## Sport, Arts and Culture

Operational budget	R1 487 077 205
MEC remuneration	R 1 977 795
Total amount to be appropriated	R1 489 055 000
Responsible MEC	MEC for Sport, Arts and Culture
Administering department	Sport, Arts and Culture
Accounting officer	Head: Sport, Arts and Culture

### 1. Overview

#### Vision

The vision of the department is: *A healthy, creative, winning and socially cohesive province through sport, arts, and culture.*

#### Mission

The department's mission is: *To transform the sport, arts and cultural environment through integrated, sustainable, capacity development programmes for all citizens, by ensuring equitable access to opportunities to create a healthy, creative and prosperous society through the alignment to government outcomes so as to improve the quality of life of all the citizens of KwaZulu-Natal.*

#### Strategic outcomes

The Department of Sport, Arts and Culture's strategic policy direction is to build:

- Compliant and responsive governance.
- Increased economic contribution of the sport, arts and culture sector to address poverty, unemployment and inequality.
- A diverse, socially cohesive and moralistic society with a common identity and national pride.
- Increased participation of communities to develop a creative, active, healthy and winning province.

#### Core functions

The core functions of the department encompass the development and promotion of arts, culture, museum, archive, library, sport and recreation services.

#### Legislative mandates

The department is governed by the following pieces of legislation and policy directives:

- The Constitution of the Republic of South Africa (Act No. 108 of 1996)
- Culture Promotion Act (Act No. 35 of 1993)
- Cultural Affairs Act (Act No. 65 of 1989)
- Cultural Institutions Act (Act No. 119 of 1998)
- South African Geographical Names Council Act (Act No. 118 of 1998)
- National Language Policy Framework, 2003
- Pan South African Language Board Act (Act No. 59 of 1995)

- KwaZulu-Natal Parliamentary Official Languages Act (Act No. 10 of 1998)
- KwaZulu-Natal Libraries Act (Act No. 18 of 1980)
- Public Service Act (Act No. 103 of 1994, as amended) and Public Service Regulations of 2001
- Labour Relations Act (Act No. 66 of 1995)
- Employment Equity Act (Act No. 55 of 1998)
- Public Finance Management Act (Act No. 1 of 1999, as amended), and Treasury Regulations
- KZN Provincial Supply Chain Management Policy Framework of 2006
- Preferential Procurement Policy Framework Act (Act No. 5 of 2000)
- Intergovernmental Relations Framework Act (Act No. 13 of 2005)
- Natal Provincial Museum Ordinance (Ordinance 26 of 1973)
- KwaZulu-Natal Archives and Records Services Act (Act No. 8 of 2011)
- Annual Division of Revenue Act
- KwaZulu-Natal Heritage Act (Act No. 4 of 2008)
- KwaZulu-Natal Amafa and Research Institute Act (Act No. 5 of 2018)
- Boxing and Wrestling Control Amendment Act (Act No. 136 of 1998)
- National Sport and Recreation Act (Act No. 110 of 1998)
- National Sport and Recreation Amendment Act (Act No. 18 of 2007)
- Safety at Sports and Recreational Events Act (Act No. 2 of 2010)
- South African Boxing Act (Act No. 11 of 2001)
- South African Institute for Drug-Free Sport Act (Act No. 14 of 1997)
- South African Sports Commission Amendment Act (Act No. 33 of 1999)
- South African Sports Commission Act (Act No. 109 of 1998)
- South African Sports Commission Second Amendment Act (Act No. 57 of 1999)

The process of promulgating the KZN Provincial Languages Bill had to be recommenced due to only two of the three approved languages being included in the KZN Provincial Languages Bill, 2020. The department began the process of sourcing the service providers who will undertake this work in 2022/23 and this will be finalised in 2023/24.

The following bills have not yet been enacted and they are under the jurisdiction of the National Department of Sport, Arts and Culture:

- Fitness Industry Regulatory Bill, 2017 (This bill will be passed into regulations under the National Sport and Recreation Amendment Bill, 2020, once enacted)
- National Sport and Recreation Amendment Bill, 2020
- The South African Combat Sport Bill, 2015

## **2. Review of the 2021/22 financial year**

Section 2 provides a review of 2021/22, outlining the main achievements and progress made by the department during the year, as well as providing a brief discussion on challenges and new developments.

### ***Merger of the Department of Sport and Recreation with the Department of Arts and Culture***

The Departments of Sport and Recreation and Arts and Culture amalgamated with effect from 1 April 2022, and this is the first joint budget of the amalgamated department. The departments were previously referred to as Vote 10: Sport and Recreation and Vote 15: Arts and Culture. The amalgamated department is now known as Vote 10: Sport, Arts and Culture. The process of amalgamation was conducted by the Provincial Macro-organisation of Government (PMOG) Steering Committee which is chaired by the Office of Premier (OTP), with Provincial Treasury as the Deputy Chair.

### ***Arts and culture***

The department did not commence refurbishment of the Winston Churchill Theatre, as well as the construction of the uThungulu Art Centre and the Osizweni Art Centre in 2021/22 due to the appointment of the contractors not being finalised. The project manager for the construction for the refurbishment of the Winston Churchill Theatre was appointed, however, the appointment of a contractor was not finalised due to delays in the SCM processes. This was largely due to SCM capacity constraints in the department. The appointment was finalised in the last quarter of 2021/22. The department supported 33 organisations that assist in fulfilling the arts and culture mandate. These include The Playhouse Company, the KZN Philharmonic Orchestra, various community art centres and event companies which host departmental festivals and concerts. In addition, the department provided 20 marketing opportunities in the form of festivals and exhibitions, hosted 15 community dialogues and trained 415 artists on various arts disciplines, to date. All planned *Imikhosi* events, such as uMkhosi kaNomkhubulwane, uMkhosi weSivivane, Siyaya eMhlangane and uMkhosi woMhlanga Ngwavuma/Nyokeni, planned to take place in August and September 2021, were cancelled. This was due to the succession issues that arose within the Royal Household, following the death of His Majesty, the King. In addition, this was due to the Royal Household observing a mourning period for His Majesty, the King and Queen Mantfombi Dlamini-Zulu. The Social Cohesion and Moral Regeneration Council conducted 15 community conversations, to date, with the aim of bridging cultural, racial and generational divides.

### ***Language services***

The Language Policy has to be reviewed by the department every five years. The initial KZN Languages Bill was completed in 2020/21, however, the promulgation of the bill in 2021/22 was delayed due to the discovery that the bill, although approved by the Provincial Executive Council, included only two languages, namely English and IsiZulu, which was contrary to the approved three languages, namely English, IsiZulu and Afrikaans. The department will thus recommence the process of promulgation of this bill in 2022/23. The department began the process of sourcing the service providers to undertake this work and this process will be finalised in 2022/23 with work on the bill commencing in 2022/23 and anticipating completion in 2023/24. The department sponsored the writing and publishing of three books, two non-fiction and one fiction written in IsiZulu in the year under review. The beneficiaries came from previously marginalised groups. The department also supported the “One township, one book” initiative and, to date, three books have been published under this programme out of four targeted for the year. The Translation Day Celebration was hosted in September 2021 and the International Mother Tongue Day is scheduled for February 2022. The department translated, edited, and interpreted 133 documents for departments such as, the Department of Social Development, OTP and Transport.

### ***Museum services***

The department staged two exhibitions, namely in honour of Charlotte Maxeke and John Langalibalele Dube in commemoration of 150 years since their birth. The department hosted the Annual Isandlwana Commemoration online in line with Covid-19 restrictions. The digitisation project of the museum artefacts that started a couple of years ago continued, with 1 250 museum artefacts already digitised, to date. Two time-travel projects were implemented i.e. John Langalibalele Dube and Gender Based Violence, as planned for 2021/22.

### ***Library services***

The department conducted 16 reading and understanding sessions. The public was allowed to connect to the public library wi-fi for a period of 45 minutes per device at no charge in all 167 libraries in 11 districts. During the lockdown period when libraries were closed, people could connect to wi-fi from outside the library and when the lockdown restrictions were eased, only a certain number of people could come inside the library, so those who were outside at the parking or close to connection to wi-fi could access the internet. This also attracted more people than usual to library services, however the 45-minute restriction assisted in the service not being abused. This was done in order to allow social distancing as a result of the Covid-19 pandemic. During the period under review, the department connected 162 libraries to internet services out of a target of 167.

### ***Archives***

The department conducted nine records management training and six oral history projects in 2021/22. The six oral history projects were on the following themes – People with Disability, Indigenous Knowledge

Systems, Impi Yensangu, Clergy and Church History and the Liberation/Resistance Struggle. The department recorded the oral history of iNkosi Buzetsheni Mdletshe, who was famous for working with the late His Majesty, the King, Goodwill kaBhekuzulu. The department implemented 25 “I am the flag” campaigns in various schools, such as Mbopha High School, Charlestown High School and Riverdene Secondary School. These campaigns have to do with the promotion of the national symbols and orders with the aim of promoting national identity and social cohesion, such as the national fish, bird, flag, etc.

***Community Library Services grant***

There were delays in the procurement of library books due to the process of aligning the procurement of library books to the SCM procurement processes taking longer than anticipated. The department’s procurement of library books process was disclosed as irregular by the A-G in 2019/20. The department completed the new procurement process during the year and is in the process of procuring library books. Approximately 231 libraries benefitted through transfer payments to municipalities in respect of staffing and operational costs. The department ensured that 157 libraries have internet connectivity out of 161 libraries targeted. The remaining four libraries will be connected as soon as they reach practical completion stage. The department reduced the target from 167 to 161 in 2021/22.

***KwaZulu-Natal Amafa and Research Institute (Amafa)***

During 2021/22, as a part of the maintenance and refurbishment work at the Isandlwana battlefield site, Amafa reconstructed parts of the stone wall, repaired roads in and around the centre and battlefield, as well as completed the stabilisation of the battlefield to prevent soil movement or sliding of the rift walls, and revamping of the graves and markers on the battlefield. In addition, as a part of compliance and safety measures, the entity burnt the necessary firebreaks in the area, to protect not only the Amafa site, but also the neighbouring properties.

On site accommodation on the periphery of the Ondini Historic Reserve was renovated in order to create a stay-over facility for staff and guests (researchers, appointed workers, paying visitors) when necessary. Furthermore, the unused and derelict foreman’s house on the precinct was demolished with the intent to replace it with a storage building. The planned rewiring of the museum and administrative blocks could not be done, as these tasks proved to be much larger tasks than initially anticipated. Instead, resources were reprioritised from these projects toward the renovation and revamp of the Nodwengu site, to install fencing around the site, and to clean up the entire site. Furthermore, the re-thatching of the Nodwengu, the Ondini and the Multi-Media Centre traditional huts was successfully completed.

At Spioenkop, the paving of the car park area was completed as planned. Due to the access road that connects the main road to the site being a district road, Amafa was not able to obtain the necessary permit to perform maintenance work, and could only compact the gravel road. Maintenance work continued, and this included site clean-ups, repairs to monuments and memorials, and maintenance of damaged fences.

With the appointment of the new Council and the Head of Secretariat and Administration in 2020, the marking project was restructured to now encompass ancestral, community interest and liberation sites. Amafa was able to exceed the target of four markers, to achieve a total of sixteen markers being installed.

Due to the Covid-19 pandemic, the educational and school outreach programmes could not be undertaken, but the entity completed three outdoor commemorative (historic) day events, nine awareness outreach programmes and installed two temporary exhibits, one each at Ondini and the uMgungundlovu Multi-Media Centre. All outreach programmes undertaken were done strictly within national lockdown regulations. In addition, the entity launched a new initiative, called “I am the flag” workshops. Five open-air events were held with the aim of helping the youth to better understand the symbolism of the national flag and the history and ethos attached thereto.

Despite the fact that the research function was understaffed, the entity managed to start and complete some research projects, such as the Adams College and the Bergville research surveys. In addition, two research publications were generated, one of which documents the life and times of Charlotte Maxeke, and the second one was the Book of Clan Songs.

A new initiative was undertaken during the year, i.e. the nomination of sites for Grade I status (this means having national significance and being afforded protection as such). In this regard, four such sites were nominated, and these were DCO Matiwane, Selby Msimang, the King Shaka and the Border Cave site.

### ***Infrastructure planning and development***

The department installed 11 children's play-gyms in Early Childhood Development (ECD) centres as part of the Learn and Play programme. The department continued with the construction of four district fitness complexes in the uMzimkhulu, Alfred Duma and uMhlathuze Municipalities, as well as in Newcastle. The department facilitated the provision of new sport and recreation facilities and repairs to existing facilities. The department constructed 26 multi-purpose courts providing for basketball, volleyball/tennis and netball in schools across all districts in the province.

### ***School sport***

Due to the Covid-19 restrictions, the department faced challenges in the delivery of district, provincial and national school sport competitions, in line with the Mass Participation and Sport Development (MPSD) grant. These competitions are normally divided into Winter, Summer and Autumn Games, to coincide with the sport code seasons. District and provincial competitions were held, but at a lower level of participation than normal. The department provided 460 schools with sport equipment and sport attire to conduct school sport activities. The department appointed 171 school sport assistants on contract to support the delivery of the school sport programme through the MPSD grant. Training was given to 545 educators and volunteers in coaching, technical officiating and team management. The department targeted to train 517 educators and 157 school sport co-ordinators.

### ***Club development***

The club development programme continued to be an essential part of the mass participation programme, which is aimed at increasing participation in sport and recreation at local level, in order to develop age-group leagues that can affiliate to the local code associations, particularly in the impoverished wards in the province. The programme was implemented with the assistance of 38 contracted sport assistants. The programme was severely curtailed due to Covid-19 restrictions for a large part of the year, but did manage to start up again in the latter part of 2021. The department provided equipment and attire to nearly 1 019 clubs in 85 leagues, primarily in football and netball, to date. Capacity building was provided to 353 coaches, administrators and technical officials involved in the clubs and leagues. The department had targeted to provide equipment to 1 100 clubs in 110 leagues.

### ***Academies and high-performance sport system***

The department provided support to 10 sport academies, such as the new KwaMsane Academy in the uMkhanyakude Municipality. The KwaMsane High Performance Centre was equipped with high performance strength and fitness equipment in 2021/22. The department plans to make one of the eleven sport focus schools an anchor tenant of the centre. Due to restrictions within academies, there were fewer athletes supported by the sport academies, with just over 250 being enrolled in the academies in 2021/22. The department had targeted to support 550 athletes. Eleven sport focus schools were supported to nurture and develop talented athletes identified through the school sport and club development talent identification programmes. Scientific and medical services was provided to 85 elite athletes through the Elite Athlete Development Programme (EADP). Twenty sport scholarships were provided to young, high performing athletes to assist in retaining talent within the province. Scholarships were awarded to learners who displayed exceptional sporting talent in prioritised codes of sport, as well as those who have made a significant contribution to sport through coaching and administration. The scholarships provide for tuition, accommodation, transport, technical support and nutrition. After several delays and changes of plans due to the Covid-19 restrictions, a successful KZN Sport Awards was held in November 2021.

### ***Community sport promotion and development (CSPD)***

The CSPD programmes focused on the transformation and development of sport, through the support of various sport code structures. Support was provided to over 60 sporting bodies, which include federations at a provincial and district level. Support was given in the form of transfer payments and *Goods and services*. The department provided support to federations to promote transformation as envisaged in the Sport Transformation Charter in respect of capacity building, developmental programmes, high performance programmes, hosting of major events, minor infrastructure and administration, as well as Corporate Social Initiatives. In addition, support was provided for mass-based events such as the district Youth Run and other development programmes in various sport codes, such as netball and football. The South African Local Government Association (SALGA) Games were cancelled in 2021 due to Covid-19

restrictions. The department targeted to train 1 000 coaches, technical officials, and administrators in capacity building programmes, and trained 590 coaches, technical officials and administrators, to date. Scientific and medical services were provided to 85 elite athletes through the EADP.

#### ***Strategic interventions***

The department continued to implement the water safety programme by training 110 Learn-to-Swim instructors from the previously trained water safety champions. The department continued to support the Siyabhukuda (Learn-to-Swim) holiday programme and provided support in the form of basic playing equipment to 350 community clubs and organisations outside of the formal sporting structures. Gender equity programmes were hosted to promote women in sport during women's month, and programmes for people with disabilities were delivered in all 11 districts. The department also focused on the anti-gender-based violence (GBV) campaign to address the alarming rise of violence against women and children and moral regeneration through the Sport Against Crime Programme. The department supported 10 major events that included boxing tournaments, working together with the KZN Boxing association, as well as the KZN Boxing Promoters association. The department targeted to support 795 community organisations at ward level with equipment and attire to encourage communities to play and be active, and supported 689 community organisations, to date.

#### ***Healthy lifestyles (Community recreation)***

Due to the ongoing repercussions of the Covid-19 pandemic, the department had to amend some of its normal delivery methods to ensure compliance to the various Covid-19 alert levels that changed at regular intervals throughout the year. Mass events were not permitted under the regulations, hence active events could only entail small groups of participants at a time. The department was targeting to reach over 100 000 participants in 2021/22 in various mass participation programmes and events, however just over half of this target could be reached. The department implemented its healthy lifestyle strategy through the implementation of various recreational events/programmes such as aero-marathons (aerobics) (virtually and physically), fitness clubs, as well as Work and Play programmes. These events were also used to raise awareness on GBV and Femicide and all other related incidents which undermine the safety of our communities. The healthy lifestyle strategy for the province, developed in partnership with the DOH, targets all citizens. The Siyadlala Mass Participation programme aims to get the nation to play in an effort to address the country's lifestyle diseases, such as high blood pressure, obesity and diabetes, and is also a mechanism to fight against crime by encouraging youth to engage in meaningful sport and recreation programmes. The programme targeted the youth, but specific recreational programmes also supported senior citizens through the Golden Games, children from ECD centres and Indigenous Games Clubs. The National Youth Camp which was held in 2021 had 100 youth from different backgrounds for dialogues on issues affecting their lives. The purpose of the camp is to teach young people leadership, life skills and national pride using practical lessons on social cohesion in a rural and outdoor environment through the sport programme, such as community recreation and organised recreation.

#### ***Organised recreation***

The department planned seven Organised Recreation programmes for the year, such as Indigenous Games, Golden Games, traditional horse racing, water safety, Work and Play employee programme, recre-hab programme and amabandla games. These programmes all took place under strict Covid-19 protocols and addressed key strategic goals such as, active healthy lifestyle, social cohesion, contribution to economic recovery and job creation and promotion of Indigenous Knowledge System (IKS). A new transfer payment was made to the Traditional Horseracing and Breeding Association which promotes the traditional horseracing breeding programme and the development of a stud book. A total of 330 recreation volunteers were trained while the recre-hab programme was taken to 36 correctional service centres and places of safety. In total, 104 senior citizen service centres were supported with equipment to promote an active lifestyle among the elderly.

### **3. Outlook for the 2022/23 financial year**

Section 3 looks at the key focus areas of 2022/23, outlining what the newly merged department is hoping to achieve during the year, as well as briefly looking at the challenges and proposed new developments. In 2022/23, the department will uphold its core mandate which is to develop and promote arts, culture,

museum, archive, library, sport and recreation services. The department will do this through the continuation of provision of provincialisation of libraries, as well as the construction of new libraries to increase the reach across the province, as well as the promotion of sport and recreation through the provision of various programmes to promote an active and healthy lifestyle and talent optimisation, with an emphasis on delivering programmes at a ward level through a ward intervention programme, whereas previously this was done at district level.

#### ***Arts and culture***

The department anticipates the commencement of the refurbishment of the Winston Churchill Theatre and the upgrade of the uThungulu Art Centre in 2022/23. The department will continue to support organisations that assist in fulfilling its mandate. These include The Playhouse Company, KZN Philharmonic Orchestra, various community art centres, and event companies which host departmental festivals and concerts. In this process, the department will also ensure that artists benefit equally in terms of income and exposure and that these lead to the creation of direct and indirect jobs. Approximately 40 community-based arts and culture organisations will benefit through transfers including grant-in-aid, 15 community structures will be supported and more than 22 marketing opportunities will be created for the creative industry. Adjoined to this will be the training of about 660 artists in various art genres. The department is planning on conducting 16 community dialogues implemented with a view to encouraging communities into becoming active and responsible citizens. A total of 12 significant days will be commemorated, with this aimed at contributing to nation building and social cohesion. This includes the commemoration of national days, such as Freedom Day, Heritage Day, King Shaka Day and Human Rights Day. The Social Cohesion and Moral Regeneration Council will continue to function with the aim of driving the implementation of the Social Cohesion and Moral Regeneration Strategy.

#### ***Language services***

The department will revive the process of promulgating the KZN Provincial Languages Bill that seeks to bring about equity in the provincial language sphere. Promotion of indigenous languages will be prioritised. Indigenous language writers will be supported through book writing competitions and assistance in publishing their work. Township/rural stories will be prioritised for support. The department targets to support at least three book writers from townships, with one book supported per year of the MTEF. The department will continue with the “Learn Another Language” programme which involves individuals learning another indigenous language (including sign language). The International Mother Tongue and Translation Day Celebrations will continue to be hosted by the department. The department will also offer translation, editing and interpreting services on a need’s basis.

#### ***Museum services***

The department plans to stage three exhibitions, namely *The Cannabis: Criminalisation, Decriminalisation and the New Dawn*, *Maritime: The Indigenous Communities and Maritime Activities*, and *Identity: Knowing People is Fundamental to Social Cohesion and Nation Building*. The department will provide financial and professional support and funding to 43 museums in the province. Digitisation of museum artefacts will continue. The programme on time travel will continue, such as time travel “Back to Bantu Education Act of 1953: Alternative Education Explorations” with an aim to re-enact past events thus creating interest in specific events by young people.

#### ***Library services***

The department will continue with the “reading for understanding programme” which targets children under 10 years of age, and library materials will be procured for use in this programme in identified libraries. Due to social distancing as a result of the Covid-19 pandemic, the department will continue to focus on providing online mediums for access to information, which would normally be obtained in public libraries. This will be done through e-books. There will be no additional costs, since internet connectivity is already provided.

#### ***Archives***

The department will provide records management training to 33 government bodies. In order to promote national symbols and orders, the department will accelerate the “I am the flag” campaign.

***Community Library Services grant***

The department will continue with assisting municipalities with funding for staffing and operational costs, with more than 200 libraries being beneficiaries. The department will procure 90 000 library books for public libraries. The review of the procurement process was completed in 2021/22. A total of 162 public libraries will have free internet connectivity installed. The department will continue to support the SA Library for the Blind which offers specialised services and will procure and supply library materials for the blind. The department will continue with the construction of libraries, such as Imbali, Cwaka, Shayamoya and KwaMdakane libraries.

***KwaZulu-Natal Amafa and Research Institute***

In 2022/23, Amafa will focus on the programmes and initiatives introduced by the Council. In addition, the filling of 22 vacant funded posts was approved, and this will be prioritised.

Staff capacitation and development initiatives will be undertaken in order to have an optimally operating and empowered labour component to drive the strategies of Amafa. In an effort to create local economic development opportunities, a target to create 160 job opportunities has been set. In addition, three sites, still to be identified, will be formally protected as provincial heritage sites, while a further two sites will be nominated as national heritage sites. These sites will be determined after public participation consultation processes and assessment of socio-economic factors, accessibility of sites, cultural and religious sensitivities, etc.

The entity is also anticipating to host five commemorative day celebrations. Among these will be International Monuments Day and Africa Day, both planned for May 2022, a week-long celebration commemorating “Ulundi Remembered” (a commemoration of the Battle of Ulundi) in July 2022, the Heritage Day Celebrations in September 2022 and King Cetshwayo Day in February 2023. Additionally, five “I am the flag” workshops will be hosted at various sites. Two heritage functions will also be held to handover heritage sites to the applicants and/or site owners, while the entity will expand its social outreach responsibility, with four initiatives planned. Two heritage and cultural exhibitions are also planned. The first display will be the King Cetshwayo exhibit at the uMgungundlovu Multi-Media Centre, and the second exhibition, also located at the uMgungundlovu Multi-Media Centre, will be the KwaGogo exhibition, which seeks to showcase the traditional values and culture that are imparted to youth *via* filial relations and bonding.

***Sport***

The department will provide support to federations to promote transformation as envisaged in the Sport Transformation Charter in respect of capacity building, developmental programmes, high performance programmes, hosting of major events, minor infrastructure and administration, as well as the Corporate Social Initiatives. Support will be provided to 50 sporting bodies, which include federations, at a provincial and district level. Support will be given in the form of transfer payments and *Goods and services*. Scientific and medical services will be provided to 100 elite athletes through the EADP. A total of 15 sport scholarships will be provided to young, high performing athletes who have displayed exceptional sporting talent in prioritised codes of sport. The scholarships provide for tuition, accommodation, transport, technical support and nutrition. The department targets to train 1 200 coaches, technical officials, and administrators in capacity building programmes. The department will support 14 major events that include boxing tournaments, derby matches and major road running, cycling and canoeing races, to lend support to the sport tourism sector.

The department will provide support to nine sport academies to provide a development pathway for athletes into the EADP. Twelve sport focus schools will be supported to nurture and develop talented athletes identified through the school sport and club development talent identification programmes. The academies programme will be rolled out in alignment with the KZN High Performance Strategy. The department will build 33 minor facilities consisting of combination courts and play-gyms, and will continue with the construction of four fitness centres in the uMzimbhulu, Alfred Duma and uMhlathuze Municipalities, as well as in Newcastle. Gender equity programmes will be hosted to promote women in sport during women’s month, and programmes for people with disabilities will be delivered in all 11 districts. The department will focus on the anti-GBV campaign to address the alarming rise of violence against women and children, focussing on moral regeneration *via* the Sport Against Crime Programme.

### **Recreation**

The department is targeting to implement seven organised recreation programmes for the year, such as the Indigenous Games, Golden Games, traditional horse racing, water safety, Work and Play employee programme, recre-hab programme and amabandla games. The department is planning on training 600 recreation volunteers, and the recre-hab programme will be taken to 32 correctional service centres and places of safety. Programmes to support the Indigenous Games and senior citizen activity programmes will be supported in all 11 districts. The traditional horseracing industry will be supported to create a viable value chain in job creation through entrepreneurial support programmes.

The department will continue to implement its healthy lifestyle strategy through the implementation of various recreational events/programmes, such as aero-marathons (aerobics) (virtually and physically), fitness clubs and Work and Play programmes. These events are also used to raise awareness on GBV and Femicide and all other related incidents which undermine the safety of our communities. The Siyadlala Mass Participation programme aims to get the nation to play in an effort to address the country's lifestyle diseases, such as high blood pressure, obesity and diabetes and is also a mechanism to fight against crime by encouraging youth to engage in meaningful sport and recreation programmes. The department will support 160 hubs.

The club development programme forms an essential part of the mass participation programme, which is aimed at increasing participation in sport and recreation at local level, in order to develop age-group leagues that can affiliate to the local code associations, particularly in the impoverished wards in the province. The programme will be implemented with the assistance of 65 contracted sport assistants. The department plans to provide equipment and attire to 1 300 clubs that participate in the leagues, primarily in football and netball.

### **School sport**

The department plans to provide 432 schools with sport equipment and sport attire to conduct school sport activities, with the assistance of 100 school sport assistants on contract. To support the running of school sport codes structures, the department will provide support to 50 structures. Training will be given to 550 educators and volunteers in coaching, technical officiating and team management, to assist in the delivery of school sport. The department will be primarily responsible for organising and supporting the school sport competitions at district, provincial and national levels, with 25 000 learners being targeted. This target is dependent on the easing of the Covid-19 restrictions.

## **4. Alignment of the budget to the NDP and MTSF**

The PGDS has been reviewed and incorporates the priorities of the MTSF 2019-2024, as amended. The revised MTSF 2019-2024 is also government's implementation plan of the NDP for the 6<sup>th</sup> Administration. The incorporation of the MTSF into the PGDS has strengthened the alignment of plans. The department's activities are mainly aligned to the following priorities:

- Priority 1: A capable, ethical developmental state.
- Priority 2: Economic growth and job creation.
- Priority 3: Education skills and health.
- Priority 6: Social cohesion and safe communities.

## **5. Reprioritisation**

The department reprioritised an amount of R10.872 million in 2022/23 and R10.201 million in 2023/24 to Programme 2: Cultural Affairs against *Goods and services* to provide for the hosting of major departmental events/programmes which will focus on social cohesion and moral regeneration, such as Human Rights Day, Freedom Day, the Reed Dance (*uMkhosi woMhlanga*), King Shaka Day Celebrations and the First Fruit Ceremony. The department is expanding these departmental events/ programmes to wards, whereas previously this was done at district level. These events will also now include capacity building programmes provided in partnership with interpreting services, reading clubs and author mentorship programmes. These funds were moved from Programme 1: Administration and Programme 3:

Library and Archive Services against *Compensation of employees* and *Transfers and subsidies to: Departmental agencies and accounts*. The decrease in the *Compensation of employees* budget is attributed to over-budgeting in the 2021/22 MTEF. The erstwhile Department of Arts and Culture had budgeted for growth of 19.8 per cent in 2021/22, 0.5 per cent in 2022/23 and 0.7 per cent in 2023/24. Although the department decreased the *Compensation of employees* budget over the 2021/22 MTEF due to the wage freeze, as instructed by National Treasury, the budget against *Compensation of employees* was still high. The resultant savings against *Compensation of employees* as a result of this over-budgeting amounts to R14.275 million in 2023/24 and R12.181 million in 2024/25. This also resulted in savings against *Transfers and subsidies to: Departmental agencies and accounts* under the skills development levy allocation in the amount of R142 000 in 2022/23 and 2023/24.

Further reprioritisation was effected within programmes and between economic classifications, which had no effect at programme level.

## 6. Procurement

The department will review all SCM policies, namely the SCM Policy, Asset Management Policy, Disposal Policy, Inventory Management Policy, Contract Management Policy, as well as SCM Delegations in order to develop and adopt new policies for the merged department. The new department will continue to intensify its efforts in ensuring that suppliers and service providers are paid within 30 days of receipt of invoice in line with Treasury Regulation 8.2.3. All quotations and bids will be awarded in a manner which is fair, equitable, transparent, competitive and cost effective. The department will also continue to enhance its compliance checklist to cater for new changes and instructions issued by National Treasury from time to time. The department will also continue to intensify its compliance with local content and production requirements by frequently accessing the Office of the Chief Procurement Officer to ensure that new applicable designated sections are implemented. The department will continue to make use of the Central Supplier Database (CSD) to select vendors when sourcing quotations for goods and services.

## 7. Receipts and financing

### 7.1 Summary of receipts and financing

Table 10.1 provides the sources of funding for Vote 10 over the seven-year period 2018/19 to 2024/25. The table also compares actual and budgeted receipts against actual and budgeted payments. Details of departmental receipts are given in *Annexure – Vote 10: Sport, Arts and Culture*.

The department receives a provincial allocation in the form of equitable share and national conditional grant allocations in respect of the MPSD grant, Community Library Services grant, the EPWP Integrated Grant for Provinces and the Social Sector EPWP Incentive Grant for Provinces.

**Table 10.1 : Summary of receipts and financing**

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates		
	2018/19	2019/20	2020/21				2021/22	2022/23	2023/24
Equitable share	1 092 768	1 159 237	871 999	1 193 273	1 193 273	1 193 273	1 200 333	1 206 739	1 271 942

<b>Surplus/(Deficit) after financing</b>	<b>27 921</b>	<b>36 602</b>	<b>21 896</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>

In 2018/19, the department received a roll-over of R20.931 million from 2017/18. Of this amount, R20 million relates to funding initially intended for the eThekweni Metro for the construction of a sport development centre. The Metro experienced challenges in terms of the site selected for the centre and the tenants at this location. As a result, the department requested for a change in purpose of these funds, and that the R20 million be allocated to them in 2018/19 to be used for the upgrade and renovation of existing sport facilities, including district fitness complexes in various municipalities. The balance of R931 000 was in respect of transfers to non-profit organisations, such as Byrne District Museum, Rorke's Drift Art Centre, Ezengenkatho Community Art Centre, Usiba Writers Guild and KwaCulture. The department under-spent against this category in 2017/18 as a result of non-compliance by these non-profit organisations, with regard to the departmental transfer policy, such as the submission of tax clearance forms. These documents were submitted after year-end.

An amount of R675 000 was received relating to sponsorships received from various organisations toward the department's annual KZN Sport Awards.

The amount of R5.630 million under *Suspension to future years* relates to the Winston Churchill Theatre and the establishment of the Archive Repository. These funds were suspended from 2017/18. With regard to the refurbishment of the Winston Churchill Theatre, the suspension was due to capacity constraints and, in relation to the Archive Repository, the department experienced challenges with regard to the completion of the feasibility study for the construction of the Archive Repository, as a result of delays in the acquisition of a preferred site.

The department under-spent by R27.921 million in 2018/19. Of this amount, R12.447 million was under-expenditure against Sport and Recreation, mainly as a result of delays in filling budgeted critical vacant posts, as well as delays in the finalisation of a new lease contract for the Pietermaritzburg head office. Arts and Culture under-spent by R15.447 million due to the department withholding transfers to organisations, art councils and the Rorke's Drift Art Centre as a result of non-compliance with the departmental transfer policy, as well as the delayed procurement of some library books.

In 2019/20, the department received a roll-over of R8.696 million from 2018/19 to 2019/20. Of this amount, R3.566 million was in respect of the lease contract for the Pietermaritzburg head office for Sport and Recreation, and for the advertisement of major departmental events. The balance of R5.130 million relates to the Arts and Culture roll-over for the construction of the Archive Repository.

An amount of R8.316 million reflected under *Suspension to future years* was in respect of the commencement of the Winston Churchill Theatre project, Osizweni Art Centre and Music Academy in Ladysmith. These funds were suspended from 2018/19 due to capacity constraints within the infrastructure unit of the department.

The department under-spent by R36.602 million in 2019/20, of which R28.830 million was in respect of the Community Library Services grant. This was largely as a result of delays in the construction of eight modular libraries, such as Mfekayo, Nibela, Mpembeni and Danny Dalton, as well as the procurement of computer equipment due to SCM capacity constraints within the department.

In 2020/21, the department received a roll-over of R25.459 million from 2019/20. Of this, R24.082 million was against the Community Library Services grant in respect of the construction of eight modular libraries, as mentioned. The balance of R1.377 million relates to computer equipment and software ordered from overseas before year-end, as well as motor vehicles ordered through the Department of Transport (DOT).

The under-expenditure of R21.896 million in respect of 2020/21 was largely as a result of lengthy internal recruitment processes. In addition, the department cancelled the 25<sup>th</sup> Year Commemoration of the Shobashobane Massacre and Human Rights Day Celebration, and also withheld some payments to beneficiaries with regard to phase three of the Provincial Relief Fund for artists adversely affected by the Covid-19 pandemic. These funds were to be released in three phases and certain criteria were set for identification of recipients. The department withheld some funds as the criteria in respect of awarding female crafters were not met by the applicants, hence the under-expenditure. The 25<sup>th</sup> Year Commemoration of the Shobashobane Massacre was cancelled due to the country being in adjusted

national lockdown level 3 at the time. The Human Rights Day Celebration event was cancelled due to the observation of a mourning period for his Majesty, the King, Goodwill Zwelithini Ka Bhekuzulu. In addition, the under-expenditure was due to the delayed purchase of computer equipment, toys, materials and furniture, and the procurement/installation of ICT systems for libraries was delayed as a result of the non-completion of modular libraries.

In 2021/22, the department was allocated an amount of R275 000 as sponsorships received for the KZN Sport Awards. The department also received a roll-over of R15.203 million in respect of the Community Library Services grant and this was allocated to *Buildings and other fixed structures* (R5 million) and *Machinery and equipment* (R10.203 million) against Programme 3: Library and Archive Services in respect of the construction of the Dukuduku library and the procurement of computer equipment, toys and materials, furniture, as well as ICT systems for libraries. The department is projecting a balanced budget in 2021/22 as per the December IYM.

There is low growth over the 2022/23 MTEF, attributed to the budget cuts effected by National Treasury against the equitable share over the 2021/22 MTEF. These cuts of R122.496 million, R175.904 million in 2022/23 and 2023/24, respectively, with carry-through were due to freezing salary increases, as well as fiscal consolidation. There were also budget cuts over the 2021/22 MTEF against the MPSD and Community Library Services grants. The department was allocated an amount of R165 000 in 2022/23 as sponsorships received for the KZN Sport Awards and this is shown against *Provincial cash resources*. These funds will be used for hosting the KZN Sport Awards in 2022.

## 7.2 Departmental receipts collection

Table 10.2 indicates the estimated departmental receipts for Vote 10. The main revenue sources of the department are fees in respect of the cultural hall and two campsites which fall under its control, as well as funds received from public libraries for lost/stolen library material. Details of departmental receipts are presented in *Annexure – Vote 10: Sport, Arts and Culture*.

**Table 10.2 : Summary of departmental receipts collection**

R thousand	Audited Outcome			Main	Adjusted	Revised	Medium-term Estimates		
	2018/19	2019/20	2020/21	Appropriation	Appropriation	Estimate	2022/23	2023/24	2024/25
Tax receipts	-	-	-	-	-	-	-	-	-
Casino taxes	-	-	-	-	-	-	-	-	-
Horse racing taxes	-	-	-	-	-	-	-	-	-
Liquor licences	-	-	-	-	-	-	-	-	-
Motor vehicle licences	-	-	-	-	-	-	-	-	-
Sale of goods and services other than capital assets	695	557	524	628	628	586	569	595	614
Transfers received	375	275	-	-	-	165	-	-	-
Fines, penalties and forfeits	69	58	21	86	86	74	26	26	27
Interest, dividends and rent on land	519	73	6	43	43	20	6	8	8
Sale of capital assets	-	-	447	312	312	4 630	53	55	57
Transactions in financial assets and liabilities	746	136	542	418	418	805	316	283	283
<b>Total</b>	<b>2 404</b>	<b>1 099</b>	<b>1 540</b>	<b>1 487</b>	<b>1 487</b>	<b>6 280</b>	<b>970</b>	<b>967</b>	<b>989</b>

- *Sale of goods and services other than capital assets* is derived from parking fees, tender fees, commission received on insurance premiums and garnishee orders, and rental from officials occupying state houses and the department's community hall and campsites. The revenue fluctuates over the seven-year period due to the poor condition of the hall and campsites, which make it difficult to budget for this source.
- *Transfers received* relates to sponsorships and donations received from various organisations toward the department's annual KZN Sport Awards. This category is usually not budgeted for as it is difficult to accurately project for.
- *Fines, penalties and forfeits* is derived from fines levied for lost and late library items, such as books. The low collection in 2020/21 was due to the fact that the libraries were closed during the initial stages of the national lockdown and only re-opened under level 1 of the national lockdown. The low budget over the MTEF relates to the fact that the libraries are now not fully utilised due to the Covid-19 regulations, and also because security measures have been put in place which have reduced the theft of library books.

- Revenue from *Interest, dividends and rent on land* relates to interest charged on supplier debts and on breach of contracts. The department is very conservative in terms of budgeting for this source due to its unpredictable nature.
- Revenue against *Sale of capital assets* is derived from the sale of redundant motor vehicles and office equipment. The high collection in the 2021/22 Revised Estimate relates to the sale of redundant motor vehicles by the Department of Arts and Culture, which was higher than anticipated. The department budgets conservatively for this category over the MTEF as it depends on the volume of fleet, as well as the performance of auctions.
- Revenue from *Transactions in financial assets and liabilities* relates to the recovery of prior years' expenditure such as salary over-payments and over-paid suppliers, breached bursary contracts, etc. The department is very conservative in terms of budgeting for this source due to its uncertain nature.

### 7.3 Donor funding – Nil

## 8. Payment summary

This section provides information pertaining to the Vote as a whole at an aggregated level, including payments and budgeted estimates in terms of programmes and economic classification. Further details are given in Section 8 as well as in the *Annexure – Vote 10: Sport, Arts and Culture*.

### 8.1 Key assumptions

The department applied the following broad assumptions when compiling the budget:

- All inflation related increases are based on CPI projections.
- Over the 2022/23 MTEF, National Treasury has provided provinces with the budget for the cost of living adjustment, however this is not yet allocated to departments until the current wage agreement (2022) is finalised. Allocations will take place in-year after assessing how much is needed per Vote and taking into account savings from vacancies. With regard to the non-implementation of the last leg of the 2018/19 agreement, the government won this matter in court, and the unions lost their appeal to the Constitutional Court, thus the wage freeze remains in place. In this regard, National Treasury reduced the province's baseline against *Compensation of employees* over the 2021/22 MTEF in respect of freezing salary increases, as well as additional reductions implemented to support fiscal consolidation. Additional funds were allocated in 2021/22 by National Treasury when an agreement was reached with the unions that there would be increases. However, only the non-pensionable cash allowance was funded.
- The department budgeted to fill 127 posts in 2021/22. Provincial Treasury supported the filling of 48 attrition posts and 38 new critical vacant posts in 2021/22 after assessing the affordability of the posts, however, the Office of the Premier only approved the filling of eight posts in 2021/22 under the Community Library Services grant. The approval of only a few posts to be filled was based on the fact that the merged department had not concluded the merged organisational structure when the request to fill additional posts was submitted and, in order to avoid duplications in posts post-merger, the Office of the Premier only approved the filling of some posts until the new organogram has been finalised. The department included the 1.5 per cent pay progression in the budget. The department has budgeted adequately for the new structure.
- No salary increases have been budgeted for in 2022/23 and 2023/24 in line with National Treasury guidelines.
- The expanded cost-cutting measures, as reissued by Provincial Treasury in 2021/22, will continue to be adhered to over the 2022/23 MTEF, in conjunction with National Treasury Instruction Note 03 of 2017/18: Cost containment measures. This circular will be updated in April 2022 and issued to departments and public entities to comply with.

- The department received a budget of R2.108 million for 2022/23 for the EPWP Integrated Grant for Provinces and this is used to employ 40 contract employees to continue to assist in the administration of the Infrastructure, SCM and Budgeting and Accounting units. The department also received R2.280 million against the Social Sector EPWP Incentive Grant for Provinces for the appointment of 86 Healthy Lifestyle Co-ordinators and School Sport Co-ordinators who administer and host tournaments/championships on the various sport codes, such as netball and indigenous games in schools. Following the recently held Provincial Executive Council Lekgotla, the department has identified a further R7 million to supplement the EPWP Integrated Grant for Provinces and R1.135 million to supplement the Social Sector EPWP Incentive Grant for Provinces through internal reprioritisation. These funds will be used to employ 222 contract employees as Library Processors, Library Practitioners and Library Assistants under the EPWP Integrated Grant for Provinces to assistant in public libraries and 43 Sport Assistants under the Social Sector EPWP Incentive Grant for Provinces who will administer hosting of tournaments/championships on the various sport codes, such as netball and indigenous games in schools.

## 8.2 Amendments to provincial and equitable share funding: 2020/21 to 2022/23 MTEF

Table 10.3 shows the amendments to provincial and equitable share funding over the 2020/21, 2021/22 and 2022/23 MTEF periods, and excludes conditional grant funding. The carry-through allocations for the outer year (i.e. 2024/25) are based on the incremental percentage used in the 2022/23 MTEF.

**Table 10.3 : Summary of amendments to provincial and equitable share allocations for the 2020/21 to 2022/23 MTEF**

	2020/21	2021/22	2022/23	2023/24	2024/25
<b>2020/21 MTEF period</b>	<b>(34 825)</b>	<b>(24 249)</b>	<b>(29 389)</b>	<b>(30 682)</b>	<b>(32 062)</b>
Fiscal Consolidation and PES formula updates budget cuts	(3 992)	(19 158)	(27 036)	(28 225)	(29 495)
Adjustment to COE (due to revised CPI inflation projections)	(2 572)	(2 738)	-	-	-
Archive Repository - suspended from 2020/21 and held in PRF	(25 908)	-	-	-	-
Budget cut due to low COE spending	(2 353)	(2 353)	(2 353)	(2 457)	(2 567)
<b>2021/22 MTEF period</b>	<b>-</b>	<b>(92 646)</b>	<b>(119 040)</b>	<b>(170 686)</b>	<b>(178 457)</b>
Fiscal Consolidation budget cut		(40 947)	(43 158)	(78 056)	(81 569)
Compensation of employees budget cut (wage freeze and fiscal consolidation)		(56 180)	(80 559)	(99 354)	(103 825)
Compensation of employees budget cut reversal due to CG COE		2 206	2 677	-	-
Adjustment to outer year		-	-	4 724	4 937
KZN Sport Awards sponsorship (collected in 2019/20)		275	-	-	-
District Champion of OSS/DDM responsibilities		2 000	2 000	2 000	2 000
<b>2022/23 MTEF period</b>			<b>165</b>	<b>-</b>	<b>-</b>
KZN Sport Awards sponsorship (collected in 2021/22)			165	-	-
<b>Total</b>	<b>(34 825)</b>	<b>(116 895)</b>	<b>(148 264)</b>	<b>(201 368)</b>	<b>(210 519)</b>

In the 2020/21 MTEF, the department's budget was reduced by R34.825 million. Of this, R3.992 million, R19.158 million and R27.036 million over the MTEF was cut due to the fiscal consolidation cuts made by National Treasury and the annual data updates to the PES formula, as well as the CPI inflation projections being revised downward. The department's budget was reduced by R2.572 million and R2.738 million in 2020/21 and 2021/22 respectively due to the CPI inflation projections being revised downward from 5.5 to 4.8 per cent.

There were also budget cuts of R2.353 million per year over the MTEF as a result of low spending by the department against *Compensation of employees*. In addition, the department's budget was reduced R25.908 million which was originally allocated for the construction of the Archive Repository but was removed from the department's budget as the project was showing no progress. The department effected the budget cuts across all programmes and economic classifications.

In the 2021/22 MTEF, departments were required to cut their equitable share allocation as a result of National Treasury cutting provincial budgets by freezing salary increases, as well as additional reductions implemented to support fiscal consolidation. The department's equitable share budget was cut by R97.127 million, R123.717 million and R177.410 million, in each year of the MTEF. The department effected the budget cuts against all programmes and economic classifications, with the bulk of the cut being effected against *Compensation of employees*.

The above budget cuts were offset by the following additional allocations over the 2021/22 MTEF:

- Amounts of R2.206 million and R2.677 million were allocated to the department as a reversal of the budget cuts made to the *Compensation of employees*' budget against the provincial equitable share allocation. National Treasury recognised that some staff are remunerated from the conditional grant allocation. The department allocated these funds against *Compensation of employees* under Programme 1 for the appointment of interns.
- R4.724 million was allocated in 2023/24, with carry-through, relating to an adjustment made to the outer year. This was allocated to Programme 1 against *Compensation of employees* in respect of the appointment of interns, as well as any posts which will arise after the merger of the two departments.
- The department was allocated an amount of R275 000 in 2021/22 with respect to the KZN Sport Awards sponsorship which was received by the department in 2019/20.
- R2 million in each year of the 2021/22 MTEF was allocated toward the District Champion of OSS/DDM responsibilities. This was allocated to Programme 2 against *Goods and services* under agency and support/outsourced services, transport provided: departmental activity and rental and hiring in respect of projects undertaken by the MEC.

In the 2022/23 MTEF, the department was allocated R165 000 for the KZN Sport Awards sponsorship which was received in 2021/22.

### 8.3 Summary by programme and economic classification

Tables 10.4 and 10.5 provide a summary of payments and budgeted estimates by programme and economic classification, respectively, for the period 2018/19 to 2024/25. The programmes of the department are aligned to the uniform programme and budget structure for the Sport, Arts and Culture sector.

**Table 10.4 : Summary of payments and estimates by programme: Sport, Arts and Culture**

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates		
	2018/19	2019/20	2020/21	2021/22			2022/23	2023/24	2024/25
1. Administration	236 811	232 374	226 830	286 914	291 267	291 267	280 759	290 462	299 662

The decrease in 2020/21 against Programme 1 is attributed to the budget cuts effected against the department's budget in the Special Adjustments Estimate to provide for the provincial response to Covid-19. The increase in the 2021/22 Adjusted Appropriation is due to reprioritisation of funds from Programme 2 against *Goods and services* due to the cancellation of the planned *Imikhosi* events as a result of succession issues that arose within the Zulu Royal Household, as well as observation of the mourning period for His Majesty, the King and Queen Mantfombi Dlamini-Zulu. These funds were moved for the security services contract for completed libraries, the purchase of equipment and new motor vehicles for the regional offices and purchase of software which were under-budgeted for. The decrease in 2022/23 is mainly attributed to the department not budgeting for new motor vehicles from 2022/23 onward due to the department having recently bought new vehicles in 2021/22. The department prioritised to fill 49 critical vacant posts over the 2022/23 MTEF against this programme, including Director: Executive Support, Director: Corporate Strategy and Director: Financial Management Support over the MTEF. The department is still in the process of finalising the organisational structure of the newly merged department.

Programme 2 reflects a decrease in 2020/21 due to the budget cuts effected against the department's budget in the Special Adjustments Estimate to provide for the provincial response to Covid-19. The decrease in the 2021/22 Adjusted Appropriation is due to reprioritisation of funds to Programme 1 as a result of the cancellation of the planned *Imikhosi* events, as explained. There is a fluctuating trend over the MTEF due to the 2021/22 MTEF budget cuts implemented against *Compensation of employees, Goods and services, Transfers and subsidies to: Departmental agencies and accounts, Transfers and subsidies to: Public corporations and private enterprises* and *Transfers and subsidies to: Non-profit institutions*. The department has budgeted to fill 27 critical vacant posts against this programme in 2022/23, such as Director: Arts Development and Heritage Services, Deputy Director: uMzinyathi District and Deputy Director: Amajuba District and these posts are included in the number of attrition posts recommended by Provincial Treasury. The department is still in the process of finalising the organisational structure of the newly merged department.

Programme 3 was reduced by R39.878 million in 2021/22 and in 2022/23, with carry-through, as a result of the budget cuts implemented over the 2021/22 MTEF. These cuts were effected against *Compensation of employees, Goods and services, Transfers and subsidies to: Provinces and municipalities, Buildings and other fixed structures* and *Machinery and equipment*, including the cut against the Community Library Services grant. The largest cut was made against *Transfers and subsidies to: Provinces and municipalities* under the eThekweni Metro and the Msunduzi Municipality in respect of the provincialisation of libraries. The implication of this reduction is that the funds for operational costs which are transferred to municipalities, for items such as cleaning, security and salaries of cyber cadets, were reduced, meaning that municipalities will have to use more of their own funds to provide for these operational costs. The increase in the 2021/22 Adjusted Appropriation is largely attributed to the roll-over of R15.203 million in respect of the Community Library Services grant for the construction of the Dukuduku library and the procurement of computer equipment, toys and materials, furniture, as well as ICT systems for libraries. The MTEF allocations include provision for the filling of 29 critical vacant posts over the MTEF. The department has adequately budgeted for the filling of these posts.

The decrease in Programme 4 in 2020/21 was attributed to the budget cuts implemented to provide for the response to the Covid-19 pandemic. The department's budget was cut by R21.274 million in 2021/22 and R29.593 million in 2022/23 when the 2021/22 MTEF budget cuts were implemented and these were effected against *Compensation of employees, Goods and services* and *Transfers and subsidies to: Non-profit institutions* against this programme. Despite the budget cuts over the MTEF, the department has budgeted to fill 14 critical vacant posts, such as Deputy Director: Community Sport Promotion, Sport Promotion Co-ordinator and Administration Assistant. The department has adequately budgeted for the filling of these posts. This programme includes the MPSD grant and the Social Sector EPWP Incentive Grant for Provinces. The decrease in 2023/24 can be attributed to the non-allocation of the Social Sector EPWP Incentive Grant for Provinces grant allocation, at this stage, as this allocation is done annually. In addition, the decrease is attributed to the cut against the MPSD grant in 2023/24 as part of the 2021/22 MTEF budget cuts, but the MPSD grant increases over the 2022/23 MTEF.

*Compensation of employees* shows a decrease in 2020/21 due to the budget cuts effected in the Special Adjustments Estimate to provide for the provincial response to Covid-19. The decrease in the 2021/22 Adjusted Appropriation is attributed to the non-filling of budgeted critical vacant posts. The department budgeted to fill 127 posts in 2021/22. Provincial Treasury supported the filling of 48 attrition posts for the merged department and 38 new critical vacant posts in 2021/22, however, the Office of the Premier only approved the filling of eight posts in 2021/22 under the Community Library Services grant. The disapproval was based on the fact that the merging departments had not concluded the merged organisational structure. The department has not moved the budget for these vacant posts under *Compensation of employees* in 2021/22 and over the MTEF, hence the increase of 14.8 per cent from 2020/21 to 2021/22. The department included the 1.5 per cent pay progression over the MTEF. The department is currently in the process of finalising the organisational structure for the merged department. The department will have to undertake the process of requesting for approval to fill posts again once the merged organisational structure has been approved.

*Goods and services* decreased in 2020/21 due to the budget cuts effected against the department's budget in the Special Adjustments Estimate to provide for the provincial response to Covid-19. The decrease in the 2021/22 Adjusted Appropriation is largely attributed to the reprioritisation of funds relating to *Imikhosi* events, as explained. These funds were reprioritised to *Machinery and equipment* and *Software and other intangible assets* for the purchase of equipment and new motor vehicles for the regional offices and purchase of software. The MTEF allocations include conditional grant funding. The allocation is in respect of the purchase of library material, connectivity costs for internet access and for implementing the SITA Library Information Management System (SLIMS), hosting sport and arts and culture programmes/events, the procurement of goods and services for various sport federations and community outreach projects, etc.

*Interest and rent on land* relates to overdue accounts in respect of fleet services management accounts.

*Transfers and subsidies to: Provinces and municipalities* decreased in 2020/21 as a result of budget cuts effected in the Special Adjustments Estimate to provide for the provincial response to Covid-19. The department implemented budget cuts amounting to R25 million and R31 million in 2021/22 and 2022/23, respectively, with carry-through in the outer year. The cuts were implemented against transfers to the eThekweni Metro and the Msunduzi Municipality under Programme 3, in respect of the provincialisation of libraries, as explained. The increase in the 2021/22 Adjusted Appropriation is due to the reprioritisation of funds from *Compensation of employees* due to non-filling of budgeted critical vacant posts and *Goods and services* as a result of the reduced budget for events hosted by the department and hosting virtual events. These funds were moved to this category for the construction of sport facilities in the uMfolozi, Jozini, Mtubatuba, uPhongolo and AbaQulusi Municipalities which were not budgeted for. The MTEF allocation caters for the construction of sport facilities by municipalities, as well as operational costs for libraries administered by municipalities, such as payment of mobile library units and salaries of cyber cadets. The decrease from 2023/24 is due to department decreasing the amount transferred to each of the municipalities in respect of the construction of sport facilities as per the signed SLA between the municipality and the department. The decrease in the budget for a construction project is based on the projects milestones that have been reached. There is less construction work to be done towards the end of the project as earthworks, which are the most expensive element, would have been complete. The department anticipates that the construction of sport facilities in uMhlathuze and uMzimkhulu will be completed in 2023/24.

*Transfers and subsidies to: Departmental agencies and accounts* reflects transfer payments made to the two public entities, namely The Playhouse Company and Amafa. The allocations against this category are dependent on the agreements between the department and the entities. In addition, the allocation includes payments to the Tourism and Hospitality, Education and Training Authority (THETA) in respect of the skills development levy, which is dependent on the number of posts filled. The allocation over the MTEF fluctuates as a result of the implementation of fiscal consolidation cuts against this category in the previous budget process under transfers to The Playhouse Company and Amafa.

*Transfers and subsidies to: Public corporations and private enterprises* reflects transfers to various organisations which assist the department in implementing its arts and culture programmes and sport

programmes. The decrease in 2020/21 is due to budget cuts implemented in the Special Adjustments Estimate to provide for the provincial response to Covid-19. This category was cut in 2021/22 and 2022/23, with carry-through, against the transfers to the Drakensberg Extravaganza, Indoni SA, as well as transfers to football clubs. The increase in the 2021/22 Adjusted Appropriation relates to the department introducing new transfers relating to the department's grant-in-aid funding, such as Ubuntu Arts, uZulu Artist Project and Omni Music Production. The grant-in-aid funding aims to alleviate the financial strain of organisations as a result of the national lockdown, especially those doing remarkable work to promote creative arts in communities. The allocations over the MTEF provide for the continued transfers to various organisations which assist the department in implementing its arts and culture programmes. The category also provides for transfers to football clubs, such as Maritzburg United Football Club, Richards Bay Football Club and Royal Eagles Football Club.

*Transfers and subsidies to: Non-profit institutions* covers transfers made to the KZN Philharmonic Orchestra, arts councils, art centres, as well as museums managed by the Boards of Trustees. In addition, support is provided to various art organisations and sporting federations and other sporting bodies to assist with the promotion and development of sport and recreation. The increase in the 2021/22 Adjusted Appropriation is due to the introduction and increase of various new transfers, namely Dexter and Matu Zama Academy, KZN Cultural and Creative Industries Federation of South Africa (CCIFSA), Ntelezi Msani Heritage Centre, Coastal Horse Care Unit, KZN Cricket Academy and KZN Indigenous Games Association. The allocations over the MTEF provide for continued transfers to the KZN Philharmonic Orchestra, art councils, art centres, museums managed by Boards of Trustees, as well as various art and sporting federations.

*Transfers and subsidies to: Households* relates to staff exit costs, as well as external bursary payments. The increase in the 2021/22 Adjusted Appropriation and Revised Estimate is due to higher than budgeted staff exit costs, as well as sponsorships, donations, and claims against the state. The MTEF allocations relate to external bursary payments, staff exit costs, as well as sponsorships in respect of awardees participating in events, such as the Mandela Day Marathon.

The decrease against *Buildings and other fixed structures* in 2019/20 is attributed to challenges experienced with regard to the commencement of various infrastructure projects, such as the refurbishment of the Winston Churchill Theatre, the Music Academy in Ladysmith and the construction of eight modular libraries, such as Mfekayo, Nibela, Mpembeni and Danny Dalton. This was as a result of the department not being able to appoint contractors and project managers due to bids being cancelled because of various SCM discrepancies. In response to the Covid-19 pandemic, the department did not commence with the construction of the Music Academy in Ladysmith, the Winston Churchill Theatre and Osizweni Art Centre in 2020/21. In addition, the department halted the construction of various libraries, such as uMzumbe, KwaDlangezwa, Imbali, Nquthu and Ndaleni. Furthermore, the department did not construct various sport facilities, such as Gym-in-a-box as a result of budget cuts responding to the Covid-19 pandemic. The increase in the 2021/22 Adjusted Appropriation can be attributed to the roll-over received under the Community Library Services grant for the construction of the Dukuduku library. The MTEF allocation provides for the construction of sport facilities, such as combination courts and play-gyms, the uThungulu Art Centre and various libraries, namely Manguzi, Ezingoleni and uMzimkhulu.

*Machinery and equipment* provides for the replacement of computers and furniture for staff, and includes the Community Library Services grant allocations for the upgrading of computer equipment in public libraries. The increase in the 2021/22 Adjusted Appropriation is due to the department receiving a roll-over against the Community Library Services grant for the procurement of computer equipment, toys and materials, furniture, as well as ICT systems for libraries. In addition, the department reprioritised funds from *Compensation of employees* to this category for the purchase of new motor vehicles for regional offices, as well as computer equipment, which were under-budgeted for. The MTEF allocation caters for the purchase of office equipment and furniture for new staff, as well as the replacement of old office equipment and furniture, as well as ICT systems, etc. for libraries.

*Heritage assets* relates to the purchase of museum artefacts and heritage monuments. The expenditure of R80 000 in 2020/21 was to purchase a crown for the King Shaka statue at the King Shaka International Airport (KSIA). The increase in the 2021/22 Adjusted Appropriation was for the construction of the

plinth upon which the statue of the King Shaka KaSenzangakhona will be erected at the KSIA. In addition, the department purchased two original suits, previously worn by Stalwart Harry Gwala, as part of the Harry Gwala Centenary Celebration for the province. The budget against this category was moved to fall under Amafa over the MTEF, hence there are no allocations from 2022/23 onward.

*Payments for financial assets* relates to the write-off of staff debts.

#### 8.4 Summary of conditional grant payments and estimates

Tables 10.6 and 10.7 show the amounts allocated to the department in respect of the Community Library Services grant, the MPSD grant, the Social Sector EPWP Incentive Grant for Provinces and the EPWP Integrated Grant for Provinces.

Note that the historical figures set out in Table 10.6 reflect actual expenditure per grant, and should not be compared to those reflected in Table 10.1, which represent the actual receipts for each grant.

Details of the conditional grants are given in *Annexure – Vote 10: Sport, Arts and Culture*.

**Table 10.6 : Summary of conditional grants payments and estimates by name**

The decrease in 2019/20 against the Community Library Services grant was due to various challenges experienced with the construction of modular libraries, such as Mfekayo, Nibela, Mpembeni and Danny Dalton. This was as a result of the department not being able to appoint contractors and project managers due to bids being cancelled because of various SCM discrepancies. The decrease in 2020/21 is attributed to national government's budget reprioritisation to source funds in response to the Covid-19 pandemic. In addition, the Community Library Services grant was further reduced in line with National Treasury's cut to provide for the rescue plan for SAA. These reductions were offset by a roll-over in respect of the construction of eight modular libraries, such as Mfekayo, Nibela, Mpembeni and Danny Dalton. The increase in the 2021/22 Adjusted Appropriation is attributed to the roll-over of R15.203 million received in respect of the Community Library Services grant against *Buildings and other fixed structures* and *Machinery and equipment* for the construction of the Dukuduku library and the procurement of computer equipment, toys and materials, furniture, as well as ICT systems for libraries. The Community Library

Services grant shows no reductions over the 2022/23 MTEF, with the outer year growing by inflation. The 2022/23 amount includes additional funds for the once-off non-pensionable cash gratuity relating to the 2022 wage agreement. The budget over the MTEF provides for computer equipment, furniture, as well as ICT systems for libraries.

The MPSD grant decreased in 2020/21 as a result of national government's budget reprioritisation to source funds in response to the Covid-19 pandemic. This grant is allocated against Programme 4 under the Sport, Recreation and School Sport sub-programmes. The MPSD grant was increased by R4.552 million, R10.869 million and R16.375 million over the MTEF with this increase in allocation due to inflationary increments, while the allocation in 2022/23 includes an additional allocation for the once-off non-pensionable cash gratuity relating to the 2022 wage agreement. The MTEF allocation provides for major events hosted by the department, such as Provincial and National Tournaments, Indigenous Games, as well as National Championships.

The EPWP Integrated Grant for Provinces was historically used for the appointment of contract cleaners for the department, museums and libraries under *Goods and services*, for the appointment of arts and culture facilitators to train school children at schools on arts and culture related activities under *Compensation of employees* and the appointment of contract employees for assistance in the administration of the Infrastructure, SCM, and Budgeting and Accounting units. The department was not allocated these funds in 2020/21. The allocation against the EPWP Integrated Grant for Provinces is incentive based and the amount of R2.108 million allocated in 2022/23 will be used for the appointment of contract employees to continue to assist in the administration of the Infrastructure, SCM and Budgeting and Accounting units.

The Social Sector EPWP Incentive Grant for Provinces provides for the employment of Healthy Lifestyle Co-ordinators and School Sport Co-ordinators who administer and host tournaments/ championships on the various sport codes, such as netball and indigenous games in schools. No funds were allocated to the department in respect of this grant in 2020/21. In 2022/23, the department received R2.280 million and these funds will be used for the appointment of 86 Healthy Lifestyle Co-ordinators and School Sport Co-ordinators.

*Compensation of employees* caters for the appointment of staff for libraries as part of the provincialisation aspect, staff to oversee the administration of the Community Library Services grant, Healthy Lifestyle Co-ordinators and School Sport Co-ordinators appointed under the the MPSD grant. The decrease in the 2021/22 Adjusted Appropriation is due the department shifting the budget against the EPWP Integrated Grant for Provinces and the Social Sector EPWP Incentive Grant for Provinces from this category to *Goods and services* in respect of the appointment of data capturers with regard to the various infrastructure projects, as well as Healthy Lifestyle Co-ordinators and School Sport Co-ordinators. This shift was as a result of the SCOA reclassification for the payment of EPWP workers. The increase over the MTEF is due to inflationary increments. The allocation in 2022/23 includes the additional allocation for the once-off non-pensionable cash gratuity related to the 2022 wage agreement and this was allocated against the Community Library Services grant and the MPSD grant.

*Goods and services* decreased in 2020/21 due to national government's budget reprioritisation to source funds in response to the Covid-19 pandemic. The increase in the 2021/22 Adjusted Appropriation is attributed to the shifting of the EPWP Integrated Grant for Provinces and the Social Sector EPWP Incentive Grant for Provinces funds to this category in line with the SCOA reclassification for the payment of EPWP workers, as mentioned. The MTEF caters for the continued purchase of library materials for existing and new libraries, internet connectivity costs and operating of SLIMS in libraries, as well as the implementation of the School Sport Programme. The decrease from 2023/24 is attributed to the non-allocation of the EPWP Integrated Grant for Provinces and the Social Sector EPWP Incentive Grant for Provinces in the outer years, at this stage.

*Transfers and subsidies to: Provinces and municipalities* decreased in 2020/21 due to the budget cuts in the Special Adjustments Estimate in response to the Covid-19 pandemic. The allocation in 2022/23 and 2023/24 remains constant, at this stage. The department will revise the allocation for 2023/24 in the next

budget submission. The allocation caters for transfers to municipalities for staffing and operational costs of public libraries.

*Transfers and subsidies to: Non-profit institutions* caters for transfers to the Family Literacy Project, SA Library for the Blind and Africa Ignite, as well as transfers to sporting federations and other sporting bodies to assist with the promotion and development of sport and recreation. The MTEF allocations provide for the continuation of transfers to the SA Library for the Blind and the Family Literacy Project, as well as transfers to sporting federations and other sporting bodies.

*Buildings and other fixed structures* decreased in 2019/20 due to various challenges with the construction of modular libraries, such as Mfekayo, Nibela, Mpembeni and Danny Dalton, as mentioned. The increase in the 2021/22 Adjusted Appropriation is due to the roll-over received for the construction of the Dukuduku library against the Community Library Services grant, as mentioned. The MTEF allocation provides for the construction of libraries under the Community Libraries grant, namely the Swayimane library, as well as the uMvoti, Cwaka and Ofabeni libraries.

The increase in *Machinery and equipment* in the 2021/22 Adjusted Appropriation is due to the roll-over received for the procurement of computer equipment, toys and materials, furniture, as well as ICT systems for libraries. The MTEF allocation remains constant and caters for the upgrade of computer equipment in libraries.

## 8.5 Summary of infrastructure payments and estimates

Table 10.8 shows the amounts allocated by the department in respect of infrastructure spending, including both capital and current expenditure. Further details of the department's infrastructure payments and estimates are presented in the *2022/23 Estimates of Capital Expenditure (ECE)*.

**Table 10.8 : Summary of infrastructure payments and estimates by category**

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates		
	2018/19	2019/20	2020/21	2021/22			2022/23	2023/24	2024/25
<b>Existing infrastructure assets</b>	12 187	13 241	6 385	32 354	32 354	37 254	35 043	35 705	44 000

1. Non infrastructure is a stand-alone item, and is therefore excluded from Capital infrastructure and Current infrastructure, but it is included in the overall total

*Upgrades and additions: Capital* provide for the upgrade of various art centres and libraries. The allocation for 2022/23 and 2023/24 is for the upgrade of the uThungulu Art Centre and the Osizweni Art Centre. The department has budgeted for the upgrade of two libraries in 2024/25, namely uMzimkhulu and Utrecht, as well as three art centres, namely Bulwer, Osizweni and Mbazwana. This explains the increase in 2024/25.

The decrease in 2020/21 against *Refurbishment and rehabilitation: Capital* is due to delays in the repair to the roof of the Library Services head office building in Pietermaritzburg as a result of the national lockdown which affected the construction industry especially in the initial stages of the lockdown. The 2022/23 MTEF provides for repairs to the roof of the Library Services head office, refurbishment of the Winston Churchill Theatre and the refurbishment of various libraries. The decrease in the outer year is attributed to the department's anticipation to complete the refurbishment of the Library Services head office building, the Winston Churchill Theatre and the KZN Music House in 2023/24, hence these are not budgeted for in the outer year. The outer year budget includes provision for the refurbishment of three

libraries, such as Manguzi, Eziqoleni and Gamalakhe, as well as the Didima Campsite and the NGR building which is in Ladysmith and will be used as the department's district office.

The decrease against *New infrastructure assets: Capital* in 2019/20 was due to the suspension of funds from 2019/20 in respect of the Archive Repository, as well as the Music Academy in Ladysmith. The increase in the 2021/22 Adjusted Appropriation is due to the roll-over received for the construction of the Dukuduku library against the Community Library Services grant. The MTEF allocation provides for the construction of 38 sport facilities and 27 libraries, namely uMvoti, Cwaka and Ofabeni libraries. The decrease in the outer year is attributed to the department's anticipation of completing construction of most libraries in 2023/24, such as Umzumbe, Cwaka, Shayamoya, Shane, Mvoti and Ofabeni. The budget for the outer year only includes the construction of libraries, such as Imbali, Lubisi, Mbongolwane, Stoffelton, as well as the Ladysmith Music Academy.

*Infrastructure transfers: Current* is in respect of maintenance grants paid to municipalities for the upkeep of sport facilities constructed by the department. The department has allocated equitable share funding toward the maintenance of sport facilities in the Mtubatuba, uMvoti, Big Five Hlabisa and uMfolozi Municipalities over the MTEF. The allocation declines over the MTEF due to the department handing over the responsibility of maintaining sport facilities to municipalities. The department will halt transferring funds for maintenance of sport facilities to some municipalities, such as Big Five Hlabisa, uMfolozi and uMzinyathi in the outer years.

*Infrastructure transfers: Capital* includes transfers to KwaDukuza Municipality for renovations to the KwaDukuza Museum from 2018/19 to 2020/21. This category also caters for the construction of new sport and recreation facilities, such as sport fields, with municipalities as implementing agents. The increase in the 2021/22 Adjusted Appropriation relates to the introduction of new transfers to uMfolozi, Jozini, Mtubatuba, uPhongolo and AbaQulusi Municipalities for the construction of sport facilities. The MTEF allocation provides for transfers to Alfred Duma Municipality for the construction of the Alfred Duma Sport Centre and Newcastle Municipality for the construction of the Newcastle Fitness Centre.

*Infrastructure: Leases* reflects payments made for leasing of offices. The increase is due to inflationary increments.

## **8.6 Summary of Public Private Partnerships – Nil**

## **8.7 Transfers to public entities (listed i.t.o. Schedule 3 of the PFMA) and other entities**

Table 10.9 indicates transfers to public and other entities. The department transfers funds to two public entities over the MTEF, namely The Playhouse Company and Amafa under Programme 2 against *Transfers and subsidies to: Departmental agencies and accounts*.

### ***The Playhouse Company***

The Playhouse Company is a cultural institution promulgated under the Cultural Institutions Act, No. 119 of 1998. Its primary mandate is to develop and promote artistic works that are representative of the diverse South African artistic and cultural heritage. The department entered into an agreement with the entity based on projects undertaken which are linked to the department's mandate, such as promoting arts education and arts development initiatives. The entity will continue to undertake projects, such as Free Fall, Sundowner Concert and Poetry, Nandi the Musical and We are still marching productions in 2022/23.

### ***KZN Amafa and Research Institute***

Amafa is empowered and resourced to identify, conserve, protect, manage and administer heritage resources, as well as to conduct research within the heritage field in the province. The entity will continue with its mandate of initiating site development projects, installing site markers, hosting traditional skills workshops, etc. The entity will host five commemorative celebrations in 2022/23. In addition, two heritage functions will also be held to handover heritage sites to the applicants and/or site owners, while the entity will expand its social outreach responsibility, with four initiatives planned. Also, two heritage and cultural exhibitions are planned for display in 2022/23, as mentioned.

**KZN Philharmonic Orchestra**

Funding is provided to the KZN Philharmonic Orchestra, which is a non-profit institution committed to ensuring the development of artists through nurturing of local talent and skills and providing cultural entertainment. The entity will continue to host various events, such as The Nutcracker Ballet concert and Symphony of Hope and providing teaching programmes, such as the Kwabazothini Teaching Programme which offers musical lessons to selected students in specific schools in 2022/23.

**Community art centres**

The department continues to fund community art centres, which contribute to the development and training of artists. The MTEF allocation provides for increased allocations to art centres, such as the BAT art centre, Ewushini art centre, Jambo art centre and KZN African Film Festival (Ekhaya).

**Special projects organisations**

This relates to transfers for arts and culture support provided to various organisations to assist in providing a platform for emerging artists. The department enters into MOUs with institutions and detailed business plans are provided. The transfer in 2022/23 provides for transfer to organisations such as Drakensberg Extravaganza, Isigqi SamaHostela, KZN Cultural and Creative Industries (CCIFSA), Last Dance, SA Library for the Blind and Youth Own Your Power.

**Art Councils**

The funding under Art Councils is transferred to properly constituted arts, culture and craft organisations that develop and preserve arts and culture in KZN. These organisations act as incubators for artists and are therefore considered a priority. The department annually publishes an advertisement for applications to be submitted electronically for properly constituted Arts and Culture organisations, to apply for funding. The departmental transfer payment committee reviews all applications in terms of criteria set in the departmental transfer payment policy. The committee then makes recommendations to the Accounting Officer, for those applications that have met the criteria and are within the budget. The 2022/23 MTEF provides for these transfers.

**Museum subsidies**

Funding is provided to non-profit institutions to cover operational and staffing costs for museums. The museums listed under this category are managed by a Board of Trustees and a large portion of the funding transferred to them is used for the salaries paid to curators. The MTEF allocation provides for increased transfers to all museums due to inflationary increments. The department will continue to transfer to the 1860 Heritage Centre Doc Centre, Deutsche Schule Hermannsburg and Prince Mangosuthu Buthelezi Museum.

**Football clubs**

This funding is for football clubs, such as Golden Arrows, Maritzburg United and Royal Eagles. The department will continue funding these football clubs over the MTEF.

**Sport and recreation institutions**

Funding is provided for sporting organisations which meet all the requirements of the departmental transfer policy. The department receives business plans from these organisations and, based on these plans, funds are allocated for transfer payments. The department will continue to transfer to organisations such as Comrades Marathon (AIMS Congress), Dare to Dream and the Traditional Horse Riding and Breeding Association.

**8.8 Transfers to local government**

Tables 10.10 and 10.11 provide a summary of transfers made to local government.

Details of the amounts per grant type and per municipality are given in *Annexure – Vote 10: Sport, Arts and Culture*.

It is noted that the tables do not include funding for motor vehicle licences, as this funding is not transferred to a municipality.

**Table 10.10 : Summary of departmental transfers to local government by category**

<b>Total</b>	<b>306 773</b>	<b>314 857</b>	<b>305 412</b>	<b>319 539</b>	<b>340 039</b>	<b>340 039</b>	<b>327 182</b>	<b>318 761</b>	<b>333 647</b>

A portion of the Community Library Services grant is paid to municipalities to assist at local level with the costs of cyber cadets and acquisition of library material, hence the transfers under Categories A and B. Transfers to these categories are also aimed at assisting municipalities with the operational and staffing costs of museums. In addition, Category B relates to transfers to municipalities for the construction of new sport and recreation facilities. The allocation over the MTEF includes transfers to Alfred Duma, Newcastle, uMhlathuze and uMzimkhulu Municipalities for the construction of sport facilities.

The allocations to Category A, which relate to transfers to the eThekweni Metro, are for the operational costs of libraries, as well as museum subsidies. The decline in 2022/23 is due to fiscal consolidation cuts made in the previous budget process.

Category B consists of transfers to museums and libraries in respect of the provincialisation of libraries. The MTEF allocations reflect an increase in respect of the transfers to municipalities, for payment of mobile library units and salaries of cyber cadets. This category also caters for the upkeep of sport facilities constructed by the department. The department has allocated equitable share funding toward the maintenance of sport facilities in the Mtubatuba, uMvoti, Big Five Hlabisa and uMfolozi Municipalities over the MTEF.

Category C caters for a transfer to the Zululand District Municipality in respect of art centre subsidies for the Indonsa Art Centre. The MTEF allocations remain constant.

## 8.9 Transfers and subsidies

Table 10.12 gives a summary of spending on *Transfers and subsidies* by programme and main category. A brief explanation of the transfers is provided above and below the table.

*Transfers and subsidies* under Programme 1 fluctuates over the seven-year period:

- *Provinces and municipalities* relates to motor vehicle licences.
- *Departmental agencies and accounts* relates to payments to THETA for the skills development levy, which is dependent on posts filled, hence the increase over the MTEF, and TV licences.
- *Households* caters for staff exit costs, bursaries, and claims against the state, e.g. insurance claims.

*Transfers and subsidies* under Programme 2 fluctuates markedly over the seven-year period, as follows:

- *Provinces and municipalities* relates to subsidies to municipalities for the operational costs of museums as part of the provincialisation transfers, as well as operational costs of arts centres.
- *Departmental agencies and accounts* relates to transfers to The Playhouse Company and Amafa. The Playhouse Company will continue to undertake various projects as detailed under Section 8.7.
- *Public corporations and private enterprises* relates to organisations which do not meet the definition of non-profit organisations in terms of Section 21 of the Companies Act. The MTEF provides for continued transfers to the Drakensberg Extravaganza, Last Dance and Youth Own Your Power.
- *Non-profit institutions* relate to transfers to the KZN Philharmonic Orchestra, arts councils, art centres and museums managed by Boards of Trustees, as well as various art organisations. The MTEF allocation provides for continued transfers to the KZN Philharmonic Orchestra and various art centres, such as the BAT Art Centre, Ewushini Art Centre, Jambo Art Centre and KZN African Film Festival (Ekhaya).

- *Households* caters for staff exit costs. The department made various donations and sponsorships from 2019/20 to 2021/22, such as a donation toward a funeral, as well as a sponsorship toward Youth Day event. There is no allocation against this category over the MTEF due to the unpredicted nature of the expenditure allocated against this category.

Transfers and subsidies under Programme 3 are as follows:

- *Provinces and municipalities* relates to a number of transfers made in respect of the provincialisation of libraries and the Community Library Services grant which is used for the construction of libraries, the expansion of library material collections and greater emphasis placed on ICT and library promotion projects. The MTEF allocations caters for transfers to municipalities, the payment of mobile library units, as well as the salaries of cyber cadets.
- *Non-profit institutions* includes transfers to the Family Literacy Project and SA Library for the Blind. The MTEF allocation remains constant and relates to the Family Literacy Project and SA Library for the Blind.
- *Households* provides for staff exit costs and claims against the state.

Transfers and subsidies under Programme 4 are as follows:

- *Provinces and municipalities* provides for transfers to Alfred Duma, Newcastle, uMhlathuze and uMzimkhulu municipalities over the MTEF for construction and maintenance of sport facilities.
- *Public corporations and private enterprises* fluctuates over the seven-year period. The allocations over the MTEF provide for the continued transfers to sports federations and football clubs, such as Maritzburg United Football Club, Richards Bay Football Club and Royal Eagles Football Club.
- *Non-profit institutions* cater for transfers to sporting federations and other sporting bodies to assist with the promotion and development of sport and recreation. The MTEF allocations cater for the continued transfers to sporting federations and sporting bodies, such as KZN Cycling, KZN Rugby Union, KZN Sports Confederation and The Prime Trust.
- *Households* caters for staff exit costs, sponsorships, as well as external bursary payments. The MTEF allocations relate to external bursary payments, staff exit costs, sponsorships in respect of awardees participating in events, such as the Mandela Day Marathon and the Provincial Relief Fund. The department has not budgeted for external bursaries and sponsorships to be awarded, at this stage. This will be reviewed in-year and in the next budget submission. The budget for the Provincial Relief Fund in 2022/23 relates to funds for support of athletes, coaches, technical personnel, sport federations, recreational entities, the fitness industry and sport and recreation practitioners at a provincial level to mitigate against the negative impact of the Covid-19 pandemic. The department has not provided for this in the outer years in anticipation that the negative effects of the pandemic will end in 2022/23.

## 9. Programme description

The services rendered by this department are categorised under four programmes, which are aligned to the uniform programme and budget structure of the sector. The payments and budgeted estimates for each programme are summarised in terms of economic classification, details of which are given in *Annexure – Vote 10: Sport, Arts and Culture*.

### 9.1 Programme 1: Administration

The purpose of this programme is to provide for effective management and administration of the department and to ensure effective and efficient use of financial and human resources. This programme complies with the structure set for the sector and comprises two sub-programmes. Tables 10.13 and 10.14 summarise payments and estimates for the period 2018/19 to 2024/25. Programme 1's budget was reduced in 2021/22 and 2022/23 with carry-through. The cuts relate to the freezing of salary increases as instructed by National Treasury and fiscal consolidation cuts, as explained under Section 8.2.

Table 10.13 : Summary of payments and estimates by sub-programme: Administration

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates		
	2018/19	2019/20	2020/21				2021/22	2022/23	2023/24

Biological assets	-	-	-	-	-	-	-	-	-
Land and sub-soil assets	-	-	-	-	-	-	-	-	-
Software and other intangible assets	744	155	-	-	1 500	1 500	-	-	-
<b>Payments for financial assets</b>	<b>5 720</b>	<b>87</b>	<b>673</b>	<b>-</b>	<b>231</b>	<b>602</b>	<b>-</b>	<b>-</b>	<b>-</b>
<b>Total</b>	<b>236 811</b>	<b>232 374</b>	<b>226 830</b>	<b>286 914</b>	<b>291 267</b>	<b>291 267</b>	<b>280 759</b>	<b>290 462</b>	<b>299 662</b>

The sub-programme: Office of the MEC caters for the administration of the MEC's office. The MTEF allocations cater for the continued administration costs of the MEC's office. The decrease in 2022/23 is mainly attributed to the department not budgeting for new motor vehicles from 2022/23 onward due to the department having recently bought new vehicles in 2021/22.

The sub-programme: Corporate Services provides for the operational costs of running the department which includes auxiliary services, human resources, financial management and the office of the Head of Department. The MTEF provides for the appointment of 49 critical vacant posts against this programme, including Director: Executive Support, Director: Corporate Strategy and Director: Financial Management Support.

*Compensation of employees* includes the department's plans to fill 49 critical vacant posts in 2021/22 against this programme, as mentioned. Provincial Treasury supported the filling of these posts, however, OTP disapproved as explained. The department did not move the budget for these vacant posts under *Compensation of employees*, as indicated in the 2021/22 Revised Estimate. Therefore, there is an over-estimate in the projection against *Compensation of employees* as there is likely to be under-spending against this category. Although no growth is visible from 2022/23 for the filling of posts, the budget is sufficient for the filling of vacant posts once the over-estimation in 2021/22 is considered. The department has budgeted for the 1.5 per cent pay progression.

*Goods and services* caters for operational costs of running the department, as well as hosting programmes initiated by the MEC. The MTEF allocations cater for security costs, infrastructure leases, as well as hosting programmes initiated by the MEC.

*Transfers and subsidies to: Provinces and municipalities* relates to motor vehicle licences.

*Transfers and subsidies to: Departmental agencies and accounts* relates to payments to THETA in respect of the skills development levy, and to the SABC for TV licences.

*Transfers and subsidies to: Households* caters for staff exit costs and external bursaries. The MTEF allocation for external bursaries increases in 2023/24 and remains constant in 2024/25.

*Machinery and equipment* fluctuates over the MTEF and caters mainly for the upgrading and replacement of obsolete computer equipment.

## 9.2. Programme 2: Cultural Affairs

The purpose of this programme is to provide for projects and interventions in the arts, culture, language and museum services. The aim is to provide an environment conducive to the celebration, nourishment and growth of these sectors. The programme is aligned to the uniform programme and budget structure for the Sport, Arts and Culture sector. Tables 10.15 and 10.16 summarise payments and estimates from 2018/19 to 2024/25.

**Table 10.15 : Summary of payments and estimates by sub-programme: Cultural Affairs**

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates

<b>Total</b>	<b>295 833</b>	<b>312 038</b>	<b>205 072</b>	<b>317 827</b>	<b>308 474</b>	<b>308 474</b>	<b>329 574</b>	<b>320 496</b>	<b>350 355</b>

The sub-programme: Management provides support to the co-ordination and implementation of projects in the arts, culture, museums and language services spheres. The allocations over the MTEF cater for the continued support to the co-ordination and implementation of projects in the arts, culture, museums and language services spheres.

The main aim of the Arts and Culture sub-programme is to ensure cultural diversity and the advancement of artistic disciplines into viable industries. The budget in 2022/23 provides for the upgrade of the uThungulu Art Centre, transfer to various art and culture organisations, such as the Drakensberg Extravaganza, Isigqi SamaHostela, CCIFSA, Last Dance, SA Library for the Blind and Youth Own Your Power and hosting of various departmental events, such as Freedom Day, Heritage Day, King Shaka Day and Human Rights Day. The decrease in 2023/24 is due to fiscal consolidation cuts implemented in the previous budget process.

The aim of the Museum Services sub-programme is to act as the custodian of heritage to preserve, protect and conserve for future generations. The budget in 2022/23 provides for three exhibitions and a programme on time travel, as mentioned.

The Language Services sub-programme focusses on the promotion of multi-lingualism and development of historically marginalised languages, and facilitation of access to government information and services through translation, interpretation and ensuring respect for language rights. The MTEF allocations

provide for the continuation of the promotion of indigenous language writers by supporting the publishing of their books, the “Learn Another Language” programme and the hosting of the International Mother Tongue and Translation Day Celebrations.

The Heritage Resources Services sub-programme includes the transfers to Amafa, which are detailed under Section 8.8. The decrease in 2023/24 is attributed to fiscal consolidation cuts implemented in the previous budget process. The MTEF allocations also cater for the transfer to Amafa.

*Compensation of employees* includes provision for the department to fill 27 critical vacant posts against this programme in 2021/22, such as Director: Arts Development and Heritage Services, Deputy Director: uMzinyathi District and Deputy Director: Amajuba District. Provincial Treasury supported the filling of these posts, however, OTP disapproved, as mentioned. The department did not move the budget for these vacant posts under *Compensation of employees*, as indicated in the 2021/22 Revised Estimate. Therefore, there is an over-estimate in the projection against *Compensation of employees* as there is likely to be under-expenditure against this category. Although no growth is visible from 2022/23 for the filling of posts, the budget is sufficient for the filling of vacant posts once the over-estimation in 2021/22 is considered. The department has budgeted for the 1.5 per cent pay progression.

*Goods and services* over the 2022/23 MTEF includes provision made by the department in increasing the budget for hosting major departmental events/programmes which will focus on social cohesion and moral regeneration, such as Freedom Day, Heritage Day, King Shaka Day and Human Rights Day. The department is expanding these departmental events/programmes to wards as opposed to districts and they include capacity building programmes, in partnership with interpreting services, reading clubs and author mentorship programmes.

*Transfers and subsidies to: Provinces and municipalities* relates to transfers to municipalities in respect of museum subsidies and the operational costs of the Indonsa Art Centre.

*Transfers and subsidies to: Departmental agencies and accounts* relates to transfers to The Playhouse Company and Amafa.

*Transfers and subsidies to: Public corporations and private enterprises* shows transfers made over the MTEF, and this provides for transfers to organisations such as the Drakensberg Extravaganza, Last Dance and Youth Own Your Power.

*Transfers and subsidies to: Non-profit institutions* covers transfers to the KZN Philharmonic Orchestra, arts councils, art centres and museums managed by Boards of Trustees. The MTEF provides for continued transfers to the KZN Philharmonic Orchestra, art councils, art centres, museums managed by Boards of Trustees, as well as various art organisations.

*Transfers and subsidies to: Households* relates to staff exit costs and donations. The department made various donations and sponsorships in 2019/20, such as a donation toward the funeral costs for five maidens and the driver who died in a taxi crash after attending the preparatory event in the lead-up to the Reed Dance, as well as a sponsorship to the South African Jinge for participation in the Italian Folklore Summer 2019 in Italy, among others. There is no allocation against this category over the MTEF due to the unpredicted nature of the expenditure allocated against this category.

*Buildings and other fixed structures* the MTEF includes for repairs of the uThungulu Art Centre and refurbishment to the Winston Churchill Theatre. The increase in the outer year is attributed to the department budgeting to upgrade three art centres, namely Bulwer, Osizweni and Mbazwana and refurbishment of the Didima Campsite and the NGR building, as mentioned.

*Machinery and equipment* provides for purchases of computer hardware and software. The MTEF allocations cater for upgrading of computer equipment.

### **Service delivery measures: Cultural Affairs**

Table 10.17 illustrates the service delivery measures relevant to Programme 2 from 2021/22 to 2024/25. The department has incorporated some sector measures, while the bulk of these measures are non-sector.

Some of the performance indicators which used to be included in this programme were moved to the department's operational plan and some have been reworded as per the instructions from OTP and some indicators will be discontinued from 2022/23.

**Table 10.17 : Service delivery measures: Cultural Affairs**

Outputs	Performance indicators	Estimated performance		Medium-term targets		
		2021/22	2022/23	2023/24	2024/25

### 9.3 Programme 3: Library and Archive Services

The aim of this programme is to provide library and information services, as well as archive services. This programme includes the Community Library Services conditional grant as a sub-programme, which is additional to the sector structure.

Tables 10.18 and 10.19 summarise payments and estimates relating to these functions for the period 2018/19 to 2024/25.

**Table 10.18 : Summary of payments and estimates by sub-programme: Library and Archives Services**

R thousand	Audited Outcome			Main Appropriation	Adjusted Appropriation	Revised Estimate	Medium-term Estimates		
	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24	2024/25

The Management sub-programme is responsible for monitoring and management of various projects within the sub-programmes. The 2022/23 MTEF provides for continued monitoring of projects within the programme.

The Library Services sub-programme caters for the provision of a public library service to affiliated municipal public libraries throughout the province. The aim of this sub-programme is the improvement of libraries, and provision of access to them by all communities, by building, upgrading and automating public libraries, as well as developing and sustaining a reading culture. The sub-programme includes funding received for the provincialisation of public libraries. The MTEF allocations cater for the continuation of provision of support to public libraries and provincialisation of libraries, which entails provision of staffing and operational costs of libraries. In addition, the department will continue to focus on providing online mediums for access to information, which would normally be obtained in public libraries. This will be done through e-books.

The central function of the Archives sub-programme is to acquire, preserve and manage public and non-public records in order to ensure public access to the nation's archival heritage. This includes the acquisition and preservation of public records with historical value, ensuring accessibility of records and promotion of their utilisation, the proper management and care of all public records, and the collection of records with potential provincial value and significance. The MTEF allocation provides records management training to 33 government bodies and continuation of promotion of the national symbols and orders through the "I am the flag" campaign.

The Community Library Services grant will continue to provide for transferring funds to municipalities for staffing and operational costs of provincialised libraries, as well as constructing new libraries over the MTEF. The department will continue to support the SA Library for the Blind which offers specialised services and will procure and supply library materials for the blind. The MTEF allocation provides for the construction of libraries under the Community Libraries grant, namely the Swayimane library, as well as the uMvoti, Cwaka and Ofabeni libraries. The department anticipates completing construction of most of these libraries in 2023/24, such as Umzumbe, Cwaka, Shayamoya, Shane, Mvoti and Ofabeni. The department will procure 90 000 library books for public libraries in 2022/23. The department is committed to its vision of having a library per ward, so there will be further new libraries built in the province beyond 2023/24.

*Compensation of employees* caters for the appointment of staff for libraries as part of the provincialisation of libraries, as well as staff to oversee the administration of the Community Library Services grant. The department has budgeted to fill 37 critical vacant posts against this programme, such as Director: Library

Services, Archivist: Records Management and Assistant Director: Promotional Support and Publishing Division and OTP only approved the filling of eight posts in 2021/22 under the Community Library Services grant. Although no growth is visible from 2022/23 for the filling of posts, the budget is sufficient for the filling of vacant posts once the over-estimation in 2021/22 is considered. The department has budgeted for the 1.5 per cent pay progression.

*Goods and services* relates to the acquisition of library materials, connectivity costs for internet access and the costs of implementing SLIMS. The allocations over the MTEF cater for the continuation of the purchase of library materials for existing and new libraries, internet connectivity costs and the operation of SLIMS in libraries. The department budgeted for the procurement of 90 000 library books for public libraries in 2022/23.

*Transfers and subsidies to: Provinces and municipalities* over the MTEF is for the provision of transfers to municipalities in respect of mobile library units and salaries of cyber cadets. The MTEF allocations provide for transfers to municipalities for the provision of library services.

*Transfers and subsidies to: Non-profit institutions* caters for transfer payments to the Family Literacy Project and SA Library for the Blind, as mentioned previously.

*Transfers and subsidies to: Households* relates to staff exit costs.

*Buildings and other fixed structures* caters for the construction of various libraries. The MTEF allocation provides for the construction of 27 libraries, namely uMvoti, Cwaka and Ofabeni libraries. The department anticipates completing construction of most of these libraries in 2023/24, such as Umzumbe, Cwaka, Shayamoya, Shane, Mvoti and Ofabeni. The department is committed to its vision of having a library per ward, so there will still be new libraries that will be built in the province.

*Machinery and equipment* fluctuates over the seven-year period and relates to the purchase of mobile library buses and upgrading of computer equipment in libraries. The MTEF allocations relate to the upgrading of computer equipment in public libraries.

### Service delivery measures – Programme 3: Library and Archive Services

Table 10.20 reflects service delivery measures for Programme 3. The department has incorporated some sector measures, while the bulk of these measures are non-sector. Some of the performance indicators which used to be included in this programme were moved to the department’s operational plan and some have been reworded as per the instructions from OTP. The department will be discontinuing with some indicators, hence no targets from 2022/23 and has also included new targets which are indicated as “New” under the Estimated performance column.

**Table 10.20 : Service delivery measures: Programme 3: Library and Archives Services**

Outputs	Performance indicators	Estimated performance	Medium-term targets

## 9.2 Programme 4: Sport and Recreation

The purpose of this programme is to promote, develop, administer and fund sport in KZN. It also ensures advancement of participation in sport and recreation, talent identification and the promotion of performance excellence. The programme conforms to the uniform budget structure for the sector. Tables 10.21 and 10.22 reflect a summary of payments and estimates relating to this programme for 2018/19 to 2024/25.

Spending against Programme 4 fluctuates over the seven-year period. The MTEF allocations include both the MPSD grant and the Social Sector EPWP Incentive Grant for Provinces in 2022/23, at this stage. The MPSD grant saw an increase in allocation over the MTEF, as explained. There are no allocations in respect of the Social Sector EPWP Incentive Grant for Provinces in the two outer years at this stage.

The sub-programme: Management caters for development, transformation and empowerment in order to ensure high performance by athletes through the delivery of sustainable sport and recreation programmes. This sub-programme also provides for the managerial oversight functions for the programme, and houses the *Compensation of employees* budget and associated operational costs for the programme as a whole.

The sub-programme: Sport is for the implementation of sustainable provincial sport programmes through talent optimisation, high performance programmes and the staging of development games and championships. This sub-programme provides for most of the department's events, such as National Youth Run, Comrades Marathon, and the Mandela Day Marathon. The sub-programme includes the MPSD grant. The MTEF caters for the construction of various sport facilities, such as multi-purpose courts and children's play-gyms in ECD centres, as well as support to twelve sport focus schools.

The sub-programme: Recreation implements recreational programmes to promote an active lifestyle. This sub-programme includes the Siyadlala mass participation programme element of the MPSD grant, whereby the department promotes healthy lifestyles through mass participation in organised sport and

recreation events, in line with the conditional grant framework. The allocation in 2022/23 and over the MTEF caters for the continued hosting of departmental events and will continue to implement its healthy lifestyle strategy through the implementation of various recreational events/programmes, such as aero-marathons (aerobics) (virtually and physically), fitness clubs and Work and Play programmes.

The School Sport sub-programme focuses on mass participation sport among learners, with emphasis on previously disadvantaged urban and rural schools. The sub-programme comprises mainly the MPSD grant. The department plans to provide schools with sport equipment and attire, as well as train educators and volunteers in coaching, technical officiating and team management, to assist in the delivery of school sport in 2022/23 and over the MTEF.

*Compensation of employees* fluctuates over the seven-year period. The department has budgeted to fill 14 critical vacant posts, such as Director: Community Sport Promotion, Sport Promotion Co-ordinators and Administration Assistant. Although no growth is visible from 2022/23 for the filling of posts, the budget is sufficient for the filling of vacant posts once the over-estimation in 2021/22 is considered. The department has budgeted for the 1.5 per cent pay progression.

*Goods and services* caters for provincial sporting events which the department hosts. The MTEF allocations cater for the procurement of goods and services for various sport federations and community outreach projects undertaken by the department, such as the National Youth Run, Comrades Marathon, Mandela Day Marathon, Golden Games, etc.

*Transfers and subsidies to: Provinces and municipalities* relates to the construction of new sport and recreation facilities, such as sport fields, with municipalities as implementing agents. The MTEF allocation provides for transfers to Alfred Duma, Newcastle, uMhlathuze and uMzikhulu municipalities for construction and maintenance of sport facilities.

*Transfers and subsidies to: Public corporations and private enterprises* fluctuates over the seven-year period. The allocations over the MTEF provide for the continued transfers to football clubs, such as Maritzburg United Football Club, Richards Bay Football Club and Royal Eagles Football Club.

*Transfers and subsidies to: Non-profit institutions* caters for transfers to sporting federations and other sporting bodies to assist with the promotion and development of sport and recreation. The MTEF allocations cater for the continued transfers to sporting federations and sporting bodies, such as KZN Cycling, KZN Rugby Union, KZN Sports Confederation and The Prime Trust.

*Transfers and subsidies to: Households* caters for staff exit costs, sponsorships, as well as external bursary payments. The MTEF allocations relate to external bursary payments, staff exit costs, as well as sponsorships in respect of awardees participating in events, such as the Mandela Day Marathon.

*Buildings and other fixed structures* caters for the construction of sport facilities by the department, such as multi-purpose courts, outdoor gyms, kick-about fields and hub centres. The MTEF caters for the construction of various sport facilities, such as multi-purpose courts and children's play-gyms in ECD centres.

## **Service delivery measures: Sport and Recreation**

Table 10.23 illustrates the main service delivery measures relevant to Programme 4.

The department incorporated the five sector measures in the department's 2022/23 APP, and these are included in Table 10.21.

Some of the performance indicators which used to be included in this programme were moved to the department's operational plan and some have been reworded as per the instructions from OTP.

The department will be discontinuing with some indicators, hence no targets from 2022/23 and has also included new targets which are indicated as "New" under the Estimated performance column.

Table 10.23 : Service delivery measures: Sport and Recreation

Outputs	Performance indicators	Estimated performance				
		2021/22	2022/23	2023/24	2024/25

## 10. Other programme information

### 10.1 Personnel numbers and costs

Table 10.24 provides details of the personnel numbers per programme. The table also gives a breakdown of employee dispensation classification.

Over the 2022/23 MTEF, National Treasury has provided provinces with the budget for the cost of living adjustment, however this is not yet allocated to departments until the current wage agreement (2022) is finalised. Allocations will take place in-year after assessing how much is needed per Vote and taking into account savings from vacancies.

<sup>1</sup> Personnel numbers includes all filled posts together with those posts additional to the approved establishment

The department budgeted to fill 127 posts in 2021/22. Provincial Treasury supported the filling of 48 attrition posts and 38 new critical vacant posts in 2021/22 after assessing the affordability of the posts, however, the Office of the Premier only approved the filling of eight posts in 2021/22 under the Community Library Services grant. The approval of only a few posts to be filled was based on the fact that the merged department had not concluded the merged organisational structure when the request to fill additional posts was submitted and, in order to avoid duplications in posts post-merger, the Office of the Premier only approved the filling of some posts until the new organogram has been finalised. The department included the 1.5 per cent pay progression in the budget. The department is still in the process of forming a merged organisational structure and will determine whether it is adequately budgeted for once that process has been finalised.

## 10.2 Training

Table 10.25 provides details of expenditure on training by the department over the seven years. The department budgeted 0.4 per cent of its salary expenses on training. The Skills Development Act requires that the department budgets at least 1 per cent of salary expenses on training.
