# BILL

To provide for the appropriation of money from the Gauteng Provincial Revenue Fund for the requirements of the Province of Gauteng in respect of the 2023/24 financial year ending 31 March 2024; and to provide for matters incidental thereto.

# PREAMBLE

WHEREAS section 226(2) of the Constitution of the Republic of South Africa, 1996, provides that money may be withdrawn from the Gauteng Provincial Revenue Fund only in terms of an appropriation by a provincial Act, or as a direct charge against the Fund, when it is provided for in the Constitution or a provincial Act;

**AND WHEREAS** section 26 of the Public Finance Management Act, 1999 (Act No. 1 of 1999), provides that the Gauteng Provincial Legislature must appropriate money for the 2023/24 financial year for the requirements of the Gauteng Province,

BE IT THEREFORE ENACTED by the Gauteng Provincial Legislature, as follows:—

#### **Definitions**

1. In this Act, unless the context indicates otherwise, a word or an expression to which a meaning has been assigned in the Public Finance Management Act, 1999, has the meaning assigned to it in that Act, and—

"conditional grants" means allocations to provinces, local government or municipalities from the national government's share of revenue raised nationally, provided for under section 214(1)(c) of the Constitution of the Republic of South Africa, 1996;

"current payments" means any payment made by a provincial department in respect of the operational requirements of that department, and includes, amongst others, payments for the compensation of employees, goods and services, interest, rental of immovable property and financial transactions relating to assets and liabilities, but excludes transfers and subsidies, payments for capital assets and payments made under section 73 of the Public Finance Management Act, 1999;

"payments for capital assets" means any payment made by a provincial department—

- (a) for assets that can be used continuously or repeatedly in production for more than one year, and from which future economic benefits or service potential is expected to flow directly to the provincial department making the payment; and
- (b) that must be classified as or deemed to be payments for capital assets in accordance with the "Reference Guide to the Economic Reporting Format" (September 2009) and the "Asset Management Framework" (April 2004, Version 3.3), issued by the National Treasury under section 76 of the Public Finance Management Act, 1999;

"this Act" includes the Schedule; and

"transfers and subsidies" means any payment made by a provincial department to another organ of state or any other person in respect of which the provincial department does not receive anything of similar value directly in return, and includes the payment of conditional grants.

# Appropriation of money for the requirements of the Gauteng Province

- 2. (1) Appropriations by the Gauteng Provincial Legislature of money from the Gauteng Provincial Revenue Fund for the requirements of the Gauteng Province in the 2023/24 financial year, to votes and main divisions within a vote, and for the specific listed purposes, is set out in the Schedule to this Act.
- (2) The spending of appropriations referred to in subsection (1) is subject to the Public Finance Management Act, 1999 (Act No. 1 of 1999), and, to the extent that the Gauteng Provincial Legislature is concerned, the Financial Management of Parliament and Provincial Legislatures Act, 2009 (Act No. 10 of 2009).

# Amounts listed as specifically and exclusively appropriated

3. An amount within a vote or main division within a vote that are listed as specifically and exclusively appropriated in the Schedule to this Act may only be utilised for the purpose indicated and may not be used for any other purpose, unless an Act of the Gauteng Provincial Legislature amends or changes the purpose for which it was allocated.

| The programme aim is staff capacitation for the department to conduct the pivotal role that it has to play. This will involve capacity building in technical, professional and leadership skills. The assumption is that once staff are adequately skilled, they will implement the interventions as conceptualized. An effective, efficient and responsive Cooperative Governance and Traditional Affairs (COGTA) can be easily determined by establishing the number of effective core business applications, systems and processes developed and automated during the five years. The major assumption made is that the correct business applications, systems and processes will be developed and automated so that these will jointly contribute to the effectiveness, efficiency and responsiveness of COGTA in meeting the needs of its stakeholders. |  |                         |                                   |                                     |   |  |                  |               |
| 2. Local Governance  The Local Governance Programme seeks to strengthen the developmental state by enhancing participatory governance and institutional stability, as well as by building the capacity and capability of local government to achieve its constitutional mandate. The goal of the programme is to promote and facilitate viable and sustainable local governance in line with Pillar 4: Transformation of State and Governance.   | 306 542  | 220 308                 | 86 234                            |                                     |   |  |                  |               |

| The main goal of this Programme is to strengthen and align the department's ability to deliver on its mandate. It enables the department's business units to perform efficiently by providing corporate support (human resources, financial management, supply chain, information and communication technology (ICT), risk management and facilities' management and support). The Programme ensures effective leadership, management and administrative support of the core business divisions through continuous refinement of organisational strategy and structure, in compliance with appropriate legislation and practice. The Programme's outputs are in line with government's Outcome 12, which seeks to achieve "An efficient, effective and developmental-oriented public service and an empowered, fair and inclusive citizenship". |  |         |                  |                         |                                   |                                     |  |

# EXPLANATORY MEMORANDUM OF OBJECTS ON THE GAUTENG PROVINCIAL **APPROPRIATION BILL, 2023**

#### I. INTRODUCTION

- Section 215(1) of the Constitution of the Republic of South Africa, 1996 (hereinafter referred 1. to as "the Constitution"), provides for national, provincial, and municipal budgets and budgetary processes that must promote transparency, accountability and the effective management of the economy, debt, and the public sector.
- Section 215(2) of the Constitution enjoins Parliament to enact national legislation which must 2. prescribe—(a) the form of national, provincial, and municipal budgets; (b) when national and provincial budgets must be tabled; and (c) that budgets in each sphere of government must show the sources of revenue and the way in which proposed expenditure will comply with national legislation.
- Section 215(3) of the Constitution, in turn, requires that budgets in each sphere of government 3. must contain—(a) estimates of revenue and expenditure, differentiating between capital and current expenditure; (b) proposals for financing any anticipated deficit for the period to which they apply; and (c) an indication of intentions regarding borrowing and other forms of public liability that will increase public debt during the ensuing year.
- Section 226(1) of the Constitution, on the other hand, establishes the Gauteng Provincial 4. Revenue Fund for the Gauteng Province into which all money received by the Gauteng provincial government must be paid, except money reasonably excluded by an Act of Parliament. Section 226(2) of the Constitution, on the other hand, provides that money may be withdrawn from the Gauteng Provincial Revenue Fund only—(a) in terms of an appropriation by a provincial Act; or (b) as a direct charge against the Fund when it is provided for in the Constitution or a provincial Act. For instance, revenue allocated through the Gauteng Provincial Government to local government in terms of section 214(1) of the Constitution, is a direct charge against the Gauteng Provincial Revenue Fund according to section 226(3) of the Constitution. CRITIFIED BY STATE LAW ADVISERS

- 5. The Public Finance Management Act, 1999 (Act No. 1 of 1999) (hereinafter referred to as "PFMA"), in section 26, mirrors section 226(2) read with section 215(2) of the Constitution by providing for annual appropriations by Parliament and the Gauteng Provincial Legislature and enjoins Parliament and the Gauteng Provincial Legislature to appropriate money for the 2023/24 financial year for the requirements of the State and the Gauteng Province, respectively.
- 6. Section 27(2) of the PFMA requires the member of the Executive Council responsible for finance in the Gauteng Province (hereinafter referred to as "the MEC") to table the provincial annual budget for 2023/24 financial year in the Gauteng Provincial Legislature not later than two weeks after the tabling of the national annual budget by the Minister in accordance with section 27(1) of the PFMA, unless the Minister approves an extension of time for the tabling of a provincial budget. The Minister of Finance tabled the national annual budget for 2023/24 financial year on Wednesday, 22 February 2023.
- 7. Furthermore, the PFMA in section 28(1) requires the Minister of Finance and the MEC to annually table in the National Assembly and in the Gauteng Provincial Legislature, respectively, a multi-year budget projection of—(a) the estimated revenue expected to be raised during each year of the multi-year period; and (b) the estimated expenditure expected to be incurred per vote during each year of the multi-year period differentiating between capital and current expenditure.
- 8. The Gauteng Provincial Appropriation Bill, 2023, encompasses the annual budget for the 2023/24 financial year and accordingly and fully subscribes to the above-mentioned prescripts of the Constitution and the PFMA.

# II. BACKGROUND

1. The 2023 MTEF of the Gauteng Province is tabled in an environment characterised by fiscal constraints coupled with low economic growth projections due to electricity supply constraints. The levels of poverty, unemployment and inequality have deepened post COVID-19, hence limited resources are optimally allocated to address the widespread socio-economic challenges, promote sustainable growth and development, and ensure greater access to service delivery.

- 2. The Gauteng Province remains committed to Growing Gauteng Together 2030 (GGT2030) mandate, and elevated five areas of the GGT2030 blueprint to reposition the province for realising its vision of building the Gauteng City Region and improving the lives of its citizens. These five elevated priorities of the GGT2030 can be described as follows:
  - (1) Accelerating economic recovery and reconstruction;
  - (2) Strengthening the battle against crime, corruption, vandalism, and lawlessness in the province;
  - (3) Improving the living conditions in townships, informal settlements, and hostels (TISH);
  - (4) Prioritizing the health and wellness of people and
  - (5) Strengthening the capacity of the state to deliver effectively and efficiently.
- 3. High levels of crime in the Gauteng Province undermine public safety and pose a risk to economic growth, therefore emphasis is placed on provincial crime fighting interventions, an apex priority of the province for which a significant budget increase over the medium term is tabled. Additional resources are also provided over the medium term for health, education, and infrastructure investment to gradually restore the baselines of the key frontline departments and thereby enhance the delivery of essential services and support economic growth and recovery.
- 4. The Gauteng Provincial Appropriation Bill, 2023, represents the estimates of the provincial expenditure in relation to current expenditure, transfer payments and capital expenditure for each vote and each main division of a vote for the 2023/24 Financial Year.

#### III. DISCUSSION

### A. Macro-economic context

1. The International Monetary Fund (IMF) forecasts global gross domestic product (GDP) growth to moderate to 2.9 per cent in 2023, following an estimated 3.4 per cent growth for 2022. The major headwinds facing the global economy include the war in Ukraine and higher interest rates as central bankers respond to higher than anticipated global inflation. Global economic

growth is expected to recover to 3.1 per cent in 2024. Overall, the risks remain tilted to the downside, with the slowdown expected to be more pronounced in advanced economies while Emerging Market and Developing Economies (EMDEs) rebound.

- 2. Growth in advanced economies is forecast to moderate to 1.2 per cent in 2023 from 2.7 per cent estimated in 2022. This is due to a lower economic growth forecast (1.4 per cent) in the United States (US) as previous Federal Reserve bank tightening makes its way through the economy. Similarly, growth is forecast to moderate to 0.7 per cent in the Euro Area because of prolonged gas supply constraints due to the war.
- 3. The EMDEs economic growth is forecast to accelerate moderately to 4.0 per cent, mainly reflecting strong growth in the Asia pacific region due to the re-opening of the Chinese economy and recovery in private consumption. Along with India, China is forecast to contribute half of global economic growth in 2023 while the US and the Euro area are expected to contribute 10 percent to the global economic growth. The Sub-Saharan Africa (SSA) region grew by an estimated 3.8 per cent in 2022 and is expected to maintain that pace of growth in 2023. The region's commodity exporting countries are expected to benefit from higher commodity prices. Nigeria possessing the largest economy is estimated to have grown by 3.0 per cent in 2022 and is forecast to accelerate moderately to 3.2 per cent in 2023.
- 4. The National Treasury estimates the South African economy to have grown by 2.5 per cent in 2022, following a growth of 4.9 per cent in 2021. As a result, the economy is estimated to have grown to R4.6 trillion in 2022, which is above prior to the impact of COVID-19. South Africa's economy continues its gradual improvement, held back by the KwaZulu-Natal flooding that took place in April and largely the extensive load-shedding. However, the first quarter of 2022 posted a growth of 1.7 per cent quarter on quarter (q-o-q) which is attributed to increased output in sectors like manufacturing and trade. The second quarter saw a contraction of 0.7 per cent q-o-q due to the devastating floods in KwaZulu-Natal and the national load shedding. The economy has managed to recover again in the third quarter increasing by 1.6 per cent q-o-q and surpassing the pre-COVID levels. The South African Reserve Bank (SARB) forecasts economic growth to remain flat in the fourth quarter.

- 5. Economic growth is expected to slow to 0.9 per cent in 2023 and only moderately improve to 1.5 per cent in 2024 and 1.8 per cent in 2025 in South Africa. Furthermore, the effects of the war in Ukraine and electricity supply constraints remain a major downside risk to the economic growth outlook.
- 6. More recently, headline inflation has moderated from the peak of 7.8 percent in July, however it remains well above the mid-point of SARB's target band. Inflation is expected to fall within the SARB's target range during the second half of 2023. Although South Africa has seen a recent interest rate increases, the policy stance remains accommodative and supportive of credit demand.
- 7. The Gauteng economy is estimated to grow by 2.1 per cent in 2022, then moderate to 1.5 per cent in 2023 before rising to 2.0 per cent in 2024. Overall, economic prospects remain vulnerable to the inconsistent electricity supply capacity.<sup>1</sup>
- 8. Aggregate economic output has rebounded beyond pre COVID-19 levels, and the implementation of the government's targeted structural reforms is critical to the sustainability of the economic reconstruction and recovery which will relieve pressure on public finances.

# B. Key budget principles

- 1. The 2023 MTEF budget is prepared within a constrained fiscal environment hence the following principles guided the allocation of budgets to provincial departments:
  - (1) Resourcing the elevated priorities of GGT 2030 blueprint;
  - (2) Reprioritisation of budget baselines to fund policy priorities and improve efficiency;
  - (3) A shift in the composition of spending from consumption to investment;
  - (4) Allocation of additional resources based on the capacity of department to absorb and spend funding optimally;
  - (5) A focus on completing existing infrastructure projects and
  - (6) The readiness of departments to implement and capacity to deliver infrastructure projects.

#### C. Funding for elevated priorities

Provincial departments have responded to the provincial elevated GGT2030 priorities. In the paragraphs below, some of these strategic interventions with their respective budget allocations are explained:

# C.1. Gauteng Office of the Premier

- 2. The Gauteng Office of the Premier receive R886.1 million in 2023/24 and a total of R2.5 billion over the MTEF which is inclusive of funding for the elevated GGT2030 provincial priorities.
- 3. In order to reposition the Gauteng Provincial Government (GPG) brand, R142.7 million in 2023/24 and R116.5 million in 2024/25 is allocated for media, marketing campaigns and stakeholder engagements which will focus on townships, informal settlements, and hostels. Furthermore, an additional amount of R22.4 million is allocated in 2023/24 to the Hotline Centre, to increase capacity by 100 learners and 12 regional coordinators who will assist the Centre with high call volumes.

# C.2. Gauteng Provincial Legislature

- 1. The Gauteng Provincial Legislature is allocated R857.1 million in 2023/24, equating to a total of R2.6 billion over the MTEF to propel confidence in democracy and improve the quality of life of Gauteng's citizens.
- 2. The total budget includes R160.7 million allocated in 2023/24 for funding political parties and constituency support. This is to support political parties represented in the Gauteng Provincial Legislature to fulfil their role as public representatives. This funding increases to R163.5 million and R165.4 million in 2024/25 and 2025/26 respectively.
- 3. In enabling the Gauteng Provincial Legislature to deliver its core business services, which include law-making, oversight over the executive and public participation in the legislature processes, R288.8 million is allocated in 2023/24. This amount increases to R290 million in 2024/25 and R302.5 million in 2025/26. The Gauteng Provincial Legislature continues to develop and implement laws that create an enabling environment to better Gauteng citizens

lives through public participation processes or public hearings, citizens responsibility campaigns and various other programmes of the legislature committees.

# C.3. Gauteng Department of Economic Development

- The Gauteng Department of Economic Development receives R1.9 billion in the 2023/24
  financial year and a total of R3.4 billion over the MTEF for accelerating economic growth and
  recovery in an effort to ensure the economy works for everyone in an inclusive and integrated
  manner.
- 2. In an effort to transform Gauteng into a single, multi-tiered mega special economic zone, R272 million is allocated in the 2023/24 financial year, of which R23 million is for the professional resource team in the OR Tambo International Airport Special Economic Zone (ORTIA SEZ) and R65 million is for the development of bulk infrastructure services for the ORTIA Precinct The remaining amount of R184 million is for the Tshwane Automotive Special Economic Zone (TASEZ), which is allocated towards projects such as the central hub building (including parking), perimeter fencing (phase 1), the construction of bulk infrastructure (Phase 2 development) and the payment of the professional service providers, who are responsible for the designs and who oversee the construction. The development of TASEZ Phase 2 will produce 450 additional construction jobs and 100 additional positions for tenants within the zone. TASEZ Phase 2 will also concentrate on the creation of a TASEZ Campus comprising of multiple nodes/disciplines including incubation and technical training schools with the primary goal of skills and SMME development.
- 3. To accelerate economic recovery, R62 million in 2023/24 and R185 million over the MTEF is allocated for the refurbishment of industrial parks. The Provincial Industrial Park Revitalisation Programme includes the revitalisation of industrial parks in Emndeni, Garankuwa, Tembisa, Chamdor and Sebokeng Extension 1 and Extension 2. A total of sixty local contractors will be empowered through sub-contracting at 30 per cent from the main contractors and four hundred construction job opportunities are expected to be created in the geographical areas where the above infrastructure projects are to be implemented.

Table 2 provides a summary of the conditional grant allocation of provincial departments over the MTEF. Conditional grants increase from R27.4 billion in 2023/24 to R29.1 billion in 2025/26.

## **B.1.** Early Childhood Development Grant

Following the ECD function shift from the Gauteng Department of Social Development to the Gauteng Department of Education, additions have been made to this grant in ensuring the expansion of early childhood development services. These additions to the ECD grant were made to increase the number of children accessing the early childhood development subsidy, provide pre-registrations support to early childhood development centres, and to pilot a nutrition support programme and a results-based service delivery model.

#### **B.2.** Education Infrastructure Grant

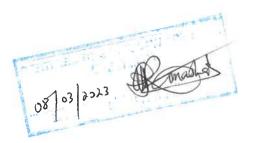

This grant increases by R1.5 billion over the MTEF through the Budget Facility for Infrastructure (BFI) for the implementation of the Gauteng Schools programme.

## **B.3.** National School Nutrition Programme Grant

Funds have been added to this grant in ensuring that meals provided to learners meet the nutritional requirements.

#### **B.4. Provincial Roads Maintenance Grant**

To incentivize comprehensive road maintenance planning, and to improve the road network, funds were added to this grant for the province to address its rehabilitation needs as per the road maintenance prioritization model. The allocation complements the 25 per cent already allowed for rehabilitation in the grant and funds the backlog in the refurbishment of Gauteng provincial roads.

- 1. Table 3 above summarises provincial own revenue collection estimates over the 2023 Medium Term Revenue Framework (MTRF). The total provincial own revenue collection is expected to increase from R7.6 billion in 2023/24 to R8 billion in 2024/25 and R8.3 billion in 2025/26, representing an average growth rate of 5.1 per cent a year over the 2023 MTRF.
- Provincial own revenue is generated mainly by the Gauteng Departments of Roads and Transport, Economic Development, Health and Treasury through the collection of motor vehicle licensing fees, gambling taxes, health patient fees and earning interest on provincial reserves respectively.
- 3. The total revenue to be collected by Gauteng Departments of Roads and Transport amounts to R5 billion in 2023/24, increasing to R5.2 billion in 2024/25, and R5.5 billion in 2025/26 which is an average growth rate of 4.1 per cent per annum over the 2023 MTRF. Motor vehicle license fees is the main revenue source for the Department, contributing approximately 65 per cent to the total provincial own revenue. Revenue estimates for the Department are driven by the motor vehicle population which stand at 5 079 795 as at September 2022. The Departments' model

for estimating provincial own revenue takes into consideration the Consumer Price Index (CPI) and other determining factors. The road traffic regulation amendment tariff fee review is also considered in the estimation of previous and current performance.

- 4. The Department is the principal party in the provision of motor vehicle license functions, uses agencies such as municipalities, the South African Post Office as well as the Road Management Traffic Corporation (RTMC) with municipalities collecting the most revenue for the Department.
- 5. Gauteng Department of Economic Development contributes the second largest share to provincial own revenue through its gambling taxes. Gambling tax revenue includes casino and horse racing taxes which are the second largest revenue streams and contribute 16 per cent to the revenue collected in the province. The total revenue projected to be collected by the Gauteng Department of Economic Development amounts to R1.2 billion in 2023/24, increasing to R1.3 billion in 2024/25, and R1.4 billion in 2025/26, which presents an average growth rate of 6.4 per cent per annum over the 2023 MTRF. The Department uses previous financial year performance to project for revenue. The total number of gambling establishments, the amount collected less tax and commission fees are also taken into consideration in revenue projections.
- 6. Gauteng Department of Health projects revenue collection of R562.4 million in 2023/24, R587.7 million in 2024/25 and R614.3 million in 2025/26, which represents an average growth rate of 6.3 per cent per annum over the 2023 MTRF. The Gauteng Department of Health contributes 7 per cent to the total revenue collected in the province, and the collection of patient fees is the main revenue source for the Department. The charges for patient fees are informed by the Uniform Patient Fee Structure (UPFS) which is determined by the National Department of Health. To improve collection, the Department appointed a service provider to assist with the submission of claims to the RAF in ensuring that all the requirements are met for the successful payment by the RAF.
- 7. The total revenue to be collected by Gauteng Provincial Treasury (GPT) amounts to R670 million in 2023/24, increasing to R714.4 million in 2024/25, and R746.4 million in 2025/26. Interest revenue is guided by an investment policy that focuses on preservation. Investment

instruments are required to be in investment transactions that avoid losses. Treasury plans to unlock additional financial gain through effective cash management beyond the fixed deposits placed with commercial banks, to earn additional interest income, and realise cost savings through enhanced operational efficiencies. The GPT also plans to optimise short- and long-term investments and borrowing practices as well as maintain good relationships with banks and other lenders.

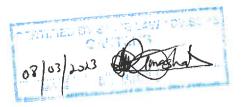

8. Two percent of the total own revenue provincial collection come from the Gauteng Departments of Infrastructure Development, Agriculture, Rural Development and Environment, Education and Community Safety over the 2023 MTRF.

## D.2. Gauteng Office of the Premier

A total additional amount of R165.1 million is allocated in the 2023/24 financial year which include R142.7 million for repositioning the brand of the Gauteng Provincial Government (GPG) which will focus on townships, informal settlement, and hostels. The balance of R22.4 million is for additional capacity in the Hotline Centre, specifically 100 learners and 12 regional coordinators to manage high call volumes. Furthermore, an amount of R116.5 million is allocated to this department in the 2024/25 financial year for the continuation of the GPG brand repositioning campaign.

## D.3. Gauteng Provincial Legislature

An amount of R36.1 million is allocated in 2023/24 financial year, of which R25.5 million is a once-off allocation for the space optimization project and R10.6 million for compensation of employees to align with the repositioning of the Gauteng Provincial Legislature.

#### D.4. Gauteng Department of Economic Development

An amount of R42 million is allocated for the 2023/24 financial year only, which will be used for diesel to provide additional power to the Tshwane Special Economic Zone.

## D.5. Gauteng Department of Health

In the 2023/24 financial year, a total additional amount of R1.6 billion is allocated to the department of which R600 million is for COVID-19 posts, R762.8 million is for augmenting the goods and services' budget for the items such as, medicine, medical supplies, and consumable supplies and R250 million is for a reduction in the radiation (oncology) backlog in health facilities. The carry-through effect of the additional funding is allocated in the outer two years of the MTEF.

## D.6. Gauteng Department of Education

In the 2023/24 financial year, a total additional amount of R1.3 billion is allocated to the department, of which R52.4 million is for scholar transport due to increased learner numbers, R21.8 million is for spending pressures under the school nutrition programme and R20.4 million is for school subsidies. The remaining amount of R1.2 billion is for a budget shortfall under compensation of employees. The carry-through effect of the additional funding is allocated in the outer two years of the MTEF.

### D.7. Gauteng Department of Cooperative Governance and Traditional Affairs

An additional amount of R51 million is allocated in the 2023/24 financial year of which R48 million is for the implementation of revenue management strategies (larger users, billing and visibility studies and turn-around plans) in municipalities in ensuring that there is adequate systems, processes, procedures to maximise the revenue collection capacity and ensure reliable billing information and R3 million is for the implementation of the "Automation of Spatial Transformation Assessment Mechanism" (STAM) project. An amount of R3 million is allocated in each of the outer two years of the MTEF to continue the implementation of the STAM project.

#### D.8. Gauteng Department of Community Safety

An additional amount of R1.5 billion is allocated to the department in the 2023/24 financial year. Included in this amount is R991.8 million for the recruitment of an additional 6 000 crime prevention wardens, R156.3 million is for the tools of trade to be used by the crime prevention peace wardens, R21.6 million is for leasing one helicopter, R25 million is for the procurement of drones and R45 million is for the procurement of additional fleet. The remaining amount of R296.5 million is allocated only in the 2023/24 financial year and is for the once-off cost of training the crime prevention wardens estimated at R290 million as well as training the drone operator pilots estimated at R6.5 million. In the outer two years of the MTEF, funds are allocated for the carry-through effect of remunerating the additional 6 000 crime prevention wardens, procurement of tools of trade for the crime prevention wardens, drones, additional fleet and for the leasing of helicopters all of which is being procured in a phased-in approach.

## D.9. Gauteng Department of Sport, Arts, Culture and Recreation

An amount of R7.2 million in 2023/24 is a reallocation of funds for the Tri-colour games in Italy which was previously surrendered by the department due to the postponement of this event amidst COVID-19 restrictions.

#### D.10. Gauteng Department of e-Government

A total additional amount of R55 million is allocated to the department for the 2023/24 financial year which includes R5 million for the expansion of Wi-Fi hotspots in all townships and R50 million is for the installation of Close Circuit Television (CCTV) cameras in townships, informal settlements, and hostels within the province. The allocation for the expansion of Wi-Fi hotspots amounts R50 million in 2024/25 and R11.6 million in 2025/26 whereas the allocation for the CCTV cameras is R50 million in 2024/25 and R30 million in the 2025/26 financial year.

#### D.11. Other

The additional allocation is made available to cover the carry-through effect of the provisional 3 per cent wage increase in compensation of employees, as announced by the Minister to all provincial departments excluding the Gauteng Provincial Legislature that received funding for performance bonuses as explained above.
