomes, the programme will continue to strengthen the implementation of plans and projects in a coordinated, collaborative and integrated manner. Cooperation with client departments, entities, municipalities and other key stakeholders will continue to be improved.

## 8.2 Programme 2: Sustainable Resource Management

**Programme Purpose:** Allocative efficacy through budget preparations, infrastructure budgeting, expenditure monitoring economic analysis and fiscal policy to all provincial departments, public entities and management of financial assets and liabilities.

The programme consists of four sub-programmes namely:

- **Programme Support:** provides strategic leadership in implementing strategies to ensure the programme's contribution in realising departmental objectives;
- **Economic Analysis:** determines and evaluates economic parameters and socio-economic imperatives within a provincial and macro-economic context;
- **Fiscal Policy:** promotes optimal financial resource allocation and enables government to finance its service delivery obligations, and also promotes sound planning, budgeting, financial management and reporting in Public Entities;
- **Budget Management:** promotes effective optimal resource allocation; manages fiscal assets optimises liquidity requirements and returns on financial investments and maximises the latter within acceptable levels of risk.

**Table 13: Summary of departmental payments and estimates sub-programme: P2- Sustainable Resource Management**

Tables 13 and 14 above show the summary of payments and estimates per sub-programme and economic classification from 2017/18 to 2023/24. Actual expenditure increased from R61.131 million in 2017/18 to a revised estimate of R72.335 million in 2020/21. The increase is mainly due to strengthening of provincial budget management capacity. In 2021/22, the budget increases by 9.6 per cent to R79.298 million mainly due to the provincial infrastructure capacitation funds that have been rescheduled in 2020/21 to 2022/23 thus also contributed to the low revised estimate. The budget will grow gradually in the two outer years.

Compensation of Employees increased from R57.634 million in 2017/18 to a revised estimate of R68.419 million in 2020/21 mainly due to strengthening of provincial budget management capacity. In 2021/22, the budget increases by 12 per cent to R76.627 million given that the rescheduling of the provincial infrastructure capacitation funds contributed to the low revised estimate.

Goods and Services increased from R3.359 million in 2017/18 to a revised estimate of R3.476 million in 2020/21 mainly due to once-off provision made for the Provincial Expenditure Review project conducted by GTAC. Then that has led to a decline of 23.2 per cent to R2.671 million in 2021/22.

Transfers and Subsidies increased from R138 thousand in 2017/18 to R440 thousand in 2020/21 as this is mainly demand driven. It is anticipated that no officials will be exiting the department, hence there is no further allocation over the 2021 MTEF.

## 8.2.1 Service Delivery Measures

**Table 15: Selected service delivery measures for the programme: P2: Sustainable Resource Management**

Programme Performance Measures	Estimated Performance	Medium-term estimates		
	2020/21	2021/22	2022/23	2023/24
Number of policy briefs produced on key sector focus areas	4	4	4	4
Amount of own revenue collected	1.1 billion	1.30 billion	1.37 billion	1.42 billion
% expenditure by entities within allocated budget	10	98%	98%	98%
% expenditure by departments within allocated budget	13	98%	98%	98%

% expenditure by infrastructure departments of allocated capital budget	10	98%	98%	98%
% increase in Gross Capital Formation	10	10%	20%	25%

Table 15 above shows service delivery measures for Sustainable Resource Management. The programme will continue to promote fiscal sustainability through strict implementation of cost containment measures that prioritise expenditure on core service delivery programmes and less on non-core items, whilst ensuring the stabilisation of governance in the province. Ongoing support will be provided to strengthen infrastructure delivery in the province in line with the Provincial Infrastructure Strategy. Infrastructure projects will be aligned to the District Development Model to strengthen integrated infrastructure planning, procurement and delivery across the infrastructure value chain.

## 8.3 Programme 3: Asset and Liabilities Management

**Programme Purpose:** To provide policy direction, promote and enforce transparency and effectiveness of supply chain management and asset management in the province.

- **Programme Support:** provides strategic leadership in implementing strategies to ensure the programme's contribution in realising departmental objectives; and
- **Asset Management:** To provide policy direction facilitates the effective and efficient management of physical assets and promotes economic development targeted government procurement.

**Table 16: Summary of departmental payments and estimates sub-programme: P3 – Asset and Liabilities Management**

Tables 16 and 17 above show the summary of payments and estimates per sub-programme and economic classification from 2017/18 to 2023/24. Actual expenditure decreased from R24.929 million in the 2017/18 financial year to a revised estimate of R24.510 million in 2020/21 due to budget reductions effected in response to the COVID-19 pandemic. In 2021/22, the budget increases by 4 per cent to R25.483 million due to provisions made for the filling of critical vacant posts.

Compensation of Employees increased from R21.821 million in 2017/18 to a revised estimate of R22.494 million in 2020/21 due to ICS adjustments. In 2021/22, the budget increases by 5.7 per cent to R23.786 million due to provisions made for the filling of critical vacant posts.

Goods and Services decreased from R3.108 million in 2017/18 to a revised estimate of R1.073 million in 2020/21. The decrease is mainly due to budget reductions effected in 2020/21 in response to the COVID-19 pandemic. In 2021/22, the budget increases by 58.2 per cent to R1.697 million due to the once-off budget reductions effected in 2020/21.

Transfers and Subsidies increased from 41 thousand in 2018/19 to R943 thousand in 2020/21 due to an increase in the number of officials exiting the department. It is anticipated that no officials will be exiting the department, hence no further allocation over the 2021 MTEF.

### 8.3.1 Service Delivery Measures

Table 18: Selected service delivery measures for the programme: P3: Asset and Liabilities Management

% procurement spend on EC suppliers	50%	60%	60%	60%

Table 18 above shows service delivery measures for Asset and Liability Management. The Programme will continue to support the departments on the implementation of the LED Procurement Framework in order to achieve 50 per cent local spend, including in the implementation of the procurement procedures to mitigate the pandemic. The programme will also continue to ensure optimal utilisation of assets in the departments and public entities.

## 8.4 Programme 4: Financial Governance

**Programme Purpose:** To promote accountability through comprehensive accounting practices, financial information systems, governance as well as compliance with financial norms and standards in PFMA compliant institutions and financial systems management.

The programme consists of six sub-programmes namely:

- **Programme Support:** Provides strategic leadership in implementing strategies to ensure programme's contribution in realising departmental objectives;
- **Accounting Services:** To ensure the effective implementation of accounting practices in line with Generally Accepted Accounting Practices (GAAP), Generally Recognised Accounting Practise (GRAP) and prepare consolidated financial statements that reflect the financial position of the province;
- **Norms and Standards:** Develops and implements financial norms and standards and ensures effective communication;
- **Risk Management:** Provides provincial risk profile, develops and monitors the implementation of the Provincial Risk Management Framework;
- **Provincial Internal Audit:** Coordinates the activities and provide technical support for all provincial internal audit units and audit committees.
- **Supporting and Interlinked Financial Systems:** To provide oversight and management of existing financial systems and the transition to the Integrated Financial Management Systems, enhancement of systems to support the business processes of government and provides capacity building in the usage of financial systems aimed at better provincial financial management.

Tables 19 and 20 above show the summary of payments and estimates per sub-programme and economic classification from 2017/18 to 2023/24. The increase in expenditure from R80.806 million in 2017/18 to a revised estimate of R83.040 million in 2020/21, mainly due to the appointment of contract personnel for Medico-Legal, PERSAL Centralisation and Technical Support. In 2021/22, the budget increases by 2.5 per cent to R85.137 million due to budget reduction that resulted to low revised estimates.

Compensation of Employees increased from R65.143 million in 2017/18 to a revised estimate of R73.488 million in 2020/21, mainly due to the appointment of contract personnel for Medico-Legal, PERSAL Centralisation and Technical Support. In 2021/22, the budget increases by 1.8 per cent to R74.814 million due to baseline reduction implemented that resulted to low revised estimates.

.Goods and Services decreased from R12.227 million in 2017/18 to a revised estimate of R8.918 million in 2020/21 due to budget reductions effected in response to the COVID-19 fiscal crisis. In 2021/22, the budget increases by 15.8 per cent to R10.323 million due to once-off budget reductions effected in 2020/21.

Transfers and Subsidies decreased from R3.088 million in 2017/18 to a revised estimate of R634 thousand due to a decrease in the number of officials exiting the department. It is anticipated that no officials will be exiting the department, hence no further allocation over the 2021 MTEF.

Table 21 above shows service delivery measures for Financial Governance. To improve audit outcomes in the province, the programme will continue to co-ordinate audit improvement strategies through the implementation and monitoring of the Provincial Audit Intervention Plan (PAIP) and analysis of audit action plans.

## 8.5 Programme 5: Municipal Financial Governance

**Programme Purpose:** Provides support to the achievement of sound and sustainable financial management at municipal level through the provision of technical support and capacity building in the following areas: budgeting accounting practices supply chain management asset management, governance, as well as MFMA compliance. The Programme consists of three sub-programmes namely:

- **Programme Support:** Provides strategic leadership in implementing strategies to ensure the programme's contribution in realising departmental objectives;
- **Municipal Budget and Institutional Governance:** To monitor the implementation of the budgeting frameworks and coordinate monitor and report on MFMA; and
- **Municipal Accounting and Reporting:** To monitor compliance with Financial Management and Annual Reporting Framework, monitor the effective and efficient compliance with Financial Assets and Liability Management, enhance, monitor and enforce transparent and effective SCM and Asset Management.

Tables 22 and 23 above show the summary of payments and estimates per sub-programme and economic classification from 2017/18 to 2023/24. The expenditure decreased from R391.961 million in 2017/18 to a revised estimate of R47.373 million in 2020/21, due to completion of municipal social infrastructure projects in 2019/20. In 2021/22, the budget increases by 23.1 per cent to R58.327 million mainly due to rescheduling of funds in 2020/21 to 2023/24 for provincial municipal support interventions, thus leading to a low revised estimate.

Compensation of Employees increased from R41.819 million in 2017/18 to a revised estimate of R44.740 million in 2020/21 mainly due to provisions made for planned recruitment aimed at strengthening municipal financial management. In 2021/22, the budget increases by 5.5 per cent to R47.190 million due to provisions made for the filling of critical vacant posts.

Goods and Services decreased from R3.177 million in 2017/18 to a revised estimate of R1.091 million in 2020/21 due to budget reductions effected in response to the COVID-19 pandemic. In 2021/22, the budget increases by 920.8 per cent to R11.137 million due to mainly due to lower revised estimate caused by the rescheduling of funds to 2023/24 for provincial municipal support interventions.

Transfers and Subsidies decreased from R346.965 million in 2017/18 to a revised estimate of R1.542 million in 2020/21 due to a decline in the allocation for social infrastructure projects. These projects were completed in 2019/20, hence there is no further allocation over 2021 MTEF.

### 8.5.1 Service Delivery Measures

**Table 24: Selected service delivery measures for the programme: P5: Municipal Financial Governance**

Programme Performance Measures	Estimated Performance	Medium-term estimates		
	2020/21	2021/22	2022/23	2023/24

Percentage reduction of irregular expenditure	'-	40%	60%	75%
Number of municipalities that achieve unqualified audits	-	20	24	36

Table 24 above shows service delivery measures for Municipal Financial Governance. The Programme will continue to support municipalities to improve financial management and will assist municipalities with audit improvement strategies. Conditional grants expenditure, particularly infrastructure grants, will continue to be closely monitored.

1. Personnel numbers includes all filled posts together with those posts additional to the approved establishment

Table 25 and 26 above show personnel numbers and costs by programme and component from 2017/18 to 2023/24. The departmental organisational structure was approved in November 2014 and consisted of 538 posts. The personnel numbers in the department has decreased from 470 in 2017/18 to 460 in 2020/21 due to expiry of contracts.

The department has embarked on an organisational structure review to align it to business processes and service delivery model. The draft Generic Organisational Structure has been completed and submitted to management for review prior to finalisation. Other change management programmes have been initiated that include leadership development and promoting organisational culture. These initiatives are aimed at steering the department in the right direction and bring about improved change in the department.

Table 27 and 28 above shows payment and information on training from 2017/18 to 2023/24. The expenditure on training decreased from R3.454 million in 2017/18 to a revised estimate of R578 thousand in 2020/21 due to budget reductions effected in response to the COVID-19 pandemic. The training budget is centralised in Programme 1 for all employees within the department.

The focus in 2021/22, as in previous years, will be on the development and enhancement of technical and leadership skills at middle and senior management levels. This objective is to strengthen the ability of the department to respond to the demands of the environment within which it functions. The department will also continue its quest to build a leadership pipeline among women. The intention is to create women leadership cadre at middle management level that will advance to the senior management service cadre. It also intends to prepare those women that are already in the senior management service cadre for further advancement.
