HUMAN RESOURCE SPECIALIST TO CONDUCT AN ORGANISATIONAL FUNCTIONAL ASSESSMENT

1. BACKGROUND

Human resources as an input, is one key component in government business. It determines the extent of service delivery that governments world-over can achieve. And in most cases, it is also the single largest budget-line item in the fiscal framework. One of the key goals of government is to ensure that there is sufficient value for money on human resources expenditure. In KwaZulu-Natal Province for example, there is a lack of sufficient data indicating the productivity levels of civil servants in line with the human resources expenditure. There seems to be a need for more appreciation of the importance of HR budget analysis given the recently implemented improvements in the conditions of service and annual wage demands.

The absence of proper HR analysis is a contributing factor to the financial difficulties experienced by a number of provinces; KwaZulu-Natal Province is a case in point. As we speak, the budget pressure in the province on compensation of employees (only educators) let alone other civil servants amounted to over R1.5 billion in 2011/12 and the pressure continues in the current financial year. This is precisely as a result of poor HR cost analysis, especially when policies on remuneration are implemented.

There are also issues of structural misalignment when superimposed with the core mandate/functions of departments including misplacement of personnel (warm bodies). This challenge has the effect of compromising service delivery. The Department of Public Service and Administration (DPSA) is mandated to ensure efficient and effective management of organisational structures and remuneration budgets across the public service. In addition to the efforts of the DPSA an intervention is required to conduct a thorough analysis of the human resources productivity levels and expenditure in the Department of Health and Education in the KwaZulu-Natal Provincial Administration.

2. PURPOSE

The purpose of this assignment is to assist the KwaZulu-Natal Provincial Treasury as the custodian of the fiscus to be able to budget properly for Human Resources across the province and ensure that an analysis of financial implications are conducted before remuneration policies are revised. The objective of this exercise is twofold:

- a) Determine the extent to which departmental personnel structures are aligned with core mandates, and recommend corrective interventions where necessary; and,
- b) To evaluate whether the remuneration of public service officials is in line with productivity expectations at salary level employed and performance targets as set in the Annual Performance Plans.

For objective (a) there are existing indicators from DPSA, sectoral act and plans including norms and standards as determined national departments of the respective departments. The second objective can be measured using the productivity indexes for objective (a).

2.1. Scope of work

The service provider is expected to undertake the following activities in the execution of the assignment:

- Review the two departments (Education and Health) organisational and functional structures, and staff establishment to determine the extent of alignment to departmental mandate.
- Conduct an analysis of HR budgeting and remuneration practices, policies and systems,
- Conduct an analysis of personnel numbers in the staff establishment,
- Conduct an analysis of work done by professional service providers,
- Conduct an HR benchmarking exercise with other provinces,
- Benchmark HR processes, systems and practices with relevant international best-practice,
- Conduct an analysis of wage increases and determine whether these are commensurate with productivity,
- Produce comprehensive reports with detailed recommendation on all of the above.

Stakeholders who will be involved in this project will include the National Treasury and all HR practitioners in two departments. In the Provincial Treasury, the expert will work closely with budget analysts for the said departments in the Public Finance unit. Although organised labour is one of the key stakeholders, the expert will not be required to engage organised labour since this will be done by the departments.

2.2. Required outputs

The output (deliverables) of this assignment will comprise of a comprehensive report covering all the items listed under "scope of work" sub-heading. The report must have concrete recommendations that will have to be endorsed by Provincial Cabinet to ensure sustained implementation of recommendations that will be made. The National Treasury, jointly with the Office of the Premier in the KZN province will ensure that the recommendations are implemented and monitored on a monthly basis as part of budget monitoring process.

3. EXPERTISE REQUIRED

Experience of 10 or more years is required in organisational design or work-study; team members should have worked for or had contract with the public service to. Knowledge and experience of HR management systems in the public service is a prerequisite. Experience and understanding of the public service regulatory framework as published by DPSA is a key requirement. Proven experience in organisational design and remuneration in the public service is an essential requirement.

4. DURATION AND LOCATION

The expert will have a maximum of 4 months to complete this assignment. The assignment will be executed in KwaZulu-Natal (South Africa) at the [Provincial Treasury office (145 Commercial Road, Pietermaritzburg)]. Head offices of the 2 provincial departments are in Pietermaritzburg.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10.
