1.1 Aligning departmental budgets to achieve government's prescribed outcomes

The priorities outlined within the National Development Plan (NDP), remains the over-arching plan that guides all interventions within the department.

The Covid-19 pandemic necessitates an MTEF allocation that would address broadly the impact of the virus, specifically the impact on the economy and the government's fiscus.

The department will endeavor to sustain service delivery on the current levels, despite the constrained resource envelope within which we must operate.

Our resource allocation is based on the attainment of the deliverables as set out in our annual performance plan, in pursuance of the goals as outlined in the NDP, within the available resource envelope.

The department contributes, directly and indirectly to five of the seven priorities i.e.:

- Priority 1: A Capable, Ethical and Developmental State
- Priority 2: Economic transformation and job creation
- Priority 3: Education, Skills and Health
- Priority 5: Spatial, Human Settlements and Local Government
- Priority 6: Social Cohesion and Safe Communities

2. Review of the current financial year (2020/21)

The declaration of a state of emergency and the implementation of the various lockdown levels necessitated a deviation from planned activities. The reduction of the 2020/21 allocation with an amount of R21 million, as our contribution towards the National Allocation to combat Covid-19, further contributed to adjustments to planned activities.

Resultantly the department focused on the following priorities for the period April to December 2020:

- The department continues to implement the Departmental Covid-19 risk adjustment plan, aimed at mitigating the effects of Covid-19 on the department and ensuring service delivery continues with minimal disruptions to operations;
- The department continued with our oversight responsibility over the South African Police Service, focusing specifically on the implementation of the Domestic Violence Act by SAPS in response to the "Second Pandemic" of Domestic Violence;
- Monitoring progress on the implementation of the firearm amnesty at selected police stations;
- Managed to perform monitoring tool assessments at identified police stations;
- Appointed one hundred (100) EPWP volunteers to assist in combatting of crime;
- Procured sanitizers for distribution to public transport service providers, as a preventative measure for Covid-19;
- Successfully hosted the Provincial Taxi Indaba in collaboration with other stake holders and
- Traffic officers joined other law enforcement agencies (SAPS, SANDF), manning roadblocks to enforce the restrictions imposed on travel, as part of lockdown; Traffic officers operated on a 24/7 shift system during these times.

3. Outlook for the coming financial year (2021/22)

National Treasury commenced with a process of fiscal consolidation to curtail the impact of Covid-19 on the economy. Resultantly the departmental allocation was reduced with an amount of R65.8 million over the 2021 MTEF, of which the largest portion of R53.1 million is mainly from compensation of employees, this implies that service delivery will be rendered with the current staff at our disposal and no filling of identified vacant funded posts over the 2021 MTEF.

The department plans to implement the following within the 2021/22 financial year:

- Strive for the attainment of an improved audit outcome, by redressing the high-risk areas of Irregular Expenditure, Unauthorised Expenditure and Fruitless and Wasteful expenditure;
- Improve the revenue collection of behalf of the Provincial Revenue Fund;
- Improve departmental information technology infrastructure;
- Improve staff moral by finalizing all labour related cases within the prescribed timeframes;
- Ensure 100 per cent compliance to the implementation of the Domestic Violence Act;
- Conduct safety audits at 60 schools within the province;
- Ensure there is victim friendly facilities at 91 police stations;
- Commence with the procurement phase for the De Aar Cargo Hub, to gauge interest from the private sector for the project;
- Gazette all qualifying applications for operating permits, received up to the end of 2020;
- Commission a feasibility study for a new weighbridge within the province, based on an PPP funding model;
- Continue with operations aimed at reducing the number of fatalities on our roads, by performing stop and search operations, as well as drunken driving operations; and
- Capacitate traffic law enforcement with the procurement of equipment (speed cameras, etc.).

4. Reprioritisation

The scope for reprioritisation within the 2021 MTEF is restricted due to the reduction of R65.8 million over the MTEF period. Reprioritisation was aimed, primarily, at mitigating the impact of the budget reduction, whilst still ensuring service delivery continues unhindered. The department managed to prioritise funding for the procurement of PPE's, upgrading of the departmental IT infrastructure and the procurement of equipment for traffic officials.

5. Procurement

Procurement will mainly focus on the day-to-day purchases less than R500 000 million. Planned procurement, exceeding R500 000 million for the 2021/22 financial year includes:

- R1.5 million for the procurement of PPE's for departments officials;
- R1.3 million for the upgrading of departmental IT infrastructure;
- R2 million for the capacitation of traffic officials (speed cameras, traffic lights, uniforms, etc.) and
- R2.2 million for the procurement of traffic vehicles.

6. **Receipts and financing**

6.1 Summary of receipts

Table 2.1 provides a summary of receipts.

The department's sources of receipts include equitable share and conditional grants namely Public Transport Operations Grant (PTOG) and the EPWP Social Sector Grant, of which equitable share is the main source of finance to departmental receipts.

As part of their fiscal consolidation National Treasury reduced the Provincial Equitable Share (PES), resulting in a proportional reduction of the departmental baseline amounting to R65.809 million over the 2021 MTEF. The reduction commences with R17.812 million for the 2021/22 MTEF year, R25.126 million for 2022/23 and R22.871 million implemented for 2023/24.

Comparative analyses between the 2020/21 and 2021/22 financial years will not be a true credible reflection on the departmental growth, due to the impact of Covid-19 on both financial years. Furthermore there is once-off funding of R11 million that is only allocated within 2020/21 or across the MTEF.

The growth within the equitable share is at 4.6 per cent per year due to earmarked funding for payment to SAPO as commission though the allocation being reduced, as part of the fiscal consolidation.

Table 2.2 : Summary of departmental receipts collection

The departmental own receipts grows by 17.3 per cent in 2021/22 from the 2020/21 main appropriation, and in 2022/23, 2023/24 the per centage growth is 8.2 and 16 per cent respectively.

The drastic per centage growth is as a results of the assumptions used for the revenue budget estimates, which includes amongst others, the live vehicle population statistics in the Northern Cape Province, the decrease in number of vehicle population and the initiative by the department to recover the penalties and arrears of the previous years. Even though the departmental revenue budget was adjusted downward due to COVID-19 pandemic, the department used the initial appropriated budget of R314 million as the revenue base.

The motor vehicle license renewal is the main contributor of own revenue generated in the Province, and is anticipated to grow by 19.3 per cent in 2021/22 and 8.4 per cent, 16.6 per cent in 2022/23 and 2023/24 respectively. The growth in 2021/22 is fairly high, this is as a results of the initiative by the department to collect the penalties and arrears which is long outstanding.

The collection of motor vehicle license renewal fees (MVL) is currently performed by the South African Post Offices across the Province, with exception of three (3) municipalities, where there are no SAPO outlets.

Sale of goods and services other than capital assets mainly comprises revenue from Driving Licence Testing Centers, Abnormal Loads and Operating License Permits, to mention just a few. The revenue trend fluctuates over the period due to the uncertain nature of this category. The budget grows in a negative per centage of 6.8 per cent in 2021/22, 4.3 per cent in 2022/23 and 4.5 per cent in the outer year of MTEF.

Abnormal Loads is the main source of revenue under the sales of goods and services other than capital assets. However due to the severe impact of COVID-19 pandemic in the economy of the country at larger, the department will closely monitor the collection of revenue generated from this item.

Fines penalties and forfeits is mainly the section 56 summons (traffic fines). The projections for 2021/22 is decreasing by 34.1, and over the MTEF the projection is growing by 4.4 per cent in 2022/23and 4.5 per cent in the outer year of MTEF.

Financial transaction in assets and liabilities is made up of accrued revenue which includes the staff debt and collection of long outstanding motor vehicle license fees (NaTIS debt). The Department has a potential to collect optimally under this item. Revenue enhancement initiatives and processes will be implemented to ensure that revenue is collected optimally, under this item. Provincial Treasury has appointed Ramothello Attorneys to trace and collect on behalf of government departments, all previous years' revenue, and all the debt that is due to the departments. The budget declines by 27.9 per cent in 2021/22, 4.4 per cent over the MTEF period, respectively.

6.3 **Donor funding**

The department does not receive any foreign donations.

7. **Payment Summary**

7.1 **Key Assumptions**

The following are the key assumptions taken into consideration when designing the budget:

- No allocation is made available to cater for Improvement of Conditions of Services (ICS);
- Provision is made for all contractual obligations;
- Additional funding of R60 million for SAPO commission over the 2021 MTEF.

7.2 **Programme Summary**

Table 2.3 provides a summary of payments and estimates by programme.

Programme1: Administration reflects a growth of R1.966 million or 1.6 per cent from the revised estimate of the 2020/21 financial year, to the allocation within the 2021/22 financial year.

The funding for commission is vested within this programme with allocations within the 2020/21, 2021/22 and 2022/23 financial years of R32 million, R30 million and R30 million respectively.

Programme 2: Civilian Oversight reflects an increase of R3.585 million or 13 per cent between the revised estimate of 2020/21 and the allocation for 2021/22. The increase is aimed at filling critical vacancies within the programme, in order to augment district offices by the appointment of district managers.

Programme 3: Transport Operations reflects a decrease of R8.261 million or 9.2 per cent between the revised estimate of 2020/21 and the allocation for 2021/22. The decrease is attributed to once-off funding of R10.8 million within the 2020/21 financial year. An amount of R10 million was allocated within 2020/21 as part of the funding for the key infrastructure project. The remainder of the once-off is attributed to roll-over funding received within 2020/21.

The increase within Programme 4: Transport Regulations of R6.458 million or 6.9 per cent, between the 2020/21 revised estimate and the allocation within the 2021/22 financial year, is due to the provision for operations of traffic officials.

Table 2.4 provides a summary of provincial payments and estimates by economic classification.

Compensation of employees reflects a marginal decrease of R0.820 million when compared to the revised estimates of 2020/21 financial year due to the impact of the fiscal consolidation implemented by National Treasury.

Compensation of employees is reduced with R53.194 million over the MTEF, commencing with an amount of R15.145 million in 2021/22, as well as R21.590 million within 2022/23 and R16.459 million in 2023/24.

A comparison between the 2020/21 revised estimate and 2021/22 allocation for goods and services reflects a decrease of R4.590 million. The reduction is due to the once-off amounts of R18 million within 2020/21. The amount consist of key infrastructure projects (R10 million), R2 million less for commission (R32 million within 2020/21, compared to R30 million within 2021/22), R2 million EPWP Integrated Grant and R4.2 million for the PTOG Grant.

The portion of the goods and services allocation committed to the payment of statutory obligations (contractual) is 64.5 per cent or R36.4 million, from a goods and services allocation of R56.543 million, after commission.

Transfers and subsidies reflect an increase of R6.023 million or 10 per cent, from the 2020/21 revised estimate to the 2021/22 financial year. The above inflationary increase is due to a change in the allocation of the Public Transport Operators Grant (PTOG), from 2020/21 to 2021/22. In the 2020/21 financial year a portion (R4.2 million) of the PTOG Grant was allocated within goods and services, whilst in the 2021/22 financial year the entire allocation is allocated within transfers and subsidies.

The Public Transport Operations Grant (PTOG) allocation is part of transfer payments and it constitutes 96.9 per cent or R63.854 million of the transfers and subsidies allocation.

Payments for capital assets reflects an increase of R3.135 million from the revised estimate of 2020/21 to the 2021/22 financial year. The increase is due to provision of R2.284 million for the procurement of vehicles for traffic officers, as well as R0.8 million for the procurement of traffic equipment. The funds for the capacitation of traffic officers with new vehicles and equipment, is allocated across the 2021 MTEF.

7.4 Infrastructure Payments

7.4.1 Departmental Infrastructure payments

No planned infrastructure spending over the 2021 MTEF and to note that the department previously spent R0.400 million in the 2017/18 financial year towards maintenance and repairs of office accommodations.

7.5 Departmental Public Private Partnership (PPP) Projects

There are no funded Public Private Partnership projects in 2021/22 financial year. The department however continues with the feasibility studies on the establishment of a deep sea port in Boegoebaai and a freight and logistics hub in De Aar to operate on a PPP model.

7.6 Transfers

7.6.1 Transfers to public entities

The department does not have any transfers to public entities.

Table 2.12.3 : Summary of payments and estimates by economic classification: Programme 3: Transport Operations

The allocation for compensation of employees is relatively unchanged, as the programme has no vacancies, hence no budget reduction could be implemented.

Goods and Services decreased by an amount of R14.999 million due to the once-off allocation within the 2020/21 financial year. The once-off allocations relate to R10 million for the feasibility studies on the key infrastructure projects of Boegoebaai port and the De Aar cargo hub.

The remainder of the R4 million is attributed to the procurement of PPE's for public transport operators.

The allocation under transfers and subsidies make provision for the Public Transport Operators Grant. Funding is normally allocated exclusively within transfers and subsidies, however in the 2020/21 financial year, permission was granted for the procurement of PPE's.

Table 2.10.4 : Summary of payments and estimates by sub-programme: Programme 4: Transport Regulations

The programme reflects an increase of R6.458 million or 6.9 per cent from the 2020/21 revised estimate to the 2021/22 financial year.

The most notable growth is within the sub programme Traffic Law Enforcement, which increases by R5.626 million or 7.1 per cent, from the 2020/21 revised estimate, to the 2021/22 financial year. The above-inflationary increase is due to provision being made for the capacitation of traffic officers with equipment and vehicles.

Table 2.12.4 provides summary of payments and estimates by economic classification.

The majority of personnel are appointed within the programme, resultantly the reduction due to fiscal consolidation, has a severe impact on this programme.

The goods and services line item reflects an increase of R5.656 million from the 2020/21 revised estimate, to the 2021/22 allocation. Increase appears to be excessive as the 2020/21 allocation was reduced by R5.939 million due to Covid-19 pandemic. If increases were to be compared to the original goods and services allocation, then the increase would be marginal at R0.717 million.

The capital allocation reflects an increase of R2.693 million, as provision is made for the procurement of traffic vehicles and equipment.
