# Provincial Budgets: 2015/16 Financial Year Fourth Quarter Year to Date Provincial Budgets and Expenditure Report (Preliminary Outcome)

# SUMMARY

- Published by the National Treasury in terms of Section 32 of the Public Finance Management Act (PFMA), the fourth quarter provincial budget statement of receipts and payments is the first estimate of spending outcomes for the 2015/16 financial year (1 April 2015 to 31 March 2016). The statement is available on the treasury website (www.treasury.gov.za). These figures may be revised as provincial departments have until 31 May 2016 to finalise (and reconcile) their financial statements before they are submitted to the provincial Auditors-General.
- 2. The information in the statement comes from the Section 40(4) PFMA reports submitted by heads of provincial departments to provincial treasuries, who, in turn, submitted the information to the National Treasury. Queries on spending or budget numbers should therefore, in the first instance, be referred to the head of the relevant provincial department, and in the second instance to the head of the relevant provincial treasury. Queries on conditional grants may be referred to the head of the administering national department.
- 3. The budgeted figures take account of revisions effected in the 2015 Adjusted Estimates of Provincial Revenue and Expenditure by provinces, which were presented to their provincial legislatures during November 2015. The adjustments include R3.6 billion allocated to provinces (R3.8 billion to the provincial equitable share (Improvement in Conditions of Service (ICS)) and additions/conversions/reductions of a negative R217.3 million, in aggregate, to conditional grants) through the Adjustments Appropriation Bill, 2015 and Division of Revenue Amendment Bill, 2015.
- 4. The approved additional adjustments to provinces were gazetted on 26 February 2016 as part of the *Division of Revenue Amendment Act, 2015* and these additional transfers were taken up in the *2015 Adjusted Estimates of Provincial Revenue and Expenditure* by provinces in terms of Section 31(2) of the PFMA.
- 5. Two additional gazettes were published on 26 February 2016 and 7 March 2016 in terms of Section 20 of the *Division of Revenue Act, 2015*, as amended. These gazettes revised the allocations of the Education Infrastructure grant as well as a combined gazette for the Human Settlements Development grant and the Substance Abuse Treatment grant between provinces.
- 6. These allocations and others were tabled in second adjusted budgets during March 2016. All provinces except Mpumalanga have tabled a second adjusted budget.

- 7. In addition to the national adjustments, provinces increased their main budgets by R7.1 billion. The provincial adjustments consist mainly of unspent conditional grants not surrendered to the National Revenue Fund and other funds surrendered to the respective Provincial Revenue Funds in respect of the 2014/15 financial year. In light of the above, in aggregate, provinces increased their main budgets (expenditure side) by R10.7 billion with the bulk to health (R4.3 billion); education (R2.9 billion); and public works, roads and transport (R1.1 billion).
- 8. In aggregate, provinces increased their compensation of employees' main budget by R854.8 million; goods and services main budget revised upwards by R4.3 billion; and transfers and subsidies main budget increased by R4.2 billion.
- 9. Payments for capital assets' main budget have been revised upwards by R1.4 billion. However, under expenditure in respect of capital amounted to R2.1 billion in five provinces for the 2014/15 financial year. Currently, the preliminary outcome on capital expenditure shows an under expenditure of R1.7 billion in six provinces.
