4. Reprioritization

The department had to reprioritise based on the MTEF reduction of the equitable share baseline. The alignment of the MTEF strategic cycle annual targets will be adjusted as per the approved allocation. The department will initiate a review of departmental spending to maximise the impact of existing programmes. The department reviewed and updated the Annual Performance Plans (APP) and MTEF budget within the current baseline allocations. The allocation of funds are done according to priority given to the different programmes, with the high priority being service delivery programmes and less priority on non-core items.

5. Procurement

The procurement plan will be based on the number of human settlements projects to be implemented for houses and services. The department utilises a database of contractors over the past three years, and it did assist in procuring all our construction projects at a much faster pace. The said database has expired and all procurement plans from human settlements will be done on public tender. Procurement statistics are submitted on a monthly basis to Provincial Treasury to ensure we require goods and services as planned over the year.

The COVID 19 pandemic has changed the way of doing procurement in all spheres of government, as from 2020/21 financial year. Our budgets were reduced and we had to implement the very same procurement plans, with a lesser allocation. Going forward, the department need to keep on reprioritising its procurement plans to ensure we deliver the necessary goods and services to all stakeholders, both internal and external.

6. Receipts and financing

The funding of the department is from two sources namely Equitable Share and Conditional Grant funding.

6.1 Summary of receipts

Table 2.1 provides summary of receipts

Table 2.1 : Summary of receipts

R thousand	Outcome			Main appropriation	Adjusted appropriation 2021/22	Revised estimate	Medium-term estimates

The department has two main sources of funding namely, equitable share and conditional grants. The equitable share funding constitutes 53 per cent of the total departmental budget while conditional grants account for 47 per cent.

Over the 2022/23 MTEF, the department will receive equitable share to the amount of R1.267 billion while receipts from conditional grants are expected to be R1.113 billion.

The reduction to baseline amount to R18.613 million, primarily through a decrease in the compensation bill. Treasury imposed a three (3) year wage freeze reduction in an effort to stabilize the spiraling wage bill. The current MTEF budget do not make sufficient provisions for expansion and it only caters for payments of personnel-related costs for the current departmental staff.

Conditional grants show an increasing trend over the 2022 MTEF. The average growth rate is 4 per cent and 5.3 per cent in 2023/24 and 2024/25 respectively. The Human Settlement Development Grant (HSDG) increase from R273 541 million in 2022/2023 to R285 366 million in the 2023/2024.

6.2 Departmental receipts collection

Table 2.2 provides a summary of receipts anticipated by the department over the 2022 MTEF.

Total departmental receipts	506	513	693	696	696	676	730	765	800

The department is not a significant revenue contributor and generate its revenue primarily from sales of goods and services other than capital assets; which comprises commission received from monthly PERSAL deductions, such as insurance premiums and garnishee orders, parking fees and rental from officials occupying state houses. A steady increase of 4.9 per cent and 4.8 per cent is anticipated in the 2022/23 and 2023/24 financial years respectively.

Interest, dividends and rent on land relates to interest received on staff debts, and is expected to increase with an expected average of R40 thousand over the 2022 MTEF.

Transactions in financial assets and liabilities includes the recovery of staff debts such as breached bursary contracts and refunds received relating to previous years' expenditure. The slow growth over the MTEF can be attributed to the uncertain nature of this category

6.3 Donor Funding

The department has no donor funding anticipated for the ensuing financial year.

7. Payment summary

7.1 Key assumptions

Inflation assumptions of 4.2 per cent in 2022/23, 4.3 per cent in 2023/24 and 4.5 per cent 2024/2025 respectively;

Personnel Inflation assumptions are calculated at CPI+1 for each of the years of the MTEF;

The budget for housing is mainly based on conditional grant allocations from the National Department of Human Settlements.

The expanded cost-cutting measures, by Provincial Treasury, will continue to be adhered to over the 2022/23 MTEF, in conjunction with National Treasury Instruction on Cost-containment measures.

Key performance indicators and performance targets will be informed by approved funding allocations received.

Programme 1, Administration provide efficient and effective administrative support and direction to the department. The monthly contractual obligations, which include Fleet Management, communication, audit fees, operating leases etc. are budgeted under Programme 1.

The programme's allocation increases by 8.1 per cent and 9 per cent in 2022/23 and 2023/24 respectively. Current payments increase by 8 per cent in 2022/23 and 9.3 per cent over the 2023/24 financial years. The programme shows a steady growth of R15.4 million over the MTEF.

The sub-programme: Office of the MEC reflects a fluctuating trend in the 2022 MTEF in line with projects and programmes undertaken. The growth over the MTEF is mainly inflationary.

The sub-programme: Corporate Services provides for the department's ICT system, legal services, and maintenance of departmental buildings, financial management, and auxiliary services, among others. The growth in the two outer years of the MTEF provides for the contractual obligations, maintenance of various departmental buildings, service delivery improvement plans, as well as inflationary increments, among others. Although the sub-programme shows a slight increase over the 2022/23 MTEF, the budget is still not enough to address the operational costs as this programme continuously overspending in the past financial years.
