

**NATIONAL ASSEMBLY**  
**QUESTIONS FOR WRITTEN REPLY**  
**QUESTION NUMBER: 649 [NW859E]**  
**DATE OF PUBLICATION: 06 SEPTEMBER 2024**

**649. Mr S Thambo (EFF) to ask the Minister of Finance:**

What steps has the National Treasury taken to ensure compliance by (a) private security companies and (b) municipalities with Section 13A of the Pension Funds Act, Act 24 of 1956, which obligates the specified entities to make the statutory payments (details furnished)?

NW859E

**REPLY:**

The Financial Sector Conduct Authority (FSCA), in its regulatory capacity, has implemented several measures to ensure compliance with Section 13A of the Pension Funds Act, Act 24 of 1956 (PFA), which requires that contributions deducted from employees' salaries be fully paid to the registered retirement fund within seven days after the end of the month in which they were deducted. It also places an obligation on the Board of Trustees of retirement funds to notify employers of their duties, obligations, and liabilities under the PFA, and in the event of a contravention, to inform both the employer and the members of the contravention. The key steps that the FSCA has taken include:

**1. FSCA Conduct Standard 1 of 2022**

In August 2022, the FSCA published a Conduct Standard, outlining the specific requirements related to pension fund contribution payments by employers, as prescribed under Section 13A of the PFA and the Financial Sector Regulation Act of 2017. The standard enforces the following:

- Employers must provide regular, detailed contribution statements for each member.
- Boards of trustees are responsible for monitoring the timely payment of contributions and must take action against employers in cases of non-compliance.
- Trustees are required to report material contraventions to the FSCA and escalate unresolved cases, particularly those exceeding 90 days in arrears, to the South African Police Service (SAPS).
- The standard also requires the application of compound interest on late payments and allows the outsourcing of arrear collections to legal firms.

**2. Public disclosure of defaulting employers**

To increase transparency and public accountability, the FSCA has published two communications listing the names of defaulting employers. The first communication ([FSCA Communication 21 of 2023](#)) was published on 1 September 2023, and the second ([FSCA](#)

[Communication 10 of 2024](#)) was published on 26 March 2024. A list of private security companies and municipalities, reported as of 31 July 2023 and published in FSCA Communication 10 of 2024, is enclosed with this response. This measure aims to put pressure on non-compliant employers, including private security companies and municipalities, to meet their obligations. As a result, following the publication of the names of defaulting employers, some employers took steps to clear their arrears. In addition, funds have entered into settlement arrangements with defaulters, filed complaints with the Pension Fund Adjudicator, and, in some cases, initiated legal proceedings, including court orders and the opening of criminal cases with SAPS.

These measures collectively aim to ensure improved compliance with Section 13A of the PFA, providing mechanisms for timely contribution payments, transparency through public disclosure, and regulatory enforcement in cases of non-compliance.
