# 1. Overview

#### 1.1 Vision

By 2030, the Province will have a growing, transformed, diversified and inclusive green economy in a sustainable environment.

#### 1.2 Mission

A provincial catalyst for sustainable and inclusive economic development that promotes sound environmental management.

#### 1.3 Core functions and responsibilities

The core functions of the department are summarised as follows:

- To drive economic growth and development in the Eastern Cape;
- To develop key sectors of the economy through the provincial economic development strategy;
- To develop and promote the provincial tourism sector;
- To provide consumer protection services, gambling and betting regulations, trade inspection and regulate the liquor industry; and
- To develop regulatory frameworks and monitor the implementation of policies for the protection of biodiversity and environment in the province.

#### 1.4 Main Services

The department's core services are centred around economic and tourism development as well as environmental management. These services include but not limited to:

- Coordinate all strategic initiatives relating to the creation of decent work through inclusive economic growth; including the implementation of the relevant components of the National Development Plan, Vision 2030 and a number of sector strategies;
- Develop and utilise strategic frameworks and partnerships for the support and promotion of sustainable Small Medium and Micro Enterprises (SMMEs) and Cooperatives as well as support local procurement in the province;
- Promote entrepreneurship and job creation by supporting the Isiqalo Youth Fund;

- Promote economic development through the Economic Stimulus Fund as well as through the new Economic Development Fund;
- Promote economic growth and development of local economies in partnership with key stakeholders by aligning Local Economic Development (LED) initiatives with government programmes as well as creating and facilitating an enabling environment for implementation. This includes small town revitalisation and the development of township economies;
- Increase the number of jobs created through sector and cluster development and support sustainable initiatives, agro-processing, manufacturing and the revitalisation of old industrial parks;
- Facilitate the development of strategic infrastructure projects that will stimulate the competitiveness of priority sectors in the provincial economy. Focus is placed on socio-economic infrastructure, Operation Phakisa, the Black Industrialisation Programme and support of Strategic Infrastructure Programmes (SIPs);
- Support manufacturing and service industries through the promotion of special economic zones;
- Promote consumer rights, develop systems for effective regulation of the liquor, gambling and betting industries in the province;
- Provide credible information and databank that informs economic policy and planning processes;
- Support the development of tourism in the province for competitive product offerings;
- Establish, implement and maintain effective systems to manage the sustainable utilisation of biological resources and conservation of ecosystems;
- Establish, implement and maintain effective systems using environmental legislation to protect the environment and implement environmental awareness programmes to empower communities; and
- Facilitate informed environmental decision-making through the implementation of comprehensive environmental planning and coordination mechanisms.

#### **1.5** Demands for and expected changes in the services

The 2-year long COVID-19 pandemic and subsequent lockdowns has impacted negatively on all facets of social and economic activity. At the same time the budgets were severely cut. This requires a different approach to how work is delivered together with other partners and stakeholders since the focus is now on economic recovery both at a provincial and national level. DEDEAT is the centre for economic growth and sustainable development through collaboration, co-ordination, facilitation, integration and support provided to all Economic Development (ED) cluster departments in order to improve economic growth and sustainable development. The province is faced with high unemployment rate as well as high level of inequality and distribution of income. Furthermore, de-industrialisation and the poor investor climate create a challenging environment for the department to create economic opportunities for investment and associated job creation. The Provincial Economic Development Strategy (PEDS) and the Jobs Strategy require a new set of industrial skills in areas such as petrochemicals, green technology manufacturing, agro-processing and auto-manufacturing.

Over the 2023 MTEF, the focus will be on the coordination and implementation of key economic projects to stimulate economic growth and development in the province. The Premier has mentioned the word 'infrastructure' 31 times in the State of the Province Address. It means DEDEAT has to actively support all applicable infrastructure projects. The Local and Regional Economic Development (LRED) programme continues while previously funded stimulus fund projects will be monitored and supported. There is also a huge demand for SMME assistance with financing through the Eastern Cape Development Corporation (ECDC), which is unable to meet demand. However, funding challenges are impacting the advancement of loans to SMMEs. For 2023/24, the target is to support 70 SMMEs through non-financial support. Furthermore, the establishment of the Economic Development fund under the ECDC in 2023/24 will provide resources to overcome these challenges.

The department foresees an increased demand on skills development programmes and applications for financial and non-financial support from SMME's and cooperatives. The department still aims to support about 120 cooperatives, which will be manageable through greater interactions with prospective communities. Although the skills development programmes at ECDC and Coega Development Corporation (CDC) should be able to meet the demand for skills, the department may not have sufficient financial resources to meet the needs for support to the SMME and cooperative sectors. The fourth industrial revolution requires new types of skills, which cannot be implemented by the department alone. Support and collaboration with the private sector will be sought.

## **1.6 The Acts, rules and regulations**

The department operates in a highly regulated environment, with more than 100 Acts and Regulations that serve as operational boundaries of the DEDEAT Group (department and its six public entities). The key acts, rules and regulations are applicable to the core functions of the department, which are: Consumer Protection Act, 2008; Broad Based Black Economic Empowerment Amended Act, 2013; Co-operatives Bank Act, 2005; Amended Co-operatives Act, 2013; National Gambling and Betting Act, 2008; National Small Business Act, 1996; National Liquor Act, 2003; Eastern Cape Liquor Act, 2003; Unfair Business Act, 1998; National Credit Act, 2006; Eastern Cape Eastern Cape Gambling Amendment Act, 1 of 2015; Eastern Cape Development Corporation Act, 1997; Eastern Cape Parks and Tourism Agency Act, 2010; Nature Conservation Ordinance, 1974; Environmental Management Act, 1998; Environmental Conservation Act, 1998; National Environmental Management Air Quality Act, 2004; National Environmental Management Integrated Coastal Management Act, 2008; National Environmental Management Waste Act, 2008; National Environmental Management Protected Areas Act, 2009, and Special Economic Zones Act, 2014.

The Eastern Cape Gambling Amendment Act, 2015 (Act No. 1 of 2015) amended the Eastern Cape Gambling Act, 1997 (Act No. 5 of 1997) and came into operation on 1 August 2016. On the 19 February 2018, the Honourable Premier published a Proclamation bringing into operation section 4 and section 5 of the Eastern Cape Gambling Amendment Act, 2015 (Act No. 1 of 2015). These sections provide that the juristic person will be known as the Eastern Cape Gambling Board. The impact of the Legislation provides for the following: reinforced monitoring to enforce compliance by the industry; an expanded revenue-base and increased economic contribution; a revised regulatory system that caters for new forms of gambling; a quicker decision making process and responsiveness to demands; and enhanced suitability of mechanisms to promote entry into the industry.

The Eastern Cape Liquor Authority Act, 2018 (Act No, 4 of 2018) was assented to and published in the Provincial Gazette during March 2019. Regulations in terms of the Act will be drafted and will be published for comment once the Honourable Premier promulgates the Act.

The White Paper on Consumer Protection in the Eastern Cape has been endorsed by the Executive Council. The Eastern Cape Consumer Protection Act, 2018 (Act No. 3 of 2018) has been assented to by the Honourable Premier and published in the Provincial Gazette during March 2019. The Act when proclaimed and in operation will provide the Office of the Consumer Protector with the necessary legislative mandate to ensure a more effective and efficient service to consumers within the Eastern Cape and will be aligned to the Consumer Protection Act and provides for procedures and mechanisms to provide redress to consumers. Provision is made for the establishment of the Eastern Cape Consumer Tribunal for referral of complaints that are not resolved in terms of alternative dispute resolution mechanisms.

The Eastern Cape Parks and Tourism Agency Act (No 2 of 2010) was reviewed. The Eastern Cape Parks and Tourism Bill, 2018 was published for public comment on 12 February 2018. The Bill will promote alignment with the National tourism legislation whilst it will seek to address gaps that have been identified, which have a direct impact on implementation.

The department has reviewed the Eastern Cape Development Corporation Act, 1997 (Act no. 2 of 1997). A White Paper on the Eastern Cape Development Corporation is being developed which will inform the Eastern Cape Development Corporation Bill to align with the Economic Policy direction of the country and the province.

Formal and Informal businesses are currently governed by the Business Act, 1991 (Act No. 71 of 1991) which predates the Constitution of the Republic of South Africa, 1996. The Department is currently working on the policy development of a White Paper on Businesses in the Eastern Cape, which will culminate in the publication for comment of the Eastern Cape Businesses Bill. The overall intention of the Bill will be to repeal the Business Act, 1991 (Act no. 71 of 1991), provide for measures to protect consumers in the province against unhealthy, harmful, and unsafe goods and business practises. It will also provide for the designation of Licensing, Permitting and Registration Authorities, Committees and Officers in the province and their objects, powers, duties and 51 functions, provide for a conducive environment to ensure graduation and transitioning of small businesses operating in the informal sector into the main stream economy. Furthermore, it will provide for a developmental agenda that covers transfer of skills, capacity building and business support to the SMME's and to provide for business data collection across the board that will be beneficial to proactive economic planning regime.

# 1.7 Budget decisions

The current economic climate and associated fiscal constraints placed on the provincial financial resources has directed the department to reprioritise its budget allocation within the programmes. The department continues to ensure that the budget decisions are aligned with provincial priorities pertaining to the need for intensified support and oversight of the Public Entities. There has been tightening of the fiscal envelope caused by the weak economic environment. The downward economic growth forecast presents further challenges government's ability to generate revenue to meet the ever-increasing service delivery targets. Reprioritisation within programmes and sub-programmes to accommodate the previous budget cuts was undertaken without severely affecting the service delivery for the 2023 MTEF. Consequently, funds have been reprioritised from Compensation of employees to achieve the government programme of action. However, this didn't compromise the provision for warm bodies. The baseline reprioritisation exercise was necessary to re-direct funds to enhance the assistance to SMME, set-aside funding for economic stimulus projects and COVID-19 pandemic as well as the increasing demand for support to SMMEs. To this end, the introduction of the Economic Development Fund to be implemented by ECDC, will assist in addressing these demands.

Budget decisions in the department are largely influenced by various factors that are prioritised in order to promote economic development, tourism and taking into consideration our environmental affairs. The department will continue with its untiring efforts of donor mobilisation and work with the private sector in order to leverage on their resources in projects where there are common goals. Cost containment measures and value for money spending will continue to be applied by the department over the 2023 MTEF period.

### 1.8 Aligning departmental budgets to achieve government's prescribed outcomes

The departmental budget is supported by a Strategic Plan (SP), Annual Performance Plan (APP) that have been aligned to the Medium-Term Strategic Framework (MSTF) and Provincial Development Plan (PDP), Vision 2030. The department's work is influenced by a combination of economic and environmental imperatives in the Eastern Cape; key alignment instruments of the international, national, provincial and local levels; and the structural organisation of the DEDEAT Group as well as the available human and financial resource envelope. The department will continue to make use of policies and strategies that enhance economic, environmental management and tourism development. These include the Eastern Cape Biodiversity Strategy and Action Plan (ECBSAP), Climate Change Response Strategy, Provincial Sustainable Energy Strategy, National Biodiversity Economy Strategy, Integrated Waste Management

Plans, Eastern Cape Youth Development Strategy, Provincial National Protected Area Expansion Strategy, Industry Action Plan, Agricultural Policy Action Plan, Tourism Master Implementation Plan, BBBEE policy, ECAIF Automotive Strategy 2024, AIDC Automotive Strategy 2024, EC Tooling sector strategy 2024, Provincial EC Integrated SMME Strategy 2015-2020 (being reviewed), Co-operative development strategy 2019-2024, Business Incubation Strategy as well as the EC Policy Speeches.

# 2. Review of the current financial year (2022/23)

# 2.1 Key achievements

The department attracted 1 investment with a value of R70 million against the annual target of 5 investors with a value of R500 million in 2022/23 for East London Industrial Development Zone (EIDZ), while several factors contributed to the underperformance, the most significant is the slow growth of the investment pipeline. The department reports a value of R292.62 million investments out of an annual target of R460 million through CDC. Subsequently 9 136 jobs opportunities were created against the revised annual target of 9 739 jobs opportunities mainly in the construction industry through CDC.

The department further supported 285 SMMEs with non-financial support such as business training, development of plans and marketing against the revised annual target of 120 SMMEs and further supported 1 project to improve economic growth and sustainable livelihood on LRED programme against the annual target of 10. The under achievement is mainly due to non-compliant with the LRED policy from the respective applicants after due diligent were being undertaken. In respect of Provincial Economic Stimulus Fund, 10 projects were supported to rejuvenate the economic growth and sustainable development against the annual target of 12 projects.

The department issued 4 gambling licence to reach current legislation against the revised annual target of 6 to enhance revenue collection. An amount of R143.8 million was collected against the annual target of R185 million through Eastern Cape Gambling Board (ECGB). The ECGB implemented 5 Gambling Economic Opportunities Awareness Sessions against the annual target of 5 throughout the province. In respect of consumer education programme, the number of consumer education programmes implemented and other consumer protection initiatives, 3 was achieved against the annual target of 6. The department achieved 3 on number of socio-economic intelligent reports produced against a target of 5. With respect to status report on implementation of tourism sector policies/strategies, 1 was achieved against the annual target of 2.

In support of conservation efforts and creating awareness sessions, the department undertook 18 environmental capacity building activities against the annual target of 24. In support of conservation efforts, 19 environmental awareness activities were conducted against the annual target of 24. Out of the annual target of 467, there was no achievement reported for work opportunities through environmental programme as this target is to be reported in Quarter 4. ECPTA generated R2.021 million through tourism development and transformation as well as heritage tourism for hospitality revenue

ECLB processed 34.3 per cent of fully compliant liquor license applications out of an annual target of 70 per cent and 65 907 people were reached through liquor awareness interventions.

In respect of consumer education programme, 3 was achieved on the other consumer protection initiatives against a revised annual target of 6. The department issued 837 Threatened or Protected Species (TOPS) against the annual target of 900.

In support of conservation efforts and creating awareness sessions, 19 environmental awareness activities and 22 environmental capacity building were held throughout the province against the revised annual target of 24 and 24, respectively. Out of the annual target of 550, there was no achievement reported for work opportunities through the environmental programme.

# 2.2 Key challenges

The key challenges for the DEDEAT group over the past 9 months are as follows:

- On the LRED front, the biggest challenge has been the poor quality of applications received and the monitoring thereof. There is also a challenge of coordination since a number of departments and municipalities are involved in LRED programme.
- On tourism, the Eastern Cape lacks the ability to retain its international tourists, hence the number of international tourists into the province vary each and every period. The Eastern Cape remains in the 8th most visited province followed by the Northern Cape, while Gauteng, Limpopo, Western Cape, Mpumalanga and Free State continue to capture the majority of international tourists and spending due to established tourism products and brands.
- During this review period, no Atmospheric Emission Licenses were issued. However, one additional application was received during this quarter. National also reported that there was a legal challenge for the wood drying category in terms of subcategory 9.5 of the listed activity. The judgement in this case was to the favour of the sawmilling industry. However, the Minister has appealed the case and the matter has now been referred to the Constitutional Court.

# 3. Outlook for the coming financial year (2023/24)

The department aims to attract 12 investors worth approximately R890 million in 2023/24. The department intends to create 10 963 jobs while simultaneously contributing to skills and development by training approximately 3 500 people. Work will continue support of 3 sustainable energy, 5 manufacturing, 3 Agroprocessing and 3 trade and investment promotion initiatives. There is a plan to monitor at least 9 projects that were previously funded through the Provincial Stimulus Fund.

The department will support 200 SMMEs with non-financial support such as business training, development of plans and marketing. A total of 10 Local and Regional Economic Development (LRED) projects will be funded. Work on the Oceans economy will continue with various streams although no additional resources have been allocated for this function. Due to deficiencies in data, the department will partner Statistics South Africa in order to develop credible business intelligence. Thematic areas of 5 have been identified for collaboration with Statistics South Africa, which will be implemented on a cost recovery basis on behalf of the department.

The focus of the department will be on the economic recovery of the province post the COVID-19 pandemic whereby it responded by creating the Economic Development Fund, which will be implemented by the ECDC in 2023/24. This fund will provide resources for strategic economic development imperatives including: industry value chain activation support, SMME access to funding for business finance as well as specialist funds targeting growth and transformation in high potential sectors and industries.

The department will continue to focus on tourism development and transformation as well as heritage tourism and aims to generate revenue. More efforts will be made to market the province through digital platforms. Through the ECLB the department will process all (100 per cent) fully compliant liquor license applications, as well as undertake social responsibility programmes and reach thousands of people through liquor awareness interventions in the province.

The number of Gambling licences has reached current legislative thresholds and 4 gambling licenses is targeted for 2023/24, to be issued through the ECGB. This will further enhance revenue collection going forward. A target of R219 million has been set for revenue collection through the ECGB. The ECGB will implement 5 Gambling Economic Opportunities Awareness sessions throughout the province. Through the Consumer awareness programme, the department plans to do 6 consumer education programmes and other consumer protection initiatives.

In support of sustainable environmental management and sustainable economic development the department will strive to process all environmental-related applications within legislated timeframes. The department under biodiversity programme intends to issue more than 80 per cent of Threatened or Protected Species (TOPS) permits in 2023/24.

Environmental awareness and capacity building activities will continue to play an important role in educating the public on environmental issues. As such, the department will conduct a total of 24 environmental awareness and 24 capacity building activities throughout the province. There are also plans to create approximately 405 work opportunities through environmental programmes.

# 4. Reprioritisation

The department undertook extensive reprioritisation over the 2023 MTEF, largely for implementation of the department's 4 priority projects for development and implementation. These projects represent and opportunity to create synergy and integration among different role players namely Township and rural economy, Climate change programme, Support to the Provincial Investment and Trade initiatives, and lastly Revitalisation of industrial parks. The projects will be contextualised with SMMEs focusing on red tape reduction, funding instruments and shared services, amongst others being supported.

The department will continue to administer a set of programmes that are targeting micro, small and medium enterprises and ensure that small businesses and co-operatives owned by individuals from historically disadvantaged communities including Women, Youth and Persons with disabilities actively participating. Furthermore, funds were reprioritised from Compensation of employees to Goods and services in order to prioritise service delivery. The service delivery projects as outlined in the departmental Annual Performance Plan will be continued with in 2023/24 and savings realised by the department will be used to augment any shortage to stimulate economic growth and service delivery in the core programmes.

In budgeting, the cost containment measures and other cost cutting practice notes and circulars were implemented in particular to the non-core items. Furthermore, the department has effected reprioritisation in order to fund the departmental priorities. Base line reductions were implemented across the group. Financial Management with the assistance of the Accounting Officer will continue to play an active role in ensuring that programmes are spent as projected and that the budget pressures are addressed. Therefore, the monitoring and oversight will continue over the 2023 MTEF.

# 5. Procurement

The department's procurement will be aligned to the department procurement plans and the Supply Chain Management (SCM) policy to be implemented. The procurement and contract management still remain a target and the department will robustly look at this area in its quest to implement the cost containment measures and realise efficiency gains. The department will continue to liaise with Provincial Treasury for all matters relating to SCM for guidance. The department will continue to uphold the principles of procurement by ensuring that all contracts are awarded in a manner that is fair, equitable, transparent, competitive and cost effective. The department will continue to ensure that the procurement of goods and services is done in a timely manner and will adhere to the provincial drive to support township economies and meet the targets set for preferential procurement and further intensify the payment of suppliers within 30 days in line with Treasury Regulation 8.2.3. The department will continue to implement the LED Strategy focusing on local procurement for almost all services on tenders so that bids will be awarded in a manner, which is fair, equitable, transparent, competitive and cost effective.

Procurement of goods and services will be done in line within the requirement of PPPFA together with departmental procurement policies. The department will ensure that all contracts are subjected to marketprice analysis and the concept of value for money is the core driver when negotiating contracts. However some of the projects that would impact the procurement process are as follows:

- Mid-term impact assessment;
- Refurbishment of industrial parks;
- Tourism marketing;
- Cleaning services;
- Security services;
- Printing solution; and
- LAN switching.

# 6. Receipts and financing

# 6.1 Summary of receipts

#### Table 2: Summary of departmental receipts

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Mec	lium-term estimates	6	%change
Rthousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26	from2022/23
Equitable share	1 338 441	1 329 974	1 415 152	1 327 559	1 398 062	1 398 909	1 997 109	1 896 720	2 075 707	42.8
Conditional grants	2 670	2 494	2 605	2 823	2 823	1 976	3 691			86.8

Departmental receipts	1 341 111	1 332 468	1 417 757	1 330 382	1 400 885	1 400 885	2 000 800	1 896 720	2 075 707	42.8
of which										
Total receipts	221 786	116 323	185 387	237 733	237 733	215 293	252 271	252 448	264 060	17.2

Table 2 above reflects the summary of departmental receipts, which consist of equitable share, conditional grants and own revenue from 2019/20 to 2025/26. The receipts increased from R1.341 billion in 2019/20 to a revised estimate of R1.4 billion in 2022/23. In 2023/24, the receipts increases by 42.8 per cent to R2 billion. This is due mainly for funds allocated for Budget Facility for Infrastructure to implement the water effluent project through CDC and further allocations for sustainable economic growth and development at ECDC including the Economic Development (ED) Fund, recapitalisation and property modernisation as well as refurbishment of Data Centre in the ELIDZ and further implementation of the Eastern Cape Liquor Act.

# 6.2 Departmental receipts collection

Table 3: Summary of departmental receipts and collection

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Mec	ium term estimates		% change from 2022/23
Rthousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26

Total departmental receipts	221 786	116 323	185 387	237 733	237 733	215 293	252.271	252 448	264 060	17.2

Table 3 above, Departmental own receipts decreased from R221.786 million in 2019/20 to a revised estimate of R215.293 million in 2022/23 due to normalising of the restrictions caused by COVID-19 pandemic. In 2023/24, the budget increases by 17.2 per cent to R252.271 million mainly due the economic recovery following the COVID-19 pandemic. The revenue drivers are casino taxes, liquor licences, sale of permit for environmental affairs and the implementation of gambling activities (e.g. bingo). Furthermore,

the department is striving to increase its revenue through the implementation of the provincial revenue study.

# 6.3 Official development assistance (donor funding)

#### Table 4: Summary of departmental donor funding receipts

	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medi	um-term estir	nates	% change from

European Funding	-	4 126	-	-	-	-	-	-	-	
Donor 5	-	-	-	-	-	-	-	-	-	
Total payments	17 244	14 240	-	-	-		-	-	-	

Table 4 above showed that the department received R31.484 million in donor funding in 2019/20, while Table 5 shows that the department spent R17.244 million and R14.240 million of the donor funds in 2019/20 and 2020/21, respectively. This is mainly for managing school toilets waste in order to generate fertiliser and cooking gas for school garden and feeding schemes, which is implemented by the ECDC in the Amathole District Municipality. No funding was received since 2021/22 onwards from donors.

# 7. Payment summary

#### 7.1 Key assumptions

The expectations for crafting this budget were to provide a framework to the departmental officials for setting priorities, determining service levels and allocating financial resources efficiently. The following key assumptions were taken into consideration when this budget was formulated:

- Budgetary reduction on the Compensation of Employees (CoE) and other non-COE expenditure items are based on the cuts towards wage freeze reductions, fiscal consolidation reductions and adjustment to baseline for the new data in the PES formula amongst other things;
- Cost containment measures to be implemented as much as possible in order to ensure an efficient use of fiscal resources; and
- Inflation over the 2023 MTEF is 4.42 per cent in 2023/24, 4.45 per cent in 2024/25 and 4.48 per cent in 2025/26.

### 7.2 Programme summary

Tables 6 and 7 above represent a summary of actual and projected estimates from 2019/20 to 2025/26 by programme and economic classification, respectively. Expenditure increases from R1.341 billion in 2019/20 to a revised estimate of R1.4 billion in the 2022/23. The budget increases by 42.8 per cent to R2 billion in 2023/24 mainly due to funds allocated for Budget Facility for Infrastructure to implement the water effluent project through CDC.

Compensation of Employees increases from R262.963 million in 2019/20 to a revised estimate of R299.118 million in 2022/23 due to provisions made for Improvements of Conditions of Service (ICS) and the filling of vacant posts. In 2023/24, there is a decrease of 0.5 per cent to R297.737 million.

Goods and Services increases from R118.211 million to a revised estimate of R124.318 million in 2022/23 mainly due to reclassification of informal sector scheme allocations from Transfers and Subsidies to this item. In 2023/24, the budget decreases by 4.8 per cent to R118.310 million due to once off payments for informal business support programme and further use of Information of Communication Technology (ICT) for national events such as environmental celebration days and awareness's (biodiversity day, wetlands day and provincial consumer rights day celebration).

Transfers to public entities are the main cost driver of expenditure and it increases from R949.658 million in 2019/20 to a revised estimate of R960.449 billion in 2022/23. In 2023/24, the budget increases by 63.2 per cent to R1.567 billion. This is due to mainly funds allocated for Budget Facility for Infrastructure to implement the water effluent project through CDC and further allocations for sustainable economic growth and development at ECDC including the Economic Development Fund, recapitalisation and property modernisation as well as refurbishment of Data Centre in the ELIDZ and further implementation of the Eastern Cape Liquor Act.

Payments for Capital Assets increases from R9.972 million in 2019/20 to revised estimates of R17 million in 2022/23 mainly due to funds that was provided of office furniture for the relocation to the new offices in Bhisho. In 2023/24, the budget increases by 3.6 per cent to R17.618 million due to CPI adjustments.

Total payments and estimates by district and municipal area	1 341 111	1 332 468	1 417 757	1 330 382	1 400 885	1 400 885	2 000 800	1 896 720	2 075 707	42.8

Table 8 above show the departmental payments and estimates by municipal boundary. The budget increases from R1.3411 billion in 2019/20 to a revised estimate of R1.4 billion in 2022/23. The budget further increases by 42.8 per cent to R2.000 billion in 2023/24. The Buffalo City and the Nelson Mandela Bay Metropolitan municipalities reflects the highest budget allocations as compared to other district and local municipalities due to funds allocated to public entities and head office.

### 7.5 Infrastructure payments

### 7.5.1 Departmental Infrastructure payments

#### Table 9: Summary of departmental infrastructure payments

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Me	dium-term estimates	;	% change from	
R thousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26	2022/23	
Existing infrastructure assets	-	2 700	-					-	_		
Maintenance and repairs Upgrades and additions											
Refurbishment and rehabilitation		2 700									
New infrastructure assets	-	80 008	-	-	-		-	-	-		
Infrastructure transfers	176 789	-	297 484	-	-		384 150	632 000	848 000		
Capital	176 789		297 484				384 150	632 000	848 000		
nfrastructure payments for financial assets	-	-	-	-	-		-	-	-		
Infrastructure leases	-	-	-	-	-		-	-	-		
Non infrastructure	2 670	2 494	2 605	2 823	-		-	-	-		
Total department infrastructure	179 459	85 202	300 089	2 823	-		384 150	632 000	848 000		

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance". This includes non infrastructure items.

Table 9 above shows the summary of infrastructure payment per category from 2019/20 to 2022/23. The budget for infrastructure transfers decreases from R176.789 million in 2019/20 to a revised estimate of R0 in 2022/23 due to the Economic Stimulus Fund projects coming to an end. In 2023/24, budget increases to R384.150 million mainly due to Budget Facility for Infrastructure at CDC.

#### 7.5.2 Maintenance

None

### 7.6 Conditional grants payments

#### 7.6.1 Conditional grants payments

#### Table 10: Summary of departmental conditional grants by grant

	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium	-term estimat	tes	% change from 2022/23
R thousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26

Table 12 show the summary of transfers to public entities. The relationship between the department and its entities is formalised through shareholder compacts and Service Level Agreements (SLAs). The transfers to public entities accounts for 76.2 per cent of the departmental budget for 2023/24.

Expenditure by public entities increased from R880.234 million in 2019/20 to a revised estimate of R916.049 million in 2022/23 due to the allocation of the Economic Stimulus Fund. In 2023/24, the budget increases by 66.4 per cent to R1.524 billion due to funds allocated for Budget Facility for Infrastructure through CDC and further allocations for sustainable economic growth and development at ECDC including the Economic Development Fund, recapitalisation and property modernisation as well as construction of Data Centre in the ELIDZ and further implementation of the Eastern Cape Liquor Act.

### 7.7.2 Transfers to other entities

#### Table 13: Summary of transfers to other entities

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Med	ium-term estimates		% change from 2022/23
Rthousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26	2022/23
LRED Fund	1 780	22 155	8006	15 597	15 597	15 597	14 600	14 600	14 600	(6.4)
Non Profit Institutions	1 427						1 800	1 800		
Total departmental transfers	3 207	22 155	8 006	15 597	15 597	15 597	16 400	16 400	14 600	5.1

Table 13 above provides for all departmental transfers to other entities such as Public Corporations and Private Enterprises and Non-Profit Institutions. Transfers to other entities increased from R3.207 million to the revised estimate of R15.597 million in 2022/23 mainly for Local and Regional Economic Development (LRED) projects. In 2023/24, the budget increases by 5.1 per cent to R16.400 million mainly due to the inflationary adjustments.

#### 7.7.3 Transfers to local government

Table 14: Transfers to local government by category

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Medi	um-term estima	tes	% change
R thousand	2012/13	2013/14	2014/15		2015/16		2016/17	2017/18	2018/19	from 2022/23
Category A										
Category B	17 956	22 918	35 968	24 900	25 400	25 400	22 750	209		(10.4)
Category C										
Unallocated	1 000	1 000	1 000	1 000	1 000	1 000	1 000	20 832	16 765	-
Total departme	18 956	23 918	36 968	25 900	26 400	26 400	23 750	21 041	16 765	(10.0)

Table 14 provides for transfers to municipalities by transfer type and category A, B and C. The transfers to municipalities increased from R18.956 million in 2019/20 to a revised estimate of R26.400 million in 2022/23. In 2023/24, it decreases by 10 per cent to R23.750 million as the department in partnership with local municipalities utilises these funds to create jobs on environmental sector projects mainly through EPWP projects of Waste management and Alien plant eradication.

# 8. Programme description

### 8.1 Programme 1: Administration

**Objectives:** To provide leadership, strategic management, direction, financial and human capital management in accordance with legislation, regulations and policies of the department and its public entities. The Programme is divided into 4 sub-programmes:

- Office of the MEC: To effectively and efficiently manage and direct the activities of the MEC;
- **Office of the HOD**: To manage and direct the departmental transversal administrative programmes that give leadership to the department and effectively maintain an oversight function of the whole department's mandate and function;
- **Financial Management:** To provide an effective financial management function and ensure implementation of the PFMA and other related financial regulations and policies; and
- **Corporate Services:** To ensure adequate provision of institutional capacity through effective human capital management and organisational development interventions.

Tables 15 and 16 above show the summary of payments and estimates per sub-programme and per economic classification from 2019/20 to 2025/26. Expenditure for the programme increased from R225.617 million in 2019/20 to a revised estimate of R234.439 million in 2022/23 due to internal reprioritisation. In 2023/24, it decreases by 2.2 per cent to R229.021 million.

Compensation of Employees increased from R117.238 million in 2019/20 to a revised estimate of R127.117 million in 2022/23. In 2023/24, the budget decreases by 2.2 per cent to R124.366 million due to the attrition posts in relation to the restructuring on the 2018 Organisational Structure on the person to post matching of employees that was not matched to the structure and whereby these posts will not be replaced.

Goods and Services decreased from R93.931 million in 2019/20 to a revised estimate of R87.969 million in 2022/23 due to re-alignment of the available funds towards the support of core programmes. In 2023/24, the budget decreases by 4.3 per cent to R84.162 million due to internal reprioritisation from operating lease to capital expenditure and leave gratuities for retirement of departmental officials.

Transfers and Subsidies decreased from R4.169 million in 2019/20 to a revised estimate of R2.403 million in 2022/23 due to reduction on natural attrition and retirement. In 2023/24, the budget increase by 19.6 per cent to R2.875 million mainly due to funds allocated for early retirement of departmental officials.

Payments for Capital assets increased from R9.972 million in 2019/20 to R16.950 million in the 2022/23 revised estimates due to additional users on the finance lease and relocation to new offices in Bhisho. In 2023/24, the budget slightly increases to R17.618 million or 3.9 per cent due to inflationary adjustments.

# 8.2 Programme 2: Economic Development and Tourism

*Objectives*: Promoting and administering sustainable economic development and job creation. The programme is divided into 5 sub-programmes:

- **Integrated Economic Development Services:** Promotes and supports economic development through shared partnership;
- **Trade and Sector Development:** Stimulates economic growth through industry development, trade and investment promotion;
- **Business Regulation and Governance:** Ensures an enabling socially responsible business environment that allows for predictability;
- **Economic Planning:** Develops provincial economic policies and strategies to achieve and measure sustainable economic development; and
- **Tourism:** Creates an enabling tourism environment through legislation, policy and strategy development as well as create demand and supply for tourism.

Tables 17 and 18 above show the summary of payments and estimates per sub-programme and per economic classification from 2019/20 to 2025/26. The expenditure for the programme decreased from R778.780 million in 2019/20 to the revised estimate of R805.058 million in 2022/23. This is followed by an increase to R1.418 billion or 76.2 per cent in 2023/24 mainly due to funds allocated for Budget Facility for Infrastructure to implement the water effluent project through CDC.

Compensation of Employees increases from R57.902 million in 2019/20 to a revised estimate of R74.576 million in 2022/23 due to filling of the critical vacant posts to strengthen the functional programme performance. The budget decreases by 5.5 per cent to R70.452 million in 2023/24 due to the correction of the baseline for this item.

Goods and Services increases from R11.910 million in 2019/20 to revised estimates of R25.481 million in 2022/23 mainly due the implementation of the informal business support programme operational activities and automation of the departmental systems to improve operations. In 2023/24, the budget decreases by 32.8 per cent to R17.122 million due to the once off implementation of informal business support programme and departmental systems automation in 2022/23.

Transfers and Subsidies decreases from R708.968 million in 2019/20 to a revised estimate of R705.001 million in 2022/23. In 2023/24, the budget increases by 88.8 per cent to R1.330 billion. This is due to mainly funds allocated for Budget Facility for Infrastructure to implement the water effluent project through CDC and further allocations for sustainable economic growth and development at ECDC including the Economic Development Fund, recapitalisation and property modernisation as well as refurbishment of Data Centre in the ELIDZ and further implementation of the Eastern Cape Liquor Act.

Payment for Capital Assets decreases from R7.765 million in 2020/21 to no allocations in 2022/23 and over 2023 MTEF due to the completion of the CDC social infrastructure projects.

### 8.2.1 Service delivery measures

#### Table 19: Selected service delivery measures for programme: P2 - Environmental Affairs

	Estimated performance	Me	dium-term estimates	
Programme performance measures	2022/23	2023/24	2024/25	2025/26
Number of sustainable energy initiatives facilitated	4	4	4	4
Number of manufacturing initiatives facilitated	5	5	5	5
Number of agro-processing initiatives facilitated	3	4	4	4
Number of policies reviewed	1	1	1	1
Number of socio-economic intelligence reports produced	5	5	5	5
Number of SMMEs supported	70	70	70	70
Number of qualifying economic development projects funded at local and regional levels	11	11	11	11
Number of cooperatives provided with non-financial support	120	130	150	150
Number of business incubation programmes supported	2	2	2	2
Number of projects supported by the Provincial Economic Stimulus Fund	—			
Value of funds spent on the Jobs Fund	R9 million	R9 million	R9 million	R9 million
Procurement spend on businesses owned by women, youth and people with disabilities	W: R620 000 Y: R580 000 D: R320 000	Y: R580 000	W: R620 000 Y: R580 000 D: R320 000	W: R620 000 Y: R580 000 D: R320 000

Value of tourism infrastructure upgrade in the ECPTA Nature Reserves (Economic Stimulus Fund)				
Status report on implementation of tourism sector policies / strategies	2	2	2	2
Number of people trained	13 300	13 300	13 300	13 300
Number of consumer education programmes implemented24	6	6	6	6

The department's plans to increase the number of cooperatives funded in 2021/22, and to maintain support to different sectors (sustainable energy, manufacturing and agro-processing) in the economy.

### 8.3 Programme 3: Environmental Affairs

**Objectives**: Administers environmental policies that are cascaded from national level in line with the mandate of the department. It regulates environmental management through instruments such as the environmental impact assessments, compliance and enforcement, air quality, waste and biodiversity management tools. The programme is divided into 5 sub-programmes:

- **Environmental Policy, Planning and Coordination:** Ensure the integration of environment objectives in national, provincial and local government planning, including provincial growth and development strategies, and local economic developments plans and integrated plans;
- **Compliance and Enforcement:** Ensure that environmental compliance monitoring systems are established and implemented and ensure the enforcement of legislation and environment authorisations;
- **Environmental Quality Management:** Establish legislation, policies, norms, standards and guidelines for environmental impact management, air quality management and management of waste and pollution at provincial and local sphere of government;
- **Biodiversity Management:** Promote equitable and sustainable use of ecosystem goods and services to contribute to economic development, by managing biodiversity, and its components, processes, habitats and functions as well as effectively mitigate threats to biodiversity; and
- **Environmental Empowerment Services:** Empower and capacitate external stakeholders of the department to meaningfully participate in and contribute to effective environmental management.

Tables 20 and 21 above show the summary of payments and estimates per sub-programme and per economic classification from 2019/20 to 2025/26. The expenditure for the programme increased from R336.714 million in 2019/20 to the revised estimate of R361.388 million in 2022/23 due to reprioritisation for the environmental management EPWP projects such as Waste Management, Waste Greening and Cleaning and Alien plants eradication. This is followed by 2.2 per cent reduction to R353.345 million in 2023/24.

Compensation of Employees increased from R87.823 million in 2019/20 to a revised estimate of R97.425 million in 2022/23 due to the filling of posts for environmental and law enforcement officers. In 2023/24, the budget increases by 5.6 per cent to R102.919 million due to the filling of critical vacant posts and the ICS inflationary adjustment.

Goods and Services decreased from R12.370 million in 2019/20 to a revised estimate of R10.868 million in 2022/23 due to internal reprioritisation for environmental awareness and education of non-profit institutions. In 2023/24, the budget increases by 56.7 per cent to R17.026 million due the implementation of the climate change projects and development of the plans for Wetlands programmes.

Transfers and Subsidies increased from R236.521 million in 2019/20 to R253.045 million in the 2022/23 revised estimates due to the allocation for biodiversity and conservation at the ECPTA. In 2023/24, the budget decreases by 7.8 per cent to R233.400 million due to the once off allocation for biodiversity and conservation as well as internal reprioritisation.

Payment for Capital assets expenditure decreased from R78 thousand in 2020/21 to a revised estimate of R50 thousand in 2022/23 due to the once off allocation for the animal cages in 2022/23.

### 8.3.1 Service delivery measures

#### Table 22: Selected service delivery measures for the programme: P3 - Environmental Affairs

	Estimated performance	Me	edium-term estimates	
Programme performance measures	2022/23	2023/24	2024/25	2025/26
Number of climate change response interventions implemented	1	1	1	1
Number of government-owned ambient air quality monitoring stations meeting minimum data requirements	1	3	3	3
Compliance with Annual Ambient Air Quality Standards	NAQI less than 1	NAQI less than 1	NAQI less than 1	NAQI less than 1
% of complete Atmospheric Emission Licenses issued within legislated timeframes	1	1	1	1
Number of compliance inspections conducted	90	92	92	92
Number of administrative enforcement notices issued for non-compliance with environmental management legislation	77	80	80	80
Number of completed criminalinvestigations handed to the NPA for prosecution	57	56	56	56
% of complete EIA applications finalized within legislated timeframes	1	1	1	1
% of complete Waste License applications finalised within legislated time-frames	1	1	1	1
% increase in volume of waste recycled	4.2%	4.2%	4.2	4.2
Number of legislated tools developed	2	2	2	2
Number of inter-governmental sector programmes implemented	1	1	1	1
Number of environmental research projects completed	2	2	2	2
Number of functional environmental information management systems maintained	_			
Percentage of complete biodiversity management permits issued within legislated timeframes.	1	1	1	1
Number of work opportunities created through environmental public employment programmes	550	600	750	750
Number of environmental awareness activities conducted	24	24	24	24
Number of environmental capacity building activities conducted	24	24	24	24
Number of Coastal projects developed	1	1	1	1

The department's performance is measured through enforcing environmental legislation and the issuing of permits within legislated timeframes.

# 9. Other programme information

### 9.1 Personnel numbers and costs by component

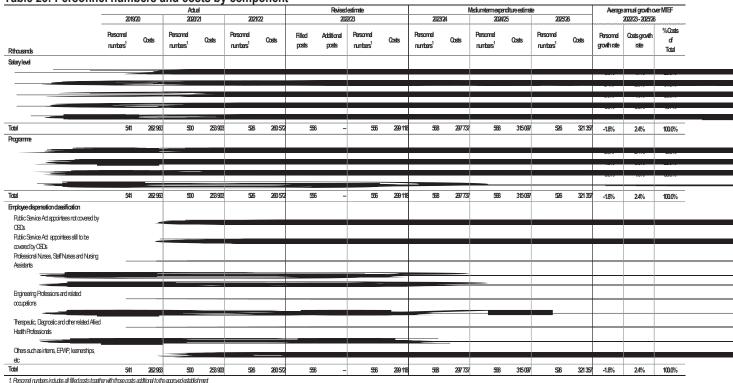

Table 23 shows personnel numbers and cost by programme and component for the 2023 MTEF period. Number of personnel numbers increased slightly from 541 in 2019/20 to a revised estimates of 556 in 2022/23. In 2023/24, the personnel number is projecting to increase to 568 as the department is focussing on increasing the numbers to improve service delivery.

# 9.2 Training

#### Table 24: Information on training

		Outcome		Main appropriation	Adjusted appropriation	Revised estimate	Medi	um-term estimates		% change from
R thousand	2019/20	2020/21	2021/22		2022/23		2023/24	2024/25	2025/26	2022/23

Payments on training by programme										
1. Administration	1 758	1 190	1 646	2 002	2 102	2 102	2 002	2 081	1 352	(4.8)
										=
Total na monto on training	4 750	1 100	1 646	2.002	2 402	2 402	2.002	2.091	4 253	(4.9)
Total payments on training	1 758	1 190	1 646	2 002	2 102	2 102	2 002	2 081	1 352	(4.8)

Payments on training are centralised in Programme 1. Table 24 above reflects an increasing trend from R1.758 million in 2019/20 to a revised estimate of R2.102 million in 2022/23 due skills developed linked to the staff placements to other sections. In 2023/24, the budget decreases by 4.8 per cent to R2.002 million due to budget reprioritisation.
